## The Canton Connection

**BRIAN SMITHMIER**, the 7-year-old son of Mary and Gary Smithmier of Canton, was the first winner of a Cabbage Patch doll in a monthly give-away sponsored by Canton Dental Associates, whose offices are located within Meijer Thrifty Acres.

Brian, who, incidentally, selected a doll with a boy's name, received his prize at an awards ceremony Thursday afternoon.

Dr. Sheldon Applefield said patients at Canton Dental Associates can register for the next contest to be held in about three weeks.

**TELE-CARE Services**, a telephone reassurance program for the elderly, will continue for Canton senior citizens despite the loss of funding by the Wayne County Office on Aging.

Township trustees voted to pick up the \$3,000 cost of funding for another year the Tele-Care worker who is assigned to Canton.

In the past year, 59 residents who have limited mobility or are confined to their homes have to be called on a daily basis and asked about their health and needs for assistance.

**THE CANTON** Sesquicentennial celebration has been selected by the Michigan Historical Society to receive its presidential letter of commendation.

In a letter received by Supervisor Jim Poole, the society said the Sesquicentennial committee was commended "for its organization of the celebration of the 150th birthday of Canton Township including the publication of a brief history of Canton."

The award will be presented at a ceremony and luncheon Saturday, Oct. 27, at the St. Clair Inn.

**A SERIES OF** ballet, tap and jazz classes for children ages 5-11 will be offered through the Canton Township Department of Recreation beginning Monday, Sept. 24.

New students can register for the classes at 9:30 a.m. this Saturday and returning students from 10 a.m. to noon at the lower level of the Canton Township Administration Building. Participants will be charged an \$8 fee for the entire year, October through May, or \$2 per person, per class paid on a monthly basis.

Call the recreation department at 397-1000 between 8:30 a.m. and 5 p.m. for more details.

**TOWNSHIP TREASURER** Maria Sterlini recently earned the Certified Municipal Finance Administrator credential, one of only 151 of 1,300 members of the Municipal Treasurers Association of the United States and Canada to receive the honor.

Recipients were required to meet specified educational and experience standards in order to accrue the necessary points for professional certification. The purpose of the professional evaluation program is to set standards of knowledge, skills and performance necessary to improve the quality and efficiency in municipal treasury management.

**OOPS!** Canton's Irene Bakowski recently was identified in the Observer as a single parent. We are happy to congratulate Irene and her husband Robert on their 11th anniversary — recently celebrated on Aug. 25.

**THE MICHIGAN** Agricultural Reporting Service (MARS) will be conducting a survey this fall to identify the number of equine — that's horses, ponies, donkeys and mules — in the state. Selected owners will be contacted beginning in late September to determine the number, type and use of their equine.

## Bush may salvage Supersewer

By M.B. Dillon Ward and Gary M. Cates staff writers

Thanks to Vice President George Bush a flicker of hope remains for receiving 1985 federal Environmental Protection Agency (EPA) funding for the construction of the \$120 million North Huron Valley-Rouge Valley wastewater system — otherwise known as Son of Supersewer.

Citing a variety of environmental concerns and a lack of required documentation, EPA announced Wednesday it would not include the project in the

1985 budget for 75 percent grant financing.

"I hope Wayne County will be equitably treated," Bush said at a news conference Saturday following his keynote address to the Republican State Convention.

Bush wouldn't answer directly, however, the question of what role his office played in putting beat on EPA to reconsider the economic development project. But a member of his staff confirmed that Bush's office had contacted EPA.

ASKED ABOUT his relationship with

Wayne County Executive William Lucas, a Democrat who is in trouble in his party, Bush said, "I wish he were a Republican. He's a very good man."

But the vice president said he has "no political relations" with Lucas. The Wayne County executive is widely rumored to be considering a party switch in 1986 and a run for lieutenant governor as a Republican.

U.S. Rep. Carl Pursell, R-Plymouth, confirmed in an interview that he, Bush and U.S. Rep. William Ford, D-Taylor, all had been actively pushing Wayne County's case for the sewage treatment plant and interceptor.

An entourage of Michigan Department of Natural Resources (DNR) and Wayne County officials presented more information to the EPA Friday — and followed up their visit with a call from Bush's office. The visit and call may save the 1985 funding and the project.

Many believe the sewer system can't be built if 1985 funding isn't received because in 1986 EPA funding drops to a maximum of 55 percent — thus increasing the 17 local communities' share by \$24 million.

"We are in the process of reviewing the information they presented," said

Charles Sutfin, EPA director of the water division.

Sutfin told the entourage that the EPA would consider the information and get back with them.

"We will make a decision as quickly as possible," he said Friday.

**BUSH'S OFFICE** contacted the EPA Friday morning on behalf of Wayne County.

"We are working on that particular situation right now," said Pete Teeley, the vice president's press secretary.

## DNR grant to fund needed addition

The Canton Recreation Complex behind Canton Township Hall will nearly double in size thanks to a \$65,000 federal grant administered through the Michigan Department of Natural Resources.

The additional 20 acres of parkland adjacent to the Administration Building will be developed to provide baseball and soccer fields, a creative play center with slides, ladders and swings, a picnic shelter and more parking.

Terry Carroll, grants coordinator for Canton Township, said the new facilities would ease the present strain on the playing fields.

"The facilities are badly needed because of the overuse (of the present

area) and the interest expressed. The existing fields are used to such a high degree," Carroll said.

**MIKE GOUIN**, superintendent of parks and recreation, said the additions

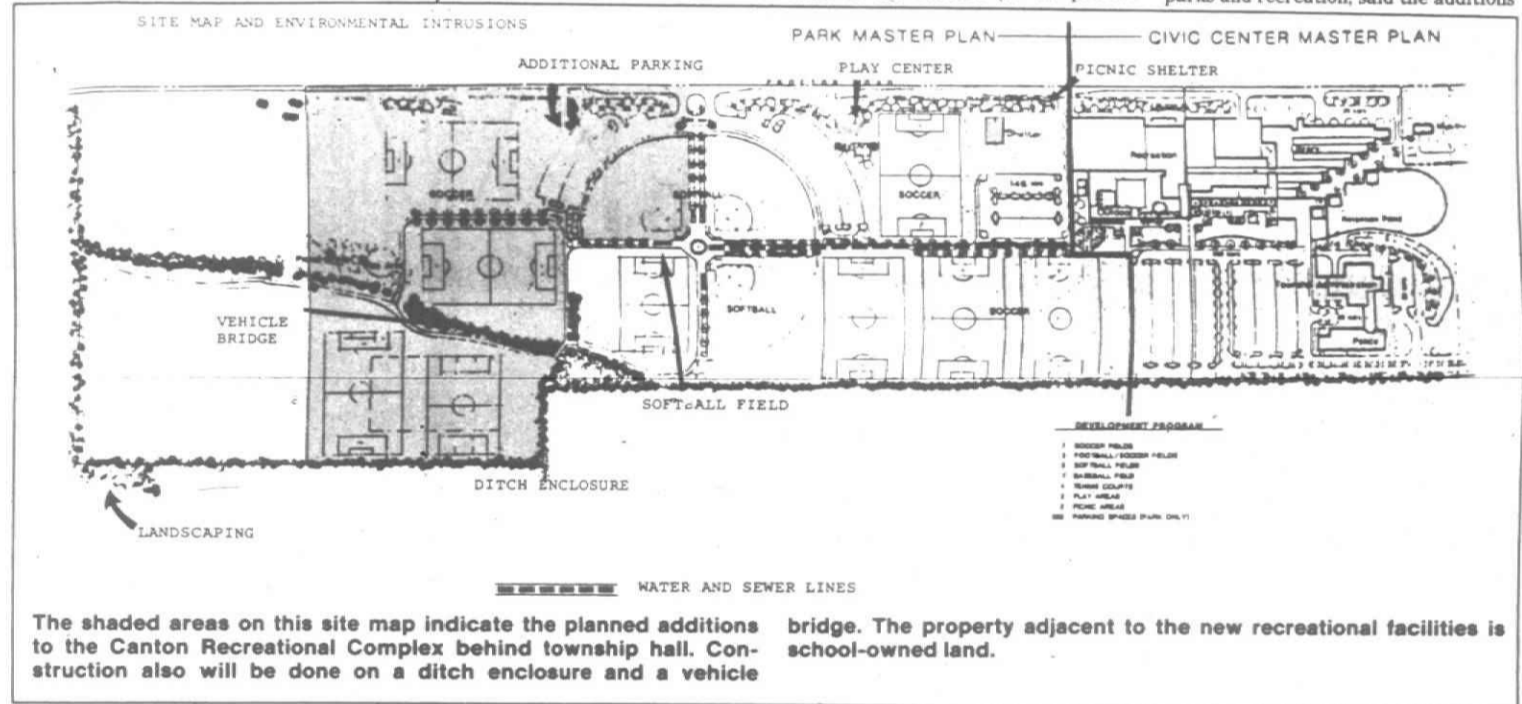

to the ball playing areas will give a rest to and allow for reseeding of the present facilities which "are used to capacity."

Gouin said the new fields will be sufficient for all game activity, but space is still needed for practice fields for the 1,600 youths and adults in the soccer league.

The picnic shelter will be especially helpful during the Country Festival and the annual soccer tournament, and the added parking facilities will come in handy when the soccer season is in full swing, Gouin said.

Although the funds through the federal Land and Water Conservation Fund Grant program have not been reauthorized, Carroll said the local grant does not appear to be endangered. He said he expects to hear of the congressional authorization by the end of the month.

Carroll said the plans for the estimated \$230,000 project were drawn up for the grant application which was submitted in April. The federal program will provide for 50 percent of the costs on a matching-funds basis, excluding the \$100,000 cost for the grading and seeding of the property. The township will cover the costs not funded by the grant, making its portion of the project \$165,000.

## Moving up: Wilson tapped as lieutenant

Lt. Alex Wilson has moved up in the ranks at Canton's Police Department.

By M.B. Dillon Ward staff writer

Canton Lt. Alex Wilson has reason to crack a bottle or two of champagne. He was promoted Tuesday, filling the spot vacated by Lt. Dennis Joker, who resigned in December 1983. Wilson became acting-lieutenant shortly after Joker took a leave of absence in November of the same year. He joins Lt. Larry Stewart as the department's other lieutenant.

The Scottish-born Wilson, who will earn \$33,500 annually, vied for the position with Canton Sgt. Gary Griffiths. The two were interviewed by a three-member law enforcement panel, evaluated on performance and took 2 1/2-hour examinations.

Both placed among the top 10 percent of police officers tested nation-

wide, said Canton Police chief Jerry Cox.

"I'm happy," said Wilson, who ranked within the top 2 percent.

"I think anyone, whatever career they're in, wants to do a good job and feel the self-satisfaction of being rewarded. I'm looking forward to a lot of challenges. But I guess the proof is in the pudding. Now I have to produce."

Cox said his decision was far from easy.

"There was one position and two people — both very qualified. It was a difficult task." Both Griffiths and Wilson joined Canton's police department in September 1979.

"Assertiveness, a good handle on management duties and knowing how to deal effectively in subordinate-superior relationships" were among Cox's criteria, he said.

"We look for people who are decisive, and abreast of what's happening," added Cox. Serving on Cox's panel were Livonia Commissioner of Public Safety Robert Turner, retired Executive Major (deputy chief) Walter Hawkins of the Ann Arbor Police Department, and Farmington Hills Inspector Richard Niemisto.

"Al has a lot on the ball. He's very dedicated and conscientious about getting things done and done right. He's a good organizer," said Cox.

"He's a straight-laced, objective individual. He assumes responsibility and has a good record."

"BEING CHRONICALLY short-staffed has hampered the department's effectiveness — something Wilson's promotion will help rectify.

"Administratively, we've suffered. This won't solve the problem, but it's a step in the right direction. This will provide some continuity."

While the department has three sergeants positions, only one is filled by a full-time officer (Griffiths). The other two are filled on a rotating basis by five corporals. One of the positions for-

merly was held by Cpl. William Lenaghan, who recently was let go by Cox.

According to Canton Personnel Director Dan Durack, "the chief felt he wasn't performing adequately as a sergeant." Lenaghan protested the action, and after several hearings the issue went to arbitration. An arbiter ruled Lenaghan should be demoted to corporal and be given an unpaid, six-month suspension. Lenaghan's suspension was effective through March of this year.

Testing for officers wishing to become sergeants is slated for Oct. 3. It's likely only inside applicants will be considered, said Durack.

The township is looking to fill sever-

## Puzzler

The driver of Mustang baffled Wayne County Deputy Sheriff John Monge when he sped up while heading south on I-275 north of Palmer Road Wednesday. He crossed the median and drove into the northbound lanes of the freeway. Two oncoming semis had to brake to avoid the motorist, who ran his car off the shoulder and continued 190 feet into a field. Monge said the uninjured driver, whose name is being withheld pending charges, "should have been dead." The car was towed.

# Local musicians nominated for All-American Band

It's not often that high school students are nominated to be an "All-American" for playing the tuba, euphonium or melophone/French horn. But that has happened to David Cleveland, son of Mr. and Mrs. Joseph Cleveland of Mayflower Ct., Plymouth, and to Steve Harrington, son of Mr. and Mrs. Earl Harrington of Blunk, Plymouth.

Cleveland and Harrington were nominated for the All-American Band by James R. Griffith, band director at the Plymouth Centennial Educational Park (CEP), on the basis of 1984 musical honors and solo contest ratings. Students selected to the 1984 All-American Band will be notified early next month.

### THE NOMINATIONS were announced by Robert Card who operates the McDonald's restaurant at 44900 Ford Road, Canton. "It's a pleasure for us to see motivated young people get the recognition they deserve," said Card. "We are proud of David and Steve because only the best high school musicians in the country are nominated to the All-American Band."

McDonald's All-American Band program was created in 1967 to honor outstanding high school musicians. Every year, band directors across the country are invited to nominate two of their finest musicians for the All-American award.

From the almost 5,000 nominees, 105 will be selected — two from each state and the District of Columbia, plus one member each from the Virgin Islands.

**WHY USE ASPIRIN FOR JOINT PAIN?**

At one time you may have experienced joint aches that required a physician's evaluation. Perhaps, on examination, he found no swollen joints, blood tests were unremarkable, and x-rays showed no evidence of joint damage. Then the doctor put you on aspirin. Likely you thought that by prescribing "only aspirin," he wasn't taking your joint pain seriously.

I have been the doctor in such a scenario. As a rheumatologist I am well acquainted with the fact that inflammation can exert a strong presence and at the same time be difficult to find. In such cases, aspirin is the drug of choice.

Aspirin is useful because it is capable of stopping the first step in the chemical cascade that leads to joint irritation. Aspirin is safe when compared to alternative medications, and furthermore, aspirin dosage can be tailored to meet the needs and tolerance of each individual patient.

If evaluation of your joint problem fails to uncover its cause, and your doctor, "just orders aspirin," do not be distressed. You are really receiving the best therapy possible.

"We need him in the Senate," George Bush said of Republican U.S. Senate nominee Jack Loumsa (left). The former astronaut flanked the vice president everywhere during his half-day campaign swing through Michigan Saturday.

U.S. Rep. Carl Pursell of Plymouth has been a confidant of George Bush since the 1980 presidential primaries, and last week they worked on getting federal funding for Wayne County's "Son of Super Sewer" project. "I hope Wayne County will be equitably treated," the vice president told a news conference.

Dorothy Beardmore emphasized her two terms on the Rochester school board as she won a GOP nomination for the State Board of Education. The 7-1 Democratic state board has no one with K-12 experience, she said.

# Bush, GOP make schools a top '84 issue

By Tim Richard staff writer

Tasting political blood, and spurred by Vice President George Bush, Michigan Republicans are vowing to make education a top issue in the Nov. 6 election campaign, nominating a slate of education and state Supreme Court candidates with more fervor than usual.

Bush, keynoting the state Republican convention Saturday in Detroit, was cheered by the nearly 2,000 delegates when he said President Ronald W. Reagan's administration sought to put "control of education in locally elected school boards" rather than in the federal government.

The result, said Bush, has been "more order and discipline in the classrooms and better test scores." The blood Republicans are tasting was spilled by the Democratic State Convention two weeks ago when labor opposition denied renomination to a university of Michigan regent and forced the retirement of a Michigan State University trustee.

AND BUSH SET the political rumor mill buzzing with open praise of Democrat William Lucas, the Wayne County executive.

"I wish he were a Republican. He's a very good man," Bush said during a news conference, echoing a sentiment expressed last year by GOP gubernatorial nominee Richard Headlee of Farmington Hills.

Speculation is that Lucas in 1986 may switch parties and run for lieutenant governor as a Republican on a slate with Thomas E. Brennan, Headlee's 1982 running mate. Democrats snubbed Lucas at their convention, denying him a prominent spot on the platform usually accorded to top office holders.

In reply to this newspaper's question, Bush said, "I hope Wayne County will get equitable treatment" in its bid for federal funding for an economic development project nicknamed "Son of Super Sewer," a waste water treatment plant and sewer interceptor that would serve suburban Wayne and Oakland counties.

THREE YOUNG state senators were highly visible during the nominating speeches as Republicans selected 11 candidates: three for the state Supreme Court, two for the State Board of Education and two each for the governing boards of the three big state universities — Michigan, Michigan State and Wayne State.

"We reversed the decline in the proportion of the state budget going to education," boasted Sen. Dick Posthumus, R-Lowell. The 34-year-old freshman lawmaker nominating speeches for two successful candidates.

Sen. William Sedburg, 37, of Lansing gave the nominating speech for Rochester resident Dorothy Beardmore for the State Board of Education. He also saw his legislative aide, Kathy Wilbur, a former Birmingham advertising agency staffer, nominated for the MSU board.

Senate Majority Leader John Engler, 35, of Mt. Pleasant, nominated one successful candidate, and his wife, Rep. Colleen Engler, made a seconding speech for another.

Dr. Gary Artunian, heart specialist from Birmingham, and George Bashara, former state Court of Appeals judge from suburban Wayne County.

• **State Supreme Court** (on non-partisan ballot, though a party nomination is required) — Dorothy Comstock Riley, who was briefly a justice in 1982-3 until Democrats on the court ruled her appointment illegal and ousted her; James Brickley, former lieutenant governor; and Robert P. Griffin, former two-term U.S. senator who gained national fame in the 1960s for blocking appointment of Abe Fortas as U.S. chief justice.

Of the 11 candidates, only Brickley is an incumbent. He was appointed to fill a vacancy by then-Gov. William G. Milliken in the closing days of 1982 and is seeking to fill out four years of a term.

Barbara Bush sneaked in a bit of needlepoint work as her husband conducted a vice-presidential news conference.

# Bush lends Supersewer new hope

Continued from Page 1

"It's not unusual for us to get involved in such a project," Teley told the Observer. "We're here to help people. Some people might call the White House, others will call here."

Teley said Dennis Nystrom, Wayne County Executive William Lucas' chief of staff, is an "old friend." Teley, once an aide to then-U.S. Sen. Robert Griffin of Michigan, is well acquainted with state political leaders and answers questions. State staffers wouldn't answer questions about Bush's involvement in getting the EPA to reconsider funding.

The EPA already has extended deadlines for the project to complete its grant application. Wayne County applied for the EPA grant with the DNR, which sets a statewide priority list for EPA money.

"It would be unfair to other communities on the Project Priority List that are ready to proceed if we were to offer any additional special considerations to Wayne County. We, therefore, do not foresee a grant award for this project this fiscal year," EPA water director Charles Sulfin wrote in a letter to the DNR, received earlier last week.

"SIGNIFICANT QUESTIONS about the impacts of the proposed project remain unanswered," Sutin wrote.

"Until these questions are satisfactorily addressed, it would be irresponsible to issue a finding of No Significant Impact. In our opinion these issues will require a substantial amount of data gathering and analysis, and cannot be satisfactorily resolved by the end of this week."

The two townships filed the lawsuit in hopes of getting answers to those questions, and others, before signing service agreements binding their communities to the project.

"I don't think we anticipated the EPA's decision, but it didn't surprise us either," said Plymouth Township Supervisor Maurice Green. "When we met with the EPA in Chicago, they said they knew of the problems that were inherent in it."

"The DNR said they could meet all the requirements. They were calling all the shots and telling everyone what to do. Somehow they failed," Green said.

"Our lawsuit still is there. We only signed the service agreement in hopes of saving the 75 percent grant funding," he said.

"It really didn't surprise me," Canton finance director Mike Gorman said in reference to Wednesday's EPA announcement.

"It was suspected all along. The entire system is its own worst enemy," Gorman said.

"Everyone for the last five or six years has been designing and planning for a system the EPA didn't want in the first place. Local governments had no choice — they had to go along with whatever system was proposed."

In the event the 75 percent funding is lost, local officials are hoping something could be worked out to increase the grant above the 55 percent level.

"Evidently there are several bills in Congress, and the feeling is a compromise will be reached which would take the federal share to 60 or 65 percent," Gorman said.

Currently, anticipating 75 percent funding, Canton's share for the project is pegged at \$9.5 million. Plymouth Township at \$1.9 million.

Monday, Sept. 17 — Plymouth Family Service is offering a six-part series in alcohol and alcoholism 6:30-8:30 p.m. at 880 Wing Street, Plymouth. The series uses diagrams, films, discussions and lectures. Anyone who is, or has been, concerned or uncomfortable with their own drinking or that of a family

member would benefit from the series, said David Breeden, executive director of the agency. The series also may be helpful to anyone who grew up in a home where there was problem alcohol use, he adds.

Topics will include attitudes, physiological effects of alcohol, the symptoms and phases of alcoholism and what happens to family members caught up in an alcoholic family system and how to get help. Anyone interested in attending or wanting more information may call Family Service at 453-0890. Enrollment is limited.

# Police chief taps Wilson for promotion

Continued from Page 1

Durack

Police officers, who start at \$22,904, must be high school graduates and U.S. citizens between 18 and 70 years old, have a driver's license and a good driving record, have no criminal record, score well on physical, psychological

and written tests, and pass polygraph exams.

WILSON AND COX look forward to the expansion of the department.

"I'd like to see the size of the detective bureau increase so that we can take a more active role in non-uniformed patrol. I'm convinced the only way you catch criminals along the lines of breaking and entering and larcenies is to have non-uniformed officers in unmarked cars out on the street," said Wilson.

"I'd like to see us have a crew that could move from place to place. I think we can do a lot to reduce the property loss of our residents."

Cox said he's taken flak for expressing the same view, but reiterated "We get good work out of our people, but with our given staffing we can only deal with so much."

When command officers are forced to do operational and investigative work, it detracts from their ability to

administrate and manage said Cox.

Results of a \$16,000 police study commissioned recently by the township board are expected within a month. Staffing, equipment, compensation, and other areas are to be addressed.

Budget for the police department in 1985 is \$2,061,385.

# "I dropped Blue Cross!"

Georgia Estep switched from Blue Cross to HealthPlus of Michigan for her health care.

Over the past 5 years, thousands of GM employees have dropped their Blue Cross coverage and have joined HealthPlus of Michigan.

Why did Georgia Estep join HealthPlus of Michigan?

It's simple. To get better health care... and save money too.

You pay just \$3 for visits to your plan physician.

You don't have to file a claim and then wait to be reimbursed... you pay just \$3 and you're done with it. Check-ups cost just \$3 and, again, you don't have to file any claim forms. Visits to a specialist (when referred by your plan physician) cost just \$3 — there are no claim forms for you to file — no records for you to keep.

Prescriptions are free at hundreds of participating pharmacies, when prescribed by your plan physician. And, still, you file no claim forms.

For hospital stays, you get unlimited days for necessary medical and surgical care.

For skilled nursing home care, you get 730 days free with HealthPlus of Michigan.

For emergency care, you're covered anywhere in the world.

The system works like VISA or Mastercard — the doctor or hospital can call our 24-hour number on the back of your card to verify your coverage is current.

And with HealthPlus of Michigan, you're covered...

for lab work, home care, treatment of glaucoma, wheel chairs, and more. And remember... you don't have to file any claim forms.

How can HealthPlus of Michigan offer all this?

Because we're an HMO. HealthPlus of Michigan saves money by working to keep you healthy... and by coordinating your health care through your own personal plan physician.

Is HealthPlus of Michigan right for you? Don't you think you should at least check into it?

How can you join?

It's easy! Just sign up at your GM personnel office between Sept. 1-15. Your HealthPlus of Michigan coverage will become effective on October 1. Until then, you'll continue to receive your full Medicare and Blue Cross coverage.

For more information about HealthPlus of Michigan, ask your doctor, or call 353-7350, or come see us.

you'll feel better.

# Sure-fire strategy to shed detested bulges

Recently, after picking up our newly developed vacation pictures, I immediately called my husband at work.

"Who is this fat woman that you spent your vacation with?" I wanted to know. "She looks just like my mother except she's taller and wearing a black wig."

"My guess is that it's you," was his patient reply.

"That can't be me! And why did you let me go out in public in those white shorts?" I shouted.

He came back with his stock answer of "You look fine to me." Either the man's in love or blind — I haven't been able to figure out which yet.

"And what about my nose?" I whimpered.

"What about your nose?" he answered.

ed with a sigh.

"I think it's getting smaller."

That one made him laugh. But it's true! Either my nose is getting smaller or my cheeks are getting so fat that it's sinking into my face.

That's a cheery thought! I could probably make the National Enquirer with "Woman's Nose Completely Disappears Into Her Face." Inquiring minds would want to know about something like that.

The photo of me in the green bikini was the clincher. I think I've finally given absolute definition to the word "bloated."

SINCE MY husband was being no help with my distress, I decided to call my friend Shirley, the health nut. Shirley and I have been close for over 15 years, and for every one of those years she has been lecturing me on giving up many vices. Other than that, she's really nice.

"Shirley," I whined into the phone. "I'm fat."

"I know, I know," was her reply. Good of Shirley.

**Nancy Walls Smith**

"Well, I've got to do something about it."

"You could try giving up eating and drinking."

"I was hoping for something a little less drastic, but I had to admit she had a point."

In my many, many years of attempted dieting, I have discovered one very basic truth — diets are almost impossible to stay on. I'm usually good for a week or so, and then my momentum disappears and the bulges reappear.

But this time I have the answer. I've been hearing lately about a new diet technique using aversive reinforcement. Instead of rewarding yourself if you reach the end of that thinnest rainbow you have to pledge to do something you absolutely hate to do if you should fail to lose the weight.

After considering many horrible alternatives such as being dragged behind a moving car, squeezing my finger flat in a vise, etc., I hit upon the one thing that strikes terror in my ancient hippie heart — a Tupperware party!

I detest all home demonstration parties. I don't care what enticing items they're selling. I vehemently refuse to go. I prefer my commercials short and

on television — that way I can ignore them.

So now, with Shirley's help, the arrangements have been made. If I don't lose 20 pounds by Oct. 21, I have to give one of those dreaded parties in my very own home. Aaaugh!

The very thought makes my spine shiver.

Now, whenever I get hungry and look longingly at the refrigerator, I just repeat the word "Tupperware" and my appetite magically disappears.

If this one doesn't work, you're all invited to a party at my place on Oct. 22.

I'll be the chubby one minus a nose with a grimace on my face.

Old hippies die hard.

# Superintendent favors athletic league expansion

By Tom Henderson and Judith Doner Berne staff writers

Redford Union and Garden City high schools are continuing their efforts to gain admission to the Western Lakes Activities Association (WLAA) for the 1985-86 season.

Superintendents of the two school districts, which have been rebuffed twice in votes by the principals of the 10 teams currently in the WLAA, met informally Aug. 26 with three of the league's superintendents to discuss whether they should re-apply.

"There was a meeting, yes," said Dr. John Hoben, superintendent of Plymouth-Canton Community Schools, which are represented in the conference by Plymouth Salem and Plymouth Canton.

"Garden City and Redford Union wanted to know if it would be worth their while to re-apply or not. They wanted to sit down and talk about why they were rejected. They're not going to stick their necks out and get bad publicity every time they're rejected."

The problem arose when it was announced that Livonia Bentley would close next spring. Livonia Franklin was solicited to leave the Northwest Suburban League (NSL) and join rivals Livonia Churchill and Livonia Stevenson in the WLAA.

Subsequently North Farmington and

Westland John Glenn also departed the NSL for the WLAA.

IN A MOVE surprising to many, Garden City and Redford Union were denied membership.

Each school got nine yes votes out of 10 for membership, but unanimous votes are required by the league — a common practice in high school athletics. Another vote produced another 9-1 vote, with a different school voting no. It is not known which schools voted no.

The sixth and final school currently in the NSL is Redford Thurston which, because it has fallen to Class B status, was never considered for the WLAA.

Often, berths in various state playoffs are contingent on playing as many Class A schools as possible.

"We've played Redford Union for 30 years," said Hoben. "It seems as if there would be some consideration given. If you're going to take three teams from the NSL, you ought to take five."

"It was an informal meeting. We had a cup of coffee and talked it over. I've been very much in favor of inviting them in. They've been associated with this area a long time. I don't understand the opposition to it. I'd like them in, but I won't recommend they re-apply. They'll have to make that decision."

"WE WANTED TO find out what our situation was," said RU Superintendent Kenneth Erickson.

"We wanted to see what problems might exist and how we can alleviate them. And we're going to talk with one or two of the other superintendents who weren't at the meeting."

"It's nothing formal. We just want to get the lay of the land. As long as we're talking and looking, there's a chance for things to change."

Bob Atkins, Redford Union athletic director, said time is becoming a factor. "We've got to try and make something happen in the next two or three weeks. I'm not overly optimistic and I'm not overly pessimistic."

Schedules have to be drawn, and as you know, they're drawn a year or more in advance."

If the WLAA ultimately rebuffs Redford Union, Atkins said the chances of aligning in another conference are "bleak, very bleak. Especially for next year."

He said that Redford Union would definitely play a football schedule next year, even if it is a shortened one, or filled with smaller schools.

"We'll definitely play Stevenson in our opener and after that we'll play Bishop Borgess. After that, we'll just have to freelance and hustle. We will have a schedule. I won't say it will be a full schedule, but we'll have one. It

may not be palatable to a lot of other people, but we'll play."

AS FOR PLAYING as an independent, Atkins said it's possible but it's very difficult.

"A conference is almost an absolute necessity, from a scheduling point of view, from an economic point of view, from a participation point of view."

"I'm smiling when I talk to you, but I still don't understand it. I think it's unfair to our kids."

"Someone gave me a pencil last week, it's got the basketball schedule on it from 1939-40. You know what schools I'm looking at — Plymouth, Northville, Walled Lake, Farmington. We didn't just come along. That's 45 years ago we were playing those people."

In 1960, it was the same people, the same schedule. In 1984, we're competing against the same people. But if you look to '85-86, there's a lot of teams missing and I don't know who's going to replace them."

REDFORD THURSTON has adopted a wait and see attitude, according to Principal Jack Harms.

A move by Thurston is dependent on whether Redford Union and Garden City are accepted into the WLAA.

"We never applied to that because of our numbers," Harms said. "I don't want to send our kids into compete with a Salem or Franklin."

But if RU and Garden City remain in the NSL, Harms hope to convert it into an "A" and "B" league. If they leave, Harms says he has two options.

Thurston then becomes the Northwest Suburban League and can invite other schools to join.

Thurston can seek another league.

# WHETHER YOU PUT YOUR NAME ON A TRADITIONAL OR HMO CARD, MAKE SURE OUR NAME'S ON IT, TOO.

### STAY WITH THE LEADER.

Here's a tip. Stay with the leader, Blue Cross and Blue Shield of Michigan.

For more than 40 years the "Blues" have provided Michigan residents with the finest health care coverage. Our subscribers are able to choose from thousands of participating hospitals, physicians and other providers of health care all across the state.

### OUR OWN HMO STATEWIDE NETWORK.

We are the only carrier with a

statewide network of seven HMO's that cover Michigan. So if you prefer HMO coverage, you can still remain in the Blue Cross and Blue Shield family.

Each of our seven HMO I.D. cards carries the Blue Cross and Blue Shield of Michigan emblem. The emblem that is recognized by doctors, hospitals and pharmacies not only across the state but all over the U.S.A.

Belonging to one Blue Cross and Blue Shield HMO allows you to receive benefits at any of the other six—a vital service no other HMO can duplicate.

### THE CHOICE IS EASY TO MAKE.

So, traditional care with Michigan's Caring Card (the I.D. card that's good the world around) or HMO care, ...both are sponsored by Blue Cross and Blue Shield of Michigan. That alone is reason enough to keep your name on the card that has our name.

# A PEAR FOR ALL SEASONS

## pear-a-rama

Americans draw from a rich heritage of timeless fresh fruit favorites—from the humble cobbler to the most elegant cheese and fruit tray. And, few fruits lend themselves so beautifully to such a wide variety of enticing dishes and appealing snacks as luscious fresh Western pears. Bite into a fresh pear and savor its exquisite flavor and marvelous juiciness.

Today, thanks to modern storage methods, a bounty of glorious Western pears can be enjoyed throughout the seasons of the year. Although all part of the same family, each variety of pear has its own unique characteristics. The Pacific Mountain Bartlett pear appears first, arriving in local markets in late August and usually lasting into November. This greenish-yellow smooth-fleshed, very juicy pear is prized for fresh eating, desserts and salads, as well as for canning.

The spectacular, crimson-skinned Red Bartlett, also available in the fall, has the same size, shape and eating qualities as the regular Bartlett.

The seasons for the many Western winter pear varieties overlap that of the Bartlett. These pears appear in the fall and remain throughout the winter and spring months. Three of the best known winter pear varieties are the Anjou, Bosc and Comice.

The Anjou, noted for its juicy, spicy-sweet flesh, is a favorite for fresh eating and for salads. The aristocratic Bosc, with its gracefully tapering neck and rich, russeted coloring, is excellent for baking, poaching and preserving, as well as for fresh eating.

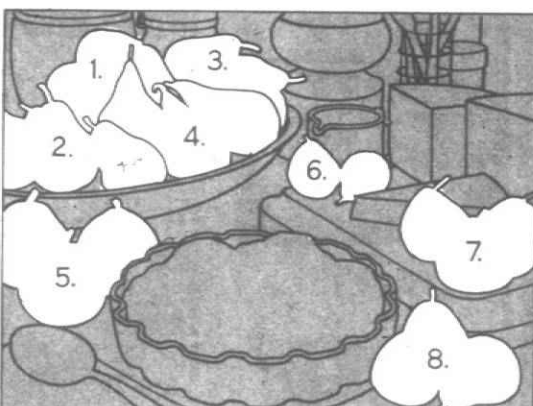

The chubby Comice, at its best during the holiday season, has a smooth, very juicy flesh and is often recognized by its crimson blush. Its fresh eating quality is superb.

The list of Western winter pears also includes the less familiar Nelis, Forelle and Seckel varieties. The Nelis, a medium-to-small pear with a sweet, creamy flesh, cans and cooks well and is ideal for out-of-hand snacking. The bell-like Forelle is juicy and sweet when ripe and holds its shape well in canning. And finally, there is the tiny Seckel. This sweet pear is as excellent eaten fresh as it is canned or pickled.

As far as recipes go, old-fashioned Fresh Pear Cobbler (shown) is hard to beat. Sliced fresh pears, spiced with ginger, bake beneath a rich biscuit topping in this fine, traditional American dessert.

Simple, yet elegant, the fruit and cheese tray is a dessert classic. This easy duo takes on fresh appeal when a sampling of Western pears is offered with a variety of cheeses.

Macaroon-Stuffed Pears, with their unusual filling, are delightfully easy. Equally delicious, Spicy Fresh Pear Squares, wholesome bar cookies flavored with Western pears, make a wonderful addition to dessert tables or lunch boxes.

### FRESH PEAR RIPENING CLUES

The skin of the Pacific Mountain Bartlett pear turns from green to yellow—or, in the case of the Red Bartlett, bright crimson—as it ripens. Western winter pears, however, do not change color as they ripen. Ripeness should, instead, be judged by a simple test. If the flesh yields slightly to gentle thumb pressure at the stem end, the pear is sweet, tender and ready to enjoy.

If Western pears are still firm when purchased, place them in a bowl at room temperature until they pass this test. As pears ripen, put them in the refrigerator until you wish to use them.

### FRESH PEAR COBBLER

- 1/4 cup sugar
- 3 tablespoons flour
- 1/4 teaspoon ground ginger or cinnamon
- Dash salt
- 1/2 cup water
- 4 cups sliced Western winter pears\*
- 2 teaspoons lime or lemon juice
- Biscuit Topper
- Light cream (optional)

In large saucepan combine sugar, flour, ginger and salt; stir in water. Cook and stir over medium heat until bubbly. Add pears and lime juice; heat thoroughly. Pour into 1-1/2-quart baking dish. Spoon Biscuit Topper over pears. Bake at 400° F. 20 minutes or until biscuits are golden brown. Serve with light cream. Makes 6 servings.

**Biscuit Topper:** Combine 1-1/2 cups flour, 3 tablespoons sugar, 2 teaspoons baking powder and 1/4 teaspoon salt. Cut in 1/3 cup butter or margarine. Combine 1 beaten egg and 1/2 cup milk. Add to flour mixture; stir only until moistened. Makes 6 to 9 biscuits.

\*Pacific Mountain Bartlett pears can be substituted.

### SPICY FRESH PEAR SQUARES (not pictured)

- 1/2 cup butter or margarine
- 3/4 cup sugar
- 2 eggs
- 3/4 cup flour
- 1 teaspoon baking powder
- 1 teaspoon ground cinnamon
- 1/2 teaspoon each ground nutmeg, baking soda and salt
- 1-1/2 cups chopped fresh Pacific Mountain Bartlett pears
- 3/4 cup rolled oats
- 1/2 cup each raisins and coarsely chopped walnuts
- Powdered sugar (optional)

Cream butter and sugar. Beat in eggs, one at a time; mix thoroughly after each addition. Combine flour, baking powder, spices, soda and salt. Add to creamed mixture. Stir in pears, rolled oats, raisins and nuts. Spread into greased 13 x 9 x 2-inch baking dish. Bake at 375° F. 20 to 25 minutes or until wooden pick inserted near center comes out clean. While still warm, sprinkle lightly with powdered sugar and cut into squares. Makes about 4 dozen (1-1/2-inch) squares.

### MACAROON-STUFFED PEARS (not pictured)

- 6 macaroons, crumbled
- 1 egg yolk
- 2 tablespoons butter or margarine, melted
- 2 tablespoons sliced almonds
- 1 tablespoon packed brown sugar
- 1/2 teaspoon grated lemon peel
- 2 Western winter pears, halved and cored
- Whipped cream or ice cream

Combine macaroons, yolk, butter, almonds, sugar and lemon peel. Place pear halves, cut-side up in baking dish. Fill centers of pears with macaroon mixture. Bake at 350° F. 20 minutes or until pears are tender and topping is crisp and browned. Serve warm with whipped cream or ice cream. Makes 4 servings.

### CHEESE SELECTION GUIDE FOR FRESH PEARS

Fresh Western pears of any variety pair beautifully with many cheeses—for appetizers as well as desserts. The following guide should help you in your selection of cheeses to serve with fresh pears.

**Blue**  
A blue-veined cheese, semi-soft, sometimes crumbly, with a piquant spicy flavor.

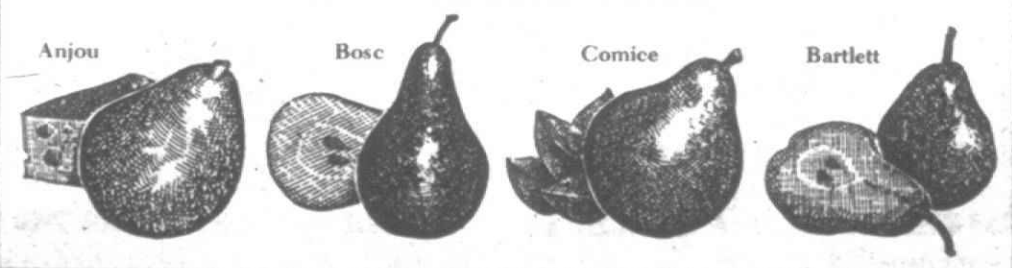

**Brie**  
A soft, surface-ripened cheese with a thin edible crust and glossy, straw-colored interior. Mild to pungent in flavor.

**Cheddar**  
A hard cheese with a smooth firm body, light yellow to orange in color. Mild to sharp in flavor.

**Gouda**  
A semi-soft to hard cheese, but softer than Cheddar, with a creamy yellow interior and red wax coating. Flavor is mild to nutty.

**Swiss**  
A hard, smooth cheese with large "eyes" or holes and pale yellow color. Flavor is mild and nutty.

Look to Fire and Ice Eggs for the palate-pleasing flavor and texture contrasts so typical of Tex-Mex favorites.

## Spruce up your old egg recipes for family-pleasing taste appeal

Clever cooks have found that a few eggs and a little imagination can go a long way toward creating easy-to-prepare main dishes that are perfect for any meal of the day. When old familiar egg recipes are spruced up with San Antonio style, they take on new family-pleasing taste appeal.

In Mexico picante means hot and spicy. In San Antonio it refers to a spicy blend of garden-fresh flavors found in a popular sauce with authentic Mexican taste. A standby for eggs prepared any style, picante sauce makes a lively flavor difference in standard egg recipes when substituted for all or part of the liquid or used as a topping. For instant Huevos Rancheros, a Southwestern menu favorite, simply pour picante sauce into the skillet in which you've fried or poached eggs to warm it through before spooning on top.

Fire and Ice Eggs combines eggs with bacon, cheese and rice in a satisfying casserole that's a snap to fix. The "fire" of picante sauce and the "ice" of dairy sour cream provide the palate-pleasing contrast so typical of Tex-Mex specialties. Bake until the eggs are as done as you like them, and serve San Antonio style, with additional picante sauce.

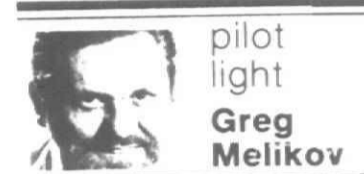

Whether you call it quiche, egg and cheese pie or custard tart, this popular dish is "easier than pie" to prepare and ideal for brunch, lunch or supper. Picante Quiche quickly combines cheese, eggs, half and half and picante sauce to bake without fuss in a convenient frozen pie crust. As the hearty-flavored quiche bakes, an easy topping of picante sauce and fresh tomato is simmered for spooning over individual servings.

**FIRE AND ICE EGGS**  
5 strips bacon, cut into 1-inch pieces

**PICANTE QUICHE**  
1 cup (4 oz.) shredded Monterey Jack cheese  
2 tsp. flour  
1 cup picante sauce  
1/2 cup half-and-half  
1/2 cup dairy sour cream  
1/2 cup picante sauce  
1/4 tsp. salt  
5 eggs

Cook bacon until crisp, drain well. Combine rice, 1 cup of the cheese, sour cream, picante sauce and salt; mix well. Spoon into 8-inch square baking dish. Make 5 deep indentations with the back of a spoon in the rice mixture. Drop an egg into each indentation. Arrange bacon around eggs and sprinkle with remaining 1/2 cup cheese. Bake at 350 degrees for 30 to 35 minutes or until eggs are cooked to desired doneness. Serve with additional picante sauce. Makes 5 servings.

Toss cheese with flour in large bowl. Add 1/2 cup of the Picante Sauce, half-and-half, red pepper, bacon, eggs, salt and pepper; mix well. Pour into pie shell. Bake at 350 degrees for 35 to 40 minutes or until set. Remove from oven; let stand 10 minutes. While quiche stands, heat remaining Picante Sauce with tomato in small saucepan. Serve sauce over quiche. Makes 5 servings.

## Celebrate any occasion with scallops

I am a duck out of water when it comes to performing plumbing chores. But the kitchen faucet is important to cooking because water is a key aid or ingredient in many recipes.

It's bad enough when the faucet drips, but when the whole works malfunctions and pours from several unauthorized openings, it's time to put on the plumbing hat.

For the price of a plumber, I bought a new faucet and several vital accessories. Like a good handyman, I borrowed a pipe wrench.

Watching the plumber on his last visit paid a dividend. I knew where to turn off the water outside. Then I removed the old faucet and unscrewed the two nipples that I couldn't separate from the converter—all without panicking.

I wrapped Teflon tape around each end of the new nipples, after a demonstration at the hardware store, to ensure adequate sealing and screwed them into the water line. I installed the new faucet and tightened all the right connections.

I must admit I performed like a journeyman plumber. Then I was ready to do my cooking cap. To baptize the faucet, I prepared a scallop dish.

The water, I am happy to report, came out of the correct opening.

**SCALLOPS AND MUSHROOMS**  
1 lb. bay scallops  
3 tsp. margarine  
1/2 lb. mushrooms, thinly sliced  
2 tsp. chopped green pepper  
3 tsp. all-purpose flour  
1 cup milk  
1/4 tsp. salt  
Pinch of cayenne pepper  
1 tsp. chopped pimiento  
1 tsp. sherry

Rinse scallops several times in cold water, drain and place in large skillet. Add enough water to cover scallops, bring to boil, reduce heat to medium and simmer 3 to 4 minutes; drain and set aside. In same skillet, melt margarine and saute mushrooms and green pepper 5 minutes, occasionally stirring. Remove from heat, blend in flour and stir in milk, salt and pepper. Bring to boil, stirring, remove from heat and lightly stir in pimiento, sherry and scallops. Reheat gently and serve over toast. Serves 4.

## Great game for kids yields real ice cream

The August issue of Woman's Day came up with an ingenious recipe for a children's party — one that provides not only a delicious snack, but a fun game.

You'll need two empty plastic-lidded cans, a 1 lb. and a 3 lb., 1 1/4 cups of rock or kosher salt, and about 7 1/2 lbs. of crushed ice.

Then, in the small can, you mix 1 cup heavy cream, 1 cup milk, 1 beaten egg, 1/2 cup sugar, 1 teaspoon vanilla, and 1/2 cup raisins, diced peaches or strawberries. Cover the can and sit it in the center of the larger can. Layer half the crushed ice alternately with half the salt in the space between the cans, and cover the larger can.

Now the fun begins: let the kids roll, or even kick, the can back and forth on a hard level surface for 10 minutes. Then open the outer can, empty out the old ice and water, lift out the small can, wipe the lid dry, and remove it. With a table knife or spatula, scrape the ice cream from the can sides to the center. Then return the small can, re-pack with ice and water, cover, and put the kids to work for another five minutes.

If they're having so much fun they don't want to stop rolling, assure them the best is yet to come — because when the can's opened, they'll find they've made about 2 1/2 cups of mouth-watering ice cream!

## Spices cost more, but still a bargain

Although the cost of spices is no longer 29 cents a tin (or even very close to it), they are still relatively inexpensive. They cost more today (what doesn't?) than they did a few years ago, but they're still one of the best bargains in the store when they are evaluated realistically.

According to The American Spice Trade Association, there are more than 1,000 pinches in a one-ounce tin of ground black pepper. And the same ounce of pepper is enough to season your breakfast eggs every morning for two years.

A single ounce of oregano will make 432 slices of pizza famous. And a 1 1/4-ounce container of ground cinnamon is enough for 456 slices of apple pie.

The bottom line is that even when three or four spices are used in a recipe, the seasoning cost per portion of a dish is not apt to turn more than a few pennies and frequently much less than that. In terms of total food cost, the seasoning is a small fraction, but it can often make the difference between an ordinary dish and something really special.

## Hospice seminars for public and MDs

A medical expert in the field of hospice care will be the speaker at two educational seminars sponsored by Hospice Support Services geared to make the public more aware of the benefits of hospice treatment.

He is Dr. Michael H. Levy, an authority on pain management which is a basic service and a main goal of a hospice in rendering care to patients with a terminal illness.

The first session open to the public will be at 7:30 p.m. Thursday, Sept. 13. The second, for physicians only, will be conducted at 10 a.m. Friday, Sept. 15. Both will be held at the Livonia-West Holiday Inn at Six Mile and Newburgh roads in Livonia.

His topic at the public will be "Hospice: A Program of Care." This will involve a historical perspective of terminal care, the hospice philosophy, National Hospice Organization standards, and hospice palliative care basic services and basic program characteristics.

Michael H. Levy, M.D. leads hospice seminar

Section Department of Medicine at Fox Chase Cancer Center in Pennsylvania. He is adjunct assistant professor of medicine, School of Medicine, University of Pennsylvania. He received his Ph.D. in microbiology, and has written numerous original papers and abstracts.

"IF YOU HAVE any questions whatsoever about hospice care, this seminar is for you," commented Sandra Pardo, a companion volunteer for Hospice Support Services. "If you have questions regarding the differences in aggressive care and hospice palliative care, or you wonder what hospice can do for you and your family, we invite you to attend."

A reception for Levy will follow the talk. Admission is \$5. At the Friday seminar, Levy will discuss before his doctors-only audience the topic of "Pain Management for Persons Living with Terminal Illness."

The goal is to provide physicians with an in-depth workshop on pain and symptom management. Levy is director of Palliative Care Service and chief of the Lung Cancer

HE IS the author of a symptom control manual published in the book, "Clinical Care of the Terminal Cancer Patient."

Levy will be a main speaker at the 1984 annual meeting and symposium of the National Hospice Organization at which time he will address the issue of aggressive vs. palliative care choices for the physician.

For further information on either seminar, call Hospice Support Services at 522-4244.

I DON'T KNOW how they do it. Plymouth Grange members did it again. Helen Exkie's apple and pumpkin pies were as good as ever. Louise Tritten's cookies and meat balls (porcupines) lived up to tradition. Luella Davey, in her late 80s, made the wonderful vegetable soup at home. And the pea soup was Ruth Strebbing's concoction.

The Grange carried on, serving meals and fresh doughnuts throughout the Fall Festival. But as each festival rolls around, the years take their toll of active members. They operate with an ever-decreasing number of workers and the burden falls on the dwindling few.

The Plymouth Grange was once the most active in the state with more than 250 members. Now membership is down to about 60 and the majority of them just don't have the energy or the stamina they used to have.

The Grange Hall on Union Street is listed on the tax rolls as a business and the taxes are accordingly high. The amazing Grange keeps going.

**RUSSELL KIRK** has been awarded the Richard M. Weaver Award for Scholarly Letters by the Ingersoll Foundation and the Rockefeller Institute. A cash prize of \$15,000 accompanies the award.

Russell Kirk was born in Plymouth and is a graduate of Plymouth High School, where he captained the debate team. A conservative essayist and columnist, he also has written mysteries.

The Ingersoll prizes for literature underwrite projects that support those whose work supports "Lawfulness and integrity, ethical norms that strengthen the traditional family unit — and the Judeo-Christian ideals summarized in the Ten Commandments."

He now lives in Meosta, Mich. **LEONA THEEKE** of Plymouth was in Washington, D.C. recently for the second biennial convention of the Older Women's League (OWL). Leona works as a volunteer with the Women's Resource Center at Schoolcraft College. She is involved in the Moving Ahead WISER group that meets 10-11:30 a.m. Wednesdays in Newman House on the Schoolcraft campus.

She found that many of the newly-widowed women in the 50- to 60-year age group had no insurance, no pensions. She mentioned this major problem to her sister, Selma Larson, who lives in Adrian. Her sister suggested that OWL, the only national grassroots membership organization devoted solely to issues of midlife and older women, might have some answers. Leona joined the group and she attended the convention with her sister.

She said she brought back ideas and suggestions to share with the Resource Center. Anna Brown, executive director of the Cleveland, Ohio, Department of Aging, told the delegates that older women must mobilize to prevent any further cuts in the nation's Medicare benefits system.

**TOM AND CHRIS** Burkhardt of Canton Township will co-chair the Western Wayne County Michigan State Alumni Association. The newly-formed chapter of the MSU Alumni Association elected officers for one-year terms. The treasurer position is being handled by John and Pat Wenzel of Plymouth.

The chapter's goals will be to provide service to the university, professional development opportunities and career contacts to members, and social activities for alumni with similar interests.

So far, there are 605 members and they welcome more. MSU alumni who wish to join the chapter may write to: Western Wayne County MSU Alumni Association, 45000 Tillston, Canton, Mich. 48187.

**ROBERT AND ANITA** Horwood of Plymouth will exhibit their linens and rooming at the Mercy High School Folk Art & Country Craft Festival. Noreen Palford of Plymouth will be there with her silk flowers and wreaths.

The one-day festival will be 10 a.m. to 5 p.m. Saturday, Sept. 29, at the school, 11 Mile and Middlebelt, Farmington Hills. Admission will be \$1.

Blue-ribbon winner by the Plymouth Symphony League shows a Sunday afternoon on the Plymouth Green.

## 'On a Sunday Afternoon' theme for store windows

The Plymouth Symphony League took top honors again this year in the fall festival window-decorating contest. Sue McElroy chaired the competition. "On a Sunday Afternoon" was the theme for 1984 festival theme.

The league portrayed a picnic on the Plymouth Green at the turn of the century. A lad was sleeping on the grass, his head shaded by an old newspaper. A mother in summer dress, shaded by a frilly parasol, pulled a vintage wagon holding two children. Another little boy, dressed in Sunday best, rolled a hoop. The scene was in Armbruster's Bootery on Main Street.

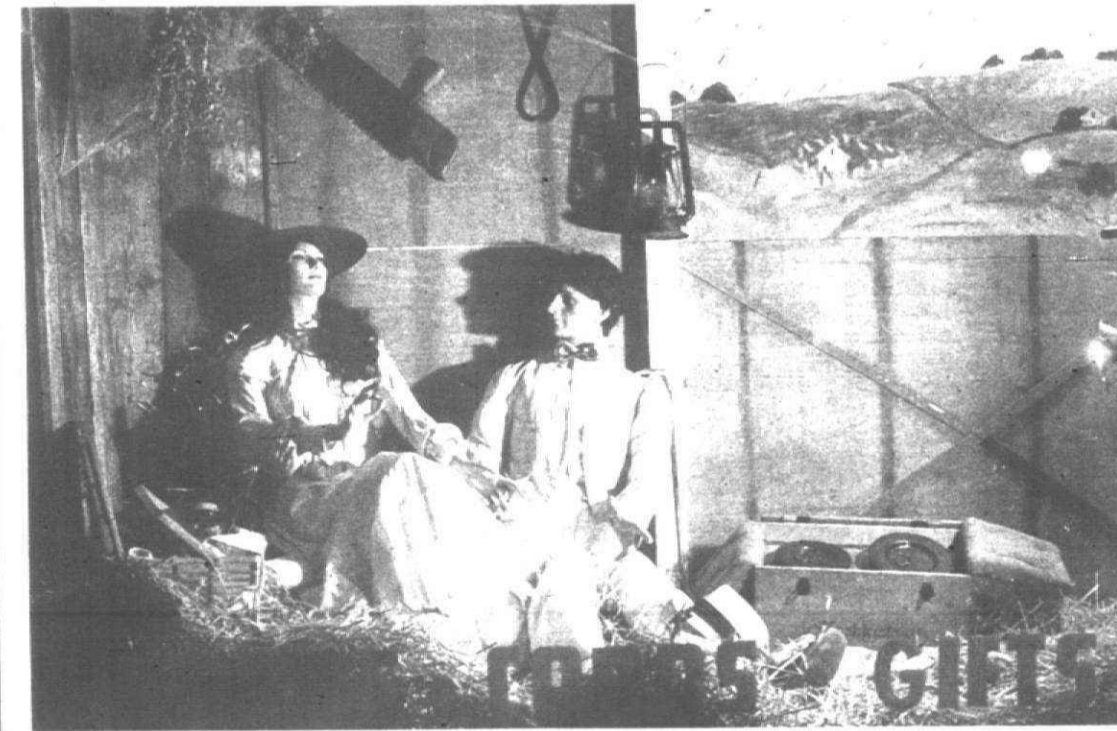

Second place went to Folkways on Penniman Av-

enue. The diorama depicted a summer picnic that had been rained out. The picnickers had moved into a barn, where, seated on bales of straw, they ate their picnic fare.

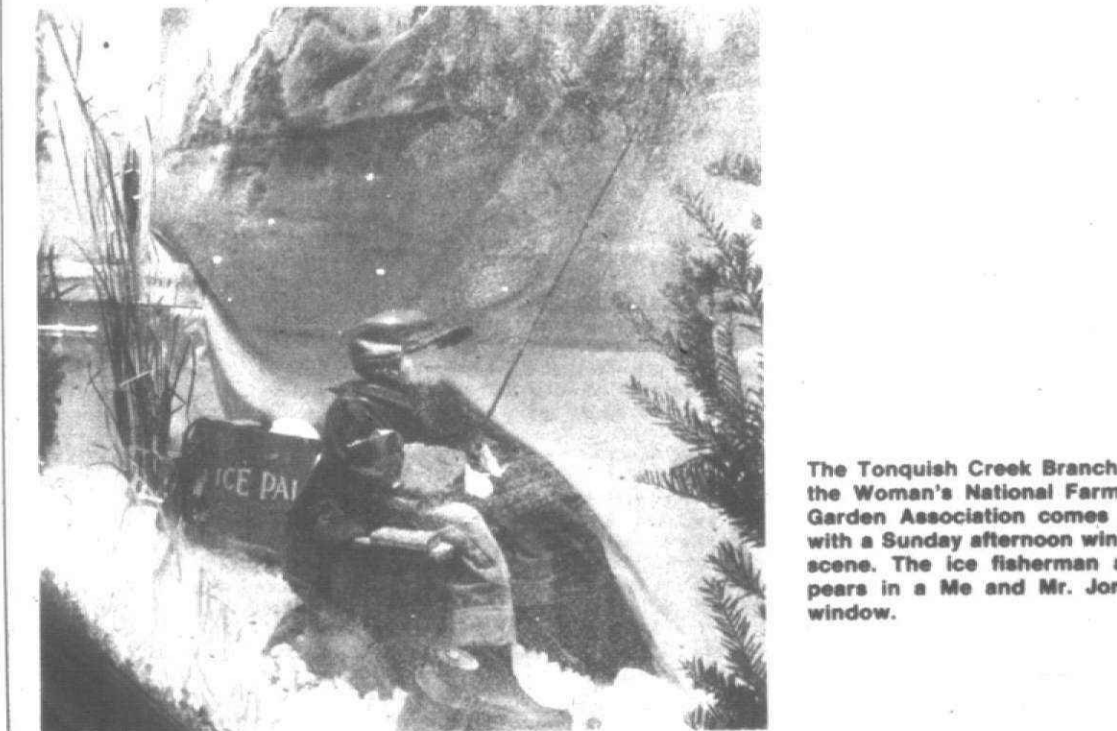

Sandra Richard and Rex Harvey received third prize for decorating a Willow Tree window on Main at Penniman.

HONORABLE mentions went to the Corner Curtain Shop, Baskets 'n' Bows, Put-Upon Shop and the Pease Paint Shop.

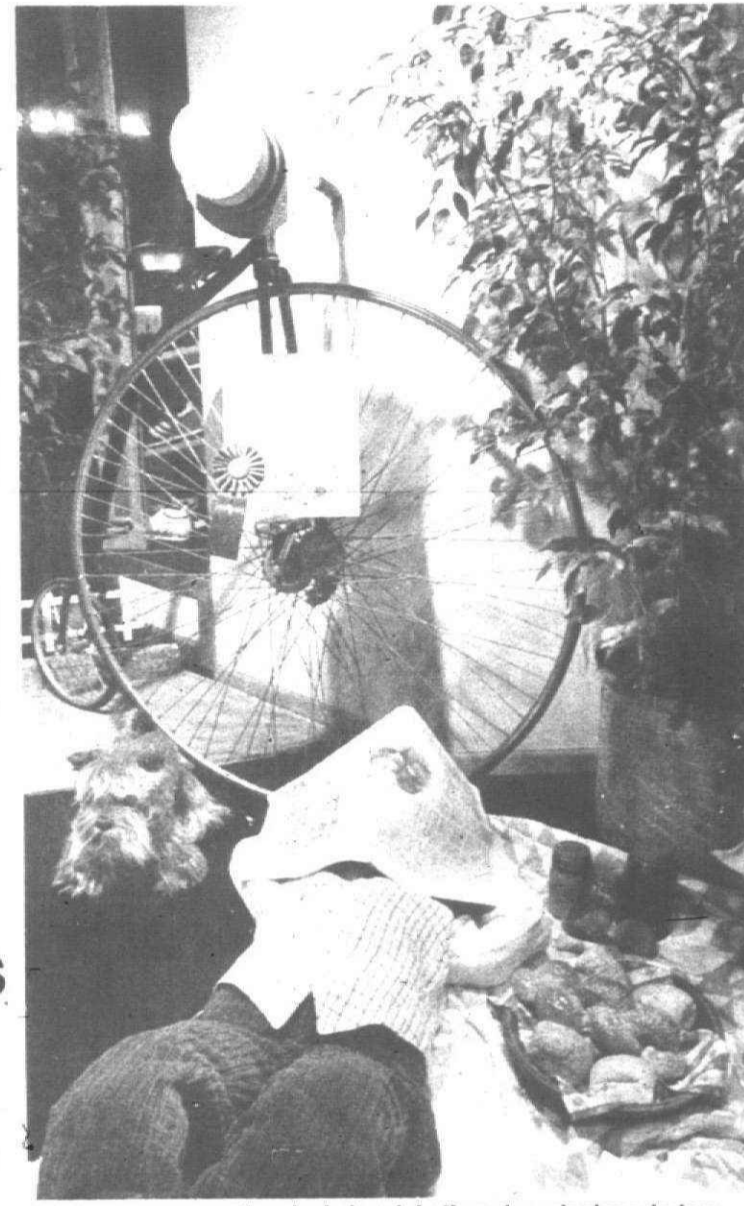

Beth Decoster decorated the Pease Paint window. The windows were judged by McElroy, Pat Carne, Sharon Armbruster and Jan Dersey.

Couple moves rained-out picnic to barn in Folkways window for second prize.

The Tom and Chris Burkhardt of Plymouth will exhibit their linens and rooming at the Mercy High School Folk Art & Country Craft Festival.

A lad snoozes near the picnic lunch in the prize-winning window.

# Hams introduce ham Thursday

This play on words was used to promote the Theatre Guild's fundraiser.

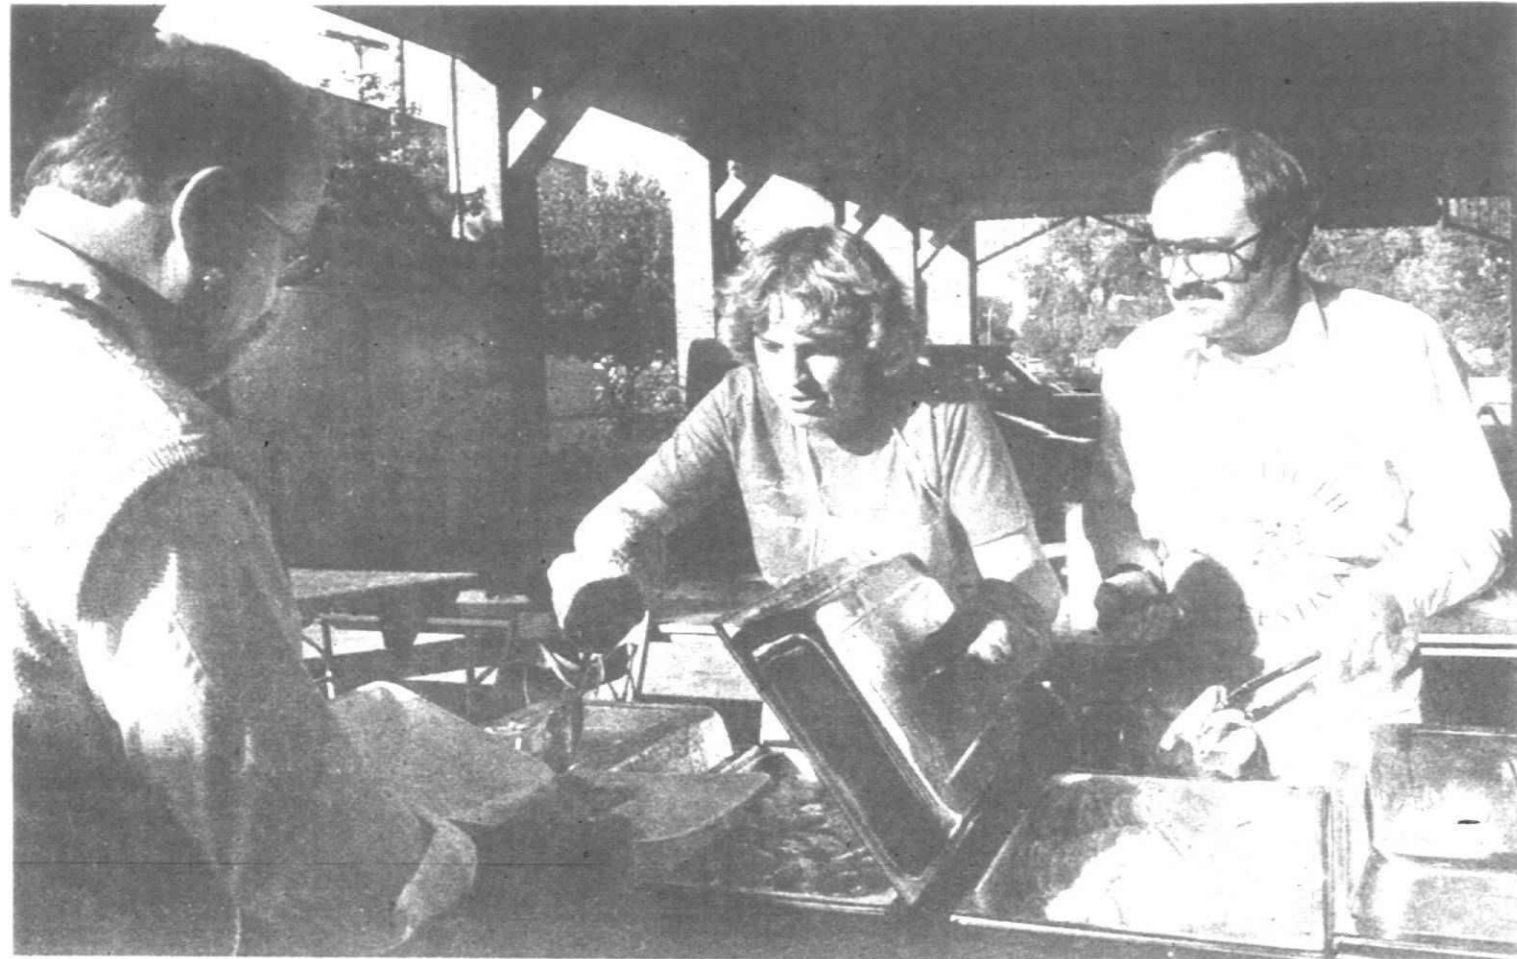

Relaxing a bit after the Fall Festival closed down Thursday evening were (from left) Brent Andrews, Brian Glass (on hand truck) and Bob Molnar.

Staff photos by Bill Bresler

Sherman Arnold and the Interstate Band provided Elvis Presley-style music which was enjoyed by Festival goers — well, not quite everyone as evidenced by this young boy who found the noise level a bit too high.

Serving up ham Thursday under The Gathering for the Plymouth Theatre Guild were Sue Haukkala and Jack Farrow.

## Reader's upset with city boss

To the editor:

Jim Bloomhuff and Bob Kroeger are absolutely right and their letters to you last week speak for many of us when they observe that something is wrong with the city of Plymouth.

Yes sir, we've got trouble right here in Plymouth City. It's trouble with a capital G and that stands for Graper. It's about time somebody said something about our sad state of affairs.

City Manager Henry Graper is obviously working frantically to fix things that aren't broken. In the course of all this, so many things have been fouled up that will probably not be able to put the town back together.

Graper has messed up our streets so much that they are actually a traffic hazard as well as an eyesore. We now have one-way streets (and one that goes two ways) complete with wooden bunkers that make them look like a war

zone. The bunkers are necessary because we now have angle parking. Have you driven down Forest Ave. and wondered when someone was going to back into you? Have you parked on Penniman and tried to back out? Try it sometime when there is a truck or van next to you. It is really impossible to see. You have to inch out and pray and it is a very dangerous situation.

In the days before Graper, Penniman was free-flowing and very safe. Now it is clogged and the backlog is making the intersection at Main Street and Penniman into an absolute traffic hazard for motorists and pedestrians. We didn't need this. Why are we putting up with it?

We used to have a police department that we could be proud of. Now you very seldom see a patrol car on any city streets. There are not enough policemen and the ones we do have are not being paid a fair wage by Graper.

The few that are left are being sent by Graper to patrol in the township. As a result the streets are not safe even in the quietest of areas. We have all heard the screech of tires too many times. We

have all seen cars driven at scorching speeds near our homes and children. Where are the police, Mr. Graper?

Another monument to Graper is the new, downtown medical building which we needed like Noah needed more water. Talk about overkill! We already had a fine Oakwood Hospital facility and a very nice Ford Hospital facility. But Graper thinks we need another one and so he promoted the St. Joseph facility which is a giant white elephant and a blight on the downtown area.

This project needed more parking spaces so Graper has imposed his ugly parking deck on us and now he can't figure out how to pay for it. But we didn't need this. There aren't going to be enough patients here in 100 years to fill all of these clinics and the Central Parking Lot was never that full!

We used to have a really fine group of emergency rescue people who were well-trained and very capable and who saved many lives by coming rapidly when needed. Boy, you could really feel safer with guys like that around. They are gone now. Graper strikes again!

There are other things: speed bumps

in the streets, plans for traffic loops that would obliterate well-established business. And now I read that Graper plans to condemn the house of a person who has lived here longer than I have (25 years) and who has given more to this community than most, and I say — enough! We don't need your office complex, Mr. Graper.

It is high time that we all stand up and say, "Enough!" No more foolishness. We want our community back from the Grapers and the local would-be politicians.

And during the next city election we are going to want to know exactly which City Commissioners are responsible for hiring Graper and which ones are standing idle while he goes about his work.

Perhaps all of this will prompt some person with real qualifications to come forth and run for the City Commission next time. If such a person would advocate a new city manager, he or she will get my vote.

Anthony Anason,  
Plymouth,

# Wine collections to be auctioned

Albert Finney is Geoffrey Firmin, an alcoholic British diplomat, in the film version of Malcolm Lowry's "Under the Volcano."

The magnitude of the forthcoming Detroit International Wine Auction originally had me in awe. Not it is even greater.

This column was recently devoted to promoting the auction. Since then, additional information has come to me from co-chairperson James Goss.

The evening conducted to benefit the Detroit Community Music School will be held Saturday, Sept. 29, at Lovett Hall at Greenfield Village in Dearborn. The cost is \$100 per person and includes a specially prepared dinner as well as an opportunity to bid on some excellent wine collections. To attend, call Jan Roose at 831-2870.

**MOST EXCITING** classification of wines to be offered is the vertical selections, which include 24 bottles of Chateau Mouton Rothschild, 1950-80, and 24 bottles of consecutive Beaulieu Private Reserve, 1956-79.

From Kenwood is the entire Artist Series of Cabernets, 1975-80, and includes an extra, the "Naked Lady" issue of 1975 that has to be not only rare but marginally legal. (But it is in the interests of a good cause!)

The three salmanazars of Beringer Private Reserve Lemmon Ranch Cabernet should be a lifetime investment.

**FOR CHIANTI** Reserve fans, there is a 21-bottle set of Dr. Fossi, 1958-78. Honorary chairman Louis Martini has contributed an eight-bottle collection of premium, older Martini Cabernets.

Single bottles of distinction that evening will include a magnum of Maroix and Berant Armagnac, a bottle of 1919 Chateau d'Yquem, a 1926 Chateau Haut Brion and one from the great year of 1929, a 1953 Chateau Margaux and a 1961 Chateau Petrus.

In addition to all these bottles and groups will be wines donated by more than 100 wineries, most of them from California.

The only winery that did not get to participate, via a contribution, is the new Mondavi-Rothschild association, but there will be at least a half-case of the 1979 and 1980 issues, neither ever available in Michigan to the average consumer.

THE LIST goes on. And on. The

wine  
**Richard Watson**

manual describing items available runs 166 pages and describes 373 items.

This is now "the second largest wine auction in the United States," according to Goss. It will almost be worth the money to see how this can all fit into one evening.

Even though charity auctions are not the stuff of the dedicated wine drinker, they provide an opportunity, with tax advantages, for securing some otherwise unavailable items.

On the auction block will be:  
 • A large collection of Bordeaux made by different women winemakers  
 • Some Quail Ridge Pinot Noir  
 • Some of Rany Dunn's Cabernets  
 • Cork pullers autographed by Brother Timothy

• A Sunday brunch for two at the Arizona Biltmore (transportation not provided)

• A showcase instant wine cellar of 66 Sonoma County wines from 66 vintners

• A weekend at the Carneros Creek Winery guest house combined with VIP Napa wine tours

• A methuselah of Mumm's Cordon Rouge

• A six-bottle set of 1966 Clarets from Lafite Rothschild, Latour, Mouton Rothschild, Haut Brion, Margaux and Palmer.

So, join those who have worked so hard for such a fine cause, and buy some fine wines or services at the third Detroit International Wine Auction.

## Alcoholic consul dominates action in powerful story

"Under the Volcano" opens Friday, Sept. 14, at the Maple Theater in Bloomfield Township.

With demonic glee, Geoffrey Firmin, the recently retired British consul in Cuernavaca, Mexico, embarks on a tragic, destructive pilgrimage in John Huston's "Under the Volcano." Albert Finney portrays the tortured Englishman in this movie, adapted from the Malcolm Lowry novel.

Filmed with 1938 Day of the Dead celebrations as the backdrop, "Under the Volcano" was shot in a variety of locales in and around Cuernavaca.

The Day of the Dead is a Halloween-like holiday combining elements of that Celtic celebration with All Saints and All Souls Day and pre-Columbian Aztec death rituals.

"Under the Volcano" is not a pleasant movie nor is it conventionally relaxing entertainment, but it is a richly rewarding cinematic experience highlighted by Albert Finney's bravura performance as an alcoholic torn between love for his young wife, Yvonne (Jacqueline Bisset), and her infidelity with his half-brother Hugh (Anthony Andrews).

**WHILE ALL THAT** might seem unpromising as a motion picture experience, it turns out quite different with three superb performances by Finney, Bisset and Andrews. Each is well worth viewing under Huston's excellent direction.

Finney's portrayal of the alcoholic, twisted British diplomat hopelessly lost between love and betrayal represents the highest achievement in the very best tradition of English acting. His movements, his articulation, his manner at every turn reflect gradations of emotion that palpably emanate from the screen.

Finney's performance is excellent, whether with a quiver of the mouth or with mock bravado in a very comic, chance encounter with another Brit (James Villiers) in a hale-fellow-well-met satire of overseas British arrogance. It matches the excellence of last year's "The Dresser." Seldom do actors portray drunken Englishmen so clearly that every word is articulate, but Finney does so, much to his credit and the film's impact.

Bisset has a lovely, vulnerable quality that belies the heavy-handed, neurotic sensuality she projected in "Class." Her characterization adds luminosity to a soft, defenseless interior lurking beneath an attractive, well-costumed, seemingly composed exterior.

Her costumes and hairdo stylistically recall the '30s without the art deco quality of Fred Astaire-Ginger Rogers films.

**ANDREWS EFFECTIVELY** characterizes an individual torn between love (for peace, for his brother and for his brother's wife) and his hatred for the Nazi threat.

Director Huston captures the liberal sense of justice of the '30s as inexorable forces gathered for the destruction that came to be called World War II. The world-wide clash, and what it has meant to the world, is made real by personal conflicts that become more significant in light of the destruction that was to come.

Huston paints his canvas with images of love, jealousy, fear and hatred.

"Under the Volcano" won't give you a "Star Wars" thrill or leave you singing in the rain, but it is a memorable motion picture experience.

Jacqueline Bisset is Firmin's young wife, Yvonne, who is unfaithful to him.

## what's at the movies

**ANOTHER COUNTRY** (Unrated). Adapted from the stage hit about politics and homosexuality in an English boys school.

**BOLERO** (Unrated). Adults only. What else would you expect from Bo Derek in the altogether?

**CAREFUL, HE MIGHT HEAR YOU** (PG). Australian film exploring the bitter struggle between two sisters to gain possession of young boy whose mother died in childbirth.

**C.H.U.D.** (R). That's an acronym for Canablastic Humanoid Underground Dwellers. Need we say more?

**DREAMSCAPE** (PG-13). Top secret project targeting the president with a nightmare for a weapon, starring Max Von Sydow, Christopher Plummer, Eddie Albert and Kate Capshaw.

**FLASHPOINT** (R). Two Texas border patrolmen find buried jeep with skeleton, money and links to Kennedy assassination. Stars Kris Kristofferson, Treat Williams, Tess Harper and Jean Smart.

**GHOST BUSTERS** (PG). Billy Murray, Dan Aykroyd and Harold Ramis as parapsychology research students trying to rid New York of menacing ghosts.

**GREMLINS** (PG). Technically well-done story of exotic pet whose offspring turn mean. Hoyt Axton, Zach Galligan and Phoebe Cates in a Spielberg film too gross for the under-12 set.

**INDIANA JONES AND THE TEMPLE OF DOOM** (PG). Harrison Ford is back in another Spielberg epic adventure echoing "Raiders." Probably violent enough for an R rating.

**PURPLE RAIN** (R). Another rock music film with family problems mixed in. Features Prince and Apollonia Kotero.

# Rocks drop heartbuster

By Chris McCosky  
staff writer

What an opener!  
The rest of the 1984 football season will be hard-pressed to match this season-opener for action, intensity and drama.

The North Farmington Raiders sent the home fans away dejected by outlasting Plymouth Salem, 29-20, Friday night.

In the first half alone, 325 yards were gained through the air — 163 by Salem. There were touchdown scores of 64, 73, 80 and 90 yards. There was a safety. There was a bit of everything.

With the score tied 13-13 in the third quarter, North punted the ball to Salem's Craig Morton. Morton, who was electrifying all night, grabbed the ball at his own 10-yard line and darted up the far sidelines, flashing his 4.5-in-the-40 speed, 90 yards for a TD.

IT WAS Morton's third TD of the night — all of them of the scintillating variety. He scored on touchdown passes of 80 and 64 yards in the first half. On the 64-yard TD, he had to come back to grab quarterback Steve Sobditch's pass. He spun away from one tackler, cut across the grain toward the right sideline, then reversed his field, cut back across to the left side of the field and snuck into the endzone untouched — an amazing run.

Morton accounted for 253 of Salem's 343 total yards — including the punt return — and 18 of the Rocks' 20 points.

So, how did they lose?  
"Our kids showed a heck of a lot of poise tonight," said North coach Jim O'Leary, who got a victory ride on his players' shoulders afterward. "They really came back hard. They've got to learn how to win, and they made a good start here tonight."

The Raiders, bigger and deeper than the Rocks, began to wear down Salem inside in the fourth quarter. After falling behind 20-13 on Morton's punt return, North decided to start jamming the ball up the middle.

"Salem took away our passing game with the blitz in the second half," said O'Leary. Indeed they did. North had 162 yards passing in the first half and zero in the second.

"AND WE couldn't run outside," O'Leary continued. "So, we just decided to spread our offensive line and bust it up the middle."

After Salem missed on a 30-yard field goal attempt, North took over on its own 20 with 11:47 to play in the game. With bruising fullback Scott Knoll doing much of the work, the Raiders marched 80 yards in 12 plays. Brian Hood scored the TD, a 1-yard

jaunt, but Knoll gained 47 of the 80 yards all on dives over right tackle.

Then came heartbreak for Salem.

With 2:40 to play, Salem was forced to punt deep in its own zone. Punter Steve Potoczak lined up at the very back of the endzone to receive the snap. Prior to the snap, however, he stepped back out of bounds. He caught the snap out of bounds and was flagged for a safety — giving North two points and the ball back.

North took the kick and marched it right back into the endzone, Hood again scoring — it was his third TD of the game — from 12 yards out.

"We're going to be all right," said Salem coach Tom Moshimer, who was very pleased with his team's performance. "I was so darn proud of these kids at halftime I couldn't believe it. This game could've been a rout."

AND IT LOOKED like it would be a rout early on. North quarterback Eric Engel picked apart the Salem defense like a seasoned pro in the first half. He completed his first eight passes, for 162 yards, and one touchdown.

In the Raiders' first possession, Engel hit Kurt Gawley twice, good for 21 yards, then connected with Buddy Pope for 26 down to the Rocks' one, where Hood scored the first of his three TDs.

On the final play of the first quarter, Engel lofted another bomb to Pope, this time good for 73 yards and a score.

But, Salem came right back. On the Rocks' first play after Pope's TD, Sobditch, who was 5 for 9 and 170 yards on the day, hit Morton for an 80-yard score. And the fight was on.

"Two long passes and a punt return," sighed O'Leary afterward. "Man, I was in shock. That No. 93 (Morton) is a great player."

THE HEROS for North were many. Defensively, and on the offensive line, Troy Hiner, Paul Alati, Mark Anders and Joe Sakofske were outstanding. Knoll carried the ball 13 times for 90 yards and he was popping people on defense. Hood played a strong two-way game as well, gaining 67 yards in 20 carries. Engel finished 8-for-12 and 162 yards. Chris Christman and Pat Gallina each had an interception.

For Salem, Marc Cygan was outstanding up front until he went down with a leg injury in the third quarter. Jon Wade was also a tough two-way performer for Salem inside. And, of course, Sobditch and Morton.

For two teams that were supposed to be down this season, they put on one heckuva show.

"We used to have a motto back on the farm in Dundee," Moshimer said after the game. "Success lies not in never falling. But in rising every time you fall. We'll come back."

Salem quarterback Steve Sobditch unveiled the Rocks' long ball attack against North Farmington Friday night, teaming with receiver Craig Morton for 170 yards and two scores.

# Surprise, surprise

## Canton, with tricks up sleeve, tops Bentley

Surprise!  
That was the overriding theme of Plymouth Canton's football opener at Livonia Bentley Friday night.

First of all, David Knapp opened at quarterback and Tony Aiken at wide receiver. It was supposed to be the other way around.

"We made the decision to go with Tony at wide receiver after our last scrimmage. And it's worked out well for both kids," said Canton coach Rich Barr.

Then, Canton's offensive line, a major question mark, controlled the Bulldog defense much of the way. Surprise, surprise.

As if that wasn't enough, darn it if the Chiefs didn't win the game, 14-9.

### football

"It sure as heck beats losing, don't it?" said a happy Barr.

KNAPP PASSED for one touchdown and ran for another to ignite the Chiefs' win.

Knapp dove in from one yard out in the third quarter to cap a 70-yard drive and give the Chiefs the lead for good. The game-winning drive started after the ball was jarred loose from Bentley's Al Young at the Canton 30 following a pass completion.

march. Dave Liuzzo booted the extra point to make it 7-3.

Johnson, a sophomore, had a big day for Canton. He rushed for 61 yards. "I think we found us a fullback," said Barr.

The Bulldogs recaptured the lead before the half on quarterback Pat Schneider's 1-yard quarterback sneak. Darke's extra point kick failed.

Knapp completed two of 10 passes for 20 yards, with one interception. Schneider was five of 12 for 57 yards, suffering two interceptions.

"The offense moved the ball well, I thought," said Barr. "The offensive line really came through."  
Surprise, pleasant surprise.

# Ladywood overpowers Rocks for Tip-Off title

By Chris McCosky  
staff writer

If all you cared about was who would be the champion of the Great Lakes Tip-off Tournament Saturday night, you could have left the U-M Dearborn

gym about half way through the first quarter.

Livonia Ladywood, one of the truly elite girls basketball teams in the state, flexed its muscle early against a young Plymouth Salem team.

The Blazers built up a 14-3 lead in

the first four minutes of the game, and went on to win the tournament, 58-37.

So, if winners and losers were all that mattered to you, you didn't get much out of this championship contest.

On the other hand, if you were there to see some outstanding girls basketball, like most of large crowd was, you had yourself a great time.

"It was a great game," said Ladywood coach Ed Kavanaugh, whose Blazers are the defending Class B state champions.

"I don't think either team was working up the score. We played it like it was a one-point game all the way. It was a great effort on the part of both teams."

IN FACT, if you break the game down into quarters, make it four mini-games and toss out the first and last quarters, it was an even game.

Ladywood won the first quarter 18-8. The second quarter was 13-8 in favor of the Blazers, and the third was even closer, 12-10. The fourth quarter went to the Blazers 17-11.

"When you go into a game against a team like Ladywood," said Salem head man Fred Thomann, "a team of veteran players, a tough team with all their weapons in place and their style set — for us to do what we did against them was outstanding."

Ladywood enjoyed a host of advantages over the Rocks and used most of them in the first quarter.

"We wanted to kick it inside to our big people," said Kavanaugh. "But, most importantly, we stressed our running game. We did not want to get into a 30-25 type game with them."  
Said Thomann:

"I knew going in that we'd have a tough time dealing with their size inside. They got some key offensive rebounds, and their press created some turnovers for easy buckets early on."

SUE LALIBERTE, a rather anonymous but very vital member of the Blazer contingent, established herself as the dominant force inside. She scored five points in the first quarter, drawing five fouls in the process. Laliberte finished with a game-high 18 points and controlled both the offense and defensive glass.

With Laliberte setting the tone, the game turned into a hustling, scrapping, very physical affair — to the displeasure of one, except perhaps the officials.

Forty fouls were called in all, 21 against Salem and 19 on Ladywood. Salem tri-captain Fran Whittaker fouled out at the end of the third quarter, and several others finished with three and four fouls.

Ladywood took better advantage of the free throw stripe, however, hitting 19 of 29 while Salem hit 11 of 23, missing six one-and-one opportunities.

SALEM'S MARY Beth West and Ladywood's Emily Wagner put on quite a show in the third quarter. It was one-on-one every time down, one guarding the other. Wagner scored just four points in the quarter, but made several sensational drives and passes.

West, without Wagner's finesse, was equally effective. She hit a pair of long-range jumpers and mixed in two lay-ups to go with her two steals in the quarter.

On one exchange, West cleanly

stripped Wagner of the ball. Wagner immediately returned the favor, stripping West on the next Rock possession.

West led the Rock scorers with 13 points and six steals. Dena Head added seven points.

Wagner, fairly unproductive (for her) in the tournament opener against Inkster, was her all-state self against the Rocks. She scored 16 points and had numerous assists.

Char Govan, checked well by Salem's Kendra Hostynski, managed 12 points.

Govan was named the tournament's most valuable player. Wagner, West, Daedra Charles from DePorres and Samira Lamar from Inkster were named to the all-tournament team.

SALEM 28, DEPORRES 27: Detroit St. Martin DePorres brought its huge team into the U-M Dearborn gym last Wednesday expecting to rout the comparatively tiny Rocks from Plymouth Salem.

With 6-foot-2 sophomore Daedra Charles, 6-foot senior Tia Littlejohn and 6-3 freshman Dana Joubert (cousin of Antoine Joubert) on the floor, it looked like the Eagles would indeed have an easy time.

But, Salem deployed a tenacious, switching man-to-man defense which kept the DePorres big people away from the basket.

"I'm pleased in terms of the way we dealt with their size and their offensive quickness," said Thomann. "And I'm also pleased that we brought nine people to the game and all nine contributed."

The game ended in dramatic fashion. DePorres built up a seven-point lead

early in the fourth quarter and led by five, 25-20, with three minutes to play.

Dena Head, Salem's talented freshman, pulled the Rocks close with a three-point play and another clutch hoop off an offensive rebound. Fran Whittaker then hit a jumper to make it 25-24 DePorres.

With 1:57 left, Whittaker had a chance to put Salem ahead, but she missed two free throws. Undaunted, she proceeded to make a steal at half court. Reggie Rojeski then made one of two free throws to tie the game.

Charles put the Eagles back on top with 1:11 left. It gave her 18 points on the night — game-high.

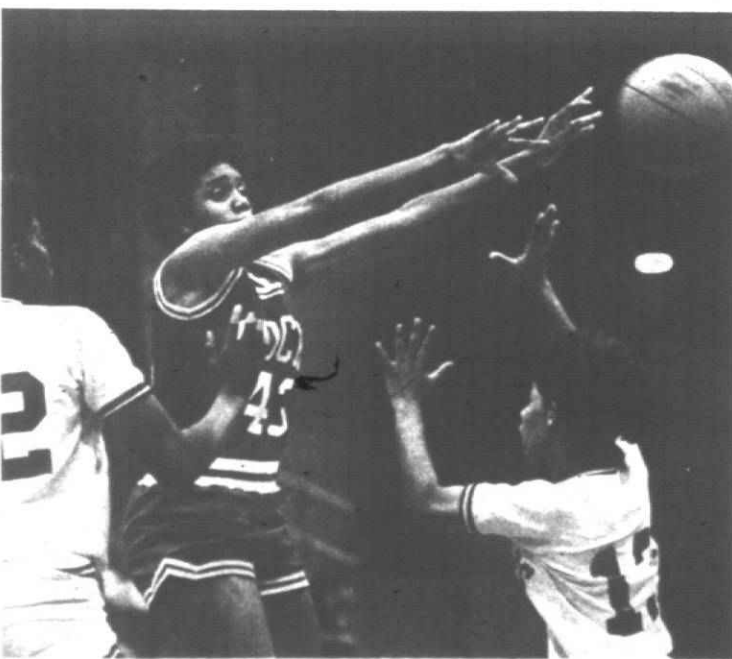

With 44 seconds left, Whittaker hit one of two free throws to pull the Rocks within one again. Following an Eagle miss, Mary Beth West took a beautiful feed from Head and banged home a layup to put the Rocks up 28-27 with 21 seconds left.

DePorres tried to work the ball inside to Charles, but the Salem defense had her blanketed. DePorres wound up traveling with the ball.

Head and West led Salem with seven points each.

LADYWOOD 69, INKSTER 29: This one goes under the category of "no contest." The defending state Class B champion, Ladywood, assumed control early and never let go.

Char Govan was her ever-present self, leading all scorers with 29 points. Sue Laliberte added 13. Trish White and Emily Wagner didn't figure much in the scoring, but their contributions were significant — both defensively, creating turnovers and steals, and offensively, setting up scores with sharp passes.

BILL BRESLER/staff photographer

Dena Head, the Rocks' talented freshman, played a big part in her team's upset 28-27 victory over DePorres Wednesday night in the Great Lakes Tip-off Basketball Tournament at U-M Dearborn.

# Rocks top Raiders, Chiefs beat Pats

**Solid defense and unselfish, bustling forward-play gave the edge to Plymouth State Thursday as it won the soccer opener against North Farmington 4-0.**

"Our defense was outstanding," said Salem coach Ken Johnson. "They got to the ball very quickly and kept North away from our goal."

The shots on goal verify Johnson's claim — Salem outshot North 38-10. Salem goalie Dan Stahl did not have to make a save in the first half. Joe Knieri and Dave O'Malley denied the nets in the second half and preserved the shutout.

Johnson applauded the efforts of senior defenders John Geddes, Steve Moran and Andy Ward for allowing the

Rocks to control the match.

Mark Fowler, assisted by Ebon Nash, kept the Rocks on the board at the 16 minute mark of the first half. Moran made it 2-0, taking a nice feed from Fowler.

Salem was kept off the scoreboard most of the second half by the much-improved Raiders.

"I couldn't really see anything that John (North) did wrong," Johnson said. "I think it was that we just played so well."

Kevin Sultana finally broke the drought with 10 minutes left. Ken Julian added more insurance with just one minute left. Dave Dameron assisted on both goals.

"We played six forwards," Johnson said. "There isn't a superstar among them, but they play their 15-20 minutes in and out and they just keep going and going. They pass good and run good. I think it's better to have them than to have one prima donna."

CANTON T. FRANKLIN 1: The Chiefs, touted as one of the best teams in the area by both coaches, got off to a sluggish start last Wednesday, but managed to stave off the host Patriots.

The Chiefs enjoyed a 13-6 edge in shots on goal.

Franklin got its lone goal with just three minutes left in the match.

On Tuesday, Plymouth Christian took a 2-0 halftime deficit with three second-half scores, but Southfield Christian's Eric Harr spotted the comeback, netting the game-winner with 20 minutes left Friday at Plymouth Christian.

After Red Cripe and Chip Huber tallied for Southfield in the opening half, Plymouth stormed back with goals by freshman Steve Henri and juniors Rod Windle and Dave Cadaret. Jeff Scannell also scored for Southfield in the second half.

Plymouth freshmen Chris Marvin, the right halfback, and Mike Allen, the right fullback, and sophomore Mark Prunty, the left fullback, all turned in solid defensive games. Goalkeeper Bill Pike faced 28 shots, stopping 24.

The loss kept Plymouth winless after two games this season.

On Tuesday, Plymouth Christian took its young team (seven freshmen starters) to Ypsilanti and played reasonably well, despite a lopsided 5-0 score.

Ypsi had an 18-10 edge in shots and got a pair of goals from Alex Irvine. Fullback Allen played a strong game for Christian.

# New recruits hoist HFCC

**By C.J. Rieak staff writer**

Just a year ago, Henry Ford Community College started a volleyball season that would culminate in a perfect (8-0) record in the Michigan Community College Athletic Association's Eastern Conference and a 20-10 overall mark.

But as fleeting as fame is, that record won't mean a thing when HFCC opens its season Saturday at Lakeside High School in Livonia. The team's record of a year ago did wonders for recruiting, and Jimenez has an abundance of talent to rebuild with.

"We have the potential," said Jimenez. "We're trying to find the right combination of setters and hitters."

"By the time the regionals come around, we could be better than last year."

I THINK we had a fantastic recruiting year," said Jimenez. "We had 35 girls come to tryouts, more than any other community college. And all the girls we got were among the top 40-

"The only thing holding her back," the coach said, "is her speed. She needs to be a little quicker."

At 5-6, Pollard isn't big for an outside hitter but Jimenez is counting on her to be the first substitute. "Mary's back row. She needs to work on her placement. She has to learn to hit off the block and around it."

All four can fill in as setters, which gives Jimenez added depth. All that is lacking is experience.

"Right now, we have a lot of freshman battling for starting positions," she said. "They have to start developing early. They have to get to know each other and play together. Once they understand the offense better, they'll help."

Jimenez called Delta CC and Schoollcraft the team's watch in the Eastern Conference. Both return veteran lineups, with Delta possessing "big, strong girls."

But don't ignore Henry Ford. Jimenez warns if the freshmen learn their lessons well, HFCC should once again challenge for league supremacy.

# Eagles fall in opener

Converted numerous turnovers. Unfortunately for the Eagles, they couldn't convert the mistakes into baskets.

ON THE OTHER HAND, Christian committed 14 turnovers which translated into 16 points for Riverside.

It was 19-12 Riverside at the half and the teams' duelled 4-4 in the third. Riverside did score a field goal in the final quarter, but nailed eight of 15 free throws to ice the win.

Val Andres led the Eagles with eight points. Debbie Van Hoesen tied six.

The Eagles travel to Troy Zion Christian on Tuesday.

# girls basketball

Heads were held high as the Plymouth Christian girls basketball team left the Dearborn Heights Riverside gym Thursday night.

The Eagles lost their opener, 31-22, but no one was ashamed of their effort.

"I'm pretty pleased with the way it went," said Christian coach Jeff Cook. "We stayed with them all the way — we really kept it close."

Cook had his team playing zone defense at the outset, but some hot shooting by Riverside's Tami Davis (11 points) forced the Eagles to go man-to-man.

The change worked to the Eagles' advantage, as the man-to-man defense
