### Hunting ban hearing slated for section five

Canton residents living in section five of bounded by Warren, Ridge and Napier, is be passed by the township board. the township will have a chance to air their views March 24 on why hunting should be banned in the one-square mile section bounded by Joy, Ridge, Warren

The Hunting Area Control Committee. composed of one member from the DNR. the county sheriff, the state police and the township board, will hold the hearing in township hall starting at 7 p.m.

An earlier attempt by residents to get hunting banned in section five met with failure several years ago.

Currently, 1912 of the 36 one-mile square sections in Canton are off limits to hunt-

All land east of Canton Center, the Centennial Education Park site and land in the southern half of section six, a region

closed to hunting.

TOWNSHIPS, unlike cities, cannot control hunting through firearms regulation, and must rely on a long and complicated process to ban hunting.

Final jurisdiction on the matter lies with the state Joint Administrative Rules Committee. a legislative body composed of three state senators and five representa-

The rules committee acts on a recommendation by the Hunting Area Control Committee which must be approved by the township board

If the rules committee approves the recommendation, it must be verified by the attorney general's office. Before the ban can be instituted, an identical ordinance must

BRUCE ANDREWS, DNR conservation law executive says the process takes at least six months and can be considerably longer, if the recommendation is stalled at any stage of the process.

Residents in western portions of Plymouth Township attempting to get hunting banned west of Beck made little progress recently, when it was ruled that while hunting would be banned in certain portions of the area they requested, other areas in the township previously closed to hunting would be reopened

Residents asking for the ban had to wait nearly a year for the compromise solution. but the final answer from the joint rules committee has not been made.

Delinquent taxpayers got a break Tuesday night when the Canton board of trustees agreed to extend the property tax deadline from Feb. 14 to March 1.

Late tax bills can be submitted at the township hall up to that date, but after March 1, all taxes must be paid to Wayne

Payment before March 1 can be made in person at the township hall, by mail, or at one of six local banks.

They are Wayne Bank, Detroit Bank and Trust, Bank of the Commonwealth, National Bank of Detroit, Security Bank or Stand-

ard Federal Savings and Loan. Checks should be made out to Carl Parsell. Treasurer, and mailed to him at 44508 Geddes Road, Belleville, 48111.

After the new deadline, all payments must be sent to Louis H. Funk, Wayne County Treasurer, 208 City-County Building Detroit 48184.

All late bills will be subject to a three per cent penalty fee and one per cent per month thereafter.

PARSELL REMINDS all residents filling out federal income tax forms to make sure they fill in the portion on the 1040 or 1040A form requesting to know in what county and township they live.

The information is requested by the Census Bureau and used to determine how much federal revenue sharing money the township gets in 1976.

According to the Census Bureau, many citizens are confused as to where they live because of the several levels of local government, and because many areas, like Canton, are serviced by several post office

Parsell said regardless of what zip code and mailing designation township residents have, they should make sure to place the name Canton in the appropriate box. The box is located on the front of both the 1040 and 1040A form near the top of the

### Taxes to rise 12 per cent in 1976

### County announces factor increase

Watch for your tax bills to increase by 12 to 17 per cent in 1976.

City and township officials in the Plymouth-Canton area have received notice from Wayne County that property taxes will be increased because local assessments haven't kept pace with inflation

in the real estate market. This means the property taxes in the City of Plymouth and Canton Township will increase by 12 per cent and by 17 per

cent in Plymouth Township. The county will increase all taxable properties in this area by that amount-as required by the Michigan constitutionunless local units reassess.

Officials from Plymouth, Canton and Plymouth Townships all agree they will study conducting a local re-assessment in the future, but won't in 1976.

THUS, the county will apply its equalization multipliers against all real property to raise the tax bases to a level equal to

50 per cent of the true market value. This factor, because it is approved finally by the state, is applied to all property values and is known as the State Equal-

ized Valuation (SEV) factor. If a local municipality assesses its property at 50 per cent of true market value, the SEV multiplier is 1.00 and the local tax base remains unchanged.

The Wayne County Bureau of Taxation

has set a tentative equilization factor of •1.12 for Canton, 1.17 for plymouth Township and 1.12 for the City of Plymouth.

THE COUNTY arrives at the "true market value" by sampling real estate sales transactions for a three-year period, and uses this average sales index as the vard-

stick to test local assessments.

According to the county's figures. Plymouth Township's factor is higher because its local assessments are furthest from the 50 per cent level.

The figures released by Clarence A. Hicks Jr., director of the county bureau of taxation, show that Plymouth Township is assessed locally at 42.96 per cent of true market value. Canton at 44.81 per cent.

and the City of Plymouth at 44.65 For both townships, local property assessments are conducted by the county bureau of taxation. The city's assessing is done by its treasurer, Kenneth Way.

THE CITY is contemplating at least some re-assessments in 1977, but not this

We have been working with Wayne County and are considering re-assessment to bring our factor back to 1.00. We will be studying where the problems are and how best to correct them."

The last time the city re-assessed its

property was in 1973. For 1973 and 1974 the city had an SEV facor of 1.00, but inflation caught up last year, and the city received a factor of 1.06. "Normally, a complete reassessment will keep the factor at 1.00 for three years. This time, our factor only lasted two years which indicates how inflation affects our real property values much fas-

BARBARA PRAY, who handles assessment matters for Plymouth Township, said she was pretty sure there would be no local reassessments in 1976.

"We will be taking a look at re-assessing in the future, but won't this' year." she added. Plymouth Township had its last local re-assessment about four years ago.

Canton Supervisor Robert Greenstein said he had asked Hicks for a re-assessment in Canton, to avoid the factor, but was told the taxation bureau couldn't handle the task for three to five years because of county budget cutbacks.

"As the factor keeps going up, it is quitepossible the real estate market value isn't going up as quickly and so that's why we wanted the re-assessment. I suspect the valuations might come out lower, at least for some taxpayers, if a complete assessment of the township was conducted."

IF THE TENTATIVE multipliers are the final factors approved, taxes are likely to

increase for all residents, businessmen and industrialists. Any governmental unit always has the

option of lowering its millage rate in proportion to the increase in the SEV factor so taxes collected will remain stable. Most governments don't, however, because the SEV increase produces additional revenue to keep pace with its rising operating ex-

The SEV hikes also mean additional revenue for the school district, although not in direct proportion because state aid is reduced as local tax wealth increases.

For the school districti the most significant is Plymouth Township's factor of 1.17 because the township constributes more tax revenue to the schools than Canton Township or the City of Plymouth.

City of Plymouth residents will first notice the increas in tax monies paid out when tax bills arrive in June. For township residents, the effect won't be felt until

December. In Wayne County this year, the only municipalities with a multiplier of 1.00 were Harper Woods and Highland Park. The highest factors applied were against: Brownstown Township. 2.70; Huron Township, 2.84; Redford Township, 2.54; Van Buren Township, 2.25; Dearborn, 2.36; Belleville, 2.27; Dearborn Heights, 2.80; Livonia, 2.20, Romulus, 2.26; and Southgate, P.

### Past & Present

Sam Hudson, author of Plymouth Past and Present, autographs the latest copy of his local history during the "sneak preview" of the Plymouth Historical Museum when the Historical Society held its monthly meeting Thursday night. ### MASTER LAND-USE PLAN: PART 4 Hotaling endorses plan

fourth and final installment of the Canton Observer & Eccentric's series on the new proposed master land use plan. It features an interview with Michigan State professor of planning Robert Hotaling.

By RICHARD GOLD

Canton township has a solid future-at least that's what Michigan State professor Robert Hotaling says. An expert in regional and urban plan-

ning with a history of 33 years in the field, Hotaling was commissioned by the town-

Editor's note: The following story is the \_ship board to evaluate the proposed master land use plan-a plan he finds satisfactory in most areas.

Hotaling submitted his report to the board and planning commission in early January, laying out "the legal and policy framework to support the plan. "I pointed out where the plan was taking

them and explained what should be done to make sure they are on sound ground legislatively, financially and adminis-Hotaling said. tratively," "With the influence of the Plymouth

name, Ford Road, Michigan Avenue, I-275, and M14 in the north, Canton seems assured of a good future with a fair share of the residential, commercial and industrial growth in the area. "The access to a metropolitan economy

is the key to any township's economic future, and Canton has the necessary access to give it a continual shot in the arm. It's an attractive area. WHILE HOTALING sees a bright future

for the township, he attributes some of that optimism to good planning-planning he says that separates urban growth from rural development.

"The problem has been urban sprawl," Hotaling explained. "Land in the eastern half of Canton has been capitalized. Subdivisions have been built and sewer and water has been installed. But areas have been skipped over and the pressure to build in the west has been started pre-

"There's still enough land in the east to

build on for 20 years. Hopefully, with good planning, the capitalization (sewer and water) will be paid off before any more pressure is put on the west."

According to Hotaling, development patterns, unchecked, result in a haphazard building patterns, where land is wasted. Lots in developed areas go unused as the push continues westward. It results, he says, in "depressed areas."

"With the land not used properly, you get depressed service levels. Development is unevenly spread, and the result is that it costs more to provide municipal services. "That's why you have the competition

PROF. ROBERT HOTALING

for real estate tax base, the demand for industry and commercial. "With more efficient planning, less dis-

persed development patterns and more ef-

### Chamber elects new board

Five incumbents and one new officer were elected to the Canton Chamber of Commerce board of directors last week.

Incumbents re-elected for three year terms were President Bart Berg, Alfred Daly, Mary Perna, Bill Brown and Eldon

Elected to fill two one-year unexpired terms were Arnie Williams, an incumbent, and Norman Frick.

The first meeting for the new board of di-

rectors will be held Feb. 18 in the Hillside Inn in Plymouth at 6:30 p.m.

At that time, the board will vote to fill the offices of president, first and second vice presidents, secretary and treasurer.

Elected officers will begin their terms in March at the annual meeting of the cham-

For the first time in its history, the chamber will have a full-time employe, because of \$8,000 in federal grant money received through the Comprehensive Employment Training Act (CETA) this year.

It's the hope of president Berg that the \$8,000 will help free enough chamber money to hire a part-time executive director to help chamber/ members with any problems and attract new membership.

Berg said he expected a big year for the chamber with membership rising dramatically if an executive director is hired.

"We're looking for a retired man, experienced in this field," said Berg.

The play, "Let's Go! Movin' On," will be presented to six schools in the Plymouth Community School District withn a three-month period

The drama has been performed by the Little Theatre of the Young of Eastern Michigan University for Farrand and Smith elementary schools.

This month the performance will be put on for Central and Tanger elementaries and in March for Miller and Bird elementary schools.

EACH YEAR thousands of youngsters in southeastern Michigan are entertained by the Little Theatre of the Young (TOY).

Last year. four traveling companies of TOY gave 105 performances, reaching out to 20,060 in audiences ranging in age from pre-school through college for schools, hospitals. libraries and professional organizations in 60 locations.

TOY's purposes include introduction of the arts to new audiences at all levels by bringing live theatre into the center of the school environment, experimentation with innovative forms of drama to heighten audience involvement and to reach and serve disadvantaged areas-both rural and

"Let's Go! Movin' On" uses stories. music and movement from America's folklore to celebrate the bicentennial.

Language and movement are used extensively to "penetrate the minds and hearts of children-this time with a Cherokee Indian tale, an Alaskan story, a tall tale of Pecos Bill and more." says Virginia Koste, director of EMU's dramatic arts for children program.

THE MANY performances are made possible, in part, by a grant from the Michigan Council for the Arts. Schools or other organizations are requested to pay \$60 to nelp the group meet expenses.

Because of demand, the Little Theatre of the Young recently decided to extend its touring season into April, but many requests still will have to be denied, adds Ms. Koste.

Ms. Koste, who joined the speech and dramatic arts faculty about 14 years ago. earned a bachelor's degree from Vasser College in drama and child study and a master's degree in theatre from Wayne State Uniersity.

### TCP hosts land use plan hearing

residents gathered Thursday night at a Total Citizen's Power hearing on the proposed master land use plan to prepare a duestion bank" on the plan.

The meeting, held in the Plymouth Can. ton High School cafetorium, was hosted by TCP officers Bruce Young and Frank McMurray and featured a short presentation on the plan by planning commission chairman Robert Miller.

"What we wanted to do." explained Young, "was prepare a master list of questions on the plan. We want to compile a complete log of questions which we will forward to the planning commission for an-

Young said he hoped TCP, an apolitical. nonprofit township organization, could pro-

vide a second forum on the plan to answer the questions raised Thrusday night. Residents attending Thursday night's forum, the first ever conducted by TCP.

raised several questions on the legality of the plan, particularly about the new agricultural-industrial district. According to the plan, large tracts of

land in the western portion of the township will be zoned as agricultural-industrial for commercial farming and taxes on the land will be reduced in some instances by more than 50 per cent.

RESIDENTS ATTENDING the meeting wanted to know how that would affect

ficient capitalization, you don't need as

While Hotaling says the concepts to pre-

vent urban sprawl from wasting land have

been around for "40 or 50 years" he consid-

ers Canton's plan a pioneer in the field of

WHAT'S SO unusual about the plan, is

that it has taken so long for someone to do it this way. Very few people have the politi-

cal guts and are willing to carry out the

true meaning of good planning and land

most advanced form.

the right direction.

Think Canton is the first to do it in its

Hotaling said somewhat similar plans aimed at "the orderly withdrawal of rural

land" had been attempted elsewhere, particularly in Hawaii, California and Oregon

but that in Michigan it was a first.

'Michigan is a very institutionalized

state, and this move represents a step in

Although Hotaling agrees with the basics

"I'm no lawyer." he commented. "but

the court system has consistently ducked

the issue of broad comprehensive plan-What they have looked for under the constitution is loss of property rights and whether compensation or rezoning is needed.

"But they haven't commented on zoning

The main thing is whether or not thorthe planning and zoning for the public

health, safety and welfare is of greater

property rights.
THAT'S THE one question that has

never been answered in this state and in

that light. If the courts rule one way or the

other, it will totally validate or invalidate

all the legislation on the books for local

and land use planning."

Hotaling said he expected one suit would

provide the answers.

much taxbase to provide services."

A small but interested crowd of Canton their taxes, and whether they would have to subsidize the farming interests in the community.

Others were concerned that the down zoning of property along Canton Center between Ford and Warren from commercial to residential uses would result in substantial financial losses for people holding

Bart Berg, chamber president and last charter member of the planning commission was in the audience, and he agreed that if the plan is to be implemented, safeguards must be established to prevent financial loss for property owners-although he was quick to point out that he was not concerned about speculators, but rather, residents who have owned land in the township for years.

Other residents were concerned that sewers would not be extended to the western parts of the township, keeping the value of their land low, while some residents voiced concern over the lack of north-south roads in the township.

One resident wanted to know how the agricultural-industrial classification would affect land zoned for farming, but not held by farmers and land currently not being farmed.

An official public hearing on the plan, directed by the planning commission will be held March 1 at 7:30 in Plymouth Salem High School auditorium.

Hotaling endorses plan

Canton's plan. Hotaling backed the plan.

### Capture 10 medals

### Local skaters ice Fraser meet

When Dorothy Hamill captured the Olympic gold medal last Friday, her dream of attaining the zenith of success in women's figure skating was finally realized. Miss Hamill's success also was shared

by a growing number of figure skating enthusiasts throughout the country. Besides skiing, figure skating is one of the fastest growing winter leisure activi-

ties in the United States. The Plymouth Department of Parks and Recreation is an example of the blooming

interest in figure skating. Carol Holcomb, director of the parks and recreation skating program, supervises the ice skating activity at the

Plymouth Community Cultural Center. 'We have over 1,000 persons enrolled in figure skating classes that range from beginners to advanced freestyle to ice dancshe said.

OF THE SKATERS who take instruction at the center; those who wish to compete may join the Plymouth Figure Skating Club (PFSC), after they pass through seven phases of skating instruction.

We have four regular instructors and four professionals who coach those competing members of the PFSC. you have to have some experience to join the PFSC because the professionals work with those skaters who want to prepare for com-

petition," said Mrs. Holcomb. The program teaches skaters the basics. and prepares them for competition as a feeder system to the PFSC, if those skaters choose to meet the financial responsibilities and the unending hours of early morning practice.

The program has grown since its inception in December 1972. One major reason for increasing interest in skating is the wide range of age groups that actively par-

SKATERS INCLUDE three-year-old toddlers just learning how to stand on the slippery rink, as well as 65-year-old "youngsters" heading out onto the ice for a few spritely laps at the center.

### READERS' FORUM

Our sincere thanks to your paper for the excellent coverage of the first meeting of the Fieldbrook Mental Health Association on Jan. 29, in the city hall in Livonia.

The story was accurate and expressed clearly the intent of the meeting and the very real need in our community for such an association.

There was one sentence which needs clarification, however, and it is a tricky term out of mental health jargon. A "consumer" is any citizen in the community who is not earning a living (directly, or through a spouse) or deriving more than 10 per cent income from working in any

area of mental health. In other words, a "provider" would be a doctor, psychologist, nurse, social worker, agency administrator, pharmacist, or even a drug salesman or employee of a drug companyeveryone else in a community would be considered a "consumer."

We welcome any citizen in our community to join us in the effort to improve mental health services for children and adults. Our steering committee is at work now and the date of the next general meeting

will be announced shortly. Again, thanks for your fine story. MARGARET A. CHÁVEY

### She's out getting the vote

If there were more election campaigners like Enid Chisholm, millage proposals would breeze their way to passage.

voters of the need for more money for district schools.

According to pollsters and politicians, senior citizens are not even supposed to vote in favor of increased millage, let

alone campaign for it. After all, they say, it's not in the best self-interest of the senior citizens to support millage because the elderly's children have all grown up and moved away from home and they have no reason to want better schools, since they no longer have chil-

dren who will use them. But Mrs. Chisholm would argue with that theory

"I think it behooves every citizen to vote for millage." she says. "If they're good citizens, they'll vote for it regardless." Why should a senior citizen, like Mrs.

Chisholm, vote in favor of millage? "Be-

cause good schools help everybody and make it a better community." says Mrs. Chisholm

"I've always been interested in education," she says.

She has been a Wayne-Westland area resident for 50 years and she has never missed an election. She voted for the recently defeated attempt to pass new millage for school renovations and repairs: The proposal went down to defeat in De-

But she's more optimistic about the chances of voters passing the upcoming renewal proposal March 1

The proposal would provide 21 operating mills for the district for five years, repre-

### groups endorse W millage bid

Both the Wayne-Westland Area Council PTA and the Wayne-Westland Democratic Club have offered their support to the Wayne-Westland School District's millage election slated for March 1.

Both groups cited reduced educational programs if the 21 mill renewal failed.

Area council president Joan Moranty emphasized the election will ask for a millage renewal and not a new tax rate.

"Those of us close to the action at the schools can attest to the belt-tighteningand economizing that has gone into effect to balance this year's budget." Mrs. Moranty said.

"Without really hurting our program and therefore our kids, there is no way to operate on less millage.

These are tough economic times as our family budgets certainly indicate. However we have worked hard and we have sacrificed to make this school district what it is. Wayne-Westland as a community has placed a high priority on the education of our kids. We can't let them down

Mrs. Moranty cautioned that a millage rejection could lead to the laying off of close to 900 employes.

"Our executive board was most concerned by the snowballing financial obligation the district would incur if 900 employes were laid off,";she said. "Along with the disastrous effect on our school programs, the district, because of recent legislation, would have to reimburse the state for the amount paid to these people in unemployment compensation.

"This would result in an additional deficit of \$4 million out of the 1977-78 budget."

RON BLACKBURN, Wayne-Westland Democratic Club cited education as "the most important reason that people move into our community.

"Half days of school with no sports or or her after school activities educational program and allows too much free time-that's when kids find trouble."

### Tennis fans to see stars in tournament

By PAUL NATKE

The printing jumps from the page in every Virginia Slims advertisement: You've come a long way, baby.

Indeed the Virginia Slims Circuit and the Women's Tennis Association has come a long way from their first tournmaent in 1970 when Rosie Casals defeated Judy Dalton in the finals for the \$1.500 winner's

When the Slims circuit comes to Detroit Feb. 17-22. Rosie will again be gunning for first place but this time the purse is \$75,000 with a \$15,000 first prize.

Rosie stopped in Detroit for a few hours tast week to promote the Slims Tournament at Cobo Hall, the fifth stop on the women's tour this year. The circuit has already set an attendance record when 12,500 people watched the finals of the Washington, D.C. tournament several weeks ago

But from the way Rosie tells it, it wasn't always easy to attract the crowds, the money or the press.

At the start, she said, the top three or four players were the top promoters of the our: Ann Jones, Francoise Durr, Billie Jean King and herself were the advance persons who tried to drum up some interest in upcoming tournaments.

"It was hard to sell women's tennis and hard to get coverage or interviews," Rosie said. "We'd call a press conference and sometimes to have three press people here to talk to us was great.

"This went on for three or four years." he said. "It was tough because we were so playing to empty stands."

Without Virginia Slims support, Rosie admitted it would have taken longer to get the tour rolling along.

The women's circuit wouldn": exist day, she insists, without a har dull of geople who wanted it to happen.

"What turned women's tennis into something big was a combination of womens' lib and women players who were strong shough to yell and make certain we geren't ignored.

Rosie said that the U.S. Tennis Associaion (USTA) had ignored women's tennis so we either had to get out or die. We deded to die trying if we had to. We tried nd made it.

Women's tennis turned the corner in 73. Rosie said and the USTA wanted a ece of the action. "We told them we dn't need their help.

Now the women's tours draws greater rowds and offers larger purses than the

Rosie, the former captain of the Det:oit oves, took last year off so she could take rest from the constant traveling but

plans didn't work out like she had hoped. But she's back on the tour this year and she believes she could surprise some people because of the extensive training she's done recently.

She underwent a 17 day crash conditioning course in Montreal, an idea of Billie Jean King, and she's been running two miles a day during her three hour work outs at her California home.

"I feel physically fit which has been a lot of my problem in the past," Rosie said. "Since I'm short (5-2) I have to chase everything down. I must go into a match in good shape because it's important that I don't get tired. This could be my year."

The reason for all the extensive training before the season is the tougher competition on the women's circuit.

"The competition is much greater now than it was several years ago." Rosie pointed out. "You can't take time off and then walk into the tournament as a third seed anymore. The competition is that good because there are many kids eager to get into the top positions."

"You just can't afford to relax any-

Rosie figures that Chris Evert and Martina Navratilova are the ones to beat on the tour. But, she adds, both can be beat-

'Chris has been more emotional lately because she's been becoming more involved with people. This is hurting her concentration and makes her game more vul-

"She hasn't played as well lately as she can and she seems to be feeling the pressure of being number one, she just eouldn't believe it when Martina beat her in the Houston finals.

"She's won so much in the past that maybe she doesn't know how to cope with it (losing).

Martina is the 19-year-old Czech who defected from her homeland last year to take

up permanent residence in this country. She's big, aggressive, strong and her len handed serve gives Chris trouble. But her inexperience and temperment hurt her at times-I think all the attention she's been getting has gone to her head."

'She also let herself go last year and she put on 20 pounds. It's important for her to stay in shape."

The Detroit Slims tournament is co-sponsored by the Junior League of Birmingham which contributed \$92,000 of tournament earnings in 1975 to 42'charitable organizations in Wayne and Oakland County.

Rosie was in town just long enough to finish a steak for lunch, then she rushed to the airport to catch a plane to Chicago where she was scheduled to play her first match in the Slims Tournament there.

### READERS' FORUM

### Busing opposed

Busing will lead to a government take-

I tel that this will be inevitable because if my child doesn't go to the nearby school. I will have no further interest in that school. Certainly I, and most other people, will not vote myself more taxes to support a school that I have no interest in. and of course this will also happen to the school where my child is bussed too.

So, obviously all schools will disentegrate and then of course everyone will start complaining about the condition of the schools. And of course they'll insist that the government do something, which means, of course, the government will be forced then to support the schools com-

When it does, it also has full say about what is to be taught. We as parents will be out of it; black, white and all other colors. Wouldn't it be a far better idea to have small groups of both blacks and whites. visit each others' schools in a friendly at-

### State should change its priorities

Students win contest

Pam Wood.

I would like to call your attention to a problem that exists in our area which should be brought to the public's attention. Specifically, I am referring to the 220 retarded children who live at the residential center of Northville State Hospital.

The facilities and location are excellent (though some fresh paint would help). Staff personnel are very dedicated, but inadequate in number.

And this is why I am writing. How can the governor authorize an \$800,000 annual subsidy for the Pontiac Stadium while, at the same time, helpless youngsters who can in no way care for themselves receive only minimal care? I do understand that \$800,000 is less than 0.3 per cent of the state's budget, but think how far it would go in providing wholesome care for the retarded, the aged, etc.

The Observer & Eccentric could do a great service by appraising the people in this area of the conditions that exist at the Northville Residential Center, and by so doing, state officials might be forced to open their eyes to reality and establish proper priorities.

The good staff at the center need help so that the children can receive proper attention. I was shocked at what I saw-but then perhaps I am a dreamer.

### VFW hosting blood mobile

Plymouth VFW Post 6695 at 1426 Mill Plymouth, will have the American Red Cross Blood Mobile at the post home on Saturday, Feb. 28, from 10 a.m. to 4 p.m.

The post and auxiliary used 44 pints of blood in the last year and encourage residents to take advavantage of this opportunity. To register for an appointment to donate a pint of blood, call Gerald Olson, blood bank chairman, at 453-1339.

Those donating should remember to eat a light meal before donating and avoid fatty foods.

Residents can donate blood unless they: weigh less than 110 pounds, have donated blood in the last eight weeks, have a history of jaundice or hepatitus or close personal contact with anyone having these diseases in the last six months, have been pregnant in the last six weeks, have any history of malignancy (minor skin cancer excluded), have had teeth extractions or oral surgery within the past three days. have had a smallpox vaccination within two weeks.

Persons also are disqualified from donating blood if they: are a diabetic on medication, have had penicillin within 30 days or antiobiotics of any kind within two weeks. have had anti-malarial drugs in past three vears, have had major surgery in past six

Persons on daily medication of tranquillizers may generally donate. Persons with high blood pressure medication can usually donate if blood pressure is normal at the time of donation.

### Mardi Gras features books

Central Elementary School students are looking forward to its second annual book fair to be held in conjunction with the Mardi Gras Fun Fair Saturday, Feb. 28.

The students will be able to browse among the paperback books on display in the school library before Saturday when the books will be for sale. A wide selection of inexpensive, interesting paperbacks will be-available.

Books to be included are mysteries, science fiction, historical fiction, humor, sports, martial arts, animal stories and adventure books. Books which have won the Caldecott award and the Newbery award will be featured plus new arrivals.

Popular books like Charlotte's Web, Winnie the Pooh, Curious George, and the Little House books by Laura Ingalls Wilder will be available again this year.

Parents and other interested members of the community are welcome to come in and browse while attending the Mardi Gras Fun Fair from noon to 4 p.m. Feb.

- . To consider any other business that may come before the board.

JOHN W. FLODIN, Clerk

The Stroller ...

### Volunteers and taxes

It wasn't unusual that the after dinner conversation turned to taxes. This is the season for it. But much to the surprise of the Stroller, in the midst of all the complaining-the puzzle of school taxes rising with falling enrollments and the usual cry of "what do we get for our taxes?" one of the neighbors asked "What do you suppose the taxes would be if it wasn't for our volunteer workers?"

Up to that time no one had given thought to that phase of our every day existence. But the question got us to discussing the many fine contributions the volunteers make during the course of a year. What's more, it was agreed that, perhaps, things would be a lot different without them.

When one looks around and sees the work that is being done-and with wholehearted enthusiasm-only the worst cynic wouldn't agree that we couldn't afford the labor bill on many of the fine things we are enjoying . . . free.

While you may not agree with local government actions in your area and feel that your tax money is not being spent wisely, you can't overlook the work of the various commissions and committees that are contributing their time just for the joy of being involved.

If they were paid for their time at the same rate they receive for their daily employment in office and factory no city could afford them.

IT IS THE SAME with the various fraternities and service clubs that have made valuable contributions that would be out of reach if the citizens had to pay for them. One doesn't have to look far to find some

fine examples. No one could believe the hundreds and hundreds of hours that have been contributed to make the Plymouth Historical Museum a reality. But for more than two years a dedicated group has been working most every day-just for the joy of helping

to make a fine contribution to the city. And no finer example of team work could be had than Kellogg Park right in the center of the community. The picturesque fountain was a donation by the Rotary Club from the receipts of its annual chicken barbeque. The Kiwanis Club provided the material and the labor for the brick promenades. And the women's clubs spearheaded the drive for the old gas

lights and the overall beautification pro-

The Kiwanians also took on the task of beautifying the triangle park in front of the former high school building.

How much would the price of these things added to your tax bill if it wasn't for volunteer labor?

Plymouth is not a rare case, either. Over in Livonia the Rotary Club lighted the Bentley athletic field and now is sponsoring a huge park in the center of the city. It would cost a pretty penny, as the saying goes, but you won't find it on your

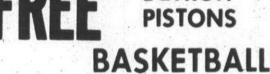

MUCH THE SAME is true in Redford Township, Garden City and Westland where the service clubs have done-and are doing-a great job of contributing services with the hope of making their communities better places in which to live.

And mind you, while the volunteers are contributing tangible things, don't forget their work goes beyond beautifying an

In another of a long series of attempts to ban will have "particular impact" along control park vandalism, the Wayne County the 18-mile length of Edward Hines Drive where the Cass-Benton or "Beer Hill" section has become infamous for youth rowdyism and drug abuse.

Other parks affected include Bell Creek and Lola Valley parks in Redford, Holliday Park in Westland and the Lower Rouge Parkway which passes through Wayne, Inkster, Dearborn, and Westland.

In the past, both the public safety and judiciary committee and the full board have considered a variety of measures to solve the park problem. These have included more park employees, a Sheriff's park sub-station, better lighting and a ban on all "no deposit, no return" containers.

Other proposals have included a ban on deposits of all rubbish, litter and garbage. with fines for leaving picnic refuse, and prohibition of alcohol; including beer.

Another plan that has been reviewed would establish a cash reward program with payment to citizens upon the arrest and conviction of vandals. Under this program, parents would be financially responsible for damages caused by juveniles found guilty.

Last year, the Board also endorsed a proposal by Commissioner John J. Korney (D-Detroit) that urges judges to consider sentencing convicted vandals to work terms in the parks.

In the proposal, Korney estimates that

### Public employee politics bill OK'd

With a handful of Republicans joining a solid bloc of Democrats, the Michigan House of Representatives approved, 81-24, a bill allowing public employees to partici-

pate in politics. House Bill 5629-similar but not identical to a bill vetoed by Gov. William Milliken last year-would allow public employees to join political party committees, serve as convention delegates and run for elective office without obtaining leaves of absence.

It will require an employe of a local unit of government or school district to resign or take a leave of absence if elected to a post within that unit

SUPPORTING it were Reps. John Bennett (D-Redford). Thomas Brown (D-Westland), William Keith (D-Garden City), John Markes (D-Livonia) and Roy Smith (R-Ypsilanti).

Opposed was Rep. R. Robert Geake (R-Northville).

A motion to give the bill immediate effect was defeated when it failed to get a two-thirds majority. The bill, if approved

# Fractometer Yields Secrets Of Tobacco Flavor.

# Researchers use smoke analysis to isolate key flavor ingredients of tobacco-low tar MERIT with Enriched Flavor achieved.

MERIT and MERIT MENTHOL

Filter

LOW TAR - ENRICHED FLAVOR

Not all ingredients of tobacco in cigarette smoke deliver the same amount of taste.

Or tar.

That's what researchers at Philip Morris discovered using an analytical fractometer to "crack" cigarette smoke down into its various parts.

Relying on this very sensitive, very special instrument, over 2000 separate ingredients were isolated and analyzed.

What this analysis revealed was startling:

There are ingredients in cigarette smoke – key flavor-rich ingredients – that deliver taste way out of proportion to tar.

Ingredients that, when packed into a tobacco blend, result in a cigarette that delivers extraordinary flavor without the usual corresponding increase in tar.

The discovery is called 'Enriched Flavor'. It comes in the tobacco of a remarkable new cigarette: MERIT.

'Enriched Flavor' is extra flavor.
Natural flavor. Flavor that can't burn
out, can't fade out, can't do anything but
come through for you.

In fact, MERIT delivers the flavor of cigarettes having more tar.

Up to 60% more tar.

Yet MERIT has only 9 mg. of tar. Lower

Philip Morris Inc. 1976

than 98% of all cigarettes being sold today.

If you're looking to become a low tar smoker, or don't particularly enjoy the taste of the low tar brand you smoke now – you'll be interested.

### Taste-Tested By People Like You

9 mg. tar MERIT was taste-tested against five current leading low tar brands ranging from 11 mg. to 15 mg. tar.

Thousands of filter smokers were involved, smokers like yourself, tested at home."

The results were conclusive:

Even if the cigarette tested had 60% more tar than MERIT, a significant majority of all smokers tested reported new 'Enriched Flavor' MERIT delivered more taste.

Repeat: delivered more taste.

In similar tests against 11 mg. to 15 mg. menthol brands, 9 mg. tar MERIT MENTHOL performed strongly too, delivering as much—or more—taste than the higher tar brands tested.

You've been smoking "low tar, good taste" claims long enough. Now you've got the cigarette. MERIT. Incredible smoking pleasure at one of the lowest tar levels in smoking today—only 9 mg. tar.

### Winter camping snows sports enthusiasts

The camping boom continues to explode across Michigan with approximately twothirds of the state's 118 private campgrounds operating this winter expecting business to increase an average 15 per cent over last year, according to Automobile Club of Michigan.

Good snow conditions for outdoor enthusiasts also should boost pressure at Michigan's 61 state parks with winter camping facilities.

"The growing popularity of winter camping in Michigan can be traced to cost savings for winter sports enthusiasts as well as the excitement of braving the cold weather in the warmth and comfort of a self-contained recreational unit." said Joseph Ratke, Auto Club touring manager.

'Snow enthusiasts interested in enjoying a winter vacation without straining budgets will find camping a great way to do so." Ratke added.

The Auto Club official said 78 of the 89 private parks operating the last two years reported winter business up an average 15 to 20 per cent in 1974-75 compared to the previous winter season.

"Several campgrounds near popular ski and snowmobile facilities in northwest Lower Michigan experienced business spurts of 300 per cent last year." he said.

Camping enthusiasts not interested in hauling trailers will find that 106 of the 118 private parks listed on Auto Club's 1976 Campground Guide offer winter storage

"The convenience and fuel-saving economy of parking camping units on a winter site are major reasons for the number of private campgrounds open during winter in Michigan growing from 20 to 118 in the last seven years," Ratke said. "The fact that 90 per cent of the private parks are open seven days a week is another popular

"Campers should find winter storage rates easily within their budgets with prices ranging from \$25 to \$50 monthly to a high of \$300 for the entire season," said Ratke. Campers pay only for the days they use their site with storage rates taking care of the remainder of the month.

Services offered by Michigan's private campgrounds are another factor for their increasing popularity during the coldweather months, Auto Club noted.

Eighty-nine, or 75 per cent, of the private facilities have heated shower and toilet buildings. All but one park listed by Auto Club offers electrical hookups at campsites. A few of the parks even offer such luxuries as sauna baths.

Nearly one-third of the private parks have general stores for shopping convenience, laundries and heated activities buildSixty-one state parks offer winter camping but none of the service buildings are open in winter. Many state parks also are without electricity.

Many parks open to winter campers attract outdoors enthusiasts with marked snowmobile and cross-country ski trails and inland waters for ice fishing. Some parks even offer special weekend events. such as snowmobile safaris.

Campers seeking private park accommodations will find that East Michigan has the largest number, 44; West Michigan has 41; Southeast Michigan, 13, and the Upper

### Aroused Tigers hand Rocks 1st loss

By FRED DeLANO

The rarified atmosphere at the top of the mountain was more than Plymouth Salem could stand

Rated for just one week in most of the popularity polls as the No. 1 Class A basketball team in Michigan, the Rocks tasted defeat for the first time this winter as Belleville's Tigers led from wire to wire in posting a 63-57 triumph in Suburban Eight League competition.

The Tigers shot Salem off its perch Friday night before a capacity throng in the Rocks' own gym with a dazzling jumping-jack brand of basketball that gave them an edge in rebounding and a decided advantage in overall defense.

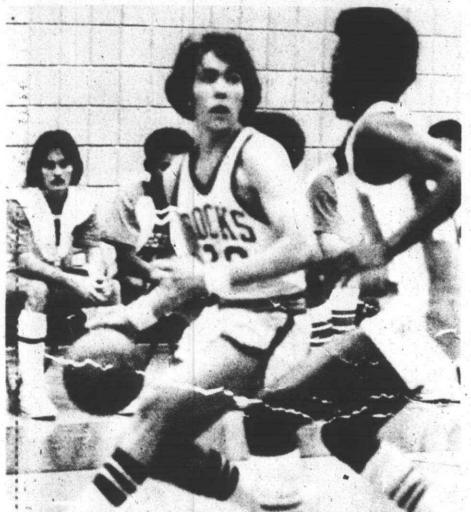

Nonetheless, the Plymouth club, which

now is 16-1 overall, still leads the Sub 8 in its drive toward a third straight undisputed championship with a 10-1 mark. Belleville, 14-3 for the season, is second at 9-2 and each team has three games yet to play before jumping from the frying pan into the fires of state tournament com-

"THEY BEAT US square up." admitted Coach Fred Thomann of the Rocks as he avoided offering any form of alibi-

"Belleville was at a high emotional pitch and there's no doubt they played extremely well. We made just four of 13 shots in the first quarter and four of 15 in the third. Because we weren't putting the ball in the hole, they had plenty of opportunities for their fast break.

"Their exceptional jumping ability also

Salem Guard Brian Wolcott looks for the open man. (Staff photo by Art Emanual)

tipped many of our passes away from the target.

"Now we just have to go back to work to try to win our last three games and get ready for the state tournament."

The Rocks now will be idle competitively until hosting Edsel Ford next Saturday night, Feb. 21. After that they will travel to Allen Park on Tuesday, Feb. 24, and will be at home against Dearborn High in the final game of the regular schedule the night of Friday, Feb. 27.

BELLEVILLE ASTOUNDED the packed house by racing to a 13-0 lead in the first five minutes, and from then on it was all up hill for the Plymouth troops.

Narvell Turner, the 6-3 sharpshooter of the Tigers, never was better than he was in the opening period as he canned seven of 11 shots from the floor to help give the Tigers a 24-9 edge when the quarter mercifully ended.

Before the night was over, Turner went on to net 25 points and at that mark he shared game scoring honors with Salem's all-stater, Jim Elllinghausen.

The second quarter unquestionably belonged to the Rocks as they found the range for 17 points while pulling the defense together to limit Belleville to only four, thus leaving the floor on the short end of a 28-26 count at halftime.

Jim Elllinghausen had nine points in that healthy second period surge, his brother. Tom. had four and single buckets were posted by Brian Wolcott and Mike

THEN A COLD third period in which Salem could pick up only nine points left the Rocks downwind again, although at the beginning of the fourth quarter, it looked as though they finally had found the bas-

Trailing 41-30, 10 successive points from the Ellingbausen brothers. Wolcott, Primeau and Boo Evans cut Belleville's lead to one point at 1, 10 ... was the moment for the Rocks of swirm ahead, but instead it was Belleville which got hot with nine points in a row to light up the board at 50-40. After that there was little question as to the outcome.

Although Belleville's brilliant, quickhanded ball stealing tactics and its torrid offensive spurts stole the fans' attention, Coach Tom Niemi attributed the upset victory primarily to the overall defensive

"It was our 'triangle and two' defense that did it and the way the kids-handled he said. "I'm ...... proud of these

And then Niemi turned with his two top stars in tow, Turner and Dennis Easley, to introduce them to John Orr, head basketball coach at the University of Michigan, who had watched the game from the courtside press table. At least for the moment Niemi held the winning hand.

### Plymouth Salem-Belleville

### Rock tankers eke one out

The Plymouth Salem Rocks swim team captured seven of 11 first place finishes to record its 10th dual meet victory of the season over Suburban Eight rival Belleville. 91-88. The win moved the Rocks a step closer towards a high finish in the league.

Powered by Ron Finley's two new school records and co-captain Tom Smith's double win, Salem edged one of the clubs that is supposed to contend for second place in the Sub-8 league race. Finley surpassed school records he set last season in the 200-yard individual medley and the 500-

Finley covered the 500 free in 5:06.3, coming back to set another mark, completing the four strokes in the 200 IM with

Tom Smith was Salem's only other double winner as he won the 100-yard freestyle in a time of 51.9, coming back to win the 200-yard freestyle in 1:54.6, both times

for those events were personal bests. "This was a superb night of swimming for us, and both teams for that matter.' commented Salem coach Byron Williams. Salem diver Mike Stocker won the diving competition with a score of 238.00. Williams believes that Stocker is the best

### Chief grapplers give strong showing at league

Harrison ran way from the pack at the Western Six League wrestling meet over the weekend. Two area teams. Livonia Churchill and Plymouth Canton, finished fifth and sixth respectively.

Western, with seven individual champions, accumulated 132 points compared to 1201/2 for Harrison, which showed three tita lists; Waterford Mott, one winner and 74 points: Northville, 53 points: the Chargers. one championion and 42 points; and the Chiefs, 29 points.

Mike Jack, a junior wrestling at 101 pounds, earned Churchill's only individual crown, decisioning Canton's Bill Heedum for the honor.

Other high Charger finishers included Mark Dewitt, second at heavyweight; Kevin Smellie, third at 115 pounds; Tom Staddler, fourth at 128 pounds; George Zentz, fourth at 135 pounds; and Tom Taylor, fourth at 148 pounds.

Even though no Canton grapplers captured individual crowns, several exhibited hard-nosed wrestling techniques. Craig and 141 pounds, respectively. Jeff Rey, a 122 pounder, and Bob Yauck, heavyweight, captured fourth-place positions.

Two of Churchill's more talented grapplers-Mike Basta and Joe Galura-did not participate in the conference meet because of injuries.

### In The Pocket

The recent crackdown by the American Bowling Congress on lane conditions that have produced high scores across the country has the all-star bowlers in a dither.

"They've got us going all over the approaches trying to find a 'line.' Dale Seavoy. one of the stars of the high-scoring 1.&S team. commented.

"You start out in your first game and find that your ball hooks very little." he said. "Then you move a board or two and it starts to hook a bit more. By the final game, it is hooking all over the place. I have moved as much as going to the tenth board and still can't get the line I want."

The ABC is planning to discuss the lanecondition problem at its convention in March, and it is likely that it will take over sanctioning of all equipment, including the lane conditioners.

THERE SEEMS to be no stopping Steve Laine at Country Lanes.

Last week he rolled as a substitute and posted a 789. He came back this week in his own league and fashioned a 682 on games of 248, 245 and 189.

EARL BANNESS was the big gun in the Wonderland Classic as he topped the individual scorers and lead his Sesi team to top honors of the night.

To show the way, he posted a 689 that beat Ron Fournier by five pins and helped his team to games of 1113, 1630 and 1010,

OFTENTIMES LEAGUE and tournament secretaries claim they are too busy at work to score high. This wasn't the case with Mary Pulice, president of the Tri-City Association.

Bowling in the annual tournament at Westland Bowl, she posted a 704 to take the lead in the singles. Other leaders in the first week were the Odd Balls, captained by Sharon Bafile, with 3186 in the team event. Doris Jordan and Sue Bulanda with 1309 in the doubles, and Mary Ann Saunders with 1944 in the all-events.

Sharing the spotlight, with the leaders, Molly Hoeth fired a 190 triplicate. BY THE MARGIN of a single pin, Glenn Geatty took scoring honors at Garden

Lanes for the week. Bowling in the Moose League, he had a 264 in 636, while Don Rousseau had a 637 in the St. Linus circuit. High single-game honors went to Don Bajorek of St. Linus

FIVE MORE persons will be inducted into the Detroit Bowling Hall of Fame on

Saturday, April 17 at Cobo Hall. Included in the group will be the late Bill Rhodman, who will be the first black bowler to be so honored. He has been named posthumously for his outstanding records in the national association.

The others include Doris Knechtegas and Gertrude Schuster on the women's side. and Steve Morris and Herbert Fach in the men's division.

The induction of these five brings to 77 the number of persons now in the Hall of Fame, which was opened in 1957,

THE GIRLS in the Wednesday House League at Livonia Lanes did some fancy scoring with Angie Plagens, a 120-average bowler, leading the way with a 207. Next

to her came Betty Gavin, with a 141 average, posting a 205.

By W.W. EDGAR

Meanwhile, Virginia Burns, with a 162 average, linked games of 187, 223 and 168

Fred Rossman rolled a 702 series in the

Bel-Aire Classic and earned membership in the 700 club. He left his rivals far be-Nunnery a 670. Ted Smith a 649 and

neither was Friday an unlucky day for Livonia Churchill coach Pat Montagano and his basketball team, as the Chargers mounted a second half comeback which carried them to a 52-47 decision over Farmington Harrison in a battle for first place in the Western Six League.

The Churchill cagers tallied 13 points in each quarter for their game-winning total before a pretty fair and excited crowd in

the Livonia gym. Meanwhile, the Hawks came out with a deft touch in the first half to count 33 points, but everything seemed to disintegrate for the visitors in the second half. Harrison scored only 10 points during the third period and four in the finale to suffer its third league loss in eight starts and ninth overall in 17 decisions.

Each team controlled play throushout the respective halves, with Harrison holding the upper hand in all aspects of the game during the opening half and the reverse holding true in the second.

The Hawks not only out-shot the Chargers during the first two periods. but also out-rebounded their hosts 27-12. However. in the final two quarters, Churchill held a 26-11 board advantage which eventually paid off when the Livonians showed a slow, deliberate offensive style after they

took the lead in the final eight minutes.

"We split their seams in the third quarter and were able to get inside," said Churchill coach Pat Montagano in explanation of his squad's comeback. "In the first half, we were shooting from rebound.'

The Chargers' coach added that he was mystified on exactly what happened to Har-

### Bentley dumps Ford, 69-67

Suburban Eight wins have not come easily this year for Livonia Bentley and the 69-67 Friday victory over Dearborn Edsel Ford was the hardest yet. The Bulldogs had to go into overtime to clinch its second win in 11 league starts.

Jim Rhodes, who led all starters with 26 points, hit a bucket with 1;20 left in the ame to force things into overtime and Tim Weiss, who had 14, scored baskets in the overtime period to clinch the win. Edsel Ford scored with 15 seconds but it was too little and too late

The win may signal a turnaround for Bentley, which is now 6-10. It was the fourth win in the last games for the Bulldogs and the second consecutive league vic-

"I think we just played a little better defense than they did," said Bentley coach Larry Jackson.

rison during the second half. "They got good shots and ran their offense with finesse," he stated. "I don't know what happened to them.

Churchill received balanced scoring in the march to victory, spearheaded by Matt Foster with 14 points, Scott Shepard and Dave Clare, 11 apiece, and Tom Bay, nine. Mike Styles was the only Harrison

double-digit man, connecting for 11 points, while Mark Brozek and Bob Slotnick chipped in eight each.

Churchill now sits atop the conference heap with a 6-2 mark, while Harrison holds down the runner-up position at 5-3.

Montagano is confident that his Charsers can hold on for the title this year after finishing in the basement last season. "This (Harrison) was the team we had to beat."

Both teams are in action tomorrow (Tuesday) night, with Bob Sotter's Hawks hosting Livonia Franklin, and Churchill entertaining Farmington.

for a 578 series. WITH THE AID of games of 256 and 257.

hind as Andy Di Camillo had a 679, B.C. Dennis Kubic a 638.

In the Bel-Aire Bowlerettes, Sue Wiley. had one of her best days and came through with 254 in a 525 series.

It pays to know a DETROIT BANK-er better.

### "If you make \$10,000 or more a year, I can show you how to get a \$1,500 income tax deduction and use it to start your own retirement plan."

Recent legislation has made it possible for individuals and selfemployed persons to establish their own retirement plan through a special savings account called an Individual Retirement Account. We asked DETROIT BANK-er Robert K. Smith to explain this new service.

Who is eligible for an I.R.A.?

'An Individual Retirement Account, or I.R.A., may be opened by any employed or selfemployed person not currently covered by any other retirement plan. Even if you are already enrolled in a retirement plan, but have a working spouse who is not, he or she is eligible."

How does an I.R.A. differ from a regular savings account?

There are important differences. First, all contributions to your I.R.A. are fully tax deductible. What's more, even the interest earned on this account is exempt from income tax until it is withdrawn. And when you finally begin making withdrawals, you pay taxes only on the amount you withdraw each year. Like

"Any employed or self-employed person who is not currently

covered by any other retirement

plan is eligible for an I.R.A."

savings accounts, however, I.R.A.'s offer a range of plans paying annual interest rates from 5-1/2 to 7-1/2 percent and are insured to \$40,000 by the Federal Deposit Insurance Corporation. Incidentally, these are the highest interest rates that any bank can pay."

Are there special regulations for I.R.A.'s?

Yes. Regulations only permit you to save a maximum of \$1,500 a year, or 15% of your annual wages, whichever is less. You can open an Individual Retirement Account with just \$25, then it's up to you when and how much you want to deposit, in amounts of \$25 or more, up to your maximum each year. You can add to your account each payday and when your savings reach \$1,000 or more, you can convert them to 6-year 7-1/2% Investment Certificates; or if you make your annual deposit in one lump sum, you can put it into 6-year 7-1/2% Investment Certificates at that time. The money must remain on deposit at least until you reach age 59-1/2, unless you become permanently disabled.

that, Federal regulations for Investment Certificates require that you pay substantial penalties on the amount withdrawn, and I.R.A. regulations impose further penalties for premature withdrawals." Being tax-sheltered, savings

Should you withdraw prior to

in an I.R.A. should accumulate much faster, right?

"Amazingly so. In fact, here is a chart which shows what you could accumulate if you invested \$1,500, before taxes, at the beginning of each year.\* The first column shows how your interest accumulates with the help of a tax-sheltered I.R.A., the second shows how your interest accumulates without the help of a tax-sheltered I.R.A. and the third shows the difference."

At the end of	with help of a	7½% Interest without help of a tax-sheltered I.R.A.	You gain with an I.R.A.
10 years	\$ 23,090	\$15,528	\$ 7,562
20 years	71,633	42,780	28,853
30 years	173,688	90,603	83,085

\*Table assumes taxpayer is in a 25% tax bracket and that the total contribution is deposited at the beginning of each year.

### How can I start my Individual **Retirement Account?**

"It's as easy as opening a savings account. Just let your DETROIT BANK-er know you want to open an I.R.A. and \$25 will get you started. Establishing a useful tax-shelter is another good reason why you ought to know a DETROIT BANK-er better."

you ought to know a DETROIT BANK-er

withdrawn."

He was the force behind the fund-raising drive to buy the property for the site. He put up the partitions, installed the doors, repaired furniture.

'He kept'an eagle eye on expenditures while working eight to nine hours a day. often seven days a week, and driving thousands of miles," said Miss Waldorf: 'The pleasure's been all mine." said

Clarence Moore when the members gave him an opportunity to speak after a standing "ovation. He admitted it had sometimes been ex-

hausting and discouraging and "without loval, moral support and determination by all, tonight's climax would not be here." 'We finally got to thinking about hours. and now it's down to minutes," he said, adding his thanks "to all of you who ac-

cepted the responsibility of building and maintaining this museum. "NO QNE is happier to see this day." said Margaret Dunning. "This is a living,

growing museum, a source of joy, satisfaction and learning to man. Miss Dunning had played many roles in

bringing a dream into reality. She had pro-

vided the Dunning Memorial Building to house the museum, painted, sanded, and run errands. A few days before the opening of the museum, Miss Dunning stripped the finish from an old icebox for the Victorian kitchen.

"Six years ago in a living room on Penniman Avenue, an fdea was conceived," said Clella Smith as she pinned an orchid corsage on Miss Dunning and a boutenniere on Moore. "You get the land and I'll put up the building, 'said one: 'Let's get together on that,' said the other. That was the be-

Ground was broken May 10, 1972. One year and 10 days later, on an unseasonably warm May 20" the Dunning Memorial Building was dedicated. This was the beginning of the second phase-years of planning, carpentering and cataloguing. The volunteers would find objects stacked outside the doors. Some would have no indication where they came from, or what they were. George Burr and Norma Cassady were two of the many who gave weeks of their time.

'We've lived museum for years," said Miss Waldorf.

"I WOULDN'T have believed it a week ago," said Mark Hunt, museum director, as visitors thronged the Main Street and lower-level exhibits.

Persons browsing through the museum may realize they possess artifacts which would add to the displays. They should talk it over with Hunt and discuss lending or donating them to the museum. Hunt will not be on hand for next weekend's visiting hours. Feb. 21 is his wedding day.

### Clubs in Action

### MOTHERS OF TWINS

The Plymouth-Northville Mothers of Twins Club will be Monday, Feb. 16 at 7:30 p.m. in the home of Jo Mackover. 15736 Robinwood, Northville. A spring craft program is planned. Those wanting more information about the group may call Mrs. Mackover or Kathy Gold, president, 44344 S. Umberland Circle, Plymouth.

### CAMERA CLUB

The United Camera Club will meet at 7:30 p.m. Monday, Feb. 16, in the fellowship room of Good Shepherd Lutheran Church, 26212 Six Mile, Redford Township. The program will be a showing of "The Legacy," a set of slides depicting western

### LIVONIA AAUW

The Livonia branch of the American Association of University Women will show and discuss the film, "Two Women-20 Years," at its meeting at 8 p.m. Tuesday. Feb. 17, in St. Paul Presbyterian Church, Five Mile west of Inkster in Livonia.

The film from the University of Michigan shows differing life styles of two women graduates 20 years apart, and the discussion will deal with women's chang-

ing perceptions of their lives. Membership information is available from Mrs. Leroy Smith, 15939 Edgewood,

### TRAVEL TALK

Mrs. Frances Van Gorp will tell the Livonia branch of the Women's National Farm and Garden Association about her trip to the Canary Islands and Europe when the group meets Tuesday, Feb. 17. in St. Andrew Episcopal Church, Hubbard between Five and Six Mile, Livonia.

Her talk at 1 p.m. will include scenic slides. A workshop at 10 a.m. will precede the program.

### QUAKERTOWN DAR

Mrs. James D. Eastin, Michigan state regent for the Daughters of the American Revolution, will be speaker for the luncheon meeting of the Quakertown Chapter DAR at noon Tuesday, Feb. 17. in the home of Mrs. Leroy G. McCoy, 32460 Nottingham Knoll, Farmington Hills.

She will discuss the topic "Signers of the Declaration of Independence" and give a report of DAR state projects for the bicentennial

### SALAD LUNCHEON

The Dorcas Society of St. Matthew Lutheran Church, 5885 Venoy, Westland, will hold a bicentennial salad luncheon and card party, with mini-bazaar and bake sale, on Thursday, Feb. 19.

Lunch will be served from 11 a.m. to 12:30 pm. with card-playing continuing until 3 p.m. Tickets are \$2.50 and should be reserved by calling Mrs. Kathleen Swarthout, 29533 Hennwpin, Garden City.

### DINNER AND 'FIDDLER'

A showing of the movie "Fiddler on the Roof" will follow the third annual spagnetti dinner scheduled from 5:30-7 p.m. Saturday. Feb. 21, to raise funds for the Wayne Memorial High School band and orchestra.

Tickets are \$8 for a family, \$2 for adults and \$1.50 for children and senior citizens, and may be reserved by calling Mrs. Wendell Zimmerman, 35849 Oregon, Westland.

### WESTLAND HOCKEY MOTHERS

A "Frantic Fifties" dance is planned by the Westland Hockey Mothers' Auxiliary from 8 p.m. to 1 a.m. Saturday, Feb. 21, in the UAW Local 157 Hall, Van Born west of Middle Belt.

The evening will include music by "Moose and da Sharks" and guests are asked to dress in the styles of the '50s, with disc jockey Bill Winkler awarding a prizes for the best costumes. The price is \$5 per person or \$7.50 per couple. Tickets will be sold at the door.

### ORCHID SOCIETY

A program on how to start growing orchids will be offered by the Michigan Orchid Society at its meeting at 2:30 p.m. Sunday, Feb. 22, in the University of Detroit chemistry building, located on the driveway off McNichols near Livernois in

The program will include advice on potting, so those interested in starting the hobby are invited to bring a plant and a pot and get expert help.

Also part of the session will be a demonstration on making orchid arrangements and corsages.

### Law dean to visit UM-D

Feb. 25.

Dr. Rhonda Rivera, assistant dean of the University of Michigan law school, is the featured speaker for a belated "Susan B. Anthony Birthday" celebration at the University of Michigan-Dearborn Wednesday. Feb. 18.

She will discuss "Women and Con-

stitutional Power" at noon in Room 179 of the Engineering Building. Her lecture is open to the public, free of charge. Co-sponsoring the event are the UM-Dearborn Commission for Women and the UM-D Office of Women's Programs.

### Colonial Dames set needlework show

ciety of Colonial Dames in America will put on the group's second annual needlepoint show March 3-5 to raise funds toward refurbishing Whitby Hall in the Detroit Institute of Arts.

The show, to be held in the Grosse Pointe War Memorial, is expected to draw entries and visitors from all over the metropolitan area

Women interested in entering one of the categories, including needlepointe, embroidery, crewel, applique, quilting, Rya rugs or hooked rugs, should pick up blanks at local needlework stores. The deadline or listing an entry is Feb. 18.

Judges for the show will include Hope Hanley, author of the book, "Needlepointe." a recently-revised authoritive work on this type of needlework, who will

fly in from Virginia for the event. Judging with her will be Mrs. Gerald T. White of Trenton, national board member for the Embroiderers Guild of America. and Sheila K. Tabakoff, associate curator of European decorative arts for the Detroit

Sponsoring the show is a bicentennial project for the 127 state members of an or-

# OLLIE BARRETT

### Vans roll into Lions' den

The spring edition of Van-Tasia '76 will become the first consumer-oriented show ever held in Pontiac Stadium when it moves into the giant complex on Feb. 27, 28 and 29.

The Custom Van and Accessory Show is produced by American Van Association, Inc., the same group that conducted Vantasia in Detroit's Cobo Hall last October. when 52,000 people showed up to dream over some of the most beautiful vans in the world.

Co-sponsored by Action Vans of Michigan; Van-Tasia '76 will have companies like Ford, General Motors and Chrysler presenting huge exhibits, along with representatives of companies like Edelbrock, EFPE (Cibie), Goodrich, and Thompson, Inc.

On hand also will be hundreds of other exhibitors offering van owners the opportunity to get information about custom painting, carpeting, or any other phase of remodeling a van; such as putting in refrigerators, hi-fis, televisions, sinks and beds. If anyone

can't imagine a van with all those things in it, there will be scores of them like that at

"We are extremely excited about this year's show," said Dennis Gornick, co-owner of AVA. "By taking the most successful van show in the country and putting it into the world's largest covered stadium, we feel that we have created an exciting new atmosphere both for the exhibitors and the patrons of Van-Tasia '76."

In addition to the many other advantages of Pontiac Stadium, such as the 100 acres of paved parking, Gornick believes that the chance to view the show from above, particularly the special events, and the availability of the Main Event restaurant for dining and food service during the show, are extra bo-

Show hours will be noon to 11 p.m. on Friday and Saturday, Feb. 27 and 28, and from noon to 10 p.m. on Sunday, Feb. 29.

Top selling GM police car is mid-size LeMans Enforcer.

### Even the police 'think small'

Law enforcement agencies rapidly are joining the car-buying public's move to smaller cars.

Pontiac's mid-size police package — the LeMans Enforcer — is now the top-selling police equipment package in all of General Motors.

The Enforcer package is available on both the two-door hardtop coupe and the four-door hardtop sedan.

Available only to law enforcement agencies, the Enforcer package includes a 400 cubic inch V-8 engine with four-barrel carburetor, three-speed automatic transmission, modified steering components and a

THAT MUST GO!

CAPRICE, IMPALA, CHEVELLE, NOVA

**SAVE HUNDREDS OF DOLLARS** 

**IMMEDIATE DELIVERY** 

choice of two high-ratio rear axles.

It also includes a heavy-duty engine cooling package, special suspension and police instrument panel instrumentation.

"The LeMans Enforcer offers an excellent alternative for those law enforcement agencies who are seeking needed performance as well as improved fuel economy said James G. Vorhes. Pontiac Motor Division's general sales manager.

In each of the two years since its introduction, the Enforcer has passed the Los Angeles Police Department's testing, considered to be the most rigorous test of police vehicles administered in the United States.

THE BALMORAL BEACH HOTEL -- offers the vacationer the old world charm and elegance of yesterday, combined with the fun and excitement of today! A week's accommodations at this beautiful resort are offered during Livonia Mall's Winter Doorway Clearance Sale.

Rent. Department store bills. Credit card invoices. Car payments. Every week a few more come in. Some arrive in between paychecks and you put them aside until you have the cash. No friendly letters of post cards. Just bills and past-due notices.

And if you forget to pay them, they send you a reminder. And on and on it goes.

The Billpayer Loan from HFC. It makes your mail box seem a lot Well, Household Finance has a solution to the endless flow of bills. First, gather up every bill you have and figure what you owe. Then see HFC about a Billpayer Loan, of UP TO \$1,500.
