A 41-year-old Westland woman and a 34-year old Lincoln Park man died Saturday night when the man drove the wrong way on Michigan Avenue and struck the car in which the woman was a passenger head-on, according to Canton police. Alcohol may have been involved in the accident.

Dead are Benny Mooney, 34, of Lincoln Park and Lynne McGraw, 41, of Westland.

An on-duty Canton police officer saw the white 1991 Ford Escort driven by Mooney pull out from the parking lot of Club Canton, 39651 Michigan Avenue, and head westbound in the eastbound lanes of the boulevard, according to Canton police.

The officer, who tried to alert Mooney that he was driving the wrong way, saw Mooney pass him. The officer then saw a 1992 Pontiac Grand Am, driven by Gerald McGraw of Westland, driving toward the Escort in the same lane. Lynne McGraw was a passenger in the Grand Am.

Mooney and McGraw were taken by the Canton Fire Department to Annapolis Hospital, Wayne, where both were pronounced dead. Police said neither Mooney or McGraw was wearing a seatbelt.

When police arrived at the scene, they could smell intoxicants in the McGraw car. Police obtained a search warrant to test Gerald McGraw's blood alcohol level. If the results show more than the legal .10-blood alcohol limit, it is expected he will face charges.

Mooney also had apparently been drinking prior to the accident. He also was tested, said Lew Stevens, Canton police community relations officer.

Mooney was driving on a suspended license from an unpaid ticket. He also had a previous impaired driving charge out of Riverview, according

2 die in crash Golf course costs eat up green

A decision is in the wings on how to finish paying for completion of the Pheasant Run Golf Course project, including clubhouse, practice range and maintenance facility.

By Joanne Maliszewski

Canton officials will have to either sell more bonds or borrow money from another township fund to pay outstanding costs on the Pheasant Run Golf Course, scheduled to open "We knew we were over when we started the project," said Supervisor Tom Yack, referring to the construction bid that exceeded construction estimates.

The bid exceeded estimates by about \$1 million. That amount has been reduced to about \$436,000, which covers a number of start-up costs for the facility, said John Spencer, chief financial officer.

There are things that come up in the course of construction. Right now we're not taking money in," Spencer said, referring to the course generat-

The township sold \$5.7 million bonds for the golf course project, including clubhouse, practice range and maintenance facility. The bulk of the cost, \$3.7 million, was for actual construction of the 18-hole course. The clubhouse was another \$800,000,

Township officials are close to a de-cision on whether to sell more bonds or to borrow from another fund, which would be repaid with revenues from the golf course with interest, Yack

The expectation is that Pheasant Run will generate revenue. If more bonds are sold, that money would be used to repay them. "The Summit (on the Park community center) won't pay for itself. We always

In spring, developers' thoughts turn to rezoning.

There's a flurry of rezonings coming," said Jeff Goulet, Canton community planner. "The planning commission is concerned that as some of these things are done, development plans will be coming in and we are going to be bogged down. We are trying to keep it at a pace so planning commissioners can digest all the information.

For starters, Phoenix and Selective development companies are requesting rezoning of 680 acres on farmland west of Beck Road to build a maxi-

Architects, to study future of fire station

By JOANNE MALISZEWSKI STAFF WRITER

The architectural firm that designed the Canton Public Safety building will recommend what to do with the nearby cramped 40-year-old fire station

"We have done literally as much as we can to that building," said Canton Public Safety Director John Santomauro

The station, built in the early 1950s, has outlived its usefulness, said fire Chief Mike Rora-bacher. "It's full. There really are no classroom facilities and office space is inadequate."

Township officials retained the firm of Coquillard, Dundon, Peterson and Argenta to provide an analysis and recommendation of whether the station on the northeast corner of Cherry Hill and Canton Center should be: renovated and expanded; demolished and a new station built on the cursafety building.

Santomauro also wants the architects to provide a written program of the goals and needs of the fire department in relation to the existing fire station

What to do with fire station No. 1 has become a more crucial decision with the planned widening of Canton Center, Ford to Cherry Hill roads, expected to begin later this year. Bids will be taken in May or perhaps a bit later for the widening of the thoroughfare to five lanes.

(c) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or an individual operating under the delegation of a licensed physician under section 16215 of the Public health code, Act. No. 368 of the Public Acts of 1978, being section 333.16215 of the Michigan Compiled Laws, and qualified to withdraw blood acting in a medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the amount of alcohol or presence of a controlled substance or both in the person's blood, as provided in this subsection. Liability for a crime or civil damages predicted on the act of withdrawing or analyzing blood and related procedures does not attach to a licensed physician or individual operating under the delegation of a licensed physician who withdraws or analyses blood or assists in the withdrawal or analysis in accordance with this acunless the withdrawal or analysis is performed in a negligent manner

(d) A chemical test described in this subsection shall be administered at the request of a peace officer having reasonable grounds to believe the person has committed a crime described in MCLA 257.625c(1). A person who takes a chemical test administered at the request of a peace officer, as provided in this section, shall be given a reasonable opportunity to have a person of his or her own choosing administer 1 of the chemical tests described in this subsection within a reasonable time after his or her detention, and the results of the tes are admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant. If the person charged is adminisred a chemical test by a person of his or her own choosing, the person charged is responsible for obtaining a chemical analysis of the test sample

(e) If, after an accident, the driver of a vehicle involved in the accident is transported to a medical facility and a sample of the driver's blood is with-drawn at that time for the purpose of medical treatment, the results of a chemical analysis of that sample are admissible in any civil or criminal proceeding to show the amount of alcohol or presence of a controlled substance or both in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subdivision. A medical facility or person disclosing information in compliance with this subsection is not civilly or criminally liable for making th

(f) If, after an accident, the driver of a vehicle involved in the accident is eceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining the amount of sicohol or the presence of a controlled substance, or both, in the decedent's blood. The medical examiner shall give the results of the chemical analysis of the sample to the law enforcement agency investigating the accident, and that agency shall forward the results to the department of state police.

(g) The department of state police shall promulgate uniform rules under the administrative procedures act of 1969, Act. No. 386 of the Public Acts of 1969, being sections 24.201 to 24.328 of the Michigan Compiled Laws, for the adminisration of chemical tests for the purposes of this section.

(7) The provisions of subsection (6) relating to chemical testing do not limit ion of any competent evidence bearing upon the question of whether or not a person was impaired by, or under the influence of, intoxicating liquor and a controlled substance, or whether the person had a blood alcohol content of 0.10% or more, of if the person is less than 21 years of age whether the person had any bodily alcohol content within his or her body. As used in this section, "any bodily alcohol content" means either or the following

(a) A blood alcohol content of not less than 0.02% or more than 0.07% by

(b) Any presence of alcohol within a person's body resulting from the conmption of intoxicating liquor.

(8) If a chemical test described in subsection (6) is adminstered, the results of the test shall be made available to the person charged or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the results at least 2 days before the day of trial. The results of the test shall be offered as evidence by the prosecution in that trial. Pailure to fully comply with the request bars the adm results into evidence by the prosecution.

(9) Except in a prosecution relating solely to a violation of MCLA 257.625(1)(b) or (6), the amount of alcohol in the driver's blood at the time alleged as shown by sical analysis of the person's blood, urine, or breath give rises to the follow

This spring it's dresses, dresses!

resses made a comeback last spring. But the style pickings were slim — bare little slipdresses and schoolgirl jumpers dominated the runways. This year, designers offer a wardrobe of dress silhouettes, from '40s-inspired shirtdresses with skinny belts to '70s wrap dresses, ala Diane VonFurstenburg. The best dresses of the season have two things in common. They flatter most shapes and they impart an elegan

sophistication. Annette Mueller and Judy Gardner had little rouble finding complimentary dress ensembles to wear to Cranbrook Schools' Le Gala de Cuisine As chairpersons of the May 7 event, they

bright pastels, befitting heir cheery, pink, yellow and kelly green invitation design. Fortunately, Annette is a fashion consult ant for Distinctively Don caster, a collection of clothing that now has a permanent studio location at 309 Main, suite 200 in downtown Rochester. Annette chose her rasp

berry silk and linen separates from the custom line. She picked the color and fabric from a wide range of swatches and finished the outfit with a Chanel-look multi-color

plaid tweed jacket with ribbon and braid trim.

Judy's dress with matching jacket reflects one of this season's best dress styles. The spring green silk sleeveless sheath buttons down the back and features a mandarin collar. The three-quarter length jacket completes the look. Doncaster's spring dresses and suits entice in Newport colors - julep, blue frost, peridot and blush. Prices start at \$200. Something for everyone

I asked Sally Victor, marketing director for the Somerset Collection in Troy, for her top 10 trends in spring dresses. I included some examples of dresses found while window-shopping at Shift dress with matching jacket as detailed

above. Talbot's window features a coral shift with short sleeve jacket and shiny gold buttons (\$185). Halter dress for play and evening. Laundry's ivory floral-print rayon halter dress is perfect for a garden wedding (\$175 st Nelman Marcus).

Fitted bodice dress with bell skirt, both long

and short hemlines. Laura Ashley has a numbe of these empire waist dresses in romantic florals. For a sporty look, consider Body Action Design's black knit dress with white nautical braid trim (\$88 at Neiman's).

The wrap dress. My favorite for evening is a black silk organza and lycra wrap by Laundry at Neiman Marcus (\$185).

The hourglass dress. Check out all the dresses at bebe, probably the best selection around. 40s-style dresses that tie in the back. Floaty nine prints at Ann Taylor fill the bill (\$148). Cardigans over dresses. Adrienne Vittadini's monderful navy cotton knit sleeveless dress and Matching white-trimmed cardigan (\$240) works

for both office and charity luncheon.

Wide straps. Spaghetti straps are out, broad straps are in.

Color, color, color. Look for faded and bright

Longtime S'craft hands set sights on retirement

BY RALPH R. ECHTENAW STAFF WRITER

Five longtime Schoolcraft College employees, including three professors, have announced their retirement.

They are: mathematics pro fessors Dale Boye and Wilson Munn, associate dean of liberal arts Lawrence Ordowski, nursing professor Patsy Hammond and book store manager Doro-

Boye came to Schoolcraft as a part-time instructor in 1964 while he worked as an engineer during the day for the Burroughs Corp., now Unisys. In 1970 a full-time teaching job at Schoolcraft opened, and Boye applied. "I've enjoyed it ever since and I've never regretted it," he said.

Bove has been involved with Schoolcraft's developmental education task force, faculty search committees and faculty

He was chairman of the math department, active on the athletic committee and served as golf coach.

Working with math teachers Larry Williams and Ed Kavanaugh, Boye co-wrote textbooks for elementary algebra and intermediate algebra that are still in use at Schoolcraft.

Boye's wife Jackie, a kindergarten teacher in Plymouth-Canton schools, is also retiring this year. The Boyes plan to travel and spend more time with their grandchildren.

Ordowski

Ordowski taught high school in Plymouth from 1958 to 1964, then joined Schoolcraft as a part-time English teacher when the college opened in 1964.

In 1970, the Northville Township resident moved into the college's management ranks as

a director. He was an assistant dean of liberal arts from 1977 to 1985 and was named the first associate dean at Schoolcraft in

Ordowski served on the Schoolcraft Foundation's golf outing committee for 12 years and "made major contributions as historian for the college," according to a resolution of congratulations approved by the board Jan. 25.

CHEF LARRY JANES

Making ravioli is fun and not too difficult

rowing up in Wyandotte, the only time we ate ravioli was at an Italian neighbor's wedding or out of a can. It wasn't worth the aggravation.

Nowadays, with pasta machines as common as electric can openers, making homemade ravioli need not be a major undertaking. You can make homemade pasta in less than 15 minutes. It takes even less time to make if you have a pasta machine.

Many moons ago I attended a Guliano Bugialli pasta class at Kitchen Glamer in West Bloomfield and observed the master Italian cooking teacher preparing pasta with a passion. It was evident right from the beginning that Bugialli had been taught how to prepare pasta by his grandmama, and I know all about learning cooking from "mimmi" and momma.

If you ever get a chance, Bugialli on pasta is worth any price as he is the master. Bugialli claims the best pasta dough comes from unbleached all purpose flour. This goes against the suggestion of other well known Italians who claim the only flour worth its weight is semolina. Instead of using a bowl, Bugialli mounds the flour on a clean board or counter. A well is made in the center of the flour mixture and filled with eggs, salt and other flavorings such as spinach or saffron. Although you may be tempted to omit the salt, don't. Bugialli insists that saltless pasta crumbles when dried and tastes bland.

"Even if you add a salty sauce, all you have is bland pasta and a salty sauce. The pasta never tastes right," he says. Using a fork, you gradually incorporate the floured sides of the well into the liquid. When you can't stir any longer, it is time to knead the flour. Working with his hands, Bugialli incorporates flour from the board until the finished product resembles a soft, elastic dough. From start to finish, the entire process takes no longer than 10 minutes. Bugialli goes immediately from hand kneading to kneading the dough with a manual pasta machine. "Don't allow the dough to rest," he warns; "the gluten will expand and the dough will become soggy.

The kneading with the machine incorporates a roll and fold technique that takes no more than 3 minutes. Once the dough becomes elastic, it can be rolled and cut. The rolling can be done with a rolling pin but the machine makes it much faster.
For the best ravioli, it is important to proceed

with filling and shaping the dough while it is still very fresh, assuring that it will not get soggy from the gluten expansion and that the pasta pockets will hold together.

Shaping the dough

The first time I attempted to make homemade ravioli, I felt the need to purchase one of those trendy molds that allow you perfectly shaped ravioli with only the press of a pastry crimper. Now I simply roll out the dough into one long stretch and drop the filling by the rounded tablespoon evenly spaced apart. I top the filled sheet with another sheet and then use a pastry crimper to cut individual ravioli with hardly any bother. To cook the filled and trimmed pasta, place it in boiling water seasoned with a bit of coarse salt and never add oil to the boiling water because it costs the pasta, prohibiting it from soaking up sauce. To check for doneness, lift one of the ravioli from the pan and drain it. When the top falls in instead of retaining its domed shape,

the pasta is ready to be sauced and served.

Personally, I think the best time to make pasta is with friends. I recently coordinated a party for Livonia city councilman Mike McGee and his wife Mary. A group of 15 guests forked, kneaded, rolled, stretched, filled, cut and boiled an assortment of pasta that kept everyone interested and even more so, having fun! Pasta making, especially the filling of the ravioli, is a wonderful experience to share with your children, especially on a cold, rainy day when your choice of entertainment is between the

Power Rangers and the O.J. Simpson trial. Fillings for the homemade ravioli can be as simple as a meatball or as gourmet as a

Gorgonzola/mascarpone stuffing.

Leftover chicken, day old finely chopped
Chinese or Thai food also make interesting

In 1994, four women from Bloomfield Hills invited eight friends and neighbors to join them once a month for cuisine and conversation. They were looking for a way to try out nutritious recipes, and forming a lunch group seemed to be the perfect solution.

BY SANDRA DALKA-PRYSBY SPECIAL WRITER

What do you do if you enjoy eating, like socializing, and want to collect recipes which are low in fat, sugar and sodium?

Four women in Bloomfield Hills answered these questions by organizing the "Gourmet

Lite Luncheon" group.
Ruth Aiello, Gail Albert, Martha Phelps and Joyce Wheeland formed the group in September 1994.

They invited eight other friends and neighbors, most of them from the Chestnut Run subdivision in Bloomfield Hills, to join them once a month for cuisine and

"We had all become aware of the need to eat healthier. We wanted a way to try out nutritious recipes, and forming this lunch group seemed like the perfect solution, said Albert. "It has been an informative and fun experience.

To assure success, the group's original four members drew up guidelines

Every detail of planning and serving the luncheon such as what time guests are to arrive (11:30 a.m.), and what time the meal is served

(12:15 p.m.) is contained within these rules.

"The guidelines help all of us know our responsibilities for the monthly luncheons, held on the second Thursday of the month," said Phelps, who hosted the February

Her duties as hostess were to prepare her home and share the cost of the luncheon with the two cooks - Nancy Browning and Carol Lee Chissold.

According to group rules, each member gas up to hostess a luncheon once a year, and cooks twice a year.

It is the responsibility of the cooks to plan and prepare the meal, to tell the hostess of their plans, to provide copies of the recipes and nutritional information, and help clean up.

"The search for good recipes is half the fun," said Browning. "I have scoured through cookbooks, which can be a major challenge because there are more than 10,000 on the market. I have also sought the help of cooking professionals."

Some of Browning's recipes have come

from unusual sources

"I am a Realtor and I was showing a house when I noticed a 'light and lean' cookbook in the kitchen," she said. "The homeowner nicely agreed to let me borrow it."

Each luncheon consists of a substantial entree such as Shrimp Teriyaki, which was erved at the February luncheon.

"I picked this recipe because it was not only easy to make, but delicious," said Chissold. The shrimp are marinated in a mixture of soy sauce, sesame oil, garlic powder, ginger and honey. Then grilled or

Chissold was also responsible for the

"I saw this recipe, Orange Dreamsicle Dessert, and decided to make it for the luncheon," she said.

"What is so nice about this group is that we're such 'cozy' friends that we can experiment with untested recipes."

Chissold's experimental dessert was a tremendous success! The crust is made with

ers, and a hint of cinnamon and freshly grated orange peel. A tasty filling, which includes part-skim ricotta cheese, is topped with four cups of fresh orange sections.

Nutritious lunch: Betsy Cernosia (left to right), Gail Albert, Dolores Mutchler and Gladys Baker taste test new recipes at their "Gourmet Lite Luncheon." Nancy Browning, Carol Lee Chissold, and Martha Phelps prepare the luncheon plates.

In addition to the main course and dessert, the cooks can, at their discretion, add an appetizer, salad and bread. Browning made Fruity Oat and Bran Bread and Marinated Tomato Salad for her contribution to the

luncheon. Phelps especially liked the salad.
"One of the best things about these luncheons is being introduced to an assortment of salads," the hostess said.

Too often we eat the same kind of salad day in and day out. This luncheon group has provided us with a variety of new and fferent salads

Members of this gourmet group adhere to healthy guidelines throughout every aspect of the luncheon. This is the reason nonalcoholic beverages are served.

"And we don't put butter or salt and pepper on the table," Phelps said. "We must be an awfully polite group, because no one has ever asked for these condiments."

Sangiovese enjoying new era of interest

Chianti is the best-known red wine from Italy's Tuscany region. Did you know that it draws its charm primarily from the sangiovese grape? California wine producers have ushered in a new era of interest in sangiovese. As more California bottlings become available, we thought you'd be interested in some commentary on Old World chianti and its New World counterpart, varietally labeled sangiovese. While California plantings of

sangiovese remain small, there are a number of winery players in the fray. All of them, however, followed the renowned Tuscan producer Marchesi Piero Antinori, who was the first to be interested in large plantings of sangiovese at Atlas Peak Vineyards in Napa Valley.

By Italian wine law, chianti has a maximum of 90 percent sangiovese and no more than 10 percent nontraditional varieties such as cabernet sauvignon. In a chianti blend, some Italian producers prefer blending sangiovese with traditional varieties, such as trebbiano, canaiolo and malvasia.

Some very flavorful examples of ore traditional blends are: #1990 San Leonino Chianti Classico

(\$12). ■1990 Villa Antinori Riserva Chianti Classico (\$12). ■1990 Ruffino Riserva Ducale Chianti Classico (\$14) and ■1988 Ruffino Riserva Ducale Gold Label Chianti Classico (\$23).

In California, Atlas Peak, Bonny Doon, Estancia Estates, Flora Springs, Seghesio, Shafer, Silverado and Swanson wineries produce sangiovese, some in very limited quantities, but production will grow over the next several years as more planting is done. Seghesio's Chianti Station has been produced for many years, long before the varietal ecame "hot." However, the leader in sangiovese production today is

"Even though we have the Antinori connection, it took us a few vintages to fully understand the sensitivity of sangiovese grape growing," said Atlas Peak's general manager Glenn Salva. Atlas Peak produces two wines which create a superior tasting when paired with two Tuscan counterparts from the house of Antinori.

The 1992 Atlas Peak Sangiovese (\$18) represents the culmination of six years' experimentation of growing and making sangiovese at Atlas Peak. It is 100 percent varietal and aged 12 months in older French oak. There is no exact counterpart to a 100 percent varietal wine from the Chianti region, but the 1990 Badia a Passignano Chianti Classico Riserva (\$32) originates from a property purchased by Antinori in 1988. The blend is 90 percent sangiovese with the remainder canaiolo, trebbiano and malvasia, aged 16 months in French oak. It epitomizes a traditional chianti style.

Atlas Peak 1992 Sangiovese Reserve (\$26) is another good wine to consider. It can pair with the Badia a Passignano discussed above or with 1990 Antinori Tignanello (\$50). Tignanello was first produced in 1971 and is considered the first Super Tuscan ushering in a new breed of Italian wines that are blended "outside" the Italian wine law. The 1990 Tignanello, a most complex wine, is 80 percent sangiovese, 15 percent cabernet sauvignon and 5 percent cabernet franc aged 22 months in French oak.

The Atlas Peak Reserve is an elegant and inviting wine full of raspberry flavors, great structure with a deliciously, soft, long finish.

See WINE, 2B

Wine

from page 1B

It holds its own well against some stiff competition from the two Old World wines. In comparison to premium chianti or a Super Tus can, its price is attractive. San glovese is an expensive grape to grow and sangiovese-based wines will always carry a healthy price tag - something to understand before you go searching.

The Super Tuscan of all Supe Tuscans is Antinori's 1990 Solaia (\$88), a blend of 70 percent caber net sauvignon, 20 percent san giovese and 10 percent cabernet rane, grown in a plot contiguous to the Tignanello vineyard. It is rare and a connoisseur's wine.

Auburn Hills Acadia restaurant chef/owner Brian Polcyn is impressed with the New World sangiovese he has tasted. While saying that pasta and sangiovese based wine is a given match, Polcyn's favorite complement to chianti, in general, is wood-roasted meats, such as Duckling with Red Currant Sauce or wood-roasted leg of lamb with natural juices Browning. and garlic-whipped potatoes.

The 10-week program produces dramatic results, with an average improvement of 3.1 years in the child's ability to comprehend, stay on task, work faster, and handle more complex tasks. Outstanding results are the norm because it is an intense, one-on-one program with a highly trained therapist who specializes the program to meet each child's specific learning needs.

To identify a child who could benefit from this program, a comprehensive screening consisting of 18 different tests. is provided without charge to children ages 6 to 15. If the results reveal a problem processing visual information the program can begin immediately to help head toward a more successful future and a better self-esteem.

Disney channel offering magical tournament tour

omebody had the audacity to copyright the term "March Madness."

It was somebody in Illinois, the Land of Lincoln, of all places.

Royalties or not, March Madness is upon us.

It starts tonight. Who is going to Disney World?

This year's Michigan High School Athletic Association boys basketball tournament winners are anyone's guess.

I have a few ideas, courtesy of a free spring preview provided over the weekend on my cable system by the Disney Channel.

I can't get enough of those cartoons, movies and specials. It was the next best thing to being in Orlando.

So let's share the fun of a magical ride. Time to check your local team listings to see

where your program may fall.

MAKING OF THE LION KING

Wayne Memorial (16-4): Coach Chuck Herry's team proved to be the best Observerland had to offer during the regular season. The Zebras, led by sophomore point-guard Lorenzo Guess, could be king of the jungle if they get past the tough Belleville district. A trip to the quarterfinals would be within reach:

SINBAD/EYE OF THE TIGER

Plymouth Canton (16-4): Ted "Donald" Docks and Ron "Sig Game" Hunter make this team a co-favorite in the Novi district. The Chiefs play good, straight-up solid defense, a trademark under Bob-Donewald-Bob Blohm disciple Danny Young (Canton's first-year coach). But Detroit Public School League champion Pershing awaits in the first round of the Ferndale regional.

YOGI'S GREAT ESCAPE

Westland John Glenn (16-3): The Rockets, who got a break in the toogh Belleville district draw, could make a repeat ride to the state quarterfinals again if three things happen: I. Guy Rucker starts hustling; 2. Brent Washington provides leadership and stays out of foul trouble; 3. The Rockets don't take underrated Garden City lightly on

FRAGGLE ROCK

Phymouth Salem (16-4): This team has no superstar, but five solid players in its starting lineup. The Rocks are solid offensively, but could use some Dennis Rodman-type intensity on the defensive end if they want to make it out of the Novi district. Is another five-overtime game with Canton in the works?

UNDER THE UMBRELLA TREE

Redford Catholic Central (8-8): The Shamrocks' record is deceiving. They've played a relatively tough schedule and lost starting point guest Justin Holener early in the year to a broken leg. CC could get out of its district, but guess who's next in the Southfield regional? PSL.

on as cleants, but gleess who is next in the Southseld regional? PSL numer-up Cooley.

Redford Blekept Bergess (B-34): The Spartans took their tumps in the Catholic League's Central Division; but now have a chance to advance out of the Class C district at Dearborn St. Alphonsus. Southgate Aquinas and Catholic League champ Detroit DePortes provide obstacles in the Harper Woods Bishop Gallagher regional.

KIDS INCORPORATED

Gerden City (10-10): The young Cougars have made great strides under coach Greg Williamson. They took Belleville and Wayne to the wire this year, so John Glenn better be ready. Pete Males and Brad

ADVENTURES IN WONDERLAND

Redford St. Agarthe (11-8): The Aggies, led by the versatile Cujuan Davis, are favored to get out of the Class D District at Pontiac Notre Dame Prep. They already have tournament experience, having reached the Catholic League C-D Division final. Prennied state power Detroit East Catholic would be Agathe's first opponent in the regional at Cen-

EERIE, INDIANA

Redford Thereton (14-8): The Eigles, paced by senior Jeff Garbacz, have enjoyed a good season. What a cruel joke to put Thurston in with the state's top two teams in Class B, host Orchard Lake St. Mary's and Detroit Country Day. A fortunate draw, however, could put Thurs-

ton in the final.

Livesias Stevessess (1.2-6): The Spantans, who naturally like the theo-pointer better than defense, lost three straight in the Western Lakes playoffs to end the regular season. Stevenson, however, could reach the Redford CC district final with a victory Tuesday over RU. Rumor has it that Stevenson coach Jim Michityre will receive a white ryton CC Dad's Club jacket during halftime ceremonies.

CAT FROM OUTER SPACE

of Union (10-9): Besetoil season could begin by Wednesday Benymen and the Panthers. RU has rever ventured past the ct and indications are that it won't happen this time around

THE GUMMI BEARS

ton Mills Harrison (6-14): The Hawks didn't make the fits for the first time in a white. Harrison also meets Bloomanier district favorite West Bloomfield in the opener on Leegue pride is on the line.

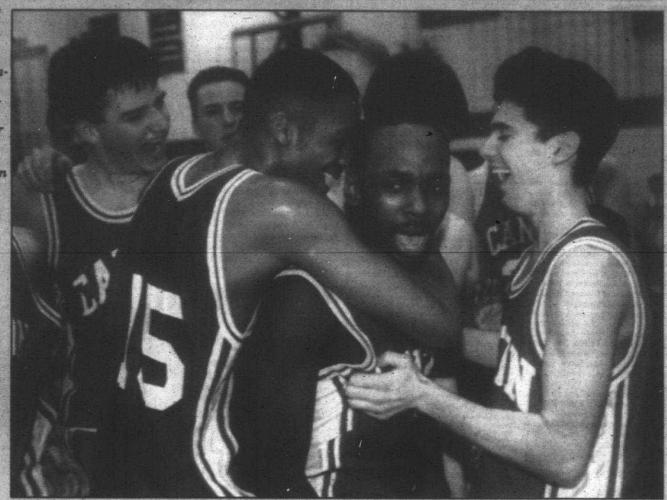

Suspensit (6-16): The Chargers drew a first-round bys, but resolves tocked up in a semilinal matchup at Novi against less playoff champion Plymouth Canton. Not a kind draw for Lend's News.

in Lang's team.

Finalistin (6-13): The Patriots are actually 7-13 if you count 1 sudden-death OT win over the alumnt team back in Decembric Lamy Jackson, however, can look to the future because the may be a factor down the road in the WLAA.

WELCOME TO POOH COR

Hot-shot: Ted Docks gets a hug from Rob Johnson and the congratulations from his teammates ofter leading a fourth-quarter Canton rally that upended Westland John Glenn. Docks nailed three three-pointers in a one-minute span and scored 12 points in the quarter.

Giant killers

Late rally regains title for undersized Canton

The odds were stacked high against Plymouth Canton in Friday's WLAA Tournament showdown with regular-season champion Westland John Glenn — starting with 6-foot-11 center Guy Rucker. But the Chiefs' little man hit some big shots from long range to turn the tide and deliver a title.

By C.J. RISAK STAFF WRITER

All those early morning workouts in the heat of summer paid divi-dends for Ted Docks on a cold night

in the dead of winter.

Docks heated up when his team needed him most, draining three-straight three-pointers in a one-minute span to obliterate a 13-point

upset victory over Westland John Glenn in the Western Lakes Activities Association Tournament final Friday at Plymouth Salem

Docks, who rose early last summer to practice shooting three-pointers from NBA range, scored 12 of his game-high 25 points in the pivotal fourth quarter. No other Chief reached double figures.

Next highest were Ron Hunter and Rob Johnson with eight apiece. Albert Jones topped the Rockets

with 20 points. Guy Rucker had 11 points, 11 rebounds and five blocks, and Terrell Tigner scored nine.

Canton ends its regular season with a 16-4 regular-season record; the WLAA tournament title was its second straight. Glenn is 16-3.

For more than three quarters, it seemed Docks and his Plymouth Canton teammates struggled to find a way to knock off Glenn, the WLAA's regular-season champions and winners of 11-straight games.

Unstoppable Rocks crush district rivals

Just like old times.
Or at least that's how Plymouth Salem treated Saturday's Class A state district volleyball tournament at Novi. The Rocks came in as the favorites, with some familiar foes from the Western Lakes Activities Association to contend with: Plymouth Canton, Northville and alwaystough Livonia Churchill.
They knew what that meant — the

tough Livonia Churchill.

They knew what that meant — the bullseye was on their collective backs. Everyone would be gunning for them. Salem's faced that kind of pressure before, but knowing that one misstep can end a season adds to the burden. Which is why the Rocks — who, along with Northville, had to play three best-of-three matches — started slowly, hesitantly.

They didn't end that way, however. Once rolling, Salem was unstoppable, bouncing Northville 15-4, 15-9, and

Novi 15-2, 15-8, to set up a district title match against Churchill. Again, the Rocks were a bit tentative at the outset, but once on track they could not be derailed. They treated Churchill the same way they did during the WLAA season, ripping

did during the WLAA season, ripping them in straight sets, 15-7, 15-2.

The victory propels Salem (now 45-7-3) into the Class A regional hosted by Livonia Ladywood Friday. Farmington Hills Mercy, winner of the Berkley district, is the Rocks first opponent at 5:30 p.m., with the victor advancing to the regional final at approximately 7 p.m.

Like old times.

Salem's district dominance mirrored its performance during the league season. The Rocks not only progressed without losing any of their 11 matches, they never lost a single game.

Better defense boosts Salem Chiefs from page 10

A bit of strategy reversal al-lowed Plymouth Salem to reverse the outcome in this meeting with Walled Lake Central.

Instead of taking away the inside shot and letting the Vikings beat them outside - which is what they did in the final regularseason game prior to the start of Western Lakes Activities Association Tournament - the Rocks chose to defend the out-

It worked. They limited Central to six three-pointers (the Vikings hit 11 in the first meeting) and on offense pushed the ball inside, to their strength. The result: an 83-72 triumph in Friday's WLAA consolation game at Salem.

The Rocks finish the regular
