# Ford Road targeted for boost

A first step has been taken to possibly expand the existing Downtown Development Authority district, with the goal of making more improvements on the congested commercial Ford Road corridor that serves as Canton's main street.

Canton officials are acting on the notion that improvements are necessary on Ford Road - the township's

Wade-Trim has been hired to prepare a legal description of a proposed

expanded Downtown Development Authority on Ford Road. It is a preliminary step that, in conjunction with information about deteriorating property values on the thoroughfare, will lend a hand in eventually making improvements in the corridor.

"It's a baby step. But it's a neces-

sary step," said Supervisor Tom Yack.

Canton's current DDA district on both north and south sides of Ford Road runs from Sheldon, including a small section north across the front of the Harvard Square shopping center, to Morton Taylor. The proposal is to expand that district from Kennedy Plaza at Canton Center Road on the west to the eastern boundary of Canton Township, said DDA member Ralph Shufeldt.

What expanding the boundaries means is that the Tax Increment Financing Authority would be expand-

ed to include more taxable property Under a TIFA, the state equalized value of property is frozen at a designated year. Any increase in value after that time is captured for use by the DDA.

"It has to be justified. We have to create a base year for taxation," Yack said. "We want to capture it because there are a number of issues on Ford

More than 40 kids got a chance to practice their trick or treating just in time for the holiday at the Canton Newcomers Club's Halloween party

The party that included treats, decorating pumpkins, a parade and other activities for a couple hours at the Plymouth Cultural Center was for the club's Moms and Tots program.

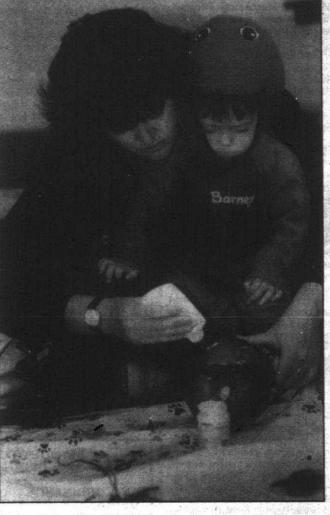

The Newcomers Club is open to residents in Canton, as well as Plymouth. And you don't have to be a brand-new resident. The Halloween party is only one type of activity available for members. The club, which meets at 7

p.m. the first Wednesday of each month at the Sunflower Clubhouse, 45800 Hanford, is designed to acquaint women in the community with each other through many activities.

There are plenty of activities within the club as well as within the community. Some of the programs include a monthly outing for moms and kids, as well as a play group three days a week at a member's home. There's also a babysitting cooperative. The club also hosts a major fund-raiser for the Community Hospice.

The club offers, for example, a Ladies Night Out, a couple's social event, an arts and crafts night for adults. At the monthly general meetings, the club has speakers or activities.

It is believed by some that the lights that have drawn young and old to Denton Road is the spirit of the murdered woman. It is said that it is this same woman whose spirit still dressed in blue or green walks in the area.

"There are so many versions of this story," said Melissa McLaughlin, Canton trustee and historic district commissioner. She adds that some people claim to have heard the Blue Lady wailing on Denton Road. "These stories have circulated for years."

Of course, there are plenty of mothers in Canton who also know that their sons would go out to the area at night and stir up the fear in passersby by waving lights, screaming and wailing.

So consistent were the stories about the lights and the murder of the Blue Lady that many years ago the now-defunct Ypsilanti Press did a big splash on the ghost stories, even sending out a psychic to test the area. "The psychic said there was a

**Cookbook author:** Barbara Norman takes the chore out of making bread by using a bread machine. In a matter of minutes, she puts together a dough that will produce a wholesome, tasty and fragrant loaf.

# Local author plugs BY ANNIE LEHMANN

With the chill of autumn comes a yearning for hearty soups and stews and what better accompaniment than a freshly baked loaf of bread.

Bread machines have found a place in the American kitchen, and nowadays it is not uncommon for a family to waken to the smell of freshly baking bread. Even those who hate to cook, can in a matter of a few minutes, put together a dough that will produce a wholesome, tasty and fragrant loaf

Barbara Norman knows this well having recently written, "What Can I Do With My Bread Machine?" This short informational volume covers a lot of territory with advice on how to buy and best maintain a bread machine; how to create original breads; suggestions about using perishable ingredients such as eggs and milk; alternate uses for breadmakers as well as recipe basics.

This 49-year-old West Bloomfield resident has worked as a lawyer, teacher and guidance counselor. She is an avid antiques collector as well as art glass expert and lecturer. In her spare time she experiments with kitchen gadgets and foods and enjoys creating recipes that are delicious as well as easy to prepare

Her first book, "What Can I Do With My Juicer?" was written after combing stores to find a book on juicing that wasn't written purely from a nutritional perspective, "There was so much I thought you could do with a juicer and ways of using the pulp in interesting ways. For me it was more than just a way to get vitamins. It was a way of making new and interesting foods, and making old favorites taste even better," she said. After the success of her first book Dell, her publisher, asked if she was interested in producing a volume on bread machines. She accepted the project, went out and bought four breadmakers, rolled up her sleeves and got to

"I'm an intense worker," she said. "For three clock." Her co-workers at Mott High School in Waterford where she works as a guidance counselor, sampled her creations and gave her honest and valuable feedback.

"They were my recipe testers," she said. Norman did several practice runs with each of her

recipes and adapted many of them to suit diets. Unlike many cookbook authors who prefer to create recipes from scratch, Norman encourages her readers to use prepackaged mixes that, with a little ingenuity, can be creative as well as tasty. A couple of additions "personalizes" a prepackaged mix according to Norman, "The goal," Norman says, "is to make good bread without it having to be an ordeal

Her personal favorites are Lemon Poppy Seed Bread, Spinach Feta Cheese Bread as well as foccacia and bagels.

Would she ever consider marketing the breads she has developed and written about? "Never," she says. "I enjoyed writing the book and love bringing breads to family and friends, but it ends there.

The ever ambitious Norman is considering writing a play or TV series. At the same time she is thinking about writing another appliance based cookbook. "It will be my trilogy," she said.

## Have a happy, healthy Halloween

Trick or treating at Halloween can be downright scary. But with some advance planning, the Halloween season can be a little less spooky for parents, according to Dr. Jose Cara, a pediatric endocrinologist at Henry Ford Health System.

Getting control of Halloween treats is a good place to start. If you allow your children to go trick or treating, look over the candy for safety and dietary concerns before allowing them to eat it. "High-sugar candies like candy

bars and candy corn can be substituted by parents with low-sugar treats like raisins, fruit roll-ups, dried fruits, pretzels and low-fat granola bars," said Dr. Cara. Hal-loween treats can be worked into the child's meal plan or saved and given out for special occasions. Michigan children need to develop

better eating habits. Statistics show that Michigan has more overweight children with higher cholesterol levels than the national average. Both problems are the result of diets too high in fat and calories and too little

Sweets are high in fat and/or sugar and therefore calories. For example, one ounce of plain milk chocolate contains 150 calories, 2 teaspoons of fat and 3 teaspoons of

sugar. Sugar-type candies such as gum drops do not contain fat. However, one ounce does contain nearly 5 teaspoons of sugar.

"Getting control of Halloween treats is a good place to start," said Faye Fitzgerald, a dietitian with the Henry Ford Heart and Vascular

For parents of a child with dia-betes, trick or treating is very scary. In general, it is better for diabetic children to have treats included as part of one of the main meals rather than as free-standing snack, said Dr. Cara.

Both Cara and Fitzgerald suggest that parents start a "spooktacular" tradition for Halloween that reinforces good eating habits by handing out nutritious snacks such as packaged nuts, raisins, pretzels, dried fruit, popcorn or sugarless gum. You can even hand out non-food items such as fun colored pencils, stickers or erasers. Getting neighborhood friends to join in this new tradition also may help children cut down on excess sweets.

"It's a good idea for parents to follow similar Halloween guidelines for non-diabetic siblings and other family members," said Dr. Cara. "This can reduce potential conflicts between siblings or relatives.'

Fun treats that meet diabetic guidelines include cupcakes made with low-fat cake mix and sugar-free frosting, low-fat, sugar-free frozen yogurt, angel food cake and popcorn balls. Individual pizzas or a healthy submarine sandwich make a great meal that kids of all ages will enjoy. Fresh cut-up veggies, and fruit juice round out the meal and will please parents and kids.

The Chargers scored on all three of their kicks, while PCA failed on its three tries. The shootout left a bad taste in the mouth of PCA coach Kraig Warnemuende.

# Salem rally shocks Canton

In a series noted for incredible finishes, Friday's Canton-vs.-Salem clash rates at the top of the list. The Rocks looked lost in the first half; in the second, it was the Chiefs who forgot the path to the end zone and victory.

BY C.J. RISAK STAFF WRITER

No other way to describe it. All one can ask is: How you going to top this next year? For the third

consecutive year, Plymouth Salem overcame a Plymouth Canton lead to claim bragging rights and victory Friday by a 28-21 score.

All the momentum and a two-touchdown lead accompanied the Chiefs into their locker room at half-

time; by the end of the third quarter, they had squandered all of it. Heroes for Salem? There were

several. But perhaps the key ingredient in the Rocks' triumph was

Calling them unflappable would be too much. However, in compari-son to their Canton counterparts, the Rocks were angelic.

After giving up three second-half touchdowns and the lead — without touchdowns and the lead — without so much as a first down registered by their own offense — the Chiefs came to life in their final drive. But get this: They had 89 passing yards and another five rushing, and still got no closer than 30 yards to the Salem end zone.

All in one drive.

"I don't think our kids stuck to-gether as a team," said an obviously upset Bob Khoenle, Canton's coach. "They took everything personal... push this, shove that. They lost their composure. They didn't play football."

How bad was it? The Chiefs were flagged six other times in the second half and had a player ejected. Twice, on third down, they stopped Salem drives, then committed personal

# Rocks reign over North; Chiefs trip Churchill

Plymouth Salem continued its torrid play as it headed toward basketball playoff time, taking off gainst visiting North Farmington in the second

half to win easily, 55-29 Thursday. With a score like that, it's difficult to believe that North is 10-6 overall and finished the Western Lakes Activities Association regular season at 6-5. Salem improved to 12-4 overall, 8-2 in the WLAA.

Then the roof fell in on the Raiders. They managed just 12 second-half points, with Salem pounding them with an 18-3 final period.

We wore them out a little bit in the fourth quarter," said Salem coach Fred Thomann. "We had good defensive pressure. We knew they were a three-point shooting team, so we extended our defense and really had it cooking in the fourth."

Shellye Sills' 16 points topped the Rocks. Janelle Sterling contributed 11 points and four steals. Lau-

## Salem stops Novi to win district title

Novi seemed to be the type of team that could create all sorts of problems for Plymouth Salem when the two tangled in Saturday's district soccer final: tight marking defense, quick counters on of-

fense, strong on set plays.

Perhaps the Wildcats' strengths would have made a bigger difference under ideal conditions. But the Northville field was a quagmire, particularly through the middle, and it was the Rocks who adapted to the conditions better.

Which is why Salem is bound for the regionals

after its 4-0 triumph. "I don't want to use it as an excuse," Novi coach Larry Christoff said of the field conditions. "But it

affected us phenomenally. Every time we tried to attack, we'd fall down."

The Rocks were slipping and sliding, too, but they adjusted. Indeed, the field helped them more than Novi; Salem's style, under coach Ken Johnson's direction, has been to attack with speed down

the wings and cross it in.
Which describes the first goal. A Wildcat clearing attempt was intercepted at midfield. Quickly, Andy Makins sped down the right wing, then crossed it to Drew Drummond as he broke past the Novi defense. His shot beat keeper Dave Hart, giv-ing the Rocks a 1-0 advantage with 15:46 left in the

"We tried to play to the field," Johnson said. "One-touch, two-touch, quick passes."

Still, it was just 1-0 at the half. Novi wasn't beat-

That changed five minutes into the second half, when Matt Simons took a pass from Josh Fair and pounded a hard shot from the left side to Hart's

right, making it 2-0.

The Wildcats visibly deflated after that. When one of their defenders was red-carded for taking down Mike Mezgec on a clear breakaway with 26:28 left, forcing them to play the remainder of the match short one man, Salem's victory was assured.

# Shamrocks win, enter playoffs on positive note

This time, a reward goes along with the Catholic League football championship.

Redford Catholic Central defeated Birmingham Brother Rice, 17-7, in the Prep Bowl Saturday night at the Pontiac Silverdome, and there is still plenty of football to be played.

The mood was far different from two years ago, when the Shamrocks won the league championship at the same site but fell just shy of the state playoffs despite an 8-1 overall

The Shamrocks would have qualified regardless of what happened Saturday, but a win gives them momentum and a 9-0 overall record. CC, which finished as the No. 1-seed in Class AA Region 3, will host Livonia Stevenson in a firstround game Saturday after noon at Livonia Clarenceville.

CC fullback John Spolsky enjoyed this championship better than the one two years ago, and not just because he scored two touchdowns and finished with 122 yards rushing on 30 carries. That was weird, because it

was the first game I played in that I won and still left the field in tears," said Spolsky, who was a sophomore on the team two years ago.

The two teams met earlier in the year in the Boys Bowl, when CC prevailed 26-23 in CC enjoyed a 296-63 advan-

Rice's five The loss dropped Rice to 7-2 overall and severely hurt the Warriors' chances of making the playoffs in Class A. The Warriors were playing for the third straight game without starting quarterback David Sofran, who remained out with a shoulder injury.

tainly the most exhausted by evening's end, was Salem tailback Randy Mack, He was the Rock offense in the first half, gaining 89 vards on 17 carries.

And on Salem's first possession in the second, he turned the game around with a burst up the middle on a third-and-one play from the 29, taking it the distance (7) yards) to trim the Canton lead to 21-14. Mack finished with 224 yards rushing on 38 carries.

The Chiefs forced Salem to punt on its next possession, but then gave the ball right back when quarterback Rob Johnson's pitch eluded Mike Rener. The Rocks recovered the fumble and, after being assessed an unsportsmanlike conduct penalty, took over with a first-and-25 at Can-

For Canton, meanwhile, it was still three-downs-and-out.

The Rocks started their gamewinning drive from their own 43 with 7:30 remaining in the final quarter. Six Mack runs accounted for 21 yards, but Gray and Kirk Craggs came up with the key plays. The two combined on a nine-yard completion that, with the inevitable Canton personal foul penalty, gave Salem a first down at the Chiefs' 25.

Three plays (and a penalty of their own) later, the Rocks faced a third-and-14 from the 29. Grav faked a run, looked right, then threw to the left to an uncovered Craggs for a 29-yard TD. With 3:16 to play, Salem had its first lead, 28-21.

Canton didn't surrender. Ron Hunter, who caught eight passes for 76 yards, pulled in a 26-yarder to start the Chiefs' final drive Nick Belyk hauled in a pair of Johnson tosses in the march, covering 23 and 34 yards. The latter was the most remarkable, coming on a fourth-and-30 play after

Some may argue that Livonia Schools are competitive enough, particularly when it comes to soccer, swimming, golf, tennis and cross country.

But a lot of the success comes from community club teams, especially at Livonia Stevenson where the Spartans are state contenders this fall in soccer, girls cross country and girls swimming. By the time many of these athletes reach high school, they've already been exposed to state and

national competition. Stevenson's football team won its division and

Churchill's boys golf team was a state qualifier, while Stevenson and Franklin have already won district boys soccer titles.

> Cheapness is a trademark of director Wes Craven, creator of the popular "Nightmare on Elm Street" movies, though usually he delivers a clever twist or two. You'd think a veteran like Craven would give us something new, especially in the wake of "Interview with the Vampire.'

This is supposed to be Eddie Murphy's comeback, but only one sequence recalls his talent for mimicking, done so well in movies like "Trading Places" or "Coming to America." His impersonation of a Bible-thumping preacher has some funny moments, but it's directed clumsily and goes on far too long.

Murphy in fact spends much of his time as straight man to Kadeem Hardison as the slave ghoul Julius. As the movie drags on, he starts to decompose, losing an ear here, an arm there, replacing what he can with parts from department store mannequins.

As a horror comedy, "Vampire Brooklyn" is equally inept in both categories. The jokes come across gross instead of funny and the delivery, especially Murphy's is uninspired. Even his mummy like coffin looks tacky and garish

## 1996 Dodge Ram oozes with power

By Anne Fracassa Avanti NewsFeatures

This truck oozes testosterone.

I don't care if you see the Dodge Ram pickup truck on a construction site, dirty and dusty as a work truck, or a Dodge Ram Club Cab in the driveway of a suburban home poised ready to haul a couple of kids to the local ballfield it just oozes testosterone.

Never has a car company captured the true essence of a full-size truck, making it so in control, so commanding, so . . masculine.

But you know what? It isn't just men buying this truck. I've seen young blondes and brunettes, middle-aged moms driving their kids to school and ves, there are young men and middle-aged men and elderly gentlemen driving Rams.

These people are truly "TRUCK" people.

Take my neighbor, Marty, for example. He's been tooling around in his Ford F-150 for almost 10 years now. Tough truck, he says, been through some rough and tough times. But he had his eyes on a Ram. Another guy down the street had just bought one.

After checking with dealers all over town, he found there

ROAD TEST By Anne Fracassa

were no more 1995s around. Disappointed - no, crushed he settled in for what may have been another four or five months before the new models adorned the showroom floor.

But after dropping off his kids' baseball equipment, Marty spotted a car hauler with some Dodge products on it - and lo and behold, there was a lone, black Ram Club Cab on top. It must've been the last one - Club Cab sold out its production run in 1995.

Well, Marty followed that

car hauler, stayed on its bumper for miles until it pulled into a Dodge Truck dealership. It wasn't even off the hauler when Marty was handed the keys to his new

"I snagged one," he said with an ear-to-ear grin as he drove into his driveway. I keep telling Marty he's going to rub the paint off of that Ram if he doesn't quit washing and polishing it every day.

He's what I call a true "truck" person.

No mistaking here, the 1996 Dodge Ram is a real truck. Test-driven was the Club Cab, just like Marty's - even black. And it was a real gem.

The Club Cab has a full bench people-sized back seat. We went up north to Birch Run, about an hour's drive north of Detroit, and came back with a truck-load (no pun) of stuff in the back seat and my 2- and 4-year-old girls never whimpered - that's how

much room there was back there. (If you don't have toddlers, you may forget how large and clunky those toddler car seats are.) Both the Regular Cab and Club Cab have the roomiest interiors of any other full-size pickup on the market,

The Dodge Ram is offered in Regular Cab, Club Cab and Cab/Chassis models, in 1500, 2500 and 3500 models, in 2and 4-wheel-drive and in gas and diesel engine versions.

by the way.

Safety has been well thought out here as well, with a standard driver's side airbag, side impact beams and available 4-wheel anti-lock brakes.

There are three trim levels available, including Work Special, LT, SR and Laramie SLT. There are a variety of engines in most models, like the 3.9-liter V6 (170 horsepower), 5.2-liter V8 (220 horsepower), 5.9-liter V8 (230 horsepower), 8.0-liter V10 (300 horsepower) and the 5.9-liter in-line

6-cylinder Cummins turbo diesel (215 horsepower). You can even choose between a 6.5foot or 8-foot box, depending on the model you want.

We had the ST trim level, which provided a lot of standard equipment, like tinted glass, a carpeted rear cab, two coat hooks, sun visors that had map storage straps, an AM/FM stereo with cassette and clock, 6-way power driver's seat and two-speed intermittent windshield wipers.

The center console is really neat. It's got plenty of storage and can handle a laptop computer as well. Fold everything down and there's a good-sized work area. Fold it up and away and there's plenty of room for another passenger.

Much has changed on the 1996 models, including new sequential multi-port fuel injection for the 8.0-liter V10 engine, increased engine power and torque on the Cummins diesel, on-board diagnostics for all powertrains, new cast aluminum wheels standard on the 1500 SLT and Sport package, new exterior colors, and later in the model year, there will be the availability of a camper suspension package.

The Dodge Ram is a sweetheart of a truck.

Now I'm just dying to get my hands on a Ram outfitted with a Cummins.

As Tim Allen would say if he had a Ram: "Hu-hu-hu ...

#### Our Aging Cars Deserve Attention

(CCC)-The "graying of America" is a phenomenon that applies to our nation's aging cars as well as their owners. latest industry reports show our car population now is nearly nine years old. the oldest it's been since

Eighty percent of these vehicles are three years old or older, more than 30% are ten years old or older.

A car is not necessarily a clunker because it's old, emphasizes the Car Care Council, but it is more likely to be a candidate for repairs and it certainly deserves more frequent underthe hood checks.

Survey results from National Car Care Month vehicle checks indicate a continuing condition of maintenance neglect on vehicles of all ages. This is due in part to the fact that 80% of all gas is pumped at self-service pumps, where people neglect under-hood checks.

But it's also due to tight money" preventive maintenance some times takes a back seat to other house hold items, with the ultimate result being costly emergency or catastrophic repairs
