The Canton Connection

ANOTHER BLOW was dealt to Kathleen Gold, who was recently named the 1983 "Winner of the Year" by the Canton Township Board. Since the honor was bestowed March 13, Gold was hit by a car while she was in Ann Arbor. She suffered broken bones from the incident. Before this accident, the Canton resident was overcoming severe injuries from another mishap.

The award was given to Gold for her "ability to overcome great personal hardship and contribute significantly to the betterment of life in Canton Township."

Supervisor James Poole is accepting nominations for 1984's Winner of the Year award, established to recognize outstanding Canton residents.

CURIOUS DRIVERS travelling I-275 near Cherry Hill about 8:30 a.m. last Monday morning might have noticed a helicopter overhead, as well as Wayne County Road Commission trucks and several cars stopped on the shoulder of the road.

A large piece of steel fell on the roadway from a southbound truck. Several lanes were blocked until police hauled the steel away.

BABYSITTERS will be offered tips in a course from 7-9 p.m., starting March 29, for five consecutive Thursday evenings at Oakwood Hospital Canton Center. Cost is \$2, and the course includes instruction in cardiopulmonary resuscitation. To register, or for more information call 459-7030.

UP, UP AND AWAY will be the goal of the kite flying contest at the Canton Recreation Complex set for 9:30 a.m. on March 31. The Canton Parks and Recreation Department is sponsoring the Sequicentennial Kite Flying Contest for kids 15 and younger. Prize categories include the best homemade kite, highest flier, smallest and best effort. A \$50 savings bond will be awarded to the best homemade kite. For more information call 397-1000 between 8:30 a.m. and 5 p.m.

BIG HONORS were bestowed on the Small Business Association by President Ronald Reagan, who has declared May 6-12 as Small Business Week.

The Canton Chamber of Commerce is seeking nominations for an honor to be given to "that special business person." The winner will be honored on May 9 at the annual membership meeting.

"We want to re-emphasize the importance of jobs that are provided by our local businesses," said Jack Koers, president of the Canton Chamber. "We know that there are many Canton residents working right here in that hometown atmosphere." For more information call Frank McMurray at 455-7272, or the charter office at 453-4640.

1984 PROJECT: HEALTH-O-RAMA will be held from March 27-April 18. From 10 a.m. to 5 p.m. on April 14, health tests will be given by Oakwood Hospital Canton Center at the Plymouth Canton High School gym.

Everyone 18 and older in southeastern Michigan can receive free health screening tests at 91 sites. More than 7,000 volunteers will provide tests for height, weight, blood pressure, vision, counseling/referral, health history and health hazard appraisal. Many sites also will be offering additional free screening tests for hearing, glaucoma, oral soft-tissue, sickle cell anemia, pap test, breast self examination and pulmonary function. Specific sites and test information will be given on a hotline: 998-0077. This line will be in operation from 10 a.m. to 3 p.m., Monday through Friday beginning March 19.

Cops fight for staff, equipment

Chief requests dispatch, special traffic bureau

By Diane Gale
staff writer

Employing civilians to operate a joint police-and-fire dispatch system is the highlight of a Canton Township Police Department study.

Canton Police Chief Jerry Cox unveiled the 50-page report at a special township board meeting last week.

"It's quite evident there are monies to be saved by replacing officers with civilians," Cox said "but it has to be done properly."

The trustees voted unanimously for

the police and fire unions to begin negotiations on the dispatch consolidation. Once drafted, proposals will be considered for approval by the board.

"We'll be creating new positions, and the old positions will be subject to negotiations," Cox said.

Hiring civilians to fill the posts would free officers for road patrol and other duties.

"This can be turned into the most cost-effective, expedient means available to providing ready-trained additional manpower for both departments," Cox said.

Trustees delay hiring more police officers

By Diane Gale

Canton Police Chief Jerry Cox's request to increase the number of officers in the department from the current level set in 1980 was put on the back burner by the township board at a special meeting last week.

Violations written by township officers have decreased about 29 percent since 1980. There's been a 24-percent decline in patrol time, said the chief, whose staff has been without two command officers for several months.

A lieutenant's position was vacated by Lt. Dennis Joker in December 1983, and a sergeant position was left open by the termination of Sgt. William Lenaghan in September 1983.

Joker, an officer for close to 16 years, recently took another job "with a significant pay raise and better benefits," Cox said.

Lenaghan was terminated in September 1983. He is fighting the action through police arbitration. Lenaghan hasn't received pay from the department since September.

Dung raises stink

By M.B. Dillon Ward

Dog dung is raising quite a stink in a Canton neighborhood. And Teresa Belrose of Foxhorn Street says Ginger, her cuddly, 15-month-old golden retriever, is being unfairly dumped on.

Seems complaints from neighbors precipitated a visit by Canton police to the Belrose home last month.

"A police officer came to my door and stated my dog was going to the bathroom in my neighbor's yard," said Belrose, who lives off Lilley Road between Warren and Ford.

"That couldn't have been the case because I am at work at the times she's saying this is happening, and there was no way the dog can get out of the house."

BELROSE WAS paid a second visit and was ticketed by the officer after a recent spate of warm weather.

Eyes & Ears

"Eyes & Ears," or "Helping Hand" is being launched this week in Canton Township. Drivers of service vehicles for Michigan Consolidated Gas, Michigan Bell and Detroit Edison will be offering help to anyone who finds themselves threatened or in danger. Employees will use their dispatch system to call the police or fire department. Supervisor James Poole said the Wayne County Road Commission and others may join the program, already under way in Detroit. "I hope parents will tell their kids about it," added Poole, who's delighted to have added security in Canton at no cost to taxpayers.

Dockets swell with drunk drivers

The drinking driver

Editor's note: This is the latest in a series of stories on the drinking driver.

By M.B. Dillon Ward
staff writer

It used to be that 10 drunk-driving cases per day were heard in 35th District Court. Now that new, tougher drunk driving laws are in effect, the number has tripled to about 30 a day, according to 35th District Judge Dunbar Davis.

"I think that right after the law was passed, partly due to the publicity it got, the law had a real strong deterrent effect. There were not nearly as many drunk driving cases for the first month or six weeks as before," said Judge Davis. "People were frightened, and didn't drive as much after drinking." Since then, arrests have climbed, he said.

"In the last month we've seen a great increase, due to the task force where

police from different communities are assigned to patrol areas with high incidences of drunk driving," added Davis.

NEARLY A year ago, drunk driving penalties were stiffened. Key provisions include:

- on-site breath tests for drunk drivers;
- establishment of a "per se" crime (when a driver's blood alcohol concentration is .10 or higher, it is proof in itself that a crime has been committed);
- penalty for refusal to take the breath test is now punishable by a 180-day license suspension, plus six points;
- a new \$25 fee for license reinstatement;
- convicted offenders must go undergo, and pay for, screening for alcohol treatment before sentencing;
- drunk drivers guilty of causing fatalities may be imprisoned for up to 15 years.

Judges in Wayne County generally are fining the first offender (where no serious injury is involved) \$250-\$400. Five to 12 days of community service work are imposed, at a cost to the offender of \$15 per day to cover probation department supervision costs. Drunk drivers also must pay for alcohol treatment ordered by the court.

GARY CASKEY/staff photographer

35th District Judge Dunbar Davis says the volume of drunk driving cases adjudicated in his court has tripled since new, tougher laws went into effect.

CANTON ATTORNEY Ronald D'Avanzo — a general practitioner who with his partner Thomas Meconi tries many drunk driving cases in 35th District Court — says "without question, there's a substantial increase in the number of (drunk driving) tickets coming through."

now, or where there's a potential for a war," Cirino said.

"POSSIBLY THESE people will be our future leaders," Cirino said. "Through the program they have an opportunity to exchange ideas with other people their age in another country."

Members of the Canton Rotary like to place each visiting student with four families for three-month periods each.

"We all live differently, and living with four families the student will get a better idea of what the country is like," Cirino said.

It's not necessary to be a member of the Rotary to host a student. The host families aren't compensated by the Rotary, but the student receives spending money from the club.

However, Cirino says \$50 a month can be deducted from income tax for hosting a student. The club even provides the family with the needed tax forms.

"We look for a family that does things together, and not so much a family that eats at five different times," he said. "We don't want the (host) family to treat them (visiting students) like guests, we want them to be treated like family."

Cirino speaks with experience when he lauds the benefits of the program. He and his wife recently sponsored a Brazilian youngster, Luis daSilva.

When daSilva lived with the Canton Township family he was treated like the Cirino's 13-year-old son and 4-

Some steps to take to get edge on tornadoes

(Second in series)
No one can stop or prevent a tornado. But there are precautions you can take to safeguard lives and property.

A family's survival in a tornado may depend on taking some basic steps in preparedness now — before the storm warnings are issued.

The following steps are recommended by the Federal Emergency Management Agency, the National Oceanic and Atmospheric Administration and the Charter Township of Plymouth Office

TORNADO SHELTERS can save lives. To protect your family, a shelter area should be selected in advance, and each family member told where it is and how to get to it quickly.

Hold a tornado drill periodically, so all know what to do should a tornado strike. The drills also may show you the need for storing some items in or near the shelter area, such as a battery-powered light and radio and extra batteries.

Other items for your shelter may include a first-aid kit, any special medication, a supply of bottled water and

food which does not require cooking. A survival kit for the home should be designed for use during and after any severe weather, such as a tornado or winter storm. You could find yourself isolated and your home without power. Proper preparations could allow you to survive for a few days without outside assistance.

Some basic rules apply wherever you are when a tornado strikes.

First — don't panic. Knowing simple safety rules, and taking action, can save your life.

IF AT HOME, the best shelter from

a tornado is the basement. Go to the northern or eastern corner of the basement avoiding windows and doors, or get beneath a sturdy piece of furniture like a table or workbench. Try to stay near an outside wall.

In a home without a basement, take cover near the center of the house in a closet or bathroom, or get under sturdy furniture until the storm passes. If possible, protect your body with a heavy blanket or sleeping bag.

Avoiding windows is one of the most important safety tips to remember. Most tornado injuries and deaths are

caused by flying debris, and shattered glass can be deadly.

Another safety shelter is beneath the basement stairway. Stairways are structurally sound and provide excellent protection against falling debris.

Avoid rock or brick walls and chimneys. Instead of blowing over in high winds, they tend to collapse straight down.

MOBILE HOMES are extremely un-

If you live in a mobile home, your family should have an evacuation plan and a designated shelter in a substantial building. Never take shelter in your mobile home. Tornado winds have incredible power and can lift and carry a mobile home for a long distance.

If there is no suitable shelter nearby, you still are safer lying in a ravine, ditch or culvert than remaining in your mobile home.

CAT-scan equipment reduces brain surgery

By Maurie Walker staff writer

THE FEAR of exploratory surgery and numerous X-rays may be a thing of the past, thanks to new equipment at Garden City Osteopathic Hospital.

The equipment, called a CAT-scan for short, costs \$1.2 million, but the hospital says it will substantially reduce the need for brain operations.

The equipment is formally known as Computerized Axial Tomography or C.A.T.

A hospital spokesman said the machine is a painless tool that when combined with an advanced X-ray scanning process and a powerful mini-computer lets doctors study virtually any portion of the human anatomy with unprecedented detail and accuracy.

And all that is done without surgery.

It actually seems to see inside the body for the doctor, sending computerized information not normally visible with regular X-ray equipment, concerning bones, organs, tissues and tumors.

It gives the doctor an in-depth evaluation of trauma-related injuries, especially of the head.

This scanning process can be used to take sensitive images that could not be obtained from standard X-ray machines.

Without this machine, when doctors want to study air passages in the brain, the patient often has to undergo long, painful procedure. Air is injected into the spinal canal and then an X-ray is taken of the patient's brain.

With the CAT scanner, the same results can be achieved without painful injections, Dr. Donald L. Zinko, head of the hospital's radiology department, said.

"What is nice about this machine is that it eliminates

some operations. Instead of cutting into a patient, we can take pictures to see if there is anything wrong," he said.

IN THE PAST, when a patient developed an abscess after surgery, doctors either waited until the patient improved and then performed exploratory surgery to check the abscess, or had to operate immediately.

This was a risky procedure because the patient had not recovered from the first operation.

Dr. Zinko said that with the CAT scanner all that is needed is to localize the area with the scanner and then place catheters in to treat it.

The scanner is a large, white metallic machine on which a patient lies on a raised table. The table is mounted on a track and slowly moves the patient into a hole at the center of the scanner unit.

As the patient lies there, the circular scanner revolves, taking thousands of electric X-ray imprints of the patient's body from every angle.

"We can actually, by X-ray pictures, 'slice' up the body so that we can study at a precise angle, the portion of the body that needs to be examined," the doctor said.

"We have about 15 patients a day assigned to the scanner," Zinko said. "In addition it is often used on emergency cases."

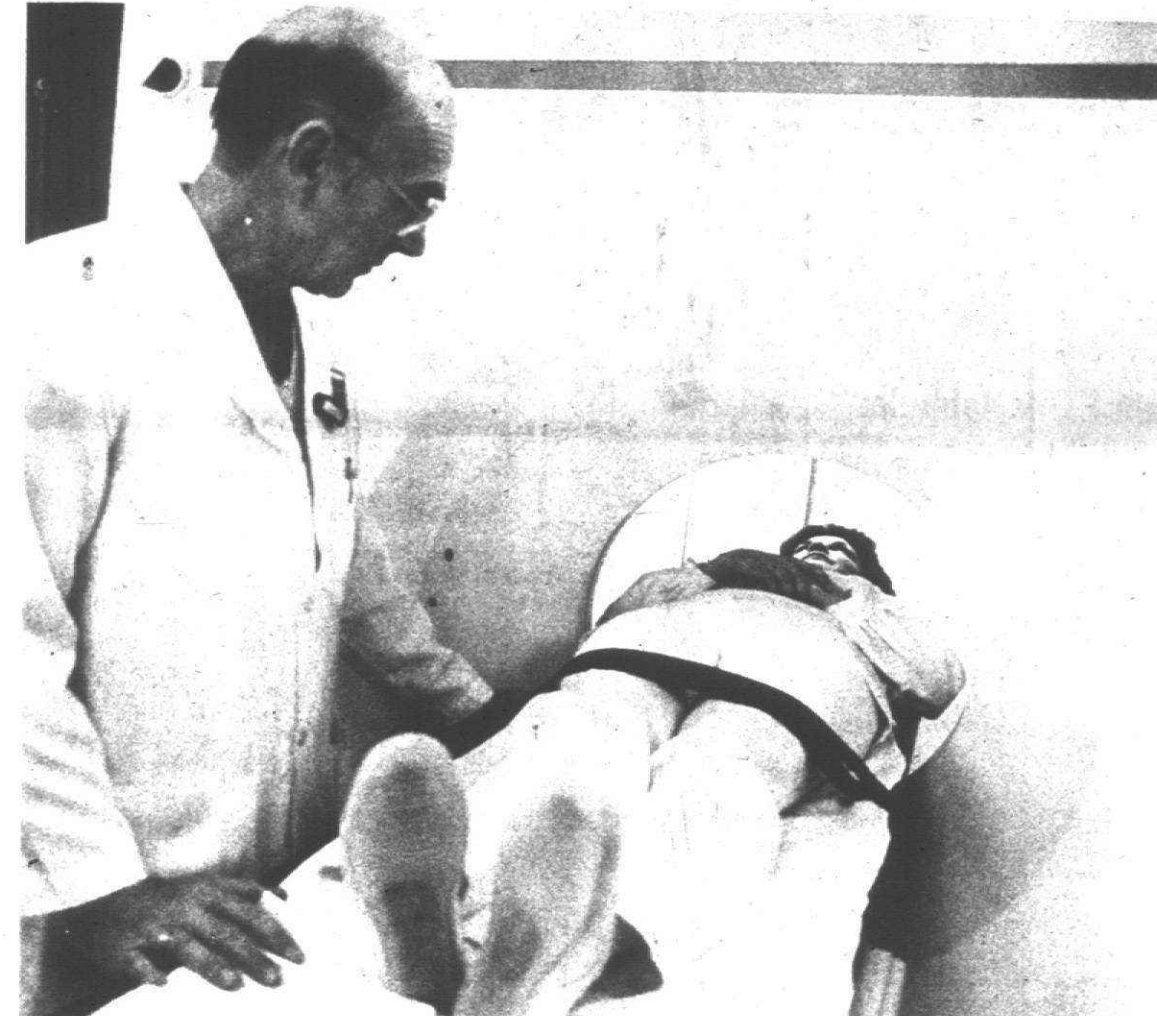

Requests to use the scanner are recommended through a patient's doctor.

Most insurance firms cover the cost, Zinko said.

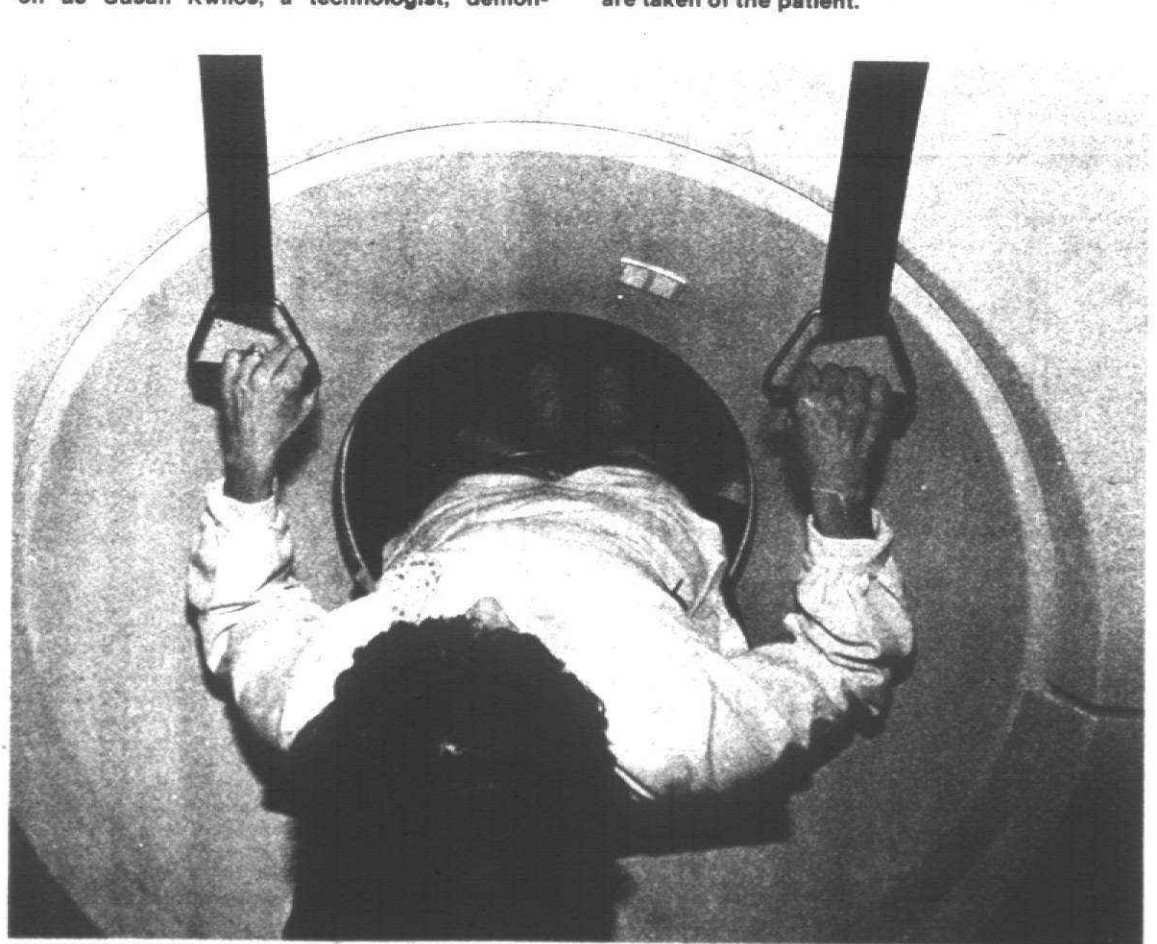

The scanner is operated by a crew of three specially trained technicians and provides services Monday through Friday from 7 a.m. to 8 p.m. and from 7 a.m. to 4 p.m. Saturdays. In the event of emergencies, the staff is on standby.

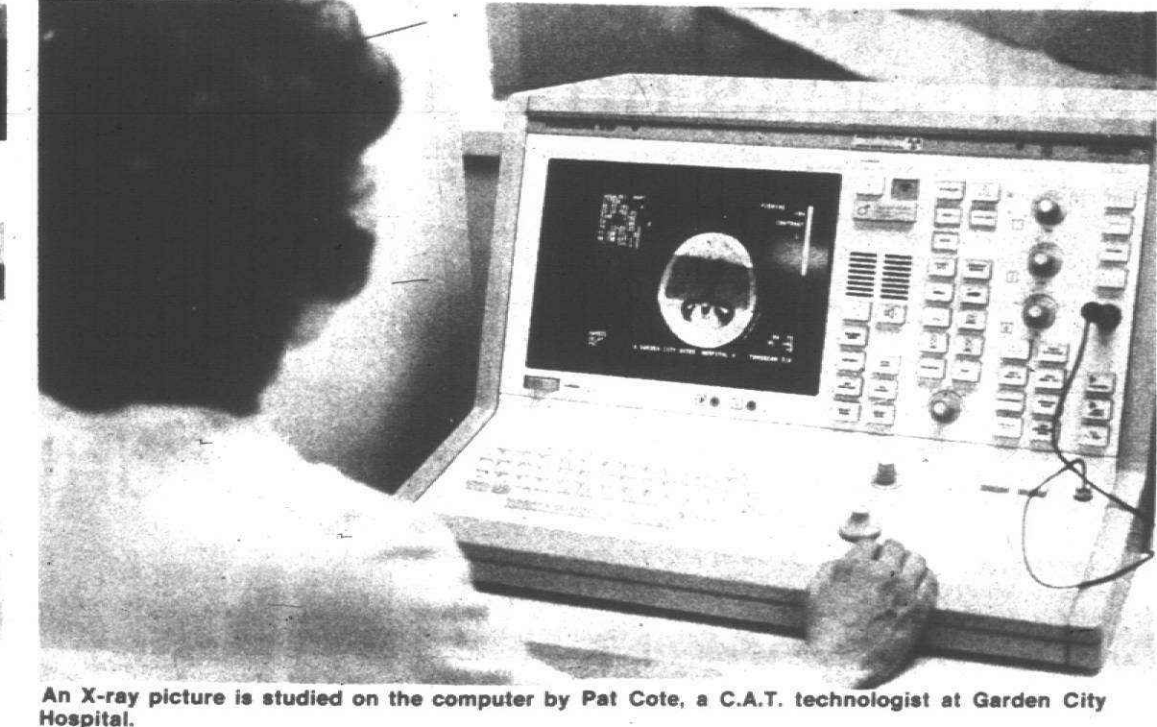

Checking a brain scan on the computer of a patient inside the scanner, are William Schwartz, a C.A.T. technologist, and Dr. Donald Zinko, head of the hospital radiology department.

Dr. Donald Zinko, head of the Garden City Osteopathic Hospital radiology department looks on as Susan Kwilos, a technologist, demonstrates how the CAT-scanner works. The patient is eased inside the gantry where X-ray pictures are taken of the patient.

Susan Kwilos is inside the scanner where X-ray pictures are taken. The pictures then go to a computer where they can be studied by a technician.

An X-ray picture is studied on the computer by Pat Cote, a C.A.T. technologist at Garden City Hospital.

Joint dispatch, traffic bureau needed, Cox says

Continued from Page 1

OTHER ADVANTAGES include professionalizing the dispatch function while improving record keeping and data entry, Cox said.

If the consolidation passes, it will allow the community to use a single emergency phone number. Currently, police and fire have their own emergency numbers.

The board also gave Cox the green light to buy a tape recorder for emergency calls in the police and fire departments. The recorder will help the

department run more efficiently and professionally, the chief said.

The equipment will allow the departments to replay emergency calls for telephone numbers, addresses and locations of callers. Dispatchers occasionally have difficulty understanding callers, who are often excited and speaking rapidly.

Presently, the police department has no tape-recording system. The fire department has equipment that enables play-back, but only within an hour of

the call.

"(Tape recording) also protects us against litigation in negligence cases," Cox said. "What is being said is being documented and is retrievable."

To expedite implementation, the board waived the usual bidding process for the equipment. Dictaphone, a Pitney Bowes company, offered a bid of \$18,000 provided the purchase is made before March 31. The cost would rise to \$22,000 after that.

Cox said he is contacting other com-

panies to determine if a lower price can be found.

The "professional opinions" also would analyze a planned \$2-million police station that would be built next to Township Hall, Poole said.

"We've already decided we need the building," he said. "But, we need a study on what we are going to do for the future. We have to take a courageous and bold look at what we face. Expenses for the maintenance are going to triple."

"If we start getting grandiose we won't be able to do it without a millage," he added.

AN EFFORT to establish long-term goals for the department, Cox listed the following proposals:

- Personnel changes involving five sergeants, the creation of a deputy chief position and the addition of three uniform positions and a secretary's spot. Presently, four officers serve as sergeants. The department, however, is allotted only three sergeants. Cox is requesting the board raise the number to five.
- Opening a traffic bureau staffed by three officers. "Population and therefore traffic is still increasing with no increase in road mileage," Cox said. "Accidents through simple congestion,

without enforcement efforts, will increase still more unless remedial steps are taken."

- A "personal-car program" would increase police visibility in the community, Cox added. The plan would assign several officers to particular cars, which they could take home with them. No other officer would take that vehicle. The "personal car" will "give the officer an attitude of personal involvement in the department and the condition of his vehicle," Cox said. "It is expected that police-vehicle accidents will diminish, fuel consumption will decrease and maintenance costs will substantially decline."
- Reserve-force expansion: "We should add 50 new reservists in the next two years," Cox said. "In doing so, we must prevent the need for supervision and training."
- Crime-prevention-program expansion to include providing monthly public awareness and self-help education via cable television.

Trustees also adopted police-department "standards and goals" and a motto entitled, "Protect and Serve." Cox and the board agreed the "protect the rights of all persons" philosophy already is being followed.

Trustees back off police hiring issue

Continued from Page 1

"Until we know where we're going I would rather not comment on it," Cox said. "The arbitration is still up in the air."

COX POSTED the positions "earlier this month." He must wait 90 days after the posting and another 30 days before the spot will be filled. Placement tests are planned for sometime after May 12.

Cox said the contract with the police union requires that the positions be

filled from within the force. "But sooner or later we are going to have to hire new entry level patrolmen," Cox said.

These positions are being filled by other officers on the force. However, no new personnel have been added.

"It's a big crunch when you're talking about a total street force of 33 people, and you take two people out of that," Cox said. "Every man is critical, because of the minimal staff that we have."

At the meeting Cox said Canton has

been operating with the same size force since 1980 when the township's population was 33,000. By 1983 the population had risen to about 50,000.

"The problem is not having sufficient force to spend on the road for the traffic type of conditions," he said. "The decline since 1980 in written violations is primarily because of an increase in reports."

"We must have sufficient people to (combat) criminal actions so it doesn't become a significant problem," Cox said. There are 62 officers for 1,000 residents. The majority of communities in the country have 1.5 officers per 1,000 residents.

"We should look at the level of how we're providing services to the community, and not at the statistics," Trustee Bob Padgett said.

Cox asked the board to establish positions for two additional sergeants, a deputy chief, three uniformed officers and an additional secretary. See related story.

year-old daughter. He was expected to help himself to anything in the refrigerator, and keep his room clean.

"My daughter who's going to be 8 in a couple of weeks picked up a little Portuguese from Luis," Cirino said. "It was training for my wife and I living with a teen-ager."

"IT'S A WORTHWHILE experience. It's an opportunity for a family

to learn about another culture and also share their feelings with the student," he said.

The exchange students are usually outgoing, bright youngsters who are expected to give speeches to large groups describing their country and culture.

Even if the program doesn't end all battles in the corner of the earth, the cultural learning experiences for

the students and everyone who comes in contact with them are important, he said.

Students with grade-point averages of at least 3.0 on a 4.0 scale may apply for the program at the local public high schools.

Youngsters also may apply by calling Cirino at 981-5279. People interested in hosting Pettersson, or other students, are invited to contact Cirino at the same number.

PATRICIA E. PENNINGTON
Funeral services for Mrs. Pennington, 56, of Walled Lake were held recently in Lambert-Locniskar & Vermeulen Funeral Home with burial at Holy Sepulchre Cemetery. Officiating was the Rev. Timothy Hogan.

Mrs. Pennington, who died March 15 in Farmington Hills, was an ophthalmologist's assistant. She was a member of the Ladies Auxiliary VFW Post 4357 of Brighton. Survivors include: husband, Charles; son, Daniel Louiselle of Dearborn; daughter, Kathryn Ramlin of Northville; brother, William Stridron of Plymouth; and four grandchildren.

Local industry helps clean up

Metal finishers and others in the painting and plating businesses will benefit from input from a Plymouth firm at an industry-wide conference to help them comply with the Environmental Protection Agency (EPA) clean water standards.

A well-designed treatment system actually can minimize fresh water requirements, paint and chemical expenses, energy and labor costs, waste water disposal programs, sewer fees and sludge hauling costs, says Ziegler.

Dockets swell with drunk drivers

Continued from Page 1

is and James Garber are receiving high marks.

"I've been very very pleased with the work I've seen Judge Garber do in sentencing drunk drivers," said Ralph Shufeldt of MADD, who's visited 35th District Court monthly for about a year.

"That's quite costly for the average person. And until you've lost that privilege to drive, you don't realize how much you take it for granted," he said.

While in recent months some judges and attorneys have been targeted as too lenient by Mothers Against Drunk Driving (MADD) representatives who monitor courtrooms, 35th District Judge Dav-

ly, they do a very thorough job to get their presentence reports.

"Both Judge Davis and Garber, when they've worked in sentencing drunk drivers," said Ralph Shufeldt of MADD, who's visited 35th District Court monthly for about a year.

"I've seen some cases where people have straightened themselves out, and others have become repeat offenders. It's not a perfect science — we're still dealing with human behavior and physiological and physical dependencies that go along with it."

"But for a person who may have a drinking problem, 90 days in jail isn't going to do anything to enhance his awareness of drunk driving. I believe that where there's at least an attempt for people to acknowledge a problem, it's a step in the right direction," said D'Avanzo, whose firm often refers alcoholic clients to area hospitals, and indigents to the Heigra Substance Abuse program at Wayne County General Hospital.

THE ADVENT of the new drunk driving law brought predictions of more jury trials, and a business boom for attorneys.

The first hasn't occurred, say Davis and D'Avanzo.

"I think more jury trials were anticipated because of the fact there was a (license) suspension even for impaired driving. But because of the per se law where it is a crime in and of itself to have a blood alcohol concentration of .10 or higher, juries are going to come back with a conviction. In that sense, the added per se law makes it easier for the prosecutor to try his case. I don't think there's been any higher incidence of jury trials," D'Avanzo said.

The new drunk driving law has boosted business for attorneys.

"Any time you increase the number of cases, the more grip there is for the lawyers' mills. There has been some increase, yes," said Judge Davis.

"But many people are getting the message that if they're going to plead guilty, then having an attorney doesn't help one iota. They represent themselves. We're seeing a lot of that."

YOU ARE INVITED TO AN IMPORTANT FREE SEMINAR

You may think of an Individual Retirement Account (IRA) primarily as an excellent way to obtain a \$2,000 deduction on your income tax every year.

Almost everyone with earned income now has that opportunity. But it is also much more than that. It's an opportunity to add substantially to your retirement funds.

What you may not know — and will discover at this special seminar — is that some IRAs do more for your money than others.

You'll learn how some lock you in to one type of investment. How others limit you to a fixed rate of return. While a Merrill Lynch IRA opens up virtually the entire range of investment opportunities to your money during the important accumulation years.

The reason, of course, is to give it more chances to grow faster. You'll learn how you can choose from over 50 different investments. How you can switch from one to another any time your goals change or new opportunities arise. And why you, like more than 750,000 Merrill Lynch IRA customers who have invested over five billion dollars to date, can have confidence in our world financial leadership and IRA experience.

Before you make a decision as important as this, you need to know all your choices. We'll explain them to you. The seminar is free, but reservations are essential. To make yours, please call or mail the coupon today.

ALL IRAs ARE NOT CREATED EQUAL.

DATE: Tuesday, March 27 TIME: 7:30 p.m.
PLACE: Merrill Lynch Office, 26250 Northwestern Highway, Southfield

Mail to: Merrill Lynch, Attn: Tony Messina & Janet Mack, 26250 Northwestern Highway, Southfield, MI 48071
For reservations call: Tony Messina & Janet Mack at (313) 354-9140

Yes, I plan to attend your free seminar on the differences in IRA Plans.
Please reserve a seat for your seminar.

No, I cannot attend. Please send me free literature on an IRA Plan that can truly reflect my individual needs and goals.

the drinking driver

"I have found he is both a fair judge and a humane judge, trying to take into consideration individuals and driving records. He's not a person to just jump on one particular point with a trial and stick to that."

While D'Avanzo notes it sometimes takes longer for drunk drivers to be sentenced in 35th District than in other courts, there's a good reason, he says.

"It's my feeling that there's a very outstanding probation department in 35th District Court. (While sentencing takes some time) it's because there's a very high volume of cases, and second-

come repeat offenders. It's not a perfect science — we're still dealing with human behavior and physiological and physical dependencies that go along with it."

"But for a person who may have a drinking problem, 90 days in jail isn't going to do anything to enhance his awareness of drunk driving. I believe that where there's at least an attempt for people to acknowledge a problem, it's a step in the right direction," said D'Avanzo, whose firm often refers alcoholic clients to area hospitals, and indigents to the Heigra Substance Abuse program at Wayne County General Hospital.

Thanks for concert help

Delivery made on eyeglasses

To the editor: On behalf of the Plymouth Symphony League I extend a hearty thank you to all those who worked and helped make our young people's concert on Sunday, March 18, a real success.

To the editor: I would like to thank the people of Plymouth, Northville and Canton for their generous support of our New Eyes for the Needy service project.

The publicity provided by your fine staff was the best ever and the generosity and continued support of the Plymouth-Canton businesses and community created a wonderful afternoon for all who attended.

We collected 2,818 pairs of eyeglasses plus assorted jewelry which already have been shipped to New Eyes for the Needy Inc. in Short Hills, N.J. We thank all of you who took the time to donate eyeglasses at the various drop-off areas.

The project could not have been a success without the support of the media. We thank Ellnor Graham, Sandy Preblich and photographer Bill Brestler of the Plymouth and Canton Observers.

Shirley A. Wold
Allegro Group Chairman
Plymouth Symphony League

Cheryl Eberwein of the Crier and Nancy Ross of the Detroit Free Press.

WE THANK Andrew Melin of Plymouth-Canton's own radio station, WSDP, who interviewed and broadcast our plea for eyeglasses. A big thank you to Suzanne Skubick of Omnicom who arranged for an in-home interview with the Browns, which was telecast through cable television with our plea for more eyeglasses. We also have made a video tape of this for our entry into Colgate's Help Young America Campaign, a nationwide contest to judge community service projects.

We also are grateful to the community businesses who allowed their workday to be interrupted to receive contributions - Bob Jeannotte, Pearl Vision Center in Canton and Mayflower Optical Shoppe. A big hug to our troop sponsor, Bob Jeannotte, who paid the

UPS charges to ship the 300 pounds of eyeglasses to New Jersey.

WE ALSO would like to thank Canton Township Supervisor James Poole, Plymouth Township Supervisor Maurice Green, Plymouth Mayor David Pugh and Northville Township Supervisor John MacDonald for the recognition they gave the Brownie Troop in the form of proclamations and for proclaiming Colgate Help Young America weeks in their communities.

And, last but not least, all the Girl Scout troops throughout these communities who helped us with additional contributions.

Again, our thanks to all for your generosity. There will be many throughout the world who will gain vision through your contributions.

Verma George, leader,
Sharyn Browalski, assistant leader

Take this, Mother Nature

Dear Mother Nature:

With all due respect to you on this dismal, rainy morning with its overcast sky, mud and slush underfoot and dampness in the air that is a sign that colds could result, will you please quit playing tricks on us?

During the past month you have shown signs of being kind and had led us to believe that winter with its ice and snow was left behind. Then, just as we were about ready to line up our garden work and give you a hand with beautifying the area you dropped another snow and left us stranded. It didn't seem quite fair.

As an example, several weeks you had the sun beat down on us, and it looked like a sure sign that we were about to have an early spring. The snow had disappeared. The lawn was in view again. It was a sign, so we thought, that the dandelion season was about to open.

Then what happened? Early in the morning you dropped a few inches of snow and all our dreams and plans for an early spring were sidetracked.

The snow wasn't deep enough to warrant the use of the big snow plow. So we shoveled the snow from the long driveway.

WE'NO sooner had that job completed than the sun came out and dried up the area. The snow, we thought, was just a fluke. So, we turned to thoughts of spring again.

So confident were we that the snow plow was put away, and the shovels hung up on the wall to await another winter.

Then, what did you do? You dropped another several inches of snow the next morning, and we had to undo everything we did the day before. It was nerve provoking.

Now, we are caught in the middle. The partial sunlight you sent down last week caused some of the snow on the lawn to melt. But you didn't let it shine long enough to clear the entire area. As a result our lawn is spotty with areas of snow and patches of lawn. In fact our lawn looks like the skin of a butchered cow, and it isn't a pleasant sight.

And please don't forget that Easter

Tax-cut momentum is on the downside

"MOMENTUM" is a word much in vogue these days. Analysts apply it to both the Hart presidential campaign, especially of two weeks ago, and the Mondale campaign, of late.

The momentum for recalling Democratic state senators who voted for the much-maligned Michigan personal-income-tax increase last year was almost monumental just a few weeks ago.

Former senators Phil Mastin of Pontiac and David Serotkin of Mount Clemens were right in the path of the momentum and got washed out to sea by 12-foot waves.

But now it appears that the momentum has died down, and the waves of the recall movement are merely lapping at the edges of the shore.

MOMENTUM for a Republican-sponsored tax cut began building as the recall drives were peaking.

The political nature of the tax cut talk was underscored by the fact that the bill's chief sponsors were the two newest GOP senators — Rudy Nichols of Waterford and Kirby Holmes of Utica.

The rates they suggest is the rate the state income tax was at before Gov. James Blanchard came into office.

MANY WERE willing to bet that certainly the Senate, dominated by Republicans since the recalls, and the House would be willing to

cut the tax rate, cut the budget, cut whatever was necessary to escape being felled by recall fever.

Gov. Blanchard may have slowed the momentum by offering a slight tax decrease ahead of schedule — moving the 1985 decrease forward to Oct. 1, 1984.

And now it appears that Republican senators will slow the momentum even more. State Sen. Harry Gast, new Republican chairman of the Senate Appropriations Committee, said in a newspaper story last Sunday that Michigan can't afford a large tax cut.

Gast, a long-time conservative from rural Berrien County, introduced a bill in December to cut the rate to 5.35 percent in October and to 4.6 percent in 1986.

THAT A Republican of Gast's conservative bent and importance is against a large tax cut at this time is important. It signals that there are Republicans whose experience and wisdom are such that they will not bend to the capricious winds of political momentum and temporary political advantage.

Gast's contention is true.

Any attempt to lop off large portions of the state budget without concurrent plans for dealing with the problems caused by such actions would be in the long run a disastrous course for the state and could be personally disastrous for any number of unfortunate people.

SOME PEOPLE will go to any length, or height, to achieve their goals.

Canton police charged a 17-year-old youth with unlawful entry and disorderly conduct after he was heard working on the roof of his ex-girlfriend's Canton home at 3:20 a.m. March 18.

The homeowner called police when the Plymouth-Canton High School student appeared at her front door. A responding police officer found the youth curled up, hiding in the corner of the porch. The young man had unscrewed the porch light bulb, police said.

The youth, who had crawled atop a wooden fence and damaged it while climbing onto the roof, said he was trying to get his former girlfriend's attention, and gain shelter from the elements. He had been arrested the day before by Canton police and returned home where he had a fight with his stepfather, reports said. He then ran away "with a minimum amount of clothing on," officers said.

Police obtained proof the youth was on the roof, as footprints were observed.

AN INDIANA RESIDENT, who communicates regularly to Canton and stays at the Knights Inn, returned to his hotel room March 17 to find the door to his room forced open. While damage was done to the door jam, no property was reported missing. Police have a suspect but have not yet made an arrest in the case.

MICHAEL JACKSON TAPES proved irresistible to the thief who broke into a Post Mill Court home March 16. The resident returned home to find her dining room window broken out and her bedrooms ransacked. Missing were five cassette tapes by the superstar, \$325 in cash, three diamond rings, and other gold jewelry. A damaged jewel box was left behind. While a neighbor gave police a description of a white male she noticed in the vicinity, police have no suspects.

Dung raises stink

Continued from Page 1

"He came over and said my yard was a mess. Well, in an area such as this with so many dogs running around unchained, there's dog poop in every yard, even in yards of people who don't have dogs," said Belrose, a GM Hydromatic plant employee.

"My yard was flooded ankle-deep with water, and it was impossible to clean up. But our lawn was cleaned up twice before the officer handed me this ticket," she added.

Belrose, 32, said she was cited under township ordinance 42-1-1a and charged with a misdemeanor. She is to appear at 9 a.m. tomorrow in 35th District Court.

Under the ordinance, it is "unlawful for any person to permit any dog harbored by him to deposit fecal matter in any place other than the premises where the dog is . . . kept, unless such fecal matter is immediately removed and disposed of on the premises where the dog is . . . kept."

The ordinance also says, "all persons owning . . . a dog or dogs, horse or other animal, shall maintain the premises on which the animal or animals have access in a sanitary condition."

The offense is punishable by imprisonment for up to 90 days in jail, and/or by a fine of up to \$500.

"We get a lot of this type of complaint this time of year," said a Canton Police Department spokesman. "Fecal matter does not rot because of the winter, and all of a sudden in the spring, you look out on the lawn, and you have all sorts of goods."

Police have received numerous related complaints about a dog owner in the Lilley and Cherry Hill roads area.

"This guy has at least five hounds, and the subsequent mess," the officer said.

Belrose said she can understand the ordinance, "but this is taking things a step too far."

"I really believe Canton cops have better things to do than look for dog poop in yards. A credit union around here was robbed several months ago, and they still haven't found the guy who did it. Why don't they go look for him instead of bothering me about dog poop?"

Vacations good for soul, businessman says

By W.W. Edgar
staff writer

While the unseasonable rain was beating a tattoo on the roof of his insurance building, Russell Hoisington sat at his desk and told of plans to leave for Hawaii and said he couldn't wait to get started.

Reminded that he had just returned from a vacation in which he visited Florida and Mexico, he countered with: "I am a firm believer that all work and no play makes Jack a dull boy, and I

am going to travel as much as possible."

Looking out of the window at the downpour he said he would like to travel around the world. At least he would like to see as much of it as possible and he has seen quite a bit already.

DURING THE WAR he served in the U.S. Navy and saw much of Europe.

"I have been in Tokyo, Paris, Vienna, London and Zurich and that takes in the greater part of Europe. Along with these travels I have seen the greater part of the United States and I want to see more of it."

Since he came to Plymouth eight years ago and took over Chuck Finlan's insurance business, Hoisington has made it a practice to take a vacation, or two, every year. And he says he will continue that program as long as he is able.

Born in Detroit in 1927, he went to school in Milford and then to Alma College. Graduating with a degree in business administration, he went to work for the Citizen's Insurance Co. in the home office in Howell in 1951.

He remained there for 25 years with the exception of one year that he spent

in the home office in Hartford, Conn. It was after this that he came to Plymouth. He was bitten by the travel bug during his two-year stint with the Navy while on leave from the insurance company, and he set upon the idea of travelling to see the world. He had seen much of the South Pacific and that only increased his desire to see more and more.

"I am a firm believer that travel broadens a fellow," he said, "and I am going to do as much of it as possible. That's why I am so anxious to get to Hawaii."

WHICH CITY did he like the best he was asked.

"San Francisco," he answered without a moment's hesitation.

"Why?"

"Well," he said, "it is a city that's got everything. The mountains are close by, the real city life, the fisherman's wharf, the finest hotels, and eating places, the historic cable cars, and all the rest. I just fell in love with it."

"And San Francisco is where I got my boat when I went into the Navy. So, I have a fond link with the city because of it."

There are other cities that pleased him. Among them were Zurich, Switzerland. He also thinks Paris is a fine city with lots of attractions, and he has kind words for London and the royal family. But you mention San Francisco and immediately he tells you about Lombard Street, the crookedest street in the world with 17 turns in a city block.

But now he's off to Hawaii and will soon have another area to list as among the places he has been while practicing his theory that all work and no play makes Jack a dull boy.

Savory

Entrees from the Sea

For a new and fresh way to cook with seafood, show off its versatility with Bisquick baking mix! These tasty main-dish ideas turn everyday favorites, such as pizza and stew, into savory seafood delights. A source of high-quality protein that is relatively low in calories and fat, seafood makes sense for today's new way of eating. And preparation need not be time-consuming. These favorites have been streamlined for easy preparation. Uniquely highlighted with herbs, these savory entrees capture the delicate flavor of seafood from Alaska's icy blue waters to bring dining excitement to the table.

Halibut Stew with Dumplings

- | | |
|---|---|
| 1 cup sliced carrots | 1/4 teaspoon salt |
| 1/2 cup chopped onion | 1/4 teaspoon dried dill weed |
| 1/2 cup sliced celery | 1-1/2 pounds Alaska halibut, thawed if frozen |
| 2 tablespoons vegetable oil | 1 cup frozen green peas |
| 2 tablespoons Bisquick baking mix | 1/4 cup chopped green pepper |
| 1-1/2 cups water | 1 cup Bisquick baking mix |
| 1/2 cup dry white wine | 1/3 cup milk |
| 1/2 teaspoon instant chicken or vegetable bouillon granules | 2 tablespoons snipped parsley |

Saute carrots, onion and celery in oil in 10-inch skillet until onion is tender. Mix in 2 tablespoons baking mix thoroughly. Stir in water, wine, bouillon (dry), salt and dill weed. Heat to simmering; simmer uncovered 15 minutes. Cut halibut into 1-1/2-inch pieces. Stir halibut, peas and green pepper into vegetable mixture. Mix 1 cup baking mix, milk and parsley until soft dough forms. Heat halibut mixture to boiling over medium heat. Drop dough by 6 spoonfuls onto boiling halibut mixture; reduce heat. Simmer uncovered 10 minutes; cover and simmer 10 minutes longer. 4 to 6 servings.

High Altitude Directions (3500 to 6500 feet): Use thinly sliced carrots and celery.

Salmon-Dill Puffs

- | | |
|-----------------------------------|---------------------------------------|
| 1/2 cup water | 1/4 teaspoon dried dill weed, crushed |
| 3 tablespoons margarine or butter | 3 eggs |
| 3/4 cup Bisquick baking mix | Salmon-Dill Filling (below) |

Heat oven to 400°. Heat water and margarine to boiling in 1-1/2-quart saucepan. Add baking mix and dill weed, all at once. Stir vigorously over low heat until mixture forms a ball, about 1-1/2 minutes. Remove from heat; beat in eggs, one at a time, until smooth. Drop 6 mounds of dough at least 3 inches apart onto aluminum foil-covered cookie sheet. Bake until puffed and dark golden brown, 25 to 30 minutes. Cool 5 minutes; carefully remove from cookie sheet. Cut off tops of puffs with serrated knife.

Prepare Salmon-Dill Filling. Spoon into bottoms of puffs; replace tops. 6 servings.

Salmon-Dill Filling

- | | |
|------------------------------|--|
| 1 can (15-1/2 ounces) salmon | 1/8 to 1/4 teaspoon dried dill weed, crushed |
| Milk | 1 cup shredded Swiss cheese (4 ounces) |
| 1/4 cup margarine or butter | 1 teaspoon lemon juice |
| 1/4 cup Bisquick baking mix | 2 medium tomatoes, chopped (about 2 cups) |
| 1 teaspoon dried mustard | |
| 1/4 teaspoon pepper | |

Drain and chunk salmon, reserving liquid. Add enough milk to salmon liquid to measure 2 cups; reserve. Heat margarine in 2-quart saucepan over low heat until melted. Stir in baking mix, mustard, pepper and dill weed. Cook over low heat, stirring constantly, until smooth and bubbly. Remove from heat; stir in milk mixture. Heat to boiling, stirring constantly. Boil and stir 1 minute; reduce heat. Stir in cheese, lemon juice, tomatoes and salmon; heat through.

High Altitude Directions (over 3500 feet): Not recommended for use.

Alaska Crab Pizza

- | | |
|---|---|
| 1 pound Alaska Snow crab clusters, thawed, if frozen, OR 1 package (6 ounces) frozen crabmeat, thawed and drained | 1/3 cup very hot water |
| 1/2 teaspoon each dried oregano and dried basil leaves, crushed | 1/2 cup sliced mushrooms |
| 1/8 teaspoon garlic salt | 1/2 small onion, thinly sliced |
| 1 can (8 ounces) tomato sauce | 1 cup shredded mozzarella cheese (4 ounces) |
| 1-1/2 cups Bisquick baking mix | 1 medium tomato, thinly sliced |
| | 1/2 medium green pepper, thinly sliced |

Place oven rack in lowest position of oven. Heat oven to 450°. Remove crabmeat from shell; cut into bite-size pieces. Mix oregano, basil, garlic salt and tomato sauce; reserve. Mix baking mix and hot water; beat vigorously 20 strokes. Turn dough onto surface well floured with baking mix. Knead until smooth and no longer sticky, about 60 times. Pat dough into 13-inch circle on greased cookie sheet. Pinch edge of dough to form 1/2-inch rim. Spread tomato sauce mixture evenly over dough. Top with mushrooms, onion, crabmeat and cheese. Bake 12 minutes; top with tomato and green pepper. Bake 2 to 3 minutes longer. 6 servings.

High Altitude Directions (3500 to 6500 feet): Increase baking mix to 2 cups and use 1/2 cup boiling water. Do not knead dough.

Salmon-Spinach Bake

- | | |
|---|--|
| 2 cups Bisquick baking mix | 2 teaspoons diced pimiento |
| 1/2 cup cold water | 1 teaspoon lemon juice |
| 1 teaspoon grated lemon peel | 1 cup thinly sliced mushrooms (about 4 ounces) OR 1 can (4 ounces) sliced mushrooms, drained |
| 1 package (10 ounces) frozen chopped spinach, thawed and well drained | 1 can (15-1/2 ounces) salmon, drained and flaked |
| 1 package (8 ounces) cream cheese, softened | |
| 1 teaspoon poultry seasoning | |

Heat oven to 400°. Lightly grease square pan, 9x9x2 inches. Mix baking mix, water and lemon peel with fork until soft dough forms. Turn dough onto cloth-covered board lightly floured with baking mix. Knead 5 times. Divide dough into halves. Roll 1 half into 9-inch square; place in pan. Mix remaining ingredients; spread over dough in pan. Roll remaining half dough into 9-inch square; place over mixture in pan. Press lightly onto filling and sides of pan. Bake until golden brown, 25 to 30 minutes. 9 servings.

High Altitude Directions (3500 to 6500 feet): Heat oven to 450°. Dough may be stiff. Bake about 25 minutes.

Impossible Deviled Crab Pie

- | | |
|---|--------------------------------------|
| 1 pound Alaska Snow crab clusters, thawed, if frozen, OR 1 package (6 ounces) frozen crabmeat, thawed and drained | 1/2 cup grated Parmesan cheese |
| 1/2 cup chopped onion | 1-1/4 cups milk |
| 1/2 cup chopped celery | 1-1/2 teaspoons Worcestershire sauce |
| 1/2 cup shredded carrots | 3 eggs |
| | 1 cup Bisquick baking mix |
| | 1/4 teaspoon pepper |

Heat oven to 350°. Grease pie plate, 10x1-1/2 inches. Remove crabmeat from shell. Layer crabmeat, onion, celery, carrots and cheese in plate. Beat remaining ingredients until smooth, about 15 seconds in blender on high or 1 minute with electric mixer on high. Pour into plate. Bake until knife inserted in center comes out clean, 40 to 45 minutes. Cool 5 minutes. 6 servings.

High Altitude Directions (3500 to 6500 feet): No adjustments are necessary.

Need some good fish recipes? Turn to Mexico for variety, taste

Mexico, with its two long coastlines, boasts a wealth of seafood and a variety of delicious ways to prepare it. Some of the more exceptional dishes have long been popular in the border states, where they have evolved to fit the cooking styles of busy Americans.

In San Antonio, where Mexican food is considered the most authentic north of the border, the preparation of Mexican fish favorites is simplified while the recipe's original appeal is consciously preserved. Easy-to-find ingredients replace the expensive, and authentic flavors are maintained by the addition of a lively table sauce, used as an ingredient and a topping. Providing the desired amount of "heat" and a special blend of garden-fresh flavors, PACE Picante Sauce has been an essential ingredient in Southwestern cooking for over 30 years. Available in three "degrees" — mild, medium and hot — it provides the authentic Mexican flavor that has made San Antonio-style cooking legendary.

While fish has gained in popularity because of its healthful light and lean image, in some parts of the country it is paradoxically presented with high-fat butter or cream sauce. In San Antonio, favorite fish dishes are served with light Mexican-style sauces without overpowering delicate fish, and is free of fat and cholesterol.

Red snapper is Mexico's most plentiful and popular fish, and when prepared Veracruz style with a well-flavored tomato sauce, it is one of the country's most famous dishes. Easy Red Snapper Veracruz is a Texas interpretation of this colorful dish which makes impressive company fare. Ready to serve in about 30 minutes, the low-calorie sauce features lime juice (a seasoning staple in Veracruz), fresh tomato, olives capers and picante sauce. No fresh snapper available this week? Substitute fresh or frozen cod or haddock fillets for an equally delicious dining experience.

Even on the busiest weeknight there's time to prepare Pescado Al San Antonio, sure to become a family favorite. Finely crushed packaged tortilla chips form a tasty, crunchy crust as the cook's choice of fish fillets bakes briefly. For greatest time savings, crush the chips in a food processor or blender. While the fish is baking, an easy sauce of stewed tomatoes and picante sauce heats on top of the range to become a flavorful Mexican-style topping which belies its ease of preparation.

For additional authentic Mexican Recipes Pace Foods Inc. has created a colorful primer of all-time favorites available free. To receive your copy, simply send your name, address and zip code to: Free Mexican Food Recipe Offer, c/o Food Editor, Observer and Eccentric Newspapers, 3623 Schoolcraft, Livonia, Mich. 48150. Quantity requests from schools, clubs and other organizations will be honored.

Brush fish with lime juice; season with salt and pepper. Place in large skillet and set aside. Cook onion and garlic in oil and large saucpan until onion is tender but not browned. Add remaining ingredients except fish. Bring to a boil. Reduce heat and simmer 10 minutes. Pour sauce over fish. Bring to a boil over medium heat. Reduce heat, cover and simmer 8 to 10 minutes or until fish flakes easily when tested with fork. Remove fish from skillet and arrange on platter; keep warm. Return skillet to medium-high heat; cook, stirring constantly, until sauce is thickened, 8 to 10 minutes. Serve sauce with fish. Makes 6 servings.

Variation: Substitute fresh or frozen cod or halibut fillets for red snapper.

PESCADO AL SAN ANTONIO
1 egg, beaten
2 tsp. milk
1 lb. fish fillets
1 1/2 cups finely crushed tortilla or corn chips
1 16-oz. can stewed tomatoes
1/2 cup PACE Picante Sauce

Preheat oven to 450 degrees. Combine egg and milk, mix well. Dip fish into egg mixture; coat well with tortilla chips. Place in well-greased shallow baking pan. Bake 8 to 10 minutes or until fish flakes easily when tested with fork. While fish bakes, drain tomatoes, reserving juice. Coarsely chop tomatoes. Combine tomatoes, juice and Picante Sauce in small saucpan; simmer 10 minutes, stirring occasionally. Serve sauce with fish. Makes 4 servings.

This squash needs help

The pear-shaped squash called chayote (chy-OH-tay) is so delicately flavored that it borders on the bland. The pulp, which resembles honeydew, is best when combined with other vegetables, the way many Mexicans enjoy it.

The chayotes I purchased were shipped from Costa Rica. They were light green, smooth skinned, ribbed and on the small side. The seeds are edible, the peel isn't.

I was disappointed with the soup. So the second time around I added sliced celery and carrots, diced potato and some rice during warming. It was a pleasant improvement.

CHAYOTE SOUP
2 chayotes, quartered
1 tsp. sugar
2 quarts chicken broth
1 cup shredded cooked chicken
1 small onion, thinly sliced
Salt and black pepper to taste

In large pot, cover chayotes with water, add sugar, bring to boil, reduce heat to medium low and simmer 10 minutes. Drain, peel, cut in 1-inch chunks, return to pot with broth, chicken, onion and seasonings, stir, bring to boil, reduce heat to medium and simmer uncovered 5 minutes. Serves 8.

CHAYOTES RELLENOS
2 chayotes, halved lengthwise
1 garlic clove
1/2 tsp. salt
1 tsp. butter
1 small onion, chopped
2 small tomatoes, peeled, chopped and drained
3 tsp. chopped parsley

In large saucpan, cover chayotes with water, bring to boil, reduce heat to medium low, put on lid and simmer 30 to 35 minutes. Drain, let cool, scoop out pulp, reserving shells, dice and set aside. Preheat oven to 350 degrees. Mash garlic with salt to make paste. Melt butter in large skillet. Add garlic paste and onion, cook on medium low until onion is limp, stir in tomatoes, chayote pulp, 1 tablespoon parsley and simmer 15 minutes, until some liquid evaporates. Scoop mixture with slotted spoon into chayote shells, sprinkle on cheese and top with remaining parsley. Bake about 20 minutes so cheese melts. Serves 4.

New Morning plans 8th spring auction

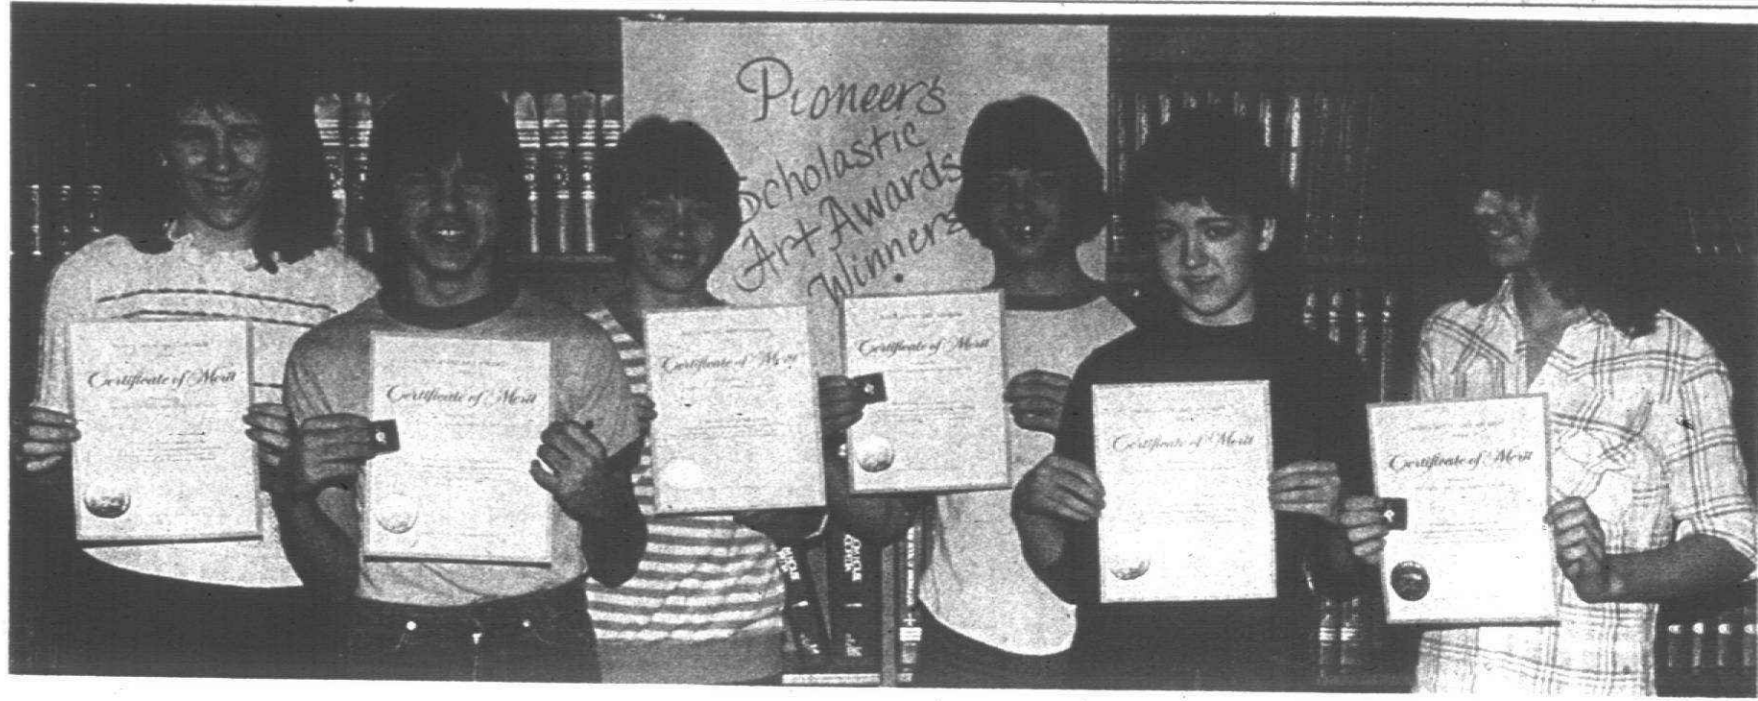

For the past seven years, parents of New Morning School students have organized a spring auction as a fundraiser for the private school in Plymouth Township. The non-profit school's only benefit has become a social Sunday-afternoon event featuring good food and bargains for the bidders. This year's auction is planned for Sunday, April 1 with doors opening at 12:30 p.m. at the Holiday Inn West, Livonia. Guests will have a half hour to look over the merchandise and write in their bids on silent-auction items. Lunch featuring turkey divan will be served at 1 p.m., and the main auction will begin after lunch. A cash bar will be available 12:30-4:30 p.m. Handmade items and some antiques usually are donated to the auction by families and friends of the school. The majority of the donations come from merchants in the area.

SERVICES AND merchandise has been contributed by Dick Scott Dodge, the Mole Hole, Holly by Golly's, Specialty Pet Shop, Handcrafters Unlimited, Stride Rite Boots, Little Book Center, Jimmy's Joynt, The Video Place, Fishaw & Sons, Beautiful People Hair Forum, Tadmor's, Baker's Rack, Omnicom, Cutting Quarters and Hane's Stereo.

Depth charge: Area spikers deadly

By C.J. Risak
staff writer

TALK ABOUT DEPTH.

This season's edition of the All-Observer volleyball team is so deep the third team could probably beat the second team — maybe even the top selections.

That's no knock against the first or second teamers. But it is a tribute to the overall quality of play throughout the area this past season.

As team performance goes, Livonia Stevenson reigned supreme, coming up just one game shy of a Class A state championship. The Spartans lost a three-game heartbreaker to Flint Kearsley in the state finals.

Stevenson finished with a sparkling 33-5 match record, including tournament victories at Detroit Henry Ford, Dearborn Edsel Ford and Schoolcraft College.

Three Spartans were selected by local coaches to the nine-person first team. Redford Bishop Borgess landed two, with North Farmington, Livonia Franklin, Farmington and Farmington Hills Mercy putting one each on the team.

So here it is: the 1984 All-Observer volleyball team.

FIRST TEAM

Linda Loeffler, Stevenson, senior: Loeffler was the Spartans' team leader — not just this season, but for the past three. A 94 percent server and 84 percent setter in Western Lakes Activities Association (WLAA) play, Loeffler was the team MVP, was All-WLAA, made the All-Tournament team at Schoolcraft and is an All-State nominee.

"Her ability to set the 5-1 offense was the key for our successful season," said Stevenson coach Lee Cagle. "Her sets were always predictable, very soft and consistent. She will be extremely hard to replace."

Tami Scurto, Stevenson, senior: Scurto excelled as a hitter. And as a server. And on defense and as a leader. In short, Scurto provided that quality every winning team needs — versatility.

Scurto's WLAA spiking average was 80 percent. Her setting was 83 percent and her serving was a sparkling 93 percent. She was All-WLAA, All-Schoolcraft and an All-State nominee.

Lisa Bokovoy, Stevenson, junior: Bokovoy's strong hitting ability was the center of the Spartan offense and defense. Her list of accolades reads the same as her two All-Observer teammates: All-WLAA, All-Schoolcraft, an All-State nominee.

Bokovoy connected on 87 percent of her spikes, 81 percent of her serves and 89 percent of her sets.

"Our front lines on offense and defense were

volleyball

Nancy Rzepka Borgess

Amy Austin N. Farmington

built around her outstanding ability," said Cagle. "She'll lead us next year."

Nancy Rzepka, Bishop Borgess, senior: All-around seems the best way to describe this 11-letter winner (basketball and softball, as well as volleyball). At 5-foot-11, she led Borgess with an 87 percent spiking average, including 40 percent for kills.

A 4.0 student and team co-captain, Rzepka helped lead Borgess to a 34-16 record while earning All-Catholic League and Division honors.

"She is," summed up Borgess coach Jerry Abraham, "a top-notch young lady and a very dedicated team player."

Katy Smythe, Bishop Borgess, senior: While Rzepka finished the plays, Smythe started them. Abraham called Smythe "the finest setter in the Catholic League", but that wasn't her only qualities. She was also a team leader and very durable, playing every point of every game this season.

An All-Catholic League performer who carries a 3.3 grade point, the 5-6 setter and co-captain led Borgess to an 85-22 record over the past two seasons. She plans to continue playing in college.

Amy Austin, North Farmington, senior: Austin didn't do a little bit of everything for the Raiders. She did a lot of everything, setting 14 school records in her career.

She was an outstanding server (91 percent) and equally superb on defense (90 percent serve reception). She connected on 87 percent of her spikes and collected 163 kills. Her school career records include digs (382), tips (245), blocks (217), spikes (1,089) and ace spikes (419).

"Amy is the total player in volleyball," said coach Sandy Lubieniecki. "She combines her superior front row skills — blocks, spikes, tips — with aggressive back row play."

"Amy never quits, whether it's her effort to improve her skills or playing out a point in a game."

Carolyn Smith, Livonia Franklin, junior: Smith will be hard-pressed to improve on her performances of the past two seasons.

After all, she's been All-Northwest Suburban League as both a sophomore and junior. This season she collected 189 kills and 58 serving aces, but her talents were refined in all parts of the game.

Jill Waterman, Farmington, senior: A powerful left-handed hitter despite her 5-7 stature, Waterman, a four-year varsity player, was also an outstanding server (92 percent) and passer (82 percent).

Waterman led Farmington in kills and service aces and had a 90 percent hitting average. The team captain earned All-WLAA honors this season and has an offer from Oakland University to play next year.

Laurie Huston, Mercy, senior: Like many of the All-Observer choices, Huston excelled in all phases of the game. But her statistics were particularly impressive, surpassing 90 percent in serving (93), spiking (97) and blocking (92). She had a 55 percent kill average and 46 percent average in serving aces.

The team's MVP, Huston possesses a 24-inch vertical jump that helped her as Mercy's top spiker. She was All-Central Division in the Catholic League.

Wrestling coach Chrenko resigns

By Chris McCoosky
staff writer

The man who introduced wrestling to Plymouth Canton High School in 1973 and built one of the most successful programs in the area has resigned.

Dan Chrenko compiled a 66-58-4 record in 11 years (63-39-4 in the last nine years), won two Western Six League titles and one Western Lakes Western Division title. But he announced his resignation at his team's banquet Wednesday night.

"I feel at this point in my life a decision had to be made," the popular coach said. "Do I want to be a father or a coach?"

"I feel that my role as a father is far more important than my role as a coach. I just can't do both."

Chrenko and his wife Alice have twin daughters 18½ months old. A third child is expected in May.

"IT IS very difficult to admit that I can't do everything. It hurts. But, I just can't be a wrestling coach and keep my house going the way it should at the same time."

Chrenko emphasized that his decision was solely a personal one.

"Nothing happened this year as to the team's success or disappointments that figured in this decision. It was

purely personal. It is just time that I face a different challenge."

The team's successes were numerous. If anything, they made Chrenko's decision to resign that much tougher.

"I WAS really tied to this group of kids (this past season's seniors). I can't say enough about them. They came up as freshman and really caught hold of what we were trying to accomplish."

The four-year high school wrestlers compiled a 38-11-1 record. They won league championships as freshman and sophomores, and a division championship this past season as seniors.

"They never lost a dual meet at home. Canton wrestling teams have won every home dual meet since 1979."

"You can say what you want about Canton wrestling. But this crew did exactly what we set as a goal. When a team steps into our gym, they know that have got to beat us, and it won't be easy. These young men accomplished that, and that's something not many teams can say."

DESPITE CHRENKO'S fine record, his goals when he began the Canton wrestling program had nothing to do with wins and losses. He set two goals. One was to promote wrestling in the Plymouth-Canton community.

Dan Chrenko mat tourney?

"You know, since I started the program and everything, I can't imagine a Canton wrestling team without me being involved in it."

Dan Chrenko will miss his wrestling program. It's in his blood. He knows that he will be unable to completely turn his back on it, even though he has resigned as head coach to spend more time with his family.

"I'd like the kids to feel that they can come to me and that I'd help them with any problem they might be having. But, I also know that I have to give proper space to the new coach," he said.

Dan Chrenko was the pioneer of the wrestling program at Plymouth Canton High School. His name should always be associated with the program he built into an area power from scratch. Here's a suggestion:

The annual Plymouth Canton Wrestling Invitational should be renamed after Chrenko. Those in charge of such matters should consider this suggestion as a fitting tribute to the man who spent 11 years building the Canton wrestling program into a winner.

Rick Berberet, shown in state tournament action last year, is the key to Plymouth Salem's inexperienced pitching staff.

A Rock slide?

Youthful Salem faces stiff challenge in '84

By Chris McCoskey
staff writer

INEXPERIENCED. THE label lays on the Plymouth Salem baseball team like a price tag. Last year's Rock team finished 19-3, and won district and regional championships before falling in the state semifinals to West Bloomfield. So much has changed since then. Longtime coach Brian Gilles has resigned, and only three starters remain from last year's squad.

baseball

Stull, new coach John Gravin, an assistant to Plymouth Canton coach Fred Crissey for the past six years, has plenty of reason for optimism. One of the returning starters is imposing 6-foot-6 right-handed hurler Rick Berberet. The others are All-Area center-fielder Mike Sindrich and third baseman Tom Moore. Those, plus several others who saw some action last year, give Gravin a nice nucleus to build from.

"WE ARE going to be a very offensive-oriented team," the rookie coach said. "We have an awful lot of speed—more than any team I've seen in this area in a while. I think that we have the capability to score a lot of runs." The Rocks may need a lot of runs. Gravin lists a questionable defense as

one of the team's weaknesses and the pitching staff, for the most part, is untested. "We have one proven pitcher in Rick (Berberet)," he said. "But, even Rick had just a so-so year last year. He came on real strong at the end after a slow start. We hope he's going to keep coming on." Others who will be sharing the pitching duties include senior Ken Harmon, who is back after a two-year hiatus, Mike McKinley, Chris Mowers and Dan Knapp. Assistant coach Scott Dawson, a former Canton and University of Michigan ace hurler, has the task of trying to mold the pitching staff into form.

"It's not easy to replace everything on defense. We will be going with a lot of young players. Plus, the coach is young. We have a lot of maturing to do as a team."

GRAVLIN HAS not made any definite decisions on his starting nine. Certainly, Moore at third and Sindrich in

Gravin, however, said the transition has been smooth.

"**WE GOT OFF** on the right foot because the team is so young," he said. "A lot of the players are off last year's junior varsity, and they saw just as much of me as they did Gilles. Plus, we got the chance to spend some time together during pre-season conditioning. We've got to know each other, and they know what I expect." "I've been getting 100-percent effort from the players every night. I can't ask for anything more than that. The players are all talking about how good they think we are going to be, and I like that. They are a good, hard-working group."

Gravin said he expects the Western Lakes to offer a number of contending teams this season. Among them, he said, were Canton, Walpole Lake Western, Farmington, Farmington-Harrison, Northville and, of course, the Rocks.

"I tend to be optimistic," he said. "I look at problems as challenges. I am looking forward to this season more than I have looked forward to anything in my life. I think we will be in all of our games. I think there will be lots of excitement. I think you can look forward to seeing a good brand of baseball coming out of Plymouth-Canton."

Injury sidelines Craig Payne

By Brad Emons
staff writer

A rib injury will keep Livonia super-heavyweight boxer Craig Payne out of action until the Olympic trials, scheduled for June in Fort Worth, Texas. Payne was slated to meet three-time Olympic champ Teofilo Stevenson of Cuba as part of the 1984 Budweiser World Championships Challenge in Los Angeles, but the match has to be scratched. Last September, Payne became the first American to defeat a Cuban champ since Duane Bobick in 1971. Payne won by decision to claim the 1983 North American title.

"X-RAYS have been taken, but the doctors are unable to determine the extent of the injury because of swelling," said Soucy, in an official statement to the U.S. Amateur Boxing Federation. "It was really a freak blow—Craig's sparring partner caught him on the ropes, and the punch got through."

Replacing a coach as popular and successful as Gilles is not an easy task.

Soucy has tried to make Payne cut weight after losing decisively to Tyrrell Biggs of Philadelphia in the U.S. Amateur Championships last November. "CRAIG IS down to about 220 now," Soucy said, "but we want him to be around 210 for the Olympic Trials."

Not to make excuses, but Craig had a virus and was taking antibiotics," Soucy explained. "He had no real strength and hadn't trained two weeks prior to the bout."

"He just lost too much weight, but he went anyway. He's doing a lot of running now, and he's in good spirits."

Basketball junkies' sojourn to NCAAs

The Battle for Seattle started last weekend in such places as Charlotte, Lincoln, Pullman, East Rutherford and Milwaukee.

After getting my first taste of the NCAA basketball last year in Louisville (as in Kentucky), I didn't want to be left out anymore.

There's nothing like being there. That's why I jumped at the chance to attend the Midwest Regional last weekend in Milwaukee at the invite of Plymouth's toastmaster general, John Van Wagener.

about the team on his guitar in the hotel lobby.

Tickets for this week's Kentucky-Louisville game are going for \$110 apiece as offered to me in the hotel lobby.

Not to be upstaged were the Tulsa Golden Hurricane and their flamboyant dresser, coach Nolan Richardson, who donned a brown polka shirt and the most expensive boots in Milwaukee. And I could have sworn George Gervin was out there playing, but the guy's name was Ross—and he was no Betsy.

"**HAND-CHECKING** is illegal in an official conference," said one of the officials from the Marshall-Villanova game, who I confronted in an establishment called Major Gooley's, located across the street from the MECCA. "We get \$350 a game for the NCAA, all expenses paid. I can make \$100 for a high school game in Houston. We get a percentage of the gate."

But this slender fellow from oil country obviously had been spending too much time at the bar. It was hard for me to believe that hand-checking was illegal. All six teams should have been thrown in the clink for that offense.

On the off day, some of our NCAA entourage experimented with their own defenses at the lavish downtown YMCA gym. Some guys obviously weren't the same guys I remember playing against in high school. Some, in fact, should have quit while they were ahead.

SOME of the has-beens got to meet Milwaukee Bucks guard Kevin Grevey, who was working back into shape after being sidelined the past few weeks with a strained knee. Grevey and his younger brother, Norm, a prospect from Ohio, took part in the pick-up games.

In between watching other games on ESPN, and viewing the Wisconsin and

be complete without a few disabled vehicles.

"**INSTEAD** of stalling out on the south side of Chicago, my vehicle coughed and choked into Michigan City, Ind., late Sunday night. Of course, I was carrying no credit card and some loose change. Have you ever ordered two cheeseburgers with nothing to drink?"

A bug in the transmission kept us in Delray Brooks' hometown for almost a day.

Brooks, a 6-foot-4 guard, plays for Michigan City Rogers High School and is considered by many, the best player in the country.

"We were undefeated and No. 1 all year, but Warsaw beat us Saturday in the semistate," said a gas station attendant, shaking his head. "Delray

doesn't play in the state finals, but I think he made 6 of 16, or something like that. Just a terrible game. They should have beaten Warsaw."

We learned that Brooks is going to Indiana along with 6-9 Steve Sloan of McLeansboro, the Illinois Class A champ who finished with a 33-9 record.

"**Robby Knight** just might take Delray on the Olympic team," said a car salesman at Jim Vine Chevrolet. "He did it with Isiah."

My NCAA teammates told me I'm no longer a rookie and that I have the experience to endure any tournament situation (even when I'm broke).

That's why I'm already prepared for next season. It's in my veins. How does Dayton and South Bend sound next season?

"**NOT ONLY** are the games entertaining, but the fanfare which surrounds the NCAA basketball tournament is something to behold.

That's why I want to go every year here on out. I have to broaden my basketball horizons and get away from the stale tales of western Wayne County hoop.

I discovered that the Morehead State Eagles of Kentucky had won 18 of their last 20 games and had a 6-foot-11 center who could shoot.

But that wasn't enough to defeat Denny Crum and the Louisville Cardinals. They had a guy strumming a song

bright, Chrenko said. Thirteen wrestlers with varsity experience are returning next year.

"**I'M REAL** excited about next year. You know, I've always felt it's the kids that make the program, and there is a good group of wrestlers coming back. I think the program will go on strong."

They will have to find a coach who can do some teaching. Obviously, I haven't taught them everything they need to know. But whoever takes over will have a nice, strong base. And the coach won't have any problems with attitudes."

A top candidate to replace Chrenko will be his assistant, Dave Mineau. Mineau resigned as assistant wrestling coach one week before Chrenko's resignation.

MANY HAVE asked Chrenko how he could give up his program after building it from scratch and seeing it mature into an area power? His answer is simple and straightforward: It is a matter of priorities.

"It's time for me to be a dad. It takes a lot of time to be a father and it takes a lot of time to be a coach. One would have to give."

"My role as a father can't give—and I couldn't demand what I expect out of my kids if I only gave them 80 percent. I couldn't coach that way."

The man has his priorities in the right order.

A matter of priorities leads Canton coach to resign job

Continued from Page 1

"In 1973, no one knew what wrestling was. Everyone thought it was like 'Big-Time Wrestling' they saw on television."

It didn't take long for Chrenko to get the community wrapped up in the sport.

"I have been blessed with an abundance of good families in the Plymouth-Canton community to work with. And it's on that principle that we've built our program."

"We are like a family. We have our disagreements and our fights, but we hold together through it all."

CHRENKO'S SECOND goal was to teach his young men that lessons learned through wrestling could be valuable throughout their lives.

"Wrestling is a life-long experience. Wrestling allows room for compassion and get away from 'It's very difficult to be the best. Sometimes you can give it your best and work as hard as you can and still come up short. There's a certain sense of honesty unique to the sport."

"It's difficult to learn the lessons wrestling can teach, but they can be very useful."

The future of the Canton wrestling program is

Kleinsmith lifts state stars

Three All-Area swimmers helped a team of Michigan senior all-stars defeat an Indiana all-star team 95-31 in a dual meet exhibition at Eastern Michigan University March 17.

Alec Campbell, a senior at Farmington High School, won the 200-yard individual medley with a 2:00.6. He was second in the 100 butterfly (53.0).

Erik Kleinsmith, a Plymouth Salem senior, took sixth in both the 200 freestyle (1:51.0) and the 100 free (49.9).

Both Kleinsmith and Campbell competed on Michigan's second place 400 freestyle relay team (4:17.7).

Livonia Stevenson senior Kurt Hein took a fifth place in the 100 butterfly with a 55.9. He also competed on Michigan's second place 200-medley relay team (no time available).

Christopher Lambert plays Tarzan, who is raised from a babe by the apes, in "Greystoke: The Legend of Tarzan, Lord of the Apes."

Tarzan, the long-lost Earl of Greystoke, is shown through the family estate by his grandfather, portrayed by Ralph Richardson.

the movies

Tarzan story retold in spellbinding way

"Greystoke: The Legend of Tarzan, Lord of the Apes" (opening Friday at metropolitan-area theaters) is a superior two-hour, 10-minute exhibition of the motion-picture craft. The film is well-acted, finely directed, attractively designed and beautifully photographed. It is also, in the very best sense of the phrase, "terribly British." Whatever negatives one might express about the British Empire, it did have spirit and a sense of manifest destiny. A personal and national sense enabled it to achieve great power and extensive accomplishments. The strength of British character and the character of 19th-century Europe permeate this film, dedicated to Sir Ralph Richardson whose last film role was as Lord Greystoke, grandfather of Tarzan.

LORD GREYSTOKE'S son, Lord Jack Clayton (Paul Geoffrey), and daughter-in-law, Lady Alice Clayton (Cheryl Campbell), leave on an expedition to Africa. Shipwrecked, they survive for a while in the jungle. When they die, Baby Tarzan is adopted and raised by Kala, Primate Mother (Alisa Berk). The story proceeds as expected, based on the Edgar Rice Burroughs novel. Years later an expedition is wiped out by natives, leaving only a Belgian Captain, Philippe D'Arnot (Ian Holm) surviving. The now fully grown Tarzan (Christopher Lambert) aids him.

In turn, Captain D'Arnot teaches Tarzan to speak, ultimately civilizing this jungle creature and returning him to his family, where grandfather, Lord Greystoke, and his ward, Jane Porter (Andie MacDowell), are enthralled and enamored of this ape-fellow, doncha know? But we know all that, so why go see this new version? To find out whether Tarzan chooses his jungle or castle home?

WHETHER ON location in Cameroon, West Africa or Victorian England (Floors Castle, Blenheim Palace, Hatfield House, the Natural History Museum), the film is a great pleasure visually. England's great sense of tradition, which permeates the movie, has preserved many old castles. With the fine costuming, make-up and set design, this produces a meticulously detailed, richly visual film.

John Alcott's photography in the Cameroons is lushly presented on the wide screen, with sufficient landmarks so that the audience has a sense of place. When Tarzan runs off at the end to join his primate friends, we recognize his home visually.

The cast represents the finest elements of the British theatrical establishment. Sir Ralph Richardson draws a fine portrait of the British lord in his castle. That portrait includes his foolishness, his vanity and his humanity. He is a well-rounded human being. Andie MacDowell is a lovely, accomplished actress, also in that best British tradition. Christopher Lambert projects the tension of jungle and civilization at odds within one personality.

BESIDES THESE riches, the film makes some interesting comments about Great Britain and the 19th century's sense of progress. Tarzan, it is argued, should not return to the jungle even though he is most comfortable there. His resurrection as a civilized individual represents a victory for progress and exemplifies the superiority of British civilization. Manifest destiny at its worst. The movie also deals with the issue of violence. To the film's credit - most notably director Hugh Hudson and writers P.H. Vazak and Michael Austin - the message about the similarities between jungle violence and "civilized" violence are muted and subtle. But quite clearly the film notes there are predators everywhere, the civilized ones often with less reason to prey than their jungle cousins.
