Jenevieve Szewczul, 63, of Canton was killed late Monday afternoon when the car she was driving collided with an eastbound 1990 gray Dodge pickup truck driven by Kenneth Swindle, 32, of Westland.

ACCORDING TO Plymouth Township police, preliminary indications are that Szewczul was pulling out of Holiday Park subdivision, attempting to go west on Joy, when she failed to yield to Swindle.

Szewczul was taken by a Canton Township EMS unit to St. Mary Hospital in Livonia where she was pronounced dead at 5:30 p.m.

"It appears she was attempting to make a left turn off of Holly Drive

## Stadium tax pitch tossed at dineries

By Wayne Peal staff writer

Canton Big Boy operator Mitch Howard understands why Wayne County seeks a 1 percent restaurant tax to help pay for a new Tiger Stadium. He just wishes it would be spread over a larger area.

'I just wish this thing were regional," Howard said. "Really, restaurant owners in Oakland County are going to benefit more from the stadium than people out here like us."

Howard was among a dozen people — including restaurant opera-tors and Canton officials — who discussed the proposed tax on Tuesday with deputy county executive Mi-

chael Duggan County officials will be going to Lansing next week to ask permission to put the tax package on the Tuesday, March 17, presidential primary

ballot The tax proposal also includes a two percent rental car tax and one percent hotel tax.

Duggan made it clear suburban support is crucial if the county is to keep the ballclub.

"IF SUBURBAN restaurants don't support us, we don't have a prayer,"

But support, even from sympathetic restaurant operators like Howard, could be slow in forthcom-

"Mike's a pretty persuasive guy, it's hard to listen to him on anything and not be convinced," Howard said. "But things have been pretty flat lately, too.

There is no guarantee state Legislators will support the ballot propos-al for a county tax, Duggan said, and it is almost certain they wouldn't

support a regional tax. The tax package would raise \$18 million a year for stadium bonds, Duggan said. Of that, \$14 million would come from restaurants.

Canton was just one of Duggan's recent stops in his efforts to drum up

Michael Duggan

He's also talked to people in Redford, Dearborn and downriver. And while downtown restaurant owners have signed on, he admitted suburbanites were harder to convince.

"We have to show people out here that they have a stake in downtown Detroit, too," he said.

Detroit's negative image, Duggan said, hurts business development throughout the county

"WE HAVE big plans based around Metro Airport," Duggan said. 'There's no reason the 1990s can't be the decade of Wayne County. But Detroit's image hurts."

Losing the Tigers would be an almost irreparable blow to the city's image, Duggan said.

While several in attendance were openly skeptical the ballclub would leave Michigan, Duggan said the possibility was real.

Four cities (Buffalo, Orlando, St. Petersburg, Fla., and Washington, D.C.) are looking for a ballclub," he

## Ryan to be swing vote in redistricting

By M.B. Dillon staff writer

staff writer

Federal Appeals Court Judge James Ryan of Redford Township may likely be the swing vote on a judicial panel that will decide how Michigan's Congressional districts are redrawn.

Michigan will carry a smaller stick on Capitol Hill as a result of 1990 census figures that show the state is growing at a slower rate than states in the Sunbelt.

While California is gaining seven seats, Florida four and Texas three, Michigan is losing two spots.

Deciding who loses clout - be they Republicans or Democrats - is a task left to the state Legislature. But if history repeats itself, the Senate and House redistricting committees will reach an impasse and the matter will be left to the courts.

Suits already filed by the Democrats and Republicans point toward that scenario.

Reasoning that Republican control of the governorship and state Senate would place Democrats on the losing end, the Democrats didn't wait for the Legislature to re-draw district lines. Instead, they filed suit in the court of Eastern U.S. District Judge Stewart Newblatt of Flint, a Democrat. It was reassuring to them knowing the final arbiter would be Gilbert Merritt, a chief judge of the Sixth Circuit Court of Appeals with solid Democratic credentials.

Meanwhile, Republicans filed

their own suit with Ronald Reagan appointee Robert Holmes Bell of Lansing in the Western U.S. District

Following judicial rules, Merritt appointed Newblatt and Bell to a three-judge panel to decide the redistricting cases. The third judge is Ryan, a former Michigan Supreme Court justice appointed by Reagan to the Sixth Circuit Court of Appeals.

The move stunned Democrats, and has them worried. They fear that be-cause population in Michigan has shifted from Democratic to Republican ranks, it may be the Democrats who are forced to give up both seats.

"THERE IS THAT danger," said U.S. Rep. Sander Levin, D-Southfield, whose district includes Redford Township. "I hope we don't suffer too much.

Other Midwestern states find themselves in the same boat. Ohio and Illinois are losing two seats, and Kansas and Iowa are each forfeiting one. The Northeast is giving up representation as well.

Losing clout in Washington is troublesome, given the important regional issues confronting the Midwest and Northeast. Key among them are federal programs such as the Job Training Partnership Act, the Low Income Home Energy Assistance Program and the Surface Transportation Assistance Act.

The Partnership Act provides \$4 billion a year for the economically disdadvantaged. To save money, the Bush administration and lawmakers from the Sunbelt are suggesting cuts in the Energy Assistance Program, which helps poor families insulate their houses and pay heating bills.

Harsh weather translates to higher highway maintenance costs for Midwest states - a factor not addressed by the Surface Transportation Assistance Act.

"The Northeast-Midwest region

was really a power broker in the

United States Congress in earlier

Judge James Ryan

years because of the population exolosion," said U.S. Rep. Carl Pursell, R-Plymouth, who serves on the Republican coordinating committee on re-apportionment.

But the region lost a total of 17 Congressional seats in 1982, and is losing 17 again in 1992.

"People haven't seen that loss of impact to the whole region yet," said Pursell, whose district includes part of Livonia. "We have to be better disciplined because of faster growth in other states. We have to do more

## Early NTSB plane crash report doesn't cite cause

The National Transportation Safety Board has released a factual report on an airplane collision that killed three pilots on July 23, 1990, in Plymouth.

A DETERMINATION ON the cause of the crash is expected by early next year, said Ted Lopatkiewicz,

Starr of Cedar Springs, alone in a twin-engine Piper Aerostar, attempted to overtake a single-engine Piper Cherokee flown by Charles Nix, 55, of Detroit. In addition to Nix and Starr, 34, Nix's passenger, in-

structor Robert Gunn. 65, of Livonia, perished in the crash The cause of death for all three was multiple traumatic injuries. Autopsies on the three pilots revealed no trace of drugs or alcohol. James Ritter. NTSB aerospace engineer, said, "The Aerostar was overtaking the Cherokee, and the air-

There were two propeller slashes through the right stabilator of the Cherokee starting at the outboard trailing edge."

According to Doub, "Witnesses reported that both aireraft were on a westerly heading at about 1,000-1,500 feet when the twin engine aircraft overtook, and flew through the single engine aircraft. They reported that mmediately after the impact, the right wing came off the Cherokee and the aircraft spiralled vertically to the

Pose the question, "Who should give up the two congressional seats Michigan is losing because of its sluggish population growth," and you'll hear some strong opinions.

Gov. John Engler, a Republican, has said that because there's been a shift in the state's population from Democratic to the Republican ranks. Democrats should forfeit both seats. Bernie Porn, director of communications for the state House Demo-

cratic staff, says that's "an unduly partisan position to be taking. It's a bit like saying, 'When you're ready to jump off the top of the Capitol we will let you know whether we will agree to put a net below you."

STATE SEN. William Faust, D-Westland, a member of the Senate like to see politics take a back seat in the process.

"The framers of our Constitution wanted you and I to have an equal voice in our government, and would hope that could happen," said aust. "This isn't a process for incumbents but for the people."

Should the Legislature fail to agree on a redistricting plan as it as in the past, the task will fall to a three-judge panel named by Gilbert Merritt, chief judge of the U.S. Sixth Circuit Court of Appeals and a Carter appointee.

On the panel are Eastern U.S. District Judge Stewart Newblatt of Flint, and Lansing's Robert Holmes Bell of the Western U.S. District Court. Newblatt is a Democrat; Bell

The third panel member, whom many refer to as the potential tiebreaker, is Sixth Circuit Court of Appeals Judge James Ryan of Redford Township. Ryan sat on the Michigan Supreme Court that in 1980 redrew the state's legislative district lines. In 1981-82, Ryan supervised the implementation of legislation merging the courts of the City of Detroit and Wayne County to improve judicial efficiency.

RYAN IS a Reagan appointee - a fact not lost on Democrats following the reapportionment issue. But an informal survey of Democrats and Republicans shows that Ryan is perceived as a judge who will put partisanship aside and base his decision on what's fairest and best for Michigan.

Ryan — identified in some circles as a possible U.S. Supreme Court nominee during the Reagan administration - isn't discussing the reap-"I have adopted for myself a poli-

WALKING A political minefield is U.S. Rep. Sander Levin, D-Southfield. His 17th district, which in-

cludes Redford Township, likely will be redrawn. "I know Judge Ryan a bit," said Levin. "He has a reputation for being able to be objective and to call them as he sees them. I hope that in this most partisan of matters, he will be non-partisan. I have faith that he will very much exercise his func-

tions as a judge and be objective." Former Supreme Court Justice Dennis Archer, also a Democrat, tried his first criminal case before

"I found him to be a fair jurist then, as I found him to be a fair jurist on the Michigan Supreme Court. Even when we disagreed, I found him to be fair, and a person who was willing to listen to both sides." Archer said. "I believe all three judges will treat this no differently than anything else. They will apply the law as they see it."

Faust said he doesn't feel uncomfortable, either. "I became familiar with Ryan's decisions when I was leader of the Senate. I remember him to be an objective person trying to meet the standards of the law, Faust said.

Reaction from rank-and-file Democrats is no different.

"I think he is a Republican at heart, but I think he would be as fair as he can be, even though he has a son who's a politician here in the township," said Philip Reseigh, a retired Reford Township firefighter and second vice chair of the 17th

District Democratic Party. State Rep. Joseph Palamara, D-Wyandotte, sits on the House redis tricting committee and chairs the elections committee where the plan will be finalized.

'I feel very comfortable with Jim Ryan being in that role. I know Jim, and I know his character and integrity are unimpeachable," Palamara

U.S. REP. Carl Pursell, R-Plym outh, ranking member of the Republican reapportionment committee, is expecting no favoritism from Ryan. "Knowing Jim as I do, I'd say he's

a very straight, traditional, no-nonsense guy," he said. Redford Township Republican Rhys Lewis was vice-chairman of the 17th Congressional District when Rvan was being considered for appointment to the Supreme Court by then Gov. William Milliken.

bi-partisan things. But it's hard to sell your colleagues on that sometimes." Levin said he's raising funds for the battle

At Levin's invitation, U.S. House Majority Leader Richard Gephardt of Missouri has come to Michigan for three fund-raisers. "I think that one thing I have going for me is

that I'm the only one in the majority here who sits on the Ways and Means committee, which has jurisdiction over matters vital to Michigan, such as foreign trade issues, health reform, taxes and un employment compensation. The seat wasn't easy get and it would be helpful for southeastern Michigan for me to stay there," said Levin. "It gives Michigan some clout."

Conventional wisdom has it that congressmen including William Broomfield, R-Birmingham William Ford, D-Taylor, and Pursell - needn's worry because while lines may be changed, the hearts of their districts will be left intact.

THE LEGISLATIVE re-districting committees are being criticized by some who say politics is dragging out the process unnecessarily

The longer it takes for the districts to be redrawn, the more frustrated prospective candidates become. The delay works to incumbents' advantage by minimizing the time challengers have to raise money and campaign, say critics.

Both House and Senate and re-districting committee members say they're working as fast as they can, given their limitations.

Pursell says the Republican committee, headquartered in Plymouth Township, got organized three years ago and is moving along. "This is the best thing we've done in 30 years," he said. Hampering everyone was the unavailability until ecently of census track information, he added. 'Neither party could be drawing plans until late August or September.

look at the big picture. "Neither side should engage in the drawing of

lines with an attempt to dismantle a delegation that has achieved the kind of clout our delegation now has in Washington, because that is so mean ingful. It means a lot for us in terms of tax dollars. Having one party or the other trying to win as many seats as possible could mean a disservice to the people of Michigan.

## Wayne-Westland school chief takes medical leave

Wayne-Westland school Superintendent Dennis O'Neill, blaming the school district's pheaval for "serious medical problems," bunced Tuesday that he will take a three-month medical leave.

Though he didn't say when the leave would begin, O'Neill called for a meeting his week with board President Sylvia Kozo bsky-Wiacek and board secretary Leonard Posey "to discuss a transition plan."

After the meeting, O'Neill declined to cite specific health problems. In his speech to the board, O'Neill said

## State probes voc-tech center Man walks out with TV

State officials have launched a probe into allegations that some teachers at the Wayne-Westland school district's voc-tech center helped students pass their state automotive mechanics tests by giving them the answers beforehand

Although the investigation is continuing, it appears the claims are unsubstantiated, said Fred Pirochta, a Michigan Bureau of Automotive legulation representative.

Pirochta compared the disputed claims to the Senate Judiciary Committee hearings on whether Supreme Court nominee Clarence Thomas sexually harassed law professor Ani-

Both sides are very believeable," he said Monday

"We haven't completed our investigation, but it looks very doubtful that there were any improprieties," said Pirochta, director of the bureau's repair facility division. There does not appear to be any ubstance to the allegations."

Pirochta visited the voc-tech center last week and confronted school officials with the allegations, which were investigated earlier during an internal probe ordered by Superintendent Dennis O'Neill.

"We were convinced that there was no impropriety," O'Neill said

The state probe began after the automotive regulation bureau received a letter from leaders of the Wayne-Westland Citizens for Education Committee, which called for a "full-scale investigation" into allegations that teachers helped students pass their state mechanics licensing tests by providing the answers.

THE SEPT. 20 letter came from the committee's chairman David Moranty, and its vice chairman, Melvin Straight, a counselor at

O'Neill charged that Moranty and Straight "in their usual fashion wouldn't trust us" to conduct a local investigation, and he called the state's probe "a waste of time." If substantiated, the claims could

threaten the center's standing among 63 centers in Michigan that are eligible for state certification in

Moranty and Straight also sent letters to the U.S. Environmental Protection Agency, the state Attorney General's Office and the U.S. Justice Greg Baracy, the voc-tech center's principal, refused to comment Tues

day on the investigation. "I have no comment until I hear from him (Pirochta)," Baracy said. Although Pirochta said the investigation isn't expected to be complet ed for one to two weeks, he added

### Candy checks

WO McDONALD'S restaurants in Canton, at 44900 Ford Road and 40241 Michigan Avenue, along with Canton police and the Canton Kiwanis will have candy checks between 6:30 and 9 p.m. on Halloween night.

Candy will be run under a metal scanner free

We have experienced no problems in the past," said Pat Nemecek, Canton police information officer.

Police will be out in full force on Devil's Night, Oct. 30, and Halloween, Oct.31, he added. Police also suggest that residents keep their lights on, especially on Devil's Night.

A 100 watt bulb running for 10 hours costs about 10 cents.

### Halloween party

ALLOWEEN'S around the corner and Oakwood Canton Health Center is planning a party for kids 3-10. Moms and dads are welcome.

The party is 1-4 p.m. Saturday, Oct. 19, at Oakwood Canton Health Center, 7300 Canton

Center Road at Warren. Prizes will be raffled. Free gifts will be given away and refreshments will be served.

There also will be a dunk tank and a teddy bear clinic where children can bring their favorite stuffed animal or doll for an examination and hospital workers will patch him up if necessary.

Also, children's safety programs will be discussed. A helicopter, fire truck, fire house ambulance and police car also will be on display

## Crime kills economy — Marlinga

staff writer

Would you move your family to the high crime areas of Detroit, Flint or Sagniaw? Just as the crime rates would turn most

suburbanites away from these communities, out-state people are afraid to come to Michigan for the same reason, Macomb County Prosecutor Carl Marlinga said during an address to the Canton Economic Club luncheon yesterday.

"Put yourself in any one of those crime infested areas," he said. "What about the people, who are living there and suffering.

The economic wonder we can become is put out of our reach, because of the crime problem," said Marlinga, 44.

CRIME RATES and the economy react to each other, he said; if you lower the crime rate, the economy will strengthen. And if there are more jobs, offering more opportunities for desperate people fewer criminals will be born.

Marlinga focused on the need to get

tough with criminals and build more prisons to house them once convicted.

Building more prisons will take money and time. And a lot of people, he said, aren't willing to make that commitment.

The law enforcer known for his stand against crime has attracted headlines rewhen he recommended trying youths involved in a beating death as adults.

His name also has surfaced as a potential contender for governor.

DETROIT RESIDENTS have lost their peace of mind and freedom, because of crime, he said . Cracking down on criminals will release "hundreds and thousands of law-abiding" residents from cowering in their homes behind barred windows.

"'It's our obligation to get tough on crime," he said. "If you have compassion, you have to say I have to get smart. You can't be a bleeding heart; we have to get tough."

Tough doesn't translate to death for Marlinga

"Capital punishment is not the cure-all people think it is," he said. "Capital punishment would clear the jails of about 100

people a year."

Today the state has space for 30,000 inmates, up from 13,000 10 years ago. He notes that the figure is higher than any other state, but it's still not enough.

THE FIGURE is still miniscule, he said, when you consider that each year 27,000 criminals in Michigan are convicted. The only solution is for criminals to get ridiculously low jail time or none at all.

"I'm not saying that every criminal

should be put away forever," Marlinga said. "I would like to see a criminal justice system that actually fits the crime.

Working as Macomb County Prosecutor for seven years, Marlinga said, he along with police, has seen the same people getting arrested, let off and getting arrested again a few months later.

Criminals know the system lacks 'teeth," because they know from their friends that they either won't get caught or they'll get probation, he said

'The economic wonder we can become is put out of our reach. because of the crime problem.'

### Weight Loss Surprises Researchers

WASHINGTON - A nutrition organization was hopeful that a nutritionally complete "hi-tech" food tab-let would help erase world hunger problems, until a study revealed that ne of the ingredients could cause significant weight loss.

Researchers in Europe found that an ingredient in the aptly named produce Food Source One actually caused people to lose weight, even though specifically instructed not to alter normal eating patterns, according to one study published in the prestigious British Journal of Nutrition. Researchers in an earlier study had speculated that the weight loss was due to a decrease in intestinal absorption of calories.

While the development of Food Source One, a project of National Dietary Research, would not be used to successfully fulfill its original goal the discovery has been a windfall for overweight people. A Daytona Beach Florida woman fighting a weight bat-tle for 12 years used the product on endation of her physician

and lost 30 pounds. She stated, "Not only have I lost 30 pounds, but my cholesterol has dropped from 232 to 143. I have two closets full of clothes which have not fit me in two years that I can now wear." In a separate report, a telephone interview re-vealed that a Wilmington, North Carolina pharmacist lost 14 pounds in 15 days on the product and was never hungry. Food Source One is available through physicians and pharmacies without a perscription because it is not a drug and contains only natural ingredients already known to be safe. Copies of the ref-erenced style are available free from National Dietary Research, Suite 553, 1377 K St., Washington, DC 20005, however, please include \$2 Postage & Handling for each request 1990 Omicron Internation

## Identity

## Whimsical ideas for Canton

of Hillsdale, Coldwater and Bad Axe. They're on the state map. Canton isn't, even though there are more people living here than in any two of those other communities. Being on the map brings identity.

The lack of identity is a problem that, while not a major concern, does on occasion ruffle a few feathers in Canton Township. The nearby city of Plymouth is in the major leagues when it comes to identity. And it only has about 10,000 residents while Canton has 50,000. The reason Plymouth and other communities

smaller than Canton are on the map is that they are cities and towns, not townships. It's a 19th century tradition. But while Canton can't do much to change that

tradition, it can do something about its identity. Here are a few not-so-serious suggestions to help Canton gain that identity:

· Historic designation for strip malls. Canton suffers from the strip mall stereotype. But there's a turnaround that could be made on this one. Canton could obtain historic designation for strip malls that have had full occupancy for 10 or more years. Officials could persuade the state to

An annual event that attracts national at ention. Everybody knows that the swallows return to Capistrano, but few can remember what state it's in or whether they come back in the spring or the fall. Maybe Canton could look to having a pheasant festival in the fall, relying on the lure of the game birds that were once plenti-

· A Chinese New Year's festival. This one could even work. Anyway, Canton has the required ethnic name for such an event.

· Canton International Airport. This one is a bit political, but it could work. Canton opposed the purchase of Mettetal Airport by a proposed Joint Operating Agreement backed by the city of Plymouth and Plymouth Township. That fell apart, but Canton and Plymouth Township may strike the deal. If they do, Mettetal could be renamed Canton International because as we all know, all that's needed for international designation is that a plane from Canada have once, it even by mistake, landed there.

The possibilities are endless and fun

When a separate political class governs other mere citizens, you can expect this kind of nonsense. A New York Times poll found that the American people regarded members of Congress as "corrupt, pampered by unnecessary perquisites and arrooverworked the governor's office is. gant about their power."

THE SAME can be said for our leaders closer to home in Lansing: the Michigan House, Senate and members of the office of Gov. John

As they knocked 83,000 poor and jobless Michiganians off the welfare rolls and into a struggle with surviv al, our political masters were cooking up a quiet little deal to feather their own nests.

In the final conference committee meeting on the general fund budget (closed to ordinary folks, of course, because we wouldn't understand), the House conferees proposed in creasing the budget for both chambers by \$8.2 million. The Senate leadership gladly went along. This increase comes to more than

10 percent, three times Michigan's inflation rate. It includes restoring a 9.2-percent cut, adds about \$1 milion for each chamber for moving costs, and increases printing (to send you and me those timely and interesting newsletters), Social Security and retirement benefits! WHAT IS scandalous is that the decision to pour money into the already cushy jobs was taken in silent conspiracy. Both Republicans and Democrats went along. Class solidarity among our political masters

surpasses partisanship any day. The only person on the inside of

these dealings who beefed was Dick Young, a sensible Democratic House member from Dearborn Heights. "I don't want to look like a flaming hero, but I warned them that in creasing their budgets at this time didn't make a heck of a lot of sense, Young said, "When the Wayne Coun ty morgue is filled up because of the way we're cutting the budget, we shouldn't try to go back to business as usual

The deal gave the Department of Management and Budget, run by Engler's 'chief budget cutter, Patricia Woodworth, an extra \$950,000. I suspect Woodworth got the check

just about the same time she signed the letter threatening the Detroit Institute of Arts with complete elimination of state support if they didn't quit beefing about their cuts. Just like the man says, "Them that has, gets.

Bring back the sales tax deduction. If some one were to dig into what is behind the recession - the answers are simple - the great majority of people no longer have the money to buy what they used to buy.

They are paying the price of higher taxes and a service economy, an economy that weakens the basic buying power of the middle class taxpayer, the backbone of a strong and prosperous America.

through Wayne Metropolitan Community Services Agency, a private agency that operates the shelter on the county's behalf.

"WE DON'T even like to call ourselves a shelter," Makowski "We provide a full program, not just a bed."

Nearly two years in the planning, the 22,000-square-foot center opened in June.

The site formerly housed a county food warehouse, though it now resembles a dormitory.

Rooms are small and spartan. Furniture and bedding was donated though such sources as the Westland Jaycees, JC Penney Co. and the Salvation Army, Makowski

Meals are served in a common. dining room. There are also common shower areas for men and women.

Resdents are free to come and go as they please, though children are expected to be in the building by 8 p.m. and all residents are expected to be in their rooms by 11:30 p.m.

"Just out of courtesy we have to have some rules," Makowski said. "But we try to provide as much autonomy as possible, this isn't a prison, these people have done

nothing for which they should be punished.

Center residents are expected to clean up after themselves and at the time of one afternoon tour - the place was much tidier than

any college dorm. At present, there are 104 people or 26 families in the shelter. Not all-are happy to be there.

Jamie Carter, a western Wayne County resident who recently spent three weeks at the shelter before finding a job and permanent housing, was critical of her

Residents were given dirty water with which to mop floors and clean tables, while shower areas

were messy, Carter said.
"My child picked up a skin disshe said. "It just wasn't

Makowski said center staff strives to keep all living areas as clean as possible. Still, she said she wasn't surprised a resident would have complaints.

"Often, we encounter hositility, Makowski said. "Homeless people don't want to be homeless."

Most people have no idea of who the homeless are and how they get that way, she said.

"YOU HAVE to get over the perception that the homeless are the homeless people you see por-trayed on TV," Makowski said. "I wouldn't say homelessness is a result of education, from what I see it's more about the availability of jobs and housing."

Even in relatively good times, availability of shelter space is also an issue.

Carter also said she saw people being turned away and Makowski said not everyone who shows up is welcome

"Because we're a family center, we don't take single people," she said. "We're geared toward people 18 and older with dependent children."

People who appear drunken or drugged also aren't accepted — a rule also followed at COTS.

Most of those who are accepted are referred through the Wayne Metro service agency or the state Department of Social Services.

Walk-ups are few, Makowski said. Though designed for homeless families the shelter also occasionally houses battered wives.

"We can handle referrals from First Step (a local shelter for victims of domestic violence)," Ma-kowski. "We can promise these women confidentiality."

Though the shelter has eight fulltime staff members, its day care center and other programs are also staffed by volunteers.

The Wayne County Family Center provides more than just bed space. Here, an Inkster women and her daughter make use of the

## Canton prevails in WLAA contest

By Ray Setlock

Plymouth Canton girls basketball coach Bob Blohm stood at the blackboard following Tuesday's game with Livonia Stevenson and diagrammed defensive strategies.

The focus of Blohm's explanation was the Canton defense.

'We made some stops when we needed to, but there were times when we got burned," he said. "I really thought we'd do better on the de fensive side of the ball. But, hey, we won the game.

Canton nipped the visiting Spartans 70-67 in a showdown between unbeaten Western Lakes Activities Association teams.

The Chiefs trailed 67-66 with one minute remaining, but sophomore guard Britta Anderson hit a jumper with 43 seconds left to put Canton,

Junior guard Amy Westerhold hit a pair of free throws with 22 seconds remaining to seal the win.

'Although we didn't execute well tonight, we made the plays when we had to," Blohm said. "You have to give our girls credit for that."

THE CHIEFS improve to 10-2 overall and 6-0 in the WLAA. The Spartans are 9-2 overall and 5-1 in the WLAA. Canton extended its win streak to eight games while snapp-

ing Stevenson's six-game victory streak.

"One of the consolations for us is that we get to play Canton again later in the season," Stevenson coach Chuck Hebestreit said. "Maybe that time the outcome will be different."

Stevenson had the Chiefs on their heels in the opening quarter, taking leads of 12-6 and 18-11. The Spartans led 22-16 after one quarter.

Canton rebounded in the second quarter, taking a 30-28 lead with 3:08 left on a short jumper by junior forward Kelly Holmes. The Chiefs led 36-32 at the intermission.

Canton continued its pace until late in the third quarter when Stevenson junior guard Lori Shingledecker made a layup and was fouled. Her free throw tied the score

Senior center Teresa Sarno then reeled off back-to-back jumpers, and

quarters.

In the final quarter, the lead changed six times, but Canton managed to come out on top.

JUNIOR CENTER Stephanie Gray, despite being double teamed, paced Canton's scoring attack with 28 points. She connected on six of 10 free throws and also pulled down 10 rebounds.

"Stephanie did a good job of dishing the ball off tonight when she didn't have a shot," Blohm said. "She didn't force anything. The way Stevenson had its defense set up, as soon as Stephanie got the ball, she was surrounded.

Holmes chipped in 13 points for the winners. Westerhold and sophomore guard Alyson Noune added 11 and 10, respectively.

Sarno tallied 28 points in a losing cause for the Spartans. Shingledecker contributed 14, while junior forward Karen Groulx added 13, including a pair of three-pointers. Sophomore guard Mo Drabicki had 12.

Plymouth Salem became the third Western Lakes Activities Association team to qualify for the Class A finals in girls tennis Monday

The Rocks didn't know if their season would continue until early this week after the championship matches of the Dearborn regional tournament were postponed Saturday because of bad weather.

Dearborn was first with 18 points, Salem second with 17. Plymouth Canton (16) finished a strong third - three points ahead of Dearborn Fordson (13). The top two teams in each regional qualify for the state event, which takes place this weekend in Midland.

WLAA members Livonia Stevenson and North Farmington finished one-two in the Waterford Mott regional Saturday. WLAA champion Farmington Hills Harrison failed to qualify a third consecutive year for the Class B finals, finishing third in the Bloomfield Hills Kingswood tournament.

"The nice part about this tournament is that we were not going up against the Ann Arbor schools for a change," said Salem coach Judy Braun, who was named regional coach of the year.

"WE KNEW it was wide open and we had a real good chance to win the tournament. Anyone could have won and we happened to be a little stronger at a few key spots.

The host Pioneers and Salem were tied for first place with 16 points apiece entering the finals Monday. Canton was third with 15.

With one point awarded for every match won, Dearborn gained two of a possible five

points Monday to edge the Rocks. Salem won one of three matches, the Chiefs one of

Salem's No. 2 doubles team of junior Natale Graves and sophomore Melissa Kowalis and Canton's No. 3 doubles team of juniors Kelley Blancke and Anne Zachary were regional champs. (See statistical summary on Page 5B)

Both defeated Dearborn opponents, the Rocks winning 6-1, 6-2 and the Canton duo needing a tiebraker (7-3) in the second set to win 6-3, 7-6. Graves and Kowalis clinched a berth in the state finals for Salem with their

"Obviously, second doubles did a wonderful job," Braun said. "They got a medal; they were champions of the tournament.

"Everybody won a first-round match, which was very, very helpful and where we got all our points. That was 12 points right

Senior Kathy Marschak and junior Susie Bozell were not regional champs, but they played excellent matches, according to Braun, and finished second at Nos. 2 and 3 singles, respectively

Salem's Jennifer Clack and Deepa Sreeni-vasan had first-round byes and won their first matches before losing in the semifinals at Nos. 1 and 4 singles. Anne Bartalucci and Adrienne Weckerle also reached the semis

at No. 3 doubles. Kelly Kirkpatrick and Leah Szafran were unseeded at No. 1 doubles but won a match before bowing out.

Braun has taken a number of other Salem teams to the state tournament, finishing as high as fifth in 1981.

We're just hoping for the best," Braun said. "I know we certainly are not at the bottom of the spectrum. I think we're somewhere in the middle

"How the draw goes is always a big factor. I don't think we have anybody who will be considered for a seed, but if we get a good draw we could do fairly decent.

Canton's Ellen Gaston was runner-up at No. 4 doubles, and Tanya Berner of Livonia Franklin won the first singles championship and became a state qualifier for the third straight year.

alone made it an important game. The outcome made it even more significant for the Chiefs, who defeated Salem for the first time in three years Wednesday night, 2-1.

After losing in the 1988 district tournament, the Rocks were unbeaten in eight consecutive games with Canton, including a 2-2 tie earlier this season.

"I was a freshman when we beat them, but I didn't play," said Canton senior Chris Hayes, who gave the Chiefs a 1-0 halftime. "Actually, this is the first time this team has beaten Salem. Any time you beat Salem it's a great feeling."

It was also the first time one of Canton coach Don Smith's teams have beaten the Rocks. He replaced Mike Morgan as head coach in 1989.

"IT MEANS a lot to us," he said. "The boys wanted this one. They were tired of losing. We've always played a good ball game against them but never picked them off.

Canton is 11-6-1 overall, the No. 7ranked Rocks 11-4-2. Both teams were runners-up in their respective WLAA divisions. Churchill and Stevenson tied 1-1 in the championship

The Chiefs seemed the more energized team Wednesday, especially after Hayes scored the first goal 10 minutes into the game.

"If you get that first goal, it's going to fire up the team," Hayes

said. "They're probably the better team on paper, but momentum and intensity are what usually win this

In the meantime, the Rocks pressed the attack for most of the first half and outshot Canton. But Jim Bradley made two big-time saves and several more in the second half for the Chiefs.

"IT WAS THE usual Canton rising," Salem coach Ken Johnson said, adding the Chiefs looked flat in losses to Ann Arbor Pioneer and Catholic Central but were inspired as always against Salem.

'They actually looked more fired up and more intense — and yet we were down in their end. How do you explain that? If we had put the shots in, would the best team have lost?'

Smith applauded the goalkeeping by Bradley, who plays full time since a knee injury ended the season for fellow keeper Ryan Henkel. "I told him to 'Make them shoot it

## Steelers win grid series with 'Cats

The Plymouth-Canton Steelers marked homecoming Saturday night by defeating the Ann Arbor-West Wildcats in all three football games at Central Middle School

The Steeler JVs remained unbeaten in the Western Suburban Football eague, winning their sixth consecutive game, and the freshman and varsity teams evened their records at 3-3.

Andy Kocoloski rushed for 103 yards, including an 11-yard touchdown run, for the freshmen. Kyle Entsminger plunged 1 yard following a fumble recovery by Paul Shawe to give the Steelers a 12-0 halftime lead.

After Ann Arbor got within 12-7 in the last quarter, Shawn Reynolds clinched the win with a 15-yard TD run. Entsminger added the conver-

Entsminger and Reynolds combined for another 48 yards rushing Shawe led the defense with five tackles, and Bobby Curtis, Brian Per kins, Russ Gardner and Joe Wachowski also were key players on defense. "COACH JIM Iwanike called an excellent game, and the kids have ome together to play good, hard football," assistant coach Bill Apple-

Bric Koburn scored a pair of TDs on 1-yard runs to lead the Steeler IVs in their 24-0 rout of the Wildcats. Nick Kanaan and Chris Movinski accounted for the other TDs with

short runs of 2 and 5 yards, respectively. Kanaan gave the Steelers a 12-0 lead in the second quarter, and Movinski made it 24-0 in the fourth. The second Koburn and Movinski scores

were set up by a pair of Chris Bonga fumble recoveries. Randy Mack returned a pass interception 50 yards for the Steelers. Kanaan. Aaron Pawlowski and Bonga had three solo tackles apiece. Movinski rushed for 35 yards, Kanaan, 34 and Kevin Salla, 28.

The varsity won 26-24 but needed a big defensive play from Kevin Grim, who blocked the potential game-tying, extra-point kick after the Wildcats had recovered a fumble in the Steeler end zone with under a ninute remaining to pull within two points.

SHAUN DYER rushed for 111 yards and two touchdowns on runs of 27 and 40 yards, and Grim gained half of his 150 yards on a TD run. He also ran 67 yards to set up the first Dyer score that gave the Steelers a 6-0

The teams exchanged TDs and were tied 12-12 at halftime. Fumble recoveries by Tyler Pollack and Jeremy Swanagan led to second-half TDs for the Steelers. Dan McKian kicked the extra point after Dyer's econd score (20-12), and Swanagan ran 3 yards to make it 26-12. Ann Arbor rallied with a 9-yard scoring run and the late fumble recov

Jason Stollsteimer also recovered a fumble for the Steelers. Grim and Matt Moran had eight tackles apiece, Dyer and Pollack four solos each. "I think our first unit played great," said Doug Young, league president and Steelers assistant unit director. "Our backfield is probably the best we've seen this year in the WSFL, especially Kevin Grim. Tackling him is like bringing down a freight train."

be patriotic REA BOWLERS ARE asked to participate in the doubles tournament at Satellite Bowl to elp support "Team USA." For a \$35 entry fee, participants will get a new bowling bag courtesy of Bruns wick Inc. and will bowl three games with three different partners from Team USA

or the all-city teams. Bowlers will compete for a \$500 firstplace award and prizes. Participants have a one-in-10 chance of winning a prize. It will be a nine-pin, no-tap format, so all bowlers will get a strike if they get nine or 10 pins down on their first shot Proceeds of the tournament will benefit Team USA, which represents the United States in International competition, the Pan American Games, Federation Inte national des Quillers, the Olympic Festival and we hope, the Olympics beginning

The Detroit area's all-city teams are selected each year by the men's GDBA and women's DWBA and feature such local stars as Bob Chamberlain, Mitch Jabczenski, Jeanne Gebbia and Aleta Sill. In the previous year, Team USA had a local flavor as Tony Stipcak of Redford made the team. Next year's Team USA will feature another local star as Larry Walker of Garden City has earned his

way on the 1992 team. Entries close at 1 p.m. on Oct. 26 or upon receipt of 189 entries. For more in ormation, call 773-6350. All members of Team USA will appear at Country Lanes in Farmington Hills on Oct. 26 at 1 p.m. for a bowling demonstration and auto-

eam USA pins will also be available for \$3.50 each. Proceeds will be used to

## Top teams vie for SC title

This won't be the last time these

four teams will line up opposing each other in a tournament this season. The next time - about a month from now - much more will be at stake. Like a national championship

Which makes this weekend's choolcraft Invitational Tournanent so intriguing. The four teams empeting are all ranked in the top ive in the NJCAA. Chances are better than good

that one of the four will reach the NJCAA final. And odds are even that two of the four will be battling that NJCAA championship

On Saturday, Monroé Communi-College (of Rochester, N.Y.) aces Meramec CC (St. Louis) at 11 a.m.; SC takes on Florissant Valley C (St. Louis) at 1 p.m. On Sunday, 's Flo Valley vs. Monroe at 11 a.m. and Meramec against SC at 1

MERAMEC IS ranked first in he NJCAA with a 10-2-1 record: Ionroe is No. 2 with a 9-0-2 mark. SC (5-4-2) and Flo Valley (5-3-2) are tied for fifth.

Any team - or teams - that merge from this weekend's tournament with two wins must be considered one of the favorites to capture the NJCAA title.

SC has a shot to do just that. The Lady Ocelots are in better physical condition than they've been all season - which previously hasn't been too good. Since there's only 11 Schoolcraft sports

players on the squad, a single injury leaves them short-handed. It also forces coach Nick O'Shea to tailor his strategy to conserve

players. "We're definitely going to go in and try to win the first one, Shea said, referring to his team's tourney opener against Flo Valley. "I think we can win that one. "If we get a lead, I may try to

WHY? BECAUSE after going against Flo Valley, SC must meet No. 1-ranked Meramec the next day. Not an easy task, even if he had a team with reserves to sum-

Three Ocelots who have been ailing should be close to full strength: Shannon Meath, Sarah Hayes and Amy Krajewski. Meath and Hayes, together with Nikki Johnson, are the team's top offensive threats; Krajewski plays sweeper.

Still, all is not right with SC. Defender Jenny Whitfield strained her back last week and has been unable to practice. She remains After this weekend, O'Shea will

have accomplished just what he wanted for his SC team. The Ocelots will have played all the top-ranked teams in the NJCAA. They lost to No. 2 Monroe 3-1 and No. 5 Flo Valley 3-2; third-

ranked Farmingdale (N.Y.) CC beat

fourth-ranked Champlain CC (Burl-

I want to see where we stand what we'll have for the nationals." he explained.

This weekend should provide all he needs to know. HERE'S A brief scouting report

Monroe CC, unbeaten in 1 games this season, counts or Jonelle Corsey to put the ball in the net. A freshman, Corsey has 10 goals and three assists. Keeper Dawn MacDonald, a sophomore has also been outstanding, surren-

dering just three goals.

Sept. 22 in St. Louis, O'Shea said Valley was resting. That won't be Flo Valley's leading scorer; keeper

three games in four days.

finalists at the NJCAA Tournament which are Nov. 21-24 in Trenton, - they'll have to reverse that At the NJCAAs, a team must play

## S'craft team improved

In 1990, Schoolcraft College's men's soccer team enjoyed its finest season in a decade. The Ocelots won the Region 12 championship and - for the first time in 10 years - qualified for the NJCAA Tournament by capturing the Inter-regional Tournament.

Their season ended in disappointment when they were routed twice at the NJCAAs. That supplied them with a goal for this season: Let's go back. While the talent level may be equal to last year's, through the first few weeks of the season it was apparent SC lacked the most important element needed to accomplish that goal - defense.

But that was before, according to coach Van Dimitriou. Recent perfornances tend to verify his belief that the Ocelot defense has jelled. Last Saturday, they traveled to Cleveland and blanked Cuyahoga CC 3-0. It was their second shutout in four games, a stretch in which they've surrendered

Considering the result the last time these two teams met - a 5-3 Ocelot win in overtime, Sept. 14 at SC - this performance was a marked improvement. True, Cuyahoga was without John Varro, who has left the team since scoring twice in the first meeting.

BUT DIMITRIOU insisted Cuyahoga was no patsy. "They had a very formidable team," he said. So what was the difference? "Our defense played

very well," he answered. The game's first goal was credited to Dave Hebestreit after his long throw-in skipped off the wet turf; deflected off a Cuyahoga defender and went into the net at the 15-minute mark. Jeff Vandemergel made it 2-0 15

minutes into the second half, converting a pass from Hebestreit A sharp passing play resulted in the third goal, with Bobby Hayes sending a pass into Vandemergel, who passed to Sean Ryan for the goal. There were mistakes by SC. Hebestreit missed a penalty kick in the first half when it was still 1-0. But the defense - which has changed some since

that first meeting - made the difference. Dimitriou has inserted Jack Abate at stopper, with Mike Presley at weeper, Shane Millner at left defender and Wayne Worosz and Shawn Mac splitting time at right defender. With Scott Hauman, in his second year as a

starter, in goal, Dimitriou figures he has the right formula. His team's 8-2-1 overall record, 5-1 in the region, would indicate he's right.

SC CROSS COUNTRY: The Lady Ocelot cross country team ran in a different kind of race Saturday, and did pretty well, finishing second among four teams at the Lake Erie Invitational, hosted by Kent State.

The race was 3.25 miles and was filled with obstacles including crossing a creek that was more than knee-deep in places. Lansing CC won with six points, SC had 25, Fingerlakes College scored 31 and Kent State had 53. The top three runners on each

SC was led by Nicole Kenny, who finished seventh in 24 06. Leah Bennett was 13th in 26:19, and Cathy Lenaghan placed 14th in 27:05

Successful and strong Despite turmoil in almost every aspect of the financial world, Michigan's credit unions have met the economic challenges of the last decade and continued their quiet success and stability. "It's the old tale of the tortoise and the hare," remarked Kenvan E. Bixby. President and CEO of the Michigan Credit Union League (MCUL), "while many people's attention was elsewhere, Michigan credit unions have been one of

he success stories of our era." Membership in Michigan credit mions reached an historic high of over 3.6 million people, indicating that more than one out of every three people in Michigan is a credit union member. Credit union assets continued their pattern of steady growth, passing the \$11 billion mark ast year compared with \$4 billion at

"The hallmark of this growth is not-for-profit financial cooperatives that it is accompanied by security," that exist to serve their members in said Bixby, "as credit unions grew, stead of to make profits. One important aspect of credit unions is that they are not open to the general public. Membership is open to only those who fall into the credit union's field of membership At one time most credit unions had a very narrowly defined field of membership. For example, if you were an employee of the XYZ Widgit Company you could join the XYZ Widgit Company Credit Union but no one else could. Credit unions were most often established around work but many were based on churches, pro-

and other clearly identified groups. Over the years, many smaller credit unions merged to offer their members more services and thereby proadened their field of member ship. At the request of their members, credit unions also began opening to the families of members and allowing people who retired or left

## Trust: tie that binds clients, ad agencies

By David F. Stein special writer

The ad game has its own seven-year itch.

As a national average, companies tend to stay that long with an advertising agency. But many suburban Detroit agencies, with client lists that include national heavyweights, are trampling the industry norm.

Area winner is the Ross Roy Group of Bloomfield Hills, Chrysler's agency since 1926. It has also represented Blue Cross and Blue Shield of Michigan for 33 years, Kmart for 23 years and Detroit Edison 21 years. The key to long-term success is trust combined with a sense of partnership, said Bruce Wagner, Ross Roy ex-

ecutive vice president. We go though various economic cycles. There will be difficult times - thus the importance of a strong bond

and good, long-term relationships," Wagner said. Another strong bond between client and advertiser was forged by Ernest Baker, chairman of DDB Needham Worldwide and Standard Federal Bank, both in

THIRTY-SEVEN YEARS ago, Standard Federal left an agency that was also representing another bank and went with Baker. It has been in the fold ever since, coming along with the merger of E.W. Baker with DDB Needham in 1990.

A longlasting marriage was begun in 1955 when Hiram Walker signed on with Simons Michelson Zieve in

The key, chairman Morton Zieve said, is working with a client as a marketing partner, helping to make marketing decisions.

Other ad executives offered their formula for success. "The key thing to be with a client is to be indispensable," said Fred Yaffe, chairman and CEO of Yaffe and Co., Southfield. Yaffe's oldest client, Schostak Brothers, has been with him for 20 years.

Southfield's W.B. Doner has been servicing several clients for more than 20 years. These include the spice

BUT TOUGH ECONOMIC times can test the best of

agency-company partnerships.

Zieve said he has had more inquiries from companies looking to possibly switch agencies this past summer than he can remember for quite a while.

When things get hard, companies look for a magic pill to help their companies," Zieve said.

Other execs aren't so sure, saying that turnover kinetics haven't changed despite the continuing lean econo-

Ross Roy's Wagner Said that ad agencies may actually be leading the search and rescue missions.

"I'm not sure they're switching more frequently, but there is increased ferment and competitiveness amongst the agencies," Wagner said. "It's a general recessionary effect; a lot of agencies are knocking on a lot

WHEN COMPANIES do have switching on their minds, it may be the result of a sound business reason, such as falling sales, or simply caprice.

As a general rule, the less substance to a product, the more often companies switch agencies. So, companies whose business is products like toothpaste or soap tend to be friendly to ad agency switches.

Yaffe suggested that in this area ad agencies aren't always the blame. In fact, they may be doing too good a

"There is nothing in the world that will kill a bad

product faster than good advertising," Yaffee said. Local execs agree that companies usually don't decide to switch based soley on cost of services, but as

Yaffe explained, "Price is never important unless you don't have the lowest price." The most frequently given reason for lost business a change in management. New bosses like to wipe the

slate clean and bring a new ad team on board. Agencies may also lose an account when a company takes a new marketing or product direction - a kind of messenger complex on the part of business

But changes bring risks as it takes time to bring a new group up to speed, contends Marilyn Barnett, presi-

dent of Mars Advertising in Southfield. Thus, ad execs believe that the best companies would rather fight, or fix, than switch agencies.

"If you want to really change agencies, what you are really changing is probably people. Smart companies don't drop agencies; they fix the people part," said John Kolon, president of Kolon Bittker and Desmond, Troy.

"The worse companies jump around a lot; the best companies get the best agencies and keep them for a long time," Kolon added.

But change seems to be a constant in the adertising wars, and agencies face increasingly competitive challenges as marketing communications becomes more

## College expenses nearly paid; Is there a better way?

By Dan Boyce and Alan Ferrara

This is the third in a series of Financial Profile articles on financing a college education. The first column dealt with the Austin family's general finances. Last week we offered suggestions on how they could manage their assets to reduce their expected family contribution. This week, we concentrate on filing financial aid forms. .

There is no question that financial aid will be a major part of the financing needed for the Austin children to attend the colleges of their choice

Daughter Jill would like to attend a private college that will cost \$20,000 per year by the time she graduates in two years. Mike Austin's income is \$39,000 per

year, so such a financial outlay for his daughter's education is clearly out of the question without depleting the family assets. Son Ted is planning to attend Michigan State University in three years, which will cost \$8,500 per year.

IN JILL'S senior year, they will need to fill out financial aid forms that are used by college financial aid officers to determine eligibilty for assistance. The forms usually are. available to students in November of their

The two most widely used forms are the Family Financial Statement and the Financial Aid Form. The Austins should find out which form is used by the colleges their children want to attend.

When filling out the forms, the information should be complete and as accurate as possible. The forms ask questions about income and assets. Estimates may be used, but they should be as precise as possible. When using estimates, use specific numbers such as \$355, rather than a range such as \$300-\$500.

THE AMOUNT OF financial aid available is limited, so it is important to send in these forms as soon as possible. Financial aid officers are more likely to be generous when the financial aid coffers are full. But if the forms are returned after Jan. 1, they are usually re-

Be sure the forms are complete - blanks may hold up the application for weeks. Be sure the application is signed and the Social Security numbers are filled in.

Always check the box requesting review for a Pell Grant. Although these are typically only given to very poor people, frequently this

grant must be applied for to be eligible for additional financial aid.

When son Ted applies, he will need to be registered for selective service after age 18. He will not be eligible for financial aid without proof of registration.

IT IS important that all information be true and accurate. Falsifications can result in rejection for current or future financial aid.

Check with the specific institutions to see if they require additional forms. Additional information may be requested, especially for private colleges. The purpose is to find out if the student has additional resources that may not show up on standard forms and to determine if the student may qualify for specific financial aid programs at that institution.

Using the information on the two major forms mentioned, an "expected family contribution" will be determined. This factor is important, because regardless of the cost of attending a university, the expected family contribution will not change.

IN THE EXAMPLE we used previously, if the expected family contribution was \$4,000 and the yearly cost was \$3,500, no financial aid would be forthcoming. But if the annual cost was \$12,000, an \$8,000 package could be requested. In other words, any gap between the expected family contribution and the cost of the institution may be covered through a financial aid package. This package may be a combination of grants, loans, and possibly a work-study program.

Grants are outright gifts of dollars to be used for educational costs. Student loans must

be repaid. But these payments can be spread over a long period of time and are at reduced interest rates when compared to personal loans. Work-study programs require a commitment of time from the student, and this may curtail other extra-curricular activities.

Assets and — to some extent — income, should be structured so as to provide the lowest possible expected family contribution and therefore qualify for the greatest amount of financial aid.

Ruth Henkel, a patient advocate with Caremark Home Care of Plymouth, attended last week's "Organized Woman" seminar looking for tips on how to better handle the high volume of items that cross her desk every day.

Caremark, which offers continuous education for its employees, assists patients with home intravenous feeding.

'We deal with a lot of different items, plus we deal with customers directly. It gets very hectic and very diverse," said Henkel. "I hoped to learn how to work in a more effective manner and deal with difficult situations."

Marilyn Woods, an accounting clerk for Imperial Midwest, a Farmington Hills auto insurance company, also attended the Business Wornen's Training Institute seminar. "I went there to kind of get an idea of how you would go about your daily work, organize things at work, and get more accomplished." she said

Judi Marshall, administrative secretary to the vice president of Amicare Hospice Services in Farmington Hills, went to get tips on "how you organize your desk, your work day, this sort of thing." Marshall also is pondering starting her own business, and wanted advice in that area.

"Otherwise, your mind won't be able to visualize exactly what you want," she said. "Ask yourself whether the goal is attainable, and whether you have the passion necessary to obtain it."

It's important to write your goals in the present tense: "I earn \$60,000. I weigh 110," says Frisse. "Why?

"Live your personal and business - life that way, and you will get what you want out of life, instead of want-ing from life," said Frisse. Frisse told a story about her twin

sister, who despite caring for her infant and running a household was determined to become a published author before she turned 40.

"Every morning at 5 a.m., she got up and wrote at her computer for half an hour. She figured that for 30 minutes every day, her husband could take care of the baby. Well, she did it. She's flying out to L.A. this week to appear on a talk show and promote her popcorn cookbook,' said Frisse.

"At one point, I asked her how she kept herself going, and she told me. 'I visualized myself as a successful author. I pictured myself on every talk show on TV, and even pictured what I'd wear."

'Maybe you're having trouble getting yourself out to the garden to plant those 4,000 bulbs," Frisse said. Picture spring, and how beautiful it will be. And try to do your tough tasks when your energy level is

She closed with a story about a woman who was riding horseback at a terrific speed. "All of a sudden, a loud voice said. Dismount. I want you to fill your pockets with sand and gravel, and ride slower.' The woman did, and continued riding until dawn, when the voice again said 'Dismount. As a young man working for another Detroit-area cemetery, he heard stories that angered and challenged him, he recalled.

One of the stories involved the first Korean War casualty - a black soldier from Detroit. Because of his race, his remains were moved from the veterans' cemetery where he was first buried. Another story involved a Native American man who could not be buried with his white wife - even though the couple had owned their plot for more than 25 years.

These stories and others led Wensley, a Free Methodist, to act on his conviction that a cemetery should be for all people, without regard to racial, ethnic and religious differences. Rather than doing a sectarian depth-chart between Protestant and Catholic traditions, Tropman - who is Catholic - is interested in seeing how both have had an impact on public policy regarding social welfare programs in this country.

I refer to those who call us to find out what TV programs we are watching, what our views are on matters of topical interest, or what our feelings are about some controversial subject. The motto of all of the above could be characterized as the business card of the Private Detective which reads: "Other people's business promptly attended to."

There isn't much we can do about all of this except to throw questionnaires into the wastebasket. We can also reply to strangers who call us on the telephone "none of your concern" or, in the case of sales pitches, "I never respond to any solicitations made over the telephone.

I DON'T suppose enough of us will do any of these things sufficiently often to have any effect, just as too few of us will write "Refused" on junk mail.

Although these invasions of privacy are annoying, they do represent a serious trend. In society, neither freedom nor privacy can be absolute or all-inclusive. There are only freedoms" and "privacies."

But the quality of civilization depends, to a considerable degree, upon which freedoms and which privacies its members enjoy, and in a democracy, these are likely to depend, in part at least, upon which

menu at Schoolcraft College in Livonia. The eollege opens its 1991-92 dinner theater season 6:30 p.m. Friday, Oct. 25, with Lucille Fletcher's

mystery "Night Watch."
On Dec. 12, 13, and 14, the music and culinary arts departments will recreate a 16th century English feast for the 15th annual Christmas Madrigal Dinners.

"NIGHT WATCH" is a suspense thriller about Elaine Wheeler, a woman troubled by unsettling memories and vague fears. Upon seeing (or believing she sees) the dead body of a man in the window of an abandoned tenement across from her townhouse, she calls the police, but they find nothing but an empty chair.

Another incident occurs involving another dead body; this time a wompleas to her husband and the police that her visions are real, they claim she's suffering a nervous breakdown.

A woman psychiatrist is called and suggests that Elaine be committee to a Swiss sanitarium for treatment. But the plot moves quickly, and other people become involved. The climax is chilling, and unexpect-

## Classical actor to visit Madonna

A classical actor of international celebrity, Douglas Campbell will be featured as "Artist-in-Residence" at Madonna University in Livonia, Monday, Nov. 4, through Friday, Nov. 8.

Campbell will visit selected classes at Madonna, and conduct an actor's workshop. His stay will culminate in the public performance of his critically acclaimed one-man show, 8 p.m. Thursday, Nov. 7, in Madonna University's Kresge Hall.

"Campbell's distinguished 40year career includes both acting and directing," said Ernest Nolan, dean of humanities at Madonna University.

A member of the inaugural 1953 Acting Company at the Stratford Festival in Canada, Campbell has been involved in more than 40 prode force characterization of Shakespeare's Falstaff.

He directed the highly successful 1986 production of "The Boys from Syracuse" for the Stratford stage, and serves as artistic director of the Guthrie Theatre in Minneapolis. He has received many awards including the Max Helpmann Award, and has been involved in television, radio and film.

Admission to the Nov. 7 per-formance is \$15 adults, \$5 students and senior citizens.

Techniques for developing stage characters through effective use of classical language will be the focus of the actor's workshop on Nov. 7

Livonia Mayor Robert Bennett, himself a history buff, gave welcoming remarks to a regional meeting of historical groups in Newburg Church at Greenmead Historical Village Oct. 9.

Noting the farmstead at Greenmead dates back to the 1820s, he said: "The city of Livonia is only 41 years of age But there's much more to its

"With time," he said, "we hope to make Greenmead a rather significant benchmark for the history of the state of Michigan."

The result of hard work by a variety of local civic groups, he added, Greenmead strives "to make history come alive.'

The city bought the 95-acre Greenmead spread, containing the Simmons/Hill farmstead, in 1976. Fourteen historic buildings have since been moved there from other parts of the city.

Stabilization of nine remaining farm buildings continues. The farm's centerpeice is the main farmhouse, built in 1841. It's now

## Photographer documents irony, struggle

By Linda Ann Chomin special writer

N HIS work, Livonia photographer Carlos Diaz documents the life and everyday struggles of the common man, unemployed autoworker, laborer, "the low man on the totem pole.

His sharply focused images speak of irony, inner-city decay and the resultant leveling of Detroit's residences as well as businesses.

Diaz, assistant professor of photography at Center For Creative Studies in Detroit, was honored with the Wayne County Artistic Excellence and Community Commitment Award by the Wayne County Council For The Arts at a reception Oct. 9 in the historic Wayne County building in Detroit.

"These are the first time the awards were given. For them to single me out is a tremendous hon-

or. I was proud and humbled by the award," Diaz said. Diaz believes it was because of his art installation, "The nemployed Autoworker." that he won

Diaz began to asssemble the installation two years ago upon hearing his brother, Ralph, had been laid off after working 20 years for the automobile industry. The installation has since been exhibited in galleries from Pontiac to

THE POIGNANT installation does not lean in favor of the worker or against him. It simply states the facts. As in all his work, Diaz's intention was to let viewers draw their own conclusions after seeing a variety of ideas illustrated.

"I do it because I got to do it, but I let the viewer come to their own conclusions," Diaz said.

Diaz uses an 8-by-10-inch view camera built by Kodak during World War II for military photographers. Its large negative size gives Diaz finely detailed images and a crisp, clean focus, heightening the sharp sense of realism.

## Maestro aims to involve audience

special writer

Karen Nixon of Farmington Hills has come a long way from her years at Livonia Franklin High where she played French horn in the school's marching band, symphonic band and orchestra

Today, the 40-year-old musicianturned-conductor, who heads her own 60-piece orchestra called Group du jour, is on a mission to "involve the audience in her concerts. She'd like to bring audiences as close as possible to the musicians, stopping just short of having the audience play the instruments themselves

"I'd like to get people away from the idea that classical music and musicians are inaccessible. I want to eliminate that feeling of separation that concert-goers experience," said Nixon, this year's recipient of the Distinguished Service to the Arts Award from the Farmington Arts

HOW DOES the conductor plan to present classical music in layman's terms? For an hour before show time, Group du jour musicians demonstrate their instruments and answer questions from the audience

Besides informal demonstrations the orchestra is seated on stage at the audience's level for better viewing. And in place of a program that concert-goers generally flip back and forth when the music begins, an orchestra member describes the music and its composer between each

There's even a video camera focused on the orchestra so the audience can view the conductor and orchestra and examine instruments close-up on an overhead screen.

TO EXPERIENCE Group du jour firsthand, attend "Elan!" a concert of classical music by Tchaikovsky, Mozart and Stravinsky Friday, Oct. 25, at Mercy Concert Center, Gate 4, on 11 Mile east of Middlebelt, Farmington Hills.

Coffee hour and chamber music begins at 7 p.m., followed by the symphony performance at 8 p.m. Admission is \$10, or \$8 for students and senior citizens. Tickets are available at Beitner's Jewelry, 904 W. Ann Arbor Trail, Plymouth, and Fox Formal Wear, 33326 W. 12 Mile, Farmington Hills.

To reserve tickets, call 478-2075

NIXON CALLS her upcoming concert elan (French for enthusiasm) because it best describes her desire to give audiences a lesson in classical music with each concert. By educating audiences and letting them see the musicians and conductor at work, Nixon hopes that first-time concert-goers will return.

The conductor, like others in her field, feels the result of cuts in state spending for the arts. But by recruiting a new audience for classical music and renewing the interest of former concert-goers, Nixon hopes orchestras like hers one day will become self-supporting.

"I want to bring back the classical music audience. I want families to enjoy the concert experience together. And I hope that other orchestras will pick up on what we're doing and

NOTABLE NOTES:

 Livonia Historical Society's sixth annual progressive dinner, coupled with related fund-raisers, netted \$3,000 for the Alexander Blue House restoration project at Greenmead Historical Village.

"We're up from last year's \$2,000," said Sue Daniel, who chairs the restoration committee for Livonia's largest preservation effort.

This year's progressive dinner earnings include profits from a flo-ral auction, an advertising book and contributions. Local history buffs envision the white clapboard house becoming a

self-supporting setting for confernces, meetings and parties. The first five progressive dinners served up \$15,000 toward the \$250,000 needed to restore the Blue House. Overall fund-raising has raised \$59,000.

Livonia architect David Koskela has done both paid and volunteer work on behalf of the Blue House Greenmead's only example of Italianate design. He's now preparing plans for phased interior restoration of the 141-year-old house, once home to a Livonia Township civic leader.

The Livonia Historical Society hopes to see the two-story, 11-room house used not only as a conference and meeting center but also a recep-tion hall for Newburg Church at Greenmead. Period furnishings will reflect 1880s Livonia Township.

## Oils capture life's everyday travels

Artist Kirk McLendon uses oil pasthe Univesity of Georgia with a Mastel to capture people traveling through life's everyday experiences.

Whether subjects are viewed in a state of comtemplation, enjoying the pleasures of family life or simply resting, McLendon's drawings show insight, warmth and outstanding draftsmanship The Dearborn artist's work is on

display through Oct. 28 in the Exhib-Gallery at Madonna University, Levan and Schoolcraft, Livonia "They are fingertip drawings of family and friends, some with back grounds that give a three-dimension-

al effect," said Ralph Glenn, chair-

man of the university's art depart-

Glenn decided to showcase the 12piece exhibition because of the way McLendon portrays the family.

"I think that his treatment of the family subject matter in heightened realism is wonderful, the technique, composition, to see the different levels as he follows the development of his children," Glenn said.

McLENDON'S DRAWINGS show children sullen and uncomfortable dressed in their Easter best. A wading pool, its interior decorated with blue dolphins, cools a little boy who sits contently. An autumn scene features a tousled hair boy, deep in thought, surrounded by a mound of golden-orange pumpkins.

"I like the photographic look, the everyday slice of life, the subject matter. They're everyday life experiences," McLendon said.

Everywhere he goes with his family, he takes photographs. At a farm market on a fall day, in restaurants, on the front porch of the family home, his drawings revel in photo-Light pervades McLendon's draw-

"Is This What Other Women Feel Too?" is a short, second novel by former Detroiter June Akers Seese. It's one obviously not directed at male readers. (The first, "What Waiting Really Means," was published last

In a way, this is a "fun read," I suppose, especially if you're feeling nostalgic for Detroit in the '50s and '60s. Seese has a brisk, lean style and a fine ability for recreating a time

As you read, you'll feel you can almost taste that long-ago Soupy Sales-Jerry Cavanagh-early Motown era, when we all ate at S&C Diners and flocked to hear June Christie

Clearly, though, Seese intends her story to be something more than just light reading. But this book would be much easier to take seriously if its plot were less soapy and contrived, and its heroine less tiresome. She's

# The Easy Way to Sell Your Property and Save...

We help you sell your home, townhouse or condominium with major savings to you. As licensed real estate professionals, we provide valuable services which enhance your ability to sell your property. We charge a low pre-determined fee rather than a percentage of the sale price of your home. (Our fee is payable only when your property is sold and closed). THERE IS NO ADVANCE FEE.

### WHAT YOU DO:

1. You show your property...(or we'll show it for a small additional fee – payable only if sold to the parties so shown).

## **WHAT WE DO FOR \$2950\***

- We discuss the "BAD" as well as the "GOOD" in all offers and try to save you
  money wherever possible.
- We place your property into our exclusive marketing system to get you buyers.
- 3. We send an ad on your property to potential buyers now looking for property.
- We can place your property on the Multiple Listing Service.
- 5. We help you avoid problems and assist you should any problems come up
- 6. We do all the paperwork.
- 7. We follow through on your sale until it closes and you get your check.
- We help your buyers obtain financing (many times there are seven or eight methods).
- 9. We protect you with our satisfaction guarantee.
- 10. We charge no fee unless your property sells then we are paid at closing.
- 11. We estimate your net proceeds at the time you place your property for sale and when you receive an offer to buy.
- 12. We guarantee in writing, to advertise your property every week in the newspaper.

## SAVE THOUSANDS

## NO UP-FRONT FEES

(Fees Paid Only At Closing of Your Sale)

## SAVE MONEY

If your price is...... \$120,000 FOR EXAMPLE

A 6%

YOU COULD SAVE

NOTE: Commissions Are Not Set By Law.

### **FACTS:**

- We are licensed real estate brokers
- · We are full service brokers
- We show property (our listings and multiple)
- We are members of the local Multiple Listing Service
- We can place your property into the Multiple Listing Service

## GUARANTEE

At closing, this office will refund up to our full fee if we have not performed the services agreed to your reasonable satisfaction and you have complied with the terms of our Counseling and Assistance Agreement. (See Agreement for full details.)

SOLD - SAVED \$4,700

We needed a company that was working in our best interest. Help-U-Sell marketed our home aggressively and professionally handled the entire transaction.

### REAL ESTATE NEWS

## Few dark clouds settle on real estate horizon

Favorable mortgage rates have failed to drain the supply of existing housing available to buyers.

Fixed rates of 81/2 for 15 years and 8% for 30 years can work for buyers only if there's a good selection of houses for sale in the marketplace. And that's exactly what area real-

ty boards report.
The Western Wayne Oakland Association of Realtors had 10,176 active listings of houses and condominiums on its multi-list as of the end of September. That compares with 9.089 at end of September, 1990, and 9,914 three months ago.

The South Oakland Board of Realtors reported 1,613 houses and condos on its multi-list as September ended, a hair more than the 1,608 available at the same time in 1990.

Birmingham-Bloomfield Board of Realtors had 1,374 active listings of houses and condos as Sept 30 compared to 1,472 at the end of September, 1990.

JUST AS important, the prices of houses apparently haven't soared out of sight as mortgage rates have tumbled significantly and the supply has remained plentiful.

The median (half below, half above) price of houses and condos that sold through the first nine months of this year in the South Oakland area was \$78,000 compared to \$75,000 last year.

The median sales price for units sold in Western Wayne Oakland during September was \$85,000, compared with \$80,000 during September. 1990.

In Birmingham-Bloomfield, the median sales price through the first

Perhaps these people who have been thinking about selling homes are saying, 'Maybe this is the time for me to buy, too.' The only damper I see is a lot of people are skittish about the employment thing.

months of this year was \$162,000 compared with \$166,500 for the similar period last year.

"It's our observation that the listings available currently are significantly greater than was available three to four years ago," said Warren Gould, executive director of the

Birmingham-Bloomfield board. "The size of our (multi-listing) book is much larger.

The areas with the most listings so far this year are Bloomfield Township, West Bloomfield and Birmingham. Gould said.

LISTINGS WERE up in Septem-

ber compared to September of 1990 in every Observer community served by the Western Wayne Oakland board

Specific numbers, including houses and condos, with 1990 figures listed in parenthesis, follows

- Canton 309 (257).
- Farmington/Farmington Hills — 739 (704).
- Garden City 154 (133).
   Livonia 481 (429).
- Plymouth, city and township 305 (270)
- Redford 299 (164). Westland — 429 (381).

Listings are down this year compared to last in Southfield, Troy, Beverly Hills and Lathrup Village,

the South Oakland board reported. "For a prospective buyer, today's price and terms show an excellent

ecutive vice president of the South Oakland board. "Supply is good. Choice is good. I would say all prices are available which is unusual.

"I think you have a very stabilized marketplace," said Allen C. King, president of the Western Wayne Oakland board and an agent with Prudential Great Lakes Realty in Farmington Hills.

'There's a good balance between supply and demand. You're still getting an inflationary increase (in value), still building equity. Again, the supply of money is keeping interest rates low.

"Perhaps these people who have been thinking about selling homes are saying, 'Maybe this is the time for me to buy, too.' The only damper see is a lot of people are skittish about the employment thing," King

### etermine useful life of common elements to set reserve

I am a board member and want to establish some sort of reserve so that we don't need to levy additional assessments as has been the case in the past. How do I go about doing

It is important for every well run association to establish an adequate replacement reserve for repairs to the common elements so that it will not be necessary to levy additional assessments in the future to meet pressing needs. To do this, a study should be undertaken by the association to ascertain the scope and magnitude of the problems that are likely to occur at the condominium. To do that, you must determine what the useful life of the common elements is going to be and amortize sufficient funds on a yearly basis to meet those needs, considering interest and a certain percentage for depletion of the reserves. That study should be undertaken with the assistance of an architect or engineering firm and the association's accountant. The condominium act requires that each association have a reserve

condo queries

Robert M. Meisner

for major repair or replacement of at least 10 percent of the budget, non-cumulative, but that is generally inadequate to meet the realistic needs of the association.

There is a condominium adjacent to a resort area. I am concerned about the leasing agent who is also tied in with the developer. How do I know that I am going to get a fair shake. Apparently there is no competition from this leasing agent.

As with many resort condominiums in areas where there are not a number of real estate entities that are on a competitive bases, you are are at the mercy of the developer. The developer is attempting to sell or lease his units. If his leasing agent is involved in leasing your unit, you may be second fiddle, so to speak. I would talk to other members of the association who have purchased units or are leasing them to deter-mine whether this leasing agent is charging a fair price and is willing to do a reasonable job. Obvioulsy, to the extent that his compensation is based upon leasing the unit, he will have an incentive to help. But the fact that the developer is selling or leasing his own units may be a factor. Make sure that there are no other leasing agents in the area who

do not have a vested interest and might be available to assist you.

## MAKE TH MOVE NO

## THERE'S NO BETTER TIME TO BUY

If you've been thinking about moving from your current residence to the house of your dreams or from an apartment to a starter home, this is the time to do it.

- The selection is excellent.
- · Low interest rates are available.
- · There are many financing options available.

Go ahead, make the move. Now is the right time to buy a home.

## **NOW** is the right time to **B**uy a Home!

Purchasing a home has always been a wise decision. but current market-conditions are making it even more attractive to buy now.

## **EXCELLENT FINANCING IS AVAILABLE NOW**

Interest rates are lower, and mortgage lenders are offering a wide variety of financing options. Low interest rates mean you can get more for your money.

- · 30-year fixed mortgages are still available as well as many other financing alternatives.
- First time buyers are encouraged to purchase now through financing packages offering small down payments.

## YOUR HOME IS YOUR BEST INVESTMENT

Purchasing a home is the best way to build a solid financial foundation. A home not only provides you with warmth and comfort, it also serves as a secure investment.

- Today, homes in the area continue to be a wise investment.
- Equity in your home can be used as collateral, thus providing you with additional financial security.
- Home ownership provides you with a sizable tax advantage because interest paid on mortgages is fully deductible. Property taxes can also be deducted.

This landscape plan for the Country Club Village Community House in Northville Township, designed by Gibbs Planning Group in Bloomfield Hills and developed by Haggerty Hills Limited Partnership, includes several formal landscaping elements. Large

trees, benches and ornamental lighting surround and capture the space in the courtyard. Shrubbery, fencing, lighting and flowers surround the pool deck, separating it from the courtvard lawn area.

Flower beds mark paths to the tennis courts and a formal garden to the side of the clubhouse. Trees line the parking areas, and elaborate flower beds (not depicted) frame the front entrance.

## Landscape architecture: just a formality

By Gerald Frawley staff writer

Formal gardens and landscaping, once the pride of kings and queens have fallen by the wayside in recent

For the last decade, natural and informal landscaping have been the norm. The goal of the landscape architect was to make the trees. shrubs, flowers and lawns look so natural that people would believe a building sprang up in a clearing overnight, and there was no need to hire someone to keep it that way.

on the verge of making a comeback. Bob Gibbs, president of Gibbs Planning Associates in Bloomfield Hills, said although he hasn't seen a

rush toward formal landscaping requests, when he presents ideas to his clients there has been a keen interest in the concept.

"The new formal landscaping is really a hybrid of the natural landscape and formal gardens," Gibbs explained. From the natural landscapes, site plans borrow the use of indigenous materials; from the formal gardens, site plans borrow design styles.

In formal landscaping, plant materials are not positioned to simulate random growths; they are designed to achieve a variety of effects, he said. In addition to being pleasing to look at, a well-designed formal landscape can direct the vision, capture space and create the illusion of

Gibbs said, was being driven by several factors, primarily the ease of maintenance and the belief that naturalism is better.

In the past, maintenance of formal landscaping required a great deal of time and labor, Gibbs said. Old formal landscaping sometimes meant weekly lawn mowing, flower cultivating, shrub trimming and leaf raking.

Much formal landscaping also included exotic plantings that required special treatment to survive in the Michigan climate, he said.

Today, botanists have developed slow-growing, hardy varieties of trees, shrubs, turf and other plant materials, Gibbs said. These, he said, need little maintenance - at most

one or two trimmings a year

"A lot of shrubs are being bred as dwarves ... new techniques of planting ... new varieties of plants and choosing the right kinds of maples, evergreens and shrubs have made a big difference."

As for the other driving force be-hind the growth in natural landscaping - natural is better than manmade - Gibbs said people have become bored with it and are looking for something different.

Gibbs said he doesn't know exactly what the appeal is in formal gardens, but people recognize and appreciate organization.

The drive to formal landscape is also partially driven by architecture, Gibbs continued. "Architecture is getting much more interesting nowadays people are buying homes with far more detail."

Since the house's architecture is so well designed — and looks it — it is only natural that the landscape should be as equally well-designed. Architects and landscape architects are frequently working together in designing homes and surrounding

MIKE LEHMANN, president of the Lehmann Design Group Inc. in

Huntington Woods, said he's doing more formal landscaping than he once did. "I'm seeing more people looking for more variety in work."

People in southeastern Michigan, he explained, seem to be fairly conservative and traditional so formal

landscaping appeals to them.
"They tell me they don't want to look like the guy next door — they don't know exactly what they want, but they know the guy next door is

That's where the landscape architect comes in, he said. "Part of my

informal or natural landscaping can't do that, he said. "People can spend thousands and thousands of dollars and get nothing for it."

PEOPLE ARE more knowledgeable about what they want and what they can get. Lehmann said the misconception about high maintenance formal landscaping is no longer accepted without

If it's planned well designed well and sited well, there are aspects of low maintenance in formal gardens," he said. Planned well means choosing the right materials, designed well means assembling them correctly and sited well - which is perhaps the least understood - means looking the site as a micro-environment

"It means taking a very good look at exposure how much light and wind will it get, on-site water, potential water sources off-site - that all relates directly to what I can do."

Planning what materials should be used in formal landscaping is also critical - not only from the plants' chances for survival, but because of the ar sarance "There are a couple of dozen plants that have been heavily used - ashes. unipers, red maples - these are very over-used. Landscaping in this area is not anywhere as

There's nothing more expensive than a formal English garden," he said. Whether a client wants ormal landscaping depends on individual tastes. "Much of what we do in the Grosse Pointes is more formal than what we do in Bloomfield Township.

Residential landscaping - at least on an indidual home scale - is more likely to be formal than informal. Offices, light industrial parks, and commercial projects are more likely to opt for natural, informal landscaping.

Formal landscaping may be on the rise, but Scott said it's doubtful it will become as popular as informal landscaping if for no other reason

"It-(formal landscaping) looks nice if a tree doesn't die or something, but if something happens, it could ruin the whole effect," Scott said. Scott said it's the duty of the landscape architect to point out the potential pitfalls and pluses of either style. Maintenance is no longer the problem it once was, but formal landscape still re-

statements on the subject by President George Bush. Bonadeo noted that many developers with long-standing credit ratings are being denied access to cash they need to fund projects.

Strict federal relations are part of the problem, Bona deo said. "They've got these bankers so scared that developers can't get money."
