Band finishes first

The Centennial Educational Park Marching Band captured top honors at its first meet this season at the West Bloomfield High School Lakers Invitational Competition Saturday.

Besides receiving the highest score, the CEP band also was awarded trophies for best drum line, best winds and best band in Flight I.

Some 17 high school bands from the state participated in the compe-

According to James R. Griffith, band director, judging is based on a combination of areas including music effect, music ensemble and music field, percussion, visual effect, visual ensemble and visual field.

There are judges on the field and in the press box. Each judge carries a small tape recorder and tapes comments for the band's instruction-

After the competition there is a review session with the competition judges and the instructional staffs from all of the participating bands so that each band can work to improve its show for the next competi-

Musical selections for this year's competition, written by George Gershwin and arranged by Plymouth High School graduate Raiph John-son, include "Swanee," "Fascinatin" Rhythm," "I've Got Rhythm" and "Rhapsody in Blue."

The next competition will be Saturday evening, Sept. 26, at the Clarkston High School Invitational.

The CEP Marching Band instructional staff includes Griffith; Glen Adsit assistant director: Jay Koupal, marching and maneuvering instructor, Jerry Hotchkin Jr., percussion instructor, Chris Seipel, color guard instructor. Helping with the percussion instruction are Chris Johnson and Greg Collins. Amy Johnson is assistant color guard instructor.

view of lessons learned from handling major industrial emergencies and incidents that could have been easily prevented to a pair of handson sessions dealing with a leak, spill or fire scenario The training, while geared to

help emergency personnel handle industrial emergencies, also provided fire personnel with the minimum state requirements - 24 hours - for such training at no cost to the local communities, Nawrocki said.

Olin paid for the cost of the three-day session, put on by Safety Systems, a Florida firm, and hosted by the Livonia Fire Department

This can be a financial burden on local agencies, so their personnel don't always get this specialized training," Nawrocki said. "Our hope is that they would get this training so that when they respond, they respond with the knowledge of how to handle such emergencies. "WITH MORE emphasis on

Suburbs likely to fight school tax plan

Deep trouble awaits a state plan to cut school property taxes and with a large raise the sales tax. It's likely to mill tax rate. come from suburban "out-of-formula" school districts that have strong property tax bases and get no state

"There's not one out-of-formula school district that will be for this plan. It blackmails wealthier districts," said state Sen. Norm Shinkle, R-Monroe County.

Shinkle was one of three "nay" votes when the Michigan School Finance Commission Tuesday adopted its overdue "Educational Quality in the 21st Century" report in Lansing, forwarding it to the state Board of Education and the Legislature.

THE VOTE was 32-3 with eight members absent. Also opposed were Dr. Peter Eckstein, state AFL-CIO economist, and Allan Short of the Michigan Education Association.

Shinkle is more than a minority vote. He's chairman of the Senate Finance Committee, which rules on tax measures in that Republicancontrolled body. Some Democrats, too, were unhappy with the 37-page

What Harden Commission proposes

Here are key excerpts from the final report of the Michigan School Finance Commission - the socalled "Harden Commission."

"The commission supports the position that permanent property tax relief should be provided, and that the method should be approved by the voters in the form of

a constitutional amendment. "The constitutional amendment should contain the following provisions:"

• Sales tax - "An increase of 2 cents in the sales and use tax." Currently the rate is 4 percent. "Residential energy payments would be entirely exempt from the sales tax. This will include gas, electric, heating fuel, coal and other energy products."

• Business property tax - "A flat 23-mill levy statewide on all commercial, industrial, utility and developmental property . . . All of the revenue would be designated to the school aid fund.

But taxes aren't the only financing option. Oakland also set up a separate parks board. It sought ways to produce revenue. It set up a private foundation to help with capital improvements and kids' camping. All of these ideas could easily be tried in Wayne County.

The bill limits the growth of textile and apparel imports to 1 percent annually over 1986 levels and freezes footwear imports at the 1986 figure.

Supporter Liz Patterson, D-S.C., said the bill would counter "foreign competitors with heavy government subsidies and closed markets."

Opponent John Porter, R-Ill., said the bill would hurt exports and shelter our domestic industries from the competition they must ulti-

mately meet.' Members voting yes supported textile, apparel and footwear import quotas. Voting yes were Democrats Dennis Hertel of Harper Woods, William Ford of Taylor and Sander Levin of Southfield.

Voting no were Republicans Carl Pursell of Plymouth and William Broomfield of Birmingham.

WORLD WAR II INTERNMENT - The House passed, 243 for and 141 against, a bill (HR 442) extending a national apology and financial redress to people of Japanese ances-

try who during World War II were relocated from their homes along the West coast to inland internment

The measure, which was sent to the Senate, grants \$20,000 tax-free to each of about 60,000 living internees. An estimated 120,000 U.S. citizens and aliens from Japan were confined under an executive order issued by President Franklin D. Roosevelt 10 weeks after Japan's Dec. 7, 1941, attack on Pearl Harbor.

Supporter Jim Wright, D-Texas, called the internment "one of those grotesque aberrations in America's political life . . . for which we seek to make amends."

Opponent Samuel Stratton, D-N.Y., said, "Franklin Roosevelt did the right thing, and if he hadn't done it, he would have been probably

Members voting yes supported the bill. Voting yes: Democrats Hertel, Ford and Levin.

Voting no: Republicans Pursell and Broomfield.

PAYMENTS TO INTERNEES -By a vote of 162 for and 237 against, the House rejected an amendment to eliminate financial redress for Japanese-Americans interned by the government during World War II.

The Archdiocese of Detroit has a job to do.

We know some people who are facing tough choices in life who need good advice. We know some people who are facing no-choices who still need hope. We know a lot of great kids who need a place to be kids, and maybe someone to bring the ball or the music. We know a few older people who are going to die whether or not someone is there to bring them peace.

All over the Archdiocese there are people who need a place to count their blessings and share their sorrows-people who need a hand, or a shoulder to lean on, or sometimes just an ear

At Sacred Heart Seminary we're teaching young men to use the hands and shoulders and ears and hearts God gave them. It's a great education. A college degree. Graduate work. We'll give you up to eight years to decide you really want to be a priest before we ask you to do it for good.

It's a long way from Canton to Philadelphia, but for John Young, that journey wasn't nearly as long as the one he has made during the last couple of years.

During those years, Young has gone from being unable to read toreading at approximately the seventh grade level.

Young, a 57-year-old Canton resident, was among the students at the Sept. 10-11 National Adult Literacy Congress, held in Philadelphia. He roomed with a student from Alpena during the gathering, held as part of the celebration of the bicentennial of the U.S. Constitution.

"I enjoyed it very much," Young said of his time spent representing

Young and others at the conference discussed a number of issues related to literacy and adult education. He enjoyed meeting students and tutors from other states.

Plymouth Inn

The Gracious Alternative

Someone you love is growing older and needs just a bit more support than he or she can get in their current living situation. A nursing home isn't the answer. al activities like eating and dressing aren't a problem. But you would be happier knowing someone was there to provide gentle encouragement and firm support when needed, in a non-institutional atmosphere.

The answer is The Plymouth Inn, a magnificent residence for seniors who want their independence but need some supervision as well. Consider some of the many advantages:

- · Spacious mini-suites for those who desire extra comfort and privacy.
- Deluxe semi-private accomodations, richly appointed, with private lavatories and showers.

- I-275; only 30 minutes from both downtown Detroit and the northern suburbs. including Farmington Hills, Birmingham and West Bloomfield.
- Tranquil landscaped grounds and lovely common areas.
- Three delicious meals served in our central dining room by a friendly, attentive staff of professionals.
- Extensive, varied social programs and recreational opportunities.
- · Game room, chapel, beauty parlor and lounges, all designed with the special needs of our residents in mind.

The Plymouth Inn welcomes your inspection visit. When you see what we have to offer we think you will agree that

The Plymouth Inn is a very special place where your loved one can feel secure, yet independent. We invite you to call today for an appointment.

Wayne Foster of Estes Furniture in Lansing and Patrick Norton of La-Z-Boy compare notes at a seminar sponsored by the Home

Furnishing Representatives of Michigan at the Embassy Suites Hotel in Southfield.

Furniture industry adjusts to shrinking marketplace

By Ingrid Tomey

The furniture industry is in a state of crisis, thanks in part to its misperceptions of consumer attitudes.

That was the message at a recent seminar spon-

sored by the Home Furnishing Representatives of Michigan to nearly 150 furniture retailers and representatives at the Embassy Suites Hotel in Southfield.

Richard Udoni president of Riverside Furniture in

Richard Udouj, president of Riverside Furniture in Arkansas, underscored the problem of a shrinking marketplace.

"In the last two years, 27 furniture manufacturers have bought 46 competitors. Non-furniture firms have gotten into the act as well," he added, referring to the recent acquisition by Masco of Henredon, Dixie and Drexel Heritage. "Insiders predict that this will continue until just a few survivors are left. What does that mean?"

The answer to Udouj's question, according to Pat Norton, senior vice president of sales and marketing for La-Z-Boy Chair Co., is that the furniture companies that do survive will do so by becoming "consumer

"We, as an industry — factory representative, retailer, retail sales people — have failed," Norton said. "We have never developed a way to communicate with the ultimate consumer." Admitting that the furniture industry is fighting for survival, having lost 25 percent of its retail outlets over the last five years, he stressed that the answer lies in learning to serve the customer.

"We thought all kinds of things about our customer that were not true, not the least of which was that she was ignorant; that she didn't know what she wanted; that she lacked an adequate taste level; that she had little perception of price-value relationship; that her primary worry was how much down and how much a week."

CITING RECENT research conducted by La-Z-Boy, Norton said the perception that price is the primary factor in a purchase is not true.

"Less than 5 percent (of people responding) indicated that price was the most important buying decision."

Besides misjudging the consumer, the furniture industry has sabotaged its own efforts by instilling a deep mistrust in the consumer through what Norton calls "borox" selling techniques which include moving

deep mistrust in the consumer through what Norton calls "borax" selling techniques, which include moving the customer off the advertised special to the higher-priced item, moving in quickly for a deposit, and turning the customer over to a high-pressure salesman to close the sale.

"What we didn't understand was the kind of resist-

arce, the kind of mistrust built up in the minds of those ladies. They were really fearful of entering a furniture store regardless of whose name was on the door. And that kind of fear has been passed down through the generations."

One of the earliest manufacturers to realize that manipulating the customer was not as effective as assisting her was Ethan Allen, according to Norton.

'(Customers) were really fearful of entering a furniture store regardless of whose name was on the door. And that kind of fear has been passed down through the generations.'

--- Pat Norton La-Z-Boy

"Ethan Allen was the first to recognize that the industry had broken faith with the customer. They were the first to recognize that the consumer had become more sophisticated — I'm talking 1960. She demanded a different level of service, a different level of presentation, of salesmanship, a reasonable choice."

tation, of salesmanship, a reasonable choice."

Norton, who was employed by Ethan Allen before his move to La-Z-Boy, credits Ethan Allen with innovations not only in consumer relations, but with major improvements in display, building architecture, accessories, decorator-oriented salepeople and even house calls. "We insisted Mrs. America be treated with re-

Perhaps Ethan Allen's greatest contribution, according to Norton, was the pioneering of the gallery concept in furniture in the 1950s. Furniture galleries, large areas of a store devoted to a certain manufacturer — in this case, Ethan Allen — quickly began outselling the balance of other merchandise on the floor. Soon, Ethan Allen began putting up its own stores, becoming "wishbooks for consumers everywere"

WAYNE FOSTER, owner of Estes Furniture in Lansing, addressed the need to find out what the consumer wants. Using a market research team, Foster conducted a nine-month survey to discover his image in the marketplace; the treatment given to customers by his salespeople; the demographics of his customer base; and even what radio stations his customers listened to.

The results led Foster to stop mailing to ZIP codes and begin mailing to census tracts — "conservation of cost efficiency." He also hired an extra salesman, called a rover, to pick up customers who were leaving the store without any meaningful contact with a salesperson. And he did a top-to-bottom painting and cleaning of his three floors to counter the consumer perception that his store was dingy.

Lastly, he began installing galleries — Thomasville, Bernhardt, a clock gallery, a brass bed gallery. All phases pointed to the fact that the customer

wanted more display, less emphasis on selection, he said.

Such attention to the customer is long overdue, ac-

cording to this panel of furniture experts.
"We must take the consumer into our thought pro-

cesses," Pat Norton said. "What does she want from us and how does she want to buy it?"

Motivator

Speaker keys in on success

By Mary DiPaolo

It has been said that good communication is as stimulating as black coffee — and just as hard to sleep after. If this is true, then Mike Wickett is a speaker whose audiences must never sleep.

Wickett's message has created such a following that Nightingale-Conant Corp., the largest audio cassette production facility in the world, has begun producing and distributing Wickett's tape series, "Keys to Success."

Why has Wickett of Birmingham been chosen to join the ranks of such speakers as Dr. Joyce Brothers, Tom Peters and Zig Ziglar as a member of NC's nationwide Command Performance speakers bureau?

Peter Fontana, director of Command Performance, calls Wickett a gifted communicator.

"Everyone is interested in achieving success both personally and professionally," Fontana said. "Mike fills a great need by sharing how it is never too late to get what you want from life."

Just what is Wickett's message? In "Keys to Success," he begins by emphasizing the importance of gain-

ing a new vision.

"It's never too late for love, success, riches, travel, perfect health or any good thing regardless of our past

history and our past performance," he says. "You can have what you want if you are willing to get the vision and supply the feeling and the action."

Wickett says that his change be-

gan by gaining a new sense of purpose and a new "thought atmosphere."

"The mind is the most powerful God-given tool there is," Wickett says. "Once we learn how to use, rather than abuse it, good things begin to happen."

WICKETT DESCRIBES himself as a speaker, trainer and consultant working with corporations on team building, customer service and management excellence.

"I'm sharing with others the basic principles I learned that have simplified my life and enable me to become a happy person, a prosperous person, build a thriving business, and just have a lot of good things happening."

But Wickett's message was one that he discovered later in life. His childhood was painful and included watching his mother grow ill and become confined to a wheelchair.

"Although my mother was a beautiful person and always positive, I still hated myself and the way our family lived," Wickett recalled. "I never let anyone get to know me. I was a real loner, and I fought anyone's attempts to help me overcome my negative attitudes and behaviors."

After graduation from St. Gregory High School in Detroit, where he graduated 67th out of 68 students, Wickett's life grew worse.

Stephen Cantrell/staff photographer

Mike Wickett: "The mind is the most powerful God-given tool there is. Once we learn how to use, rather than abuse it, good things begin to happen."

"I had been fired from several sales positions and, of course, blamed everyone else for my failing career."

During this period, Wickett "experienced it all, with the exception of drugs" and his "life became a real horror story. If I wasn't such a coward, I probably would have ended it all right then and there."

It wasn't until 1974 that his life started to change.

"A friend recommended that I read 'Think and Grow Rich,' one of the greatest books ever written, by Napoleon Hill. After reading through it, I realized that in order to improve the quality of my life, I had to first take responsibility for it and stop blaming my past and others for everthing that had gone wreng?"

erything that had gone wrong."
Within a month, Wickett had a new sales position with the Builder's Exchange in Detroit. "That job represented the start of a new beginning. I subsequently enrolled in a Dale Carnegie course, met some wonderful people, got the support I needed, and the rest is history."

Wickett began speaking to nonprofit groups on personal development and motivation, which led to corporate speaking appearances.

BUT WHAT ABOUT the difficulties of "making it" today when the odds are always running 6-5 against? Wickett says we must be willing to give up the belief that life's circumstances control us, rather than us controlling our circumstances.

"Life is simple. It's neutral. And we are the ones who stamp it however it becomes. We need to remember this since life merely conforms to our mind's vision and our feelings. As an example, if somebody gets a vision of life and says, 'Everyone hates me,' you know what life says? 'Yes, that's right.'

"And if somebody gets a vision that says, 'I'll be loved,' what does life say? 'Yes, that's right.' And if a man has a vision of life and says, 'All women are nags,' what does life say? 'Yes, that's right, and here's a few.' Isn't that how life works? Life on this planet is a neutral experience; we get the vision and life says, 'Yes.' It doesn't care what we select. And do you know what happens when you don't get a new vision? You get more of what you've got.'

of what you've got."
Wickett's "new vision" philosophy
aims to help people to begin thinking
twice about their lives.

"When Mike was talking to our company and started discussing his childhood, I couldn't help but think of my relationship with my kids," said one 30-ish blue collar worker. "I used every excuse in the book to stay away from them since I didn't want to be the kind of father my own father was to me. When it hit me that I was using my past as an excuse to avoid the responsibility of parenting, I saw I wasn't doing anything but letting the past repeat itself."

Wickett is gratified by such reactions.

"I am extremely happy and grateful whenever a person sees a past or present situation in a new light. Getting the right support is the next step. When we find others who will support us on a regular basis, then we can start believing in our ability to do what we said we'd do. From then on, it's only a matter of time before positive changes happen."

Judge rules against Stoddard

The other shoe has dropped in the legal battles of former Michigan National Corp. chairman and chief executive Stanford C. Stoddard.

Administrative Law Judge Thomas Jones ruled Monday that Stoddard's business practices were "unsafe and unsound" and that Stoddard should be fined \$146,000 and be banned permanently from banking.

The case was brought by the U.S. Comptroller of the Currency, the federal agency that regulates banks, and was heard in Ann Arbor last fall. The agency charged that Stoddard had misallocated more than \$150,000 of bank and holding compa-

ny money.

LAST MONTH, in a separate action, a U.S. District Court jury found Stoddard guilty of defrauding a subsidiary of Michigan National by misapplying \$175,000 by leasing company property he partially owned at an exorbitant price. He is expected to be sentenced by Judge Anna Diggs Taylor next month and faces a maximum sentence of five years in prison and a \$5,000 fine.

At question in the hearing last fall was Stoddard's use of bank funds and personnel for entertainment, including wedding receptions for both his son and daughter, and repair of his homes in Birmingham and Harbor Springs and Mormon church buildings.

Stoddard maintained that he conducted business at social gatherings and charged Michigan National only for those expenses that were business related.

BUT JONES estimated that the value of personal services Stoddard received from Michigan National was "possibly well in excess of \$282,000." That was the amount Stoddard paid the company when he was forced out as chairman in 1984 after the government began its probe. He had been chairman since 1972 of the company founded by his father.

In a 220-page decision, Jones said Stoddard failed to "insist upon a strong moral code for his own conduct or the affairs of the corportion" "... his activities and his relationships with his officers and with the boards of directors and shareholders, as well as the depositors, show not only a reckless disregard for the safety and soundness of the bank, but a certain lack of integrity that demonstrates his unfitness to participate further in the life of the corporation."

Stoddard has 15 days to respond to the decision.

Jones' decision is merely a recommendation to the Federal Reserve Board and the comptroller, which must rule on the recommendations.

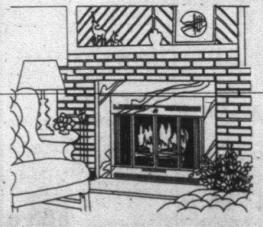

If the recommendations are upheld, they could be appealed, said Richard M. Roberts, one of Stoddard's attorneys, who said that the decision would be up to Stoddard.

The comptroller's office before the hearing had said Stoddard should be permanently banned from banking and fined \$500,000, but Jones said \$146,000 in fines would have the "same general effect."

CITY OF PLYMOUTH **ORDINANCE 87-10**

AN ORDINANCE TO AMEND THE ZONING ORDINANCE, AS ADOPTED BY SECTION 5.223 OF CHAPTER 52 OF THE CODE OF THE CITY OF PLYMOUTH.

THE CITY OF PLYMOUTH ORDAINS:

Section 1. Zoning, as adopted by section 5.223 of Chapter 52 of the Code of the 5.223 PLANNED UNIT DEVELOPMENT

Although the specific requirements as set forth under the individual and collective sections of this Chapter assure compliance with objectives deemed essential to the public health, safety and general welfare, it is recognized that more desirable development can often be attained if flexible procedures can be substituted for rigid specifications in meeting these objectives. Therefore, and particularly to meet the needs of changing methods and techniques, it is the intent of this section to provide an alternative method of determining compliance with objectives of this Chapter.

the objectives of this Chapter.

To this end, any applicant for development of any lot(s) in any use district may elect of his own volition to request consideration of a development proposal on the basis of a submitted plan and related documents, and shall present, in full, his explanation of the compliance of his proposed plan with stated objectives in such a manner as to be, in his judgement, superior to a plan which could have been prepared under strict adherence to related sections of this Chapter.

(1) Application for consideration under this section shall be accompanied by a Application for consideration under this section shall be accompanied by a fee, the amount of which shall be set by resolution of the City Commission, and shall be used to defray the expense of publishing notice of public hear-

ings, the expense of said hearing, and for such other expenses as may be (2) Application, Part A, under this section shall include proposed conceptual plans for the development and the location of all properties within one hundred (100) feet thereof.

Application, Part B, under this section shall include a complete proposed site plan for the development and the location of all properties within one hundred (100) feet thereof, in sufficient detail and with sufficient explanatory narrative to enable the Planning Commission to evaluate the proposal with regard to its compliance with the following objective standards:

(a) The proposed use or uses shall be of such location, size and character as

to be in harmony with the appropriate and orderly development of the zoning district in which it is situated, and shall not be detrimental to the orderly development of adjoining zoning districts. The principal use pro-posed shall be of the same basic classification as that established for the property by this Chapter. This requirement shall not preclude the provision of related uses such as professional offices or small stores of such tize and character as to serve a residential planned unit development in

intensity of the principal use and all accessory uses, the site layout and its relation to streets giving access to it, shall be such that traffic to and from the use or uses, and the assembly of persons in connection therewith will not be hazardous or inconvenient to the neighborhood. In applying this standard, the Planning Commission shall consider, among other things, convenient routes for pedestrian traffic, particularly of children; things, convenient routes for pedestrian traffic, particularly of children, the relationship of the proposed project to main traffic thoroughlares and to street and road intersections; and in general, character and intensity of the existing and potential development of the neighborhood. In addition, where appropriate, the Planning Commission shall determine that noise, vibration, odor, light, glare, heat, electromagnetic or radioactive returned effects from any course whatsnesser which is tive, or other external effects, from any source whatsoever which is connected with the proposed use, will not have a detrimental effect upon

neighboring property or upon the neighboring area in general.

(c) The location and height of buildings, the location and nature and height of walls and fences, and the nature and extent to landscaping of the site shall be such that they will not hinder or discourage the proper development and use of adjacent land and buildings nor impair the value there

(d) The number of parking spaces and their convenience by location with of open spaces, and the provisions of other amenities shall be in proportion to the anticipated needs and desirability for the proposed uses. (e) All public or private streets and all drives, parking areas, drainage facil-

ities, utility installations and other site improvements shall equal or surpass the applicable engineering standards of the City, as established by resolution of the City Commission. (f) Permanent organization for maintenance and management of all com-

mon areas and of all building exteriors and roofs shall be assured by legal documents acceptable to the City Attorney prior to final approval of the development by the Planning Commission, and shall be irrevocably recorded prior to the issuance of the initial occupancy permit. In this connection, access to all structures and areas for fire and police protection and for trash collection shall be assured by review of plans by the appropriate agencies having jurisdiction, and, in the event of private streets and drives, suitable permanent easements for use by public emergency vehicles shall be recorded prior to initial occupancy, eview of the site plan by the Planning Commission shall follow a two-step

Step 1: This first step in the review process shall be a conceptual approval. Preliminary sketches, including elevations, basic building(s) size, height, position of building on site and limited site information shall be provided to the Planning Commission for their initial review and approval of the concept only. Limited site information shall include the following items:

(a) Location of parking area(s) (b) Approximate number of parking spaces c) Paving of parking area(s), driveways(s)

Location of trash receptacles(s) (f) Exterior lighting (g) General drainage pattern

Conceptual approval does not in any way constitute a final action or approval of the site plan by the Planning Commission. The first step shall include the initial review and the actual public hearing. If at the time of initial review the Planning Commission considers a second public hearing necessary or desirable for the purpose of gaining additional information on which to make a determination regarding acceptability of the proposal, such hearing may be scheduled at the next regular meeting, or at a special meeting, provided that public notice shall have been given not less than two weeks prior to the date of such hearing. Conceptual approval may be waived if a complete detailed site plan is initially submitted for review and if agreed to by the Planning Commis-

Step 2: This second step, following the public hearing(s) shall be the final action by the Planning Commission and shall include completion of review and analysis.

Upon completion of review and analysis, the Planning Commission shall: (a) Find the proposal acceptable as submitted, or (b) Find the proposal acceptable subject to certain required changes, which shall be set forth, with reasons therefor as a part of the ap-

proval action, or Find the proposal unacceptable, setting forth the reasons for the dis-

(d) Not less than five (5) affirmative votes shall be required for finding a proposal acceptable pursuant to (a) or (b) above.

(5) If the proposed development has been approved or approved with conditions by the Planning Commission, the Planning Commission action shall be submitted to and reviewed by the City Commis ssion, which may either grant final approval or deny the application. The City Commission sha Commission, nor modify any conditions imposed as a part of a Planning Commission approval except by the affirmative vote of five (5) members.

Chiefs halt sister duo, top WLW

Plymouth Canton got tough defensively in the second half Tuesday and shut down the Hall sisters, enabling the Chiefs to take a 47-38 victory from Walled Lake Western in girls basketball.

Canton, 1-0 in the Western Division of the Western Lakes Association and 2-4 overall, held 6-foot-2 junior Michelle and 6-1 senior Diane Hall to just six second-half points after the pair caused problems for the Chiefs in the early going.

The Halls scored 20 of their com-

bined 26 points in the first half, and the Warriors jumped in front 16-11 in the opening quarter. Michelle finished with 14 and Diane, who was held scoreless in the last half, 12.

"We made a few adjustments on the Hall sisters," Canton coach Rob Neu said. "Those two are hard to stop if you allow them to catch, turn and score.
"We tried to get the backside

guard to double down. You've got to guard those kind of players with more than one player." Canton rallied to take a 28-26 halftime lead behind the offensive play

Canton rallied to take a 28-28 halftime lead behind the offensive play of Heather Miller and Karen Boluch. Miller scored eight of her 14 points in that quarter, Boluch six of her game-high 17.

The Chiefs held on through the second half as they continued to play tough defense on Western's big offensive threats. The Warriors were limited to single-digit scoring in the last two quarters, and Michelle Hall had just six points (two field goals) in

"Candi Jones and Boluch did a nice job of closing down on the Halls," Neu said.

The Chiefs also stepped up the intensity by pressuring the ball and cashing in on some Warrior turn-

overs.

Salem's revamped team has fast start in '87 golf

By Dan O'Meara . staff writer

The weeks ahead will provide a lot of answers for Plymouth Salem's golf team, but one thing appears certain: The Rocks have come back with another quality squad.

Salem lost six seniors from a team that qualified a second straight year for the Class A meet, but the Rocks have started out 4-2 this year after trimming rival Plymouth Canton 215-226 at Brae Burn Golf Course Monday.

Senior captain Chris Braidwood is the only returning player with varsity experience, but coach Rick Wilson has successfully reconstructed

his lineup.
Salem, which shared the Lakes Division title with Farmington last year and is 1-0 thus far, faces Westland John Glenn, the Falcons, Livonia Stevenson and North Farmington in the next two weeks.

"At 1-0, we have a shot like the rest of them," Wilson said. "If we're 3-0 at the end of the week, I'd say we have a chance at the division title."

BRAIDWOOD, a four-year varsity player, averages 39-40 strokes a match, though he tied fellow senior Dan Kruescher for Salem's No. 5 spot Monday with a 45, and is the only firm link between last year's "solid group" and a relatively new club.

But senior Matt Braun and junior Jeff Jagacki, who were co-medalists with 41s against Canton, are some of the players who have come on to fill key spots on the roster.

Junior Brian Fennelly carded a 42 and senior Lamar Crayton 43 to complete Salem's scoring against the Chiefs. In addition, junior Gregg Speaks has been Salem's No. 2 man in terms of average, but lost a chal-

lenge match prior to the Canton con-

"So far, it's been a fun year," Wilson said. "We've had pretty good competition among our players trying to get into a match."

Wilson is hopeful the Rocks, with the progress they've already shown, will be ready to earn a third trip to the state meet at Michigan State's Forest Akers Golf Course next month.

"IT'S JUST a real bonus to make it to that," he said. "We can have a

successful season and not qualify, but that's so exciting. I wouldn't trade that for anything."

The Rocks qualified for state at the Hilltop course in Plymouth the last two years, but this year's regional will be at Oak Pointe (formerly Burroughs Farm) Oct. 9. The league meet will take place Oct. 5 at Huron Meadows near Brighton.

Canton's top players are freshmen Rod Jaesena and sophomore Geoff Allen, who carded 42 and 45, respectively, in the Salem match. With them, the future looks bright, but the Chiefs are 1-3 this season.

"We've got some real fine freshmen coming up," first-year Canton coach Fred Libbing said. "I see some real interest in golf in the district."

The Chiefs have also had some tough breaks. They shot a 197 team score against Walled Lake Western but still lost the match. Canton suffered a close loss to Northville Tuesday, 220-228.

JAESENA shot a 43 on the difficult Meadowbrook course and Allen 44. The underclassmen are the team's "big pounders," and Libbing predicts they'll both be all-staters eventually.

Seniors Chris Trim and Mike Toutant and juniors Shawn Dudash and Sean McFarlane round out the Chiefs' top six golfers. Trim, Toutant and Dudash shot 47s Tuesday.

"Although they've turned in some real fine scores, we've lost some heartbreakers," said Libbing, referring to the WLW match.

"I'm pleased with what the kids are doing. I don't measure it against wins and losses. We've got a team out there trying, and I'm happy to work with them."

The results of the Western Lakes girls swimming/diving relays confirmed what coaches said about the league in the preseason: The WLAA appears headed for its most competitive season yet.

North Farmington became the first team other than Livonia Stevenson to win the relays, and a mere six points separated the top three teams.

Winning four relays and setting records in two, the Raiders compiled 226 points to edge out runner-up Livonia Stevenson (224), and Livonia Churchill was a close third with 220.

Furthermore, fourth-place Plymouth Canton and No. 5 Northville finished within 34 points of the top with 198 and 192 totals, and sixth-place Plymouth Salem would have finished higher if not for two disqualifications.

"You're going to see the league meet about the same way," Stevenson coach Greg Phill said. "That's exactly the way the championships are going to go.

"THE LEAGUE is getting tougher and tougher every year."

North used a combination of good swimming and good fortune to win such a highly competitive meet, according to Raiders coach Pat Duthie, adding North was hurt by some teams and helped by others in certain events.

The Raiders did their part by garnering the most first places of any team. North did not compete in diving, had no second places and was third in one event.

North's Liz Worthen, Marcy Mulbarger, Kerry Doran and Laurie Oswald established a meet record of 4:15.68 in the 400-yard medley relay, and Amy Meneilley, Meaghan O'Brien, Mulbarger and Cindy Cramer did the same in the 200 breaststroke with a 2:15.84 time.

Worthen, O'Brien, Doran and Cramer teamed up to win the 400 individual medley in 4:27.55, and Jenny Williams, Joscelyn Komer, Meneilley and Oswald captured the crescendo relay in 5:01.46.

"We put some good thought into some of the things we did," Duthle said, "but you have to have the kids who are able to win.

"AND, IF you have the kids who

can win, you have to figure out how you can best utilize them.

"When you have 12 teams, you just don't know where other teams are going to put good people," he added. "It's a guessing game. The key really is to utilize your personnel as best you can."

As evidenced by the close scores, the meet was not decided until the final event — the 200 freestyle — and the Raiders needed help from

Salem to edge the Spartans.

Salem's Tracy Meszaros, Dawn
Shiek, Jodi Thomas and Heather
Bunch won the event in 1:50.71 and
slipped past second-place Stevenson
(1:51.38). North was fourth. A Spartan win would have given them an
additional four points and the meet
victory.

North was not entered in the twoperson diving since it has only two divers and one had a prior commitment. But Northville won that event, edging Stevenson and denying the Spartans another opportunity for four more points.

"When you have 12 teams in a league like ours, somebody can put something together somewhere," Duthie said.

"SOMETIMES it balances out and sometimes it doesn't. Since we came out on top, I'd have to say it bal-

anced out pretty well."

Stevenson and Churchill, which knocked off the Spartans in a dual meet last week, had one victory apiece. The Spartans' Lisa Dotzenroth, Gina Bennetts, Dana Carlen and Amy Harrison won the 200 backstroke (2.08.6), and the Chargers' Katie Hamann, Cathy Ankenbrandt, Michelle Berry and Audra Martin captured the 200 butterfly (1:58.56).

Canton's strong finish was based its four second places. Salem coach Chuck Olson, whose team also had three thirds, was pleased by his team's performance and was left with thoughts of what might have been after his team was disqualified from the breaststroke and crescendo

"It should give us a little confidence, knowing we can actually compete with the powers in this league," he said, estimating the Rocks might have ended up with 200 (total) points.

"The points were there; we just gave them away. Not to take any-

On October 4, 1963, with 3 conference games left to go, the Plymouth football team defeated Redford Union 26-7 to maintain 1st place in the Suburban Six League. Coach Mike Hoben's team was out in front early in the game due to the superb offensive playing of fullback Dave Agnew. 4 interceptions by Plymouth hurt Redford Union. The closing touchdown came on a seven yard dash by the Rocks' left halfback, Roger Toby.

Canton girls dethrone Falcons at S'craft

By Brad Emons staff writer

Farmington, Plymouth Canton and Redford Bishop Borgess came up the big winners Saturday in the 22nd running of the Schoolcraft College In vitational cross country meet. (See statistical

• Farmington won the boys team title for a record fourth time minus two of their top performers, Ron Smedley and Steve Quenneville. Both were out with injuries.

• The Canton girls captured their first title with 63 points, unseating defending champion Farmington, which tallied 80.

· Borgess, meanwhile, boasted the boys individual winner (Matt Smith) and the girls individual winner (Michelle Gavney).

Smith, a senior, zipped past Walled Lake Western's Brian Grosso on the final loop to win the 5,000-meter race in 16:22.6. Grosso finished second in 16:32.0. Rounding out the top five were Plymouth Salem's Doug Vergari (16:59.7), Canton's Jay Swiecki (17:03.3) and Farmington's Brandon London (17:10.6).

"WE TOLD MATT to follow the leader and let the other guy do all the work," said Borgess boys coach Floyd Wells. "We wanted him to try and lay "Matt's time is almost a minute better than last

a plan to finish one-two. Canton's Lori Penland, who finished fourth werall, took the early lead and then surrendered t to Salem's Jenny Sample, who eventually finshed second behind Gayney.

A junior. Gayney hung back in a pack of five runners and like Smith, made her move in the 1,000 meters. She was clocked in 20:58.38, five seconds ahead of Sample. Gross, meanwhile, ended up fifth and Farmington's Bonnie Stecker moved into to third.

Only 31 seconds separated the top 10 finishers "We call them (Gayney and Gross) 'MGsquare," said Borgess girls coach John McGreevy. "I told them go for it - one-two. At worst I thought they'd be in the top five. It's really a tossup between them. They're so close and they're good friends."

FARMINGTON BOYS COACH Jerry Young feared Canton and Salem would push his team, but when the final points were tallied, the Falcons prevailed by a comfortable margin.

The Falcons appear to be a formidable team, even with the departure of last year's Schoolcraft Invitational winner Chris Inch, an all-stater now at the University of Illinois, and Al Stebbins, anther standout now at Ferris State.

"We don't have the up-front strength, but we're still a solid team," Young said. "We've just got to get them healthy. It's going to be the end of the season before we're really ready for a good

rison (3-0) will travel to face Walled Lake Western (1-2). On Saturday, two sets of rivals will collide — Livonia Churchill (2-1)

at Livonia Franklin (1-2) and Redford Bishop Borgess (2-1) against Redford Catholic Central (2-1). Last week O'Meara nudged ahead of his grid prognosticating counterpart, correctly picking 10 of 14

games. Emons, going 9-5, is 33-12 for the year, one game behind O'Meara This is a midterm exam for these

> FRIDAY GAMES (all 7:30 p.m. unless noted)

Garden City at Edsel Ford (3:30 p.m.): The Cougars were stung for the third straight week, this time by Woodhaven. Highly-explosive Edsel Ford (2-1) is gunning for another Northwest Suburban League crown. Picks - The Edsel is not

Redford Union at Ann Arbor Huron: The Panthers (0-3) have played a murderous schedule thus far and things don't figure to get any easier against Huron (1a team with losses to state-ranked Catholic Central and East Lansing. Last week the River Rats gained their first win against another NSL team, Dearorn, 28-12. Picks - The River Rats go paddling down the Huron with no prob

Redford Thurston at Allen Park: The Eagles (0-3) moved the ball for the first time in three weeks, but still couldn't score in a 7-0 loss to Melvindale. Allen Park (3-0) appears headed for a Tri-River League title behind the quarterbacking of John Jaskowski. Picks - The Jaguars

N. Farmington at Plymouth Salem: This Lakes Division battle pits North's stingy defense against Salem's wishbone. Both games will go a long way in Salem at home in a squeaker. O'Meara

> Plymouth Canton at Northville: The Mustangs (0-3) are hungry for a win. Canton (1-2) needs to get its offense recharged after a dismal showing last wee against Walled Lake Western. Picks -It's a tossup, but Canton bounces back.

Farmington Harrison at Walled Lk. Western: Has Western (1-2) ever beaten Harrison? Why should this year be any different? The Warriors are dreaming Picks - Hawks soaring to their fourth

Lincoln Park at Wayne: This could be a revenge game for the Zebras (2-1), who were knocked from the unbeaten ranks by Lincoln Park a year ago. The Railsplitters (3-0) come in confident. They need to shut down Wayne's improved passing attack, led by quarterback Mike Heard. Picks — Emons says Wayne returns the favor. O'Meara sees Lincoln Park winning No. 4.

Hamtramck at Liv. Clarenceville: Two starters may be suspended by coach Ralph Weddle for disobeying orders in last week's galling 8-7 loss to Bloomfield Hills Cranbrook. But even a visit from the pope can't help the Cosmos, who were shelled last week by Auburn Heights Avondale, 40-0. Picks - Clarencevill evens its record at 2-2.

SATURDAY GAMES

The Chargers (2-1) have regrouped after a stinging 42-0 opening-game loss to Ster ling Heights. Franklin (1-2), meanwhile is gunning for an "early" city title with a win over Churchill. Picks - Nobody is city champ this year, Churchill prevails.

Spell it backwards and you have the "Sselniw Bowl." The second letter is pronounced silently, of course. It's two winless teams foreign to victory trying to stay out of the celler in the WLAA. Picks Central picks up a win.

Darker skin will show less wrinkles

Does oily skin age better than dry

Miss S.A., Victoria

Dear Miss A.:

The amount of oil secreted by the skin has no effect on aging.
Skin ages when it loses its elastici-

ty and develops wrinkles. These processes are affected mostly by sun exposure - now called photoaging.

Those who have darker skin often produce more oil and sweat, which cause the skin to look oily. They tan more easily because of the increased pigment. This increased pigment not the oil — protects them from damage from the sun.

Those with fair skin have less pigment and thus are more susceptible to photoaging. They tend to wrinkle at an earlier age, and their wrinkles show up more because of their lighter skin.

Dear Jo:

Does exercise improve mental ability in older people?

Mrs. W.C., Toronto

Dear Mrs. C .:

Researchers at the University of Southern California claim that a reg-

some elderly people mentally — particularly with their problem-solving ability, short-term memory and concentration (Geriatrics, March

The researchers studied the effects of a 12-week exercise program on 48 residents of a senior citizen housing complex. The participants, age 61 to 86, were randomly assigned to an exercise group or to one of two non-exercising control

The exercise group met for one hour three times a week to do stretching and rapid walking. Muscle-strengthening exercises were done in a sitting position to avoid possible balance problems. The classes ended with a dance routine. Throughout the exercises, deep breathing was emphasized to enhance the aerobic effect.

At the beginning and end of the 12-week period, standard tests were used to measure intelligence, mental well-being, weight, heart rate and

A Letter From Robert C. Gurwin, President of West Bloomfield Nursing and Convalescent Center

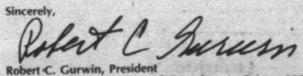

As the president of the West Bloomfield Nursing and Convalescent Center, I want to give you my personal assurance that all residents of this beautiful new convalescent center will receive the finest medical, nursing and rehabilitative care possible.

In designing this unique facility and in selecting its staff members, we aimed for the best - and I am certain we achieved that.

I have been in the business of providing nursing home service to the elderly for over 27 years and I am very proud that nursing homes I have operated in this area were recognized by Good Housekeeping Magazine as NO. 1 in the Detroit area and among the top nursing centers in the country.

All of us at West Bloomfield Nursing and Convalescent Center are committed to continuing that tradition of care and concern in our elegant new facility.

Please call me personally or either of my partners, Jack Bell or Timothy Spiro, at 661-1600 if we can answer any questions or help you in any way.

Great cellist is generous with talent

By Avigdor Zaromp special writer

The first week of the new Detroit Symphony Orchestra season brought the first event in the Great Performers Series. The star was Mstislav Rostropovich, top cellist, capable conductor and music director of the National Symphony Orchestra in Washington.

Some clouds surrounded this distinguished event. The contract dispute between musicians and management was felt as those arriving were handed leaflets by representatives of the musicians explaining their side of the issue. Barring new development, this was to be the last day before a strike or lockout.

Another discouraging aspect of this event were the many empty seats. Typically, this series is sold out, sometimes weeks in advance. The art of Rostropovich certainly isn't inferior to that of other promi nent performers who have appeared

Short of a massive migration of classical music listeners to other states, there has to be another reason. Possibly, the price of tickets, up to \$50, may have been too steep.

THESE DAYS, when some stars use their popularity to extract high fees for performances of short and easy works, it is refreshing and encouraging to have a musician of the caliber of Rostropovich present a generous program. He is a warm, generous individual, and this shows

On this program, he performed Tchaikovsky's Variations on a Rococo Theme and Dvorak's Cello Concerto. These works were preceded by Wagner's "Siegfried Idyll." Maestro Gunther Herbig's presentation of this tender selection was smooth and well balanced, somewhat restrained when compared to some performances, which are charged with emotional extremes. This version,

He is a warm, generous individual, and this shows in his music.

however, seemed to do justice to the

The richness and intense quality of the cello tone was evident from the first cello notes in Tchaikovsky's Variations. The cello is an instrument that is difficult to project without distortions. Rostropovich is one of those few who can dig into the music with intensity while leaving the purity and texture of the sound uncompromised. Even the pianissimo passages managed to come through without any appreciable

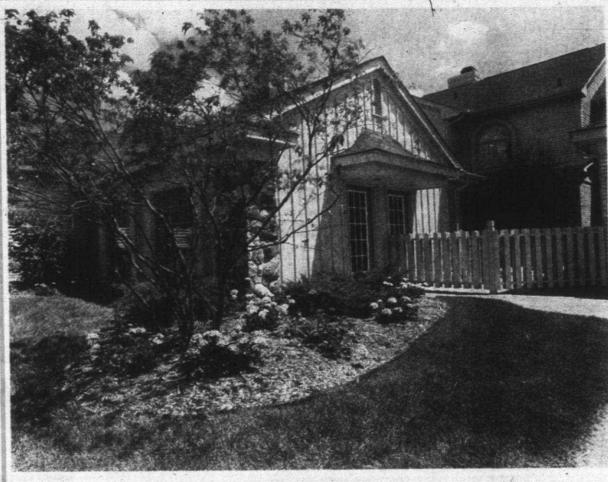

IN SOME OF THE FAST, highpitched variations, the bowing seemed natural and effortless, resulting in remarkably clean passages most of the time.

The term "more perfect" is a logh cal contradiction, unless applied to someone like Rostropovich. He per-formed the Dvorak concerto at Meadow Brook in 1983. It sounded perfect to me then, but even more so now. "He must have learned it since

then," someone quipped.

Prompted by intense applause and a standing ovation, Rostropovich played two movements from Bach's Suites for Unaccompanied Cello, demonstrating a rare sense of understanding and appreciation of Bach's

In between, Rostropovich also addressed the audience, thanking them for their support and appreciation. He also addressed the issue of the conflict concerning the musicians' contract and, asking the audience to support the orchestra, expressed the hope that it would be resolved soon.

Simsbury, New England-style condominium residential community, is part of a total design concept being used by Herman Frankel as he continues to develop in West Bloomfield.

Touch of New England

By Corinne Abatt staff writer

It looks like New England and it sounds like New England. But, in fact, Herman Frankel's new development, Simsbury, is conveniently nes-tled right in West Bloomfield. The combination of cream brick and stone, picket fences, cupolas, mature trees and shrubs (one of his trademarks) gives this development a timeless look.

When complete, it will be a community of about 250 two- and three-bedroom condominiums with a gatehouse entrance on 14 Mile, just east of Farmington Road.

There will be two to five units per building, with an average size of 2,000 square feet. Price range is \$159,000-259,000.

Four models, completely furnished by interior designer Dick Tolbert, are open noon to 6 p.m. every day except Thursday. Tolbert was also the interior designer for the models in Frankel's 467unit Pebble Creek community, which is on 14 Mile west of Orchard Lake. Frankel, who spent 14 years building in Peeble Creek (he did many other communities during that period as well), closed the last unit in Peeble Creek and started the first in Simsbury the same week.

TOLBERT CHOSE to create interiors that are

inviting, eclectic, often colorful, inviting and at the same time, contemporary. The great room of one model has a wonderful cathedral ceiling and traditional fireplace flanked by built-in book shelves. Frankel has used variations of this before with success. As far as master bathrooms are concerned, they just keep getting better and

At the entrance to Simsbury, Frankel said, This is going to be a village, not a subdivision It's going to look like a small New England

So far, he said, his buyers run from young pro-fessionals to retirees. He has 40 units under construction, more than 25 are sold and a number of

these are occupied. The community/village will have amenities such as clubhouse, swimming pool and other at-

Since Frankel is big on continuity and building is what he likes to do, he has a shopping center under construction at the corner of Farmington and 14 Mile that is being done in the same New England design. He is making sure that the exact look that he wants will be maintained by all of the leasees. So far, 90 percent of the space is spoken for and occupants will include a supermarket, florist, jeweler and carry-out among many others.

Great room of one of the Simsbury models, done by Dick Tolbert, interior designer, suggests gracious hospitality.

'Detroit Expressionists' filled with energy

By Manon Meilgaard special writer

Since there are as many techniques of Expressionism as there are artists working in the genre, Lucille Nawara, director of the Nawara Gallery, has been discerning in her choice of works for her show, "Detroit Expressionists."

Whether the works be controlled, chaotic, joyful, or created with a quick nervous energy, each of the 12 artists in the show appears to have been motivated by emotional and/or personal experience.

• Brian Fekete is an interesting young artist who recently exhibited in the "From Artists Studios" show at the Detroit Focus Gallery. He is represented by rather heavily impastoed, scratched-surface paintings that suggest sea or tomb imagery.

Broken statues and pottery, and especially the recurring symbol of a coiled, tornado-like funnel, evoke a feeling of annihilation.

· Michael Joseph's two paintings in primary colors are, as usual with this artist, strangely mysterious and provoking. One of his techniques is to draw the outline of a female model in an interior setting and then spray paint on and around it.

Concrete objects such as chairs and a stepladder wreathe the shadowy nude figure in misty color and

dripping splashes of paint. · Brewster Luttrell's collage paintings are composed of flat figures (often with an Egyptian influence) and relief objects such as totemic masks, broken chairs and broomtops. The composition is embellished by, or given a background of, found objects such as fabric, linoleum and wallpaper from the 1930s, circus posters and playing cards.

gruous brew of diverse elements creates compelling mosaics, of which Luttrell says, "I try to see old things in new things and new things in old

· Marian Mudie's oil studies of dogs, which more resemble wolves, have a primitive intensity. Whether depicted as baying or lying at rest, in either a forest clearing or a wilderness setting, there's something menacing as well as mythological about these hybrid creatures.

• Gordon (Gordie) Newton has directed his ever expressive and compulsive energy into a number of wooden sculptures called the Marine Series, which bear some semblance to earlier work. Layers of unvarnished or lacquered wood in somber tones of black and brown, with splashes of green and red, form a harshly beautiful ship imagery.

And true to Newton's vision of beauty having nothing to do with prettiness, these pieces are not inspired by pleasure craft, but by fishing boats, old tankers and hulks.

· Shirley Parish's two oil paintings are fine examples of exuberant nature expressionism. Placed to advantage on both sides of a gallery window overlooking a view of trees and fields, her water and landscape imagery in lush blues and greens is

. Don Shields dares to apply thin layers of oil and acrylic-like gestural drawing strokes. He gets away with this in two sardonic, cartoon-like paintings of men with sickly green, George Grosz-like faces and wearing garish suits, in scenes that recall German cabaret in the years preceding World War II.

vas, which suggests a swirling sense of inner turmoil, despite the pastel tones of pink, blue and mauve. Decorative it is; but the restless element that chaos demands doesn't carry through. The artist obviously has talent, but in this painting he runs the risk that total abstraction might be-

rish suits, in scenes that recall come nothing more than decoration.

• Nadine Slowik, like her husband, Brian Fekete, uses somewhat heavily applied paint layers with surface scratchings, but here the re-

semblance ends. Her busy canvas of manifold abstract shapes mostly has an organic quality. In one painting she depicts an imaginative, almost surrealistic cluster of luminous yellow and white spheres that resemble developing embryos.

Mark Tucker, who recently worked and exhibited in Germany, creates wondrous shapes with paint-ed, crumpled paper — often forming grotesque, nightmarish figures rem-

iniscent of Edvard Munck or James Ensor. It's a pity that examples of Tucker's figures are not included in the present exhibition, but in a piece titled "Trapeze," his versatility and his constructional skills are evident

in a taut, colorful circus scene. Shirley Woodson's cocoon-like, canvas-wrapped sculptures were not on view at the time of writing.

 Paul Zenian, whose earlier work was portraiture and figurative peopled scenes with a tension-filled

use of space, is represented by an oil canvas of a peasant woman kneading bread, which not only has a biblical implication, but comes close to early German expressionism.

"Detroit Expressionists" Recent Painting and Sculpture continues through Oct. 17. Gallery hours are Tuesday to Friday 1-5 p.m., Saturday 11-5 p.m. or by appointment (669-9543), 1160 Welch Road, Walled

The cooling unit installed outside the furnace ibrates the air ducts and keeps me awake at night, since my bedroom is directly above the furnace in question. The condo association has a quiet rule for night hours, but apparently it is not willing to take any action in this regard.

My first approach to resolve the oblem was to turn off the person's blower motor at the furnace which did not go over too well. Then I offered this person \$100 to have the heating contractor quiet the installation, which has not been accepted. What can I do?

Superlative Living In The Hills of West Bloomfield

NEW lavishly large 1, 2 and 3 bedroom terrace ranch dwellings of unsurpassed size that are utterly extraordinary — up to 2,800 square feet and every amenity: private entries, attached garages, fireplaces, cathedral ceilings, designer kitchens with separate breakfast areas, master bedroom suites with dressing area, double vanities, double closets and walk-in closers too, in-residence laundry and storage, full carpeting, central air conditioning, patio or balcony.

Truly resort-like recreational facilities include: oversized pool in a pectacular wooded setting, a manor-home like clubhouse — ideal for rivate parties — tennis courts and, of course, a 24-hour manned atchouse with package reception services. There is even a private fing library. All on over 130 incomparable private acres for estate-

Unquestionably the standard for beauty and luxury. For their size design and breathtaking setting, YOU MUST SEE the 1, 2 and 3 bedroom terrace homes of ALDINGBROOKE.

Travel Maple Road to Drake Road; turn north and drive through the woods, to the summit of the hill, and enter ALDINGBROOKE through the manned gatehouse on your left. Note: Limited number of short term executive rentals available

GRAND OPENING

"I never saw anything like it. Handsome, distinctive buildings on terraced land, full of intriguing angles and architectural detail. A complete change from that old 'row-house' look.

Every apartment has its own private entrance, unusual layout, and surprising extras like a washer and dryer, vertical blinds, full kitchen with dishwasher, and plenty of closet and storage space.

Some even have cathedral ceilings, overšize patio, and a large eat-in kitchen.

I look out onto lush woods and ponds . a jogging path . . . swimming . . . tennis . . . and a comfortable clubhouse with exercise and aerobic rooms.

It's not just a place to live; it's a place I love coming home to. You'll see what I mean."
