School boundary changes rile parents

After months of study and deliberation, the Plymouth Board of Education bit the bullet Monday and established attendance boundaries for the 1977-78 school year.

By a 4-0 vote, the trustees adopted the recommendations of the boundary committee, with changes suggested by Supt. John Hoben. Trustee Marcia Borowski and President Joe Grey were absent. Trustee Richard Arlen left the meeting moments before the

In other action, the board unanimously voted to establish a districtwide appeals procedure to rule on individual complaints about school assignments for children.

The trustees who showed up-and stayed-to make the controversial boundaries decision did so with the knowledge there was no way to please everyone in the district.

"We are what you call between a rock and a hard place on this one. My phone has been ringing off the hook for weeks," said E. J. McClendon during a break before the vote was

School officials also said the board of education office has been deluged with calls from parents asking for special consideration for their particular

Billie Whiteley, chairman of the boundary committee, told trustees the committee had attended every school in the district within the last several weeks, telling parents what the recommendations were and listening to comments and complaints.

IN LAST MINUTE PLEAS, residents of Pickwick Village and Prestige Heights in Canton, as well as parents of Isbister children, petitioned the board to keep their concerns in mind in making a final decision.

The Canton parents told the board their children had been moved a number of times in the last four years, and said it was time they were given some permanence and stability. The Isbister parents said they had deep feelings for and ties with the school and asked to remain there.

The board members listened quietly to all comments, occasionaly pointing out that rapid population growth made it impossible for any guarantees to be handed out.

Prior to the vote, Trustee George Lawton told the audience that the concerns of the parents, administration, and the boundary committee had been weighed.

"There is some feeling in the community that the administration or board is rigid on the boundaries. We are not. This board and this administration is interested in providing every option possible.

He then moved to accept the boundary committee report with the following amendments:

 Students in Pickwick Village and Shilo will be assigned to Gallimore but can choose to attend Allen or Tan-

• The residents of Pilgrim Hills will

want to attend either Geer or Gallimore. If the choice is Geer, Gallimore will be the option school; if Gallimore is chosen, Geer will be the option.

•The Gallimore attendance area will include all children west of Sheldon, north of Ford, east of Canton Center and south of Warren roads. Gallimore will be on a 45-15 schedule.

Although a number of parents expressed concern about bus transportation, the board remained firm in its decision thát those parents who elect option schools have to provide their children with private transportation.

IN A LATER decision the board adopted a suggestion by Hoben to create a two-part appeals process for par-

be polled to find out if the majority ents who have a complaint about their child's school assignment.

Under the policy each school will have its own appeals panel, and there will be one district wide appeals panel.

The school panels will be made up of the principal, a teacher, and a parent. The district panel will consist of the assistant superintendent for instruction, an elementary school principal, a middle school principal, an elementary school parent, a middle school parent, and someone from the pupil personnel department.

In making his recommendation, Hoben said the appeals panels recognize "that the 1977-78 school year will involve an unusual amount of change in school attendance boundaries and school calendar.

Canton, Michigan Brian and Gregory get hall paving, sewer bids

Brian and Gregory construction company of Novi has been awarded two contracts for work to be done on

the new township hall.
One contract is for sanitary sewer extension from Cherry Hill to the hall Site at Canton Center and Proctor. The second contract is for a gravel road and parking lot. Eventually the road and lot will be paved.

Brian and Gregory was lowest bidder among five for the aggregate paving job and second lowest bidder on the sanitary sewer project.

The township's engineering consultants, Wade, Trim and Associates, recommended Brian and Gregory for the sewer job over the lowest bidder, Morelli Construction, which bid

Brian and Gregory bid the sewer job at a higher quote of \$111.516. Canton Clerk John Flodin explained that the firm has shown better workmanship than Morelli. Brian and Gregory also must meet federal hiring requirements.

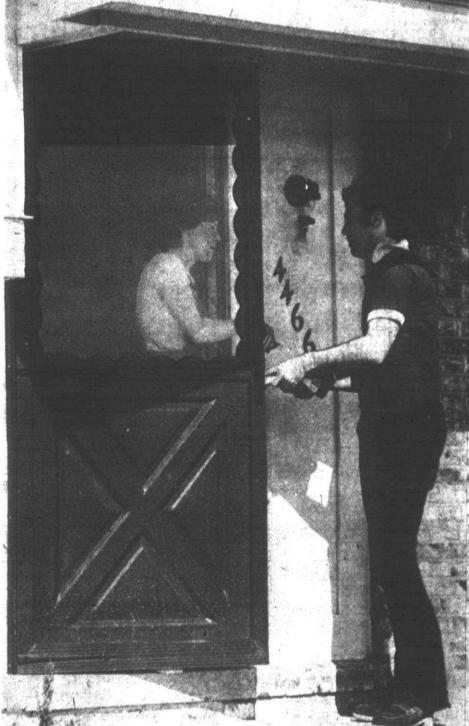

The township board has hired R.E. Dailey Co. of Detroit to act as construction manager in building the hall. Canton will be, in effect, the con-

Canton has hired Ralls-Hamill Architects, Inc. as architect for the threestory \$2.7 million federally-funded administration building. Ralls Hamill and R.E. Dailey are also working on Livonia's federally-funded new administration building.

Ed Krysinski, representative for R.E. Dailey, says the construction managment firm has set up four steps for building at the new township hall.

"First we get the hole dug and the substructure laid," Krysinski said. 'That's what the two bids tonight were for. Next we will solicit bids among construction firms for the superstructure. Third step will will be closing in the roof, installing windows and outside doors. The last stage is contracting people to paint, tile, carpet and make the finishing touches."

Each stage has been budgeted and if the various stages consistently come in under budget. Krysinski said more inside work, such as room partitions may be included

Knocking for recall

Richard Black tried to get the signature of Diane Neihengen of Lowell Ave. on a petition to recall Canton Supervisor Harold Stein. Peter Gabbert, spokesman for the recall drive, says 899 petitions "are in hand" and estimates that enough signatures are sitting in the petition circulator's homes to reach the goal of 1,243 signatures necessary to force a recall election. Gabbert said the bulk of recall petitions will be presented to the township clerk for verification on Monday. Additional signatures will be sought throughout this week. (Staff photo by Gary Caskey)

Ruling on the township's lawsuit against the Bordine brothers for allegedly breaking Canton's blight ordinance, Davis recently gave the Bordines until Sept. 7 to remove at least a portion of the equipment from their farm on Saltz, east of Ridge. The remainder, according to Davis, must be hidden from the road by a fence.

In a violation notice issued by the township last fall, the Bordines were charged with violating the blight ordinance by storing junk cars, inoperable machinery, wood remnants and metal scraps in plain view.

Under the blight ordinance, persons must store all inoperable equipment and vehicles in sheds or some other type of enclosure.

Although the Bordines recently pled no contest to the township's charges. Roger Bordine insists that valuable antiques are among the things the township calls "junk."

THE LONG-TIME Canton resident said he had planned to use the antique thrashing machines, tractors and other farming equipment to establish a "farm-type museum" someday.

Ford-Haggerty corner scheduled for widening

a proposal to widen the Ford Road-Haggerty intersection should ask the the right-of-way. Michigan State Highway Department for a public hearing on the matter by April 29 if they object to the highway department's plans.

The proposed project calls for construction of an additional lane on westbound Ford from Haggerty to I-275; widening of Ford to five lanes immediately west of Haggerty; and widening of Haggerty to five lanes immediately north and south of Ford.

According to Phil Chisholm, public hearings coordinator for the highway department, work on the project should begin sometime next March with completion scheduled for fall of

Calling all cops for police chief position

Through the end of April, Canton Township officials will be accepting applications and resumes from persons who would like to become fulltime chief of police for Canton's part-

time department. Applications will be examined first by the township's three-member potacted a group of Amish families in lice commission, consisting of Clerk western Michigan about the horse- John Flodin and trustees Brian Schwall and Eugene Daley.

Persons passing preliminary screening will be referred to the Michigan Municipal League for interviews and final selection. Canton will pay for the selection process.

Due April 30, the applications should be from persons with a minimum of five years experience in police administration, who hold certified

police officer diplomas and intend to reside in Canton.

Starting salary is advertised at \$21,000, "with liberal township fringe benefits." Members of the township board also indicated that they would look favorably on someone with experience in securing federal funds from

the Law Enforcement Assistance Ad-

mnistration. (LEAA).

A TWO-PAGE list of requirements for the job and desired qualifications may be obtained at the township hall. 44508 Geddes Road.

"We want the whole world to know we're accepting applications for the police chief job, Flodin said.

The applications should be accompanied by a brief personal resume.

How to save energy and money

Energy usage can be reduced to save significant amounts of money for homeowners and merchants without any large investments of money.

That was the encouraging word given by Ervin Sattinger to those attending the monthly luncheon meeting of the Plymouth Community Chamber of Commerce in the Miles Standish

Room of the Mayflower Hotel. Sattinger is a staff member of the Environment Institute of Michigan which is currently working closely with the Southeastern Michigan Technical Assistance Program (SEMTAP).

During his talk, Sattinger said some energy saving measures require large capital investments and shouldn't be instituted without a careful cost-benefit analysis. But many things can be done free or at little expense, he stressed, to reduce energy costs in the home and in business. He also outlined what SEMTAP is and its relationship to Schoolcraft College in this

SEMTAP WAS STARTED a few months ago by the state in cooperation with ten community colleges, including Schoolcraft, Wayne County Community College and Henry Ford Community College.

SEMTAP has been set up to help local people with energy conservation or other technical problems associated with their businesses, industries, governments, and even individual

The colleges' role in the program is to help convey, upon request, the large amount of technological information now available.

Local residents or groups can visit the office of Ron Griffin, in the community service office on the Schoolcraft campus. He will answer questions and provide advice on how to solve anyone's particular problem.

Persons visting a SEMTAP office might be put in touch with other scientific clrearing houses or told to write to the National Technical Information

AFTER URGING LISTENERS to take advantage of the new SEMTAP service, Sattinger gave some hints of

"I think now after two energy scares—the Arab oil embargo of 1973 and this year's natural gas shortage the public is aware we are faced with a serious energy crisis. Probably the major key to supply shortages is conservation," he told his listeners

"The important thing to remember is some things can be done which don't cost money. It doesn't cost anything to turn off a light switch or dial down a thermostat. There may be a loss of comfort, but there's no money

Residential and commercial firms account for about one-third of the total energy used in the nation, he stated. Of this amount, some 53 per cent is used for space heating, 12 per cent for the water heater, and eight per cent for air-conditioning.

The real opportunity to reduce energy usage is in the areas of space heating, air conditioning, and lighting. Sattinger said.

"Take the dialing down program we've all heard about. It doesn't cost you any money to set the thermostat down to 68. And for every degree reduced, you save three per cent of the energy used for space heating. One building of 50,000 square feet dialed down from 68 to 58 on evenings, weekends and holidays and reduced its space heating bill by 13 per cent."

Weatherstripping and caulking to prevent heat loss along with use of drapes and shades to keep out the sun, were other methods Sattinger suggested to use against the extreme Michigan seasons.

'And don't overlook the efficiency of deciduous trees. In the summer the leaves provide shade to reduce the heat coming into the home. In winter, after the leaves drop off, the trees allow the heat to come through.

Storm windows and thermo windows also are very important, Sattinger pointed out.

Wall and ceiling insulation can pay for itself in a very short time, he added. Wall insulation can pay for itself in seven years and ceiling insulation in five years.

The Environment Institute of Michigan staff member finished his talk with a prediction.

"One thing people may not realize is how much gas is consumed by pilot

for three per cent of the total gas bill. For gas ranges, 30 per cent of the gas

lights. The gasoline burned by pilot the stove uses is for the pilot. Belights in the average home accounts cause of this, we may in the future see gas pilots replaced with electronic ignition systems

Vice-chairwoman seeks new SC term

Rosina Raymond, vice-chairwoman of the Schoolcraft College board, will seek a new six-year term as a trustee in the June 13 election.

Her campaign will emphasize her involvement with the college from the planning stages 16 years ago and the recent emphasis on career programs and community services

Mrs. Raymond of 15906 Oak Drive Livonia, is a part-time speech instructor at Wayne State University, a genealogy instructor in the Livonia community education division, and a former teacher in the Livonia school district and at Madonna College.

ELECTED TO the board after the 1971 reapportionment, Mrs. Raymond wants to seek further progress "in the direction of earn-while-you-learn.

MacDiarmid is reluctant hero

By CRAIG PIECHURA

The man was unquestionably proud of the honor, yet Ptl. John MacDiarmid still acted a little bit uncomfortable in the hero's role

For his decisive action in saving the life of five-year-old Michael Arzadon, MacDiarmid received two governmental proclamations of appreciation at Tuesday night's township board meeting. One award came from the county, the other was from Canton.

On Sunday, April 3, MacDiarmid left the regular search party and found Michael floating face-down in five feet of water almost half a mile downstream from his home in Tamarack Apartments. Police estimate the boy was in the water for approximately 12 minutes before being pulled out.

Both awards bore gold seals and were replete with heartfelt, bureaucratic whereases.

The commendation from the county, signed by Commissioners Royce Smith and John Barr, states: "Whereas, MacDiarmid, a 23-year-old member of Canton's part-time police force and father of two children, heard a call for help made to the Wayne County Sheriff Department. Whereas, exercising great composure, presence of mind and leadership and split-second timing in the midst of potential tragedy, John MacDiarmid raced downstream with another officer, and, upon seeing the boy floating facedown in the middle of the river, dove began giving him life-saving resuscita- to talk since the incident

Poster child very blase about hobnobbing with celebrities

By DARLENE STINSON

Television appearances with rock star Bob Seger and pitcher Mark Fidrych are only a small part of Canton toddler Debbie Ott's busy day.

As the March of Dimes' new poster child for metropolitan Detroit, and a victim of the birth defect spina bifida, 212-year-old Debbie is suddenly the star of posters, billboards and television commercials.

But, to Debbie, playing with her pet mice and sister Jennifer is still more interesting than encounters with celeb-

"I DON'T THINK the publicity has really affected her or us at all," confessed Mrs. Kathy Ott, as Debbie chattered in delight to a pet mouse and watched it scurry through a plastic maze toward a handful of food.

"She's really pretty good about it She cried at the first event she had to appear at, but now she smiles for the camera all the time.

Since her selection as poster child last December, Debbie has appeared on posters and billboards throughout the Detroit metropolitan area with her leg braces and walker.

She's appeared on television commercials with Seger and "the Bird," and received a key to the City of Detroit last January. She's booked for appearances at all events planned by the March of Dimes.

The Canton toddler was chosen as the March of Dimes' poster child at a Christmas party sponsored by the Spina Bifida Association of Michigan. The request to have Debbie appear on television and the March of Dimes' posters came as a complete surprise.

'The head of the Detroit chapter of the March of Dimes was there," Mrs. Ott recalled, "and he just asked us if we'd let Debbie be the poster child. I just think they wanted certain things in a poster child, and she just fitted the bill.

Mrs. Ott attributes her daughters se lection as poster child to her personality, talking ability and young age. The last poster child began her five-year career with the March of Dimes at age 4, and Debbie is now 212.

AS A VICTIM of spina bifida, one of the numerous birth defects the March of Dimes raises money for, Debbie is

unable to walk without the aid of leg braces and a walker. She has no control over her bladder or bowels, and a valve, surgically inserted in her head, drains spinal fluid from her brain.

Mrs. Ott said she knew something was wrong with Debbie the moment she was born. A lump the size of a walnut protruded from the infants back—a telltale sign of the defective spinal cord that causes weakness in the legs. The lump was surgically removed shortly after birth, but symptoms of the birth defect remained.

Although no cure for spina bifida is known, doctors do know why symptoms of the birth defect occur. During the first month of pregnancy, the fetus fails to form a tube of nerve fibers around the spinal cord. A deficiency of nerve fibers to the muscles short-circuits impulses to the brain, causing weakness or even total paralysis of the legs.

Like Debbie, about 75 per cent of the children who have spina bifida have hydrocephalus or "water" on the brain. Although the condition formerly resulted in brain damage or death, surgical implantation of a valve in the child's head now prevents

I had never heard of spina bifida before," said Mrs. Ott, as Debbie scurried around the room in her walker. "But there still are worse things in the world. At least she still has her mind and her eyesight.

"I only hope this publicity helps other people realize that handicapped people are a part of the world.

Gallimore to go on 4545 set-up

In a reversal of its prior decision, the Plymouth-Canton Board of Education Monday designated Gallimore Elementary School instead of Hulsing be placed on an extended school year (45-15) schedule for 1977-78.

In addition, the Gallimore attendance area now includes everything west of Sheldon, north of Ford, south of Warren, and east of Canton Center roads.

Hulsing School, which was originally slated for 45-15, will remain on a traditional nine-month calendar for at least one more year.

Parents in the Gallimore area who do not want their children to attend classes on a year-round basis can elect to send them to Tanger Elementary, which will operate on a traditional schedule

School officials said Gallimore was selected to begin 45-15 because it is handling the largest amount of growth in student population, while Hulsing's population appears to have reached a plateau for the time being.

Other schools which will begin an extended calendar this year are: Eriksson, Field and Isbister elementaries, and Pioneer Middle School. They will be joining Miller School, which has been on a pilot 45-15 program for the last two years.

All 45-15 schools have been paired with traditional nine-month schools, and parents may elect to send their children to them as long as space is

Here's how reps. voted on assassination bill

By ELIZABETH KURNETZ

Area congressmen were 4-1 in favor of the U.S. House vote March 30 to continue its special assassination com-

The full house vote of 230-181 means the controversial committee will be funded for the rest of the current house term. It will investigate the assassinations of President John F. Kennedy and Dr. Martin Luther King Jr.

The only area congressman opposing the move was Rep. William D. Ford (D-Taylor), whose 15th district includes Garden City. Westland and Canton Township. Ford could not be reached for comment.

Rep. William Broomfield (R-Bloomfield) did not vote.

Rep. William Brodhead (D-Detroit). who voted in favor of the committee,

was that a recent national poll Livonia and Plymouth, also said he showed 80 per cent of the American people believe the full truth about the assassinations has not been told,"

"If we have doubts, then an additional investigation is warranted," said Brodhead, whose 17th district includes Redford, Farmington and Southfield.

Said Rep. Carl Pursell (R-Plymouth). "Initially in January when there was a renewal motion, the committee asked for \$13 million for two years and to use unlimited bugging devices. I voted against that because I felt the money was unwarranted and the use of bugging devices would be unconstitutional.

"However, I voted in favor of the second request for an extension because they came back to earth and are now asking for a \$2.8 million budget per year, and no electronic surveillance or wire tapping is allowed," he

Pursell, whose 2nd district includes

changed his vote because the committee has recently been restructured and they had gotten rid of what he called "disruptive influences.

Pursell referred to the disruptive spat between the committee's chief counsel.Richard Sprague, and the first committee chairman, Rep. Henry Gonzalez, (D-Tex.)

Sprague resigned March 29, apparently agreeing with committee members who felt extension approval by the full house hinged on Sprague's removal. Sprague had been involved in a power struggle with Gonzalez, who resigned during the fight. The new committee chairman is Louis Stokes.

Rep. David Bonior (D-Mt. Clemens), whose 12th District includes eastern Rochester, also voted for extending the committee's life.

"I didn't feel they had a chance to get started because of the internal

problems, Bonior explained, "Since Sprague and Gonzalez both resigned and the budget has been trimmed over 100 percent. I feel we ought to give the committee a chance to per-

"There is some evidence surfacing with respect to the King and Kennedy assassinations that I think should be pursued further. If we don't pursue it, it will signal a whitewash by congress to the American people." he said.

"I SINCERELY believe the previous investigations of the two assassinations were not complete. I think we ought to have a more thorough investigation," said Rep. James Blanchard (D-18th Ferndale), whose 18th District includes Troy.

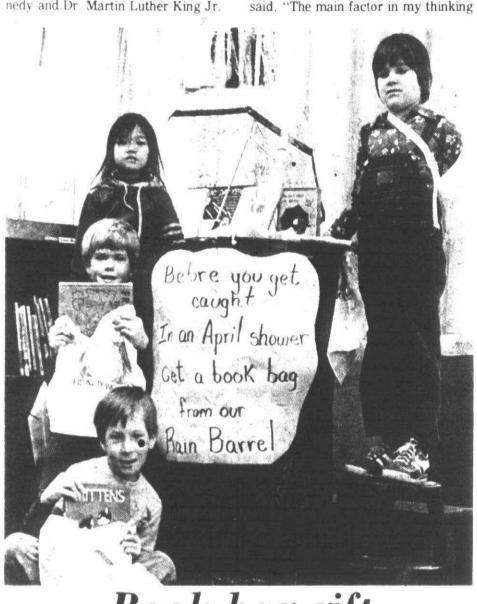

"When you have people in congress who are willing to spend two years pursuing a thorough review and investigation, the least I can do is support them', he said.

But even though these four area congressmen felt the committee should be extended, they still doubt whether the investigation will unearth any new

"I don't think there is a likelihood that the committee will be successful. but I couldn't bring myself to close the door on them," said Rep Brodhead. "I hope they're successful." he

'I'm concerned at this late date that it will be far more difficult to obtain competent evidence than in the early 60's." said Rep. Blanchard

Along the same lines. Rep. Pursell said he also had some reservations about obtaining good witnesses after 13 years. "It seems difficult but the prosecutors feel that can be done prop erly." he said

The Stroller

Baseball boomerang

By W.W. EDGAR

Sitting in the newly rebuilt press box at Tiger Stadium the other afternoon waiting for the start of another major league season. The Stroller couldn't help recalling his first visit 54 years ago when one had to master a catwalk to get to his place in the work-

But as he sat there, peering down through unbreakable glass as the players warmed up, the memory of that first appearance at what was then Navin Field came rolling through the years and it seemed like only yesterday that he got the surprise of his

life when the game started. You see, prior to coming to Detroit to begin his career on a major newspaper. The Stroller had tried his hand at managing a baseball team, known as the Catasauqua Reds. Our team was the first in the area to wear red uniforms and we were respected as the "hottest" team in the Lehigh Val-

There was only one team in the entire valley that furnished any kind of real competition. That was the Northampton team, representing the borough just a few miles up the valley. Because of this rivalry, we met on July 4 of each year-and what games they were!

On this particular renewal of the rivalry. The Stroller got a brilliant idea If he could get the townspeople to contribute to a fund he could employ an all-star battery-a pitcher and catcher-that would overpower the " Konkrete Kids" as the Northampton team was called because it was the home of the Atlas Cement Co. the world's largest manufactuer of cement

There was no trouble collecting a

sizeable sum for every man, woman and child would be pulling for a victory in the big game of year.

Fortified with the necessary cash, The Stroller journeyed down to Lafayette College in search of his allstar battery. Much to his surprise the star pitcher who had helped bring Lafavette the eastern college title quickly agreed to pitch for us. And he also got a catcher whom he claimed would help a lot.

Now the stage was set for one of the biggest surprises of the baseball season. It so happened that the game was to be played on the Northampton Field and a series of special trolley cars carried the fans and followers to the battle scene.

Not to take any chances with our plan being exposed, we met the college pitcher, a fellow who took the name of "Dank" and his catcher, a fellow named "Musselman" to Northampton early on the morning of the game and had them get into uniform in a friend's home rather than at the ball park.

No manager was more confident of victory than The Stroller was on that hot July 4 afternoon. To him, it seemed just a matter of going through the motions to prepare for a big celebra-

But, as often has been said, the best laid plans of mice and men go wrong. The Stroller got the shock of his life when he so proudly entered the ball park where the crowd had overflowed

As he went through the gate and headed for the visitor's dugout he noticed a familiair sight on the opposite walked over to the "enemy" side. Sure enough it was a familiar sight. It was Charlie Berry, also of Lafayette College, who later became a star in

the major leagues. "What are you doing here?" The Stroller asked in surprise.

"I got a chance to pick up a couple bucks," he said.

" I am going to catch for Northampton today. Stunned. The Stroller went back to

the bench to await the start, and he heard the batteries announced. "And for Northampton, Clint Brown will pitch and Charlie Berry will catch." This was the start of a bad after-

noon as Clint Brown gave our lads only two hits and shut us out, 3-0. That ended The Stroller's career as a manager, but it wasn't the last he

thought of it. By the time the next season rolled around. The Stroller was in Detroit. As a member of the Free Press sports staff he was assigned to do a

feature story on the Tigers' opener. Thrilled at the thought of being a big time sports writer, he anxiously travelled the catwalk to the press box

and took his seat high above the playing field. From that perch, he watched the Cleveland team go through its pre-

game practice. And he noticed particu-

You can imagine The Stroller's thought when the opening batteries were announced and the voice said, "For Cleveland, Clint Brown will pitch." The Stroller didn't wait to hear the catcher's name

And would you believe it, this same Clint Brown gave the Tigers only a couple of hits and beat them on opening day.

Is it any wonder The Stroller's memories came rolling back a half century as he sat in the new press box a week ago to watch the Tigers open their

Arzadons suspect 'foul play'

(Continued from Page 3A)

BUT THERE is another aspect to the story that everyone is ignoring. Mrs. Arzadon claims.

The couple has hired a legal investigator named Ronald Anderson to explore their theory that Michael was pushed into the river "which he was afraid to go near.

While admitting that she left her youngster in the rear yard while she went inside to iron, Mrs. Arzadon speculates that a 6-year-old neighbor boy pushed her son into the river or knows who did.

Mrs. Arzadon criticizes the investigation conducted by Wayne County Sheriff Det. Frank Harvey which concluded there was "no evidence of foul play" in the near-drowning

"I know I should be thankful the boy's alive," said Mrs. Arzadon. "But I'm not thankful he was pushed in

Det. Harvey says he talked to the 6year-old boy who Mrs. Arzadon sus pects "knows something" and "was satisfied there was no foul play on the part of the child. However, Mrs. Arzadon accuses me of trying to whitewash the incident.

Mrs. Arzadon made a point of emphasizing the fact that both Det. Harvev and the 6-year-old are black.

"Until I have the opportunity to interview the Arzadon child, my case is closed," Det. Harvey said. "No one else was present.

If the \$2934 million bond issue is approved by Plymouth-Canton voters April 23, only \$193; million will be borrowed this year.

Of the total bond issue, \$10 million will be held in abevance for two or three years before qualified for sale by the state.

The Michigan Department of Education wants to make sure that the entire \$2934 million is needed to accommodate growth in Plymouth-Canton Community Schools.

To avoid the danger of overbuilding, the state has given permission for the school district to borrow \$1934 million immediately if voters approve the issue. The school district must then go back to the state for approval before it can sell the remaining \$10 mil-

The egg champs

The annual Easter egg hunt, sponsored by Plymouth Parks and Recreation Department, was held Saturday in Hamilton Park in Plymouth. Three youngsters who found the golden eggs won large chocolate rabbits. The lucky ones were: (above center, from left) Randy Morrow, Thomas Garner, David Ward. After the hunt was completed, a walk-through inspection was conducted by Chuck Skein (at right, below), recreation director, and Carol Levitte. (Staff photos by Elinor Graham)

Grant to nursing program

Madonna College of Livonia has received a federal grant of more than \$92,000 to expand and upgrade its nursing curriculum.

The award from the U.S. Department of Health, Education and Welfare will permit the school to bolster instruction in family-centered nursing and preventive health.

The school will use the money to establish a self-paced instructional center where students can move through a series of different nursing assignments.

The grant from HEW's public health service division of nursing was based on a program developed in October 1975 by Sr. Mary Lauriana, Madonna vice-president for planning and

Bond and renewal can save money

Editor:

The inclusion of the \$29 million bonding proposal on the April 23 ballot raises several questions, one of which is: What are the benefits to me and

One rather obvious response is it will provide the classroom, associated space and facilities for the additional children that will be enrolled in the school system.

A second reason is to renovate, repair and refurbish if you prefer, existing schools. This work is primarily directed to bringing the schools into compliance with today's safety standards, repairing various items before they have to be replaced. Generally,

it is less costly to repair an item than it is to totally replace it. An old saying could serve well as an example. "A stitch in time saves nine."

The third reason and probably the least thought of is a portion of the money will be used to add insulation, storm windows and related items to reduce operating costs. This money should pay dividends as heating costs continue to rapidly increase and perhaps allow us to keep school open during coming winters.

Thus, there are three compelling reasons to vote "yes" on the upcoming bond issue.

Drive to recall Stein a foregone conclusion

The "recall Harold Stein" movement is the nonnews event of the year. Peter Bundarin and Robert Greenstein talked about recalling Stein, should he be elected supervisor, while Greenstein still occupied the supervisor's office.

As much as Greenstein will holler and protest, they both stand to gain politically if Stein is recalled. Both are lending moral and physical support, and supporters, to the dump Stein drive.

Bundarin makes no bones about his desired constituency: The subdivision dweller. In the other corner is "the farmer," which means someone who doesn't live in a subdivision or lives in the elite suburbs and holds an option to develop oncerural land.

This is the way the recall rhetoric sounds: Supervisor Stein, four months in office, is "ignoring the concerns of the majority of Canton's residents (read subdivision dwellers)." He is ignoring growth problems and overriding the recommendations of the hordes of study groups.

SHOULD STEIN be recalled for being "unresponsive," as he's been accused? No.

The fact that Stein voted to begin advertising for a chief for the Canton Police Department is a reversal of his personal desire to keep Canton cops a low-profile, low-pay, part-time department. So, in this instance, Stein has responded to citizen pressure demanding increased police protection.

Stein's attitude that growth will regulate itself is his weakest flank. He still clings to a laissez-faire policy on growth—the community's most pressing issue. Stein's answer on growth is to let the growth managment committee study growth opinions but we'll let industry and profit regulate

itself—and sewer capacity and sewer availability will dictate the extent of our development.

SHOULD STEIN be recalled because he is "overriding" the study committees? No.

Stein claims he was just disseminating his opinion and is then criticized for trying to dictate direction. Stein should make his opinion known more often so the community can evaluate his position. This can be done while the study committees are meeting or any time.

But some unenthused members of the study committees claim their research on growth and land use is a pretense of citizen involvement. Their argument is, "His mind's made up," meaning Stein's. This supervisor phobia must end. There are seven members of the township board and Stein is one vote.

Stein is still too eager to help the landowner redeem his rural investment by selling undeveloped land to build another subdivision full of cul-desacs and children who will have to be schooled and serviced.

But Stein is well aware that he is a minority leader. That's a good spot for a politician to be. On the spot.

But no imperative reason for recalling Stein has

Avoid leading Stein to the convenient whipping post—the recall election—just because we may disagree with some of his policies. Redford Township is just recovering from a 1976 recall election that slowed everything but bullslinging for almost a year. Canton can't afford that delay. As you are undoubtedly aware, this is not a sleepy community.

A lot of our money goes for taxes and contributions and payments, and we never see the results. It's frustrating, because we get the feeling we've had no impact on society or the community. But local businesses have an opportunity to have a profound impact on their communities when the 1977 United Foundation capital fund division approaches them in the coming weeks.

UF's once-in-six-years capital campaign aims to collect some \$22 million for 54 voluntary agencies and non-profit hospitals in Wayne, Oakland and Macomb counties. The funds will be used for new buildings, renovations and major items of capital equipment.

These business gifts will change things. The givers will be able to see the results. The results

will benefit worthy people directly.

Where will the money go? Beaumont Hospital in

Royal Oak. Botsford Hospital in Farmington Hills. Providence Hospital in Southfield. St. Mary Hospital in Livonia.

The Boys Club in Redford Township. Detroit Area Boy Scout camps—D Bar A, Howell, Rifle River and Silver Lake. Boys Republic in Farmington. Huron Valley Girl Scout camps—Hilltop, Crawford and Linden. Metropolitan Detroit Girl Scouts—Camp Holly. South Oakland Girl Scout camps—Narrin and Yntema. North Oakland Girl Scouts—Camp Sherwood.

Jewish Vocational Service—south Oakland satellite facility. A YMCA branch in Farmington. Improvements to the Wayne-Westland YMCA. The YMCA Oakland branch.

And others in the metropolitan area.

Anyone care to have an impact on the commu-

New SBT package looks good as tax principle

It looks good, governor

Gov. William G. Milliken summed up not only good economic sense but a lot of personal courage in calling for drastic revisions of the single business tay (SRT)

It took personal courage for the governor to concede there was much wrong with the first version, which went into effect in 1976.

Milliken has listened carefully to the objections to SBT and has made known, in broad outline, his proposals to correct the problems. At the same time, he has underscored his feelings that SBT has its good points: It stabilized state revenues, and it replaced a hodge-podge of eight different business taxes with a single tax on all kinds of business.

WE NOTE with satisfaction that the governor's proposed changes seem in line with the recommendations this newspaper made in a series of editorials last February.

"The tax would be computed on the gross profit of the business. The gross profit would include profits of the business plus all compensation to owners of the business," he said.

That sounds like adequate recognition of the ability to pay principle. That principle isn't observed, however, under the present SBT, which is essentially a value-added tax. That ability to pay was being ignored became readily apparent when, under recession conditions, many businesses found their state tax bills soaring, not shrinking. The new proposal seems aimed at correcting this problem.

Milliken, in another message, called for adoption of a revenue stabilization fund, following the suggestion of his blue-ribbon commission on the state's economy.

This idea must be adopted hand-in-hand with SBT reform. Business income, particularly in Michigan, is volatile, rising more in good times

and falling more in bad times than such factors as wages, interest, rents and expenditures.

THE GOVERNOR'S proposal would remove taxes for workers' compensation and unemployment compensation from the SBT tax base.

That makes elemental sense. Why tax taxes on taxes? Moreover, those taxes for workers' compensation and unemployment compensation are certainly no gauge of ability to pay.

What is a little cloudier in the governor's message is the suggestion of credits for businesses with small incomes. Some questions have been raised as to what these mean and whether they are adequate.

Surely, however, those cannot be major stumbling blocks as the Michigan Legislature hammers out a new SBT. We will expect our legislators to go over the governor's bill with a fine tooth comb; that's what legislators are for. But we would be disappointed if the clear, logical reforms the governor has suggested were to be dragged down by wrangling over details.

IN THE STATE senate, Milliken's SBT reforms are now in the hands of the senate finance committee, the correlative house committee having declined to take them up right away.

The finance committee is headed by Sen. Patrick McCollough (D-Dearborn), who, as every politically aware person knows, has a burning itch to be governor. That's fine, it's the American way, and good luck, Pat. But on behalf of the ailing businesses in Michigan, we must urge that neither Milliken nor McCollough uses SBT as a political tool, to pander votes by playing on the fears and pocketbooks of persons who want to get back to business.

The goals are revenue stability, taxation based on ability to pay, and some simplicity in the tax forms. Those can't be such difficult goals to achieve among politicians of good will.

Olympia II in suburbs is sound business decision

There seems to be so much negative comment about Olympia II and the Red Wings moving out of downtown Detroit that you would think the world was coming to an end.

Suppose you have a retail business and you check and find that all of your charge customers live in the suburbs and your store is downtown?

If you're smart, you move your store to a suburban shopping center where your customers are.

Before the Detroit Lions left for Pontiac they checked where their season ticket holders lived and found that they were better serving their fans by moving north.

A new arena or stadium does create a better economic climate around it, because of the service businesses flock to it. There is no doubt that Detroit would have profited from the Red Wings and Pistons staying downtown and playing in a new arena.

But we get so parochial in our views. If the new arena actually will draw more ticket-buyers to Pontiac, then business activity as a whole will improve in the metropolitan area and in Michigan.

And let's face it, an arena outside of downtown Detroit will draw more fans.

Take the Pistons, for example. They draw about 7,000 fans a night. Half black and half white. They say it takes 8,000 fans to break even.

THE ABILITY TO FIELD a top-notch team depends on how much money the team can take in so they can bid, attract and keep the best talent.

The top players in basketball are black so you would expect the the sport to have the largest number of black fans. But the Pistons are barely filling half the Cobo Hall Arena. So where are the supporters? They can't seem to attract more blacks, and the whites aren't coming.

Eccentricities

by HANK HOGAN

The suburban whites think twice about going downtown. Whether that's right or wrong, it's true. Detroit isn't as bad as its reputation, but people make decisions on what they imagine is real, not what is really real.

If the Pistons want to be a continual contender they will have to do what the Lions and the Red Wings have done. Go where the fans are.

The Red Wings had to make this decision to keep their organization alive.

Whenever anyone says this, they are criticized as anti-Detroit. But where are our cheerleaders for metropolitan Detroit?

If something isn't done to get more spectators to games or events like the circus (which only drew 250 fans one Saturday afternoon at the old Olympia), Detroit won't have any sports teams left and won't be able to attract high-grade entertainment.

BUT ANYTIME SOMEONE wants to move to a better location for business purposes, politicians get on soap boxes and accuse them of deserting downtown.

Until these politicians are prepared to subsidize the sports teams, they should let businessmen make business decisions.

Approving the renewal won't hike your taxes

On Saturday, April 23, voters in Plymouth-Canton Community School District will decide the fate of a \$29.75 million bond issue and a five-mill property tax renewal.

The bond issue would provide construction funds to accommodate the additional 5,500 students who will enter school doors in the next five

The millage renewal, however, is needed to pay for the needs of today's students. The renewal will not increase the present school tax rate. A renewal merely maintains operating income at the current level. Defeating it could result only in a deterioration in the education given today's students.

For that reason, the Observer endorses a YES vote on the five mill operating levy. Although some residents may want educational programs to level off, we believe few want education in this community to go backwards.

THERE ARE THREE reasons in the minds of many residents why they might vote against the millage renewal—rising taxes, increased salaries and benefits for teachers, and disatisfaction with experimental educational programs.

Let's face these issues head on.

First, rising taxes. Again, the five mills isn't a tax increase. If tax bills increase, it's because of higher property assessment. If you vote against the renewal to offset the assessment hike, your total tax dollars will decrease. But do you really want that to happen?

Let's look at the dollars. If you own a \$40,000 home, a "no" vote on the renewal will save only you \$100 a year. But a "no" vote by a majority of residents will cost the school district more than \$2 million in reduced revenues. The choice is whether a savings of \$100 a year is worth half-day class

sessions and classloads of 30-35 students per teacher.

A "no" vote on the renewal won't affect salaries and benefits received by individual teachers. All it will do is reduce the size of the teaching staff. Defeat of the renewal will mean layoffs of some 90 teachers, but the other 510 teachers will receive increased salaries and benefits. Defeat of the millage will result in fewer teachers, not reduced salaries or a freeze on pay.

There are parents dissatisfied with current programs who might be tempted to vote "no" as a protest. But programs cannot be improved with less money. Vomiting anger in someone's face may bring personal satisfaction, but it doesn't solve problems.

THE PROBLEMS of growth also must be addressed, which is the primary issue of the bond issue

But the five mill renewal isn't directly related to growth. The renewal is a committment to spend the same money on today's students as has been spent on students in the past. That is a committment we all should share.

There are uncertainties in the future. But two things are certain—an increase in student enrollment, and continued inflation in operating costs. A third certainty is that the schools cannot cope today with less money. To do so would result in drastic reductions which this community will not tolerate.

So let's do what we must April 23. Why fool around and vote "no" Saturday, scream when the cuts come, and approve the renewal a second time around? We all know a "yes" vote is the only practical choice which can be made. Vote once, vote "yes," and remember that every vote

Stein is minority leader

A letter to the editor written by Hank Rupert, founding father of Canton Township, stating "to the victor belongs the spoils," brings an interesting point of concern to a two-year resident such as myself.

With eloquence, we must examine Mr. Rupert's literary proclamation. Let it be known that Canton Township is not considered a "prize" from war. If so, I don't think Mr. Rupert can see the forest for the trees-especially from Mr. Stein's office.

Mr. Rupert has the gall to harass Mrs. Lynn LaBell because she has only lived in Canton for two years. You say, as a critic Mr. Rupert, that because she hasn't lived in Canton Township longer you can't see how she could become an expert on community affairs in such a short time.

Mr. Rupert, I don't care if she has only lived in Canton Township for one week. She has as much voice in this community as you, regardless of term of residence.

Yes. I'm sure everyone is well aware of the procedures used by newly-elected officials. When elected by only 34 per cent of the voters, I

would think that Mr. Stein could be guite concerned about "the victor and the spoils." That's why the other 66 per cent of the people, who didn't vote for the victor, are concerned.

I don't think the citizens of Canton Township wish the township to become one giant carwash. Mr. Rupert states: "Peter Bundarin could be a greater asset to the community if he tried to cooperate and work with the Canton administration." He has recommended growth control planning, but Mr. Stein's answer to the question is a "study commission." Mr. Bundarin was asked to serve on the socalled "study commission," but Mr. Stein's manner of regard is to undermine the effectiveness of the study commission when they have taken direction opposite from that in which wanted.

I believe the same way as the other 68 per cent of the people who did not vote for the "victor." Maybe, Mr. Rupert, you should take note: "You can fool half the people half the time, but you can't fool all the people all the time." Take note, Mr. Stein.

PETER GABBERT Canton Township

Why move retarded out for prisoners?

I have grave concern for the children residing at the Plymouth Center for Human Development if the proposed state prison is allowed to occupy the grounds at the old Wayne County Child Development Center, which is directly across the road.

We understand this will be a minimum security prison which already tells us there will be escapes by dangerous people.

Plymouth Center for Human Development should remain just that-a home where these retarded children may survive in a humane surrounding.

The fences were removed some years ago to make it more humane for the children. If the prison is located so close to their home it will be necessary to lock the children in for their own protection.

As a mother of a child residing there I must protest. These children are incapable of speaking out or defending themselves.

Are you overlooking the Day Camp for the retarded located just off Five Mile, east of the seminary? What kind of protection will the children have there and especially the overnight facilities for camping we parents of the Plymouth Association for Retarded Citizens and our friends provide?

Then, too, no longer will the community's children and Boy Scouts be safe to traverse the nature trails in the Cass Benton park.

I AM aware of past problems at Plymouth Center and elsewhere in the community nearby with escapees from De-HoCo. Perhaps you should look into these past problems.

Speaking for the

people of Northville. what kind of "Nazi mentality" is it to use this particular area as a dumping ground for all the so-called misfits of our society.

This area is over-saturated already with the state's problems.

There have been other bids for the use of this county property that would be more to my liking, such as the ISEP or use by Schoolcraft Col-

I trust the public will not be mislead by the suggestions that this is only a temporary move. That's not true, especially when the state is willing to pay \$10 million for the property.

That figure would only be the beginning. Those buildings are old and extensive renovations would be necessary plus trying to secure the criminals.

My husband and I moved to Canton four years ago. We picked this community to live in and raise our family because the taxes were reasonable, the school system was highly rated and the open land provided recreation areas for our children. At the time we made our purchase, Canton was advertised as a planned community.

We do not want to tear up the roads behind us or build barriers against new homeowners. However, we feel we have a right to protect our investment in this community.

Schools hire buyer

Plymouth-Canton Community Schools will soon have a new purchasing agent.

The board of education voted unanimously Monday to hire James R. Gilligan. He will begin work soon.

Gilligan, an Ann Arbor resident, is now a purchasing agent at the University of Michigan. He is a graduate of Eastern Michigan University.

Most students respect school

Editor

As students of Plymouth Salem High School who haven't dropped out but who profit from our school experience, we strongly protest the inaccuracy of Donna Young's letter.

We don't take dope. We don't drink booze. And also we have never seen open sex. Everyday we attend classes run by polite, caring, competent teachers. We have vet to meet a teacher who uses profanity toward a student or who requests that a student forge his or her name.

The majority of the student body cares for and respects the school. Our school has one of the best programs offered to students.

flationary costs would be borne equally by all teachers whether or not they are even receiving such coverage from the local taxpayers.

A little known or publicized fact is that 175 teachers in the Plymouth system do not cost Plymouth one red cent for Blue Cross coverage. These 175 staff members have chosen to go on their spouses' insurance benefits which offer more benefits than our Blue Cross coverage. So about 26 per cent of our teaching staff is "no charge" to the taxpayers.

Other systems offer teachers who don't cost them a penny for health benefits another compensatory option, such as increased dental care or life insurance. Plymouth doesn't, nor has it ever done so as far as I know in the 22 years I have taught here.

It sounds unfair to me to make such a big issue on a deal that already favors the administration so much. Count your blessings, board of education members and administrators.

Next day's Toronto Globe and Mail carried the following headline: "Pratz draws a wealth of bravos." This was from critic John Kraglund, whose withering critiques have made many artists cringe.

Kraglund wrote, "The enthusiastic and extended applause that greeted concertmaster Albert Pratz after his solo appearance in last night's Toronto Symphony concert at Massey Hall had about it an air of hometown boy makes good. In fact, it was considerably more than that. It was an interpretation that warranted a wealth of

Melanie Murphy was in Toronto for a historic music occasion. Her father, violinist Albert Pratz, was realizing a 40-year-old dream. For the first time in this century, Max Bruch's Concerto in D was to be performed.

A hunt which covered 35 years and three continents was to vindicated.

Pratz first saw the concerto when was student in London, England. He was visiting his friend William Primose's father's house when he saw the music. He was familiar with Bruch's first two concertos, and looked over the music of the third violin concerto, deciding he would like to play it. It took him 35 years to find an-

Whenever he was on tour-Canada, United States, South America, Europe-he searched music shops and book stores for the Bruch concerto. He was told many times that it did not exist.

It was not listed in any catalogue or encyclopedia. No one had heard of it except a few top violinists like Isaac Stern and Yehudi Menuhin.

It was during a 1974 European tour with the Toronto Symphony that Pratz asked a friend to look in Dopplinger's music store in Viennna. To his astonishment, his friend brought back the violin and piano score for the longsought D Minor Concerto. Delighted with the find, the concertmaster started studying it while still on tour.

Amazingly, the orchestration for the concerto was found about a year later in the Canadian Broadcasting Company music library. The score was complete. He had both the violin solo part and the orchestration.

Mrs. Murphy said she was very nervous before the concert. Massey Hall had been sold out-there was standing room only for the two performances.

"The music is beautiful," said Melanie. She added that she was in the first balcony and a cousin was in the second balcony with most of the stu-

"He just lifted his bow at the end of the performance when the audience rose to its feet and the bravos and applause began. Three curtain calls, and the orchestra applauded too, they didn't just tap their bows, they applauded.

"And, as they do in Europe, an usher went up and gave him a huge bouquet." When the family went backstage after the concert they saw the flowers were roses, carnations and

The cousin in the second balcony reported later that the students were as enthusiastic as the rest of the concertgoers. "They were on their feet shouting bravos the moment he completed the concerto.'

The concertmaster was just plain Grandfather Pratz when we met him last year at the Plymouth Co-operative Nursery on Warren Road. His grandson attended the nursery and grandfather played the violin for the youngsters at the school.

Albert Pratz has made the first recording of Max Brach's 3rd Violin Concerto with the Toronto Symphony Orchestra, Andrew Davis conducting. Mrs. Murphy does not know the release date or the label. His other recordings include "The Voice of the Stradivarius" (London SDD-2118 B with an orchestra conducted by Ricky Hyslop, and "Concert Miniatures (CBC SM-159) with pianist Elyakim Taussig.

Springtime special in Miller Woods

By ELINOR GRAHAM

A host of the season's first wildflowers will be identified in their natural habitat Sunday afternoon during the first of two nature walks through Miller Woods.

The hepaticas were at their peak earlier in the week. Clusters of the furry-stemmed blossoms popped through the carpet of dry brown leaves. They range in color from creamy whites, pastel pinks and lavenders, to deep blues and purples.

Hepaticas and other woodland flowers can be seen on the conducted tours of the woods from 2-4 p.m. April 16. Experienced naturalists will lead groups of 10 persons along the trails in the maple-beech climax forest on Powell Road near Ridge in Plymouth Township.

There will be spring beauties, blood roots, white and yellow trout lilies. May apples, and harbingers of spring. sometimes called "pepper and salt."

'We want to leave it to nature,' said Mrs. Edgar. "Not human nature.

If a tree falls, let it stay there.' Herb Conant, a member of the save Miller Woods group, hopes the Michigan Natural Areas Council will declare the woods a natural area. The forest has never been pastured or lumbered. The great old maples and beeches are judged to be about 100 years old. There are shag bark hickories, American elms, iron woods, spice bushes and wild cherry trees.

"There's paw paw in there too," said Mrs. Edgar. She added that she could not identify it at this time of year, before the leaves were out.

"THE SCHOOL DISTRICT doesn't realize what a gem we have," said Mrs. Herbert Conant. "It is one of the earliest woods around here.

Yellow trout lilies are among the first wildflowers to appear.

This is what the Miller Woods committee has to contend with—an unending mess of junk dropped off by unthinking residents of the community.

The Canton Jaycees and Jaycettes were busy people over the Easter holiday. April 2 they held an Easter party for their own children at the Canton Recreation Hall where Linda Nadeau officiated as the Easter bunny giving out a gift to each of the excited boys and girls.

April 9 the Jaycettes were seen at Canton Commons, Haggerty and Michigan, passing out Easter candy to the children who live there. This time Linda Salapatek was dressed in the bunny costume.

THE GIRLS from Cadette Girl Scouts 346 also made Easter more enjoyable for one family from the Miller School area. They gave an Easter party for the eight children of the famdy with decorations, colored eggs, candy and a well-planned lunch.

They also collected can goods from local residents and added a ham to the Easter basket for the family's Easter dinner.

Camp Fire Girls to hold annual Finger Fling event

Camp Fire Girls and their families from all parts of the tri-county area will gather April 16 at Southfield's Tel-Twelve Mall for the annual CFG Finger Fling display and awards cere-

Display hours are 10 a.m. to 9 p.m. with award ceremonies beginning at 12:30 p.m. in the fountain area of the

Some 1,000 Camp Fire Girls between the ages of 7 and 17 have participated in this year's project, knitting. sewing, crocheting, embroidering and macraming items to develop personal abilities and to benefit those in the community who receive these gifts.

The Finger Fling program is a serv ice project undertaken each year by the Detroit area council with the assistance of the Needlework Guild of America Birmingham chapter. Individuals, or girls in groups, perfect needlework skills by making quilts and afghans; knitted, crocheted or sewn layettes and apparel: education and fun

These items are then distributed to needy youngsters and adults in the Detroit metropolitan area. Recipients in former years have included Lula Belle Stewart Center for infants. Children's Hospital, Wayne County General Hospital pediatrics, Martha T Berry Memorial Hospital of Mt. Clemens, Wing Lake School for Retarded Children and the Rivergate Convalescent Center

THE 1,000 entries, judged before the mall display, are graded on practicality and suitability in design and fabric for each category, plus workmanship and needlework skills Award ceremonies begin at 12-30 p.m. for Blue Birds (ages7-8), followed by Camp Fire Adventurers (ages 9-11) at 2 p.m., and the Discovery and Horizon Club entries (junior-senior high school) at 3:30 p.m.

Carol Duvall, crafts expert from a Detroit television station will officiate at the 2 p.m. Adventurers awards presentation. Each girl participant in Finger Fling becomes a junior member of the Needlework Guild of America and receives a camp fire patch designed especially for this program

The clown troupe from Bishop Borgess High School in Redford Township will be on hand between noon and 5 p.m. to pass out balloons to Finger Fling visitors and to entertain with their pranks

THE CAMP FIRE GIRLS Finger Fling committee is under the volunteer leadership of chairwoman Fran O'Rourke of Livonia Natalie Hulbert of Birmingham has served as the liarson between the Needlework Guild and Camp Fire Girls. Members of the n Needlework Guild will serve as judges of this year's entries.

Camp Fire Girls Detroit Area Council is a Torch Drive agency serving some 5,000 girls and adults in the tricounty area National Camp Fire. founded in 1910, is the oldest non-sectarian interracial organization for women in this country. Tel-Twelve Mall is at Telegraph Road and Twelve Mile in Southfield Finger Fling display hours are 10 a.m. until 9 p.m. April 16 Parking is free There is no admission to the display.

She said the Michigan Botanical Club was out last week. "There are more than 25 varieties of wildflowers in Miller Woods. And there are paw paw trees; it's very unusual to find them this far north.

It was Herb Conant who introduced the woods to botanist Warren Wagoner of the University of Michigan.

· Since then the woods has become a classroom for the professor and students, who visit the climax forest several times a year.

"Evelyn Edgar has a slide presentation showing the four seasons of Miller Woods," Mrs. Conant said.

MRS. EDGAR lamented the changes in the woods over the last 25 "There used to be lots of birds-

even a foxes' den. There were deer in there. We still see chickadees, cardinals and flickers, but hunters have chased away most of the wildlife.

The stretch along Powell Road has become a township dump for everything from building materials to discarded furniture.

The school district put up two posts with a cable stretched between. It lasted one month. A group from First

Baptist Church of Plymouth cleaned it up last year. In two weeks it was littered again.

Ideally, we'd like to find a better place for them to dump." Mrs. Wright said "Last year we had a dumpster out there when we were picking up the trash. In one week it was filled and surrounded by junk dropped off by other persons

We did get a commitment from the schools to have one person work with us." Gerald Vollrath, supervisor of new construction, is their contact with the school administration

Three crosses dominate the entrance of the new home of St. Mary Antiochian (Syrian) Orthodox Church, located at 18001 Merriman. The Rev. George Shalhoub, pastor, (second from left) welcomes the Rev. Joseph Cimbora (left), pastor of Mt. Hope Congregational Church of Livonia, to a tour of the new building. With Fr. Shalhoub are George Khamis and Leo Snage. (Staff photo by Bob Woodring)

St. Mary parish readies new home

By MARGARET MILLER

A transplanted congregation, full of pride in both Syrian ethnic origins and new American surroundings, is preparing for a long-awaited move

into its new Livonia church home. St. Mary Antiochian Orthodox Church, under the leadership of the Rev. George Shalhoub, will on May 1 dedicate its new building at 18001 Merriman between Six and Seven Mile

That Sunday of Orthodoxy will be marked by the first divine liturgy in the new church and a visit by Archbishop Philip Saliba, primate of the Antiochian Orthodox Church of North America

Visiting also on that occasion will be Livonia church people and officials, including Mayor Edward McNamara, who has issued a proclamation congratulating Fr. Shalhoub and his congregation on their accomplishment

The St. Mary congregation, now numbering about 100 families, has done a lot of moving before settling in the \$400,000 building that contains a

sanctuary, kitchen and social area and three Sunday school rooms.

Established in the early 50s in east side Detroit, it found its worshipers dwindling as the Arab-speaking ethnic groups began migrating to the outer edges of the city.

THE DETROIT property was sold in 1969 and the congregation tried for a time to set down roots in Southfield. Not much growth occurred, though, until Fr. Shalhoub arrived to head the flock.

Members in this area met for a

time in St. Innocent Russian Orthodox Church in Redford Township and then, in the fall of 1973, began accepting the hospitality of Mt. Hope Congregational Church of Livonia while waiting to establish their own church

Eventually the property on Merriman, complete with a centennial home, was purchased. Ground-breaking was in 1975 and the congregation used for a time the old home where Fr. Shalhoub, his wife Nina and their two children are living

The Mt. Hope cooperation was an especially satisfying one for the St. Mary congregation, Fr. Shalhoub

"We will always treasure the excellent hospitality of the people of Mt. Hope who shared their building," he said, adding that they and their pastor, the Rev. Joseph Cimbora, "will always be welcome in our church."

The Congregational minister, coming for an inspection tour of the new St. Mary premises, rejoined that his people were "glad to have been of small service—it was no big thing to

FR. SHALHOUB'S leadership was praised by Leo Snage of Redford Township, former president of the congregation, and George Khamis of Livonia, current leader.

"We've come a long way," said Khamis. "The priest has done a fine

The clergyman, for his part, noted that he and his family, along with the rest of the congregation, were delighted to be in a community like Livonia and were enjoying especially the chance to live in a house more

than 100 years old. He said that the St. Mary congregation would be participating in Livonia's garage sale in May, the only group to offer ethnic foods for that

event "We try to save every part of this ... country," he said, "because it is the place where all people can have free- a

Born in Syria and educated at Balamend Seminary in Tripoli, Lebanon, a he now has completed a degree in sociology and counseling at Eastern Michigan University and has applied . H for United States citizenship.

During his time as pastor of St. Mary he has been pleased to see a merger of two branches of the Antiochian Orthodox church, one centered in New York and one in Toledo, so that the visit of his eminence. Metropolitan Philip, will be as a representative of the entire Archdiocese of North America.

Completion of the new building represents the first phase of a building campaign financed through pledges and loans

Later the St. Mary congregation plans an addition with more church school rooms and a hall

Program portrays Schumanns

Barry MacGregor, Stratford actor, and Kathryn Root, concert pianist, will portray Robert and Clara Schumann in a program Sunday in Bushnell Congregational Church on Southfield

south of Grand River, poser and his artist wife

Their Evening with in period costumes in a drawing room setting and will include piano works of the famed com-

along with readings from their letters and di-Roberta and Clara Schu- aries and writings from mann will be presented critics and others among their contempories

IMPSES

NEW RELEASES

AIRPORT '77 (PG). A disaster film that combines air and sea operations by crashing a 747 into the ocean and then trying to raise the plane or lower the ocean-something

BLACK SUNDAY (R). Slick thriller of inflated terrorism from a blimp at the Super Bowl. Robert Shaw and Marthe Keller are the capable adversaries. Fine acting by Bruce Dern as berserk pilot.

DEMON SEED (R). Violent computer violates Julie Christie. A self-starter with its own programming plans, computer runs amok in real time.

THE DOMINO PRINCIPLE (R). Geee Hackman is the trigger man in a nameless organization's attempt at political assassination. Muddled but predictable plot.

THE EAGLE HAS LANDED (PG). World War II suspenseadventure story about a group of German paratroopers who attempt to kidnap Winston Churchill. Michael Caine. Donald Sutherland and Robert Duvall star.

FELLINI'S CASANOVA (R). A lavish and lengthy production that abounds with grotesqueries, one of which is Donald Sutherland's strange make-up, as Fellini interprets Casanova's memoirs

FUN WITH DICK AND JANE (PG). Jane Fonda and George Segal in a snappy social satire about an unemployed engineer and his wife who turn to crime when he can't find a job and they flunk welfare.

MOHAMMAD, MESSENGER OF GOD (PG). A flawed epic about the rise of Islam under the leadership of Mohammad Desert spectacle with more emphasis on social reforms than religious faith. NETWORK (R). Fierce satire attacking the television in-

dustry and mass media generally. Top performances by Peter Finch, Faye Dunaway and William Holden in fastpaced, grimly humorous film.

ROCKY (PG). Human warmth and exciting drama combine in this stirring film about a no-name boxer who gets a chance at a title bout. Acting accolades to entire cast and especially Stallone as Rocky.

SLAP SHOT (R). A comic and cutting look at the violence of professional hockey and the loneliness and shallow lives of the players and their wives. Paul Newman as the amoral player-coach smiles beguilingly as he utters every obscenity in the book

THE SLIPPER AND THE ROSE (G). A lavish musical production of the Cinderella story with Richard Chamberlain as the Prince. An impressive British cast includes Dame Edith Evans, Margaret Lockwood and Kenneth More.

A STAR IS BORN (R). Long-awaited and unnecessary remake with Barbra Streisand and Kris Kristofferson as rock stars (rather than movie stars) whose careers head in different directions. Ego trip for Streisand

RAGGEDY ANN AND ANDY (G). Animated musical story of the misadventures of some daring dolls. A little saccharine but entertaining for preschoolers and early grades.

BACK AGAIN

KING KONG (PG). The big ape is back again with his same old destructive but sensitive personality. Jessica Lange plays the love in his life. Lots of tongue-in-cheek dialogue.

WSU chamber concert features area soloists in Haydn's 'Mass'

By DAN WILLIAMS

Music programs in the metropolitan area obviously are paying off as several students from Wayne County schools are being featured in a concert at Wayne State University.

Chris Mac, Cecelia Mac, Laurie Meeker and Jim Wilking will be the four soloists performing in a production of Haydn's mass "The Theresa" in B-flat major with the Wayne State University Choir April 20.

The Wednesday concert is scheduled for 8:30 p.m. in WSU's Community Arts Auditorium and is without admission charge.

CHRIS MAC, a 1973 Livonia Franklin High School graduate, is presently a junior majoring in vocal music education at Wayne State. He is a member of the Chamber Choir and has performed a number of solos with the group. His latest performance was in December when the group performed in St. Paul Cathedral in Detroit. Mac is presently studying voice under Maxine Antiochia.

CECELIA MAC, sister of Chris Mac, also is a Franklin graduate from the class of 1976. Ms. Mac is a freshman at WSU and is majoring in vocal music education.

(DAFT) will hold a film and photogra-

phy festival Saturday at Wayne Memo-

rial High School. The festival is mu-

Ms. Meeker, a WSU senior majoring in wocal music education, is an experienced soloist, and also performed in "Lamb" last fall. She is a member of the Chamber Choir and Chamber Singers and also studies voice with Margit Kormundy.

TENOR JIM WILKING rounds out the quartet. Wilking is a 1973 graduate of St. Mary High School in Royal Oak. He is a speech major at Wayne State and is a junior there.

Wilking also contributed to the "Lamb" concert and has performed various solos for the Chamber Choir, Chamber Singers and the WSU Men's Glee Club. He is a member of the North Congregational Church choir.

Another feature to the concert will be the Chamber Choir performing works by Buxtehude, John Blow and Palestrina.

Harry Langsford, Ph.D., will conduct the performance.

But track league is tough

Rocks hope to improve

Plymouth Salem's Gary Balconi enters his third year as head boys' track coach for the Rocks. And while his squads have improved on personal times and distances over the years, it is still going to be difficult to muster any kind of threat for the Suburban Eight League championship.

The Rocks won two dual meets last year against Redford Union and Bentley. But Salem finished a lowly seventh in the league meet with 291/2

An improved high hurdler, Doug Agnew, heads this list. Three pole vaulters, Mark Choma, Scott Kappler and Dave Bevernitz, will provide strong depth in this event.

Mike Cristie (high jump), Scott Kleam (distance) and Bob Dasher (shot put and discus) head the other junior performers. Greg Davis, Mike Skone, Tom Covington and Chris Ritchey are other strong returners.

Heading the list of sophomores is Dearborn transfer Rich Hanchau who is a strong long and high jumper. Greg Stevens, a Redford transfer, figures with the sprinters.

Canton girls look for winning year in league

By MICHAEL BLEDSOE

Plymouth Canton's girls track team looks strong and mature under the third year of leadership by coach Barb Winn

"All last year our victories at meets came down to the last relay," said Winn. "With a stronger team this year, we may not have to rely on that

This year's talent will include Veronica Gray, who will compete in the 220-yard run, the high jump, and the relays. Returner Meagan Ford, a constant threat, will sprint and run relays, as well as throw discus. Accompanying them will be senior Lynn Bigalow, who will run hurdles and the 440 and mile relays.

"Both Meagan and Lynn are helping all the younger girls," coach Winn says. "Both cannot do enough for the

dash and the 200-yard dash. 'We have found that if we go from class to class recruiting girls that we bring out the most talent," says Winn. "We have 45 girls coming out this year. Chiefs begin season with doubleheader win

By DENNIS O'CONNOR

There was no better way for Plymouth Canton to open its baseball

The Chiefs whipped Dave Schuele's Highland Park Parkers 19-2 at Central Middle School.

Schuele, head football coach for the Chiefs, was wearing a different uniform in this doubleheader as he coached against some of the same players he instructed last fall.

Canton's first game victory over the inexperienced Parkers was a laugher that lasted only five innings before the mercy rule ended the game.

But in the second game, the Chiefs almost wasted an excellent

pitching performance by Mark Perkins, as they struggled to the four-run victory in extra innings.

Thinclads want Ist dual victory

Plymouth Canton's boys' track as the Chiefs' co-captains this season team has had a hard time getting off the ground since the school opened competition four years ago. The Cheifs have yet to win a dual meet.

But under first-year head coach Mike Spitz, and his assistant Dick Goepp, there is new hope and enthusiam for a promising year.

Spitz coached the Canton cross country team last fall and a number of runners from that team have joined the track program. He is not employed as a teacher in the Plymouth-Canton school system, but he always tries to build a healthy relationship with the team members

"I'd like to think we were close on the cross country team," Spitz said. "And we're even closer now. It helps the program to see your kids.

In Western Six League competition, Livonia Churchill once again looks like a strong favorite for a league title. As for Canton, Spitz just hopes for improvement on last year's lastplace finish

"Canton scored only 15 points in the league meet last year and that's not saying a hell of a lot," Spitz said. "We could move out of the bottom if we keep working hard.

Spelich was a member of Canton's basketball team and Spitz says he inspires a lot of team spirit into the squad.

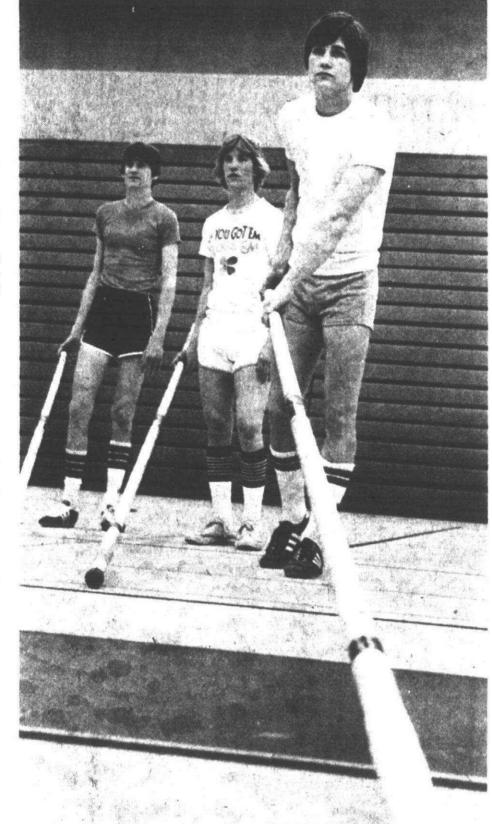

"I like the way he works," Spitz said. "He is team-oriented even though this is an individual sport.

Sophomore thinclads include Dave Tanner, Peter Bundarin, Scott Kiefer, Jerry Van Berkley, Dave Talaga, Rich Fleischer, Dave Parrot, Dave Kronan and Brian Pijanowski.

Bundarin is an outstanding shot put and discus competitor. Tanner works at the pole vault, and Kronan is a surprising sprinter.

'We have a crew-and-a-half of freshmen," Spitz said. "The future looks bright for Canton.

What Thatch Is...

Thatch is a dense mat formed in your lawn by undecomposed grass stems, leaves and roots. It prevents air, water and fertilizers from entering the soil, and acts as a harbor for disease and insect organisms.

Why De-Thatch?

So that all the nutrients your grass needs can get down into the soil to do their work . . make your grass lush, healthy, beautiful!

Here's What To Do...

Use a BlueBird lawn comber to remove the thatch. Then fertilize the lawn and watch your grass take on the radiant look of health!

It looks like another four more losing track seasons for the boys' and girls' teams at Plymouth Salem and Plymouth Canton High Schools.

While this sport has tried very hard over the years to gain credibility in the respective conferences, it has become apparent that these teams will not be able to compete with the top squads again this year.

Plymouth Canton's girls probably have the best chance to win some dual meets this year thanks to the strength of Veronica Gray. The Canton senior was the only thinclad in the Plymouth-Canton area who qualified for state meet competition last year.

But even Canton's strength can't compare to perennial favorite Walled Lake Western

Canton's boys are young and trying to win their first dual meet in the schools four-year history under rookie coach Mike Spitz.

Salem's girls have had troubles getting lettermen to return to this year's squad. So first-year coach Scott Kurtz

So how do you measure the success of the Salem and Canton track teams this season? Especially since the four squads will probably lose close to 70 or 80 per cent of their dual meets.

The way I'm going to measure the success of these squads is in the individual performances of all the thinclads. If the thinclads improve on their times or distances, then these athletes can be considered successful.

And through hard work and dedication on the part of the coaches and athletes, improvements are very pos-

Who knows? It might be fair to call this spring's track seasons successful ventures — even if all the dual meets are lost to the opponents.

"I am counting on Cathy to do well," says Kirtz.

Other prospects include freshman hurdler Anne Mexner, who will also try her hand at sprints, junior quarter miler Cindy Croci, freshman high jumper Diane Perpich, and a tough miler by the name of Sarah Marks.

"But our biggest weakness," Kirtz admits, "is our lack of experience. But you see on a whole the team works hard, and if they perform well. winning will take care of itself.

Other good future bets include two miler Jennifer DeVenny who ran exhibition last year. Long jumping sophomore Lisa Morris, and freshman sprinter Tricia Mullens, and Sharon Radionoff who hopes to place in field promise, this is still a rebuilding year" explains Kurtz. WHITE PLAINS, N.Y.-Millions of men all over the country are now using a remarkable product to control just how much gray they slowly get rid of. It is called Grecian* Formula 16* and these sults are simply amazing. Grecian Formula 16 is d practically clear liquid, as easy to use as hair tonic. This remarkable formula works for any color hair because it combines with the natural chemistry of the hair to recreate natural-looking color. There is no mess and no rub-off. You simply use it every day for two or three. weeks until you slowly get rid of just as

much gray as you want. Some of it, most of it or all of it. You can stop where you like. You are in complete control of how much gray goes or stays. Once you get rid of as much gray as you want, simply use Grecian Formula once a week or so to keep it that way. Since Grecian Formula 16 works gradually over a period of time, even close friends won't notice the change happening. The resulting color is so completely natural that the hair definitely does not have a dyed look. Grecian Formula 16, famous clear liquid and cream, are now both available at

DRC off to good start

Wolverine Harness Raceway got its meet off to a flying start Monday evening, as evidenced by a new all-time opening betting mark of \$803,363.

A crowd of 7,105 on the balmy night set the new wagering mark, which eclipsed the old record of \$734,923 set during opening night last year.

The per capita (average) figured to \$113 per person, giving strong indication that entertainment dollars are still in abundance in the western suburbs.

BELLEVILLE LAKE has a lot of fish, it says

The friendly DNR reports the western Wayne County lake just south of us has come back excellently since it was chemically treated in 1973 to kill off the carp.

Electroshocking and netting surveys, along with an extensive creel census, indicate many walleve, bluegill, largemouth bass, white bass, crappie, perch and channel catfish.

White bass are showing up in good numbers below the Ford Dam.

Now it is even easier to advertise in the Observer & Eccentric Classified Section, Just dial our classified department, tell us what you would like to advertise and charge it, to your Bank Americard or Master Charge account.

Whenever you call, be sure to have your Bank Americard or Master Charge ready and give us the account number and expiration date directly from the card. Then the total cost of your ad will be billed directly to your monthly statement, simplifying your record keeping while earning money for you and your family.

You can benefit twice from this bonus by placing a Double Action Family Want Ad. Double Action ads run two consecutive issues for one low price of \$6.00, with no changes or cancellations in the second ad. These 15 word ads save you \$2.00 off the regular cost of placing an ad in two issues and are so easy to place now that you can charge them.
