Administration puts teachers on notice

Teachers were on the picket line last week in front of the Plymouth Board of Education offices as part of a series of job actions designed to seek public pressure against the school board to force a settlement. (Staff photo by Gary Caskey)

Principals passed out written notices to teachers Friday afternoon that disciplinary action will be taken against any instructor "abandoning" job responsibilities.

The notices were distributed to principals during an administrative staff meeting early Friday afternoon by Supt. John M. Hoben. The directive takes effect immediately.

The notice was a formal warning that instructors who continue "job actions," which violate provisions of the 1975-76 master agreement, or which are contrary to normal teaching practices, will be subject to disciplinary action."

The range of disciplinary action is to involve loss of a portion of a day's pay, loss of a day's pay, dismissal from "extra-duty" assignments, suspension or outright dismissal.

The warning was sent out to all teachers at direction of the school board, with advice of the school district's labor attorney, Charles Fine.

PRINCIPALS have been assigned the responsibility of maintaining an accurate accounting of the times and hours teachers are on-the-job and report any contract violations.

Teachers were officially cautioned that disciplinary action will result for: attempting to change the scheduled work day or hours; refusing to perform coaching and extra-curricular assignments; refusing to perform counselor duties and assignments; refusal to perform the attendance-taking procedures; or refusal to particpate in the sixth grade camp functions.

Hoben noted: "It is with concern and disappointment that I find it necessary to write this memorandum. Concern because a comparative few have chosen to 'take the law into their own hands' and defy, reject, and violate their individual contract of employment and professional responsibilities and obligations. Disappointed because they have chosen to disregard the educational opportunities of their students."

The notice read, in part: "Failure or refusal to perform all duties, functions, and assignments and to carry out all work orders is in violation of the contract and the law and, as such, constitutes an abandonment of the job duties, functions, assignments, and work orders.

"Necessary actions will have to be taken, including docking of pay and/or possible disciplinary action and legal action."

THE TEACHERS' Union, Plymouth Education Association, originally issued "work rules" involving slowdown actions such as having teachers reporting to work and leaving only when classes started, refusing to attend open houses and staff meetings.

After the latest rejection by the school board of the PEA's offer Oct. 18, the PEA escalated its job actions by instructing teachers to leave the school buildings during lunch hours, decline to perform bus duties or to engage in extra-curricular activities. Coaches were asked to volunteer to refuse to perform coaching duties, and the PEA put up tickets at the board of education office.

Before the end of the week, the escalated job action began to have some impact on the schools. It was reported unofficially that athletic programs were in danger at a couple of middle schools, and administrators became concerned about sixth grade camp and a day of college testing scheduled for last Saturday.

The first test of the warning was expected on Saturday when counsellors had been assigned to report to the Centennial Educational Park to administrate the college Standard Achievement Test (SAT).

"We cannot allow the educational process to break down," Hoben stressed. "The law just does not allow for a teacher to 'work and strike' at the same time. Some of the services the teachers are threatening to withhold cost this district money, such as summer camp, whether or not the teachers show up."

The administration also is preparting to take action to prevent teachers from promoting union activities or positions in work hours or in work areas. The school board will be asked to adopt a resolution at tonight's meeting stating that teachers must limit discussions "in a manner appropriate to curriculum."

Windsor Park wants walkway

Fifty-three families on Arlington and Brandywine streets in Windsor Park want to keep a walkway open along the closed Marlowe Street.

Canton Board of Trustees voted unanimously to vacate Marlowe, which was originally built with the intention of connecting Windsor Park subdivision with the proposed Mayfair development to the north.

Mary Burton, of 43943 Arlington, Canton Township, said she has no argument with the road closing, but said the board should reconsider the idea of keeping an easement for a walkway between Windsor Park and the upcoming Mayfair subdivision.

Without a walkway, the nearest access routes between the two subs would be Morton Taylor Road, Sheldon, or trespassing through the people's yards, she said.

"When I heard there would be no walkway, I was disappointed," said Mrs. Burton, who circulated the petition. "I thought about the inconvenience it would cause my kids if they wanted to go see their friends who will be living in the Mayfair sub.

"So I went down Arlington with the petition and was overwhelmed at the response. The kids in Mayfair will be going to the same school, (Hulsing Elementary) so you know they'll have friends over there."

The petition signed by 47 families on Arlington and six on Brandywine.

It states: "We are in favor of constructing a walkway between Windsor Park and Mayfair subdivisions along Marlowe for the following two reasons:

"We are concerned about the safety of our children who will be forced to walk long distances along busy roads to visit friends who live in the other subdivision.

2) Residents living on Arlington and on Cranberry will be forced to construct fences to prevent pedestrian traffic across their lawns. These fences could be financially or aesthetically objectionable."

Dale Townsend, Canton planner, previously recommended leaving a walkway along the strip that is now Marlowe. He was rebuffed by Treasurer Carl Parsell. Parsell, who lives in the Windsor Park subdivision said that his neighbors wanted no contact with the new subdision and commercial development.

The request for reconsideration on the walkway issue will come up for discussion at Tuesday night's regular township board meeting.

Ballots start brouhaha

By CRAIG PIECHURA

Jerry Cheske, candidate for trustee on the write-in slate, says there's a logical reason wy he filed for an absentee ballot even though he has asked his boss for the day off on Nov. 2.

Eugene Daley, one of Cheske's Democratic opponents in the trustee race, said Cheske and the write-in campaign workers are abuse the absentee ballot procedure by asking people to use the "more convenient" absentee ballot to write in the Robert Greenstein write-in slate. 33

"It's true that I've requested the day of Nov. 2 off from work," said Cheske, who is a contributing editor to AAA Motor News.

"I am working on a public project in November that could take me out of town. November is Energy Month for the state of Michigan and it's possible that I could be called anywhere in the state on Nov. 2. Obviously, I'd like to be in Canton election night, but I still have an obligation to my job."

The write-in candidates and many of their supporters have checked the first of six reasons for requesting an absentee ballot: "I expe be absent from the community in which I registered for the entire time the polls are open on election day."

Daley and Peter Bundarin, Republican candidate for supervisor, say people who state they "expect to be absent from the community" must have a firm committment, and not just use the reason "as a catch-all."

Daley sent a self-described "press release" to Canton's absentee voters promising that he would "monitor the use of absentee ballots and election day activities."

Cheske and Robert Greenstein, write-in candidate for supervisor, say Daley's mailing is an attempt at "voter intimidation."

Greenstein countered with his own mailing to the absentee voters.

"(Daley's) threat was a direct attempt at voter intimidation by the Stein Slate to frighten voters from using their privilege of an absentee ballot," states Greenstein.

Greenstein states that the election law does not say people must have a committment to "definitely be out of town," but rather anyone who EXPECTS to be absent."

Greenstein and slate mate Joyce Willis have also requested write-in ballots. Greenstein says it's possible he could be in downtown Detroit at the Criminal Justice Institute until a late hour. He starts school at 6:45 a.m. before the polls open.

Daley and Bundarin said that anyone who wanted to could use Greenstein's excuse that they "expected to be out of town."

"The absentee ballot is not desighed so you can sit in your front room and leisurely fill out the ballot," Daley said. "If I have to stand in the rain, you stand in the rain." workers could help people fill out the absentee forms and persuade people to vote the write-in.

Salem begins its homecoming celebration

It used to be that homecoming represented one action-packed weekend with a football victory, a bonfire that nearly burns down the school and a big dance.

Students at Plymouth Salem High, however, have extended the fun-filled happening to an entire week, kicking off with the infamous tricycle race on Monday and culminating with Saturday's homecoming dance.

Although the school is closed Monday for teacher inservice training, the tricycle-skate board competition will be held—if the wheels don't freeze.

Tuesday's slate includes a bubble gum contest in the Upper Commons and an unusual evening track and field get together at the Centennial Educational Park field. Chilling temperatures may discourage participants, but the competition promises to be fierce.

A HOOLA-HOOP contest for senior girls will be held during the wee hours Wednesday morning in the Upper Commons. Nighttime will feature the highlight of the homecoming week—the burger-eating contest.

Persons with lighter appetites can enter the popsicle eating contest, which is scheduled for Thursday morning. The parade, featuring the Plymouth Centennial Educational Park Marching Band, will get underway Thursday at 7 p.m. in downtown Plymouth.

Including court candidates, football players, cheerleaders, floats and what-not, the parade will start on Adams Street in front of Central Middle School, proceed down Church to Harvey to Ann Arbor Trail and then back to Central.

A PEP ASSEMBLY will get the Rocks off to a proper start for their game with Suburban Eight rival Dearborn on Friday. The 8 p.m. contest promises to be a thriller with a pair of evenly matched teams.

At halftime, the queen will be announced. This year's senior court consists of Jan Matthews, Mary Chiado, JoAnn Szilagyi, Linne Stone and Laurene Kirchoff. The winner (the queen, not the football team) will then be honored at the dance with the sound of "The Woolies."

Protulis sparks Carter campaign workers

By PATRICK TOUHEY

Tomorrow, Steve Protulis will leave for Atlanta to organize field workers in the Carter presidential campaign. But today he sits in the kitchen of his Canton home and talks about his childhood and about coming to the States. His shoulders are hunched forward; his hands are wrapped around a coffee mug, and his eyes flash intensely.

"When I was young, there was a terrific struggle between the communists in South America and the Western governments. Each side wanted control—there were speeches, demonstrations, and threats.

"My father was very democracy-minded, but I had to decide for myself. It was very important.

"Then—and this is a very strong image in my mind—the communists organized a strike in a Swift's meat packing plant. Day after day the cattle would be brought in, and day after day they would be slaughtered and left hanging up to rot.

"Finally the meat plant closed down, and just like that, 4,000 people were out of work.

"I was only 14 or 15, but the sight of those rotting cattle stayed in my mind. And later, when I studied medicine at the university in Uraguay, I joined a pro-American student group and became active in college politics."

IN JANUARY OF this year, Steve became the National Field Coordinator for the Jimmy Carter presidential campaign. He was named to the position by Carter himself who personally asked Leonard Woodcock if Steve could be given a leave of absense from his duties at the UAW International.

"When I think that I have only been in this country for 15 years, and that when I got here I could't speak English, I am sometimes afraid. Everything has happened so quickly," he said softly.

Steve's parents are Greek, but he was born and brought up in South America. In 1961, when he was 20 years old, he arrived in Dearborn to live with an aunt.

"I was studying to be a doctor at the University of Montevideo," he recalls, "and my aunt told my father I should come to the States to go to school.

"I was very excited—to go to America—to study medicine there. I had never dreamed of such a thing."

So Steve left Uraguay and came to the U.S. His plans of continuing his medical studies, however, fell through.

"I applied to Wayne State University, and although my knowledge of pyhsics and chemistry was adequate, I couldn't speak the language. I was advised to go to a community college to take English courses and then re-apply."

With that in mind, Protulis enrolled in Henry Ford Community College and began to learn English. Then his aunt died.

"It was a terrible period in my life. Everything fell apart. But I was determined to stay in America."

To earn money, Steve took a job washing dishes in a restaurant and left school.

"But when I wrote home, I told them I was still in school," he laughed. "My father would never have let me stay if he knew what I was doing."

THROUGH THE urging of some regular restaurant customers, Protulis applied for a job at the Fischer Body plant in Livonia.

"I must tell you that at first all I was interested in was the money. I was only making $1.25 an hour washing dishes, and the auto plant paid a great deal more than that.

"But I still had my interest in politics, and pretty soon I got involved in the union. The man who was my union steward did not really care about his job, and I thought I could do better."

From this point on Steve's rise through the ranks was meteoric. He was elected steward, then chairman, and eventually he was offered a job working for the International at Solidarity House.

As luck would have it, his first assignment was to work with UAW retirees in Florida. It was there that he met Carter.

"Jimmy Carter was just one of many candidates then, and we got to be pretty good friends. I really respected him and did a lot of work."

Protulis continued to work for and with Carter in Wisconsin, Maryland, Ohio, and New York but always in a union capacity.

AFTER CARTER WON the Democratic nomination, he requested that Steve be allowed to join his campaign staff on a full-time basis.

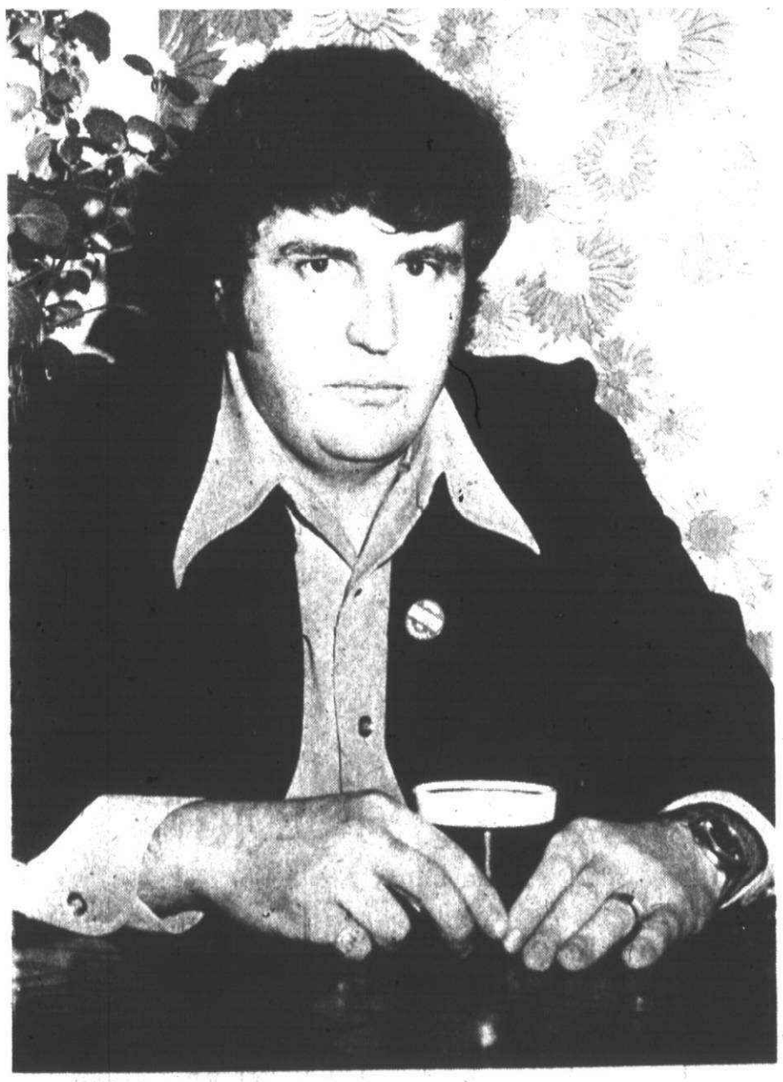

"It was one of the great moments of my life," said Steve. "But it was also a difficult decision. I knew I would have to travel a lot, and I knew about the pressures of politics.

"So I sat down with my wife, Darlene, and we talked about it. In the end, we decided the sacrifices would be worthwhile, and here I am."

However, Steve has no plans for becoming a professional politician.

"When the campaign is over, no matter who wins, I am going back to the International, because I think I can do more good for people there.

"In a funny way it is almost like being a doctor to me. I don't help people physically, but if I am warm and honest and open, and let them know I care, it is almost the same thing."

Steve Protulis takes a break in his Canton home while in-between travels for the Carter campaign. (Staff photo by Gary Caskey)

Brown, Kidston spar

Relaxing before the grand opening of Napoleon's Restaurant and Disco are maitre d' Tom Whitebeaver (left) and manager Steve Avakian. (Staff photo)

Urban sprawl, welfare fraud, and tax reform were among the issues discussed by candidates for the 37th District State House seat, which includes Westland, all of Canton, and a small portion of Plymouth Township.

Rep. Thomas H. Brown (D-Westland) is being challenged by Brian Kidston, Republican from Plymouth Township.

Brown, who has served in the house since 1971, was a Westland mayor for two terms and served as supervisor, treasurer and trustee of Nankin Township.

Kidston, who has a BA in history and PhD in administration from University of Michigan, is an assistant principal of Central Middle School in Plymouth. He has experience as a secondary teacher in Detroit and supervisor of student teaching for U-M. He is president of the Plymouth Kiwanis Club and the Plymouth-Canton Bicentennial Commission.

THE CANDIDATES both responded to questions offered by the League of Women Voters of Northville, Plymouth, Canton, Novi.

The LWV is a nonpartisan organization dedicated to encouraging responsible and responsive citizenship. The league does not endorse or support candidates for public office, althouth it does take positions on ballot issues.

Candidates were given 45 words to respond to questions from the league. The first question was: **What role, if any, should the state government play in helping communities cope with urban sprawl, loss of prime farm lands, declining inner cities?**

Brown responded: "A positive, cooperative local government, state government, land use program with possible taxation benefits."

Kidston answered: "Urban development is a problem which affects all citizens—Detroiters and suburbanites alike. This growth must be coordinated and planned on a regional basis. State government can stimulate and set guidelines for such regional development. Among possible state actions could be state purchase of land development rights to insure open spaces and food sources within metropolitan areas, build safe, efficient mass transportation systems and construction of clean public housing."

WHAT CHANGES, if any, would you advocate in Michigan's welfare system?, both were asked.

Kidston responded: "The welfare system must be made as error free and fraud proof as possible. Welfare laws should be rewritten in order to reduce their complexity; thereby, reducing field worker error. We must abandon the concept that it is impossible to employ all citizens desiring to work. There is much productive work which remains undone for want of workers. A basic requirement to qualify for aid should be the recipient's agreement to accept employment and to fulfill this role in a responsible manner."

Brown answered: "Positive action to assure the needy are served and the prosecution of all who are guilty of fraud, cheating, and-or conspiracy to defraud."

WHAT CHANGES, if any, would you support in Michigan's tax structure?, was the third question.

Brown stated: "Review all exemptions. Work for a system of ability to pay concept. A more equitable way of paying for education needs, K through 12 and higher education."

Kidston stated: "The financing of public schools by property taxes should gradually be reduced and replaced with state aid. Local districts should retain some residual taxing authority for enrichment programs. Amendments should be made to the State Constitution guaranteeing local control of the educational program as well as establishing a cutoff date no later than the end of March after which the level of aid could not be reduced below the appropriation for the preceding year without a two-thirds vote of both houses. In general, the legislature should be forced by constitutional requirement to complete appropriation decisions in sufficient time to permit an orderly adjustment of necessary adjustments in programs."

Napoleon's is now open

Napoleon's, a new restaurant which promises attractions for all age groups, opened last week in downtown Plymouth.

There is a bar, dining room and gazebo room with a dancing area.

The dining room has space for 400 diners at one sitting. There are tables for larger groups and "all you can eat" family-style dinners. Tables for four also are available and entrees featuring steaks, seafoods and house specials.

The gazebo room has lighter menus with sandwiches and items served in a basket with cole slaw and baked garlic bread. There is music and disco dancing with a large 8 X 10-foot video screen which will show favorite artists, dancers, and televisiosports specials.

Owner Joe Nahra emphasizes that guests must wear proper attire at all times and that persons under 18 years of age must be accompanied by a parent or guardian.

THE BUILDING which once housed a supermarket has a new atmosphere. Wooden beams, carpeting, lattice work, wrought iron and brass, and bentwood chairs with cane backs have been used to good advantage. And the gazebo room actually has an old-fashioned gazebo with latticed sides and hanging plants.

Three large free-standing fireplaces add a feeling of warmth and perspective to the large building.

The lighting is an interesting combination of hanging Tiffany-styleshades, and fixtures with revolving fan blades. Candlelight is used at the tables.

Stained glass windows illuminated by hidden lighting are suspended high above the bar.

Manager Steve Avakian and Maitre d' Tom Whitebeaver greeted more than300 guests at a preview party the evening before the grand opening.

Napoleon's will be open seven days a week. The gazebo room will be open from 3 p.m. to 2 a.m. and dinner will be served in thdining room from 2-10 p.m.

Trustee candidates confront the issues

The Canton Observer has asked all candidates seeking seats on the Canton Board of Trustees,including those on Supervisor Robert Greenstein's write-in team,to answer a questionnaire regarding their views on township issues.

This is the third and final part of a three part series of candidates' responses to the questionnaire. Listed below are the trustee candidates' answers on the questionnaire issues.

Wording of the candidates' responses is their own and appears unchanged expect for spelling and punctuation changes for clarity. A few candidates went well beyond the stated word limits and their answers were judiciously trimmed.

Supervisor candidates responses to the questionnaire appeared in the Oct. 18 edition and clerk and treasurer candidates aired their views in the Oct. 21 edition of the Canton Observer.

POLICE RESERVES AND THE REGULAR POLICE was the first subject we called on the candidates to discuss. We asked: "If elected in November, what would you do with the reserve force that exists today? Would you discontinue or expand the nightly patrols of subdivisions, streets and trailer parks? Or would the reserves be used primarily for crowd control and emergencies? Would you require that a certified police officer be in the car with the reserve? Would you take the guns away from the reserves? Open—ended question: What direction should Canton Township be heading to provide adequate police protection for its citizens? Include in your response an answer to the three possibilities that have been mentioned (i.e. an independent Canton Township Police Department; contracting with the Wayne County Sheriff's Department; a tri-community police department comprised of Plymouth, Plymouth Township and Canton) **200 words or less.**

The second question concerned **BUSINESS REGULATIONS:**

State your positions on the present restrictions on business signs and the requirement that business build berms to hide parking areas. The attorney general has ruled that Canton Township may initiate a consumer protection agency. Do you think the township should start one? Either explain the reasons why you oppose such an agency or tell what benefits a local ordinance might produce.**200 words or less.**

The third question asked candidates what their position is on the **MASTER LAND USE PLAN.**

Should Canton's farmland be protected under a land use plan? How do you determine what property is zoned agricultural? Should farmers receive tax incentives? Looking toward the future, how many people do you think should live in Canton? What population would be desirable and how would you prevent an excess? What plans do you have for accomodating low-income families? Open-ended question: What steps should be taken to guarantee sensible, aesthetic development that serves all income levels? **200 words or less.**

The fourth question asked candidates to address themselves to **CITIZEN PARTICIPATION IN GOVERNMENT:**

What steps or programs would you work for to insure citizen input in the decision and policy-making process of township government? How can the Citizen's Advisory Council (CAC) be made more effective and responsive? What steps above and beyond the CAC would you recommend? **100 words or less. MISCELLANEOUS** questions asked:

If you run for office on a team slate, what effect will this have on your voting record? Do you think Canton has seen an end to voting blocks by team members? **75 words or less.**

At the last minute before the questionnaire was mailed, we asked all candidates to assess the impact of the **write-in campaign.**

Certified candidates were asked what effect they thought the write-in would have on the election and were asked if they considered the write-in candidates "healthy competition."

Write-in candidates were asked why they chose to support a write-in and what effect the write-in would have on the election.

Trustee Candidates' Responses to the Questionnaire:

LYNNE GOLDSMITH
DEMOCRAT—TRUSTEE

POLICE RESERVES AND REGULAR POLICE—The township board must immediately appoint an interim police chief or administrator independent from, but directed by, the township board. The duties of the reserves must be limited to be compatible with their purpose, as stated in the ordinance establishing "Police Reserve Officers for **Emergency and Special Police** Detail." That purpose is "the control of large gatherings at such events as dances, athletic events, parades, carnivals, holiday events and such other duties as they may be directed by said township supervisor."

I would be in favor of continuing the evening and weekend patrols on an "eyes and ears" basis only—with weapons authorized for certified officers only! For this reason, I would not require a certified officer be with each reserve.

A study must be made by an outside agency of crime statistics in Canton; the specific needs for additional police protection; and the alternatives available to meet those needs. After this is accomplished, the board must evaluate the results, with the aid of the Citizens Advisory Council (CAC), and determine which avenue is best to pursue. Money should be appropriated by the full board before it is spent on police protection.

BUSINESS REGULATIONS—The establishment of sign and berm ordinances were necessary to improve the physical environment of Canton and should be retained! Two years have passed since their inception and the time has come to reevaluate and improve upon them.

The township board, the CAC, the Chamber of Commerce and other experts on the subject need to discuss the consumer protection practices currently being carried out by the Canton Chamber of Commerce and rate the effectiveness of their program. (An educational effort needs to be conducted on the recourses available to consumers at this time.)

It might be desirable to pass a local ordinance as a guarantee of protection to consumers or to meet needs not met by the Chamber's program. Again, one person should not have sole authority for developing this ordinance.

MASTER PLAN FOR LAND USE—I would support retention of agricultural

LYNNE GOLDSMITH

lands and believe the township board needs to work closely with the farming community to accomplish this task. To determine which lands should be zoned agricultural, we must first know which farmers are willing to retain and farm their lands for at least 10 years. Another criteria should be to determine which lands are financially profitable to farm.

Farmers in Canton Township need some financial assistance to upgrade soil conditions and drainage. The feasibility of several alternatives need to be studied (e.g. tax incentives, low-cost loans, purchasing development rights, and encouraging a more flexible assessment policy).

A population of 100,000 would be the maximum desirable in Canton. Sewer capacity, subdivision ordinances, requirements for commercial development, and environmental impact statements should be used to promote sound planning and prevent an excess of development.

I think Canton has rated better than most communities in providing low-income housing **acessibility** to services and transportation needs as well. If future housing is considered, following a needs study, I would favor smaller, less dense housing with more creativity in design,located closer to services.

The Planned Unit Development needs to be replaced with an ordinance requiring open space in residential areas. This may be in the form of neighborhood parks, landscaped greenbelts or scenic corridors of some type. Unique natural features should be preserved whenever possible. Intensity of development should be kept at a minimum. Where feasible, and when the public is unable to acquire the land, cluster development should

CITIZEN PARTICIPATION—Canton's Citizen Advisory Council should be reorganized to incorporate representation from all sections of the township on the basis of population. The CAC needs the authority to act independently from the township board to aid and assist the township board in decision-making and to provide the means for valuable citizen input into government.

I would also encourage meetings between the township board and other groups or homeowners. I would also favor holding informal meetings to discuss issues with citizens and encourage citizen participation in fact-finding. We should be open to hearing **all** ideas.

MISCELLANEOUS—When candidates run together on a slate or team there is an automatic obligation to tee other members that cannot be ignored when in office. I believe this obligation would be reflected in the voting of team or slate members. I specifically chose to run as an independent because I think a healthy township board is one in which issues are decided by a blending of independent views to come up with the best solution.

WRITE-IN EFFECT—I see the purpose of a primary as being a process of narrowing the field of candidates so that the winner of the general election will have a clear-cut majority. The Greenstein Team was defeated in that process. Why should they follow different rules from the other candidates? It will only result in more division in the township — something I would have hoped would be ended in November.

EUGENE DALEY
DEMOCRAT-TRUSTEE

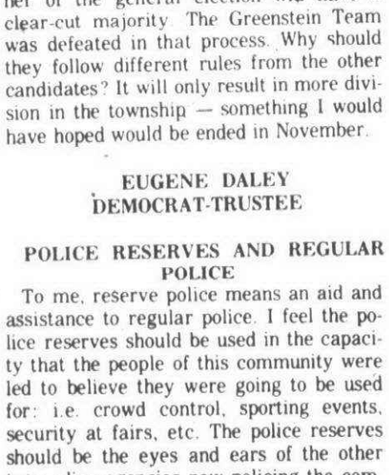

POLICE RESERVES AND REGULAR POLICE

To me, reserve police means an aid and assistance to regular police. I feel the police reserves should be used in the capacity that the people of this community were led to believe they were going to be used for: i.e. crowd control, sporting events, security at fairs, etc. The police reserves should be the eyes and ears of the other two police agencies now policing the community and should be called upon in times of disaster or other emergency.

Whenever a reserve officer is utilized, he or she should be under direct supervision of a regular full-time officer.

Doesn't Canton have "adequate police protection" now? Does Detroit have "adequate" police protection? What is "adequate" police protection? In the census of 1975 conducted by the present administration, the majority of the people answered that they felt the police protection was adequate.

Additional police protection for Canton should be based on an in-depth study of all options and determined by the least cost to the taxpayers for services provided. The people should have a voice in deciding for more police protection by a millage vote.

GENE DALEY

In order to remain solvent, business places need more trade than what local residents provide. Businesses have to be readily identified in order for consumers to locate them. I am not in favor of gaudy, neon, blinking and flashing signs but I think some revisions should be made in certain areas of the present sign ordinance. Possibly a uniform letter size or style could be designed and adopted by the business community.

As to berms, I believe they should be used as aesthetic features with attractive landscaping and shade trees rather than as barricades to hide parked cars. Some of them could actually be a hindrance to firemen in the winter when covered with snow and ice. Firefighters would have to climb them in order to lay fire hose from the street to the business place. I think the business community should be involved in a study of both the sign and berm requirements in order for Canton to be an attractive place to do business and shop in.

I see no reason to license "all" businesses. Most businesses now have many regulatory requirements by federal or state agencies that they have to meet. There is already is a county consumers protection agency that people can call on. If a particular business needs to be regulated it can be done through the licensing powers for the health, safety and welfare of the community. **MASTER PLAN FOR LAND USE**—I think that viable farmland should be protected under a land plan. Land that is being farmed should be zoned agricultural and some form of tax incentive should be devised for farmers who depend on farming for a livelihood. This is one area where the township needs the expertise of farmers and planning consultants alike.

I would like to see the population growth-controlled — but not just the east half of the township. Naturally, the least population would be the most desirable. Livonia has the samearea as Canton and a population of near 100,000, which I feel is not too extreme. I do not want Canton to be a "bedroom community" with the tax burden placed on the homeowners. Therefore, industrial and commercial development is a must for the tax base needed to provide the services required.

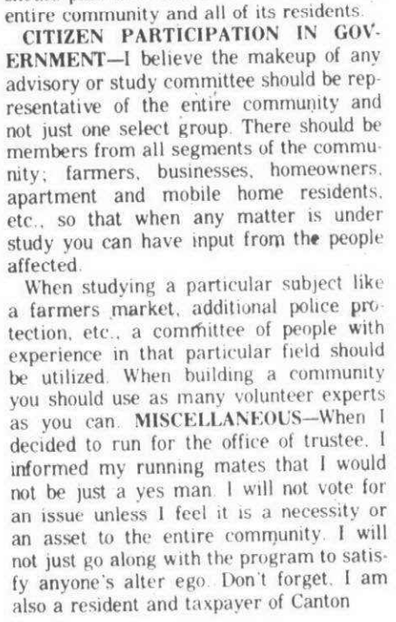

The administration should explore the possibilities of extending facilities to industrial sites and look towards possible tax incentives to attract industrial growth. The planning consultants hired by the township should plan land use for the benefit of the entire community and all of its residents.

CITIZEN PARTICIPATION IN GOVERNMENT—I believe the makeup of any advisory or study committee should be representative of the entire community and not just one select group. There should be members from all segments of the community; farmers, businesses, homeowners, apartment and mobile home residents, etc., so that when any matter is under study you can have input from the people affected.

When studying a particular subject like a farmers market, additional police protection, etc., a committee of people with experience in that particular field should be utilized. When building a community you should use as many volunteer experts as you can. **MISCELLANEOUS**—When I decided to run for the office of trustee, I informed my running mates that I would not be just a yes man. I will not vote for an issue unless I feel it is a necessity or an asset to the entire community. I will not just go along with the program to satisfy anyone's alter ego. Don't forget, I am also a resident and taxpayer of Canton

JAMES POOLE
REPUBLICAN—TRUSTEE

POLICE RESERVES AND REGULAR POLICE—I would continue to fund them and have them further their training, and tell the people the truth. The reserves have been used, abused, and maligned. The sheriff will soon be supporting us.

JIM POOLE

There have been too many lies and deceptions by the administration, i.e., "they will only handle traffic and overflow crowds"—"they will backup full-time officers"—"they will work for free." Deceit and misrepresentation must be stopped because it has hurt the reserves' credibility. I still support my suggestion of 1973 which was to explore the feasibility of a joint force with Plymouth, Plymouth Township and possibly Van Buren.

BUSINESS REGULATIONS—I suggested the first berm in Canton at the K-Mart. We should continue to require berms but emphasize better maintenance. There should be more trees and more shrubs in the landscape plans. Businesses have shied away because of the sign ordinance. Reasonable signs should be considered. We need to increase our tax base to at least keep our homeowners taxes from rising any faster.

A consumer protection agency could be of mutual benefit to the consumers, the township, and the business community. However, it cannot be as dictatorial and all-powerful as the one previously proposed and rejected by our township attorney. Businesses, i.e., the Chamber of Com[illegible] land. [illegible] should receive tax reductions and incentives. Soil survey studies should be conducted to determine which land can be used to grow crops economically. A flood plain study must be conducted to determine which land is not usable due to flooding. If it is to be permanent, a means of compensation must be found. The value of the land must be determined. The people have been told the value is $10 million and federal funds are on the way. This is absolutely untrue. The true value of the land is closer to $30 million. Without federal or state funding for development rights, the taxpayers of Canton may have to finance the program. Therefore, the citizens of Canton must be allowed to determine by vote if they are willing to foot the bill for such a program.

In supporting the 100,000 population concept, the people were not necessarily supporting the master plan nor a 100,000 population east of Canton Center Road.

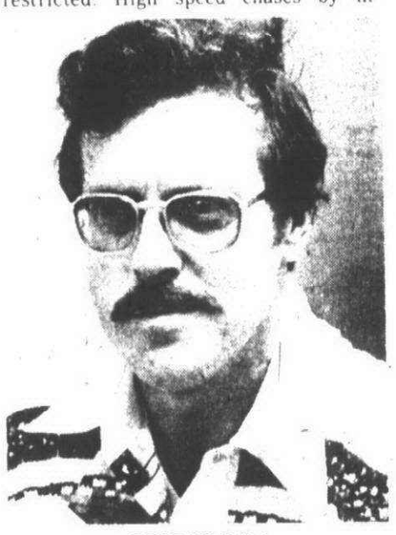

CITIZEN PARTICIPATION IN GOVERNMENT—CAC should be organized as originally recommended by original independent thinking CAC members. That is by precinct and members selected from each precinct.

One present rule in the by-laws should be changed. It allows for a majority vote of a quorum (3 people) to make recommendations on behalf of the CAC. Thus, if two people vote in favor on an issue and one votes no these two votes reflect the will of the CAC and allegedly the citizens of Canton. This is not a representative situation.

MISCELLANEOUS—I am not part of a slate. I support those who in my estimation are qualified whether they be Republican or Democrat. Slates tend to vote as slates. Good, objective, well informed officials can get the job done even better than a slate because of the independent and thorough airing of all facets of a given situation.

GEORGE HALL
REPUBLICAN—TRUSTEE

POLICE RESERVES AND REGULAR POLICE—If elected I would continue the reserve police force as it exists today and at the same time endeavor to form a commission to negotiate the establishment of a multiple community police force. An explanation of my statement, "continue the reserve police as it exits today"—the patrolling of sub-divisions, merchant areas and trailer parks would be continued but the patrolling of major thoroughfares would be restricted. High speed chases by inexperienced police reservists must be avoided. The police—reservists would be integrated with regular police from the multiple community police force when it is established. This is a matter of expediency, for the reserve police are a stopgap force until a full-time police force is available. When a full-time police force is established, reserve police would ride with them.

GEORGE HALL

BUSINESS REGULATION—A certain number of business signs should be allowed. But only enough to advertise the business adequately, not enough to be offensive to the public. In my opinion berms are not necessary but landscaping of the business property should be required and also maintenance of the landscaping should be enforced.

A consumer protection agency should only be established if the citizens of Canton want it, not when the local government feels they need it. I would propose open meetings on this subject to get the citizen's opinion before going ahead with this type of agency. Any type of government control should only be enacted when it is wanted and needed by the citizens. More input by the citizens would be required in my opinion.

MASTER PLAN FOR LAND USE— Yes, the farmland should be protected under a land use program. Determination of property being zoned agricultural should be by the owner's use of the land. If the owner can prove the property is being used as farmland, or will be used as farmland, the property would be zoned agricultural with the tax incentives included. A population in Canton that would be acceptable to me is one that would be comfortable to its citizens. A reasonable growth rate that would let Canton's services keep pace at a reasonable tax rate is a good population. Reasonable growth in the township would prevent an excess population. A well planned zoning is vital toward the establishment of a community that serves all income levels and should be investigated thoroughly before enacted.

CITIZEN PARTICIPATION IN GOVERNMENT—I would open communication lines between the members of the board of trustees and the citizens of the township. This would be done by leaving open time for the citizens to see the supervisor of the township to discuss problems relevant to themselves. From these meetings the township supervisor would relay information to the rest of the board.

MISCELLANEOUS—Running for office on a team slate has become an unpopular method of running for office. It is necessary for the board members to have an open mind regarding issues in the township and not be dictated to regarding their vote.

JOYCE WILLIS
WRITE-IN—TRUSTEE

POLICE RESERVES AND REGULAR POLICE—Recent dismissal of lawsuits against the police reserves should convince residents of Canton Township that the current operation of our reserve force is a legal and safe means of adding extra protection to the community. Our ultimate goal should be to provide full-time police protection in the township; however, a serious study must be undertaken before any statement or decision is made regarding future township commitments for police protection. That study should begin immediately. In the meantime, reserve officers continue training and additional officers will soon be certified. I am satisfied that care is being taken to provide the utmost protection to homes and residents of this community by qualified reserve officers who are currently operating.

JOYCE WILLIS

BUSINESS REGULATIONS—Township ordinances regarding free-standing signs and berms were established by the present township board as a means of protecting and beautifying the Canton business community during this period of rapid business growth. While I feel their intent was sincere and future effect beneficial to the over-all beautification of the township, I believe a review of both ordinances is in order. Exploring various alternatives to traditional free-standing forms of advertising and the tendency toward an over-abundance of signs could provide a new, sufficient, attractive method of denoting township businesses. Recent awareness that berms could rapidly lose their attractiveness as well as hide parking from the street should prompt a review of the height and width requirements, with the possibility of easing the restrictions while maintaining the over-all intention of the berm ordinance. The Canton business community is still in an infant stage of growth. At the present time the consumer complaints service provided by the Canton Chamber of Commerce is adequate to meet consumer protection needs of this community.

MASTER PLAN FOR LAND USE—Yes, farmers should receive tax incentives,and yes, a land use plan must protect farmland—for several reasons. Buyers waiting to develop available land in Canton have little interest in maintaining a limited population, or allowing already developed properties to be completed in established sections of the township. Citizens have faith that their township government will protect this. Officials rely heavily on the expertise of planners and consultants in the field to determine land usage, including what property is zoned agricultural, etc. I feel their experience has been well-utilized to date, including developing housing trends which presently meet the needs of citizens of all income levels. I see no immediate need for additional low-income

Varied views shown by candidates

(Continued from page 3A)

housing at this time. I feel the figure of 100,000 by the year 2000 is the maximum population figure we can consider at this time. The proposed master land use plan adopted by the planning commission and the accompanying ordinances and community studies that will follow should control growth as well as provide the answers to sensible, aesthetic development of the township.

CITIZEN PARTICIPATION—A Citizens Advisory Council is a superb answer to citizen participation in government. Operating independently of township government, it must be a cooperative venture, with CAC receiving direction and ideas from the township board and the board accepting completed studies and recommendations from them. Citizen input has been encouraged at township board meetings, and I feel citizens have always been invited to share their views.

MISCELLANEOUS—Slates are comprised of people who share the same ideas and beliefs about the over-all direction they want township government to take. I don't believe the Democratic team automatically votes as a block without deliberation; if their votes are unanimous it is because they agree with one another. Being a member of that slate will have no effect on my voting. I will vote my conscience on every issue, as proven by my voting record on the Zoning Board of Appeals.

GERALD CHESKE
WRITE-IN—TRUSTEE

POLICE RESERVES AND REGULAR POLICE—The Reserve Police Department is functioning smoothly despite outside interference. The department's nightly patrols are performing a significant service to all Canton residents and I would not discontinue these patrols under any circumstances. Controlling crowds and emergency duty are only part of the duties that should be performed by the reserves and are not the primary functions. When Canton's 13 reserves graduate from the Criminal Justice Institute, a certified officer will be riding with each reservist. The standard equipment for any police officer, reserve or otherwise, includes a revolver. To send a uniformed officer on patrol unarmed would be foolish and dangerous to that individual. Before Canton is to determine what direction police protection should go, a detailed study must be performed to decide the most cost-efficient and effective method. It is extremely unfortunate that some political candidates have committed the township to one direction without first studying the effects of their personal feelings. Since an increase in levied millage is a certainty with any full-time department, citizens must have input into any decision-making process.

BUSINESS REGULATIONS—Since this administration formulated and approved the sign and berm ordinances, I stand fully behind these regulations, which are designed not to hinder business but to protect their interests and preserve the aesthetics of this community. However, I feel that in a very few instances, the sign ordinance may be overly restrictive, such as during the first few months that a new business is open. Because of this, some review may be necessary. The proposed consumer protection ordinance as presented needs tremendous work if it is to be effective. While a consumer protection ordinance can be of great benefit to Canton residents, care must be given to insure the ordinance does not discriminate against business. The major benefit is to provide quick, thorough response to consumer complaints.

MASTER PLAN FOR LAND USE—Canton's present land use plan is an ingenious and innovative attempt to protect one of Michigan's most precious and dwindling resources—agricultural lands. Since Canton Township is one of the few areas in Wayne County where farming still is practiced, every effort should be made to preserve these lands. One way in insure these lands remain in productive agriculture is to provide tax incentives to farmers as is now being done. While no precise figure can be put on population, I would make every attempt to limit Canton's population by sensibly controlling growth. Ideally, I would hate to see Canton pass the 100,000 mark within the next 30 years. Strictly adhering to the present master land use plan prevents excess population and guarantees sensible, aesthetic development in the

GERALD CHESKE

township. Low income housing has been built and is currently being developed in Canton Township to insure housing for all income levels. Specific programs aimed at the low end of the economic spectrum would have to come through financial incentives from the federal government.

CITIZEN PARTICIPATION—Citizen participation is a primary goal in any good government. This has been accomplished under the current administration with more citizens involved than ever before. Such participation, however, must be constructive with remedies included as part of any criticisms. The spark that first accompanied the Citizens Advisory Committee apparently has disappeared and must be rejuvenated. Such projects as the farmers' market could be the proper stimulus. The first step in making the CAC more effective is to increase membership from throughout the township and encourage active participation. Such participation currently is limited to a handful of residents. I would recommend that the first step to greater citizen involvement is great participation as an individual in government meetings and projects. It is shameful that only seven persons attended the recent budget hearings.

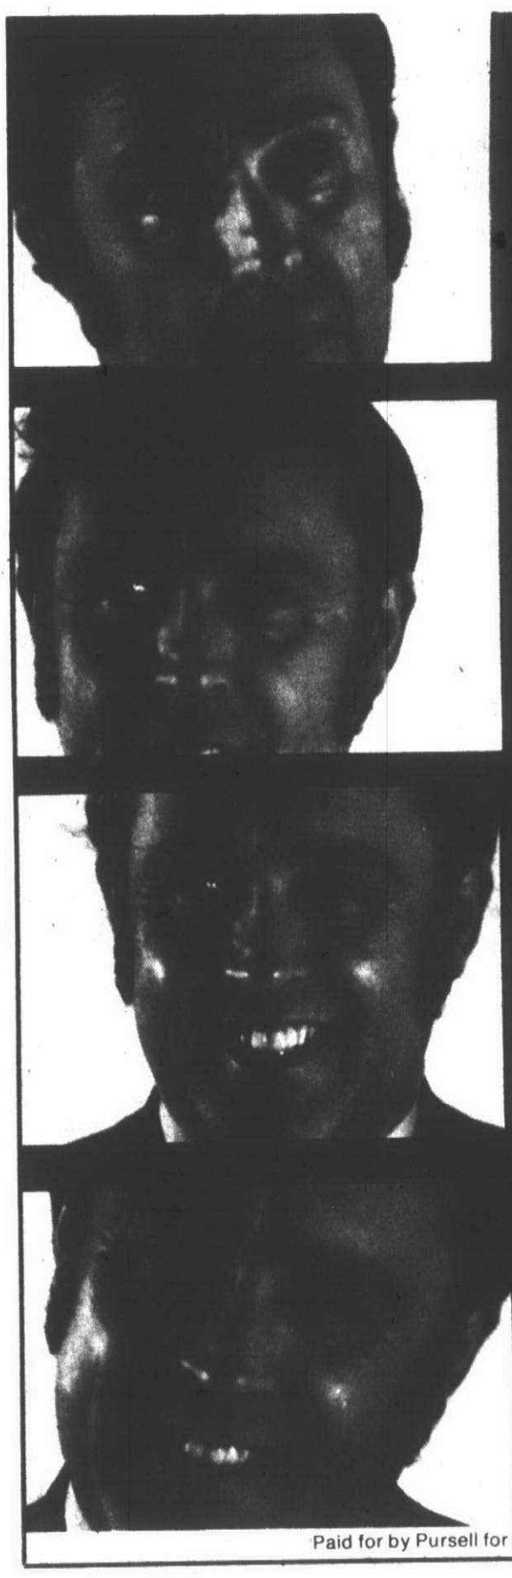

MISCELLANEOUS—The team slate concept has not affected my voting record since every vote I have cast on the township board has been done so in the best interests of this community. I am totally unconcerned about how other members vote provided they vote in the township's best interests and not their own selfish interests. There will be no end to voting against nearly all legislation without adequate reason and without offering adequate alternatives.

I decided to support the write-in effort on my behalf only after being assured that the effort would result in successful election and not just cause chaos. The write-in will provide the large number of unsatisfied voters with a viable alternative choice.

These parents back board on COLA contract offer

From our readers

Editor:

We taxpaying parents are cognizant that it takes a lot of effort to deal with the assigned children of grades K-12, their problems, idiosyncracies, and varied abilities. Teachers deserve applause for putting such dedication into their daily task.

Parents of the children in Plymouth Community school district wish to commend those of you who are truly dedicated, and thank your for caring for our children's needs above and beyond the call of duty. As with any large organization, there are a few malcontents who instigate problems...Why would such dedicated people allow themselves to be swayed by such a small minority?

In a recently published letter, one teacher wished to be treated as a factory worker. Let that teacher ponder the following: The average teacher works 37 weeks out of a year; the average factory worker works 50 weeks out of a year. The average teacher works five actual-contact hours a day; the average factory worker works seven actual hours a day. In essence, if the teachers want to negotiate like factory workers, let them punch a clock for an eight-hour day for 50 weeks a year!

We do support a FAIR wage; and we feel five per cent COLA on BASE salary should be MORE than adequate for ALL teachers...on this we stand behind the board of education. (That's a $500-a-year increase in pay, not including the one per cent in fringe benefits. In our gatherings, many have NOT had wage increases in four-to-six years!) We want teachers to get to work (and not with half a mind on their contract negotiations), and we urge them to ask their negotiators to make a concerted effort to settle their contracts. The slowdown tactics are angering the taxpayers, and we feel these tactics are beneath the dignity of the large majority of teachers.

The passing of the recent millage was specifically "committed for program and class sizes" and we wouldn't care to see it dissipated in use on astronomical salary increases for teachers (we don't believe the five per cent COLA should be applied incrementally)...on this we support the board of education to use it for the purpose for which it was intended. Our fact-finding committee discovered that you are already among the highest-paid teachers in the Wayne County area.

In the rash of parent meetings (the product of the balking teachers and impending strike threats), we have heard many comments from parents who used to be so willing to come to the aid of their children's teachers and have become disenchanted by teachers' current actions. Those who volunteered their time, talents, and energies, have decided to withdraw from any future oben houses and activities that fall after the school day ends (just like the teachers are doing now); and vow they shall no longer champion teacher causes to promote funds for the extras desired for classrooms. If teachers follow the letter of their contract and do ONLY what they HAVE TO DO and no more (inference to withholding any extra contract with students and parents), then we NON-salaried parents who volunteer all the time should follow their examples of dedication.

Congratulations on severing community communications and good will!

Teacher asks for reason, tolerance

Editor:

Dear Anonymous Parent (whoever you may be) and any others with similar views:

How pathetic and unfortunate it is that you aren't better informed about education in general and educators in Plymouth in particular. Unless "your head is made up" for all time to come, you might benefit from some other perspective and a degree of logic I have difficulty finding in your letter.

How frequently have you personally witnessed or become aware of incompetent teachers in the classrooms? To whom did you report it? What type of follow-up procedure did you initiate to see that your complaint was acted upon and a resolution of the matter obtained?

Are you fully aware that proper documentation of teacher incompetence by administrators, who know and do their jobs, can remove any teacher from the classroom? (See all provisions of state teacher tenure act. Refer to past judicial decisions in this regard which have overwhelmingly favored administrators and-or school boards who have documented evidence of incompetence.) Incidently, teachers must receive due process in such proceedings—even the lowliest of criminals aren't denied this inherent right in a democratic society.

How many classes have your requested to visit over a given period of time, at any level? What special skills, talents, or judgement do you possess which give you such an uncanny insight into the professional performance of educators in general? Do you know the relative rankings, as compared to other school districts in the state, of Plymouth students on state assessment tests in recent years?

Why should teachers be traditionally called upon to subsidize the economy in general, and the total budgetary allotment for education in a given community, whenever a new contract is in the process of being negotiated? Are the needs, rights, and aspirations of public employees any less worthy than those employed in the private sector?

How many buildings have you visited at 4 p.m. or after and found devoid of teachers accomplishing useful, constructive tasks? The school day varies in starting and ending times depending upon the building, age level, and the particular day at times.

It has become almost ritualistic, perhaps also a sick commentary on our value systems, that professional educators be subjected to a diatribe of misrepresentation, half-truth, innuendo, and outright fabrications of the most viscious kind. Such is particularly evident when negotiations are "less than amenable" or not progressing on schedule, or when there is conjecture in regard to the possible denial of professional services altogether. Call it lawbreaking. Call it strike. Call it what you will. We all know exactly what we are talking about and its ultimate consequences for all parties involved.

If it so desired, without compromising its vested interests too terribly much, the media could do a yeoman's job in providing a truly unbiased, objective forum from which all sides and ramifications of the complex issue of collective bargaining might be aired and explored in some depth.

I sincrely hope that someone in the Plymouth community, hopefully someone whose son or daughter was not destroyed by the system, was not warped or alienated by the selfishness of teachers—yes, perhaps even someone whose child did learn in a degree commensurate to his or her innate ability and potential—will someday respond.

Plymouth teachers are dedicated, and we believe we deserve more than the appelation "high-priced babysitter" frequently bandied about. I am a teacher and proud of the calling. I also am a concerned parent of children at elementary and high school levels and a taxpayer who seeks the facts and analyzes critical issues.

JOSEPH M. HENSHAW
Plymouth

Parent begins 'job action'

Editor:

As a parent of students in the Plymouth Community school district, I want teachers to know I also am withdrawing from any further open houses and extra curricular activities that fall after the school day ends. You may no longer call upon me for assistance in aiding your causes to promote funds for the extras you desire in your classrooms.

Sitting on a keg of dynamite is no different than being a parent in a school district where teachers constantly threaten strikes at each contract negotiation time.

If you follow the letter of your contract and do only what you have to do and no more, withholding extra contact with students and parents, than more non-salaried parents who volunteer time and energy should follow your example of "dedication."

Congratulations on severing community communications and goodwill. Because I do not trust our dedicated teachers not to ostracize my children, I reserve the right to protect them by withholding my name.

League urges 'no' vote on C

Editor:

The League of Women Voters of Northville, Plymouth, Canton, Novi would like to call the attention of the voters to Proposal C on the ballot.

While billed as a "tax limitation" amendment, Proposal C is actually a **shift** of taxes from our generally fair state taxation system to our rather burdensome local property tax. If Proposal C were to pass, citizens of Michigan would be faced with a choice between greatly reduced services (in education, mental health, state police protection, social services, etc.) or a shift to local property taxes to pay for these services. The hands of our elected legislators would be constitutionally tied in dealing with the emergencies that a recession brings. We urge the citizens of the community to vote **no** on Proposal C.

ANNALEE L. MATHES
League President

Box bashed

Editor:

I don't know who "beat up" your newspaper coin box anymore than I know who "beat up" the sign and hoses at Stein's car wash before the primary.

What I do know is that someone in Royal Holiday Mobile Home Park was instrumental in getting a Canton Observer newspaper stand put in the clubhouse lobby.

When your endorsement of the Greenstein slate was withdrawn, so were the Canton Observer newspapers from the clubhouse.

Does this give you any ideas?

League supports defeat of housing referendum

In a position paper recently released, the League of Women Voters of Northville-Plymouth-Canton-Novi recommend a "no" vote on the ballot referendum for tax abatement for the Forest City Dillon senior citizens development.

The League is strongly supportive of efforts to provide adequate housing for all citizens and recognizes the special needs of senior citizens.

"However," said Annalee Mathes of Northville, president, "we believe an optimum balance between between human needs and environmental quality must be sought.

"While we recognize the site is a desirable location, we have several reservations concerning the proposal."

THE LEAGUE'S land use position states that local government should provide for citizen participation in the earliest planning stages and throughout the planning process. "Such participation was not sought on this project," claims Mrs. Mathes. "On the contrary, details of the proposal were withheld until land options had been signed, and the project was well past its initial stage."

The League believes local government should regulate development so as to ensure adequate open space and suitable quality of life for its citizens.

"Information on the social, environmental and economic needs of the citizens should be developed and provided, with required impact statements being an integral part of site plans on major public and private developments," Mrs. Malthes said.

"No real survey of the needs of Plymouth's senior citizens was taken, including needs of those seniors desiring to stay in their own homes.

"No evidence has been presented to prove that a multi-unit, high-rise building, which would tend to segregate seniors from the rest of the community, is the most desirable plan for housing the city's senior population," alleged Ms. Malthes.

She further charged that no environmental or social impact statements have been published, and that the height of the proposed building is out of proportion to the character of Plymouth's small-town central business district and adjoining residential sections.

"We fear that the social, aesthetic and ultimately economic effects of this building simply have not been calculated," continued Ms. Mathes.

"Economics fail to explain the choice of high-rise versus low or mid-rise, for the cost per square foot of occupied space in a lower building is often less."

The League feels that a no vote on the tax abatement referendum would permit the citizens of Plymouth to consider other housing plans for the city's senior citizens.

Here's Roy Smith

Here's the real Roy Smith (R-Ann Arbor) who is state representative in the 52d District which includes Plymouth and Plymouth Township. A story on the views of Rep. Smith appeared in the Oct. 21 edition of the Observer; but the picture, however, was that of Royce Smith (D-Belleville) who is county commissioner for the Plymouth-Canton community. The state representative is Roy, not Royce. The views expressed in the interview article are those of Roy Smith, not necessarily those of this newspaper's, and most likely not those of Royce Smith.

Business Briefs

The rental business has expanded to the point where you can rent almost anything, which is evident when looking at what's available from United Rent-All, 510 Ann Arbor Road, Plymouth.

In addition to the traditional rental items, you can rent a portable liquor bar, ash trays, a wine cooler, a bingo set, coat rack with 25 hangers, or a popcorn popper.

Other unusual items available for rent include an engine analyzer, transmission jack, covered barbeque grill, tandem bicycle or a bicycle carrier, a porti-potti, mole traps, a jogger treadmill, electric exercise cycle, a hydraullic log splitter, compost mulcher. Or a baby's hi-chair, baby stroller, color television, adding machine, a bull horn with amplifier, metal detector, refrigerator, a Santa Claus suit, a trapeze bar, cold vaporizer, or a bathroom commode with wheels.

PAPA GEPPETO'S is open for business in the Northville Plaza at 42313 W. Seven Mile. The grand opening was Oct. 22-24.

Local residents who recently have earned their CPA certificates from the Department of Licensing and Regulation include: **Ronald L. Milewski**, Brookview Dr., Canton; **Frank J. Brenny**, Cedar Lane, Plymouth; **Timothy L. Carr**, East Drive, Plymouth; and, **Mark A. Ott**, Brook Park, Plymouth.

JOHN A. HESLIP

John A. Heslip of Drury Lane, Plymouth, executive director of the Masonry Institute of Michigan in Farmington Hills, was recently elected chairman of Committee C-12 on Mortars for Unit Masonry of the American Society for Testing and Materials (ASTM).

The committee develops ASTM standards relating to mortars for use with units of burned clay or shale, sand-lime, concrete and stone. Heslip, who attended Michigan State University, began his professional career in 1952 with General Motors in engineering design. From 1956-63 he was president of Streblo and Heslip, general mason contractors, and the next six years was masonry products manager of Huron Cement Division of National Gypsum Company. He has been with the Masonry Institute since 1969 and has expanded educational and technical programs. Heslip has authored many papers on masonry mortars and masonry construction.

PET OWNERS in Plymouth, starting Oct. 26, will be able to pick up the phone and call in questions on the health and care of their animal pets to a TV panel of veterinarians, and have the questions answered on live TV.

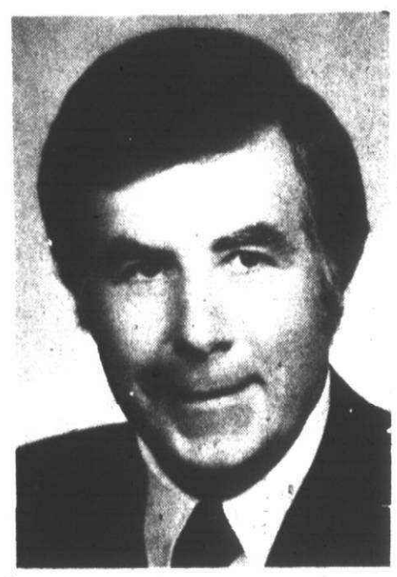

The show will be aired at 9:30 p.m. Oct. 26 on Channel 56 with Jim Herrington as moderator. Program is being produced in cooperation with the Southeast Michigan Veterinary Medical Association. **Dr. Cliff A. McClumpha**, veterinarian from Plymouth, will be among those answering the phone during the show.

MICHAEL McGARRAGAN

Fairlane Associates, independent insurance agency in Dearborn, has opened a Plymouth branch at 859 S. Main and named **Michael McGarragan** as manager of the new office. Before his abpointment, he was a senior commercial account executive with a national insurance agency. McGarragan also was manager of another insurance firm in Plymouth and a marketing representative for several insurance companies. A marketing graduate of Oakland University, he now is teaching evening insurance courses at the University of Michigan. He also is active in the Rotary Club of Michigan.

MICHAEL McGARRAGAN

Police offer suggestions for a safer Halloween

The Plymouth Police Department has announced that the official day to celebrate Halloween is Sunday, Oct. 31.

In recent years reports have come to police departments about dangerous or harmful treats being passed out to children.

For this reason a metal detector will be in operation on Oct. 31 from 8-11 p.m. and on Nov. 1 from 6-8 p.m. at McDonald's in Plymouth, 220 Ann Arbor Road.

Police Chief Tim Ford strongly urges that children not consume any treats until they have been inspected. He also adds that parents who find any tainted or altered treats should inform the police immediately.

IN AN EFFORT to make the celebration of Halloween both safe and enjoyable, the police department suggests that parents follow these safety rules:

1) Celebrate Halloween on Oct. 31; 2) Try to have children trick-or-treat only between the hours of 6 and 8 p.m.; 3) An adult should accompany children; 4) Cross streets only at the corner; 5) Dress children in light clothing and eliminate masks; 6) Do not drive children around in a car; 7) Keep parked cars off the street; 8) If you do drive, drive at speeds less than 15 miles per hour; 9) Use battery-powered lights in pumpkins; 10) Have children carry identification; and 11) Avoid taking candy or treats from strangers on the street.

Fife, Drum is recruiting

The nationally acclaimed Plymouth Fife and Drum Corps is seeking additional staff assistants educated in the field of percussion techniques, drill and music for fife and drum corps.

The corps has performed in Washington, D.C., and Traverse City where the group participated in the Cherry Festival parade.

Anyone interested in becoming a part of the organization's staff should contact Dick Tompkins at 338-8455, Merwin Tucker at 455-2442 or write P.O. Box 176, Plymouth 48170.

Parish council plans senior housing forum

Our Lady of Good Counsel Parish Council has planned an open forum discussion on the Wilcox Senior Citizens Housing Project.

The meeting will be at 8 p.m. Thursday in the gymnasium at Our Lady of Good Counsel School, William Street at Arthur.

Members of the Plymouth City Commission and their invited representatives will present the advocate position. Members from CORP, and their invited representatives will speak on the dissenting position.

After a presentation by both groups, open questions will be invited.

David Ervin, council president, says, "We urge all interested members of the community to join us in the discussion of this vital issue."

A referendum on the proposed plan will be on the Nov. 2 ballot in the City of Plymouth.

Election slated on best book

In celebration of Children's Book Week (Nov. 2-13) and the election year, the Dunning-Hough Library also will be holding an election.

Children in grades three and up are invited to come to the Library to register to vote for their nominees in the categories of favorite book characters and best books of all time.

At the library, children will register under their precinct (school) and will be given a large ballot which will include spaces for write-in candidate choices.

The election will begin Nov. 1 and will end Nov. 13.

Election results will be announced during the week of Nov. 15.

C-C prepares local map

The Plymouth Community Chamber of Commerce is in the process of completing a new 1977-78 Plymouth community map.

This year's map will include a new feature, two-sided printing.

Side "A" will be the street map and guide which also will list local service clubs, churches, emergency phone numbers, Chamber members, schools, and historical sites.

Side "B" will be a black and white pen-ink drawing of local businesses as they appear along the major streets in town.

The map is being done by the Chamber and not a private firm in an effort to keep the costs to a minimum and the profits in the community.

THE CHURCHES, service clubs, and schools will be given free listings, and the Chamber requests that those groups call Janet Curlee at 453-1540 to make sure they have been included.

The publication date is anticipated to be Dec. 1. The retail price of the map will be 50 cents per copy.

Elect A Hard-Working Doctor To Congress
National Health Insurance:
Dr. Ed Pierce knows how to make it work.

A shattering, unexpected accident or illness. Too often, today in the United States, such a catastrophe wipes out an average family's savings in a matter of weeks. Dr. Ed Pierce believes this should not happen in America.

National health insurance will become a reality in this country within the next few years to guard against such tragedies. Doesn't it make sense to have a medical doctor serving in Congress to help the lawyers and politicians who will be writing the plan?

Dr. Ed Pierce is a family doctor with years of experience at delivering affordable medical care. He has the first-hand knowledge necessary to devise a national health care plan that is *efficient*, with *cost-controls* built in, a plan that is compassionate and acceptable to both doctors and patients.

Let's send Dr. Ed Pierce to Washington to help us get the sound, economical national health care plan we need.

November 2, elect Dr. Ed Pierce, Democrat, to Congress.

Authorized and paid for by Pierce for Congress '76.

Dr. Ed Pierce
DEMOCRAT FOR U.S. CONGRESS

The Stroller . . .

On church suppers

By W. W. EDGAR

Did you ever notice that the most enjoyable times a fellow has are those arranged on the spur of the moment?

It happened again to The Stroller last week when he and the lady of the house journeyed to a favorite site on the St. Clair River to enjoy a nice, quiet week-end.

No sooner had we had we unpacked and settled down to watch the scenes on the river where the big freighters ply their way over the rippling waters than the phone rang.

"It's Virginia (her cousin), " the little lady related, "and she wants us to join her and Ralph at the pot luck suppper at the church Saturday night. And I would like to go."

NOW, NOTHING turns The Stroller to thinking of his youth than the old-fashioned church supper and he readily agreed to accept the invitation.

After the inviation was accepted, the little lady recalled that it was little more than a half century ago that she received a small, white leather-covered Bible in the Sunday School and she began wondering if any of her old friends would be there—and how they would look.

AS THE STROLLER visited in the dining area, watching the old friends and neighbors, the little lady was having an enjoyable time. First, it was an elderly lady, Florence Dutty, whom she recalled was her Sunday School teacher, and later she looked across the room and said, 'She looks like Katie Hanover with her husband Bill."

Sure enough, it was. And what a reunion. Then came the call to the pot-luck dinner. You never saw so much food and such a friendly gathering.

It so happened it was the 125th birthday of the church. Many of the old-timers turned out along with several of the former pastors. It was an enjoyable Saturday evening. And as the program closed with the singing of "Blessed Be The Tie That Binds" The Stroller's thoughts went back to the days of his youth in Catasauqua, Pa. where the annual church suppers were the main social events of the entire indoor season.

MOST EVERY CHURCH in our little town sponsored a church supper, and instead of being competitive as onw might expect, the entire community turned out. It was the best place to meet old friends and neighbors.

The Presbyterians usually opened the season with an oyster supper in late September. Oysters were served in every style imaginable by the ladies of the church. Few familiws ate at home on the evening of the oyster supper.

NEXT CAME the German Lutheran Church with a sauerkraut supper.

In fact it was almost an all day affair. The women got together in in the morning and cooked the sauerkraut along with chunks of pork instead of the sausage so prevalent today. Talk about a tasty dish! People lined up for almost a city block to gain admission.

This was always a great affair because of the diversity of the language. Many of the women came right from the farm and spoke "Pennsylvania Dutch." They were a joy to hear.

Next in line came the Reformed Church with what it called a "Fasnacht Supper" To the uninitiated fasnachts are doughnuts. And the fasnucht supper always were served on Shrove Tuesday.

In fact, in our little town "Doughnut Day" was quite a holiday. Doughnuts were served in every household, and many of theme ven invited the public. Those Pennsylvania Dutch women knew how to bake, and their doughnuts were a delight.

The church supper season closed with the folks at St. Lawrence parish, the Irish Catholic church, sponsoring a carnival, nd few people in town missed it.

All these memories came rollong back to The Stroller as he attended the old-fashioned pot-luck dinner which marked the 125th anniversary of the Methodist Church in Marine City. And it was quite a treat arranged on the spur of the moment. It was part of Americana.

Roach blasts Smith on SBT

Sally Roach, Democratic candidate for state representative in the 52nd District, strongly criticized the new Single Business Tax supported by her Republican opponent.

Mrs. Roach's comments came during six active weeks of campaigning which included a series of "coffee hours" and door to door visits in Plymouth and Ann Arbor.

"Banks save 28 per cent in taxes," she said, "while professionals in partnerships and small businesses in service industries pay almost 50 per cent more in state taxes.

"Capital-intensive industries, such as utilities and the large automotive companies, pay a lot less in taxes, while labor-intensive industries pay a lot more in taxes."

Mrs. Roach criticized the imposition of a tax which provides a negative incentive to labor-intensive industry at a time when the Governor's economic advisors are saying that there will be chronic unemployment of 10 per cent or more in southeastern Michigan until 1980.

"We have lost enough jobs to Illinois and the sunbelt already. There is no sense in driving more jobs out of the state."

She argued that these inequities must be corrected by amendment. "The legislature made a big mistake when it let business decide for itself the method by which businesses should bear their share of the State's tax burden.

"No one elected the lobbyist for General Motors to represent me. It is about time that legislators pay a lot less attention to lobbyists and special interest groups and start listening to what people think," she said.

Mrs. Roach also pointed out that the Single Business Tax affects schools. "The Ann Arbor school system lost a million dollars a a direct result of this tax," she declared. "Is tax relief for banks and utility companies more important than our children's education?"

Proposals aired

A meeting to discuss and debate tax proposals C and D will be conducted tonight (Monday) at 8 p.m. in Sheldon School, located on Geddes between Sheldon and Canton Center roads.

Guest speakers will be Doug Ross of Michigan's Citizen Lobby and Thomas Brown, representative for Michigan's 37th district.

Royce Smith, 27th district county commissioner, said he will be present to hear the arguments.

Office reshuffle

A new sign is being placed just south of the Plymouth Observer office to better identify location of offices in that area, partly because some are moving to different locations as a result of the space now available by the bank moving to its new quarters. Shown helping get the new sign in place are (from left) Dan Racz, Kirk Lorenz and Mark Rausch. (Staff photo by Gary Caskey)

College news

AMY M. GARCIA

Amy M. Garcia, daughter of Mr. and Mrs. Joseph Garcia of Bostonhill, Plymouth, is attending Bethel College in St. Paul, Minn.

U-M HONOROEES

The following local students are among those undergraduate students in the Univerity of Michigan College of Engineering who earned a place on the dean's list for the spring-summer term of 1976: **William P. Folger,** Maple Street; **Gregory M. Nulty,** Napier Road; **Mark E. Sulkowski,** Beechcrest; and, **Jeffrey S. Wilkins,** Leeann Lane.

EMU GRADS

These local residents have earned degrees from Eastern Michigan University following the summer semester.

From Plymouth: **Robert C. Delf,** Cambridge,BS; **Cheryl A. Kauffman,** Thornwood, BA; **Faye C. Langert,** Robinwood, BS; **Larry D. Schwentor,** Jackson Dr., BBA; and, **James S. Steele,** Morgan, BBA.

From Canton: **Deborah L. Dvorsky,** Beechwood Dr., MA; **Raymond R. Gross, Jr.,**Nantucket, SPA; **Timothy J. Gould,** Addison, MA; and, **William R. Middel,** Heritage Dr., MA.

U-M GRADS

Eight Plymouth residents are among those earning degrees for the summer term at University of Michigan.

They are: **Camille Carpenter,** Schoolcraft Road, BS in retailing of clothing, textile honors; **Sharon L. Cavanaugh,** Ridge Road, BA in special education; **Daniel L. Chopp,** Beacon Hill, BA in hotel and restaurant management; **Thomas J. Foley,** Priscilla Lane, BA in advertising, honors; **Robert G. Knapp,** Irvin Street, MA in educational administration; **Douglas Luttermoser,** Sunset, BS in natural resources, environmental honors; **Richard F. Palmer, Jr.,** Warren Road, BA in elementary education; and, **Kenneth M. Rocco,** Napier Road, BS in engineering arts.

PAULA PECK

Central Michigan University's student newspaper, **Life,** has won its eighth straight "All-American" ranking from the Associated Collegiate Press.

The designation, the highest given by ACP, covered issues published during the spring semester when **Paula Peck** of Plymouth was news editor. Ms. Peck is currently editor of the three-times weekly student paper.

BREVITIES

STUDY GROUP

Oct. 28—The Plymouth Study Groups will present Edgar Cayce concepts on "Health and Diet" at 8 p.m. in Clarenceville High School, 20155 Middle Belt, Livonia. Betty Alexander is the scheduled speaker. The lecture is free and open to the public.

HOUSING FORUM

Oct. 28—The public is invited to an open forum discussion on the Forest City Dillon senior citizen housing project beginning 8 p.m. in the gym of Our Lady of Good Counsel Catholic School, sponsored by the parish council. Members of the Plymouth City Commission and their invited representatives will present the advocate position and members from CORP and their invited representatives will speak on the dissenting position. After a presentation by both groups, open questions will be invited.

HALLOWEEN CONTESTS

Oct. 29—The fourth annual Halloween Costume and Pumpkin Carving Contest will be held 4:15-5:30 p.m. in the Plymouth Community Cultural Center, 525 Farmer. Contest open to children from kindergarten through sixth grade. Bring own pumpkin, already carved, and wear Halloween costume. Those entering costume contest may bring skates and skate free until 5:30 p.m. Prizes awarded by Plymouth Recreation Department.

PUMPKIN CARVING

Oct. 29—The Fourth Annual Halloween Costume and Pumpkin Carving Contest will be held at the Cultural Center from 4:15-4:30 p.m. The contest is open to children from kindergarten through sixth grade. Bring your own pumpkin, already carved, and be sure to wear your Halloween costume. Those who enter the costume contest may bring their skates and skate free until 5:30 p.m. Prizes will be awarded.

YMCA CLASSES

Nov. 2—The Canton, Northville, Plymouth YMCA has openings in four classes. They include Raquetball, Picture Framing, Hair Care & Makeup Clinic and Sand Painting for adults and children. For more information call the YMCA office at 453-2904.

ALCOHOL AWARENESS

Nov. 3—The Alcohol Awareness Program will be held at the 35th District Court in the Plymouth City Hall at 8 p.m.. Dr. Frank Hollingsworth will speak on the "Pharmacology of Alcohol." This program is open to the public. Anyone curious about alcohol or alcoholism and the effect it has on the mind, body and lives of people is welcome to attend.

GALLAMORE PTO

Nov. 3—The Gallamore PTO will have an assembly in Gallamore School at 9:30 a.m.

GERMAN AMERICAN CLUB

Nov. 6—The German American Club of Plymouth will present "Freundschafts Dinner" (Friendship Dinner) at 6:30 and 8 p.m. in the Oddfellows Hall, 344 Elizabeth. Donation is $3. Tickets are available at Robert Bake Realtors, Finlan Insurance Agency, or from any member of the German American Club.

LEADERSHIP FOR MICHIGAN'S LOCAL SCHOOLS, COLLEGES, LIBRARIES
A PAID POLITICAL ADVERTISEMENT

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the Korean War and the inauguration of Richard Nixon.

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."

Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."

Efficiency in Government: "We now have in the federal government the most bloated, confused, wasteful buréaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."

Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."

Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.

Paid for and authorized by 1976 Democratic Presidential Campaign Committee, Inc.

Vote for JIMMY CARTER.
A leader, for a change.

How Citizens Lobby gets string of new laws

(EDITOR'S NOTE: Michigan Citizens Lobby has had a lot of public attention on its activities but virtually nothing about how it operates. Its chief activists are suburbanites. Here is the inside story of MCL's workings.)

By TIM RICHARD

The first time Doug Ross and Barbara Grossman went to Lansing to register as lobbyists, the little old lady in the Secretary of State's office demanded: "Whom do you represent?"

"Citizens. Consumers," they answered.

"I'm a citizen, and you don't represent me," she sniffed, and refused to register them.

LATER THEY got themselves registered by mail. Since that day in January 1973, the team of Ross and Grossman—known officially as "Michigan Citizens Lobby," a non-profit corporation—has run up a long string of successes, lobbying and campaigning for consumer and tax issues.

"Our first three projects," said Ross, "were the amendment of the lame duck (legislator) travel rules, the generic drug prescription law and the used car buyer protection bill.

"In the summer of '73, we began the petition drive to repeal the sales tax on food and drugs (approved by voters). That took us through '74."

Since then, there have been the auto repairman licensing law and a start on "sunset" laws for state agencies.

For the second straight election, MCL has a proposition on the Nov. 2 ballot—Proposal D, to cut income taxes for 85 per cent of the population and raise them for 15 per cent through a graduated income tax.

YET BY THEIR design, the only names one ever hears on MCL's televised news conferences are Doug Ross and Barbara Grossman.

"We're the public names," said Mrs. Grossman, "but we're not the reason the thing is successful. We're the tip of the iceberg."

Said Ross: "We say we have in excess of 30,000 members. We don't charge membership dues. A member is someone who says, 'I want to be involved with your group.' They get materials and petitions—about two mailings a year for the whole membership.

"It's clearly a loose kind of membership. It floats from issue to issue. I suppose we have a hard core of 5,000 to 10,000."

Putting Proposal D on the ballot required 326,000 petition signatures. That puts the number of circulators at 10,000 to 15,000.

"That's a great check on a group like ourselves—the willingness of 10,000 or 12,000 or 15,000 people to work. I can't compel them to do anything," Ross said.

MCL HAS NO local chapters. There are no membership meetings, conventions, elections. There is no formal survey of the entire body.

The admitted looseness of membership has led more than one political observer to wonder if MCL isn't just two persons and a slush fund.

The short answer is that MCL is run by a nine-member board, meeting for an evening every three weeks or so. For an organization with such immense political clout, MCL's board consists of political unknowns:

Chairman Fred Steinhardt, a Detroit lawyer; Michael Firoz, a Detroit salesman; Fay Kraepel, a paper company employee from Taylor; Harry Lester, a steelworker from Rockwood; Julie Bedamian, a housewife from Lincoln Park; Sheldon Sonkin, a dentist from Troy.

That's six. Ross, of Bloomfield Hills, and Mrs. Grossman, of Troy, and Nos. 7 and 8.

The ninth seat was vacated when lawyer Daniel Dozier moved to Washington. Nominations will be accepted from members, and a new director will be elected by the board.

Ross, Steinhardt and Mrs. Grossman's husband are old school chums. Other board members are friends, spouses of friends, acquaintances through the years of political battles.

"We're involving people who aren't involved in political parties. We purposely went to people who weren't in politics," said Ross.

The board goes over program proposals carefully. The board must give Ross and Mrs. Grossman prior approval to hold news conferences, which are geared primarily to television.

THE ANSWER to how policy gets made is a little longer. For example:

"Someone came to us with a good case on funeral home abuses," Ross recalled. "It looked like something we could get into. I took it to the board. Then we bounced it off key activists.

"They (activists) didn't want to deal with it. They admitted maybe they were getting ripped off after they were dead, but they wanted to work on something that would help them while they are still alive.

"If you can't make an issue important to people's everyday lives, nothing will happen." The funeral home project was dropped.

Added Mrs. Grossman: "We have knowledgeable people with a sense of feed-in. When I just started talking about auto repairs, people would nod their heads."

Ross said bouncing an idea off key activists involves a combination of scientific sampling and careful listening for qualitative response. They look for intensity of response and ask people: "Will you work for it?"

KEEPING IT SIMPLE is the key to any MCL proposal. Twice voters have defeated proposals to permit a graduated income tax in Michigan—in 1968 and as recently as 1972.

MCL leaders think their Proposal D, however, will fly. Ross explained:

"We did some polling—we can do it cheaply, with volunteers. People told us two things: First, people didn't know what it (a graduated income tax) was. Second, all they were being asked to do (in '68 and '72) was take some (prohibitive) language out of the constitution and trust the legislature.

"The answer that came back was, 'We don't trust the legislature.'"

So MCL's new proposal, if passed, will require income tax cuts for single taxpayers earning $20,000 or less, along with exemptions of $1,500 per person in the family. The lost revenue would have to be made up by the legislature's raising the rates of higher incomes. It's a simple, two-step proposition.

Such simplifying has led the Michigan State Chamber of Commerce to charge Ross with "propagandizing to false stereotypes," playing to "emotions," trying to "turn taxation into a class issue," "inventing devils" and fostering a "them-against-us" political climate.

MCL HAS A method for calling out select troops for a specific problem.

Suppose a member of a legislative commerce committee is balking at a consumer bill. MCL has a listing of all the zip codes in his district. From the computerized membership mailing list, MCL prints out the names of its activists in that lawmaker's district.

MCL members in the district get either a target mailing or a phone call from Kay Campbell, deputy to the co-directors and field organizer.

Suddenly the legislator finds himself getting 25 or 30 telephone calls from consumers, citizens. Usually—"99 times out of 100"—it's enough to turn around his vote.

Why? "Lobbyists (Ross means business lobbyists) have power only in a vacuum. Throw in 25 citizens on the other side of the issue, and the legislator will say to the lobbyists, 'I can't help you; I've got too much heat.' The lobbyist will accept that."

ROSS GREW UP in northwest Detroit, attended Mumford High and the University of Michigan, where he did undergraduate work in history and graduate work in economics. He also attended the London School of Economics ("not as good as Michigan") and earned a master of public affairs degree from the Woodrow Wilson School at Princeton University.

Schooling was interrupted by jobs of a year or two—on the staff of Congressman at-large Neil Staebler (D-Mich.) in 1963, legislative aide to Rep. John Dingell (D-Mich.) in 1965, teaching in Detroit's Northeastern and Northwestern highs in 1967-8, legislative aide to Sen. Joseph Tydings (D-Md.) in 1969-70, assistant to New York's then-Mayor John V. Lindsay for police, fire and sanitation briefly in '72.

At Princeton he wrote a book ("not very good") called "Robert F. Kennedy: Apostle of Change," published by Simon & Shuster. A large portrait of RFK is the chief decoration of his office in MCL's headquarters in the Southfield Office Plaza, 17000 W. Eight Mile.

Mrs. Grossman was raised in New York City and attended the University of Michigan from 1961-66 to earn an MA in psychology. After her marriage she worked in 1968-69 in institutional research at the University of Detroit.

RETURNING TO Michigan after leaving Lindsay, Ross teamed up with Mrs. Grossman to start MCL. He worked out of his apartment in Trenton, living off savings the first year. Mrs. Grossman's husband made their family income at an advertising agency.

The second year, Ross began taking a salary that started at $8,000 and Mrs. Grossman, as deputy, had a smaller salary.

(Meanwhile, Ross has also been working for Common Cause, most visibly on the "open meetings" law recently enacted. He is a registered lobbyist for Common Cause and has that group's telephone on his MCL office desk.)

This year, this budget—including the salaries of Ross and Mrs. Grossman as co-directors and Mrs. Campbell as deputy—will run $60,000 to $70,000. Office manager Debbie Simon is a volunteer.

ONE-THIRD of the budget comes from individuals who contribute at fund-raisers. The big one is a "beer bash," where tickets are $5 to $25. (Gifts are not tax exempt because MCL does not have charity status with the IRS.)

One-third comes from church groups. In the '74 sales tax campaign, for example, Methodists contributed money, and Catholic organizations gave "in-kind" help.

One-third will come from groups backing Proposal D this year. Ross specifically cited the United Auto Workers and the AFL-CIO.

With a string of successes, Ross finds workers enthusiastic to help. But he admits, "The real test will come when we lose one."

MCL's gimmick to promote its tax proposal recently was a modern Paul Revere's ride by helicopter. Co-director Doug Ross (left) is interviewed by television newsman Dave Whitman. (Staff photo)

Barbara Grossman is now co-director of Michigan Citizens Lobby. (Staff photo)

MML asks no on 'C'

The Michigan Municipal League has asked voters to reject Proposal C, which will appear on the Nov. 4 ballot.

In a letter to its members, MML President Charles E. Palmer, mayor of Clawson, warned that passage of the proposal would result in a drastic shift in Michigan's state-local system of public finance and bring increases in local property taxes.

"What Proposal C advocates fail to point out," Palmer said, "is that a great deal of the state's tax revenues are not spent by the state at all, but are returned to local governments to be used for essential services.

The proposal would limit the revenue of the state government to 8.3 per cent of the personal income of the state during any given fiscal year. Spending, and consequently state taxes, could only go above that figure if a state of emergency were approved by two-thirds of the state legislature and with the governor's consent.

The MML has joined with Michigan Taxpayers Voting "No" on proposal C, a statewide organization formed by the League of Women Voters to coordinate opposition to the proposal, to express its members' opposition to the constitutional amendment.

"By limiting the state's ability to raise additional revenues to help local units meet rising costs of public services, Proposal C will shift this problem to local units—which will be forced to compete for local property tax increases," Palmer said.

"For example, if Proposal C passes, the state will be unable to increase state gasoline and vehicle registration taxes—even though there is a pressing need for more revenues to offset the impact of inflation on state and road maintenance repair programs."

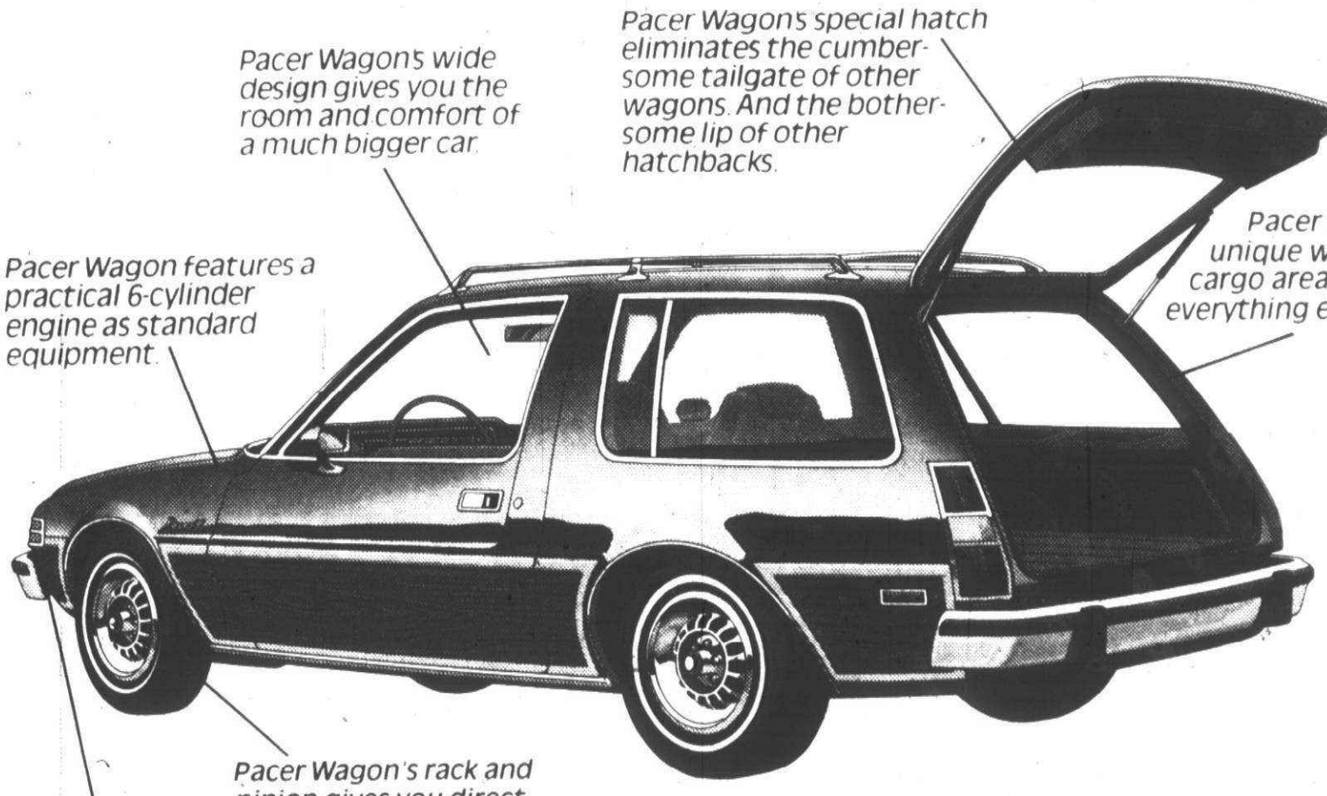

LIT dinner set

College scholarships and financial aids will highlight the Metropolitan Detroit Schoolmen's Club (MDSC) annual dinner at 6 p.m. Thursday. The dinner is hosted by Lawrence Institute of Technology at the Plum Hollow Club in Southfield.

Dr. Arthur Jefferson, superintendent of Detroit Public Schools, Dr. Lee Peterson, director of financial aid for the Michigan Department of Education, and Dr. Joel A. Goulding, MDSC scholarship chairman, will discuss the variety of scholarship opportunities available to college students, especially those from middle income families.

Northville wins Bell

Chiefs blitzed by Mustang machine

By DENNIS O'CONNOR

This football contest was tabbed as the annual Plymouth-Northville battle for The Bell.

But the only thing missing was the contest!

The Northville Mustangs raised its season record to 5-1 with a 38-0 embarrassment of the Canton Chiefs before a sparse, rain-soaked audience at the Centennial Park field Saturday night.

The Mustangs remain one game back of Western Six League leading Farmington Harrison, while the Chiefs continue to look up from the bottom of the pack with an 0-4 conference mark. Canton overall record stands at 1-5.

Northville rolled to a 21-0 lead at halftime, and scored 17 more in the first five minutes of the third period to ice the game away.

THE MUSTANGS SET the tone of the ballgame on their first possession of the night, driving 79 yards for the initial score.

Fullback Rick Marrone was denied a touchdown because of a Northville penalty, but he crossed the goal line two minutes later on a run that counted.

Matt Davis kicked his first of five successful extra point boots to give the Mustangs a 7-0 lead.

That margin was increased to 14 as the first quarter ended when quarterback Earl Bingley hit John Harwath with a 34 yard strike.

With only 53 seconds left until halftime, it was Bingley who kept on the quarterback option around left end for a 52-yard score and a 21-0 advantage.

Things were not any better for the Chiefs in the second half, as Northville came out and drove the ball for the first three minutes of the period, setting up a 27-yard field goal by Davis.

ON CANTON'S FIRST possession of the second half, a fumbleed hand off was recovered by Northville's Kevin Corcoran who rambled 24 yards to paydirt for a 31-0 score.

On the ensuing kickoff, Canton's offense sputtered again, as another fumble led to the final score of the night.

Northville's Doug Harding recovered the loose ball after a heavy quarterback rush. Greg Harper then pranced untouched into the endzone on the first mustang play from scrimmage.

The Chiefs try to salvage its only conference win of the season this Friday afternoon at Livonia Churchill.

Rock tankers dunk Trenton

Plymouth Salem girls swim team succeeded in its second big test of the season, sinking Trenton 97-75 in Suburban Eight League action at the Plymouth pool Thursday night.

The Rocks earlier had beaten defending champions Livonia Bentley. This Thursday, the Rocks travel to Dearborn for a meet that will decide the conference lead.

After losing its first meet of the season to a good Ypsilanti squad, the Rocks have now won six in a row, and are tied with Dearborn for league honors.

Thursday's meet with the Trojans was a hard fought battle. Going into the competition, Trenton likewise had lost only one meet— to Ypsilanti.

"We had a lot of good races," said coach Chuck Olson. "The girls did what they had to do to win.

"I was quite pleased with the results."

The Rocks won all but two events, losing the diving and breaststroke competition. Trenton has the top two divers in the league.

The Trojans' overall depth advantage prompted a close meet.

The 200 medley relay of Jill McCann, Ilona Schmidt, Colette Cabados, and Sue Stanwood combined for a respectable 2:06 clocking.

The 400 relay team of Madaline Lakata, Kathy Sample, Sharon Ross and Marion Stanwood won the final event with a 4:13.6.

Colleen Bauman, Kim Coates, Diane Perpich and Sue Sparling placed third in that relay with a 4:30.4 time.

Individual event winners saw the swimming twins, Sue and Marion Stanwood, along with Jill McCann, triumph in two races each.

Junior Marion did not swim her best 200 free race, but won with a 2:06.4 time. She holds the state record as the only girl to break the two-minute mark in this event so far this year.

Marion also won the 500 free race with a 5:37.5 clocking.

Ross placed second behind Marion in each event with her best time of the year in the 200 race.

Sue Stanwood continued as the squad's top sprinter, winning the 50 and 100 free races with times of 27.1 and 1:00.1 respectively.

Lakata finished third in each of these events.

The Rocks face Belleville at home Tuesday night before going to Dearborn for that battle. Meet time Tuesday is 7 p.m.

Chief harriers win

BY BILL COLLINS

The well has been dry at Plymouth Canton ever since the school began a cross country program, but Thursday afternoon the Chiefs terminated a three-year drought by harvesting their first win with a narrow 27-28 decision over Farmington Harrison.

After being a doormat to every opponent this fall, Canton coach Mike Spitz was ecstatic over the effect the victory had on the team. "Winning a meet means a lot more to a team that hasn't had many successes in the past compared to a traditional winner . It really helped them with their self-image."

Bill Murphy tromped over the hilly course in 16:28, which lowered the previous standard set by Brian Bennett in 1974 by eight seconds. "Murphy's time was even more incredible considering it snowed during the race and the temperature was in the upper 30's," said Spitz.

But it was not Murphy's gallant gallop that propelled his team to victory, rather the come-from-behind efforts of Dennis Hennells, Brian Olk, and Dave Spitz who passed two runners apiece in the final mile of the match.

Canton runs in a Western Six League meet tomorrow at 4 p.m. at Cass Benton.

Rocks roll past Bentley

By DENNIS O'CONNOR
Sports Editor

Bentley went to the shotgun, and Plymouth Salem stayed with its wishbone. And in the end it was the Rocks reliable offense that prevailed in a 21-12 beating of the Bulldogs in football action Friday night, before television cameras at the Centennial Educational Park.

The Rocks grounded out a massive 354 yards on the ground, led by quarterback-halfback Rich Hewlett. This sophomore standout pounded out 188 yards with two touchdown runs of 51 and 59 yards.

This Suburban Eight League victory gives Salem a 4-2 record overall and 3-2 in the conference. Bentley's record fell to 2-4 for the year.

The Rocks drew first blood with 53 seconds left in the initial period, as Hewlett jaunted for his first score.

Placekicker Bob Waite, who had an outstanding defensive game from his hatchet position, booted his first of three successful extra point attempts, to make the score 7-0.

The Rocks raised the lead to 14-0 midway in the second period when Chris Ritchey bellied over right tackle for a six-yard score.

The Bulldogs struck with only one second left until halftime, when its shot gun offense riddled the Rocks. Bentley's junior quarterback Kevin Schneider hit tight end Craig Fuelling on the first of two touchdown passes from 19 yards out.

Salem came out in the third period and scored on the second play from scrimmage to make the score 21-6. Hewlett ran to paydirt on the quarterback option for this six pointer.

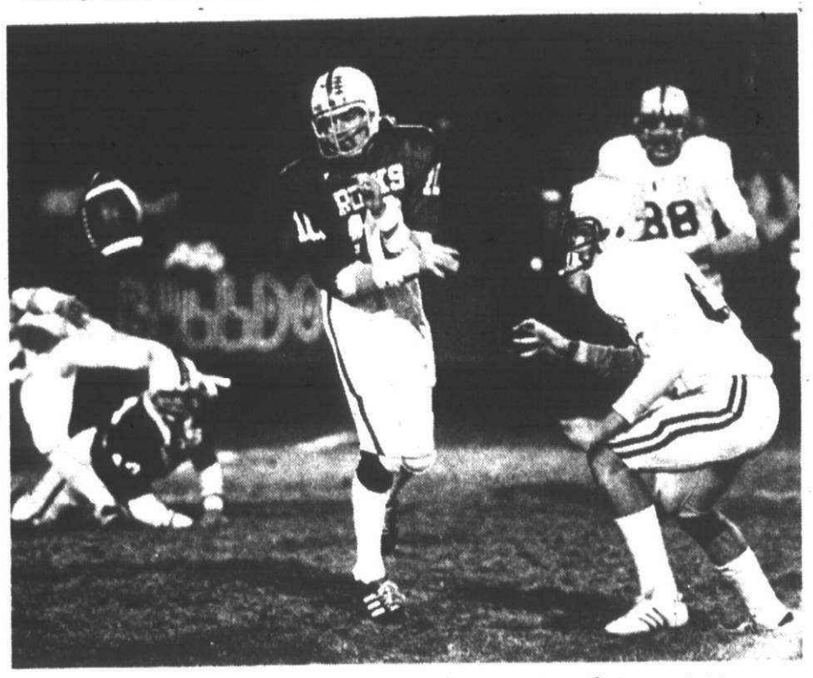

The Bulldogs scored the final touchdown when Schneider and Fuelling combined from 28 yards with seven minutes left in the game.

The Rocks could have made the margin worse if it wasn't for three costly fumbles, two of which came within the five yard line of the opponent.

Bentley coach Glenn Goode had much praise for Salem's efforts.

"I knew we could score, but I told the kids at halftime that we had to stop their option and we didn't," the Bulldog mentor said. "They are well coached and execute the wishbone extremely well."

The Rocks face Dearborn this Friday in Salem's homecoming battle at the CEP field beginning at 8 p.m.

Senior quarterback Ben Wilcox executes the Salem wishbone option to perfection, pitching the ball as a Bentley defender attacks. (Staff photo by Gary Caskey).

Salem cagers bounce Bulldogs

The big game turned into a breeze, and the winning streak of the Plymouth Salem girls basketball team ran to 11 with an easy 40-29 victory over the Livonia Bentley Bulldogs.

Going into this contest on the Bulldogs' court, the Rocks held a slim one-game lead on Bentley in the Suburban Eight League race. That margin resulted from the Rocks' victory over Bentley, 50-40, three weeks earlier.

With this triumph, the Rocks have now raised their record to 11-0 for the season and extended its Sub-8 lead to two games over the Bulldogs and Redford Union.

The contest, as indicated by the score,was a defensive battle all the way, but that didn't seem to bother a happy coach Debbie Hatcher.

"We new we had a better offense, it's been coming through for us all season," Hatcher said. "I told the girls before the game to work on defense, that's what I had stressed.

"I was very happy to see a defensive game--it showed that we could put it all together."

The Rocks defensive eforts not only showed up in the point column, but also in the fouls committed statistics.

The Rocks committed only 14 fouls in this game, cutting their average total of penalties in half.

Salem led after the first eight minutes, 11-4 and maintained that margin at halftime, 15-6.

Salem iced the game in the third quarter, scoring 14 points to the Bulldogs' six, to gain a 29-12 edge.

Salem's top rebounders, Peggy Moore and Diane Goodrich, were also the leading point-producers in this contest. Goodrich, playing with a fever, scored 14 points and added 10 rebounds while Moore totaled eight points and 10 rebounds.

The Rocks hit 50 per cent from the foul line and over 30 per cent from the floor.

The winners did not allow Bentley one offensive rebound the entire first half. But the Rocks were likewise shutout on their offensive boards in the second quarter.

The Rock junior varsity lost its second game of the season to the Bulldogs in the preliminary contest 48-38. The junior varsity record stands at 9-2 for the year.

The next Rock cage battle is against an improved Trenton squad at the Plymouth court beginning at 8 p.m. tomorrow night.

Canton beats Mott

The up-and-down play of the Plymouth Canton girls basketball team continued Thursday night when the Chiefs rebounded with a 52-42 victory over Waterford Mott.

Just two days earlier, Canton lost to Garden City East, after shooting only 20 per cent from the floor.

The Chiefs overall record is 7-4 after winning its first three games of the season.

Coach Mike McCauley has an easy explanation for his team's inconsistent play over the past three weeks.

"The girls must think of each other as the leaders on the court," McCauley said. The Canton mentor reasoned that the squad needs leaders and and it up to each girl on the court to take that role.

"We have fine athletes and good talent, but we must find leadership," he said. "We have hustle and they believed in themselves tonight."

The Chiefs avenged it first loss of the season to Mott with this 10-point victory and were in control for the whole game.

Canton proved it was a better team, erasing the setback on Mott's court three weeks ago which McCauley called "the worst game" any of his teams have played since he began coaching girls three years ago.

Waterford's Pepper Forton, a strong possiblity for all-league selection, led both squads in scoring with 20 points.

But the Chiefs held her to a mere three free throws and no field goals in the final period.

Canton's senior backcourt player Ellen Doran led the Chiefs with 15 points. Sophomore upstart Kelly Heaton continued her improvement with 12 points, many coming on outside jumpers.

Kathy Peck played her usual hustling-type game, adding nine points and Kathy Sochacki finished with seven.

Mott held an early 13-11 lead after the first quarter, but the Chiefs outscored their opponents 15-6 in the second eight minutes to lead 26-19 at halftime.

Mott came within six points in the final three minutes of action, but the Chiefs' four-corner stall offense iced the game away.

Runners finish 2d

Plymouth Salem braved cold winds and near freezing temperatures Thursday afternoon to post a second place finish in a triangular meet against Suburban Eight foes Livonia Bentley and Redford Union. Salem whipped RU 22-39, while stumbling to Bentley 26-32.

Scott Kleam won the race in 16:07, even though he had run the first two miles of the race in 10:04. Jeff Mangan was fifth in the race and the second Salem runner in at 17:41. Freshman Paul Hess slipped under the 18-minute barrier for a 17:54 finish for seventh place, while Craig Finley and Bob Stiffler arrived in 18:02 and 18:03 respectively.

The Suburban Eight meet will be run Wednesday at 4 p.m. at Cass Benton.

Canton Observer
Suburban Life
Monday, October 25, 1976 (C)1B

The VIEW from 461 SOUTH MAIN

DAN SMALLEY was back at his old stand in the Mayflower Hotel last Friday afternoon. He had just been released from the hospital shortly after lunch.

Dan spent 16 days in the Ann Arbor burn center after receiving severe burns in an Oct. 6 boiler explosion at the hotel.

"I can't shake hands yet," Dan smiled. "I'll have to remember to keep my hands in pockets." Everyone was so pleased to see him, their first impulse was to shake his hand. And Dan's hands are too tender for a demonstrative greeting.

Lt. Paul Sanders of the Plymouth Fire Department praised the actions of Firefighter Al Matthews the night of the accident. Sanders drove the ambulance while Matthews ministered to the patient.

"He did a wonderful job," said Sanders. "As soon as we were out of heavy traffic we called back to our communication center.

"We asked them to notify the burn center that we were on our way and gave them a rough estimate of the amount of burn damage.

"Al was extremely busy during the whole trip. Besides tending to the burn areas, he was treating him for shock. He talked to him all the way. And they were waiting for us when we arrived. He received immediate attention."

by ELLIE GRAHAM

MEMBERS OF THE RETAIL committee of the Plymouth Chamber of Commerceattended the city commission meeting last week—and they came bearing gifts.

Each of the city fathers received a can of chicken soup—a token of appreciation for the commission's cooperation in the city's first fowl festival. They also presented a four-page computer printout of problems encountered and how they will be handled next year.

Making the presentation were Janet Curlee, Julie Thoman and Kirk Lorenz. The trio received a round of applause from the commissioners for conducting the great chicken race which attracted nationwide attention and 10,000 visitors.

IT'S A GREAT COMMUNITY," said Dr. Dave McCubbrey, as he viewed the almost sellout crowd at the Plymouth Symphony Orchestra's opening concert of the 1976-77 season.

More than 700 persons had come to hear guest violinist Mischa Mischakoff and the orchestra in an afternoon of classical music.

"The remarkable thing about it," mused the doctor, "they all were at the chicken race last Sunday."

PARTY BRIDGE winners at the Plymouth Cultural Center last Thursday afternoon were Zetta Theisen and Louise Kesleay. There were seven tables in play.

ANN LANDERS, Irma Bombeck, David Niven, Virginia Graham, Sam Levinson—"Cowboy" has met them all.

He has reserved a parking space for them and is the first to greet them when they arrive in Plymouth. He helps them from their automobiles and gives them a smiling welcome.

Of the celebrities last year, Linda-Bird (Johnson) Robb was among his favorites. The tall, striking young lady chatted with Cowboy before she headed upstairs for lunch in the Mayflower Meeting House.

Last week it was 84-year-old Lowell Thomas who received the Cowboy welcome.

Cowboy makes sure the honored guest's parking space has been reserved by midmorning. His bright yellow hardhat and jacket are very obvious on the day of a celebrity luncheon.

His response to "Who is it today?" is always a quick announcement accompanied by the estimated time of arrival. As the ladies from the Town Hall series arrive, he receives updated reports, and wonders aloud if they have been held up by a train.

Cowboy's name is Ted Donnithorne. He is retired except for supervising the Meeting House parking lot when there are parties, wedding receptions, and best of all, celebrity luncheons.

DAVID JACOBS, former principal of St. Peters Lutheran Day School on Penniman Avenue, has a new school, a new home and a new challenge this fall.

Mr. and Mrs. Jacobs and three children are in Maitland, Fla. in a small mission church of the Wisconsin Evangelical Lutheran Synod.

Jacobs is principal and teacher in the school which is in a wing ofthe church. He has nine students. Two are his pastor's children. Two are his own, Kristi in fourth grade, and Tania in first. Dominic, the youngest in the family, is a pre-schooler.

King of Kings Lutheran School is 30 miles from Orlando, and it is Jacobs' job to build up the attendance. He certainly got in on the ground floor.

Jerold Meier, principal at St. Peters, says, "From all reports, they are enjoying it very much."

O&E

These youngsters will be trick or treating with UNICEF canisters in hand. Ready for Halloween are (from left) Brian Carney, Tricia Carney, Mark Petroff, David Zajac, Tim Zajac, Mark Kleabie and David Zdeb. (Staff photo)

Trick or treaters collect for UNICEF

Area residents can expect trick-or-treaters to come knocking on their doors before Halloween Sunday.

These small costumed figures will carry a familiar orange box with black lettering. They will be collecting not for themselves, but for needy children all over the world. Donations collected by the local children will go to the UNICEF fund.

Cub scouts from Pack 293 at Bird School will collect Monday through Friday of this week. The general UNICEF drive will be Thursday through Sunday.

The local UNICEF drive has been organized by the Plymouth branch, American Association of University Women as part of its observation of Michigan International Week, Oct. 24-31.

Judy Morgan, chairperson of the drive, is coordinating the effort in Plymouth and Plymouth and Canton townships.

MANY SPECIAL activities have been planned for the week, both on state and local levels.

Each day has been given a special designation. Sunday was UN World Peace Day. Today (Oct. 25) is Human Habitat Day.

The rest of the week will be: Oct. 26, International Education Day; Oct. 27, World Hunger Day; Oct. 28, Human Interdependence Day; Oct. 29World Interdependence Day; Oct. 29, World Trade Development Day; Oct. 30 International Women's Day; and Oct. 31 UNICEF Day.

Among family projects suggested by the AAUW are: listening to music from another culture, asking the local librarian for a story about a family in another land, cooking a meal that focuses on a particular ethnic group, trick or treating for UNICEF, fasting on world hunger day or discussing a country of your own heritage.

AN ON-GOING PROJECT beginning in early November is the radio program "Got a Minute to Save," inspired by Mary Beth Housman, chairperson of AAUW's economic study group. the program can be heard on WSDP 89.3 FM.

The Detroit National Institute is sponsoring an Old World Ethnic Festival Nov. 18-21. Marilyn Robison, chairperson of the World Pluralism Group of AAUW, is organizing volunteers to work at the festival, to be held at 111 E. Kirby, behind thwe Art Institute.

The aims of Michigan International Week are:

- To assess the role of the people of Michigan in the world community.
- To broaden each person's concept of his neighborhood.
- To define our vision of the interdependence of mankind.
- To seek commitment to work for solutions to problems arising frothis interdependence.
- To increase enjoyment of ethnic and cultural diversity.
- To build attitudes which will lead to greater international cooperation as a necessity for survival and a foundation for lasting peace and justice.

Masterpiece auction

The annual masterpiece auction, chief fundraiser for the Plymouth Children's Nursery, will begin at 6:30 p.m. Monday, Nov. 1 in East Middle School cafetorium. First half-hour is for browsing and auction begins at 7 p.m. Displaying some of the handmade masterpieces are (from left) Greg Weidenbach, Robbie Gribble, Mary Jane Weidenbach, Elizabeth Gribble and daughter Carrie Gribble. There will be refreshments and a small table of priced items. (Staff photo)

Clubs in Action

PLYMOUTH PANHELLENIC

Plymouth Panhellenic has planned its annual card parties for Monday, Oct. 25 in the Plymouth Cultural Center. The afternoon party will be from 1-4 p.m. and the evening party from 8-11 p.m. Panhellenic members and friends of Panhellenic can make their reservations by calling Mable Partain (455-3663) after 3 p.m.

CANCER FILM AT K—C

Thomas Klucka, DO will discuss "Breast Carcinoma— Where are We Today?" and present a film, "Self Breast Examination," at 8 pm. tonight in the Knights of Columbus hall, 150 Fair Street, Plymouth. It is free to the public and a question and answer period will follow the film.

MILLIONAIRE'S PARTY

Members of the Canton Township Newcomers Club should make reservations before Oct. 27 for the millionaires party planned for Nov. 13 at 8 p.m. in the Canton Township Recreation Hall on Michigan Ave.

Reservations can be made with Mrs. Thomas Cifrodella, 44001 PalisadesCourt. Reservations to non-members will be available after Oct. 27.

AARP MEETING

Plymouth-Northville Chapter of the American Association of Retired Persons will meet Wednesday, Oct. 27, in First United Presbyterian Church of Plymouth. Visitors 55 or older, whether retired or not, may attend. Sack lunch at noon, followed by singalong, business meeting and program.

Guest speaker will be Jane Gaitskill of Wayne County Council on Aging. She will explain the services which Wayne County has made available to senior citizens. Part of the talk will be accompanied by slides taken by Eveleyn Edgar, a member of the chapter.

PILGRIM GARDEN CLUB

Members of the Pilgrim Garden Club will meet at 7:30 p.m. Oct. 28 in the library of Gallimore Elementary School.

Guest speaker will be Thomas Chub whose subject will be "Creating an Indoor Garden Spot—Decorating with House plants."

MAYFLOWER GARDEN CLUB

Members of the Mayflower Garden Club will meet at 10 a.m. Thursday in the home of Mrs. Clinton Bolander, 44872 Lynn Drive, in Wedgewood Village condominiums.

Mrs. Ansley Osborne will be co-hostess. There will be a workshop in which the members will construct jeweled tea-balls.

MASTERPIECE AUCTION

The Plymouth Children's Nursery will present its annual Masterpiece Auction at 6:30 p.m. Monday, Nov. 1 in East Middle School.

Guests are invited to enjoy refreshments and browse from 6:30-7. There will be small items for sale on display tables and the actual auction will begin at 7. All items are handmade. Masterpieces include doll furniture, decoupage plaques, afghans, knitted articles and Christmas decorations. All proceeds will go toward equipment for the school.

Jones-Peruski

Mr. and Mrs. Robert E. Jones of Leicester Avenue, Plymouth, announcethe engagement of their daughter, Janet Marie, to Lawrence Eugene Peruski whose parents are Mr. and Mrs. benjamin Peruski of Risman Drive, Plymouth. The bride-elect works in a dental office and her fiance is a Ford Motor Company employee. A Dec. 3 wedding is planned.

Hagopian-Kochyan

Hagopian-Tamakian

Mr. and Mrs. Jack Hagopian of Hines Court, Plymouth, are announcing the engagements of two daughters, Linda Louise and Cheryl Ann.

Linda will be married May 26 to Diran Kochyan, son of Mr. and Mrs. Robert Kochyan of Dearborn Heights. A 1972 graduate of Plymouth High School and a 1975 graduate of Michigan Technical University, she now is majoring in special education at Eastern Michigan University while working for Kay's in Plymouth.

Her fiance has an associate degree from Henry Ford Community College and a bachelor of music from Wayne State University. He is a band director at HFCC and also works as a salesman by Putzig-Demara Clothiers of Dearborn.

Cheryl's fiance is Armen George Tamakian, son of Mr. and Mrs. James K. Tamakian of Waltham Road, Birmingham. They will be married Aug. 13. A 1973 graduate of Plymouth High School, she attended Western Michigan University and the University of Michigan and now is employed by the Michigan Bell Telephone Co.

Her fiance is studying at HFCC and working for J. C. Penney in the Fairlane Town Center.

Both weddings will be held in St. Sarkis Armenian Apostolic Church in Dearborn.

By GAE McCORD

PARASOLS & Galoshes

The music blared and the bubbly flowed between the hours of 4-7 p.m. Oct.22 as a glorious assortment of humanity thronged to the "invitation only" preview opening of Plymouth's newest eatery, **Napoleon's**. They came in slacks and mink, formal attire and leisure suits. The young and the not so young, the Plymouth Canton crowd, and a bevy of unfamliar races all crowded into thedining room and the disco room to check the new menu and meet the management.

Perky **Erin O'Brian** greeted the **Kenneth Kirchoffs and the William LaGoshes** as they entered. **Sue and Win Schrader** checked out the gazebo dance floor as did **Zelda Neal and Mary Sternbergh. Julie and Tex Thoman** circulated, and stopped to check first impressions with **Tom and Rita Notebaert and Dorothy and Wendell Lent. Jack Moehle and Mary Childs, Fred Yockey and Charles Lowe** were all seen having "heavy" conversations with various groups of locals, while **Elinore Kenny, Bonnie Lucas, and the Ray Prussings** seemed to be enjoying the evening in a lighter vein.

Joannie Palmer spread joy as she table hopped, and **June and Tom Turner** staked out a family table in the corner. **Dick Kirchgatter** even left his his ailing dogs to join the hep cats.

If the first night's effervescence and hospitality were indications of things to come, **Napoleon's** will be an exciting addition to area eat-and-greet spots.

THE HOMECOMERS

There was a great deal of excitement at the **Edwin Shultz** home on the morning of Oct. 17, when a call was received from son, **Barclay**, stating that he was in New York and homeward bound. Barclay spent the past 2½ years teaching with the Peace Corps in Kenya. By late afternoon a few friends had dropped by to add their words of welcome and to hear of Kenya's greatest football team coached by...you guessed it... Barclay, himself. While the immediate plans of this dedicated young emissary are still uncertain, his long range goal is enrollment in medical school within the next year.

Ron and Audrey Phelps have just returned from Broomfield, Colo., where they spent a few days with newlyweds **Dianne and Greg Feldcamp** in their new home. Greg is an assistant professor at the University of Colorado.

Dee and Gus Carleson have also recently winged their way home from Mexico City where they spent a week shopping and sunning.

The John Chermside family who moved from Plymouth to Pennsylvania several years ago, has recently returned to the area. They have been living at the Plymouth Hilton for the past three weeks while waiting for their new home in Pinkney to be completed.

IN AT LEAST two of the several television news programs which covered the Fowl Festival, Plymouth was referred to as "staid." Interesting. It generated some thinking: 1. In view of all that's going on in the world today, perhaps "staid" isn't so bad. 2. "staid" doesn't do it. A seemingly more appropriate adjective came to mind, but it was one person's adjective, and admittedly this writer is so crazy about this community that objectivity occasionally gives way to pure sentiment.

So help, already! In **one single word** see how closely you can describe our town. Send a post card to me at 461 S. Main Street with your one word description of the Plymouth community (the area encompassed by the Plymouth-Canton school district), and we'll let you know what our self-image really is.

From Your House

By LORI BRICKMAN

The Gypsies are a happy-go-lucky camping group here in Canton Township.

They gather once a month from spring until the snow flies to share food and conversation over a campfire. They spent a recent weekend at the Four Seasons campground near Jackson.

Those in the caravan were **Jud, Anne, Chris and Michelle Spencer; George Henshaw and daughter Val; Gordon and Wilma Banks; Bill and Dorothy Enis; Jim and Jane Scott; Frank and Millie Conway and family; the Kemnitzes; Frank and Maureen Bianchi with son Frank; and Jim, Jasun and Julia Wahl.**

Jerry Miller and family visited with the group for one day. **Elise Miller** found the outing friendly and enjoyable but, "Oh, was it cold."

Virginia and Homer Benoit were honored during the trip for helping to organize the Gypsies and continuing to make the weekend excursions a memorable experience for all involved. A delicious cake and banner were presented to the couple.

The banner depicted a "This is your life" theme. One of the scenes was a grouping of tools. Homer is never without a piece of equipment to get a camper set up for the night.

Also shown was a vegetable garden with rabbits and birds nibbling the crops. Their garden has benefited many friends and neighbors, but, according to Virginia, the feathered and furry friends get more than their share.

PAT AND DON DAVIDSON, along with their children **Holly and Mike** also like the idea of a camping vacation. Don has completely remodeled his Dodge van to handle all their traveling needs.

Pat said, "We're gone almost every weekend, sometimes longer. We've discovered a lot of new places and have shared many happy experiences."

Occasionally they get an opportunity to travel without the children and get in a little fishing. At the rate they have been catching fish, their freezer soon will be stocked for the winter.

JUDY STONE is the newly-elected branch president of the American Association of University Women. Mrs. Stone has organized and helped with many volunteer efforts here in Canton and in Plymouth.

Her new duties involve attendance at the state division meetings and workshops in East Lansing, the national convention of the AAUW, as well as leadership in branch activities.

Combine this with raising a family, and Judy has a very busy year ahead of her.

MILDRED JONES of Royal Holiday Park was hospitalized recently in Ann Arbor.

Surgery for the placement of a pacemaker was successful. According to her daughter, **Eva Jones**, Mildred is recovering nicely and looking forward to coming home.

A new monthly newsletter of activities is being put out by **Brenda Pollock**, coordinator for the Canton Seniors and Royal Holiday Senior Citizens groups. She asked members to submit a name for the bulletin.

Suggestions were judged by three township employees. First place ribbon winner was Silver Threads sent in by **Ruth Thomas** of Canton Seniors. Second place was Sunshine Seniors from **Kay Whitehead** of Royal Holiday. Third place winner was The Geriatric Times submitted by **Ray Gerlack** of Royal Holiday.

MRS. FLORENCE PARKS is busy making extra desserts this week.

The goodies are for her visiting friend, **Eloise Hall** of North Canton, Ohio, and sisters-in-law **Garnet Chadwell** from Louisville, and **Lucille West** from Cumberland, Ohio. The ladies are enjoying their stay and catching up on the news with Florence.

Gary and Marilyn Best also have company this week. Gary's parents, **Tom and Edith Best** traveled from Miami, Fla., to visit grandchildren **Aaron and Courtney**. They also are experiencing our beautiful fall color and brisk fall weather.

Ronnie Wroblewski of Forrest Avenue in Canton opened her house last week for a crafts group.

Their project was a small dried flower arrangement in a hurricane globe which sits on a stand. Some of the crafty ladies were **Lynda Neuroth, Cam Zornow and Marlene Lloyd**. Their efforts were successful and the results lovely.

THE LEAGUE of Women Voters had a luncheon last week in Geneva Presbyterian Church. It was a "get to know us" affair to encourage new members from the Canton area.

Flossie Tonda organized the luncheon and **Neva Carter** planned the program. **Connie Rose, Linda Lynch, Betty Vance, Billie Whitely, and Lynn Goldsmith** are on the committee and helped organize the guest list.

Some of the prospective members in attendance were **Linda Rowe, Cathy Holloway, Janet Isum, Russelle Sturtevant and Sue Wisnieski.**

Cricket Bishop, Ida Lowe, Ruth Volger and Cheryl Andrzyewski were guests of Mrs. Lynch. Betty Vance invited **Barbara Hansen, Marty Loftus and Darlene Starr.** There were others in attendance and hopefully, we will include them in future league activities.

MASON AND SAHRI LUDLOW are leaders of the Pioneers, a group of teenagers from the Ludlow's church in Canton.

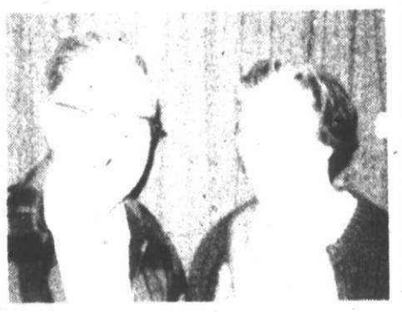

Meetings and socials frequently are planned including a recent outing at a roller skating rink.

Campbells celebrate golden anniversary

Mr. and Mrs. Wilford Campbell of Stacy Drive, Canton Township, celebrated their golden wedding anniversary Sunday in the home of their daughter and son-in-law, Carol and Leonard Bellinger of Maxwell Street in Plymouth Township.

Wilford Campbell and Corabel Smith were married in 1926 in First Church of Christ, Elmira, N.Y. Campbell is a retired upholsterer. They have lived in the Plymouth area for eight years.

Forty-three members of the family attended the dinner-reunion for qhe 50th anniversary. They have seven children, Glenn, George, Robert, Arlene, Marvin, Carol and Edward; 20 grandchildren and one great-grandchild.

MR. AND MRS. WILFORD CAMPBELL

Food Club

THE FOOD CLUB STORY

WHAT IS FOOD CLUB? Food Club is the brand name for Meijer's finest line of grocery, dairy and processed meat products - available at competitive prices in all Meijer stores. Food Club is the quality brand sold by 31 leading food chains from coast to coast.

HOW DOES FOOD CLUB RATE IN QUALITY? Food Club products are equal to or better than competitive, leading national brands that sell for more. This is Food Club's PLANNED quality. Before a Food Club product is developed, research determines the qualifications of the current leading brand products - and any IMPROVEMENTS in flavor or appearance that will make the product more acceptable to the customer. This is the quality standard a Food Club product must meet or exceed.

CAN YOU DEPEND ON CONSISTENT QUALITY IN FOOD CLUB PRODUCTS? From the time Food Club technicians establish the quality specifications of a Food Club product, suppliers must maintain that quality rigidly and consistently. This is assured by:

CONSTANT FIELD SUPERVISION - Food Club field specialists continually inspect the fields, orchards, plants and equipment used to produce Food Club products. Fruits and vegetables must be grown and handled properly - sanitary conditions must be maintained in every step of production of Food Club products.

CONSTANT SAMPLING AND TESTING - both raw and finished products come under the strict supervision of Food Club quality control experts. Samples of Food Club products from suppliers and retail stores are inspected regularly at the Food Club laboratories to assure continual adherence to every quality standard.

YOU'LL LIKE FOOD CLUB PRODUCTS! If you're not completely satisfied with any Food Club product, your money will be cheerfully refunded.

The Top of the Crop to you.
