## The Canton Connection

### NO SHORTAGE of patriots or veterans exists in Canton.

The township's senior citizen program is saluting veterans of the armed forces during November. About 80 photographs of seniors — many wearing uniforms — are on display at the recreation center on Michigan Avenue at Sheldon.

A THIEF played a dirty prank on the Jaycees recently by breaking into the Jaycees-sponsored haunted house on Ford Road. According to police, the burglar kicked in the door and stole \$800 worth of tools which the service club had used to build a scary fun house for kids.

ROBIN KOELBEL, a bank branch manager, has been named to a six-year term on Canton's Economic Development Corp. Reappointed to similar slots on the EDC board were John Wiltse, Robert Padgett, Richard Wolfe and Richard Palmer. The Township Board made the appointments.

The EDC stimulates development by helping firms obtain financing assistance for new construction or expansion of existing industrial sites in Canton.

JOHN BLUMENSHINE and John Preniczky also received board appointments recently. The two will serve four-year terms on the Canton Township Board of Canvassers.

WINNERS in Canton's fire prevention poster contest were awarded at a Wednesday ceremony at Canton Fire Station No. 1 at Canton Center and Cherry Hill.

Jenny McKian, a third grader at Miller Elementary, took first place in the Grade 1-3 division. She won a \$50 savings bond and receives the school trophy for one year.

Second place and a \$50 savings bond went to Keri Lynn Mandeville, a first grader at Hulsing Elementary.

Tommy Blanch took first-place honors in the Grade 4-6 category. The Erickson fifth grader won a \$50 savings bond and the school trophy.

Matt Kimmins, a Hulsing sixth grader, captured runners-up honors.

Winning posters, in the fire station last week, will appear in a coloring book to be distributed next year to contestants as incentive.

CANTON'S Township Board sent a stern message to Lansing last week in the form of a resolution on water rates.

Because water rates charged by Detroit's Board of Water Commissioners have risen more than 1,400 percent in 13 years, area municipalities including Canton are calling for direct representation. The resolution proposes "the establishment of a regional Board of Water Sewer Commissioners which would be directly responsible to the total service area."

A CHILDREN'S party to commemorate Thanksgiving is on tap at the Canton Township Parks and Recreation Department for 10-11:15 a.m. Saturday, November 19, at the center on Michigan Avenue at Sheldon.

Eligible are children 3-12. A cartoon carnival, games, refreshments and special door prizes are planned.

To reserve a spot, call 397-1000.

## History preserved

Canton's John and Melissa McLaughlin, owners of one of Canton's oldest homes, had their home designated as a local historic district by the township board last week. Originally the Huston homestead, the two-story upright and wing house with clapboard siding stands at S. Ridge Road near the century-old Cherry Hill United

Methodist Early Canton settler B.W. Huston operated a feed mill and thresher in the late 1800s when the homestead was constructed. Recently restored and in excellent condition, the home is painted a bright blue and features paired decorated brackets under the eaves, a stone foundation and an open porch with narrow columns.

## New library too costly, officials say

High costs have ruled out any immediate plans to build a new public library in Canton.

Library officials will concentrate on improving the present facility on the third floor of Township Hall. Long-range plans may call for a separate building in about five years, said James Gillig, a library board trustee.

The popularity of the library, since it opened in the fall of 1980, has sparked discussions of possibly moving into a new building with room to grow.

A recent phone survey commissioned by the library indicates most residents are satisfied with the operation, Gillig said. Moving out prematurely would strain the library's one-mill tax base and probably lead to deterioration in services, he added.

"(A new building) wasn't practical from a financial standpoint," Gillig said. "It would serve no purpose and overextend us. We're probably in good shape for three to five years."

GILLIG, former chairman of the

Canton library board, commissioned a long-term study of the community's needs more than a year ago. Representatives of the community and the schools served on the study committee. There was also a high school student member.

## Users pleased

A recent survey of 275 Canton residents indicated a high degree of satisfaction with the township's public library.

The Canton Public Library board of trustees commissioned the survey to determine public opinion about the library, which opened in late 1980.

## 2 men arrested in arson incident

A 20-year-old Plymouth man and a 19-year-old Canton man have been arrested in connection with the arson of dumpsters in Plymouth's Old Village area.

Both men were arrested early Thursday morning, and released pending charges, according to Lt. Robert Commire.

The arrests came shortly after police

and firefighters responded to three separate dumpster fires.

"After responding to three dumpster fires in the Old Village area, commencing at 12:11 a.m., I positioned myself in an unmarked police vehicle at the rear of 149 Liberty," said Lt. William Fletcher.

"There were two trash dumpsters at that location," he said.

Within 10 minutes a man walking through the alley stopped at a dumpster and attempted to start a fire, according to Fletcher.

"At this time I exited the vehicle, drew my weapon and identified myself, ordering the subject to freeze."

The man ran away from Fletcher, heading down Starkweather Avenue.

"A second man was standing on the sidewalk and I shouted to him to stop the subject I was chasing. He then stepped out of his way and failed to assist me," Fletcher said.

The police officer caught up with the man as he ran up the steps at 663 Starkweather.

"I told the fleeing subject to freeze or be shot. He complied."

Fletcher then placed both men under arrest.

According to Commire, the fires were contained to the dumpsters, causing damage only to the garbage and paint.

Police have turned the matter over to the Wayne County Prosecutor's Office to obtain warrants.

## Middle school day may be shortened

The Plymouth-Canton Board of Education will be asked tonight to approve a plan to shorten the middle school instructional day to six periods.

The proposal is to have six class periods of 55 minutes each, instead of the present seven periods, beginning with the fall of 1984. The change will result in the school day being about 20 minutes shorter.

The main reason for the shift, according to school administrators, is to allow greater emphasis to the academic core subjects of English, mathemat-

ics, science and social studies.

The proposal has been discussed by the school board for the past three years, and was the subject of intense discussions at workshops in April and December of 1982. The implementation, however, had to await agreement from the teachers' union in the recently-completed negotiations.

The meeting will begin at 7:30 tonight in board offices at 454 S. Harvey, Plymouth.

## How school board plans to communicate change

The Plymouth-Canton Board of Education is relying on several means to communicate to the public the proposed change in the middle school day.

One of the early means will be letters, which were to go out last week to the homes of sixth, seventh, and eighth graders.

The second means of communication will be reports in today's Observer.

Wednesday's Crier, and Thursday's Observer and Eagle.

On Thursday the administration will be making a presentation to the Plymouth-Canton School Community Council at 9:30 a.m. and then to the faculty at 3:45 p.m.

## From B-24 to high C

As World War II raged in Europe, a rangy 24-year-old from Norfolk, Va., found himself training flight engineers in B-24 bombers at Willow Run Airport.

Arnoldt Williams was enjoying his stint in aeronautics with the Air Force, and even figured it could develop into a fulfilling, lifetime career.

But a crazy course of events saw him become the apprentice of a German piano tuner, Paul Simons of Canton Township.

## face in the crowd

Simons was the father of 19-year-old Janice Simons, a secretary at Willow Run and the blushing bride of Arnoldt.

"I was fascinated by what Paul was

doing," said Williams, now 63 and owner and operator of Arnoldt Williams Music Inc., a family business he launched in 1955 after working 10 years for Grinnell Bros. in downtown Detroit.

"I got involved and built up a business of rebuilding and tuning pianos, which led to the business we have today," Williams said.

"The township grew around us, and more people began coming to us."

The store, on Canton Center Road just north of Ford, offers a comprehensive range of musical instruments and equipment. Largely through the efforts of Williams' son, John, the enterprise has expanded to include the sale and rental of professional sound systems.

Their brisk business keeps Williams occupied about 80 hours a week and employs 17 others, including daughter Yvonne Williams, daughter-in-law Mary, her husband John, and during the recent school strike, the couple's 5-year-old son, Peter.

"Peter thinks he's a part of the business, and of course he is," said Williams, whose store has grown from 8,000 to 13,000 square feet with leased space across the street for electronic and instrumental repair and rental.

"It's fun to have him around helping."

The entrepreneurial family attracts some prestigious clients.

"I'VE TUNED pianos for Oscar Peterson, the great local pianist Buddy Budson, Lee Liberace, and any number of headliners over the years," said Williams.

Those are thrills to a piano tuner — once you get to where a piano stays in tune properly and then to have them appreciate what you've done.

A large part of the business is selling equipment to small bands and contracting professional sound. We've done sound for Detroit's Grand Prix, the Montreux Jazz Festival and the Freedom Festival. It's been sort of a nice combination," said Williams, who brims with southern warmth and charm.

While Williams misses Virginia Tidewater country, he's grown to love Michigan very much. The much greater change of climate is more conducive to keeping busy. Peo-

BILL BRESLER/staff photographer

Arnoldt Williams owns a music store in Canton that's kept him so busy "my wife could hardly count on me being home for supper." Not that he's complaining. "When you love doing something, it's not like having to put in time."

## Businesses asked to help

State Rep. Gerald Law, R-Plymouth, encourages local businesses to participate in the Job Opportunities Project so more young people can find employment.  
 The project, now ending its first month, is aimed at finding jobs for former Michigan Youth Corps workers. Law said the joint government-business venture already has referred 3,000 youth to job opportunities with more than 100 individual employers statewide.  
 Law added that there are many Youth Corps workers in Wayne County seeking permanent employment.  
 The program is designed to establish a pool of workers who are looking for jobs, categorize the pool by geographic area, job skills and certification for targeted jobs tax credits, and refer them to interested employers for interviews to see if they meet employer requirements.  
 Employers are eligible for a tax credit of up to 50 percent for the first \$6,000 in first-year wages for hiring persons from economically disadvantaged homes or from areas of high unemployment.  
 The Job Opportunities Project expires Dec. 31. Anyone needing information may phone 1-800-441-4110.

## School call-in gets slot

So successful was the live call-in cable TV show put on by Plymouth-Canton teachers during the recent strike that the trend is continuing.  
 Tuesdays from 7:30-8:30 p.m. have been reserved on Omnicom's Channel 15 for groups and organizations wishing to broadcast their own call-in shows.  
 Response so far has surprised Omnicom Community Affairs and Program Director Suzanne Skubick, who's booked five Tuesday shows on a range of issues already.  
 Beginning this week, viewers will be hearing more from district teachers and officials, and from those active with the Reyes Syndrome organization.  
 For more on the first-come, first-served programming which will be aired for a second time each Thursday, call Skubick at 459-7321.

Richard Moyer, a U-M-Dearborn professor, uses illustrative techniques to teach science teachers how to teach. Moyer has authored sections of an "Accent on Science" textbook, a page of which is shown at left. Among his magical techniques: (from left) Moyer uses a "magic cup" which he empties and then watches as it refills itself; his daughter Emily, 4, watches one of his 25 drinking birds perform; and he demonstrates a force fluxer.

## When science is magic, it's no bore

By Kathy Parrish staff writer

Airport security officers never know what to make of Richard Moyer's black bag. When he travels, the University of Michigan-Dearborn faculty member carries empty soup cans, balloons, string, bottles, paper, rubber bands, paper clips and corn starch. And he usually throws in his force fluxer, which looks a little like a lethal weapon. "I almost got arrested in O'Hare Airport," recalled Moyer, who told suspicious officers that he uses "junk stuff" to show teachers how to make science more interesting. "Somehow they believed me."

INSTEAD OF glass beakers and Bunsen burners, the Plymouth resident does science experiments with household items such as pop bottles. An associate professor of education, he travels around the country with his talk, "Science Dazzlers with Junk," which he will present at Metro Detroit Science Teachers Association's Nov. 12 meeting in Lakeview High School, St. Clair Shores.

A co-author of seven science books, he's now putting one together on his favorite topic: "I just put some science things together," explained Moyer, whose force fluxer is a cardboard tube with a thread spool and a magnet attached to it. "There's nothing forbidding about any of it. No tubes."

RECYCLING HOUSEHOLD junk for use in the classroom is something Moyer started when he was teaching middle school science 10 years ago. Once a week, he would come up with an experiment designed to get students thinking. One favorite - which he still uses - is a red plastic bowl from a magic set. He empties water from the bowl into a soup can, and then it mysteriously refills itself.

"It's a magic trick, but it's based on a scientific principle," explained Moyer, who uses the gimmick to talk about air pressure.

Usually, though, Moyer stays away from magic and relies on items that can be found at home. The idea is to provide teachers with inexpensive equipment and also to make science real to kids.

"I GETS them talking about real life things," said Moyer, whose junk gets him into topics like why trees are round and why cities sit in streets in the winter.

In his ninth year on the Dearborn campus, he teaches methods of teaching science to elementary and secondary teachers and environmental education.

One of his main goals is to get teachers - who, he says, usually lack science backgrounds - excited about the subject. And to pass that enthusiasm on to youngsters.

"There's a crisis going on in science education," said Moyer, a member of the state Superintendent's Study Committee for Mathematics and Science. The committee is making recommendations for improving science education in Michigan.

Some of the experiments are classics which he has reworked to be more interesting to students. He has added his "Star Wars"-like force fluxer to the traditional Cartesian diver experiment to give it a little more punch. "I used to have one with a light bulb on the end - it was sexier," he said.

Most of the experiments are "marvelous" experiments which fool kids because they don't do what they're expected to. A favorite experiment consists simply of two soup cans - one black and one silver - which keep water hot for different lengths of time.

"We need to apply teaching to real life stuff and not just deal with the cliché."

He believes youths need some science education to eventually vote on issues like nuclear waste and energy - which are all related to physics. And they're not getting that background.

## Board to act tonight

School day may be trimmed

Continued from Page 1

ACCORDING TO THE motion prepared for action tonight, the present seven-hour day's disadvantages include:

- An insufficient amount of time spent on tasks.
- An insufficient emphasis on traditional academic core subjects.
- A discrepancy in the amount of class time spent on skill development in preparation for high school.

The administration stresses that the middle school program "must build upon the foundation of basic skills established in elementary schools, while at the same time preparing these youth for the learning opportunities awaiting them in high school."

This goal can best be met, says Dr. John Telford, executive director of secondary education, within the framework of six, 55-minute class periods.

The school board began to explore the concept of the six period day, Telford explained, in part because it recognized the community's desire to increase the amount of instructional time in English, math, science, and social studies.

Another motivating factor behind the change was the grade realignment which resulted in ninth graders being housed in the middle schools.

The board affirmed its interest in the six-period day in 1982 but had to await contract negotiations to implement the change.

Dr. John M. Hoben, superintendent, adds that major studies done by the National Commission on Excellence in Education, the Carnegie Foundation, and the Michigan Commission on High Schools all confirm the importance of placing greater emphasis on providing more time for learning in the core subjects.

ADVANTAGES of the six-period day cited by administration include:

- More time per class period for skill development is possible, while the total instructional time remains almost the same.
- Class length is comparable to high school.
- The total number of students assigned per teacher is reduced.

AMONG THE disadvantages cited by administration are:

- Students will have one less class period available.
- Some teachers may be assigned to teach outside their major subject which may require inservice training and other assistance.
- Some current 10-week courses (such as reading, health, and careers) may be incorporated as smaller units of study within the core courses.
- The range of electives will be narrowed.
- Some students will have a class which is divided by the lunch period.
- The overall student day will be about 20 minutes shorter.

THE PROPOSED curriculum provides the following for each grade level:

- Seventh grade: 40 weeks each of English, social studies, science (health), and math; 20 hours each of physical education, computer education, academic skills, skills for living, and general music.
- Eighth grade: 40 hours each of English, social studies (careers), science (health), math, 20 hours each physical education, computer education, academic skills, industrial arts, and art.
- Ninth grade: 40 hours each English and social studies or science; 20 hours health; 20 hours math and 100 hours selected from a group of options including: foreign language, wood technology, business, science, world history, band, orchestra, vocal music, drafting, remedial reading, physical education, art, skills for living, study hall.

Seventh and eighth graders will be allowed an option of performing music to replace computer education academic skills in grades seven and eight.

From 7:30 to 9 p.m. Tuesday Nov. 29 at Lowell Middle School.

Then on Dec. 3 information about the middle school change will be reported in the school district newsletter. Individual middle schools also will be sending information on the change home in their newsletters.

# Parents wrestle with 'dark side of love'

A 5-MONTH-OLD baby died in her mother's arms last week from liver failure after spending the last few hours of her life in the sudden glare of publicity.

That day's story told of a Westland couple who chose to let their daughter die rather than suffer through an experimental liver transplant and its painful, doubtful aftermath.

The couple, Erik and Kelly Decker, decided to let nature take its course, whatever that course may be, instead of trying to keep their daughter alive through medical heroics.

The Deckers gave a lot of reasons for their decision. They didn't want to put a daughter they loved through a rare and difficult operation that offered little hope for survival or a normal life. If the daughter, Samantha, did survive, she faced months of hospitalization, up to 50 medications a day to maintain the transplanted liver and maybe even daily sessions on a

kidney machine. The doctors put the price tag for saving Samantha's life at \$150,000 or more. The couple's insurance didn't cover the operation.

THE DECKERS said they based their decision on one word — love. They loved their daughter so much they wanted to spare her the pain and horrors of a transplant operation that might not work.

Just hours after the story broke, Samantha died.

For the 5-month-old baby, the painful ordeal was over. For her parents, the pain of losing a daughter they loved will go on and on. Not only are the Deckers suffering the normal grief all parents suffer after losing a child, but two questions will ever haunt them:

Did we do right? Did we have the right to take away our daughter's one chance for life?

ON JULY 11, after a lifetime of fight-

Marie Chestney

ing an unwinnable battle and with no medical miracles ever in sight, my own 18-year-old son died in Children's Hospital. His body, the body of a fragile 9-year-old, had been destroyed by the ravages of heart disease. Only the parent of such a child could understand the words I cried to him as I held his lifeless body: "I'm so happy for you, Jeff."

At last, my son was without pain and

ONE WORD was missing from the story about the Deckers. That word is courage.

Samantha's birth brought home to the Deckers a cruel fact every would-be parent fears — some babies get cheated by nature. Sometimes the deformity is life threatening.

It takes real courage for two parents to accept the fact their child got "cheated." But less-than-perfect babies are no less loved, cuddled and cherished. In fact, sometimes they are loved more because their future is so bleak, their needs so much greater and their parents take so little for granted.

Parents of such children desperately want to believe in the miracles of medical science. They want to hear a doctor say those magic words, "We can help."

Parents who don't hear those words feel their child is doubly cheated, once by nature, then by science.

They are powerless to help the child they brought to life and love. They stand helplessly by as a bad heart or kidney or liver does its deadly damage. Most of

these parents would gladly give their own organs or their own lives if it would give the child they love a fighting chance.

We revere life, applaud the fighter's spirit and honor heroics. Damn the torpedos and full speed ahead, as the admiral would say. But there are times when torpedos do hit, and the ship is listing and sinking.

It takes courage for an admiral to admit he is whipped.

LOVING A CHILD means wanting the best for that child. Parents will take a chance if the chance is offered, if the odds are with them, if a glimmer of hope is seen. No parent wants to see a child die — to be dropped from their life forever — without grasping at a chance for life.

Loving a child can also mean letting go. That's the dark side of loving, the side that brings forth tears, anguish, grief.

him to add a little water to the melted butter and the oysters with their juice.

"HOW MUCH water?" he asked. And here came Mother's off the cuff reply:

"Turn it on and off," she called to him. Well, how much is that?

But Mother seldom missed.

This prized old letter finished with a rare note. When starting to bake the chocolate cake, Mother gave these orders — "Use two eggs if they are cheap and only one if they are dear."

There was no such thing as measur-

ing the material for a meal by inches as the modern recipe demands or when preparing a meat dish that you use what the moderns call chunks and none of them are to be more than one inch round.

Times sure have changed since Mother's day. But The Stroller got the relief he wanted from war news and the criminal world. You could get relief too. Just turn to that page of recipes in the paper. You will find them most interesting, and you can duplicate them — if you have a six-inch rule with you in the kitchen.

## New library too costly

Continued from Page 1

"We felt for us to effectively manage the library, we had to do it on a long-term basis," Gillig said.

The study culminated in the phone survey, in which residents were asked to rate the library and make suggestions for its improvement.

The survey indicated most people feel the present location in Township Hall is convenient, which "from our standpoint that was one of the biggest surprises that came out of the study," Gillig said.

Issues which the library trustees and library staff are tackling include the adult book collection, finding ways to soften noise caused by large numbers of people using the library, and improving study areas.

POPULATION STUDIES indicate Canton's li-

brary will serve adequately during the next few years, when little growth is expected, Gillig said. Starting in 1985, long-range financial plans will consider future expansion needs, according to Gillig.

When federal funds recently became available for libraries to expand or build, Canton's library board chose not to apply "because we knew we couldn't handle it," Gillig said.

The plan called for local funds to provide most of the revenues, which Gillig said was unaffordable for Canton. Currently, the library is operating at near capacity, Gillig said.

"When we're going to have trouble is when the population begins growing again," he added. While the growth of the Canton library has been "gratifying," Gillig said the board isn't complacent.

"We feel one of the big traps is to rest on what you did," Gillig said.

## Library users satisfied

Continued from Page 1

The results, published in October, were tabulated by the Institute for Social Research, a branch of the University of Michigan. Information contained in the report will be used to plan programs and services at the library.

According to library board trustee Dr. James Gillig, a Canton orthodontist, plans originally called for polling 400 people. But the results of early sampling were so consistent the researchers stopped at 275, Gillig said.

"We feel pretty comfortable about the reliability," Gillig said.

ACCORDING TO the sampling, typical users of the Canton library are married couples and their children. Some 13.7 percent of the adults are college graduates, and 31.6 percent have attended or are now attending college.

A total of 58.4 percent of the respondents have visited or phoned the Canton Public Library. 34

ple in the south are gracious, but they can tend to put things off. "Here they keep a quicker pace," he said.

WILLIAMS HARBORS a love of singing and music he attributes to his Welsh blood, and a fervor for craft-

manship he credits to his German grandfather.

Here I fix them (instruments) and tune for some of the fine artists, and I don't play at all. It's kind of strange.

"I enjoy listening to music, and at Plymouth Rotary Club meetings I occasionally lead the singing. I'm not good, but I'm loud, therefore others get infected," Williams said.

That's not to say the Canton businessman doesn't promote music.

"The slogan I have up on my sign is, 'We sell keys to happiness. I think anyone who's been involved in buying a musical instrument and made a commitment to learning to play comes away with an inner satisfaction that's very hard to put a dollar sign on,'" he said.

If there's a single thing Williams could teach people about music, "I would try to have more and more of them understand that no matter what particular talents they've got, you can get yourself immersed and express yourself playing an instrument."

"Music has important therapeutic value unlike anything else."

### ● BREADMAKING CLASS

Monday, Nov. 14 — A one-day bread-making class will begin at 7 p.m. in the Plymouth S.D.A. Church, 4295 Napier Road north of Ford Road, Plymouth. For registration and information, call 882-7348. The class, taught by well-known cooking school teacher Natalie Weaver, will teach easy-to-follow breadmaking techniques. Each student will prepare a loaf in class and bake it at home that night. Recipes for high-fiber breads will be given to students. A donation will be accepted that night to cover materials and handouts.

### ● NUCLEAR WAR THREAT

Monday, Nov. 14 — Lillian Gesner, director of the Center for Peace and Conflict Studies at Wayne State University, will discuss "The Effects of the Threat of Nuclear War on Children and the Youth" at 7:30 p.m. at the Peace Resource Center, upstairs in the Newman House, 17300 Haggerty, Livonia, 464-7766. Gesner also will present the film, "Bombs Will Make the Rainbow Break."

### ● GOAL SESSION

Tuesday, Nov. 15 — The Plymouth Community Chamber of Commerce "Brainstorming and Goal Setting" session has been rescheduled for 6:30 p.m. in the Mayflower Meeting House under the guidance of Dr. Teri Spinelli. To make reservations call the Chamber at 453-1540.

### ● CHAMBER CAUCUS

Tuesday, Nov. 15 — Plymouth Community Chamber of Commerce will have its Caucus luncheon at 11:30 a.m. in the Jacob Room of the Hillside Inn. Special guest speakers will be from Henry Ford Hospital. The topic will be health care costs in the Plymouth community. Cost is \$6.50 per person. Call the Chamber at 453-1540 for reservations.

### ● GENEALOGICAL SOCIETY

Wednesday, Nov. 16 — The Western Wayne County Genealogical Society will hold its monthly meeting at 8 p.m. in the Carl Sandburg Library at 30100 Seven Mile, Livonia. Lydia and Ralph Muncy will speak on Scotland and genealogy.

### ● BUSINESS EXTENSION

Thursday, Nov. 17 — Join your fellow businesspersons at the Plymouth Community Chamber of Commerce's Business Extension held from 5-7 p.m. in the Mayflower Hotel dining room.

Cost is \$4 per person. Hors d'oeuvres are provided as well as a cash bar. Business Extension lets you talk business in a non-business setting. There's no program, no speeches — just time to develop additional business contacts. Phone Chamber at 453-1540 for reservations.

### ● SENIOR DISCOUNT PROGRAM

Friday, Nov. 18 — Any person age 60 or older living in the city of Plymouth or Plymouth Township who do not already have their "Photo ID Card" for the Senior Discount Program. Photos for the ID card will be taken on the second floor of Plymouth City Hall at 201 S. Main beginning at 1 p.m. There will be a charge of \$1. Persons must call before Nov. 18 to make an appointment. Bring proof of age. For appointment call Plymouth Community Council on Aging at 455-4907 from 10 a.m. to 2:30 p.m. Monday through Friday.

### ● BOOKMAKING

Saturday, Nov. 19 — Help celebrate National Children's Book Week by creating your own book from 1-3 p.m. All materials will be provided by the Canton Public Library. Register beginning 10 a.m. Monday, Nov. 14, at the Canton Library or by phone.

### ● BLOOD PRESSURE SCREENING

## CHILLY AUTUMN WEATHER BRINGS COOKING BACK TO THE KITCHEN

The shorter days and chilly nights of autumn are a sure sign that summer's over. Once again it's time to store patio furniture, bring in all but the heartiest of plants and check the wood supply to ensure frequent fireside lounging in the cold months ahead.

For many homemakers, these first hints of fall also signal a renewed interest in oven cookery. This return to slow baked, hearty meals means a kitchen filled with appetite-piquing aromas and families who have had several fragrant hours to anticipate dinner. You'll definitely want it to be worth the wait.

One sure way to satisfy this hungry herd is with a succulent roast capon dinner with all the "fixins". This menu includes a slow roasted capon filled with vegetable stuffing, a colorful leafy green salad, a pear and pastry tart for dessert and, to help warm the insides, a glass of cider sparked with a spirited dash of California brandy. The subtle flavor of these brandies from California gently enhances the taste of fruit drinks as well as many sauces and dressings.

Capon is a plump, juicy fowl with delicate, velvety breast meat that slices and serves easily. Wrapped and refrigerated, the meat stays moist for a delicious "next day" Hot Capon Salad. These roosters are sexed at an early age, then specially fed and treated to increase weight gain and produce a particularly tender and meaty bird.

Herbed Vegetable Stuffing is made by mixing sauteed mushrooms, carrots, onions and celery with acorn squash, raisins and Herb Seasoned Stuffing Mix. Made from specially formulated bread, the stuffing mix has a perfect blend of seasonings that complement the flavor of the vegetables.

The salad is an interesting blend of leafy greens (endive, red leaf lettuce and spinach) with red cabbage, cherry tomatoes and other vegetables added for color. A dash of brandy added to a basic sour cream and yogurt dressing makes a tangy, very unusual dressing for the salad. Also, a helpful hint—if the salad is dressed as it's served it stays crisp longer and any leftovers can be refrigerated for later use. Seasoned croutons added just before serving provide texture.

And the piece de resistance is an exquisite Brandied Pear Tart for dessert. The shell for the tart is easily made using frozen puff pastry sheets that can be thawed and ready to use in just minutes. The frozen pastry eliminates all the time consuming work of pastry making yet results are equally light, flaky and delicate. A mixture of ground almonds, sugar and flour is sprinkled over the pastry. Over this is layered thinly sliced pears. After baking, a glaze of apricot jam and brandy is spread over the tart and a brandied custard sauce is passed with each serving.

Along with sighs of contentment from diners, cheers and accolades for the cook are virtually guaranteed.

### TO PREPARE CAPON:

Remove plastic bag, free legs and tail from tucked position. Remove giblets from body and neck cavities and simmer in enough water to cover for 1/2 hour for liver and 2 hours for neck, heart and gizzard. Chop meat and reserve broth. Sprinkle cavities lightly with salt and fill loosely with stuffing. Skewer neck skin to back and return legs and tail to tucked position or cover stuffing with aluminum foil and tie legs and tail together loosely. Place capon breast-side up on a rack in shallow open roasting pan. Brush capon with melted butter and cover loosely with aluminum foil, crimping it to edges of pan. Foil should not touch capons. Roast at 325° about 40 minutes per pound. Remove foil during last 45 minutes of roasting time. Cut band of skin or string to free legs. Roast until leg joint moves easily and meat is tender. Meat thermometer should register 185°.

To make gravy, pour drippings from roasting pan into large liquid measure. Spoon 5 to 6 tablespoons of fat from top of drippings and return them to roasting pan. Skim away remaining fat and add enough liquid (giblet broth, milk or water) to make 3 cups. Blend 6 tablespoons flour into fat in roasting pan; stir and heat to brown. Gradually add liquid, salt and pepper and chopped giblets. Heat through. Makes 3 cups.

### HERBED VEGETABLE STUFFING

- 3/4 pound fresh mushrooms, sliced
- 1 cup shredded, peeled carrots
- 1 cup chopped, peeled onion
- 1 cup julienne celery pieces, each 1/8 x 1/8 x 3/4 inches
- 1/2 cup butter or margarine
- 1 acorn squash (3/4 pound), peeled, seeded, cut into 1/2 inch pieces and cooked (about 2 cups)
- 1/3 cup dark seedless raisins
- 1/2 teaspoon dried thyme leaves
- 1/2 teaspoon dried powdered sage
- 1 package (8 ounces) Pepperidge Farm Herb Seasoned Stuffing
- 1 cup chicken broth
- 1 large egg, beaten

In a large skillet, saute mushrooms, carrots, onion and celery in butter until tender. Add remaining ingredients and toss thoroughly. Makes enough stuffing for an 8 to 10 pound capon. Bake any extra stuffing in a covered casserole for about 30 minutes or until hot. Put in the same oven with capon.

### AUTUMN HARVEST SALAD WITH CREAMY GREEN PEPPER DRESSING

#### SALAD

- 1 head endive
- 1 head red leaf lettuce
- 1 small bag spinach
- 1/2 small head red cabbage, finely grated
- 1 pint cherry tomatoes, cut into halves
- 1 large red onion, thinly sliced and separated into rings
- 1 small bag radishes, thinly sliced
- Creamy Green Pepper Dressing (recipe follows)
- 1 cup Pepperidge Farm Seasoned Croutons

Wash, drain and shake dry endive, leaf lettuce and spinach. Tear greens into pieces, discarding hard sections of stems. Place greens, grated cabbage, tomatoes, onion rings and radishes in salad bowl. Toss until thoroughly combined. Serve with Creamy Green Pepper Dressing and croutons. Makes 10 servings.

#### GREEN PEPPER DRESSING

- 1 large green pepper, finely diced
- 1 cup sour cream
- 1 cup plain yogurt
- 2 tablespoons California brandy
- 1/2 teaspoon garlic salt
- 1 teaspoon dill seed

Combine all ingredients. Stir until yogurt and sour cream are completely mixed. Makes 2 cups dressing.

### PEAR TART WITH BRANDIED CUSTARD SAUCE

#### TART

- 1 sheet Pepperidge Farm frozen Puff Pastry
- 1 egg yolk beaten with 1 teaspoon water
- 1/2 cup ground blanched almonds
- 1/4 cup sugar
- 1 tablespoon all-purpose flour
- 3 large ripe pears, preferably anjou
- 1/4 cup lemon juice mixed with 3/4 cup water
- 1/4 cup apricot jam
- 2 tablespoons California brandy

Thaw puff pastry 20 minutes. Unfold and roll on a lightly floured surface to a 13-inch square. Fit pastry into an 11-inch fluted tart pan with removable bottom, trim edges. Brush bottom of pastry with egg yolk and sprinkle with a mixture of almonds, sugar and flour. Peel pears and cut in half lengthwise. Cut 2 pears lengthwise into thin slices and dip in lemon solution. Arrange around outer edges of pastry in tart pan, overlapping slices slightly. Cut remaining pear crosswise into thin slices, dip in lemon solution then arrange in center of tart in a spiral fashion. Bake in preheated 350° oven for 45 to 50 minutes. Remove from oven and cool on wire rack. Heat jam and brandy in a small saucepan and brush over pear filling to glaze. Remove outer rim of tart pan and serve pear tart with Brandied Custard Sauce. Makes 10 servings.

#### CUSTARD SAUCE

- 1/2 cup milk
- 1/2 cup light cream or dairy half-and-half cream
- 3 large egg yolks
- 1/4 cup sugar
- 2 tablespoons California brandy
- 1/2 teaspoon vanilla extract

In the top of a double boiler, over simmering water, heat milk and cream until bubbles form around edges of milk. Beat egg yolks and sugar in a small bowl and gradually add hot milk mixture, beating eggs constantly. Return mixture to pan and cook, stirring constantly, until mixture thickens slightly and will lightly coat the back of a metal spoon. Remove from heat and stir in brandy and vanilla. Cover and chill. Serve with pear tart. Makes 1-1/4 cups thin sauce.

### BRANDY MULLED CIDER

- 2-1/2 cups apple cider
- 1-1/2 cups California brandy
- 1/4 cup sugar
- 1 tablespoon lemon juice
- 1/4 teaspoon ground cardamom
- 3 sticks cinnamon

In a saucepan combine apple cider, brandy, sugar, lemon juice, cardamom and cinnamon. Heat until just simmering but do not boil. Remove from heat and cool. Pour with cinnamon into an attractive decanter or carafe and cork tightly until ready to serve. Makes about one quart.

### HOT CAPON SALAD WITH CREAM OF CURRY DRESSING

#### CURRY DRESSING

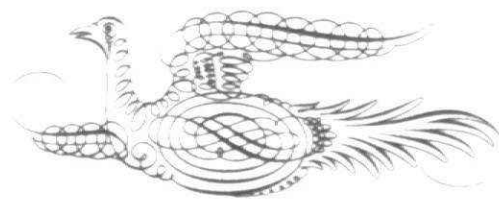

- 1 tablespoon vegetable oil
- 1/4 cup chopped onion
- 1 teaspoon mild curry powder
- 2 teaspoons tomato paste
- 1/2 cup red wine
- 1/2 cup water
- 1 bay leaf
- 1 tablespoon sugar
- 2 teaspoons lemon juice
- 2 slices lemon
- 1 tablespoon apricot jam
- 1-1/2 tablespoons all-purpose flour
- 1 teaspoon dijon-style mustard
- 1 cup milk
- 1 large egg

In a small saucepan saute onion in oil until tender. Add curry and cook 1 minute longer, stirring constantly. Add tomato paste, wine, water, bay leaf, sugar, lemon juice and lemon slices. Simmer 10 minutes, discard bay leaf and lemon. Put into a blender container or food processor, add apricot jam and blend at high speed until pureed. Set aside. In the same saucepan mix flour with mustard, milk and egg. Bring to a boil over high heat, stirring constantly. Stir in reserved curry mixture.

#### SALAD

- 3 cups broccoli florets, sliced thinly lengthwise and cooked until tender-crisp
- 2 cups cubed, cooked leftover capon
- 1 cup halved cherry tomatoes
- 1 can (8 ounces) sliced water chestnuts
- 1/2 cup julienne strips red pepper
- Romaine lettuce leaves
- Salt and pepper

In a large bowl mix broccoli, capon, tomatoes, water chestnuts and red pepper. Add half of the hot curry dressing and toss well. Season with salt and pepper. Spoon into a lettuce-lined bowl and serve while warm. Pass additional dressing at the table. Makes 4 to 6 generous servings.

**THE THEATRE** Guild has issued a casting call for its second production of the season. Open auditions will begin at 7:30 p.m. Wednesday and Thursday in Central Middle School. The serious drama, "Bad Seed," is scheduled for the last weekend in January and the first weekend in February.

The story is about a family struggling to cope with a problem child. And the part of the child, an 8-year-old girl, is probably the most challenging in the play. It's an excellent opportunity for a talented girl to launch an acting career in community theatre.

The show also offers roles for men and women. For more information, call Patricia Bray any evening.

**SEVERAL AREA** celebrity look-alikes helped make the J. Walter Thompson auction for the "United Fund Torch Drive" a huge success. The auction arranged by the advertising firm raised more than \$200 for the U.F.

Marge Rousseau as Doris Day, Dennis Murdoch as Burt Reynolds and Doni Donlin as Phyllis Diller were part of the half-time entertainment.

**CLIFF BUTTERMORE**, son of Mr. and Mrs. Cliff Buttermore of Fairground Street, Plymouth, was elected chaplain of the junior class of Maranatha Baptist Bible College in Watertown, Wis.

**GARY GAYLORD** of Plymouth was in Dallas recently for the Phi Delta Kappa 98th Biennial Conference and International Conference on Educational Issues. He represented Eastern Michigan University at the meeting, which included delegates from 584 chapters from every state, Canada and several other countries.

**THE HUSBAND** and wife team of Frances and Rene LaCombe did it again. They came in 1-2 in the Thursday afternoon party bridge games at the Plymouth Cultural Center.

Once more, Rene thought he had high score until Frances totaled her tally card.

**THE PLYMOUTH** Historical Society is accepting new members. Membership in the society is open to all those interested in becoming involved in preserving the heritage and history of the community.

The society directs the operation of the Historical Museum which is not supported by any government organization. The society is a member of the Plymouth Chamber of Commerce and the Southeastern Michigan Travel Association. Primary source of revenue is from membership dues and donations. Because it is a non-profit organization, all donations are tax deductible.

Membership dues are: student, \$2 active, \$10 sustaining, \$25, patron, \$50, corporate, \$125, and life, \$200. Although the museum is run by a director, most of the jobs are done by volunteers and they need help, both financially and physically.

**CHARLES BURR** is playing Dr. Armstrong, the jumpy nurse specialist, in Agatha Christie's "10 Little Indians."

The play opened Oct. 20 at True Grist Inc. in Homer and will run through Nov. 26. They have a matinee lunch on Wednesdays with cocktails at 12:30 p.m., dinner at 1 and curtain time at 2 p.m.

They cleaned out one of the old brick out-buildings by the former grist mill and found old flour sacks, small antique grinders, oil cans and leather belts with little buckets that were used to carry grain.

**TERRY AND OLIVIA** Sweeney and Ted and Cathy Main are co-chairing this year's Christmas Fair at St. John's Episcopal Church. The fair will be 9 a.m. to 3 p.m. Saturday, Dec. 3.

Marian Gaffney is in charge of baked goods. JoAnne McCallum has the white elephants, and Robin Kinslow-Evans is in charge of the new yard goods booth.

Chef Jacques will be back, returning by popular demand, to cook up the best lunch in town. It will be served from 11:30 a.m. to 1:30 p.m.

## Colonial tea turns back clock to 18th century

The colonial tea planned by the Sarah Ann Cochran chapter Daughters of the American Revolution will mirror typical afternoon gatherings of 18th century America.

The tea will combine the niceties those east-coast ladies were determined to preserve with the crafts they practiced to survive in the new country.

Doris Richard and Pat Robinson are co-chairing the colonial tea 1-4 p.m. Thursday in St. John Episcopal Church. It is open to the public and tickets may be purchased in advance at Plymouth Book World Volume II on Penman Avenue, or the Salt Box in Westchester Mall, Forest Avenue. Donation is \$2.50. For information call 453-4425 or 453-1187.

The women will serve a variety of sweets based on research into old cook books. Among them will be trifle, shortbread and lemon curd tarts.

COLONIAL women learned many new skills to clothe their families and make their homes more livable and attractive. Idle hands were frowned on and women kept busy even when they met for chatter and exchange of the latest news.

Many of these crafts will be demonstrated at the colonial tea.

Annette Hendryckx and Ardis Eidson will be quilting. Chris Campbell will be tatting and netting. Mary Babbitt will be knitting.

Other artisans and their crafts will be Doris Richard, crewel and barge, Diane Klomik, spinning and wool dyeing. Meg Coponen, basket making. Pat Scott, rug hooking. Melanie Robinson, chair caning. Elsa Scheppe, dried flowers. Anita Horwood, toile painting. Jo Krause, rug braiding. Jane Smith, wood carving. Pat Stringer and Mary Ann Cardno, stenciling. and Karen Poulos and Elva Asquim, wheat weaving.

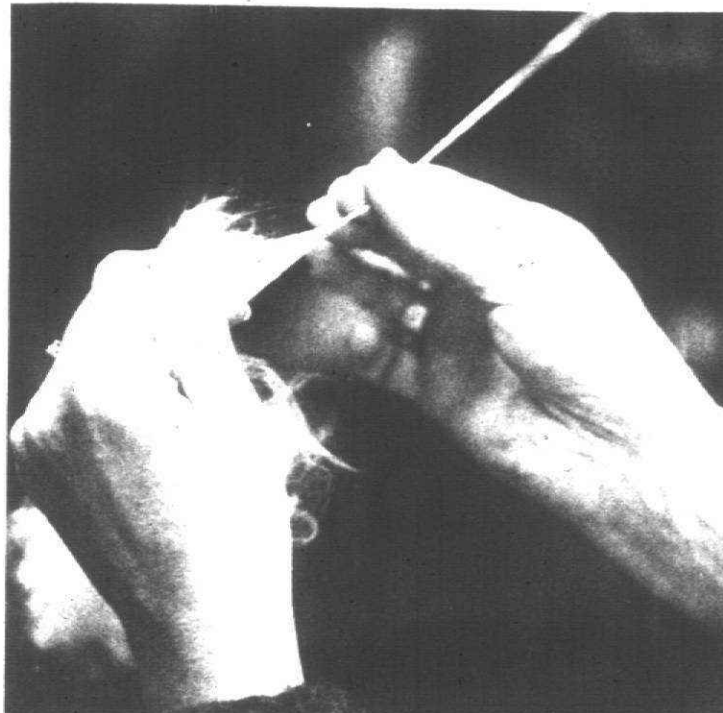

Some of the crafts people will have

examples of their work for sale. Gladys Deyo will explain and demonstrate genealogy research. Diane Kimball will provide a colonial musical background for the tea as she sings the old songs and plays her dulcimer.

SARAH ANN Cochran chapter has arranged the tea as a fund-raiser. Proceeds from the event will help finance computers for National DAR headquarters in Washington, D.C.

At the local level, the chapter gives scholarships each year to high school students. On the national level, it gives financial support to schools for North American Indians, and to DAR schools and colleges for mountain folk and the underprivileged.

The chapter will mark its 57th anniversary Monday, Nov. 21 with a birthday luncheon in the Miles Standish Room of the Mayflower Hotel. Those wishing more information about the DAR may call 453-4425 or 348-2198.

Busy hands were a virtue for colonial ladies and many of their crafts, such as spinning, will be demonstrated at the DAR tea.

## Caldicott: 'Nuclear freeze is possible'

By Sharon Dargay  
staff writer

Stopping the Soviet-U.S. arms race is "a piece of cake."

It doesn't take money. It doesn't require political savvy or extensive knowledge of the world's nuclear arsenal.

It takes unity, a "work your tails off" commitment to the cause and ballot box muscle in the 1984 presidential election.

But if Americans allow the Pentagon to deploy Pershing II and Cruise missiles, control is doomed — and nuclear holocaust inevitable.

The urgency of that message was evident last week when Dr. Helen Caldicott, "mother" of the nuclear freeze, spoke to a full house in the Southfield Pavilion.

The 45-year-old Australian breezed into Detroit to appear on talk shows — while tending off interviews with other media — and to meet with directors of the Physicians for Social Responsibility, a group she founded five years ago. Then it was off to Southfield Civic Center where she raced through an hour-long speech and skimmed through a stack of written questions before being whisked off to Metro Airport.

Her comments, a rapid-fire assault on America's lethargy in arms control, were at times cynical and accusatory.

## Urges listeners to work to end nuclear threat

at others impassioned and warm. When one listener complained that her bullet-like delivery was difficult to understand, she apologized for having "so much to say in so little time."

**PUNCTUATING HER SPEECH** with jokes and personal anecdotes, quoting the U.S. constitution, Jesus Christ and Shakespeare, Caldicott challenged listeners to commit their "lives, future and sacred honor" to saving the earth.

"I was in Congress on the day of the MX missile vote. The halls were full of lobbyists from the Pentagon and missile contractors. Where were the people and their children?"

— Dr. Helen Caldicott, freeze proponent

mer practicing pediatrician, she also authored "Nuclear Madness" a primer for peace activists and began making personal appearances to convert others to the cause.

"Why not have a million people go into Congress and lobby? It would break them out of their minds. We could stop the arms race in one day."

"Who runs your Congress?" The corporations do. I was in Congress on the day of the MX missile vote. The halls were full of lobbyists from the Pentagon and missile contractors. Where were the people and their children?"

She urged voters to dump politicians who support arms build-up, including President Reagan, who she described as "ill-informed" and lacking the

background knowledge to debate" the topic. Caldicott said her 90-minute meeting with Reagan earlier this year was a "worrying experience," during which the president referred to a Reader's Digest article to support his arguments.

**SHE POINTED OUT** that the United States has enough firepower to kill every Soviet citizen 40 times over. Fifty percent of its missiles are housed in nearly invulnerable submarines. Only 25 percent are land-based. The Soviets, with land-based missiles constituting 75 percent of its arsenal, can fatally strike every U.S. citizen 20 times.

# 'Mother' of nuclear freeze says, 'It takes unity'

Continued from Page 5

"And Reagan plans to build more. We only have a year left. Even though the Cruise and Pershing missiles are being deployed this year, just a few are going in. This year we can get them pulled out."

"If not it's too late. It signals the end of arms control."

Caldico said that Pershing IIs hit their targets six minutes after launch, allowing virtually no time to reverse computer mistakes. She claims that during the first six months of this year

alone, computers in charge of America's defense system erred 130 times, "thinking nuclear war" had begun. She also charged that a computer snafu signaled a "red alert" for six minutes in 1979 when a war "games" program was mistaken for the real thing.

"The Russian computers are far less sophisticated than ours, and we won't sell them technology. I should think we would," she said.

Caldico claims the Soviets would "cease to be our enemies" if the United States flooded the country with "GM

cars and blue jeans," and responded to Soviet disarmament proposals.

"The Russians are paranoid. They have no allies. One thing we've learned in medicine is not to threaten a paranoid patient."

"We're married to the Russians. We either learn to live with them, or we die with them."

THE DEPLOYMENT of cruise missiles further strains that relationship. Undetectable by Soviet satellite, the weapons erode the mutual system of verification that forms the basis of arms control, she said.

That in turn, she told the Southfield audience, threatens survival of the planet. She exploded an imaginary 20-megaton bomb over the Southfield Civic Center graphically driving home her point. Caldico also urged skeptics to watch "The Day After," a controversial made-for-television film on nuclear war, scheduled for broadcast Sunday, Nov. 20.

Although most of some two dozen written questions submitted by her audience sympathized with her views, several demanded concrete suggestions for action.

Glossing over several, she referred their writers to Physicians for Social Responsibility for more information, urged them to watch the Nov. 20 broadcast and read her forthcoming book.

### School nurse really caring

To the editor:

Several weeks ago, as most Plymouth-Canton employees were returning to work, one dedicated school employee fought and lost her battle with cancer. On Oct. 21 Darlene Huyck died.

Ms. Huyck was a nurse in the Plymouth-Canton schools for the past eight years. During her years of service to the district, she routinely tested sight and hearing, dealt with minor ailments

and injuries, and made recommendations and arrangements for additional treatments and services.

With dedication and personal caring she serviced children and their families far beyond her professional guidelines.

Ms. Huyck's services did not end with her professional role. As a caring, giving human being, she extended herself; offering her love, her energy, her time, and even her own limited financial resources to those whom she serviced daily.

She made herself available as a sympathetic ear to those who had no one else. She provided emergency transportation. She spent hours searching for

organizations and individuals who could provide the medical, optical, and holiday assistance that she knew was needed by many of those whom she worked with. And when all other resources failed, she often dug into her own pocket to pay medical bills and purchase groceries. Many of those who received Ms. Huyck's support never knew how much of herself she was offering.

Those of use who knew her, worked with her, and cared for her, will long remember and miss this very special lady.

### Share views on nuke film

To the editor:

The evening of Nov. 21 ABC-TV will show a movie entitled "The Day After," which shows life in Kansas City before, during, and after a nuclear attack. Jason Robards stars as a physician who survived the initial attack.

Ground Zero, a non-partisan educational organization headed by Roger Molander (who was a member of the National Security Council in the Carter, Ford and Nixon administra-

tions) has urged all Americans to watch this show, preferably with family and friends.

It won't be an easy film to watch, but the urgency of raising public consciousness about the dangers of nuclear war is such that people need to see this show.

The meeting will begin at 7 p.m. Monday, Nov. 21, with coffee and at 7:30 the group will begin its discussion. The PRC is located at the Newman House just south of Schoolcraft College on Haggerty Road in Livonia. Anyone interested is welcome to attend. For more information, call 464-7766.

**Tell me about your high gas heating bills...**

**and I'll tell you how some people saved as much as 20%\* with Ameri-Therm®**

**THE PROBLEM**  
You have a hole in your roof.  
The hole?  
Your furnace vent.  
Every time your furnace turns off, the warm air in your home is quickly lost up in the furnace vent, and on goes the furnace again, heating the air and running up your gas bill.  
When a furnace, boiler or water heater shuts off, warm air in your home is quickly lost up the furnace vent. Energy escapes, but you still end up paying for it. People want to save as much as they can, so I tell them to keep heat inside with an Ameri-Therm® Vent Damper.

**THE SOLUTION**  
Close the hole in your roof with an Ameri-Therm® Vent Damper.  
The heat of your furnace opens the Ameri-Therm® Vent Damper. When the furnace turns off, the Ameri-Therm® Vent Damper closes your furnace vent and the warm air you paid for stays where it belongs, inside your home.

The Ameri-Therm® Vent Damper is...  
**SIMPLE**  
• Easy to install  
• Requires no electrical hookup  
**SAFE**  
• Proven in millions of locations worldwide  
• Five-Year limited warranty  
**SAVES MONEY**  
• Eligible for 15% tax credit  
• Based on a study of 400 homesites done by the East Ohio Gas Company, some people saved as much as 20% on their gas heating bills. This study showed an average savings of 12%. Your individual savings may be higher or lower depending on climate, living conditions, and home insulation.  
Available for gas furnaces, gas boilers and gas water heaters.

## All-Observer runners best in state?

By C.J. Risak  
staff writer

**W**HEN ARE THOSE bigwigs at the Michigan High School Athletic Association office up in Lansing going to get smart and stage the cross country state meet where it belongs?

Namely in western Wayne County, or at least somewhere close by.

What area deserves it more? Take a look at some of the athletes the Observer-area coaches selected to the All-Area cross country team at a meeting last week.

Redford Catholic Central's team smoked every other squad in the state in claiming the Class A title. And there were lots of other outstanding performances by the boys. Nine of the 10 chosen to the All-Area team placed among the top 45 in their respective races at state meet.

And three finished in the top 10.

The area's female runners also sparkled. Eight of the 10 selections finished among the top 50 at state meet.

If that isn't enough to convince the MHSAA that this area is just about the best there is in the state for cross country talent, what would it take?

Here's the coaches' picks for this year's All-Observer cross country team, both boys and girls. Incidentally, this year's squad is truly an All-Observer team, with the inclusion of Farmington school athletes that make it more competitive than ever.

Catholic Central's state title earns the boys first discussion rights.

### ALL-OBSERVER BOYS' CROSS COUNTRY

Steve Shaver, Redford Catholic Central, junior: CC coach Tony Magni called Shaver "a runner who thrives on competition."

Shaver lived up to that estimation by overcoming some early season injuries and peaking at the state meet to finish fourth (15:48). He was the Catholic League and Haslett Invitational champion and took fourth at the regional.

Shaver's best time was 15:34 at the Sturgis Invitational. He was named All-State and All-City for the second time and All-Catholic for the third.

Marty Hegarty, Catholic Central, junior: Hegarty ran close behind teammate Shaver in placing seventh at state (15:54). That clocking came after a season's-best performance at the regional (15:37.5). "He's one of our most talented runners," Magni said.

said. "He came on strong for the big races."

Hegarty has been named to the All-State, All-Catholic and All-City teams twice each.

Jim Cauzillo, Catholic Central, junior: Cauzillo might be a star on any other team but at CC he's just one of a long line of first-rate runners.

Cauzillo earned a "most improved runner" description from Magni. "He matured nicely through the year," Magni continued, "and was a key to our performance in the finals."

Cauzillo's state finals performance was a 21st. He was also seventh at the regionals and sixth at the Catholic League, and earned All-Catholic and All-City accolades.

Mark Anderson, Catholic Central, senior: It wasn't just swift feet that Anderson contributed to CC's success this season.

"He was one of our senior leaders," said Magni. "He led our team in the early part of the season when we were struggling with injuries."

Anderson also did a lot of leading with his feet. He placed third at the Shrine and Haslett Invitational, fifth in the Catholic League, 14th at the regional and 44th at the state. Anderson was named both All-Catholic and All-City for the second time.

Ken Dubois, Livonia Stevenson, senior: Dubois ran up a record while at Stevenson that will be difficult to beat.

Tie the record — maybe, but it would be difficult. Dubois won every dual meet he ran in during his three-year career. This year's titles include firsts at the Livonia city meet, Schoolcraft Invitational, Spartan Invitational, Redford Union Invitational and the Western Lakes Athletic Association title meet.

Dubois placed sixth in the state with a 16:06 clocking and was named to All-Western Lakes Activities Association (WLAA) and All-State honors.

Doug Plachta, Livonia Churchill, junior: Plachta charged to a 17th-place finish at the state finals and, together with teammate Don Miller, gave Churchill a strong one-two combination.

Plachta's best clocking came in a third-place finish at the Redford Union Invitational (16:26). He placed third in both the WLAA and city meets and was fifth at the Schoolcraft Invitational and in the regionals.

"He came on strong as the season progressed," said coach Dave Westover.

Don Miller, Churchill, senior: Miller won five of

## '83 Chiefs make big splash

The best.

That's how Plymouth Canton swim coach Hooker Wellman assesses his team this season.

"I've had more cooperation from the kids and the parents this year than in any other year," Wellman said. "During the strike, the parents and the administration were just super. Something like that can just send a team down the tubes."

Not the Chiefs.

They beat Livonia Churchill Thursday night, 96-76, to become the winningest swim team (boys or girls) in the school's history. The Chiefs, champions of the Western Lakes Western Division, are 9-2 overall this season.

"We were league champs three years ago and now we are division champs; basically, with the same group of kids," Wellman said. Margaret Gilligan and Lynn Massey paced the win with two firsts apiece. Gilligan won the 200-yard freestyle in 2:07.85 and the 500-yard freestyle in 5:48.47. Massey's 26.55 won the 50-free and her 58.40 won the 100-free.

Ginnie Johnson won the 100-butterfly in

1:04.0 and she placed second in the 100-breaststroke with a 1:13.98.

Canton went one-two in the diving competition with seniors Cindy Sherwood (189.60) and Shawn Neville (182.60).

The Chiefs 200-medley relay team of Kelly Kirk, Kim Elliott, Michelle Stackpoole and Massey took first in 2:06.2.

Sue Sawyer provided the highlight of the meet for the Chiefs. The senior, swimming in her final dual meet, knocked seven seconds off her time to finish second in the 100-butterfly with a 1:15.66.

Canton will try to unseat defending Western Lakes champ Livonia Stevenson in the league meet Friday, at Salem.

PLYMOUTH SALEM ended its dual sea-

son with an exciting victory over Farmington Harrison last Thursday. The win gives the Rocks an 8-6 overall record in dual meets this season.

Victories in both relays, plus two first-place finishes by Laura Shaffer paced the Rock win.

The 200-medley relay team of Amy Dunn, Cindy Elliott, B.J. Bing and Cheryl Truskowski swam a 2:06.5, just .05 faster than the Harrison team.

The 400-freestyle relay team of Erin Boughton, Bing, Krystal Taylor and Shaffer swam a 3:58.2, .9 faster than the Hawks.

Shaffer won the 200-individual medley with a 2:26.6 and the 100-yard butterfly in 1:06.6.

Taylor swam first in the 100-freestyle with a 58.4 and Dunn won the 100-backstroke with a 1:09.2.

The Rocks scored some crucial points with second- and third-place finishes. Taylor (200-free) and Cory Silver (diving) had seconds, while Truskowski (50-free and 100-free), Cindy Elliott (100-breaststroke) and Lindsay Olson (100-backstroke) all took thirds.

seven dual meets during the season and was the top Charger runner over the past three years.

The Churchill captain was second at the WLAA and city meets, third at Schoolcraft and 30th in the state. His best clocking came against Northville (16:20) at Cass Benton.

David Adkins, Redford Union, junior: Adkins "hasn't even begun to reach his potential" according to coach Bob Ouellette.

Adkins won the Walled Lake Invitational, was named to Schoolcraft All-Invitational team and was selected to the All-Northwest Suburban League (NSL) squad. He was also chosen as RU's Most Valuable Runner.

"He is an extremely competitive runner," Ouellette said, "who is highly respected by other runners because of his determination and tremendous finish."

David Homann, Garden City, junior: Homann placed 32nd at the state meet this season, the second time he has competed in the Class A finals.

Homann won eight of nine dual meets and was named to All-Invitational teams at Schoolcraft and Wayne. He was selected to the All-NSL squad and ran a 16:12 in placing first in a dual meet against Westland John Glenn at Hines Park.

Homann also excels in the classroom, where he carries a 3.65 grade point.

Jay Hunt, Westland John Glenn, junior: Hunt finished the season well, placing third in the regional with his best time of the year (15:48) and ending 14th in the state meet.

A first-team All-NSL member, Hunt won all seven dual meets he ran in and was named to All-Invitational teams at Schoolcraft and Redford Union.

Glenn coach Ed Phillips called Hunt "a runner who consistently performed well when the performance was needed. A team leader all year — he could be the best runner in John Glenn history."

## ALL OBSERVER GIRLS CROSS COUNTRY

Katie Showich, Redford Thurston, sophomore: Katie's work ethic didn't stand in her way as she sped to the NSL championship and lost only one dual meet this season.

In invitational competition, Showich was fifth at the Schoolcraft and seventh at Redford Union. She was fourth in the regional and took 19th in the state meet.

"Katie was a hard worker who ran consistently well all season," said coach Bob Lake. "She came from a family where running is a way of life. Her brother, Ken, and her father were both outstanding distance runners."

# Plymouth Aces off to fast start

The Plymouth Junior Aces hockey team is off to its best start ever this season, compiling an impressive 13-0-3 record after 16 games.

The Aces are tied for first place in the Adley Community Hockey League (ACHL) with a 5-0-1 record after battling undefeated Garden City to a 5-5 tie last Monday.

Garden City scored two quick goals in the first minute of play to take an early 2-0 lead.

Scott Smith put the Aces on the board later in the period to cut the deficit to one, but Garden City came back to take a 3-1 lead at the end of the period.

SMITH SCORED his second goal just 11 seconds into the second period. But, Garden City scored the next two goals, and Plymouth was down 5-2.

The Aces never quit. Sparked by de-

## cross country

Ellen McCarthy, Farmington Mercy, junior: McCarthy's top showing came in the regionals at Royal Oak Kimball (19:34). She enjoyed a good outing at the state meet as well, finishing 21st (20:14). Other accomplishments include three wins in the city and WLAA meets, 10th at the Redford Union Invitational and 34th at the state finals.

"She has a great deal of potential to be a very good runner in the next three years," said coach Dave Westover.

Schultz's best time came in her third-place finish in the regionals (19:56).

Julie Recla, Churchill, senior: Recla was Churchill's top runner over the course of the season, winning all five dual meets she competed in and capturing titles at the Livonia city meet, Schoolcraft Invitational, WLAA meet and at the regionals.

Recla was third at the Redford Union Invitational and placed 50th at the state meet. Coach Westover called Recla "a standout performer for four years."

She was the team captain and a two-time All-State runner.

Dorene Dudek, Livonia Churchill, senior: Dudek's season's best came at the regionals, where she placed ninth (20:11). She was also third in the city meet and was ninth at both Schoolcraft and the WLAA meet.

Dudek was "a dependable performer for three years whose competitive desire will be missed," said coach Westover.

Karen Opp, John Glenn, sophomore: This sophomore ran like an experienced veteran, winning top honors in four dual meets and placing first in the Bobby Crum Road Race in the 14-15 age category.

An All-NSL team member and a selection to Invitational teams at Wayne and Redford Union, coach Ed Phillips called Opp "a tremendous sophomore talent and the hardest working member on the team. Opp broke 20 minutes both against Garden City (19:52) and at the state meet (19:56).

Susan Tatigian, Livonia Stevenson, junior: In seven major events, the worst Tatigian placed was

sixth. At state meet she placed 35th (20:30). Tatigian won the Spartan Invitational, was second in the city meet, third at Schoolcraft, fourth at the WLAA meet and the Redford Union Invitational, fifth at the Shrine Invitational and sixth at the regionals.

Her efforts earned her Stevenson MVP honors.

Kristen Schultz, Livonia Churchill, freshman: Schultz showed considerable poise in her rookie season, placing third in the regional, eighth in the city and WLAA meets, 10th at the Redford Union Invitational and 34th at the state finals.

"She has a great deal of potential to be a very good runner in the next three years," said coach Dave Westover.

# Grid coach resigns after 26 years

By Brad Emons  
staff writer

One of the most personable and respected football coaches in the area is stepping down after 14 years at Livonia Churchill.

Ken Kaestner announced last week that he is retiring from the game he so dearly loves.

"I've coached for 26 years," Kaestner said. "I considered it when I hit the 25th, but I came back in consideration of last year's kids. We didn't have a good year (1-8) and I couldn't leave it at that."

Churchill started slowly this season, but came on strong, winning its final three games to finish with a 4-5 record. But Kaestner's coaching career may always be remembered for his 13-12 upset last month of No. 1 ranked and defending Class A champion Farmington Harrison, snapping the state's longest winning streak at 29 games.

"This year turned out to be an unbelievable finish," he said. "I'm leaving it with a great feeling."

KAESTNER'S RECORD at Churchill was 72-59-3.

He won four Western Six League titles and had two unbeaten teams (1972

and 1978). His 1978 team made the Class A playoffs.

An enthusiastic man with a good sense of humor, Kaestner said "I have to pay respects to my staff who treated us great."

"I can't go out without mentioning Herb Osterland, who has been my assistant for 10 years," said Kaestner.

"And Bob Armstrong, who coached our linemen until he got out four years ago, and Roger Prayer (Livonia Stevenson's athletic director) who coached with me."

Kaestner came to the Livonia district in 1960 after serving as an assistant at Auburn Heights Avondale. He coached for five years at Whittier Junior High in Livonia and was an assistant coach at North Farmington along with John Herrington (Harrison's head coach) under Ron Holland.

In 1967, Kaestner became the head coach at Brighton High School, but returned to Livonia the next year to start Churchill's program.

"I NEVER would have gotten the Churchill job if it hadn't been for Ron Holland," Kaestner said. "And Bob Bentley (Bentley's AD) gave me the chance. He hired me. And Larry Joiner (Churchill's AD) gave me the guidance. And George Lovich (Franklin's AD) helped me only early."

"Those are all class people — just super. I love 'em to death."

During his coaching career, Kaestner saw some great players and great teams.

"What sticks out in the mind is Sam Antonazzo — a great athlete — and that 1964 Franklin team," Kaestner said. "That team would have whipped a lot of teams around today."

"And of course Bentley had Boris Dimitroff on earlier and at Stevenson there was Dave Hall."

"Tom Moshimer's 1974 (Plymouth Salem) team sticks out and so does that 1970 North Farmington team with Mike Gow and Drew Mahalic. And of

"We did some self-evaluating at half-time and came out and played some ball in the second half."

The Hawks sank just nine of 51 shots from the floor.

Canton is now 8-11 on the season. The Chiefs will host Westland John Glenn Tuesday night in a non-league affair.

PLYMOUTH SALEM rebounded strongly after its Western Lakes Athletic Association semifinal loss to Walled Lake Western Tuesday with a convincing 59-33 drubbing of Walled Lake Central Thursday.

"This was one of our better scoring efforts," said Salem coach Fred Thoman. "Central played us man-to-man

## Royals top Falcon icers

Bill Gutenberg's goal in the final period gave the Redford Royals a 5-4 Great Lakes Junior A hockey win Thursday over the St. Clair Shores Falcons before 200 fans at the Redford Arena.

The Royals, beaten Wednesday night 7-2 by Paddock Pools, stand 6-5-4 in league play.

TO THE TAXPAYERS AND ELECTORS OF THE CITY OF PLYMOUTH, MICHIGAN  
PLEASE TAKE NOTICE that the City of Plymouth has approved and executed a Full Faith and Credit General Obligation Contract of Lease with the City of Plymouth Municipal Building Authority pursuant to Act No. 31, Public Acts of Michigan, 1948 (First Extra Session), as amended. Such Contract provides, among other things, that said Building Authority will acquire and construct for the City a parking structure containing approximately 150 spaces and WILL ISSUE ITS BONDS TO FINANCE THE ESTIMATED COST OF THE SAME IN THE PRINCIPAL AMOUNT OF NOT TO EXCEED \$1,000,000. Said bonds will mature serially in the years and in such principal amounts as shall be determined by the Building Authority and approved by the City, subject to the limitations imposed with respect thereto by Act No. 31, Public Acts of Michigan, 1948 (First Extra Session), as amended. Said Bonds will bear interest not exceeding 18% per annum on the outstanding principal balance.

The Contract further provides that the City will lease said improvements and additions from said Building Authority and will pay said RENTAL TO SAID BUILDING AUTHORITY. ALL SUMS NECESSARY TO RETIRE THE PRINCIPAL OF AND INTEREST ON SAID BONDS, TOGETHER WITH ALL COSTS OF OPERATING AND MAINTAINING SAID IMPROVEMENTS AND ALL COSTS OF SAID BUILDING AUTHORITY in connection therewith, regardless of whether the improvements and additions are completed or are tenable. The principal amount to be borrowed by the Building Authority will be indebtedness of the City for purposes of City debt limitations, and said principal amount, together with interest thereon, shall be paid by the City. The City's contract obligation to make such payments required to retire the bonds and interest thereon, if other funds for that purpose are not available, such LEVY, HOWEVER, MUST BE WITHIN EXISTING STATUTORY AND CONSTITUTIONAL LIMITATIONS.

**REFERENDUM RIGHTS**  
SAID CONTRACT SHALL BECOME EFFECTIVE, WITHOUT VOTE OF THE ELECTORS OF THE CITY UPON THE EXPIRATION OF 45 DAYS FOLLOWING THE DATE OF PUBLICATION OF THIS NOTICE, UNLESS A PETITION REQUESTING AN ELECTION ON THE QUESTION OF WHETHER SUCH CONTRACT SHOULD BE EFFECTIVE, SIGNED BY NOT LESS THAN 10% OF

## 'All the Right Moves' tackles more than football story

You don't have to be a football fan to like — change that to enjoy — "All the Right Moves" (R). The film's advertisements, especially those on television, might put one off, however. Judging from them, we would anticipate something like this: Poor boy becomes star of team, makes a big play in key game, and wins game, girl and football scholarship. We'd be wrong. What has the appearance, at first glance, of being just another soggy cliché proves to be a sincere, snappy, well-realized film. It does fall into a few traps, but it also springs a few surprises. Michael Chapman, the cameraman for "Taxi Driver," "Raging Bull" and "Personal Best," makes his directorial debut with this film. The photography by Jan DeBont isn't outstanding, but it is effective in one very important way. It perfectly complements the screenplay and adds weight to the characters' primary motivation — to get out of town.

THE FICTIONAL city of Ampipe (really Johnstown, Pa.) is a dingy, gritty steel-mill town. It's a blue-collar town of squashed-together houses, barren streets, high unemployment and crushed hopes. Tom Cruise, seen in "Risky Business," plays Stef Djordjevic, a defensive back on the high school football team. He figures that football is his ticket out of town. Stef's girlfriend, Lisa (Lea Thompson), plays saxophone in the school band. She would also like to get out of Ampipe, but her opportunities are limited. Craig T. Nelson plays the football coach, Nickerson. He's anxiously waiting for a coaching offer from a college team so he can get out.

Most movies, after introducing a touch of adversity, would grant these characters their wishes like a good fairy waving her magic wand. The virtue of "All the Right Moves" is that it eschews the good fairy in favor of a more realistic approach. Stef knows he would make a good college football player, but he harbors no illusions about becoming a pro. He doesn't even want to be one. He wants to be an engineer. A football scholarship will get him into college and out of Ampipe.

ONE OF THE movie's best scenes occurs when Stef, to his father's dismay, coolly dismisses a college recruiter by telling him he's looking for a school where he will get a better education. Coach Nickerson, on the other hand, becomes so obsessed about getting a coaching job with a college team that he becomes mean and vindictive. Lisa has no illusions about getting out of Ampipe. She would like to go to college too, but as she angrily observes, musicians don't have the scholarship opportunities that jocks do. The residents are as maniacal as the coach about their football team. In this grimy, coal-dust city, it's all they have. When the team plays their arch rivals, it's a battle of the ethnics — the Poles, blacks, Slavs and Italians of Ampipe versus a WASP team whose locker room looks like a designer showcase compared to most Ampipe homes. To the film's credit, the pattern of this game doesn't follow the expected course. Where the movie does stumble, however, is in its handling of teen-age sex. It throws in what seems to be an obligatory sex scene that isn't called for by the events which preceded it. Even so, "All the Right Moves" is a refreshing film, not caught up in any hype. It has modest ambitions and it realizes them.

## Village hosts Victorian Santa

A Victorian Santa Claus will lead a cast of characters in traditional celebrations that capture the color of Christmas past Dec. 3-31 at Henry Ford Museum and Greenfield Village in Dearborn.

## Attic slates world premiere

"Willing," a world premiere by Attic Theatre playwright-in-residence Simone Press, will open Friday, Nov. 4, and continue through Saturday, Dec. 17, at the Attic, 525 E. Lafayette, in Detroit's Greektown.

"Willing" has been scheduled in place of "Strider," which will now be performed July 13 through Aug. 25. Performances are at 8 p.m. Thursdays-Fridays, 6 and 9 p.m. Saturdays and 8:30 p.m. Sundays. To reserve tickets call 963-7789.

A play about awakening passion and murder in a small, Michigan town, "Willing" is based upon an actual unsolved murder case involving a young, Canadian night telegraph operator who worked for the Michigan Central Railroad in 1909.

Directed by Randall Forte, the play was produced last winter through the theater's New Playwright Forum. Forte has returned to direct the main-stage production of "Willing."

**CANCER. NOT KNOWING THE RISKS IS YOUR GREATEST RISK.**

A lot of people think cancer is unbeatable. That simply isn't true. In fact, over two million people have had cancer and survived to lead happy, normal lives. And not only can cancer be beaten, it can also be prevented.

There are definite precautions that have been proven to decrease your risk of getting certain cancers. Talk with your physician about how often you need cancer-related checkups. Ask your local American Cancer Society to send you a free booklet about cancer risks. Learn the facts about cancer. And make not knowing the risks, one less risk.

# Farmington Players captures play's warmth

Performances of the Farmington Players production of "Tribute" by Bernard Slade continue through Saturday, Nov. 19. For ticket information, call ticket chairman Bill and Kathleen Monticello at the box office, 535-8822.

By Barbara Michals  
special writer

As skillfully presented by The Farmington Players, Bernard Slade's "Tribute" is an emotionally rich drama, mixing humor and pathos in pleasing proportions. To his many friends, New York public relations man Scottie Templeton (Ralph Rosati) is America's answer to Zorba the Greek. His wit, charm and generosity are boundless, and his perpetual hijinks and high spirits enrich the lives of most who know him. To his estranged teen-age son, Jud

## review

(Arthur Lomas), Scottie is a selfish, irresponsible clown who has never grown up. Even after learning his father has leukemia, Jud remains unforgiving of the many childhood hurts his father caused.

Scottie wants to leave Jud a legacy of laughter and zest for life, but Jud is an unwilling pupil, strait-laced and self-righteous. As Scottie's friends gather to pay tribute to him, Jud tries to find something of value in his father. Each has been a disappointment to the other, and father and son must struggle to accept in the other what he cannot change.

ROSATI'S SCOTTIE is wonderfully warm and likeable, less glib than he is usually portrayed and thus more believable when he allows his emotional pain to surface. Caught between his impending death and his son's recriminations, Scottie can see little in himself worth saving. Rosati has a solid stage presence and offers a polished, faultless delivery.

As Jud, Lomas is a mass of relentless anger. Embittered by his parents' divorce and his father's failings, Jud sees the world only in absolutes. His unbending high standards leave him lonely and alienated. Lomas effectively conveys Jud's impatient rage when, during

a climactic confrontation, Jud falls back into a childhood stutter. All of the supporting cast perform well. Sharon Heidrich is a sprightly Sally Haines, the girl Scottie hopes will humanize his son. Often serving as a buffer between father and son, Sally injects good sense and objectivity.

Carol Green plays Maggie, Scottie's ex-wife, with great gentleness and sensitivity. Though well aware of Scottie's shortcomings, Maggie still appreciates Scottie's strengths and accepts him for what he is.

As Lou Daniels, Scottie's boss and loyal friend, L. David McCabe is totally credible, especially when he simulates stage fright and stumbles through his testimonial speech.

well-paced, well-acted and richly poignant. Scene endings tend to be too muted, falling flat. However, this low-key approach works exceedingly well in the final scene and saves it from getting too sticky.

## Ice show arriving

Walt Disney's Magic Kingdom on Ice will bring to life live decades of Disney nostalgia in 11 performances from Tuesday, Dec. 6, through Sunday, Dec. 11, at Joe Louis Arena in Detroit.

The show stars Olympic Silver Medalist Linda Fratianne, Mickey Mouse, Donald Duck, Goofy and their friends, along with professional figure skaters.

Olympic pair Michel Bottucelli and Cheryl Franks skate in the Mad Hatter's Unbirthday Party. In Tomorrowland, Nick Marichev, daredevil of the ice, zooms across the ice at speeds up to 50 miles per hour.

Vern Taylor, a Canadian champion, will portray the Disney-created Tron. As Mr. Jazz, jazz skater Bruno Jerry demonstrates his style in the finale. Tickets at \$8, \$7.50, \$6.50 and \$5.50 are on sale at the Joe Louis Arena Box Office and all CTC Outlets. For more information call 567-8600.
