Canton resident Chris Carrington is the general manager of Grizzly Peak Brewing Co., in Ann Arbor.

A head for brew

Canton man manages state's top brewpub

BY DARRELL CLEM **OBSERVER STAFF WRITER**

Carrington loves beer — and not just the taste.

While many beer connoisseurs are content to belly up to the bar for a cold one, it's a matter of reputation and economics for Carrington, 31.

He works as general manager of Grizzly Peak Brewing Co., a popular Ann Arbor gathering spot singled out as Michigan's top-selling brewpub three years in a row by the Michigan Beer Guide.

Grizzly Peak sold 1,617 barrels of beer in 2008, outpacing its nearest competitor by more than 169 barrels. In simple terms, that's 401,016 pints brewed on-site and sold last year alone.

Grizzly Peak - a place as beloved by its regulars as television's once-famed Cheers bar last year topped its own previous record of 1,529 barrels sold.

"I'm extremely proud," said Carrington, who began his career as a 16-year-old dishwasher at a Grand Rapids restaurant. "We've built a good name for ourselves."

He has good reason for his

pub pride, considering that Grizzly Peak, located at 120 W. Washington, relies on a sevenbarrel brewing system compared to lesser-selling brewpubs with as many as 10 or 15 barrels.

Carrington cited the Grizzly Peak Pale Ale as the bar/restaurant's most popular beer among nine selections, although Victor's Gold, Steelhead Red and others have their share of fans.

"It's all brewed here," Carrington said.

And now, Grizzly Peak finds itself amid an Oktoberfest celebration which runs through Oct. 22, featuring seasonal beer such as an Oktoberfest lager and special menu items such as Bavarian pork chops, beer-braised brats, pretzel-crusted salmon and chicken schnitzel.

Just recently, Grizzly Peak and another Ann Arbor brewery, Blue Tractor, sponsored a pre-Ocktoberfest event that included shutting down part of Washington Street and bringing in live music.

Carrington, who lives in the Lilley-Warren area of Canton, said the ongoing Oktoberfest celebration also features limited supplies of special-edition pint glasses that patrons can buy for \$5 and refill for \$2 off regular prices through Oct. 22.

Grizzly Peak has been in business for 14 years and employs some 80 people, including part-timers and full-time staff. Carrington said one of his biggest challenges as general manager is making sure the brewpub is properly staffed.

Grizzly Peak's regular menu offers 11 entrees plus sandwiches, pizza and appetizers. One of the hottest items is the Brewery Steak Sandwich, served between crispy potato cakes with melted cheese, bacon and porter crème fraiche.

Carrington said. Managing the brewpub is a job

"It's extremely popular,"

he loves.

"I like the fact that it's a brewpub," he said. "I'm a big beer guy, and this is my style of restaurant. We have some people who come here every day and others who come in maybe three times a

"I like the interaction with people," he added. "There's never a dull moment."

Sysco stays put with expansion

BY DARRELL CLEM **OBSERVER STAFF WRITER**

Sysco — a company that sells, markets and distributes food products to schools, restaurants, health-care facilities and other entities — is expanding in Canton amid promises by officials to make infrastructure improvements near the site.

Sysco, which employs about 600 workers on the township's southeast side, had earlier considered moving out of state rather than enlarging its facility northwest of Van Born and Haggerty roads.

But the company plans to stay near the I-275 corridor — and indeed is nearing completion of an expansion - after township, county and state officials offered to resurface Van Born near Sysco's property and add a turn lane into the site to improve traffic safety.

The effort to accommodate Sysco's expansion comes as officials, concerned about losing more jobs in Michigan's beleaguered economy, lobbied successfully to retain the company and its local workforce.

"This is huge," Canton Municipal Services Director Tim Faas said. "It's good for Canton, it's good for Wayne County and it's good for the state of Michigan."

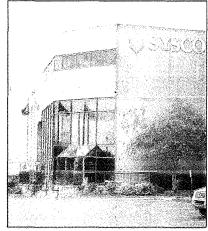

The pending road project is expected to cost about \$850,000, the bulk of it coming from federal dollars funneled through the state.

Sean McCausland, executive vice president of Canton-based Sysco Detroit, said the improvements to Van Born Road will boost safety for motorists and some 200 trucks that each day bring in supplies and deliver products to customers such as Plymouth-Canton and Wayne-Westland schools.

"This is huge from a safety perspective," he said.

Sysco is nearing completion of a 70,000-square-foot addition to its 375,000-square-foot facility,

Forum lets voters hear from school hopefuls

BY BRAD KADRICH OBSERVER STAFF WRITER

Voters wanting to hear directly from candidates in the Plymouth-Canton school board race get their chance next week.

The League of Women Voters of Northwest Wayne County hosts a candidate forum Thursday, Oct. 8, at Plymouth City Hall (corner of Main and Church in Plymouth) in the second-floor city commission chambers. The forum starts at 8 p.m., and is expected to last about an hour (it is preceded by a similar forum for the Plymouth City Commission race).

Four of the five candidates for the three fouryear seats available on the Plymouth-Canton Community Schools Board of Education incumbents Judy Mardigian and Barry Simescu and challengers Larry Martin and Adrienne Davis - have agreed to participate. Candidate Eric Bacyinski has a business commitment and

John Jackson, running unopposed for a twoyear term, will also participate.

The League of Women Voters, a non-partisan,

public service organization which never supports or opposes any candidate, will use the format they've traditionally used for such forums.

Candidates will be allowed a one-minute opening statement, a one-minute response to each question and a two-minute closing state-

Questions will come from the audience (who will submit them in writing to be asked by the League moderator). Anyone who would like to pose a question but cannot attend can e-mail a question to lwvmail@yahoo.com.

The forum is being filmed by the Plymouth City staff, for which we are very grateful," said LWV president Paula Bowman. "We will be working with them to circulate tapes to Comcast and WOW so it can be viewed multiple times by the public."

In addition to the candidate forum, the League is preparing a non-partisan Voter Guide. It will be available on the league's Web site by Oct. 8, and a limited number of print copies will be available at the libraries in early October.

Marines get helping hand from car club

BY DARRELL CLEM **OBSERVER STAFF WRITER**

A Canton-based classic car club has boxed up 92 boxes of goods to send to Marines fighting in Iraq.

By doing this, we hope it makes them feel good and helps them out," club President Ben Fontana said.

The car club, which draws members from Canton, Plymouth, Westland, Livonia, Redford, Garden City, Wayne and other communities, collected money by charging classic car entry fees during Canton's summer Liberty Fest, among other fund-raisers.

"We don't keep any of this money," Fontana said. "Every penny gets used (for charity). The money is 100 percent donated."

Club members took some of their fund-raising money and went shopping for everything from beef jerky to magazines to toothbrushes.

Last Sunday, they volunteered their time packing 92 boxes inside a Mill Street building in Plymouth that

Club members worked on the project with Debbie Eichholtz, a Northville school paraprofessional who works with special-needs students and whose son, Marine Lance Cpl. Joseph Eichholtz, is stationed in the Japan area. She has helped send items to troops in Iraq for the last 18 months.

Eichholtz said the car club's items will be sent to a motor transport unit known as Truck Company Scavenger in the Fallujah area — a unit that cited a barbecue grill as its top

That's the No. 1 thing they said they needed," Eichholtz said, commending the car club for doing "an amazing job" collecting items for troops.

The car club has 50 members, and some of them are veterans themselves. The club formed about 19 years ago and has gained a reputation for raising money for charity.

Fontana said club members simply wanted to buy necessities that troops could use without spending their own money.

Meanwhile, the club is hopeful that a local business will volunteer to help them pay the cost of shipping the care packages to the troops. To help, call Fontana at (734) 355-6338.

'Good Doctor' makes Barefoot house call

Plymouth-based Barefoot Productions announced a change to its 2009-2010 season lineup for its fall

Neil Simon's classic comedy The Good Doctor will replace the previously slated Mister Roberts for Barefoot's fall presentation due to a scheduling conflict.

Neil Simon's The Good Doctor, while less familiar than some of the playwright's other works, still showcases Simon's natural talent of comedic timing, irony, warmth and cleverness, according to Barefoot founder and director Craig

Set in Russia during the early 19th century, The Good Doctor weaves together nine stories, ranging from the absurd to the heartwarming which are connected by the Writer (Anton Chekhov), who serves as the narrator throughout the play. The stories, adapted for the stage, feature a diverse array

Depicting two scenes from Barefoot Productions' comedy 'The Good Doctor' by Neil Simon are Samantha Lowry (from left) of Novi and Carol Lipinski of Garden City in 'The Governess' and Matt Majzlik of Canton and Sam Williams of Taylor in 'The Drowned Man.'

of characters: a hard-nosed governess; a lady of the evening; a man who earns his wage by "drowning;" a neurotic woman who beleaguers a banker beset with gout; a rakish scoundrel intent on seducing a married woman; an actress ill with fever, desperate for an audition;

appointed dentist and his first patient, a priest; the consequences of an underling sneezing on his superior and a musical duet about unrequited love.

"While we had planned to present another comedy, Mister Roberts, this fall, scheduling conflicts preHane said. "We know that many people were looking forward to that show and we plan to bring it back into our roster soon. In the meantime, we wanted to ensure we offer our audiences what they've asked us for - comedy!"

"Neil Simon's The Good Doctor is a wonderful stage play," Hane added. "I originally directed this more than 20 years ago as a college student and while it is nostalgic for me, I've re-envisioned the entire production, updating it with modern twists and tonguein-cheek humor."

Barefoot's cast, which heralds from throughout metro Detroit, includes Anne Cahalan (Detroit), Joseph Cone (Plymouth); Kristin Heitmeier (Northville); Ken Karges (Plymouth); Carol Lipinski (Garden City); Samantha Lowry (Novi); Jack Parr (West Bloomfield), David Pierce (Plymouth), Cal Schwartz

(Dearborn), Christine Steves (Woodhaven), Sam Williams (Taylor), and Matt and Tim Majzlik (Canton). "The Brothers Majzlik," both of whom reside in Canton, are featured in "The Surgery," portraying an inexperienced young dentist and a painridden priest. The scene is highlighted by a carefully choreographed dance scene which will leave audiences roaring.

While The Good Doctor officially opens Oct. 9 at 8 p.m., Barefoot Productions has teamed with local VFW #6695 to offer a special exclusive sneak peek Oct. 8 at 8 p.m. as a fund-raiser for the VFW chapter. All tickets for this special performance are \$20 with proceeds evenly distributed between the two groups.

"VFW #6695 has been one of our long-time supporters," said Hane. "From donating our theatre seating to their consistent patronage, we wanted a way in which we

OUR VIEWS

Let voices be heard and register to vote

We know it's probably an unrealistic pipe dream, but it would be great to see 100 percent of registered voters in the Plymouth-Canton School District go to the polls for the district's first November election Tuesday, Nov. 3.

The election will have voters determining outcomes in two races. There are five candidates for three four-year terms; incumbent school board member John Jackson is the lone candidate for the single, two-year term available.

Only two incumbents - Judy Mardigian and Barry Simescu — are among the five candidates for the other three seats (the others are Plymouth Township residents Larry Martin, Adrienne Davis and Eric Bacyinski).

In a district that, historically, has had pretty low turnout, we'd love to see the number of voters explode with a November election.

If residents want to be a part of the decisionmaking process, they have to be registered to vote. That's why we're offering this heads-up: The deadline for registering for the November election is Monday, Oct. 5.

There's no excuse for not registering. You can do it at the Canton Township clerk's office at township hall (1150 Canton Center), at the county clerk's office or by visiting any Michigan Secretary of State branch office where you can get a license plate or driver's license and register to vote at the same time. You can even use your computer to download a voter registration form on the Michigan Secretary of State Web site at www.michigan.gov/sos.

Voting is one of the most cherished and fundamental rights in our country. It's guaranteed by the 15th Amendment to the U.S. Constitution and, for women, by the 19th Amendment. Whether you're 18 or 80 and capable of voting, make an effort to vote in the November election. If you can't go to the polls, register to vote by absentee ballot.

Millions of people registered to vote to make a difference at the national level in the 2008 presidential election. Now's your chance to make a difference at the local level by voting Nov. 3. If you're registered to vote, we urge you to be a part of the process. If you aren't registered, we urge you to do it now. You can get more information by calling the cierk's office at (734) 394-5120 or by sending an e-mail on the township's Web site or, better yet, stopping by township hall.

Many times people voice the complaint that they have no say in government. They do have a voice and the way to be heard is by voting. We plan to vote Nov. 3. How about you?

Crisis reactions were professional

For the second time in two months, tragedy struck in Canton Township.

And for the second time in two months, officials handled it in near-perfect fashion.

This time it was the murder-suicide at the Canton Public Library, where 36-year-old Ed Williams shot his wife, 33-year-old Patricia Williams, then turned the gun on itself.

The event came just two months after the train-car collision that claimed five young lives

This time, as on the previous occasion, Canton police and fire officials were quick to respond. They contained the scene, kept it away from as many people as they could and professionally handled what was a messy situation.

Canton Public Library Director Eva Davis and her staff were also quick to respond, closing their doors and helping to shield staff and patrons from as much of the drama and tragedy as pos-

Bringing in grief counselors was a compassionate, empathetic step to take, a step that could have made a difference in people's lives.

For the second time in 60 days, Canton officials showed they're more than up to the challenge of handling crisis situations in a timely, compassionate and professional manner.

Let's hope they don't have to prove it again for a good, long while.

COMMUNITY VOICE

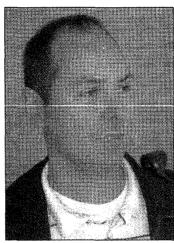

What do you like most and least about the fall season?

We asked this question at the Canton Public Library.

"I like the cider mills, the leaves, walking in the park and the cooler weather, except it means winter is coming."

Sarah Ooms Canton

"I like cold weather the least. I like football the most."

Tom Majeski

"I love when the leaves change colors. It's my favorite season. What I like least is that is has to end." Cynthia Martin

"I like the weather. I don't like to rake leaves."

Hong Zhu

Wonderful place

I am a resident of Dexter and I have visited the Village Theater several times over the last few years, often seeing performances with my children. We love the facility and think each production has been terrific.

Several years ago before moving to Dexter, we contemplated living in Canton. Although we are very happy in our community, we love to visit Canton and know we would have enjoyed living here as well. It's a wonderful place!

McCotter's lead

Unlike others who always want to point out the negative in a situation, I don't see remote town hall meetings as a bad thing, but as an opportunity.

I am pleased to recognize any elected official or president, now and in the future, who embraces the latest technologies available in an effort to remain in close contact with constituents and to help

reduce their carbon footprints. Just like some newer colleges which deliver remote services through virtual classrooms, Thaddeus McCotter can be lauded for using the latest technologies which result in making his office more Earth friendly, while delivering positive solutions, remotely, to residents in his dis-

Customers in my business know I can't be two places at once. But engineers who need immediate help or customers who are planning for the future know that a conference call or online support with equipment is just as good as being there when plans or solutions are needed right

Telephone town halls really are another way that politicians and corporations can help reduce their carbon footprints.

By not flying home to see your family as frequently as you would like, not getting a rental car and unnecessarily burning gas, you really show what it means for a politician to "go green."

Thank you for your personal sacrifice. I encourage all elected representatives to stop wasting unnecessary energy, and work harder for us by following McCotter's

Feisty opposition

I'm not a Republican shill, but I must take exception to the Sept. 24, 2009, letter that castigates and ridicules U.S. Rep. Thaddeus McCotter, "Is McCotter Afraid?"

How much of a majority is necessary for the Democratic faithful? Aren't the presidency and large majorities in the U.S. House and Senate enough for them? Won't they be satisfied until they hold every seat in Congress and can make laws by fiat?

We need a feisty opposition, now and forever, to protect our liberties and to keep the ruling party honest ("Power corrupts and absolute power corrupts absolutely"). Rep. McCotter is feisty and principled. Maybe that's why moveon.org (billionaire George Soros) and the Democrats have painted a target on his back.

Humane voice

Finally, animals have a political voice in Michigan. Humane Voters of Michigan (HVM), a nonprofit organization formed as a political action committee, works to support pending humane legislation in Michigan and supports humane candidates for public office.

To be effective, HVM has to have a large voter base who are willing to vote for good candidates and write their representatives about pending legislation. HVM will publish a scorecard every year on candidates' voting records on animal issues.

HVM encourages Michiganians to write to their senators and representatives to support a bill to stop cruel gas chambers as a way of euthanizing shelter animals (HB 4263), support a bill to end the practice of selling shelter animals to testing labs (HB 4663), support a bill to allow animals on factory farms enough room to turn around in their cages (HB 5127), and oppose a bill to allow factory farms to police themselves (HB 5128/SB 654).

Those who want to get involved or sign an online petition to ban the chaining of dogs can go to humanevoters-mi.org.

Don't buy wool

With the arrival of cooler weather, we all want to purchase new "woolies" to keep

But, before that happens, we should do a little research to find out how this wool is produced. A common source of wool is from Merino sheep, which are bred to have wrinkly skin resulting in more wool per animal.

During hot summer months, moisture collects in the sheeps' wrinkles. Flies are attracted to this moisture where they lay eggs, and when the eggs hatch, the resulting maggots start to eat the sheeps' flesh. To prevent this problem, many Australian sheep ranchers slice off chunks of flesh from around the sheeps' tail area. This bloody procedure is done without the use of pain killers.

This is perhaps more than anyone wants to know about how wool is produced, but it is just one example of the cruelty inflicted on sheep to obtain their wool. There are many alternatives to wool, such as cotton, cotton flannel, polyester fleece, synthetic shearling and other fibers — all of which are cruelty-free. Please keep this in mind as you do your fall/winter shopping.

Save America's Arctic

You've probably seen the videos of the drowning polar bears on Oprah. And you've probably heard that there is a new bill moving through Congress to protect and preserve America's future with clean, green energy. You may not know that America's Arctic Ocean is home to abundant life - polar bears, walruses, ice seals, whales, the Inupiat people and much more. It is a treasure that has been part of our national heritage for generations.

Secretary of the Interior Ken Salazar has pledged to make wise decisions based on sound scientific principles. Along with hundreds of thousands of Americans, I recently urged Secretary Salazar to reconsider the Bush administration's foolhardy rush to drill in our only Arctic ecosys-

Our only Arctic ecosystem. When it's gone, it's gone forever. Please urge Secretary Salazar to come up with a rigorous plan for America's Arctic that will ensure its survival.

Concerned about America

America, what does it mean to you? Do you respect it or do you tear it's name down daily? Do you cherish the freedoms it has given to you or are you ungrateful? Do you care about it or are you too self absorbed to make a difference? Do you worry about the way it's falling or are you ignoring the issues in the country around you?

Well, I'm not willing to sit around and let my country crumble. So it may not make much of a difference to many but, if it makes a difference to one person, I'll have accomplished something. So here's my concerns for our country as a 16-year-old proud American.

America

Our country's morals, Are falling apart. True patriotism has fallen. From many hearts. We used to salute, And respect the flag. Yet now some treat it, As a useless rag. "The Star Spangled Banner," Is our country's song. If asked to sing it, It's often sung wrong. Sadly people buy, Foreign products every day. True devotion to our country, Is quickly drifting away. Our once strong government, Is starting to be corrupt. We need to fix this, And do so abrupt. American families, Are filled with doubt. They have forgotten, What America's about. How can our great country, Be falling so far? Have our citizens forgotten, What convictions are?

Get into art at new Plymouth studio

BY WENSDY VON BUSKIRK CONTRIBUTING WRITER

When it comes to art, kids who are "into it" are finding a new outlet in downtown Plymouth.

Intuit Art Studios, which opened on Wing Street last month, offers private and group art classes in different mediums for kids and adults.

Owner Katra Stubblefield, 29, was inspired to open her shop to share her holistic approach to teaching.

"There is a wonderful pleasure I receive from watching my students glow with pride as they learn more not just about art techniques, but about themselves," she

Intuit Art Studio is stocked with all kinds of materials, from paints, pastels and wax to pencils, ink and clay.

Stubblefield refuses to pick a favorite.

"I literally love it all," she said.
"I enjoy welding, I enjoy doing sculpture. I work in all mediums — painting, jewelry, drawing. I can't pick that's why I don't pick," she said.

Most of her art classes are mixed medium, and tie in a theme. In A Lovely Mess, moms and tots drop in to play with all the materials in the studio for an hour together. In the popular Anime Club, students learn to illustrate in the Anime and Manga cartoon style.

In Art Inventions, kids visualize an invention, write about it, then bring it to life through canvas or clay. It's an example of how Stubblefield aims to teach more than art.

"A large part of what I teach is synchronicity," she said. "I believe teaching art while teaching history and science for example, is imperative for young minds to grasp just how connected the world is. For example, if we're learning how to draw the eye I teach them how the eye sees and how it works so they can draw it better."

Her method of instruction works particularly well in a unique Home School Art Class she teaches for children ages 5-12 on Wednesday mornings.

"In this class there is even more of an emphasis on other topics such as archeology or weather and how they fuse together with art projects," she explained.

GROWING UP WITH ART

Stubblefield grew up outside of Montpelier, Vermont. At age 16, she moved with her family to downtown Plymouth so her father could expand his business as a Japanese Landscape Garden Designer.

"I grew up surrounded by art. As a child my parents always put a special emphasis on the importance of art and how it ties in to the rest of life," she said.

After graduating from Plymouth High School in 1998, Stubblefield studied Fine Art at Eastern Michigan University. She has exhibited work at galleries in Plymouth and Northville, and does paintings and murals on commission. She also taught class-

does paintings and murals on commission. She also taught classes for five years at Awakening the Artist Within in Northville, where she had a large following.

"Adults would come and they would bring desserts and wine and cheese and whatever," she said. "It was relaxation while they were learning art."

As the economy picks up, Stubblefield said she hopes to see more adults enroll at her new studio, but so far children and teen art classes are most popular.

Meredith Yancy, 14, of Plymouth, has taken several classes with "Miss Katra." Currently she's in the Friday night Anime Club.

"My favorite thing to do is marker pieces. In the beginning I wasn't very good at them and I look back and see how I've gotten better," Yancy said, adding that Stubblefield is honest with her criticism.

"She's really nice about it though," she said. "If there's something wrong she shows you how

FILLING THE GAP

Stubblefield said the demand for classes at private studios is growing as more schools cut back on art classes.

"High schools, middle school and even elementary schools are dropping off art," she said. "I hear parents say they might have the art teacher come in with their art cart, or do a crafty project once a week. It's ridiculous. Art is fundamental to human nature. It's a way that people can express everything they see. It kind of unifies everything else a kid learns."

Chiefs nip Wildcats in five-game match

BY TIM SMITH
OBSERVER STAFF WRITER

An intense, back-and-forth KLAA South volleyball match between rivals Canton and Plymouth went the distance Tuesday night.

But the visiting Chiefs — after letting the Wildcats win Games 3 and 4 to even the match — eked out Game 5 by a 15-10 score to take a 3-2 victory. Canton improved to 11-4 overall and 3-1 in the South, while Plymouth fell to 12-4 and 3-1.

Canton actually trailed 5-0 in the deciding game.

"After the big hole we (made) for ourselves, we decided we needed to pull it together," Chiefs head coach Mary Kryska said. "Our passing improved and we were able to actually run an offense and start hitting again."

Sophomore outside hitter Kristen Muir (13 kills, 21 digs, six aces) sparked Canton with an overall strong performance down the stretch, Kryska added.

"We came out strong in Game 5, but a couple crucial kills by Kristen Muir gave Canton the momentum," Plymouth head coach Kelly McCausland said. "Overall, it was an intense and exciting match, but of course I was looking for a different outcome."

Canton senior outside hitter Jordan Kielty (19 kills, 19 assists, 23 digs) was a force to be reckoned with early and Kryska said "everything seemed to click" for the Chiefs thanks to some smart, aggressive play and good communication.

FIGHTING BACK

In Game 2, Canton took a big lead, but had to fend off the rallying Wildcats.

The Wildcats really got it going in Games 3 and 4, helped along by Canton's suddenly inconsistent play.

Plymouth's surge featured crucial blocks by senior middle hitter Kelly Smoltz (11 blocks for the match) and sophomore middle hitter Jessica Scott (four blocks).

"After being down two games, my girls came back with a force to be reckoned with," McCausland said. "They had a 'refuse to lose' mentality in Games 3 and 4."

In addition to the play of Muir and Kielty, Canton was sparked by sophomore middle hitter Alaina Turner (10 kills, seven assists), senior setter Traci Breitmeyer (22 assists) and senior defensive specialist Lauren Macuga (34 digs).

Other top players for Plymouth included junior outside hitters Dani Risi (12 kills, six aces), Kayla Bridge (12 kills, 26 digs) and sophomore defensive specialist Lindsay Stemberger (16 digs).

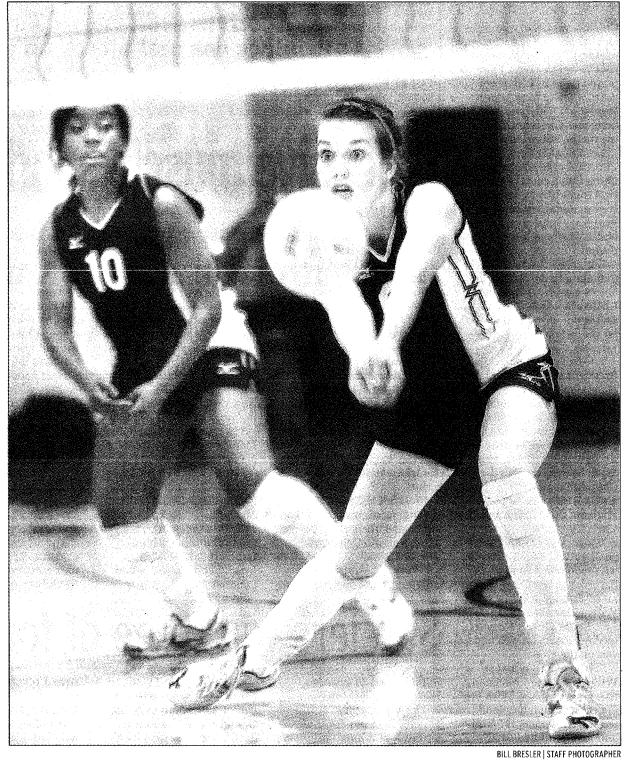

Novi tops Salem

Host Salem dropped a hard-fought KLAA Central volleyball match Tuesday against Novi, with the teams taking turns in the victory column.

The Rocks ultimately lost in five, by scores of 25-19, 20-25, 26-24, 21-25 and 15-10 in the deciding same

"The whole match we were just not consistent." Salem head coach Amanda Suder said.

Now that's concentration. Plymouth Christian's Kristin Malcolm (No. 6) makes sure she bumps the ball over the net Tuesday. At left is teammate Brianna Harris.

Eagles bring hammer down

BY TIM SMITHOBSERVER STAFF WRITER

Abigail Bartes wasn't about to let a one-game slump by her team spoil things Tuesday night for Plymouth Christian's volleyball squad.

The junior libero reeled off two aces among four laser-beam service points to open up the crucial third game against visiting Ann Arbor Greenhills, a team that had just evened the match 1-1.

For good measure, Bartes went on another four-point run later in that game, also featuring two aces, to put the Eagles up 19-15 en route to a 25-20 win. The clinching fourth game was all PCA, 25-12.

Bartes, along with all-around dominant play by sophomore

Kristin Malcolm and big contributions from others, sparked the Eagles to a 3-1 Michigan Independent Athletic Conference

triumph.

The night didn't go exactly as planned for Eagles head coach Kelly Blackney.

After PCA (10-1-1, 4-1) won 25-14 in the opener, the Gryphons (2-10-2) came back behind powerful senior outside hitter Leah Topper (17 kills) to post a 25-18 victory in Game 2.

"I thought we had a letdown in the second game," Blackney said. "I felt they didn't do anything different, we just played down."

SERVICE WITH A SMILE

That's when Bartes went to work. "I was nervous at first," Bartes

said about her game-opening serving prowess that proved to be a springboard for the Eagles. "After I got the first one, I got really confident and all my teammates got me pumped."

Bartes then smiled and revealed her serving secret.

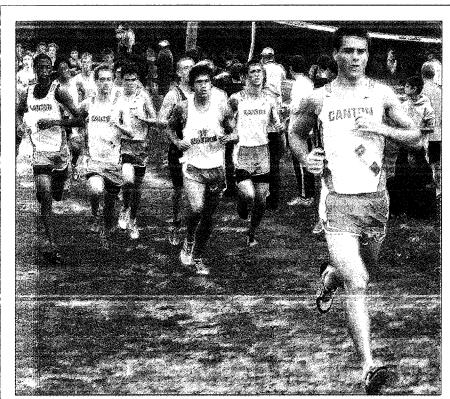

"I bounce the ball three times, spin it in my hand, focus and then I just lean into it with as much power

Keith Zech (right) of the Canton Chiefs leads a pack of teammates en route to triumph at Saturday's Monroe Jefferson Cross Country Invitational. Canton runners trailing Zech are (from left) Miles Felton, Jon Peck, Mitch Clinton and Paul Rakovitis, among unidentified opponents. Canton took first place at the 13-team tournament with 46 points, outdistancing Monroe (54) and ninth-ranked Brighton (56). For the Chiefs, Zack Spreitzer finished fourth with a time of 16-minutes, 33-seconds. He was followed by teammates Rakovitis (7th, 16:45), Zech (8th, 16:46), Clinton (10th, 16:48), Felton (17th, 17:12), Bradon Conley (18th, 17:12) and Peck (25th, 17:30). It was the third week in a row that Canton came home from a tourney with the first-place trophy.

Tough day for netters

BY TIM SMITHOBSERVER STAFF WRITER

Both Plymouth and Canton took it on the chin Tuesday in KLAA crossover varsity boys tennis matches at Plymouth-Canton Educational Park.

The Wildcats (first in the KLAA South Division) fell to 5-2 overall after losing 9-0 to KLAA North leader Novi, considered by many one of Michigan's top squads.

"Today's not our best day, but Novi's a good team," Plymouth head coach Tom Kimball said. "I think they could be a top-five team in the state.

"We did OK in a couple flights where we held our own, kept our cool and played hard every point."

Kimball said his singles players in flights 2-4, primarily junior Matt Dwan, senior Andy Mitchell and senior Pat Bailey, played very well in defeat.

"So that's a positive," he said.
"Don't give up, whether you're winning or losing."

But the season is coming along nicely for the Wildcats, even though the team has been without the services of senior Pat Onoro — the season-opening No. 3 singles player who is injured. Onoro could be back in

time for the Oct. 9 regionals.
In addition to winning their division, the Wildcats won the Dexter Invitational on Sept. 19.

Plymouth now will look to turn the page at Saturday's singleelimination KLAA Kensington Conference tournament at Novi High School.

"We hope to have some good performances from our guys there," Kimball said. "Hopefully they will step it up at the right time for us.

"We just want to make a solid showing and have some good competitive play and prepare for region-

Meanwhile, Canton dropped an 8-1 match to Northville, another strong KLAA North team.

Eagles boast medalists

At Saturday's Riverview Tennis Tournament, Plymouth Christian Academy's co-ed varsity team finished sixth out of seven teams.

But the Eagles were rewarded with third-place medals for sophomore Rachel Zandee (No. 3 singles), junior Blake Ringger (No. 2 doubles) and freshman Jonathan Manni (No. 2 doubles).

GAME WRAPS

Canton golfers edged

On Tuesday at Hilltop Golf Course in Plymouth, the Canton varsity girls golf team lost 219-226 to Livonia Churchill.

The medalist was Churchill's Jordyn Shepler, with a 48 on her card.

For the Chiefs, Paige Osler led with a fine score of 51. She was followed by Mary Winther (55), Erin Lixie (57), Kaylie Loble (63), Megan Baumgart (64) and Ariel Albert (66).

Cass Benton matchups

Tuesday was a busy one at Cass Benton Park as all three PCEP schools were represented in cross country dual meets.

The Salem and Canton girls were victorious against Novi and Plymouth, respectively. Meanwhile, Canton's boys team topped the Wildcats.

Following is a recap of the dual meets:

• Salem's girls defeated Novi, 22-39, led by firstplace Victoria Tripp (19:29) and third-place Jordyn Moore (20:04). Other Rocks in the top 10 included Kelly Kerwin (sixth, 20:36); Autumn Burin (seventh, 20:51); Kara Booms (eighth, 21:03) and Ade Jepperson (ninth, 21:10).

• Canton nipped Plymouth 28-29, with Bianca Kubicki of the Chiefs taking first with a time of 20:03.

The Chiefs took places 4-6 as follows: Emily Southern, 21:01; Rachel Rohrbach, 21:04; Katie Grimes, 21:05. In 12th was Rachael Brunk (22:10). No Plymouth results were available as of press time.

• On the boys side, it was Plymouth prevailing over Canton, 24-33 behind the 1-2 punch of Joe Porcari (16:38) and Warren Buzzard (16:47).

Canton's Keith Zech took third with a mark of 16:52, but the Wildcats grabbed places 4-5 thanks to Matt Neumann (16:58) and Derek Gielarowski (17:03).

Rounding out the top 10 were Canton's Zach Spreitzer (sixth, 17:16), Mitch Clinton (seventh, 17:22), Paul Rakovitis (eighth, 17:28), Miles Felton (ninth, 17:36) and Bradon Conley (10th, 17:56).

Other finishers were Plymouth's Jimmy Eiben (12th, 18:07), Jimmy Maciag (13th, 18:08), Stephen Balaze (14th, 18:27) and Canton's Steve Watts (11th, 18:00).

Monroe Invite

The Plymouth girls cross country team finished fourth at Saturday's Monroe Jefferson Invitational with 107 points. The top three squads were Brighton, 65; Monroe, 82; and Livonia Franklin, 91.

For the Wildcats, Paula Green registered a personal best with a time of 20:17 and finished 12th. Taking 18th place was Julie Forster (a season-best of 20:47), while Nicole Traitses (19th, 20:48) and Kelly Hahn (23rd, a personal-best 20:57) weren't far behind.

Others finishing for coach Mary Kerwin's team included Julie Hahn (35th with her best time, 21:34), Tricia Pniewski (39th, 21:51) and Constadina Manettas (40th with a personal best time that was not reported).

"It was a successful day as eight girls ran personal bests and an additional four ran seasonal bests," Kerwin said. "We just need to keep improving every week and keep looking to the regional meet."

Eagle has landed for Canton's Osler

BY BRAD EMONS OBSERVER STAFF WRITER

Kirk Osler didn't have a birdie in the final round of the Observer & Eccentric men's golf tournament held Sept. 20 at Whispering Willows.

But when the former Livonia Churchill High coach eagled the par-5, 489-yard No. 16, he pretty much knew he landed his first-ever O&E championship flight title.

Those were my best two swings," said Osler, who now resides in Canton. "I hit a big drive and a 5-iron 200 yards to 12 feet. The putt was an 18-inch break. That was the clincher for me in my mind."

Osler, a Bentley High grad who coached the Chargers from 1990 through 2001, posted rounds of 74-77-151 for a five-shot victory over Livonia Stevenson High senior Drew Mossoian, who carded identical rounds of 78-78-156 in the two-day event held at Livonia's adjoining city courses at Fox Creek and Whispering

Osler took home a first-place trophy and a \$400 gift certificate, while Mossoian garnered a runner-up trophy.

"After a rough start, I was glad to finish strong," said Osler, who stays golf sharp by playing for the Fellows Creek Publinx team. "I was pretty pleased with a 34 on the back side. I went 3-3-3-4 the last four holes. It was a good finish.'

It was Osler's first appearance in the O&E Tournament in "the last four or five years." He was asked by one of his former Churchill players, Bill Durham, now City of Livonia Golf Division director, to make

Leon Kashawlic, a 1996 Churchill grad who played under Osler, captured the first flight title by defeating 16-year-old Riley Butcher of Windsor, Ontario on the second-hole of a sudden death playoff.

Both players scrambled to make a bogey on the par-5, 478-yard No. 1 hole, but Kashawlic earned the title by saving par with a 10-foot putt on the difficult par-4, 405yard No. 2 hole.

The Novi resident won a \$200 gift certificate and firstplace trophy.

An engineering manager for BAE Systems, Kashawlic helped his cause to earn a playoff berth with birdies on a pair of par-4s (Nos. 4 and 13) to become the fourth ex-Churchill teammate to claim an O&E title joining Dave Higham, Gary Kraus and Chris Kiehler.

"Historically I'm not a good putter," said Kashawlic, who rebounded from an 87 Saturday at Fox Creek to post an 80 Sunday at Whispering Willows for a 167 total. "Today I hit the ball better than yesterday I stroked it well and I was on the greens."

"This course (Whispering Willows) has never been in this good of shape. With Fox Creek the rough has good length, the greens are firm and fast. They had some tricky pins (placements)."

Defensive muscle sparks young Lions

It was another successful day of youth football Sept. 19 for the Canton Lions' quartet

of teams. First of all, the varsity Lions picked up an important divisional road win with a 14-0 shutout over the Meteors.

Offensive adjustments got things moving as the Lions scored two touchdowns in the second half, on runs by James Hall and Kenny Arnold behind solid blocking up front from Andrew Hunt, Austin Fisher, Ben Cockrum, Daniel Paulot, Dykiece Pruitt and Dean Underwood. Kicking extra points was Evan Thomas.

Preserving the shutout on defense were cornerback Sam Rizzo and linebackers Forrest Hall, Antonio Ochoa, and Daniel Tidwell.

"We made significant adjustments to our team after

YOUTH FOOTBALL

week two's loss," said head coach Chris Tidwell. "We believe we have good athletes. We just had to put them in the right places to help our team.

The boys responded with good attitudes toward these changes and followed through with a good week of practice. Now we have to keep improving every week."

· In junior varsity action, the Lions won 18-7 to improve to 2-1 for the season.

Daniel Kilgore scored a rushing TD, leading a dominant ground assault. Jake Mallad and Chucky Turfe added six-pointers on the ground running behind O-Liners Jake Wickens, Isaac Jackson and Richard Lenczewski.

The Lions' defense held the Meteors at bay thanks to a strong collective effort from Jackson Austin, Freddie McGhee and Eric Daniels. There were big plays, too: Allante Wheeler intercepted a pass; Chucky Turfe stripped the ball from a Meteor and returned it for a TD.

Next Sunday the Lions continue there cosmic travels through Westland, taking on the Comets.

 A hard-hitting game was played by the freshman Lions team as they ended in a 6-6 tie. The defense received strong play from Jason Arnold, Woody See, Brad Tyszkiewicz, Tevyn Smith, Rubin Williams and Mason Lamarand.

The offense turned in a gritty performance led by pass receptions by Joey Glunt, Noah Brown, Myles Beverly

and Spencer Brown, who turned a short pass into a long touchdown reception. Providing key pass protection was the blocking of Preston Sokol, Ethan Balogh and Connor Flanigan.

• The junior freshman Lions had a strong defensive, hard hitting effort led by Myles Wagstaff, Connor Woody, Calvin Brown Jr., Micheal Linderman and Ayden Lang - who made a diving interception. The defense, shutting out an opponent for the second straight game, allowed few plays of positive yardage by the Meteors.

On offense, the blocking of Cameron Wilborn, Ethan Locke and Lawrence Austin opened many big holes for running backs Jerome Nichols and Bennett Austin to shoot through.

Steelers win three of four from Comets

Three out of four isn't bad.

The Plymouth-Canton Steelers varsity football squad lost a hard fought game Sept. 19 against the Westland Comets, 34-27 but that was the only downer of the day for the home teams.

Strong offensive play from Andy Day helped the O-line on several key drives, while Blaine Golles was a huge factor in blocking for the Steelers' running plays. Joshua Branch anchored the offensive line with his solid, hard hitting

The defense was held together by Connor Stellas' no-quit attitude, while Derek Young and Nick March both played tough and had key stops.

· The Steelers JV squad came from behind to capture a 32-12 win over the Comets, with Cameron Stella scoring two touchdowns and kicking four extra points. The O-line was led by Christopher Vos, who stomped on Comet defenders to open huge holes for the running backs.

Jake Sydlowski had a breakaway run deep into the Comet red zone, followed up by a TD. Defensively, Jack Pardington showed the Comets he came to play tough with a QB sack, and Justin Vitez had a critical ball recovery on a Steeler kick-off. Dakota Lynn had an outstanding game controlling the defensive back-

squad totally controlled their game over the Comets, winning 40-6. The offense was led by Ryan Young, who had a stellar day at QB, including a rushing

Meanwhile, Vincent VanDerRoest blew open huge holes at left tackle while Aaron Brazelton had a great day running the football.

Vinny Convertino led the Steeler defense with several amazing tackles, and Jared Golles was instrumental at safety, making key tackles in the backfield.

• The junior freshman Steelers conducted a blocking clinic when they faced the Comets. Playing in their first home game of the season, the Steelers - utilizing a ball control offense

- tallied 12 first downs, and three offensive scores.

Logan Walkley made it in to the end zone for his third consecutive game, due in part to the excellent helmet-rattling downfield blocks of Benjamin Bennett and Seth Troszak. Cameron Miller shined for the Steelers on an explosive 30 yard first down run, while Zachary Kubacki reeled in a perfectly placed 15-yard reception.

Defensively, the hard-hitting Steeler defense limited the visiting Comets to only two first downs in the game. Darien Moore had a standout game, collecting one of the two Steeler interceptions. Ian Gozdor led the linebacking corps with smothering hits that kept the Comets grounded.

Plymouth YMCA eyes grant

Liberty Mutual will soon donate a \$2,500 Responsible Community Grant to 20 youth sports organizations demonstrating their commitment to doing the right things on and off the playing surface.

The Plymouth Family YMCA is hoping to be

one of the recipients.

"The Liberty Mutual Responsible Sports program targets many of the issues we see happening at youth sporting events by shining a positive light on what it means to be a responsible coach and a responsible sportsparent," said Greg Gordon, vice president of Consumer Marketing at Liberty Mutual. "Beyond that, Liberty Mutual is making a significant financial contribution to support the efforts of local organizations like Plymouth Family YMCA."

The ongoing, community-based program offers meaningful, easy-to-use educational resources for youth sports parents and coaches, including access to on-the-field game and practice preparation tools as well as self-paced online courses filled with learning tools, videos and topics addressing youth sports issues.

The Responsible Sports program, including community grants, comes at a crucial time for communities where youth programs are

under pressure from increasing numbers of participants, limited volunteer activity and mounting program-administration costs.

Through the resources provided by the grants, it is hoped that "our organizations thrive even under challenging circumstances." For more information, contact the YMCA

at (734) 453-2904 or go to www.responsiblesports.com.

Rocks capture Madonna volleyball tourney

Consistency and excellent team defense propelled Salem to win Saturday's Madonna Volleyball Invitational at Plymouth High School.

The Rocks defeated Walled Lake Northern by a 25-21, 25-23 count after defeating Milford 25-13, 25-18 in the semifinal. Salem defeated Annapolis, Walled Lake Western and Chelsea in pool play and received a bye through the subsequent quarterfinals.

"The start of it was a little slow but as the day went on we got better and really stepped it up," noted Salem head coach Amanda Suder. "I am very proud of how my

girls performed. They worked extremely hard to stay consistent and positive through the day."

Nicole Merget sparked the Rocks with 77 kills, 46 defensive digs and 18 blocks, but she had plenty of support.

In addition, Suder said Lauren Aschermann had her best defensive performance of the season, with 52 digs and chipped in with nine aces.

Other top individual performers included Lauren Dworzanin (57 digs to lead the team, 25 kills), Kerry MacDonald (123 assists, 48 digs, 6 aces), Kerstin Johnson (25 kills, 39 digs, 8 aces) and Jillian Sommerville (31 kills).

WILDCATS STRONG

Meanwhile, the Plymouth Wildcats also had a strong showing, going undefeated in pool play before losing in three games to Walled Lake Northern in the semifinal.

The Wildcats defeated Dearborn Heights Crestwood (25-9, 25-11), Redford Union (25-13, 25-14), Dexter (25-19, 25-23) and Cass Tech (25-16,

Against Northern, everything was clicking in the 25-13 first-game win. Coach Kelly McCausland said her squad's "dime" passing provided Katie Salo (87 assists, 11 aces, 17 digs) the opportunity

to "mix the offense up quite a bit."

Plymouth, however, fell 20-25 and 4-15 in the final two games, as the Wildcats could not react to Northern's outside

"And we simply ran out of gas," McCausland said. "Overall though I was impressed with how they played the entire day."

Salo wasn't the only Wildcat with a strong performance. She was joined by Kelly Smoltz (27 kills, 11 blocks), Alex Roberts (20 kills, 15 blocks), Dani Risi (23 kills), Mariah Tesarz (51 digs), Andrea Haidar (28 digs) and Lindsay Stemberger (19 digs).

senior Ariel Rack - whose run of six points in the fourth game put PCA up 10-6.

The Eagles were never threatened after that.

"Serving is the key to winning a game," Blackney said, "because if you serve well, that puts their offense at a disadvantage.'

Bartes wound up with five aces for the night and 13 service points along with 13 defensive digs. A couple of those digs were all-out head-first dives to keep volleys going.

She smiled again when she said how PCA defenders do whatever it takes.

"Whenever the ball comes over, we yell, 'Save the baby' and we have to get the ball," Bartes said.

But her efforts, although significant, weren't the only story for the Eagles.

POWER UP FRONT

Malcolm tallied 19 kills and 16 digs, with her ability to handle duties all over the floor.

In the opener, besides scoring the seven service points, Malcolm hammered home a pass from Harris (33 assists) to score game point.

"Kristin, she's always really strong for us back row and front row," the coach added.

Junior Kristin Nill tallied six kills and 13 digs and junior middle hitter Folake Olojo went sky-high to drill timely

points over the net throughout the match. Olojo finished with 10 kills.

"Folake Olojo, she's just very strong and she has a vertical (leap) of I don't know how many feet," Blackney said. "Sometimes it feels like she

can nail the ball and put a hole in the floor."

Meanwhile, Blacknev is hopeful that the lag in performance Tuesday night won't be repeated in Thursday's big MIAC match at Lutheran Westland.

"The third game, they (Eagles) realized that at any given point they can't let up," she said. "They have to play their game at their level. They learned from that."

Seguin's hat trick paces Whalers

Tyler Seguin scored his firstever Ontario Hockey League hat trick to lead the Plymouth Whalers to an impressive 7-2 victory over the London Knights Saturday night at Compuware Arena.

Plymouth (3-1-0-0) broke a 2-2 tie after one period with three goals in the second period and two more in the third.

AJ Jenks, Myles McCauley, Garrett Meurs (first OHL goal) and Joe Gaynor all scored for Plymouth, who bounced back in a big way from a lackluster 6-1 loss in Saginaw last Thursday. Scoring for London (2-1-0-0) were Justin Taylor and Jared Knight.

"Tonight was an unbelievable bounce back effort," said Plymouth associate coach Joe Stefan. "Everyone was disappointed with the way we played in Saginaw.

"We had a real tough practice Friday and I think the boys got the message. They sure proved it with the way they came out tonight. They played a full 60 minutes."

A shorthanded goal by Jenks at 19:16 of the first stanza tied the game at 2-2 and sparked the Whalers.

"I picked up a puck that their defensemen fumbled and I wanted to get it to the net," Jenks said. "... I had to beat one guy to get the shot through and I think it went off

a defenseman's skate. Good things happen when you get pucks on net."

Plymouth took the game over in the second period on a pair of power play goals by Seguin. Seguin's hat trick goal with less than five minutes to play came on a deflection in the slot of Beau Schmitz's low shot from the right point.

"We know London is a physical team and we wanted to match that," said Seguin. "We wanted to crash the net and

battle.

Seguin now has six goals and five assists for 11 points in four games this season.

Plymouth hits the road this week, playing in Barrie on Thursday, Sudbury on Friday and Sault Ste. Marie on Saturday. Plymouth's next home game is 7 p.m. Saturday, Oct. 10 against Sudbury.

The Plymouth Whalers include a number of players who attend high school at Plymouth-Canton Educational Park.

University, 3-0, at Livonia's Greenmead Field.

Mark Pikula's unassisted goal, his first of the season, proved to be the game-winner in the 23rd minute for MU, stands 1-4-2 overall and 1-3-1 in the WHAC.

Concordia falls to 4-4-1 overall and 2-3 in the conference.

Eric Kiebert then scored his second of the year just 23 seconds into the second half off an assist from Otieno, who in turn completed the scoring in the 55th minute off a feed from Cayle Lackten.

Goalkeeper Steve Besk made two saves to earn the first shutout of the season for the Crusaders, who return to action Wednesday at Saginaw Valley State.

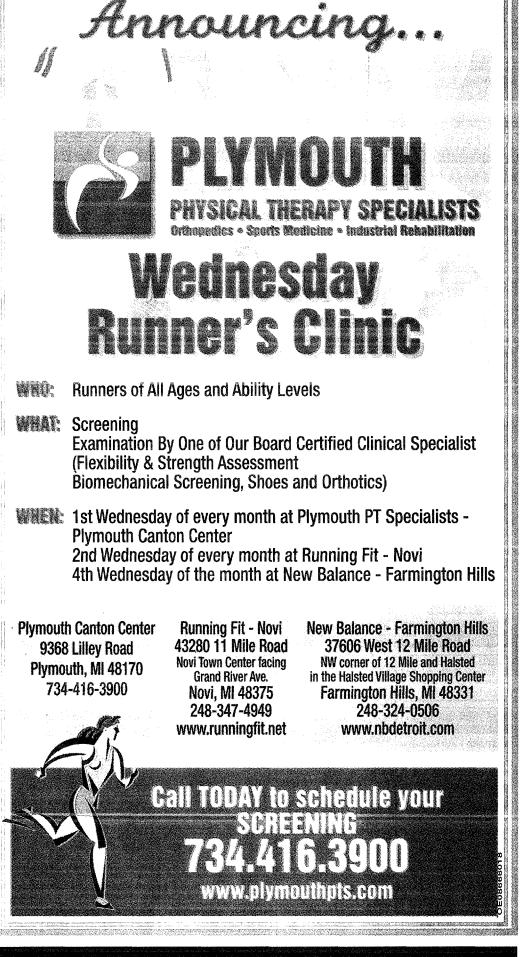

Rocks win at Woodhaven

The Salem varsity boys tennis team won a tournament for the third time this season, claiming Saturday's Woodhaven Invitational. All players scored at least two of three possible points per flight with the following winning their flights: Blake Foster-Josh Perrin, No. 1 doubles; Andy Steinman-Mike Keum, No. 2 doubles; Cody Hazen-Alek Zultowski, No. 3 doubles. Taking second places for the Rocks were No. 2 singles player Jacob Scott (pictured here from earlier this season), Dion Walker (No. 3 singles), John Kang (No. 4 singles) and Zenek Pelikh-Greg Selewski at No. 4 doubles. In recent weekends, Salem captured the Plymouth and Monroe tourneys.

LaVida Massage in Canton offers free 30-minute massages to unemployed workers Monday, Oct. 5.

Clinic offers free massages to help unemployed cope

Staffers at LaVida Massage of Canton are lending their hands and softening the edge to those struck hard by the economic crisis.

On Monday, Oct. 5, the LaVida Massage franchise in Canton offers a complimentary massage to those currently unemployed. The announcement was made by LaVida Massage Founder John Hoose.

Founded in 2007 in Brighton, LaVida Massage is a state-of-the-art massage center, offering a variety of services dedicated to promoting health and wellness, including massages and facial procedures. Locations hit especially hard with unemployment, including Canton, will present a free 30-minute clothed table massage to unemployed workers from 9 a.m. to 9 p.m.

"Times are tough for everyone, especially the many struggling to find jobs right now," said Hoose. "This is our chance to give back – to provide people, if even temporarily, with an escape from the pressures of the job market and to allow them to relax and focus on taking care of their health."

The event is open to the general public on a first-come, first-served basis. Those who visit LaVida to redeem their free massage will be required to bring a proof of unemployment from the state unemployment agency. If demand should exceed available center resources for the day, attendees will receive a voucher to return at a later date to take advantage of the complimentary service.

"LaVida is excited to reach out to the community and help to lift the spirits of the unemployed," reinforced Hoose. "If this service relieves even the slightest bit of stress or tension from these people's lives, it will be a success."

Churches welcome pets on St. Francis of Assisi feast day

BY SHARON DARGAY **O&E STAFF WRITER**

My dog, Hunter, is blessed — and he has a signed certificate to prove it.

Unity church minister, Rev. Dona Gilsdorf, gave us the document, describing him as a "precious creation of God's unconditional love," at her annual pet blessing last year. It was my first experience bringing a dog to church and Hunter's first time in the annual outdoor service held the weekend closest to the feast of St. Francis of Assisi. The ceremony came complete with scripture readings, prayer, one-on-one blessings, a certificate, cross-shaped homemade dog biscuits, a pet food collection for shelter animals and a fellowship time that included a mashed potatofrosted meat cake for dogs.

The service celebrated the humananimal bond and confirmed what many pet owners already knew: That animals count in God's eyes.

"Animals are so important to people," agrees Tim Sullivan, deacon at Our Lady of Good Counsel Church in Plymouth. He'll lead the parish's pet blessing at 2 p.m., Sunday, Oct. 4, in the outdoor grotto at the church. "It helps people connect and keep in mind that God created everything. There's nothing that's throw away. Even if you go back to the book of Genesis it says he created the animals...the fish in the sea and saw it was good."

Sullivan, who owns a dog and three cats, says that as a pet lover he has a special interest in leading the blessing. He'll read from Genesis, the book of Psalms, and will offer a short homily before blessing each pet.

VARIETY OF ANIMALS

"Some people have animals that are sick and they will bring them. And others, I think figure it can't hurt."

Sullivan said participants bring cats, gerbils, snakes and "you name

"It's interesting what people bring,"

he said. "It's for any one who has a pet. You don't have to belong here."

Connie Hierta of Westland says the pet blessing at Episcopal Church of the Holy Spirit in Livonia often attracts passersby.

She'll bring her cat, Lucy to the ceremony at 4 p.m., Sunday, Oct. 4. Refreshments, including hot dogs, potato chips and pop will follow.

'We all stand around in a circle and pastor (Rev. Barbara Cavin) leads the prayer and blesses each animal. I'd say last year we probably had 15 to 20 people. It's a very sweet tradition."

ST. FRANCIS

Churches nationwide uphold the tradition on the feast of St. Francis of Assisi, Oct 4. The patron saint of animals and founder of the Catholic Franciscan Order of Friars wrote "All praise to you, Oh Lord, for all these brother and sister creatures" in his Canticle of the Creatures, according to americancatholic.org.

The traditional Franciscan pet blessing also refers to the saint: "Blessed are you Lord God, maker of all living creatures. You called forth the fish in the sea, birds in the air and animals on the land. You inspired St. Francis to call all of them his brothers and sisters. We ask you to bless this pet. By the power of your love, enable it to live according to your plan. May we always praise you for all your beauty in creation. Blessed are you Lord our God in all your creatures."

"I feel I am blessed in so many ways and one of my blessings is to have a sweet companion," Hierta noted. I want her to be well. I think St. Francis was right and they (animals) are part of our lives."

Holy Trinity Lutheran Church in Livonia incorporates the blessing into its 11 a.m. Sunday, Oct. 4 service.

The church's contemporary worship ensemble will provide the music and the children's choir will perform. The Rev. Linda Golden, senior pastor, will lead the blessing.

The Rev. Dona Gilsdorf, a Unity minister, blesses Hunter at an outdoor ceremony last year.

"Some people like to come and see the pets," said Kathy Weinberg, administrative assistant. "We've had all kinds of pets including snakes. Pastor Golden is not fond of blessing the snakes but she does it.

"Mostly it's dogs and cats. I think we've had bunnies and an occasional hamster. It's kind of fun to have animals here."

Our Lady of Good Counsel is located at 1062 Church Street in Plymouth; (734) 453-0326; Holy Trinity Lutheran is at 39020 Five Mile, Livonia, (734) 464-0211; Episcopal Church of the Holy Spirit is at 9083 Newburgh, Livonia, (734) 591-0211. St. John Lutheran Church, 23225 Gill, Farmington Hills, also plans a pet blessing, 3:30 p.m., Sunday, Oct. 4.

A simply outdoor setting serves as a perfect backdrop for a pet blessing. Some churches also hold the ceremony in the sanctuary, often as a part of the regular Sunday service.

Don't blink or you'll miss these films

They're only three minutes long, but the films shown Satuday, Oct. 3 at Farmington's Civic Theater will run the gamut from documentary to musicals and comedies.

Ruthann Christina, Farmington Hills, who created the MidWest 3-Minute Film Festival with the help of her husband, David Hande, says the experience will be "extremely interesting" for the audience.

Viewers will see 25 films during the event, which starts at 2 p.m., at the theater in downtown Farmington. A jury of local art and film industry professionals reviewed 60 submissions — which came from as far away as Russia and Australia — and picked the top films for the screening.

Cash awards will be given to the "Best Film," "Audience Choice," and first place films in each category.

"Our hope is that this is an annual event that not only celebrates filmmakers who are getting their start but becomes an event that allows people to be able to enjoy films that otherwise they wouldn't be able to see," Christina said.

Tickets are \$7 at the door. For more information, visit www.midwest3.com.

Concert to help keep jazz festival alive

BY LINDA ANN CHOMIN CONTRIBUTING WRITER

Bill Cairo plays it modest when talking about his career as a jazz drummer. The Livonia man prefers to let his resume speak for itself. He'd rather shine the spotlight on the rest of the members of the Tartarsauce Traditional Jazz Band. The six-member group with vocalist Judie Cochill take to the stage 3-5 p.m. Sunday, Oct. 11, at Schoolcraft College to raise funds for the Michigan Jazz Festival held annually on campus.

Drumming is in Cairo's blood. His father was a drummer and he's been playing since age 3. A graduate of Franklin High School in Livonia, Cairo studied at Berklee College of Music in Boston before becoming house drummer at Elmwood Casino in Windsor. Over the years he's performed with Dizzy Gillespie, Aretha Franklin, Jimmy Dorsey, and Billy Ray Cyrus, to name only a few. Pops concerts with the Detroit, Livonia and Rochester Symphony orchestras as well as stage productions at the Fox and Gem theatres and Music Hall Center for the Performing Arts round out his resume. He's not bragging when he says he's worked with every major act that comes into Detroit, but the credits don't stop there. He's done radio and television commercials in addition to teaching at Bill Cairo's Drum House in Redford for 35 years. He especially enjoys passing on his big band skills to high school students in drum clinics in the area.

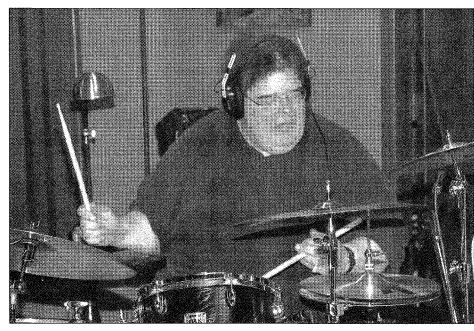

Cairo is looking forward to playing traditional jazz music of the 20s, 30s and 40s at the Oct. 11 concert.

"People seem to enjoy it. It's just fun music. If it has a pulse we'll do it," said Cairo, a member of the Tartarsauce band 22 years, and the Johnny Trudell Orchestra for 30 years.

BORN SINGING

Judie Cochill sang with her share of legends over the years as well. The Bloomfield Township vocalist started singing for \$5 on Saturdays at the USO in San Diego then went on to become a backup singer on the 1960s variety shows of Danny Kaye, Red Skelton and Dinah Shore as well as television specials and commercials. She's performed with nearly every jazz musician, dance and big band in the metropolitan Detroit area. Her honey-smooth voice has been heard on countless CDs including her Let's Do It recording from 2005 and the new Tartarsauce Traditional Jazz Band's tribute to Chet Bogan and his Wolverine Jass Band.

"My mother said I was born singing," said Cochill. "I was raised in the Catholic school system from third grade where I was the only alto in choir then went on to high school. Dad made sure I got to hear all kinds of music."

Jazz drummer Bill Cairo of the Tartarsauce Traditional Jazz Band.

Judie Cochill

Today Cochill continues to sing with bands around town and venues like the B'Jazz series in Birmingham. Like Cairo, music is in her blood. Two days a week she works as music secretary at Kirk in the Hills Presbyterian Church in Bloomfield Hills. For 27 years she was staff alto at Christ Church Cranbrook and currently sings with the choir at Cathedral Church of St. Paul (Episcopal) in downtown Detroit. She sings with Ron Kischuk's Masters of Music Big Band every July at the Michigan Jazz Festival.

"I'm in music all the time," said Cochill. "Music's flowing through me all the time."

FISH AND NEW ORLEANS

Kischuck began leading Tartarsauce Traditional Jazz Band nearly 30 years ago. The trombonist formed the group with fellow Wayne State University students in the 1980s. They'd entered a competition and needed a name. At the time the schools teams were called Tartars. He says they wanted to sound New Orleans-like and tie in to fish and seafood of the southern U.S. where jazz was born.

Through the years Kischuk's played with Johnny Mathis, Natalie Cole, Gladys Knight and recorded with The Four Tops, Grand Funk Railroad, and the Birmingham Bloomfield Symphony Orchestra. He's proud of the new CD which is available at the concert, cdbaby.com, and Kischuk's Masters of Music Studio, a conservatory in Royal Oak.

On Oct. 11, the lineup includes Johnny Trudell on cornet; Gene Parker, clarinet; Marion Hayden, bass; Chuck Shermataro, piano; and Cairo, Cochill and Kischuk.

"It's classic traditional New Orleans with Judie singing Bessie Smith's *I've Been Waiting for Your Phone Call for 18 years*. She tells a story with the lyrics," said Kischuk, a former Bloomfield Hills resident now living in Detroit.

Kischuk's been playing the Michigan Jazz Festival since it started in 1995.

"It's probably the most successful local free jazz festival," said Kischuck. "Nobody really focuses on local artists like the Michigan Jazz Festival where the preference always go to local artists. People are right on top of the stage. The musicians have interaction with them. There's no separation of artists and audience like most festivals. Midge Ellis (the Livonia resident who organizes the festival) is really the core to what goes on. Without her as a backbone you don't have a festival like this."

The Tartarsauce Traditional Jazz Band plays 3-5 p.m. Sunday, Oct. 11, at Schoolcraft College, 18600 Haggerty, between Six Mile and Seven Mile, Livonia. Tickets are \$15. Call Midge Ellis at (248) 474-2720.

Bob Vila endorses and recommends the famous EdenPURE® portable heater

Millions of Americans now saving up to 50% on their heating bills and raving about the "heavenly heat"

Does not get hot, cannot start a fire and will not reduce humidity or oxygen

By John Whitehead, Media Services

The famous infrared portable heater, the EdenPURE®, which can cut your heating bills by up to 50%, has been greatly improved.

You have probably heard about the remarkable Eden-PURE® from Bob Vila, America's Favorite Home Improvement Expert, who endorses and recommends the Eden-PURE® and on television features across the nation.

The new EdenPURE® GEN3 heater heats better, faster, saves more on heating bills and runs almost silent.

The EdenPURE® saves you big money on your heating bill, but, you will be toasty warm. The heat it produces is unlike any past heating sources. It produces what customers call "heavenly heat".

The EdenPURE® can pay for itself in a matter of weeks and then start putting a great deal of extra money in your pocket after that.

A major cause of residential fires in the United States is portable heaters. But the Eden-PURE® cannot cause a fire. That is because the advanced infrared heating element never gets to a temperature that can ignite anything.

The outside of the Eden-PURE® only gets warm to the touch so that it will not burn children or pets.

The EdenPURE will also keep you healthy. That is because, unlike other heating sources, it will not reduce humidity or oxygen in the room.

The advanced space-age EdenPURE® Infrared Portable Heater also heats the room evenly, wall-to-wall and floorto-ceiling. And, as you know, most other portable heaters only heat an area a few feet around the heater.

Unlike other heating sources, the EdenPURE® cannot put poisonous carbon monoxide, any type of fumes or any type of harmful radiation into a

For more details on the amazing EdenPURE® GEN3 Quartz Infrared Portable Heater, here is my interview with Bob Vila, America's Favorite TV Home Improvement Expert.

Q. What is the origin of this amazing heating element

in the EdenPURE®? A. This advanced heating technology was discovered accidentally by a man named John Jones. Jones found that a stack of a certain type of copper stored by his coal furnace kept his whole house warm long after the coal fire went

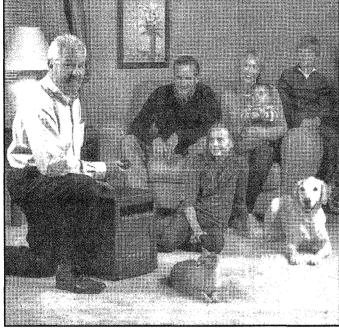

Through a great deal of research and development he came up with safe quartz infrared lamps to heat treated copper. This and other technology produced the EdenPURE® infrared portable heater.

This infrared heating process was designed around the three most important consumer benefits: economy, comfort, and safety.

Q. Why is it that this quartz infrared heating source uses less energy to create heat than other sources?

A. Actually, there is more than one reason. One of the primary reasons is that heat at combustion level, which is

Never be cold again

Cannot start a fire; a child or animal can touch or sit on it without harm

Pictured above is Bob Vila demonstrating the famous EdenPURE® GEN3 Model 1000 heater with a family. It saves big money on your heating bill while keeping you toasty warm with "heavenly heat".

what all other heat sources use, causes the heat to instantly rise to the ceiling. Therefore, the heat is not evenly distributed, causing a very inefficient and uncomfortable heat source.

The EdenPURE® GEN3 Quartz Infrared Portable Heater does not use burning heat. Once the cured copper heat exchanger absorbs the infrared heat, it exhales the heat into the living area which is carried by the existing humidity in the air. This causes the heat to travel rapidly and evenly throughout a room.

In actual studies, photos using infrared lighting demonstrated that the heat was almost perfectly even from floor-to-ceiling and wall-towall. The EdenPURE® Quartz Infrared efficiency is based on the distribution of energized air, not on just fan movement. This heat is coined as "soft heat" due to how comfortable it is. Customers call it "heavenly heat".

Q. What are the other disadvantages of combustion heat sources?

A. Heat sources that are above the burning level have many unhealthy side effects. One of these is that it creates dry, irritating indoor air. It also burns a great deal of oxygen in the air. If you remember, when you sit in front of a fireplace or a portable heater or close to a heat source, you will remember yawning. This is because you are not getting enough oxygen.

This dry irritating heat and lack of oxygen dries out sinuses and mucus in the throat, and makes people susceptible to disease. The lack of oxygen causes fatigue.

Also, many combustible heat sources produce carbon monoxide, static cling, and some produce radiation.

Q. So you're saying that children or pets can come up to this unit and touch it and not be harmed?

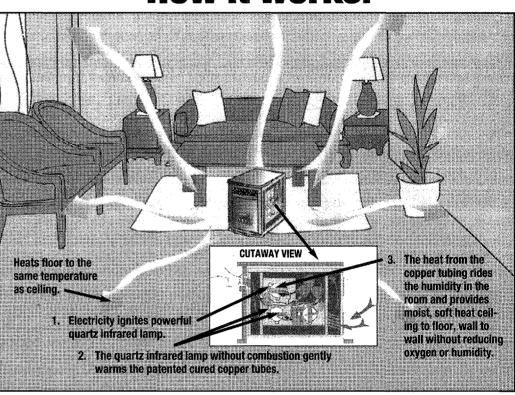

A. That is absolutely correct. As a matter of fact, pets are actually drawn to this heat because it is a natural source of heat, just like the sun heats the earth. Animals are much

more instinctive than humans. This heat not only heats the air, but it also heats the objects in the room. It is a perfectly balanced heat.

Q. How can a person cut their heating bill by up to 50% with the EdenPURE®?

A. The EdenPURE® will heat a room in minutes. Therefore, you can turn the heat down in your house to as low as 50 degrees, but the room you are occupying, which has the EdenPURE®, will be warm and comfortable. The Eden-PURE® is portable. When you move to another room, it will quickly heat that room also. This can drastically cut heating bills, in some instances, by up to 50%. The infrared quartzcured copper heating technology also produces heat for 30% less cost than conventional ser-

The EdenPURE® heater is now greatly improved. With no increase in price, the new EdenPURE® has been updated with the latest technology, safety, and comfort features to provide you with even greater comfort, more savings, and years of reliability. The Eden-PURE® comes with a comprehensive three year warranty along with a 60-day no questions asked satisfaction **How it works:**

Testimonials from a few of the millions of satisfied EdenPURE® customers

The EdenPURE® has cut my gas bill to a third of what it was last year. Leslie Wilson, Vancouver, WA

I recently had an addition that was over 800 square feet added to my home. When it was completed we had to consider a heat source. We investigated everything from upgrading our current furnace, and duct work, to a vent less fireplace. Then I heard about the EdenPURE®. I must admit I was a bit skeptical, however I decided to place one in the room and give it a test. I can't tell you how pleasantly surprised I was. The EdenPURE® heater is our exclusive heat source and is comfortably heating our room at a cost of under \$15.00 per month. It is certainly refreshing to find a product that surpasses it's performance claims. D. Capps, Vancouver, WA

With our EdenPURE® heater our gas bill dropped so much that the gas company called us and said our gas meter must be broken and they wanted to replace it. John and Sandy Hopkins, Elyria, ŎH

It's working great and heats the house well. I was so glad to find a company that stands behind their products and cares about customer concerns. I am now recommending the heater to family and friends. Lyn Royer, Sterling, VA

The EdenPURE® #1000 has saved 40% on our heating bill! My 18 month old daughter sits on it, that's how safe it is. The heater is also very mobile. Steve G., Binghampton, N.Y.

I must say I am well pleased with my new heater. So far it is working just like I had expected. We have a small home, slightly less than 1,000 square feet, so it should be sufficient for our needs. I like the quiet operation of the heater, because one gets tired of hearing the blower or a fan going on a gas furnace constantly. Edna M., Forest Park, GA

The EdenPURE® really puts out the heat like a little solar furnace. It's below freezing outside and cozy warm in the rather over large living room area where I'm using it. I have already noticed a 40 to 60% drop in the cost of my heating bills. George B., Triangle, N.Y.

I turned my thermostat down to 60. I have 2 dogs and 3 cats and all 5 laid down in front of it and were fast asleep. My chair is 1 foot away and it is like being in front of a fireplace. Carl Cormier, Jerome, ID

What Oktoberfest would be complete without Germanstyle dancing? Dancers step and twirl at Redford Township's annual event last year.

Observer & Eccentric | Thursday, October 1, 2009

Yodeling, brats, beer and music bring a bit of Germany to Redford

BY SHARON DARGAY OSE STAFF WRITER

If you plan to practice for Redford Township's yodeling contest, you're taking the vocal art "way too seriously."

That's advice from John Danic, a past yodeling champion in the township's annual contest, which will be held during Oktoberfest weekend, Friday-Saturday, Oct.

"I just get up there and hope it comes out like yodeling and not something else," said Danic, who added that he occasionally sings - but doesn't yodel -in the shower.

"Very few people are yodelers and I'm not an official yodeler because I'm Polish," he said, with a laugh. "But I actually have to work Oktoberfest. I volunteer my time to do that, as an employee of the township. I handle all of the electrical set-up."

The festival is in its fifth year and Danic, the township's electrical inspector, has entered and won the yodeling contest a couple of times

Danic says he didn't work hard to develop his talent for yelling "Little Old Lady You!"

"It just came as a natural voice inflection. I have a good voice range as a vocalist," said Danic, who describes himself as "a ham."

His tip for first-time contestants: Skip the Oktoberfest brew and "Don't drink too much" before taking the stage. Have fun with it and project your voice.

"My wife tells me about it all the time — I have a very loud voice.

Follow Danic's cue and you may end up with yodel champ bragging rights for the next year.

Mary Denning knows exactly what she'll serve at Sunday at A Chocolate Affair, the annual fund-raiser for First Step, Wayne County's domestic abuse shelter. She knows every year.

"We always bring our Bumpie Cake. It is our top seller and our customers' favorite," said Denning, owner of Mary Denning's Cake Shoppe, Westland. "Who does not love extra moist, dark chocolate cake with French buttercream bumps and than enrobed with chocolate fudge frosting? We have tried bringing different desserts, but everyone is always looking forward to our bumpie cake.

'One year we brought Sacher tortes, dark chocolate cake layered with red raspberry and enrobed with chocolate fudge. People loved it, but still wanted the bumpie cake.

Denning is among 16 vendors who will serve tastes of chocolate desserts Sunday, Oct. 4 at the event, presented by the Ladies Ancient Order of Hiberians, Elizabeth Fagan Division. Denning has participated in the fund-raiser since its beginning, about five years ago.

'We love being involved with the Chocolate Affair. The proceeds all help First Step, which is has such a great program," she explained. "I was honored to be able to walk through their home for woman and children. It was so moving. Nothing is more important than families and children. I know they are saving to build a new facility. They have a long way to go. All of this helps."

INVENTIVE DESSERTS

Jeff Zak has worked with First Step since opening his catering business in Plymouth 12 years ago.

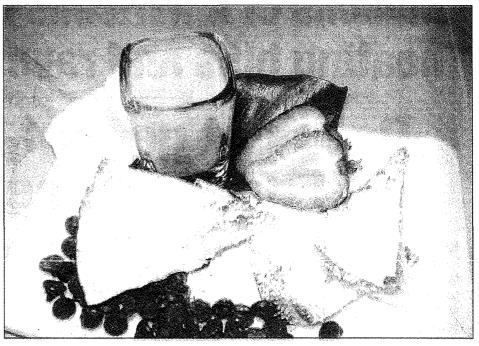

I do Thanksgiving dinner for them and did Chill at the Joe with them," Zak said, referring to the First Step fund-raiser at Joe Louis Arena last month. "I like to stay local and it felt good for business, good karma for business."

Like Denning, Zak and his Jeff Zak Catering have been with A Chocolate Affair since its beginning. Zak is known for serving inventive chocolate desserts at the event.

"We do something chocolatey. We like nice simple desserts. It's my version of savory food with chocolate," he said.

Last year he filled chocolate panini with roasted pineapple. This year's offering - chocolate quesadilla - evolved with his staff's input.

"It is really good. It's something we invented here and it's come a long way. It's odge podge of white and dark choco late chips and then depending on what's around, marshmallow, dried cherry, toasted nuts, graham cracker. We'll use marshmallow sauce or caramel to tighten it up," Zak explained. "So, you can do anything. We've done it with chocolate and peanut butter. And we've done it with a

wonton wrapper."

He'll serve the gooey-good ingredients on a six-inch browned flour tortilla Sunday. And offer a strawberry-mango white chocolate beverage to boot.

HELPING OTHER WOMEN

Chocolate tasting event

offers traditional desserts

Barbara Weir, event chair, said about half of the vendors are new to A Chocolate

"It's good exposure for them ... it gives new businesses a chance to showcase their specialty and support the cause at the same time."

The Elizabeth Fagen Division of The Ladies Ancient Order of Hiberians, an Irish Catholic Charity group with chapters throughout Michigan, created A Chocolate Affair a few years ago while looking for a way to help other women. The event is held the first Sunday in October in honor of Domestic Violence Awareness month, Weir noted.

What better way to get women together than by eating chocolate," she said, adding that participants like to "hang out all afternoon."

The organization raised \$4,000 for the shelter last year. Weir hopes to reach the \$5,000 mark this year.

Mich. Realtors get involved in creating jobs

pproximately two years ago, a group of Realtors from the Western Wayne Oakland County Association of Realtors and I were in Lansing on business as our legislators were getting ready to go into "lock-down" to figure out how and where to raise taxes to generate revenues in an effort to solve the state's budget crisis. At the same time, the state's housing prices were plummeting and the Big Three were downsizing significantly.

Discussions of the Michigan Business

Gary Reggish

Tax (MBT) and taxes on services were rampant in Lansing but there didn't seem to be any conversations about how we were going to replace those lost manufacturing jobs or what we were going to do to attract new businesses to Michigan. It seemed obvious that raising taxes on current-

ly struggling business was not the answer. Surely that could cause more layoffs and not attract new companies to Michigan.

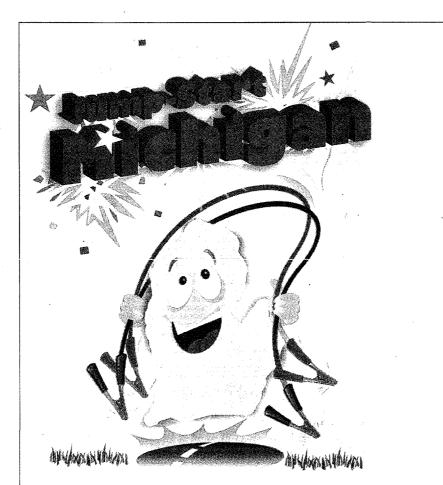

It was at this juncture that the Western Wayne Oakland County Association of Realtors (WWOCAR) made the decision that our role was much greater than simply helping folks buy and sell houses. We owed it to our clients to help them keep their homes and not only survive in Michigan but thrive in Michigan.

WWOCAR commissioned a yearlong research project called "Jump Start Michigan" with the guidance of Dr. Chris Petras, a political and policy analyst, and his research team. The goal of the Jump Start Michigan Project was to generate solutions for Michigan legislators and officials as they considered solutions to address the state's economic and housing market crisis.

The three phases to the Jump Start Michigan Project included:

1. Assessment and analysis of Michigan's economic and housing market

2. Creation of a proactive theme to

COMMENTARY

embrace "Entrepreneurship for Economic Rejuvenation" with a focus on getting individuals to utilize their entrepreneurial

3. Creation of a new program idea, "Entrepreneurial Rejuvenation for Unemployed Workers Program" (ERUWP).

Some of Petras' research showed Michigan has never recovered from the recession of 2001 while the rest of the country had recovered. The research went on to show approximately 600,000

Michigan jobs have been lost since the year 2000, 68 percent of those job losses coming from the manufacturing sector. While small business accounts for approximately 70 percent of job creation, Michigan is well behind the national average for small business start-ups.

Focus must be placed on the creation of jobs and the attraction of new businesses to Michigan both of which will increase

revenues to the state. The main theme and basic structure of Entrepreneurial Rejuvenation for Unemployed Workers Program (ERUWP) idea is:

1. Assessment of unemployed workers for entrepreneurial attitude and possession of an entrepreneurial skill

2. Provide training for unemployed workers through small business work-

3. Assist qualified unemployed workers in finding funding sources for small business start-ups

WWOCAR's research shows:

1. Of the approximately 584,000 individuals currently unemployed, ERUWP has the potential to create approximately 3,500 new small businesses a year, employing approximately 16,000 people per year given industry sector opportunities in Michigan.

2. The state of Michigan has lost the majority of jobs in manufacturing which creates a pool of unemployed workers more adaptable to manufacturing and thus able to start small businesses that feed into the other manufacturing areas.

WWOCAR has met with several state legislators and officials who have all embraced the program's ideas. WWOCAR plans to educate citizens of Michigan on the program though a series of town hall forums and press confer-

What the public can do:

1. Contact your legislators and ask them what they are doing to create jobs in Michigan and how they plan to attract new businesses to Michigan.

2. Tell them that you would like them to look at the ERUWP program for job

warehouse area is now a burgeoning restaurant and residential area and

A: What

was once a

is indeed called the 'warehouse

district." Additionally, there are several high rise condominiums being developed and sold in the center of the downtown area. Although certain preconstruction reservations on some of the condominium units have been canceled for various reasons, it does not appear as if the economic stagnation facing many big city condominium developments has reached Cleveland, which offers all of the cultural and transportation amenities including rapid transit to and from the airport and other vicinities. These condominium developments are located in areas which have a view of not only Lake Erie but of the Cuyahoga River. As in every instance, you are best advised to consult with a real estate agent knowledgeable about community association development as well as an experienced community association attorney before signing any purchase agreement.

Q: I am moving to a suburb of Boston, hopefully Needham, and I am wondering whether the real estate market has softened considerably there.

A: It appears that

the suburbs of Boston, particularly to the west, have not suffered materially as a result of the economic turndown. Real estate prices have basically kept constant and, in some instances, have appreciated because of the desirability of living in cities such as Needham, and because of the paucity of real estate available. Indeed, open lots are few and far between and a number of teardowns are taking place similar to what happened in Birmingham, Mich., in order to stay in the community.

Numbers Like puzzles?

Fun By The

Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Ford's Popular Hands-free System Is In SYNC With The Times

AdvertisingFeature

By Dale Buss

The vast majority of U.S. drivers believes handheld texting while driving is very dangerous and should be banned nationwide, according to a new national survey released in late September. Not so coincidentally, earlier this year, Ford Motor Co. released a study which said that its SYNC hands-free system significantly reduces the level of distraction when drivers select a phone number or choose a song on their MP3 player compared with the same operations with hand-held cell phones and music players.

For example, Ford's research conducted showed study participants spent an average of 25 seconds with their eyes-off-the-road to select a song with a handheld MP3 player compared with 2 seconds for those choosing a song using

SYNC, which earned Popular Mechanics' Editor's Choice Award for best new products at the 2009 International Consumer Electronics Show, allows consumers to connect almost any mobile phone or digital media player with their vehicle (via Bluetooth or USB connection). The driver is able to operate them by using voice commands and a steering wheel-mounted control.

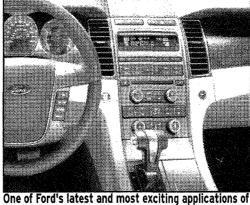

The success of SYNC continues to grow. By last summer, Ford's entire North American lineup offered the technology, with more than 1 million SYNC-equipped vehicles expected to be on the road by the end of September.

Ford, working with the Alliance of Automobile Manufacturers, helped develop guidelines for new telematics and infotainment systems. The voluntary guidelines set limits to the eyes-off-road time required to complete visual-manual tasks. Even though SYNC is a voice-based system, its visual-manual components covered by the Alliance guidelines were tested to ensure they meet the distraction requirements.

"Ford is committed to addressing driver distraction research and testing, and implementing our findings in safety and advanced infotainment systems throughout our vehicle lines," says John Shutko, Ford technical specialist in Human Factors and Ergonomics. And with its new survey, Ford is spearheading societal concerns about texting while driving as well. The survey showed that 86 percent of U.S. drivers believe handheld texting while driving is "very dangerous" and 93 percent support a nationwide ban on texting.

At the same time, only 42 percent of respondents believe drivers would stop texting behind the wheel if the practice was banned. However, more than 75 percent believe there would be more. compliance if hands-free or voiceactivated technologies were widely

The online survey was conducted

September 18-21 by Penn, Schoen & Berland Associates on behalf of the Ford Motor Company. Ford commissioned the survey as part of its efforts to understand driver perceptions related to distracted driving. Ford last week endorsed a proposed nationwide ban on handheld texting introduced by Senator Charles E. Schumer (D-NY) and Rep. Carolyn McCarthy (D-NY).

"Research shows that activity that draws drivers' eyes away from the road for an extended period while driving, such as text messaging, substantially increases the risk of accidents," said Jim Vondale, director of Ford's Automotive Safety

"That is why we support a nationwide ban on handheld texting while driving and why Ford has developed hands-free and voice-activated technologies to allow drivers to remain connected, but to do so while keeping their hands on the wheel and their eyes on the road."

The survey showed that 67 percent of drivers said they believed voice-activated technology is a safe alternative to texting, and 76 percent said such a feature would be an appealing feature in a car.

The survey results came as the U.S. Department of Transportation was scheduled to host a summit on driver distraction in Washington, D.C., this

confusion among drivers over existing state laws prohibiting handheld cell phone use and/or texting while driving. Currently 18 states have enacted such bans but nearly 40 percent of drivers in these states indicated they were unaware of the ban in their own state.

According to a NHTSA-sponsored 100car study conducted by Virginia Tech Transportation Institute, driver inattention that may involve looking away from the road for more than a few seconds is a factor in nearly 80 percent of

"A growing number of drivers are using handheld wireless communications and music-playing devices while driving," said Dr. Louis Tijerina, Ford senior technical specialist. "Research clearly shows that manual operation of those devices that takes the driver's eyes from the road for an extended period of time creates the kind of distraction that causes accidents."

Ford developed the Virtual Test Track Experiment (VIRTTEX), a state-of-the-art simulator that monitors and analyzes a variety of driving behaviors. Since VIRTTEX opened in 2001, Ford has completed a number of driver distraction studies that have contributed to the development of Ford's Driving Skills for Life teen driving education program, the MyKey programmable teen-safety feature and SYNC.
