No distractions

With no opponent, Bennett puts focus on being ready for huge turnout

BY TIFFANY L. PARKS OBSERVER STAFF WRITER

As Canton's chief administrator of elections, Terry Bennett has had to balance her re-election campaign with running an office kicked into overdrive because of the presidential race.

"We have had a bigger frenzy this year than we have had in a long time," said the 13-year

township clerk. "Even though they are intense and a lot of hard work and long hours, elections are exciting." Bennett, who is running unopposed to keep her post, said that while she has been campaigning door to door, she's grateful for being able to keep the operation of the clerk's office as her main focus.

"To be able to pay attention to business and not be distracted by a campaign is a blessing," said Bennett, who is a former secretary and current member of the Michigan Association of

Municipal Clerks. "I don't take it for granted."

The clerk's office registers new voters, provides passports, dog licenses and minutes of meetings and ordinances. Bennett, a teacher in

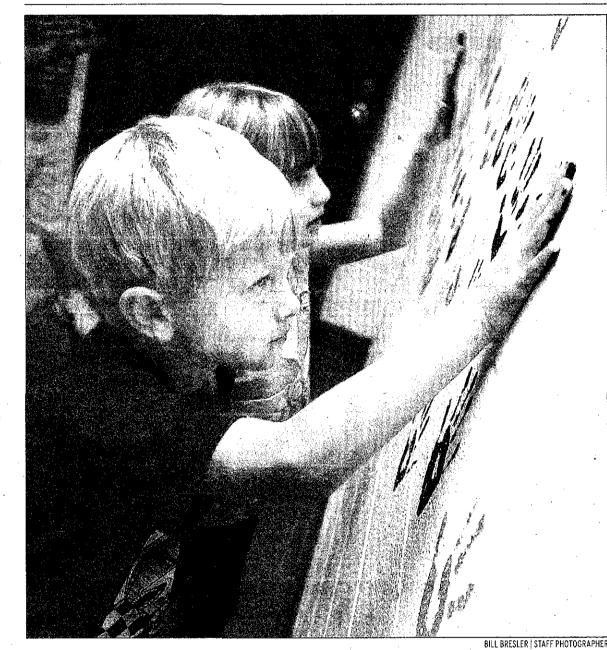

Oakland County for 22 years, was elected clerk in 1995 and has seen the state usher in several ideas birthed out of the

College asks voters for smaller tax renewal

BY DARRELL CLEM OBSERVER STAFF WRITER

Voters who live in the Wayne County Community College District will decide a 1.25-mill property tax proposal when they cast ballots in the Nov. 4 election.

The tax, if approved, will be for 10 years starting in 2011. It would replace a slightly larger 1.5-mill tax that expires at the end of 2010.

The tax would cost \$125 a year for a homeowner who has a \$200,000 house with a taxable value of he said. "We want to be wise stewards of public dollars."

The tax revenues also would help a district that Swan said has kept tuition affordable for its students, who are mostly part time. Community colleges also fill a void when the economy takes a downturn

and people need to keep costs down while they beef up their education, he said. However, the tax proposal has opposition from critics like 18th District state Rep. Richard LeBlanc, D-Westland, who is against any measure that he said amounts to a millage renewal years in advance. LeBlanc has introduced a bill that would prohibit any tax proposal from being placed before voters unless it is within 18 months of expiring. He actually favored wording for 12 months, but he said he tried to reach a compromise. Regardless, LeBlanc said his bill hasn't been taken up by the state House Committee on Intergovernmental, Urban and Regional Affairs, even though he introduced it last November. "I can't get a hearing on it," he said. Swan said he hopes WCCCD voters will remember that the 1.25-mill tax measure would simply continue where the 1.5-mill tax drops off. "This is not an increase," he said.

Hulsing first-graders Marc Weckesser and Hannah Dickson press their paint-covered hands against the formerly dull cafeteria wall on Monday.

Students get 'hands-on' to spruce up cafeteria

OBSERVER STAFF WRITER

First-graders at Hulsing Elementary in Canton Township literally participated in a hands-on activity Monday.

As part of art class, a total of 78 first-graders walked to the cafeteria for a chance to choose either red or blue paint, which was then spread on their fingers and palms by teacher Craig Linderman. Each youngster then walked into the lunch line area where they placed their handprints on the wall.

"I never got to paint on the wall," said Kirstyn Anderson, 6, of Canton Township, who knows not to try it at home. "No, because my mom and dad won't let me."

Mark Baker, 6, of Canton was washing his hands afterward with the help of cafeteria staff.

"It was colorful and fun," he said. Hulsing cafeteria manager Pam Mack said the all-white walls were too dull, so they decided to decorate them with handprints.

"We thought we'd start with the

first-graders and I'll wipe them off after they leave fifth grade," said Mack, who then realized the water-based paint might not come off so easily after five years. "If not, we'll just have to paint over it."

Linderman said the handprint painting does fill a part of the curriculum.

"We were talking about cave paintings and how the cave men used to do this," said Linderman. "It worked out great."

\$100,000. Voters across the college district,

including those in a small portion of Canton (people living with the Wayne-Westland and Van Buren school districts), will decide the proposal.

The tax plan comes one year after WCCCD voters rejected a 1.5-mill, 10year proposal.

George Swan, WCCCD's vice chancellor for operations, said the tax amounts to 40 percent of the budget for a 72,000-student, five-campus district that is growing and earning a solid reputation due to educational and facility improvements.

"We want to make sure we have the opportunity to plan for our operations,"

Tasty fare

Lisa Powers of Canton samples the food at the Schoolcraft College Foundation's Culinary Extravaganza sponsors reception. Patrons sampled delicacies from the school's kitchens, local restaurants, caterers, pastry shops and beverage vendors. The Sunday, Sept. 28, event featured a wine tasting seminar, a silent auction, and self-guided tours of the kitchens.

Township board approves \$25.3 million budget

BY TIFFANY L. PARKS OBSERVER STAFF WRITER

The Canton Township Board of Trustees has adopted the fiscal year budget for 2009.

The \$25.3 million budget is a reflection of the township's push toward reorganization and creativity, said Finance Director Rick Eva.

"We are tightening our belts," said Eva, noting that no township services were cut out of the budget.

The budget, which has been in the works since May, doesn't differ much from this year's \$25.2 million budget.

The major changes are the lowered compensations of elected officials. The changes, approved by the

Board last year, go into effect in November. The township supervisor salary will go down from \$127,073 to \$115,366. The salary for the treasurer and clerk will fall from \$103,730 to \$98,790 and the compensation for trustees will go from \$12,537 to \$12,000.

In addition, Eva said the township has seen cost savings by revamping several positions that are vacant from retirements.

"When economic times were better we didn't hire tons of people and beef up our employees" he said.

"We also address issues as they happen instead of hoping that things change so we are in a position to survive without cutting services."

Historic cemetery tour

The Canton Historical Society and Canton Leisure Services will conduct a historic walk. Sunday, Oct. 5. David Curtis of the Historical Society will give a 45 minute talk in Cherry Hill Cemetery about the Civil War soldiers and their families buried there. The tour is free and open to the public.

This tour will be a little different than the tours that were held May through September. Visitors will have two options. The first option is to meet at noon in front of the Cady/Boyer Barn located on the Bartlett/ Travis property at 500 N. Ridge Road. Those choosing this option will be led on a walking tour by a Leisure Service tour guide. The guide will give a brief history of buildings in Cherry Hill such as the Cady/Boyer Barn, Cherry Hill School, Cherry Hill Inn, Ford Factory and the Veteran's Dormitory. This walking tour will end at the cemetery where the Civil War discussion will take place at 12:30 p.m. If you choose not to stay for the entire talk a Leisure Services staff person will be available to escort you back to the Bartlett/ Travis house if needed.

For the second option, park at Cherry Hill Methodist Church, which is just south of the cemetery, and meet inside the cemetery at 12:30 p.m. for the Civil War presentation. Cherry Hill Cemetery is located on the east

AROUND CANTON

'Champion of commerce'

Jim Holcomb, vice president of Business Advocacy & associate general counsel for the Michigan Chamber of Commerce, presents State Rep. Phil LaJoy with Chamber's "Champion of Commerce" award last week in Lansing. LaJoy was evaluated on a range of Michigan House roll call votes that affect the state's economic competitiveness. Each of the votes covered important issues such as education, energy, environmental quality and tax policy. The Chamber of Commerce is a statewide business organization representing more than 7,000 job providers of every type and size in all 83 counties in Michigan. "It is a great privilege to receive this award," LaJoy said. "Families make up the heart and soul of Michigan, I will continue to work hard on their behalf."

> Hand crafted items such as art, jewelry, dolls and clothing, candles and gourmet food will be available for purchase.

All of the proceeds from this craft show are used to provide college scholarships for Plymouth Canton students. Currently ten Plymouth-Canton students are supported in college with funds from the Craft Show. Organizers are expecting some 1,500 customers for the show, which also features food and drawings.

For more information, call Sandy Downs at (734) 340-4229 or e-mail Judy Stone at JBSTONE 716@COMCAST. NET.

All hail the king and queen

John Glenn Homecoming king Josh Reed and queen Chanel Payne were honored last week at a pep assembly. But the enthusiasm for Homecoming was dampened when their beloved Rockets lost the gridiron confrontation to Livonia Franklin in a 20-19 squeaker. Students put on their best red, white and blue for the assembly that featured the varsity cheerleaders smooching a pig as a way of saying thank you for the students' and staff's support of their recent fundraiser and the teachers losing to the seniors in the annual tug-o-war. township, including having the affidavit of photo identification printed on the back of the voter applications and having carbonate pages within the official poll books. Canton is also one of a handful of communities that post election results online as they roll in.

"I just want to earn the respect of the people who put me in office," said Bennett, who praises her eight-person staff for the creativity they bring to the department. "Without a great staff you

don't accomplish anything." To gear up for the 90-percent voter turn out expected in November, Bennett has gone beyond the state's requirement of having one voting booth for every 300 registered voters booth for every 100 voters. She has also created floor plans designed to accommodate the increased traffic for each of the township's 39 precincts.

"Are we perfect? No," Bennett says while looking over a map of the township. "But do we strive to be the best we can professionally? Yes."

With stacks of absentee ballot applications flooding the office, Bennett said she expects the first run of ballots from the county to go out Friday. For election purposes, Canton is divided into five areas based on various factors including school district, community college district and state House district boundaries.

Bennett, who says the clerk's office has moved "nonstop since the primary," said she has tried to be an advocate for the community and her profession. In her campaigning, Bennett says residents sometimes invite her into their homes to talk about the issue of the day.

"People love the Canton community," she said. "They do have questions and concerns, but they love (the township and) I hope 13 years of good service speaks for itself and my sense is that it does. I love my job."

The Wayne-Westland school board has taken an unprecedented step of publishing on the school district Web site a contract offer presented to Wayne-Westland Education Association negotiators this week after the union turned down a request for a second 30-day extension.

"Based on yesterday's negotiations, which were very disheartening, the board of education had no other alternative than to release to the public and teachers what has been discussed the past several weeks," Superintendent Greg Baracy said. "It was obvious to the board and the board's negotiating team that the union leaders are not interested in negotiating in a fair and equitable manner to resolve the issue of health care."

The teachers' contract expired Aug. 25, and was extended 30 days following a flurry of negotiations Labor Day weekend. The extension expired Tuesday.

Teachers are continuing to work without a contract and negotiations are scheduled for today (Oct. 2) and Friday. According to Baracy, while the

district is trying to schedule meetings for next week, the union has not committed to more talks.

"The board of education wants a contract for the kids, for the community and for the teachers, they have opened up the checkbook, but they can't open it any further," Baracy said.

Union leaders have expressed frustration with the course of the talks. Evelyn Baran, MEA UniServ director for the W-WEA unit, said the district has not bargained in good faith. She maintains that the district proposals "are illegal" in that they prevent the union from negotiating an insurance carrier and coverage and that a wage formula offered in the third and fourth years of the proposal would eliminate the union's right to negotiate wages.

The two sides have been at odds over class sizes, wages and health care, but Baran said health care is "the biggest stumbling block at present."

"The proposals are regressive," she said. "It's very frustrating. It's very hard to understand why we can't have the health insurance we want when it's less expensive than what the district is offering."

The union has filed two unfair labor practices against the district for what it calls "multiple refusals" to provide information critical to negotiations, as well as a lawsuit charging that the school board violated the Open Meetings Act by failing to move its meeting to a larger venue to accommodate people interested in attending.

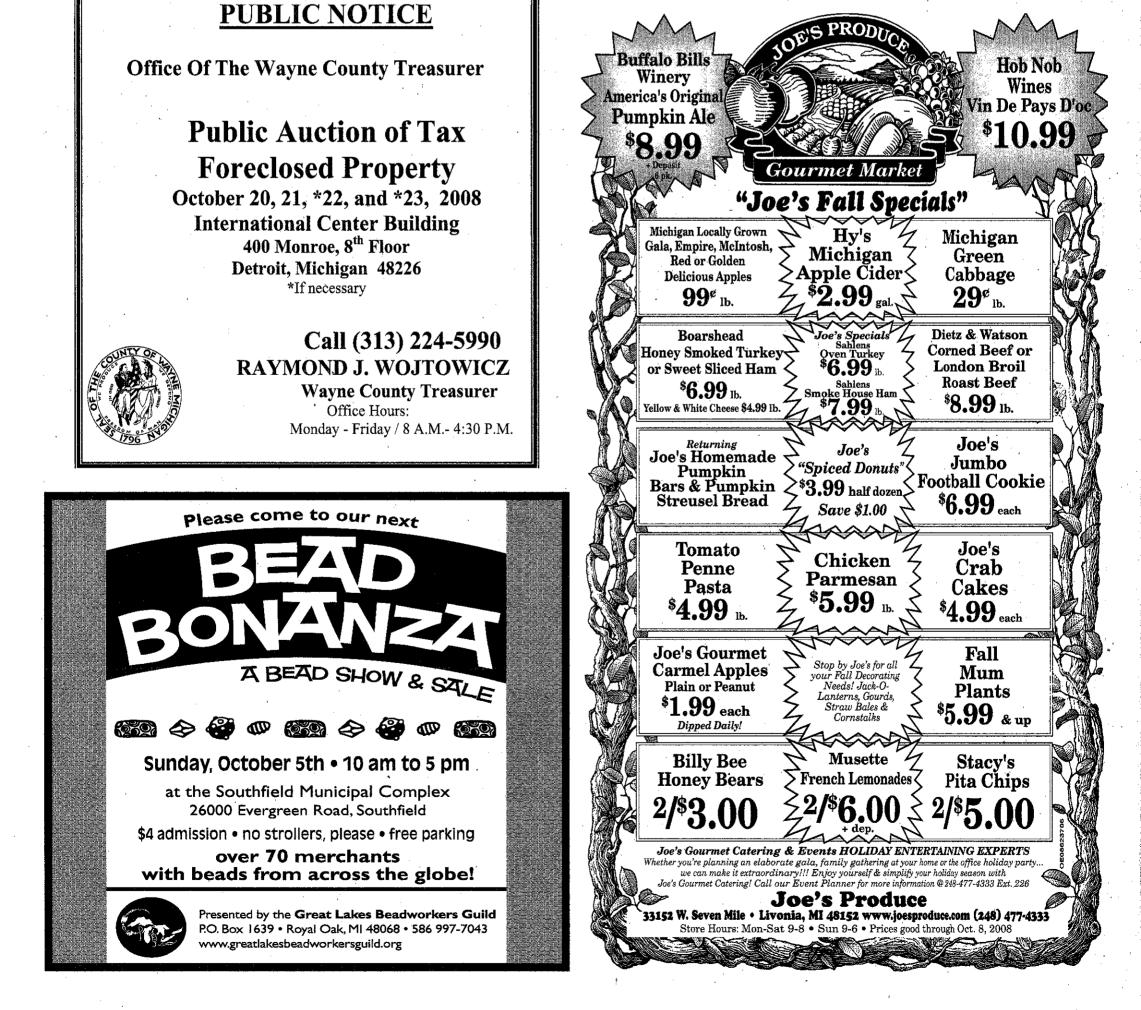

Baran said she isn't surprised by the posting on the district's Web site, adding that contrary to statements that they would not negotiate in public, the district has been doing just that. The latest contract update has angered union members, and a meeting had been scheduled with the membership on Wednesday. She added that the union is appreciative of the community support.

"Parents have been absolutely terrific," she said.

Marchers best Novi to capture invitational

BY DIANE HANSON CORRESPONDENT

Saturday was a great day for gridiron action as 13 high school marching bands competed at the Trenton Invitational.

The 170-member Plymouth-Canton Educational Park Marching Band captured the Flight I championship trophy along with one of the caption awards for Best Music and the highest score, 71.5, of all competing bands.

Flight I second place and a caption for Best General Effect went to Novi with a score of 70.9 and Milford took

third and a caption for Best Marching with a score of 68.8.

But high scores and trophies were not solely what Martin Montoya, director of bands at P-CEP, was anticipating from his band's performance of their show, "Kaleidoscope."

"It was a solid performance out there and I make sure they know that," he said. "At the same time, one of the things we always stress is that if it's not the best they can do, it's not a complete success."

Immediately after their exit from the field, he urged his performers not to settle for just 'good enough." "We don't want to do only

as well as we did last week or even perform as well as we did yesterday," Montoya explained. "We are always competing against ourselves and we always want to be sure we are taking it to the next level

 never settling." Canton senior clarinetist Ryan Zaluzec, recognized the less-than-personal-best performance of his band, but also knows how they will get beyond it.

"I just think we didn't perform at the highest level we could have performed at," he said. "It was good, it just wasn't at that next level What we need to do is just forget about the

mistakes. They're in the past, we can't change them and we need to look forward toward the future. Only then can we rise up above our previous performances."

Caroline Williams, a Plymouth junior and one of the three drum majors, was pleased her band was performing later in the evening just as the first hints of dusk were beginning to cross the sky.

"It's a lot more exciting performing later into the night," she said. "Our motto is to play for the moon and stars. It's what Plymouth does. Every week we strive to reach for the moon and stars. It started in 1990 and 18 years later, we're still carrying it on." Salem senior tuba player

what really happened and whether the measures taken were proper. Like most issues, we will have more than one viewpoint of

take years to

determine

the situation. The issue, however, is not what commentators and pundits may say, but rather what you and I should be doing.

It is important to remember that a crisis should not be the only time to review a portfolio. You can't put your portfolio in automatic pilot and forget about it. We live in a dynamic world and we must change with the times. Portfolios are something that, like a yard, requires regular maintenance.

STAY CALM

For investors who have maintained diversified portfolios and who have established a portfolio based upon an asset allocation strategy, my advice is do nothing. Most

asset allocation strategies do take into consideration that down markets occur and they can be painful. However, the strategy of staying diversified and spreading risk into different asset classes protects an investor in difficult markets.

For the investor who does not have an overall strategy and whose portfolio is a hodge-podge as opposed to a coordinated game plan, take advantage of the present market conditions to restructure. Your portfolio needs to be based upon a strategy that matches your goal. Randomly picking mutual funds or stocks is a bad way to handle a portfolio.

Then there's the investor whose view is, "I'm tired of

the losses. I'm just going to liquidate all my investments and put the money in cash." This strategy offers shortterm comfort but inevitably will cause long-term pain. Investing in items such as CDs, money markets and government bonds are important investments for a portfolio. However, just like 100 percent of your money should not be in stocks, 100 percent of your money should not be in fixed income investments.

The reason people liquidate their portfolios to move into cash, is they think the portfolio will be risk-free. It would be nice if some of these investments were risk-free, but they are not. Risk is more than your money going up and down in

value, it is also not keeping up with the increased cost of living and taxes. Those selling out of the market today may get some short-term satisfaction, however, they are assuming a substantial risk that their money will not keep pace with the increased cost of living.

NO ONE ANSWER

There is no one answer how investors should handle the present crisis. The key to handling any type of financial crisis is to look at your individual situation and use that as your guide.

There is, however, one thing that applies to everyone, patience. When people rush, they generally make the wrong financial decision. We

all need to take a step back and let some of the dust settle. Sometimes the best course of action is to do nothing.

A5

(*)

Although every crisis has its own personality, a common thread is fear. Investors who let fear dominate their investment decisions ultimately fail to achieve the returns they desire. If you must make a move during these volatile times, be careful and thoughtful and make sure you don't let your short-term comfort cost you long-term security.

Plakas is best choice for district court

Page A6

Thursday, October 2, 2008

(C)

When voters go to the polls on Nov. 4 and vote to replace retiring 35th District Court Judge John MacDonald, they'll have to choose between two strong candidates.

Jim Plakas and Joe Barone were the top two votegetters during the August primary election, and now face each other for the six-year term, which pays \$139,272. Voters can select only one candidate. We believe that candidate should be **Jim Plakas**.

Plakas seems to have been training for this particular job most of his career. He's been a prosecutor, a city attorney and a defense attorney. He's handled all manner of cases in a variety of courtrooms.

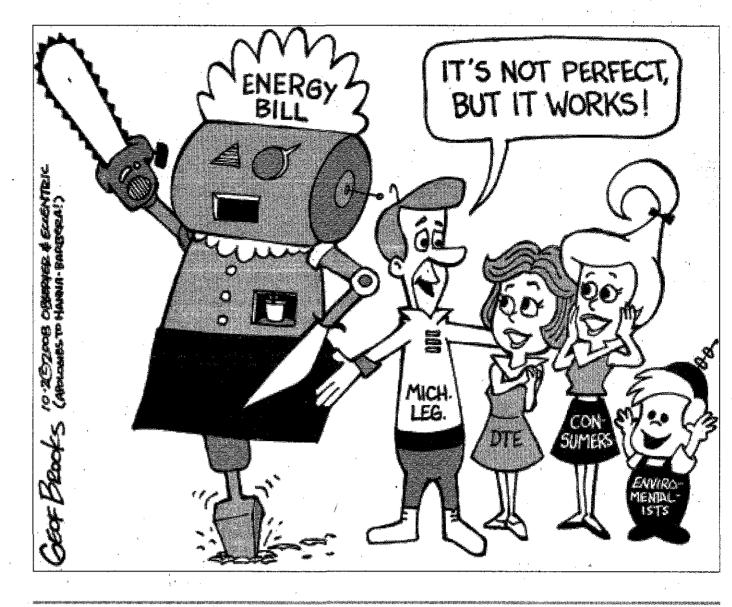

He comes from an experienced legal background, has a sound judicial temperament and has the backing of many judges. His list of endorsements includes MacDonald, who has served with distinction; Judge Robert Brzezinski of Livonia's 16th District Court; and Judge C. Charles Bokos of Westland's 18th District Court, three of the most respected district court jurists in the area.

We admit to a little concern about his political backing because, after a contentious campaign two years ago, the 35th District Court could use a little less politics. Plakas will also need to swallow any animosity remaining from his loss to Chief Judge Ron Lowe in that election, and function as part of the team led by Lowe. But Plakas is a young, hard-charging, community-minded attorney with a young family, and we believe he will turn out to be a good judge.

Joe Barone, who has tried more cases in the 35th of the two, is heavily involved in the community. He also has the backing of 35th District Court Judge Mike Gerou, as well as all four former candidates who ran and lost in the August primary election (Martha Snow, Cam Miller, Jim Malinowski and Art Butler). He has built a thriving law practice in downtown Plymouth, and shares many of the attributes that make Plakas an attractive candidate.

However, we believe Plakas' breadth of experience and his passion for the job make him the better choice of the two. We recommend Jim Plakas for 35th District Court judge.

New energy package is a good first step

Think twice about McCain

As president of a small company in Livonia, I'm facing the same pressures that challenge so many businesses in Michigan. While government can't resolve all of the issues we face, it can, for better or worse, affect the climate in which we compete. Accordingly, I have a strong stake in whom we elect as our next president. We're faced with two candidates who both show good character, and are easily smarter that the current occupant of the White House. A major difference between them is experience, and it's on this that I'm going to base my choice. McCain has much more experience, and much of it scares me.

McCain was part of the deregulation mob that did away with the Glass-Steagall Act in 1999, directly leading to the financial instability and credit crunch our citizens and businesses now facing.

He was part of the coalition of congressmen that repeatedly squashed any attempt at meaningful health care reform, instead backing a give-away to the pharmaceutical industry that was thinly disguised as "consumer choice." These choices left out country's businesses at a competitive disadvantage, while leaving many of our citizens without health care. John McCain was a vocal and consistent supporter of the choice to invade Iraq. This unwarranted war has flushed billions of our tax dollars down the toilet, led to the death of thousands of our citizens and hundreds of thousands of Iraqis, and contributed to the deterioration of our standing an influence on the national stage. He has repeatedly supported tax breaks for the wealthy in general, and big oil in particular, further contributing to a debt that our offspring will be burdened with for generations. In addition to being a morally indefensible abuse of our descendants, this government need for loans adds to the credit woes so painfully obvious at the current time. In short, rather than being an asset in his drive for the presidency, I think McCain's experience indicates that he is clearly a bad choice. In my hiring decisions, I've often had a choice between an experienced job candidate and a fresh face that shows great promise. When the experience shows a good track record, that often wins out. In this case, I have to go with the fresh face, and I hope that you will join me in voting for Barack Obama in November.

Let it go

"Character Counts" concept. The candidate lost by a 21 percent margin, not 21 votes, Instead of trying to instigate a witch hunt, they should try giving a good example to the Canton community by being gracious losers. Nothing is ever gained by divisive tactics and hurtful innuendos. That was made abundantly clear by the results of the primary election.

Let it go — have a little class — and remember character counts.

Band was awesome

Without question I think everyone would agree that the High School Band was awesome at the recent Canton-Plymouth football game on Friday, Sept. 12.

As residents of Plymouth we have only seen the band perform at the parades in Plymouth. I have often wondered why the band did not play at home football games. The band did a great job, the get along and will end up settling for the lesser of the two media-endorsed candidates. This is truly a wasted vote. Think about it carefully. Turn off *American Idol* and study who is really going to effect change to restore our republic.

Nancy Spencer Canton Lower the drinking age

I just finished reading the "Our Views" article in the paper. I felt the need to voice my opinion on the subject.

I am in total agreement with all the people who have joined the initiative to lower the drinking age to 18. We have such a double standard in this country that's so ridiculous, it is almost funny. You feel that people at the age of 18 are not responsible enough to drink. These are the same people that are serving in our armed forces and dying every day so that you can voice that opinion.

Two weeks ago, the Michigan Legislature passed a compromise energy package that won the support of Michigan environmental groups and the state's two largest energy companies, Consumers Energy and DTE Energy.

It is not perfect legislation and has raised objections. Energy brokers are concerned about returning the big energy companies to a regulated monopoly, with 90 percent of the state's energy consumers. They argue that energy choice hasn't been given a fair trial. Others complain that the energy companies can make rate changes without prior approval of the Michigan Public Service Commission. Some argue that Michigan should be moving more aggressively on alternative energy.

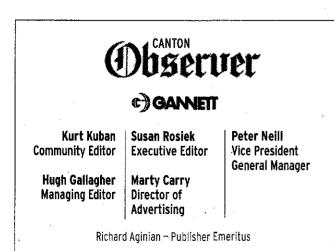

And no one is happy that residential energy bills will be going up. The new legislation shifts some of the burden from industrial and commercial enterprises to residential customers, who have been subsidized by business customers.

But rates would have gone up anyway. The legislation moves Michigan into a better competitive position with other states and finally makes an effort to set a renewable portfolio standard (RPS) and create an energy-efficiency program.

Consumers and DTE wanted customer stability so they could seek loans to build new power plants to replace dated, inefficient plants, coal and nuclear. Environmentalists wanted the RPS and efficiency programs to make the state less dependent on coal-fueled electrical power plants.

Under this legislation, they all get something.

The energy companies must supply 10 percent of the energy they generate from renewable sources (solar, wind, biomass, etc.) by 2015. Energy efficiency programs require a 1-percent annual reduction in electricity demand by 2012. These steps could ultimately lower energy costs in addition to creating cleaner and more efficient energy.

Our fundamental purposes are to enhance the lives of our readers, nurture the hometowns we serve and contribute to the business success of our customers.

Robert K. Nelson Canton

It was an exciting game between Canton and Plymouth and having the sounds of the band certainly encouraged louder school spirit.

Effective change

Every day "we, the people" are inundated with irrelevant election and mudslinging nonsense. Ads that keep touting how our country needs "change" are nothing more than pure lip service.

Reactionary fixes to festering problems have had cataclysmic results. The financial news of this past week has proven this out and will continue to do so.

There is one (former) candidate who has been warning us and Congress for years about what has recently occurred in the financial markets. He was ridiculed throughout the 2007 debates. He has suggested real market solutions to remedy our "critical condition" economy, incomprehensible deficits, the unconstitutionality of direct taxes on our wages. the unconstitutional control of our monetary system by a private foreign corporation (which is not federal nor has any reserves), the real cause of price inflation (another tax) and, of course, our ineffective foreign policy which has diminished our once-strong national defense into an aggressive international offense.

Although he suspended his campaign in June, this great American began a new, perpetual campaign entitled "Campaign for Liberty." Enter Ron Paul. Some media label him as a radical. This is interesting because our founding fathers were also considered radicals in their day. Defined, "radical" can also mean to get to the "root" of something ... like all of the above issues currently plaguing our great country.

As usual, most voters just go along to

QUOTABLE

pay the same amount of taxes as you. They are held to the same laws as you. They are married and have the same responsibilities as you. They have to support their families like you, but you don't think that they are responsible enough to drink.

These are the same young people that

Am I the only one that sees something wrong with this?

Don't you think that if they're not responsible enough to drink then they should not have to pay taxes, fight our wars and be held accountable for all the other things that they are until they reach the age of 21? If they cannot have a beer until they are 21, then the rest should not apply until they are 21.

I also see where they want to restrict driving until the age of 17. So I can't drive until I am 17, but the minute I turn 18 I can ship out and maybe die for my country. How sad.

I am 63 years old and when I shipped out to Vietnam from California I was 20 years old. I had to stop a guy on the street to go in and buy me a six-pack. Four days later, I was in Vietnam. Do you not see something wrong with this?

It offers physicians a gateway into a new understanding of basic human biology and a fantastic array of new techniques to bring better health care to their patients.

And it can provide a major economic stimulus to Michigan's lagging economy. A conservative estimate says that

it would add 8,000 new jobs and \$490 million to payrolls throughout the state.

Yet Michigan physicians who want to use this powerful new tool face serious jail time simply for wanting to help their patients.

That's what Proposal 2 on the Nov. 4

Michigan ballot wants to change. It will finally unshackle our best doctors and our best scientists to pursue the most promising opportunities for advancing the cause of medicine.

Proposal 2 would allow Michigan physicians and scientists the freedom to pursue cures through embryonic stem cell research, just like doctors in 45 other states.

Who could possibly be against bringing new hope and healing into the world?

The answer is simple: People who want to impose their own narrow values on others. who have decided their lack of compassion and understanding should stand in the way of suffering patients finding comfort and care.

We have already seen that the opponents of Proposal 2 will not let the truth stand in their way. It's science against cynicism. They have lots of money; they have created a small cottage industry of deception - a dissembling line. And they will use it shamelessly to distort the truth and buy votes.

Let's start with their lies:

88371491

Taxes: Proposal 2 does not ask for one penny of tax dollars. In fact, by providing economic stimulus, it will save each one of us in Michigan money.

Cloning: Proposal 2 specifically outlaws it. Unregulated science: Embryonic stem cell research is already strictly regulated at the federal level. Proposal 2 adds another layer of ethical safeguards. Embryos can only come from fertility clinics, when they can no longer be used for reproduction and when the donors offer their consent.

Embryos for sale: Proposal 2 specifically prohibits it. Researchers can only use frozen embryos languishing in fertility clinics that would be otherwise discarded. By law, there can be no payment.

Forget the hype: the science of embryonic stems cells is very simple. Fertility clinics create embryos in test tubes, far more than can ever be implanted in female donors. Remaining, unneeded embryos are frozen for storage. Eventually they are tossed out.

Embryos are tiny things, the size of the period at the end of this sentence. They contain 150 or so cells, including the embryonic stem cells. They could not survive on their own. But their stem cells have immense power and immense potential to save lives, because of their innate ability to produce every other type of cell in the human body.

Think of the opportunities that affords medical scientists. They can take embryonic stem cells and use them to grow endless amounts of tissue in a test tube, which can be put to work repairing or replacing damaged and dead cells in their patients. For instance, medical scientists could grow spinal tissue that can help the injured walk again. Or they could grow pancreatic cells as a source of insulin so that a child with Type 1 diabetes no longer has to endure injections every day.

Physicians can also model diseases — that is, they can develop cells that have a certain disease, such as cancer or diabetes - and then test countless possible medications to identify ones that are effective treatments or cures, in far shorter time than the methods they have now. That speeds up the time for getting lifesaving treatments to desperately ill people.

So the question comes down to this: Whom do you believe? Doctors and scientists who are desperately trying to save lives and who pray every night to have the power to create cures for their patients? Or people who care more for their own narrow beliefs than the very real pain of sick or injured people?

Do we want cures or scares?

No wonder embryonic stem cell research has wide support across this nation. Recent surveys show that 68 percent of Americans support it. Embryonic stem cell research has the backing of the American Medical Association and the National Health Council. And it has the bipartisan blessing of both presidential candidates, Sens. John McCain and Barack Obama.

But now, more than ever, it needs your support, too.

healing and cures.

mer Republican U.S. congressman and Michigan legislaing the ballot proposal.

Proposal 2 would allow unregulated experimentation

s a person living with metastatic cancer. I would love as much as any our cures and new treatments for diseases I would love as much as anyone to find and illnesses. However, Proposal 2 will not provide the answers promised by backers.

Instead, Proposal 2 goes too far because it is deceptive and is being presented with emotional and dishonest appeals.

In November, Michigan voters will be voting on Proposal 2, but its language has nothing to do with finding cures or with stem cell research. I'm opposed to Proposal 2 because it removes state and local oversight of experimentation involving live human embryos or

Pat McDonald embryonic stem cells.

I urge voters to read the fine print of Proposal 2, and not merely rely on the packaged description of the amendment offered by its proponents.

This proposed constitutional amendment provides that no state or local law may prevent, restrict, obstruct, discourage or provide disincentives to any embryonic stem cell research. In other words, no laws would apply to embryonic stem cell research.

I would like to clarify a few misconceptions on Proposal 2. First, embryonic stem cell research is not illegal in Michigan. Forty scientists are currently conducting human embryonic research at the University of Michigan alone.

Second, this constitutional amendment does not ban human cloning.

And third, those of us who are opposed to this proposal are not opposed to all science related to stem cell research.

Human embryonic stem cell research is already legal in Michigan. Research has been conducted on human embryonic stem cells for years, primarily at the University of Michigan Center for Human Embryo Stem Cell Research, one of the largest research centers in the country. Proposal 2 would allow unregulated and unrestricted research, not only on stem cells, but also on human embryos.

Proposal 2 does not place a human cloning ban into the Michigan Constitution. It does state that nothing shall be interpreted to "alter" the statute that is currently on the

There is nothing in the proposal that protects Michigan's existing statutory ban on human cloning.

Supporters of Proposal 2 told the Detroit Free Press that the ban on human cloning could be revisited once the general public becomes more familiar with the science. Quite obviously, their intent is to pursue eliminating Michigan's ban on human cloning.

Finally, MI-CAUSE supports science, but with reasonable restrictions and regulations.

Inserting language in the state Constitution that allows for unrestricted and unregulated scientific experimentation is bad policy and creates a horrible slippery slope that is next to impossible to reverse or control.

If Proposal 2 is passed, state law would not be able to regulate matters of commerce, patient safety, record keeping, donor and recipient privacy and other unforeseen issues. If a business were involved in stem cell experimentation that utilized hazardous viruses or animal DNA, the state would be prevented from overseeing it.

Certainly, any industry that does business in our state should be subject to laws and requirements that state and local governments and the people of our state feel are necessary. Industry centered around human embryonic research should be treated no differently.

In fact, the nature of the industry demands that the most stringent and exacting laws and regulations be in place as they are in other states.

Regardless of how pure the motives of its practitioners, regulations and restrictions do have a place in science and research, Unfortunately, Proposal 2 fails to include regulations and restrictions to prohibit human embryo experimentation.

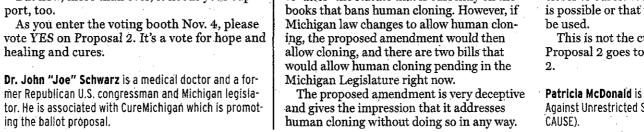

Science involving adult stem cells and induced pluripotent stem cells continues to make great strides and can produce discoveries that make our lives healthier and more productive. Personally, new discoveries that may help anyone who has cancer or another disease or illness would be wonderful, but I do not believe Proposal 2 is the avenue we should take to find new treatments and cures.

Likewise, the people of Michigan should not be fooled by claims that unregulated and unrestricted experimentation can bring us closer to cures. We're too smart to believe this is possible or that this is how science should

This is not the cure Michigan needs. Proposal 2 goes too far. Vote NO on Proposal $\mathbf{2}$.

Canton's offense was running on all "kill" inders during Tuesday night's cross-campus volleyball match with Plymouth.

Led by junior sensation Jordan Kielty's 22 kills - all set up by senior Kacy Moran's pin-point feeds -- the Chiefs swept the Wildcats 25-14, 25-19 and 25-19, on a night when Canton's usually reliable defense struggled to find its groove.

"Offensively, Kacy and Jordan worked well together up front," said Canton coach Jen Barnes, whose team improved to 16-4 overall and 2-1 in the KLAA South Division. "Normally, we're a strong serve-receive and defensive team, but tonight we weren't in the right spots, we weren't moving our feet and we weren't talking.

"This was our worst match of the season by far."

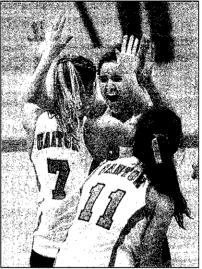

Unlike Canton, Plymouth's woes were mostly the result of an inconsistent passing attack that nullified some stellar defensive efforts.

"I was impressed with our defense tonight, but we still weren't clicking offensively," said Plymouth coach Kelly McCausland, whose squad dropped to 9-7-3 overall and 1-2 in the South Division. "We're not putting balls away that we should.

"I think we have some of the best passers in the league. Some days, our passing is unbelievable -- like target passing. But tonight our offense was off just a little."

After winning the opening game handily, the Chiefs surged to an 18-12 lead in Game 2 before the Wildcats strung together a 5-0 run to cut their deficit to 18-17.

The catalysts for the revival were Erin O'Connor, who picked up four straight service points - the last an

Chiefs closed out the game with a 5-1 run.

Game 3 proved to be an entertaining battle for the large crowd that jammed the east stands in Canton's Phase III gymnasium.

Neither team led by more than three points until the Chiefs broke open a 16all contest by outscoring the Wildcats 9-3 down the stretch.

The winners put a wrap on the night in appropriate fashion with Kielty and Torry Riley powering no-doubt kills into the Plymouth side of the hardwood court.

Kielty added 13 digs to her 22-kill night. Moran racked up 28 set assists and 16 digs while Riley posted six kills.

Shelby Anthony also sparkled for the Chiefs, recording 14 digs - including a spectacular diving effort that led to a Kielty kill late in Game 3 - and four. service aces.

Senior captain Gina Waite added 11 digs for the Chiefs.

comes out and plays with an extra drive against us because they want to be the team that beats the No. 1 team in the state. We have a big target on our backs, so we have to play that much harder and we can't get big heads."

Love at first kick

Radosevich said the sport has appealed to him since he first laced on a pair of soccer cleats in first grade.

"I like that it's such an unpredictable

sport," he said. "Any team can beat any other team on any given day. I like the intensity that comes with every game we play, too. There's more intensity in the high school games than the club games because there's so much at stake. One loss can really ruin your season."

Radosevich is one of the few Rocks — one of the few high school players period — who plays — with the exception of blow-outs — every minute of every game.

The iron man responsibilities require supreme conditioning, something the three-year starter takes pride in. "Jeremy and I both usually play all 80 minutes, so we have to be in extremely good shape," he said. "We probably run anywhere from three to five miles each game I'd guess, so conditioning is very important."

Middle of the action

While his position isn't as glamorous as forward or goal-keeper, Radosevich couldn't be happier with his role.

"The mid-fielders are like the engine of the team," he said. "If a team doesn't have a decent mid-field, it can get dominated.

"Jeremy and I have been playing

together since we were 12, so we know to stay back if the other one is making a run and stuff like that. We work pretty well together."

Among Radosevich's non-soccer interests is music. He plays the drums in a band he made up with a few friends called "The Reggies."

If Radosevich and his fellow Rock kickers continue to live up to their No 1 ranking, "The Reggies" had better start practicing a potential theme song come November: "We Are the Champions."

Canton's Kara Gregory lines up a putt during Monday's match against Plymouth.

Osburn drives Chiefs past 'Cats

Canton's girls golf team remained in the hunt for a Kensington Lakes Athletic Association South Division title Monday by upending cross-campus rival Plymouth, 199-247, in a match played at Fox Hills Golf Course in Plymouth Township.

The Chiefs, who improved to 6-1 with the triumph, lost a heartbreaker to Livonia Churchill on Tuesday to fall two games behind the first-place Chargers.

Senior Chelsea Osburn paced the victory over the Wildcats with a round of 44, two strokes better than teammate Kara Gregory. Also scoring for Canton were Michelle Nagy, who carded a 55,

Wildcats' division title hopes dashed by Chargers

Observer & Eccentric | Thursday, October 2, 2008

BY ED WRIGHT OBSERVER STAFF WRITER

Plymouth's bid for a **Kensington Lakes Activities** Association South Division title hit a bump in the path Tuesday.

The Wildcats' perfect season was upended by Livonia Churchill, 24-35, in a dual meet held at Cass Benton Park in Northville. The loss dropped Plymouth's record to 3-1 while the Chargers improved to 4-0.

"We knew it was going to be tough going in," said Plymouth coach Mary Kerwin. "I was pleased with how competitive the girls were today. They didn't approach the race as if they were going to get beat. Churchill was just the better team today."

The Wildcats' top three runners – Molly Slavens (20:12), Nicole Traitses (20:13) and Kelly Hahn (20:15) - were bunched together in third, fourth and fifth, respectively. Tricia Pniewski (11th in 21:23) and Adrienne White (12th in 21:33) rounded out the scoring for Plymouth, which was missing senior co-captain Beth Heldmeyer.

On Saturday, the Wildcats placed fourth in the ultra-competitive Haslett Invitational,

GIRLS CROSS COUNTRY

which was won by East Grand Rapids (80 points). Plymouth finished with 112 points, within breathing distance of thirdplace Dearborn (103) and fourth-place Ann Arbor Huron (105).

"This was a highly competitive invitational," said Kerwin. "My top four girls ran in the 19's and my fifth and sixth were in the 20's — and we still finished fourth."

The highlight of the afternoon was the performance of Slavens, who recorded a school-record time of 19:11, which was good enough for 11th place. Also scoring for Plymouth were Traitses (19th in 19:33), Heldmeyer (22nd in 19:37) and Hahn, who placed 23rd in 19:43. Julie Forster rounded out Plymouth's scoring with a 37th-place effort in 20:26.

Chiefs 2nd in Ypsi

Canton's girls cross country team recorded its third runner-up finish of the season Saturday when it placed second at the Ypsilanti Invitational. The Chiefs earned 51 points, 25 more than first-place Ann Arbor Pioneer.

Brighton placed third with 72 points, Saline was fourth with 86 and Livonia Ladywood was fifth with 159.

(CP)

Canton's Bianca Kubicki won the race with a time of 20:12, 20 seconds faster than Pioneer's Amy Boudreau. Also scoring for the Chiefs were Rachel Rohrbach (fourth in 20:43), Sarah Thomas (fifth in 20:55), Abigail Gorzalski (17th in 21:51) and Emily Southern (24th in 22:10).

Cassie Kramer and Kaitlin David placed 36th and 39th, respectively.

Salem 6th in Haslett

The Rocks placed sixth at Saturday's 22-team Haslett Invitational with 173 points, 93 more than champion East Grand Rapids.

A pair of Rocks medaled: Victoria Tripp, who placed 18th in 19:30; and Kelley Determan, who was 24th in 19:45. Also running well for Salem were: Kelly Kerwin (41st in 20:31), Shannon Griffiths (44th in 20:35), Linda Ling (46th in 20:36), Kara Booms (47th in 20:37) and Phoebe VanHoof (61st in 21:04).

Plymouth's perfect season rolls on

BY ED WRIGHT OBSERVER STAFF WRITER

The Plymouth boys cross country team's magical season continued Tuesday afternoon at Cass Benton Park in Northville. That was the site of the

Wildcats' latest conquest - a 24-31 victory over Livonia Churchill that all but wrapped up the Kensington Lakes Activities Association South Division crown.

The triumph improved firstyear coach Jon Mikosz's squad to 4-0 in the division. The Chargers slipped to 2-2.

The Wildcats were paced by Elmar Engholm, who placed first in 16:37. He was followed by runner-up Derek Lax (17:11).

BOYS CROSS COUNTRY

– Elmar and Derek – but the key for us has been our fifth runner, Joe Porcari, who has been beating the other teams' fifth runner consistently. We thought going into the season that the fifth spot may be a weakness, but it's turned into a strength for us."

Also scoring for Plymouth on Tuesday were Warren Buzzard (fifth place in 17:20), Matt Neumann (seventh in 17:24)

and Porcari (ninth in 17:40). Mark Waterbury and Matt Szado finished third and fourth, respectively, for Churchill with times of 17:15 and 17:17.

On Saturday, the Wildcats won the Divine Child Falcon

runner, finishing third in 16:45.9. Also scoring for the champions were Buzzard (fifth in 17:02.8), Neumann (sixth in 17:03.6), Porcari (10th in 17:29.0), Jimmy Eiben (21st in 17:56.5) and Stephen Balaze (24th in 18:03.3).

Canton humbles Wayne

The Chiefs streaked to a lopsided 15-50 victory Tuesday over the Zebras, who suited up just four runners.

The first 11 runners to cross the finish line were wearing red and white. Kyle Clinton was first in 17:40 followed by Duncan Spitz (17:51).

Also scoring for Canton were Greg Reed (18:12), Mitch Clinton (18:23) and Mike

and Erin Lixie, who fired a 54. Plymouth's scorers were: Leann O'Shaughnessy (58), Stephania Sgambati (61), Liz Cizek (63) and Chloe Marentic (65).

Plymouth's Liz Cizek cuts loose on a drive during Monday's match against Canton.

Wildcats fall to Churchill, 4-1; Rocks top South Lyon

BY BRAD EMONS **OBSERVER STAFF WRITER**

Livonia Churchill has booked its spot in the first-ever Kensington Conference boys soccer championship match.

The Chargers, unbeaten in their last 12 games, clinch the KLAA-South Division title. outright Tuesday with a 4-1 win at Plymouth.

Churchill, 11-2-1 overall and 9-0 in the KLAA-South, will travel Monday, Oct. 6 to play either KLAA-Central Division champ, either Livonia Stevenson or Salem, for the conference crown. (Game time is 7 p.m.).

Jakub Herout, an exchange student from the

PREP SOCCER

Czech Republic, had a pair of goals for the victorious Chargers, who bolted out to a 4-1 halftime lead over the Wildcats (6-8-1, 3-5-2).

Chris DeNapoli and Matt Regan also tallied goals for the Chargers. Assists went to Etienne Lussiez (on a crafty flick to Regan just two minutes into the match) along with Erik Bird, Simon Bank and Ben Merritt (on a cross to Herout).

Plymouth's Vinh Nguyen scored for the Wildcats midway through the first half to make it 1-all.

SALEM 4, SOUTH LYON 1: The Rocks improved to 15-0-4 overall and 6-0-3 in the KLAA Central.

Matt Woster, Sal Savage, Josh Pascarella and Garrett Rogers scored goals for the winners while Will Allen picked up his fourth consecutive victory between the pipes.. Salem led 3-0 at the half.

CANTON 9, WAYNE 0: Senior Joey Krizanek scored four goals and senior Sherif Hassanien added two Tuesday as the host Chiefs (10-4-3, 7-2) mercied Wayne Memorial (0-14-1, 0-9) during the second half in a KLAA-South Division encounter.

Senior Kyle Breitmeyer added a goal and

assist for Canton, which led 4-0 at halftime. Freshman Mitch Posuniak and senior Josh

(CP)

Rockets end Steelers' four-game streak

The Farmington Rockets curtailed the Plymouth-Canton Steelers varsity squad's quest for a perfect season Sunday when they handed the gold and black their first setback. 40-30. Avery Simms and Joshua Mayberry played well on the offensive side of the ball for the Steelers while Austin Sylvester, Camerson Dillard and Jonathan Moore shined for the defense. The special teams' highlight was Michael Kennedy's kick-off return for a TD.

B8

(CP)

The junior varsity Steelers dropped a 26-12 decision to the host Rockets. Shining for the Steelers' "Black" offensive line were Ryan Broughman, Bradley Deeg and Nick Lanava. Lucas Callahan proved to be an intimidating force for the P-C defense. Jacob Marsh played well on both sides of the ball and Christian Mayberry was instrumental in stopping the

JUNIOR FOOTBALL REPORT

Rockets' running game.

The Steelers freshmen unit dropped a 19-18 squeaker to the Rockets despite strong blocking from David Dart, Jr., Ethan Pearce and Nicholas Saker. Joey Ahearn, Jacob McKinnon and Christian Pearson all proved to be stalwarts on the defensive side of the ball.

The Steelers junior freshmen defensive unit sent a message to the Rockets on the first play from scrimmage, forcing and recovering a fumble. Offensively, Steven Barlow, Chase Cunningham, Ian Gozdor, Justin Kuhn and Cameron Smith opened gaping holes for the running backs.

Lions remain perfect

The Canton Lions varsity squad extended its unbeaten season to 5-0 Sunday with a 44-22 triumph over the Belleville Cougars. Spearheading the win were offensive linemen James Dodge and Austin Banfield, who opened huge holes for Malcolm Hollingsworth (four TDs). Quarterback Jamarl Eiland threw a TD pass to Nate Emminger, who added a kickoff return for a TD. Defensively, the winners were paced by Wally Turner, Alex Smith, Lucas Bunting, Brandon Lee, Cody Korpus and Brendan Swanson.

The Lions JV contingent fell 20-14 to the Cougars despite a 46-yard scoring pass from Evan Thomas to James Hall and a 4-yard scoring hook-up from Allante Wheeler to Hall. Defensively, Charles Turfe, Daniel Jipping, Forest Hall, Daniel Kilgore, Kenny Arnold and Kyle Murray all played well.

The Lions freshmen dropped

a hard-fought 20-14 decision to the Cougars. The Lions drove to the Belleville 4-yard line in the waning seconds, but couldn't punch in the goahead score. Providing spirited efforts on the defensive side of the ball were Jackson Austin, Matthew Wayne, David Mason and Kyrece Smith. Offensively, Mason Robichaud, Eric Daniels and Patrick Wayne provided outstanding blocking.

The Lions junior freshmen turned in perhaps their best showing of the season behind the strong running of Spencer Brown. Guido Constantino chipped in with strong running between the tackles. Kollin Murray excelled on long-snaps and Jack Underwood was flawless from the center position. Other key Lions were Devin Farmer, Trevor LaPere, Cody Tapp, Mason Lamarand, Mathew Palukas and Luke Bonifacio.

PC gridders win third straight

The Plymouth Christian football team improved to 3-1 in its inaugural season Saturday with an impressive 21-0 victory over the Flint Warriors.

The Eagles' offense was engineered by quarterback J.R. Hope, who completed 4-of-9 passes for 78 yards. Hope's primary targets were receivers Matt Sauter and Brian Beach.

Pacing the winners' 200yard-plus rushing attack were Jordan Allen, who scored a pair of touchdowns, and Douglas Malcolm, who tallied one. Spencer Wiard converted all three of the Eagles' extrapoint attempts.

The Eagles registered four interceptions on defense, one each from Andrew Weaver, Joe Greff, Jordan Early-Pitts and Wiard.

Zachary Hare and Eric Jipping recorded quarterback sacks while Blake VanTiem and Sauter led the team in tackles.

Plymouth Christian returns to action Saturday against North Branch.

The 3 p.m. game will be played at Whitmore Lake High School.

http://www.ewashtenaw.org/ government/treasurer/MFP Some local resources for people who are facing foreclosures.

The Michigan State Housing Development Authority, which can be reached from the Michigan: Save the Dream link shown above, offers this information on home loans: Q. How can I find out who my lender is and how to contact them?

A. The name of your lender (or servicer) and their address and phone number should be listed on your monthly mortgage statement or

mortgage coupons. Q. What is the difference between a lender and a servicer?

A. When you first obtained your mortgage loan you worked with a lender. They provided the funds for your loan. A servicer collects your monthly mortgage payments and if you have an escrow account they also pay the taxes and homeowners . insurance on your behalf. The servicer may be a different company than your original lender. The term lender and servicer are often used interchangeably, but you should always contact whatever company you are sending your payments. Q. What information should I have when I call my lender?

A. You should have your account number (from your mortgage statement or coupons), be able to briefly explain your situation, have a copy of your paycheck stub or other income information and a list of regular household expenses. Q. What is foreclosure?

A. Foreclosure is a legal process where a bank or mortgage company can take back your home in order to satisfy your mortgage loan to them. If you fail to make your mortgage payments (including first mortgages, second mortgages, and home equity lines of credit) it can result in a foreclosure. A foreclosure can also be due to non-payment of real estate property taxes.

Q. How many payments do I need to miss before | lose my home?

A. After one missed payment on your mortgage, you are in breach of your agreement with your mortgage lender. Although most lenders do not start foreclosure proceedings after only one missed mortgage payment, late charges apply and over time can add up. If you continue to miss your payments it will make it harder for you to catch up. Most lenders will start the foreclosure process after you are three payments behind. Q. My lender has started foreclosure proceedings. What should I do?

A. Immediately contact an attorney and/or a MSHDA-approved foreclosure prevention counselor in your county. Many Michigan counties have lawyer referral services that can assist you in finding an attorney.

president/business banker at a Chase site in Wayne, told Westland Rotarians of customers who get a check in the mail saying they've been hired to be a secret shopper. They're asked to send money via Western Union.

"I think what it preys on is a person who really needs the money," said Jahner, speaking Sept. 18 to the Rotary at the Wayne-Westland Salvation Army. One customer lost \$5,000 in such a scam.

You also need to avoid foreign lottery come-ons, the

amount of sale for a car, and was asked for the difference. "He's out the car," Jahner said.

Cashier's checks are often counterfeited, with sophisticated printers in the hands of criminals.

The Chase bankers were asked about time needed for checks to clear. "You have to put it in an account and give it a few days to clear," he said.

Cornwall, a Westland John Glenn High School graduate, said some issuing banks have 800 numbers business people can call to verify checks.

an income tax refund check that turned out to be bogus. Cornwall urged the business people to use debit cards, credit cards and even cash.

Jahner said businesses can use a service which provides names of people who've written bad checks in the past. "I'd probably look into TeleCheck," which helps to verify checks, he added.

Local police departments and the Michigan attorney general are sources of help for bad checks issued to businesses. "You take that check, you're regularly.
