#### The Canton Connection

ONE PERSON'S THROWAWAY is another's treasure. After you clean out your attic or garage this fall pass the findings to the Canton Historical Society. Members are asking for donations of "salable" items for their Historical Society Rummage Sale, from 9 a.m. to 6 p.m., Oct. 5 and 6, at the Roy Schultz farm, 7854 N. Lilley. Tax slips will be available. For more information call 453-6084.

EXCUSES FOR FAILING to become a registered voter are slashed by an offer from the Canton Township Clerk's office. Canton residents may register with a deputy registrar who will come to their homes. Registrations are also taken at the Secretary of State's Office or the Canton Township clerk's office. A visit from the deputy registrar is a service offered to all Canton residents; however, it is geared toward assisting handicapped and elderly persons, said Canton Clerk Linda Chuhran. Residents will receive a temporary voting card until the registration is returned and processed at the clerk's office. Persons who are 18 years and older, a citizen of the U.S. and a resident of the township for at least 30 days are eligible to vote. For questions regarding elections or voter information, call the clerk's office at 397-8151.

ROLL INTO FALL by participating in the roller-skating classes offered by the Canton Parks and Recreation Department in cooperation with the Skatin' Station. Offered on Mondays 5-6:30 p.m. with one hour of instruction and a half hour of open skating, sessions will begin Sept. 23. Skate rental is included in the \$15 per person fee for the six-week beginners' program. Persons 6 years and older are invited to attend. Skaters will learn the basics of roller and roller speed skating. Call the Recreation Department between 8:30 a.m. and 5 p.m. for more information.

# Officer cleared in pursuit case

An investigation by the Canton Township Police Department found an officer was acting "prudently" last month while pursuing a Garden City youth who died of injuries from a car crash

The Canton Police Department concluded the officer followed departmental procedures during the pursuit that ended when Jaimes Griffin, 14, crashed into a tree in Plymouth Township and later died.

'(The officer) didn't violate any of our policies," said Canton Police Lt. Larry Stewart, who served as acting chief during the investigation. "He han dled it prudently and with care.

A Plymouth Township officer witnessed part of the pursuit and was interviewed by Canton during the investigation, Stewart said.

"From the information that we had, and it has never been disputed, is that the Canton Township officer did all the appropriate things," said Carl Berry, lymouth Township police chief.

Statements made by the Plymouth Township and Canton officers support each other and are further confirmed by evidence at the scene of the crash

JOHN SANTOMAURO, Canton police chief, said he will institute a policy requiring officers to have psychiatric evaluations when involved in serious injuries or deaths.

Santomauro, who began his duties Thursday, formerly was the public safety director in Pittsfield Township. He initiated a similar policy in the community south of Ann Arbor.

The policy is to promote counseling

Berry said. No charges will be filed by and treatment for officers subjected to traumatic incidents that could impair their state of mind, Santomauro said Currently, psychiatrists and psychologists are made available to Canton offi-

cers, but a visit is optional.

Mandating consultations is considered a way to sidestep officers' potential embarrassment about fellow workers knowing the officer sought help.

"Our forthcoming policy is that we are not singling people out by who they are," Santomauro said. "It's a policy that will cover everyone in the organi-

Appearances could be deceiving when the Flying Pilgrims Model Airplane Club presents its "Fall Fly for Fun Phase Out" in Canton Sept. 28, 29.

At first glance, the miniature airplanes are sure to fool passers-by. The small craft are realistic in every detail, except size, but their size is much larger than the typical model airplane.

Wingspans range from about seven feet to 12 feet and the planes usually weigh about 25 pounds.

The radio-controlled aircraft that mimic Japanese Zeros, Russian MIGs and American Eagles will look like the real thing when they take off and land at the small Canton airfield on Lilley Road north of Van Born Road.

Western Wayne County residents are welcome to attend the show, from 9 a.m. to 5 p.m. both days.

PILOTS ON the ground will conduct takeoffs on a real cement runway, 22 feet by 140 feet, and on a grass runway. 150 feet by 400 feet.

too, as landing gear pops out and the plane glides to a stop on the runway.

The Flying Pilgrims are Chapter 31 of the International Miniature Aircraft Association, Inc., which will use the \$5 airplane landing fee for entries and the \$1 car parking fee for guests to maintain the miniature airstrip.

'There will be flight demonstrations by 20 IMAA members who build the big planes," said Don Kehoe of Canton, who

is president of the local chapter. They'll be coming from Plymouth Canton, Livonia, Farmington, Rochester, Northville, Lansing, Battle Creek, Cleveland and the thumb area of Michigan," he said.

# Ethnic emphasis a big drawback in mystery

As a murder mystery, "Compromising Positions" is rather pedestrian even though it does have some slick moments commenting on conemporary suburban manners and mores. But the film fails by equating decadent suburban conduct with ethnic shortcomings

Judith Singer (Susan Sarandon) is a discontented Long Island housewife who needs "fulfillment" and wants to resume her career as an investigative reporter.

Conveniently, her dentist, Dr. Bruce Fleckstein (Joe Mantegna), is murdered under mysterious ircumstances. He had lived life to its suburban fullest as an all-around sleazeball who, as Judith discovers, had regular Tuesday and Thursday trysts with his patients, the very best ladies in the neighborhood. Boy, are there a lot of suspects.

Dr. Bruce took pictures during his illicit sexual liaisons and was linked to a Mafia pornography

Judith's inquiries get her house trashed by someone (we never learn whom) who doesn't like nosey ladies. She also incurs the wrath of her husband, Bob (Edward Herrmann), a hardworking attorney who naively believes a modern woman is going to appreciate the role of wife and mother. He doesn't think she should mess in other people's business, which leads to some fairly efctive discussion about the role of contemporary educated suburban women.

JUDITH ALSO GETS entangled with Homicide Lt. David Suarez (Raul Julia of "Kiss of the Sp der Woman"), whose anger at her interference in police matters soon turns to love. He should have stayed home and kissed the Spider Woman. But that sort of essentially simple-minded, unre-

solved plot complication is typical of the film. A good mystery weaves many threads into one tapestry but "Compromising Positions" leaves many strands dangling. The butler didn't do it but

the resolution is so trite that one almost wishes

he had. Then, at least, we'd have an explanation

of all the red herrings. "Compromising Positions" does make some entertaining statements about hi-jinks on Long Is land, as the very straight Judith discovers that r friends and neighbors all have a motive for

The one exception, and the best role in the film, is Judith's raspy-voiced, free-loving, artist friend Nancy Miller (Judith Ivey). She may be where it's at these days but that doesn't speak well for the

As for the stereotypical component, it seems to me that when someone tells an ethnic joke it's usually OK, if it's his own race. In this case, however, I'm willing to make an exception. Certainly, Isaacs, who adapted her novel for the screen, has an unpleasant view of her own people. That's her problem, but it becomes all our problems when the media projects adverse stereotypes for their

THERE IS ABSOLUTELY no reason that Dr. Fleckstein has to be Jewish, or any other ethnic derivation for that matter. Whatever limited humor or social commentary the film has to make is a function of human foibles, not of a specific

One needs to deal kindly and humorously with social characteristics in satire in order to win an audience's attention and regard. Only then will they be swaved.

Columbus" (which has become a generic term for certain ethnic celebrations) is neither offensive nor embarrassing. Although some do not appreciate its satire, it does have warm regard and positive humor for those it

Not so "Compromising Positions," whose acerbic quality taints whatever message it may have to offer. It certainly is offensive — and not a very good murder mystery either.

Susan Sarandon is a former reporter, now a suburban housewife, who become involved in an investigation when her dentist is murdered.

#### WHEN KNEE PAIN ISN'T CAUSED BY ARTHRITIS

in my last column, I discussed the fact that knee pain isn't necessarily due to arthritis. Such pain may result from "internal derangement of the knee," that is, from injury to specialized structures such as the menisci and crutiate ligaments.

Physicians consider these causes when examination of the knee shows that the joint has no excess fluid, but is unstable when rotated under gentle stress. Another clue is an x-ray of the knee that shows, despite your pain, that the bones have their usual contours, and that the

pones have their usual contours, and that the joint space is not narrowed.

Arthroscopy is the method of choice for diagnosing internal derangement. In arthroscopy, the physician, using a scope inserted into the knee joint, is able to see the meniscus and ligaments and assess their integrity.

If arthroscopy uncovers damage to these structures, and repair is not possible at that time, then surgery at a later date is the treatment of choice. In contrast to arthritis, internal derangement of the knee rarely will respond to management by medications and for 4-year-olds For information, call Diane Klemmer at 453-1054 or Ann Gignac at 464-0344.

# State jobless rate at 10.2 pct.

August declined by more than half a percent to 10.2 percent from July's rate of 10.9 percent.

Richard Simmons Jr., director of the Michigan Employment Security Commission, said the number of workers without jobs dropped by 19,000 in August to 445,000, compared with 464,000

A year ago, August 1984, Michigan's seasonally adjusted jobless rate was 10.9 percent with 477,000 out of work.

NON-MANUFACTURING industries reported employment gains during August, Simons said.

Construction, service industries and retail trade all showed improvement during the month. Government employment was down while the number of jobs in the auto industry remained basically unchanged.

Michigan's labor force increased by

AMERICAN

HOUSE

Simmons reported that a large number of women entered the labor force in August and most apparently found jobs. Total employment also rose, growing by 93,000 to 3,897,000.

MICHIGAN'S economy has remained fairly stable over the past several months, Simmons. Except for July's jobless rate of 10.9 percent, unemployment in the state has been in the low 10 percent range since April.

Michigan's unadjusted August unemployment rate also declined, dropping to 9.7 percent in August. It was the second time this year that the rate has fallen below 10 percent.

Nationally, August's seasonally adjusted unemployment rate for the civilian labor force declined to 7.0 percent from 1.3 percent in July. There were 8,127,000 unemployed workers during the month, 324,000 fewer than in July.

## Which is more dangerous: living with cataracts or having them removed?

Why do many people who are quite sensible put off having cataract surgery? Why are they willing to give up many of life's greatest pleasures and even risk blindness when normal vision is within reach. It's primarily because they're afraid and that's because they've been misinformed.

At Livonia Cataract Center we

have performed thousands of cataract removals and lens implantations. We can assure our patients that they have everything to gain and little fear from cataract surgery.

With today's advanced procedures, cataract surgery takes only a short time and patients usually go home the same day There is little discomfort before or

after surgery, and free transportation will gladly be provided to and from the operation if you need it

Livonia Cataract Center would welcome the opportunity to give you an unhurried step-by-step description of what you will experience. Call us at 522-0805. We can remove the fear and help you return to good vision

# MOTHER KNOWS BEST: EALTHY SANDWICHES

Mother knows best, as the saying goes. And that goes for the food you eat, too!

The title. 'Mom', carries lots of responsibilities, from bandaging scraped knees, mending hurt feelings and driving the neighborhood car pool to providing nutritious meals that appeal to all appetites. Not the least of these duties is the planning of healthy lunches - 365 days a year year in and year out

Mothers of celebrities share these same responsibilities including the lunch-time challenge. Moms of such famous people as Pat Boone, Scott Baio, Heidi Bohay and Bruce Weitz, took their roles as keepers of the daily lunch seriously. And just look at the results! The success of these stars might just prove the old adage. "You are what you eat." Or, better yet, you are what mom puts on the table

Savvy moms know that lunch should provide a third of the day's nutrient quota. That means the midday meal should be as well balanced as breakfast or dinner. Sand wiches, the mainstay of most lunches, are an easy way to combine several wholesome foods into one tasty, convenient package. The bread is good for you, especially mixed-grain bread, with its natural, whole grain goodness Part of the CEREAL/BREAD food group, bread provides generous amounts of important nutrients, including com

and calcium, as well as dietary fiber.

Choose fillings and spreads from the other major food groups: FRUITS: VEGETABLES: MEAT/POULTRY/FISH LEGUMES NUTS DAIRY PRODUCTS: and OILS FATS MARGARINES

Sandwiches can be plain or fancy, dainty or hearty toasted or not It all depends on the creator's imagination What's more sandwiches can be put together quickly either ahead of time or at the last minute. They require few utensils, involve very little mess and they are easily trans-

The following tips will help make your sandwiches worthy of celebrity status

Wrap sandwiches securely in plastic wrap, sandwich bags or waxed paper to keep them fresh and moist. If you pack sandwiches in plastic bags, be sure to gently press out all the air before closing the bag

When combining sandwich filling ingredients, consider looks as well as taste and texture. Chopped radishes or green pepper add a bright note to the filling. Or alternate deep green romaine leaves with iceberg

Sandwiches made with mixed-grain bread freeze

frozen: Cooked beef, pork or other meats, chicken, ham or fish: sliced or shredded cheese: peanut butter, nuts and applesauce. DO NOT freeze fresh fruits or vegetables. They become watery and lose their crispness when thawed.

Use fresh, clean and properly refrigerated and cooked foods. Meat, poultry and other protein foods that have been cooked, for example, should be cooked well done, quickly cooled and then refrigerated.

Cut sandwiches with a serrated or electric knife. For variety, cut sandwiches into different shapes (thin strips, triangles or rectangles), instead of just halves

The healthy sandwiches featured here are from the new recipe packet. Behind Every Famous Person Is A Healthy Sandwich. These recipes are favorites of Margaret Boone (mother of Pat Boone), Rose Baio (mother of Scott Baio). Arlene Bohay (mother of Heidi Bohay) and Sybil Rubel (mother of Bruce Weitz) and were popular with their celebrity children. To receive your packet of healthy recipes of celebrity mothers, along with sandwich-making tips and nutrition information, send your name, address and 50 cents for postage and handling to Roman Meal Company. # Inoffensive Chiefs fall in showdown

staff writer

When it comes to boys soccer in Observerland, Livonia Stevenson is still the team to beat.

Monday, September 16, 1985 O&E

It may take awhile before the area's No. 1 team is determined, but for the time being, Stevenson deserves to be near the top after clipping Plymouth Canton Thursday night 2-0.

Previously unbeaten Canton came into the game as the area's top-rated team, but left a bit bewildered.

"I think Canton's the best team we've played," said Stevenson coach Pete Scerri, whose team is 4-0-1 overall. "Whose number one? I think it's Churchill, I guess." (See related story).

Stevenson, state Class A finalists three consecutive years, can't be overlooked, even with the loss of several key players to graduation.

"When the kids listen and work hard, we expect results," Scerri said. "I think tonight they believed in me, and they believed in themselves.

STEVENSON CARRIED the play most of the first half and scored at the 38:53 mark when Swedish exchange student Christian Amborg booted home a goal from Jim Kimble off an indirect free kick.

Canton came out for the second half fired up and put the pressure on Stevenson, but the Chiefs' were denied twice at point-blank range.

Bryan Whiteley was beaten to the ball on one occasion by a sliding Stevenson goalie Dan Millner. Steve Rudelic then missed high to the right with an empty net in front of him.

We were trying to avoid the middle and keep the ball outside," said Canton coach Mike Morgan. "But Stevenson beat us to the middle and beat us to the ball. We weren't reacting, and we weren't making things happen.

AFTER CANTON'S initial thrust in the second half was turned back, Stevenson scored an insurance goal at the 59-minute mark when Lars Richters drilled home a corner kick from John Mikkelson, whose shot sailed through the goalmouth untouched.

"We got deflated when we didn't score right away," Morgan said. "For 20 minutes (of the second half) we played, then we let down.

We have a talented team, but we could have placed ourselves in the game more. I'm disappointed, but I'm glad we have a second chance at them (Oct. 19 at Canton)."

"Stevenson has depth and they have talent," he said simply.
Much of the talent was on the defen-

### Rocks make bid for No.

Ken Johnson wiped his brow and let No. 2 and Stevenson No. 3. Salem and out a huge sigh of relief Thursday

His Plymouth Salem soccer team withstood a furious second-half Livonia Churchill rally and escaped with a 5-4 win in an important Western Lakes match

"We were up 5-2 at 60 minutes (20 -minutes left to play), and then I started to substitute," Johnson said. "I might have started too soon.

Churchill ripped off a pair of goals in a span of five minutes and then buzzed the Canton goal until the game ended.

But thanks to the goaltending of Joe Knoerl and the rugged defensive play Doug Faure and Mike Ulaszek, Churchill never attained the tying goal.

The Salem win, coupled with losses by Plymouth Canton (2-0 to Livonia Stevenson) and Catholic Central (2-1 to Brother Rice), puts the Observerland soccer rankings in an upheaval. Canton began the week No. 1, Churchill was

CC rounded out the top five. Johnson isn't surprised by his team's

early success "I knew we'd be good because these kids have all paid their dues," he said. "Many of the players didn't see much time last year. But, they played together in Bonanza League this spring and have really stepped up their game.

Mike Tanner and Mike Zaretti scored in the first half for Salem, while Brad Mase and Brian Thomas tallied for the Chargers

Ted Hanosh scored five minutes into the half to put the Rocks ahead. He added another three minutes later.

Ebon Nash's goal at the 60-minute mark proved to be the game-winner for Salem (2-0-1).

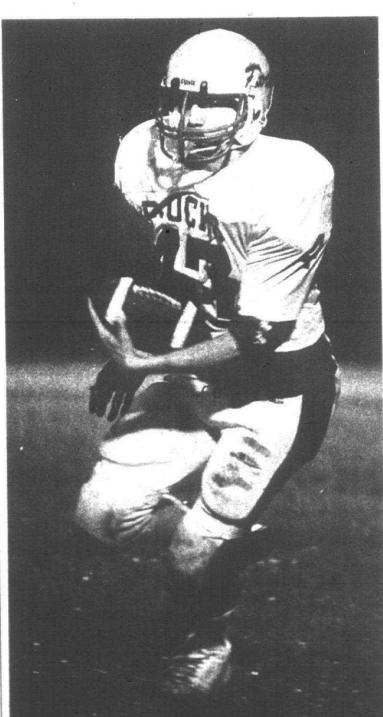

Tim Jackson and Khaled Zeidan scored late for Churchill (3-1).

"We haven't given up five goals in a long time," said Churchill coach John Neff. "That perturbs me more than the

Canton goalie Brian Gavigan and fullback Rob venson shot. Despite the excellent defense, the Opatrny (No. 23) go airborne to block this Ste- Chiefs fell to Stevenson 2-0 Thursday.

# Moshimer fumes at 'hometown' refs

By Chris McCosky staff writer

One team cheered its intestinal fortitude. The other team went home wondering just what it had to do to win a football game in Livonia.

Livonia Churchill, by virtue of a 20yard Jim Naif field goal in the first overtime possession, defeated Plymouth Salem 23-20 Friday night in front of a large and loud crowd at Churchill.

"It's like coach (Pete) Komlen said the other day, you have to be able to beat the brand name teams to be a contender in this league," said Churchill head coach Herb Osterland. "We had to win this game, we had to."

While the cheers abounded along the Churchill sidelines, Salem coach Tom Moshimer was fuming.

"I've never said anything like this publicly before, but I feel we got hosed good tonight," Moshimer said. That was a home-town officiating job if I ever saw one."

MOSHIMER AND the Salem coaching staff furned at officials' calls (or lack of calls against Churchill) all night. But the call that busted Moshimer's restraint happened on the very last play of the game

After Naif put Churchill ahead with his field goal, Salem's Brian Storm, on a fourth down play from the 6yard line, attempted a 23-yard field goal to force a second overtime se-

thought the kick was good," Moshimer said. "The guy (official) behind the post put his hand up like it was good. It's just like what happened to us at Bentley last year."

The officials ruled Storm's kick wide to the left and for the second time in two years, Salem came out of Livonia an overtime loser. "I'm not saying that all the calls

they made against us were wrong. I'm saying that they wouldn't make any calls against Churchill, and they were happening right in front of them," Moshimer said. "But still, and I told the kids this,

the calls didn't cost us this game. The first half did. That was about the most undisciplined half of football I've ever seen.

AFTER SALEM broke ahead 7-0 on Brian Tiller's stirring 54-yard run, the Rocks' offense fell to pieces in the first half. The Rocks committed three fumbles, tossed an interception and were slapped with 75 yards in penal-

Churchill, meanwhile, looked to have matters in complete control for the better part of three quarters.

Churchill's offense gave away the ball five times, four on interceptions and once on a fumble. But, thanks to a strong defensive showing and Salem's mistakes, the Chargers were able to move the ball.

After a short Salem punt, Churchill drove 24 yards in six plays, scoring on Jim Naif's 2-yard run. Naif, the workhorse of the Churchill offense gained 93 vards in 29 carries.

Joe Payne put Churchill on top with the defensive play of the game. With Salem buried deep in its own zone, Payne busted through the line, batted away an attempted pitch out and

pounced on the loose pigskin in the end zone for a TD.

Payne was superb both offensively and defensively. He caught a pass, made six unassisted tackles and blocked an extra point on Salem's final TD that forced the overtime

CHURCHILL WENT ahead 20-7 in the third quarter on Naif's second 2yard TD run. The score was set up by a 37-yard pass from John Irvine to Andy Oliver which occurred one play after a 29-yard Irvine-to-Oliver TD pass was nullified by a holding penal-

Salem, though, bounced back. Paul Makara replaced John Storm at quarterback in the third quarter and began moving Moshimer's vaunted wishbone attack down field.

Rob Adams carried the ball three times for 58 yards in one series. His 41-vard run set up his 13-vard TD Adams gained 85 yards on just seven carries on the night.

On the very next series, Salem's Joe Jouppi recovered a Churchill fumble at midfield.

Again, Makara moved the ball down field: 18 yards by Adams, 13 by Jerry Sumner and 22 by Makara. On fourth and goal from the 1, after the Churchill defense stopped the Rocks three times inside the 2, Sumner nudged it in to make it a 20-20 game.

Payne, though, saved the day with his block of Storm's extra point try.

"Our intensity picked up when our backs were against the wall," said Osterland, who's team is now 2-0. "That's the mark of good football team. We didn't cave in when things got tough."

For all its mistakes (four Salem turnovers and five Churchill turnovers, four on interceptions), penalties and controversy, the Rocks and Chargers put on quite a show

# Chiefs wilt in final quarter, 28-7

Something had to give by the time the fourth quarter of Plymouth Canton's football contest with Walled Lake Central rolled around. Unfortunately, it was the Chiefs.

Central broke away with three final-period touchdowns to crush Canton 28-7 at Centennial Educational

The Chiefs (0-2) struck first when Joel Goebel raced 11 yards for a touchdown in the opening quarter

Dave Liuzzo's placement made it 7-0. The Vikings tied it on the first of

Tom Farr's two TDs. Quarterback Joe Gregart hurled an 18-yard scoring strike to Farr in the second quarter and Paul Pruitt added the extra point to knot it at 7-all.

THE SCORE remained tied until the fourth quarter, when Farr plunged one yard to put Central on

top. On Canton's ensuing drive, Jason Merics picked off quarterback Tony Boucher's pass and streaked 20 yards to the end zone to increase the Vikings' lead to 21-0

Tom Murtha capped the scoring for Central with a 2-yard run, the finishing touch on a 37-yard drive after a

fake punt by Canton failed. The Chiefs were limited to 116 total yards, 70 rushing and 46 passing.

Boucher completed five of 15 passes for 46 yards, with one interception Goebel led the Canton rushers with 42 vards on 12 carries.

Central had 232 yards total offense with Gregart connecting on five of 11 passes for 127 yards. He was intercepted once, by Canton's Todd Wood in the second quarter. Farr topped the Viking runners, gaining 40 yards on

11 attempts.

Your Key To Opportunity

With Radio Shack!

Radio Shack has grown to over 7,000 outlets world-

wide. We attribute this success to hard work, careful planning and a heavy dose of good-value-for-the-

money merchandise.

Our comprehensive training program is multi-facet-

ed. We couple on-the-job training with classroom

seminars in our "learn as you earn" method. Once

trained, our Manager compensation plan offers base

earnings plus bonuses based on store profitability. Radio Shack also offers a promotion from within policy. Add this to our rapid expansion and the
