### The Canton Connection

**ST. MARTIN**, Las Vegas or Toronto will be the destination of the lucky winners of a Canton Chamber of Commerce contest. Open to 2,000 entrants only, the contest kicks off Nov. 2 and winds up at a Christmas Open House Dec. 23 at the Rusty Nail Lounge with the winners' selection. Proceeds will benefit the chamber's community fund. Call 453-4040 for more information.

**THE MICHIGAN** Township Association may enter Canton's battle with Wayne County over chloriding roads. A letter sent recently by Canton Clerk John Flodin to the MTA requests help in defense of an appeal by Wayne County Road Commission. A recent court decision mandated that the county provide and pay for dust control.

**24-HOUR** occupational health care services are being offered to Canton-Plymouth employers by the Oakwood Hospital. Canton Center, 7300 Canton Center Road near Warren.

The emergency department is equipped and prepared to handle most medical emergencies which may occur in the area's business and industrial sectors. The pharmacy, laboratory and radiology departments also are available for diagnostic and followup care.

**BOB CARD**, owner and operator of two McDonald's restaurants in Canton, was awarded by the Canton Township Board Tuesday for "landscaping excellence," and restaurants "tastefully designed to improve the aesthetic value of the township." Card "is one of the few people who puts something back into the community. A lot of people don't," said Supervisor James Poole.

**CANTON'S RECREATION** department is planning a field trip for kids to Chuck E. Cheese Pizza Time Theatre in Ann Arbor from 5-8:45 p.m. Friday, Oct. 21. Bus transportation and supervision will be provided. Children aged 5-14 are eligible. The charge is \$4 per person. For more information, call 397-1000.

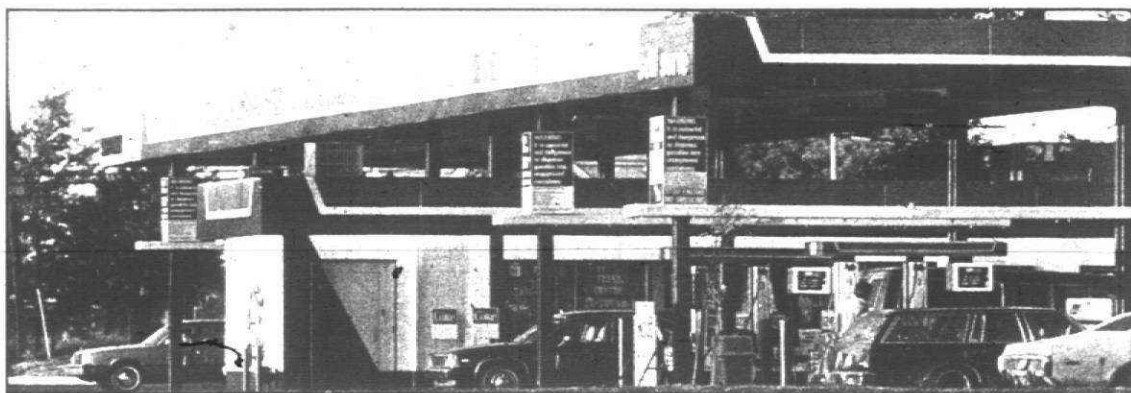

**THE PROPOSED** police facility for Canton inched closer to reality Tuesday, despite the recent denial of a federal grant that would have offset the \$2 million construction tab.

The board gave its unanimous nod of approval Tuesday to a Southfield architectural firm to prepare detailed drawings of the two-story facility for bid. The structure is designed as freestanding addition to town hall.

**CANTON'S HAUNTED** House will begin luring Halloweeners Thursday, Oct. 13. The Canton Jaycees' haunting hours are slated for 7-10:30 p.m. weekdays, and 7 p.m.-midnight on weekends. The ranch-type spook-house lurks on the south side of Ford Road, about 100 yards east of I-275.

**ANGER** and how to deal with it will be discussed at 7:30 p.m. Monday, Oct. 17, at a Phoenix Divorce Support Group meeting at St. Paul's Presbyterian Church, 27475 Five Mile, Livonia. Canton's Joanne McCoy of the Personal Development Center in Plymouth will speak. She'll be the guest speaker at Phoenix meeting 7:30 p.m. Thursday, Oct. 20, at the Geneva Presbyterian Church, 5835 Sheldon in Canton. For more information, call 561-4110.

**WORK-STUDY** in Japan is being offered by Lansing Community College. An information session is slated for 2 p.m., Sunday, Oct. 16 in LCC's Dart Auditorium. For more information, call (517) 483-1527.

Did this Speedway station at Ford and Lilley endanger local businesses? Canton Fire Chief Mel Paulun says yes. Marathon says no.

## Spilt milk, gas Odors raise inter-state stink

By Tom Henderson  
staff writer

Canton Township Supervisor James Poole is crying over spilt milk and an overflow of gasoline at a Speedway gas station. Poole and Canton fire chief Mel Paulun claim that the spill was an explosive threat to a strip of businesses adjacent to the gas station, including a video arcade and a Secretary of State's office.

But a spokesman for Marathon Oil, which indirectly operates the station, claims that the spill involved just three to five gallons and was never a health threat.

The spill occurred in July as part of an overflow from a tanker truck filling the underground tanks at the station. According to Bill Ryder, a spokesman at Marathon headquarters in Findlay, Ohio, the spill was quickly contained and cleaned up by the driver.

"According to Marathon and Speedway policy," said Ryder, "any spills off property must be reported. But in this instance, the amount we're talking about was so small, and it was cleaned by the driver, that there was no need to report it."

THE SPILL was not discovered un-

til Sept. 15, when the fire department arrived at the station after a call from a nearby merchant. Workers at the station had recently dumped 200 gallons of spoiled milk into a storm drain, and, according to Poole, the milk forced the gasoline deposits to rise to the surface.

According to Paulun, his workers tested the storm sewers at the station with gas meters. "They tested at a 10, which is about as high as you can go. There was a possibility of a very dangerous situation. It could have blown off the sewer covers and damaged nearby buildings."

"The whole damn thing is preposterous," said Poole, who recently wrote a sharply worded letter of protest to Marathon officials and spoke to the township supervisors about the incident at their meeting Tuesday night. Poole claims that when the fire department showed up at the Speedway station to investigate complaints, the two attendants at the station refused to assist them in removing the covers of the storage tanks, and didn't know how to close down the pumps.

"There was no excuse for their behavior," said Poole in an interview before the meeting Tuesday night. "I'm

not going to stand for it. If it happens again, we'll close them down."

"It's just a series of stupid events. You don't need a sign saying to call the fire department if there's a gasoline spill. It's not something I'm going to stand for."

In his letter to Marathon, Poole chastised the company for improperly training its employees and for their dumping of milk into the storm drain. He has not received a reply.

Ryder responded that the milk was poured out only after a compressor broke on a cooler at the station and a subsequent check by a state department of agriculture official revealed 200 gallons of spoiled milk. "We were only doing what we were told to do," said Ryder.

When asked to explain how four or five gallons of gasoline would cause a sewer to test as explosive two months later, Ryder said: "We've got no explanations. I was told the meters showed no danger."

Fire Chief Paulun acknowledged that an agriculture official approved of the dumping of the milk, but he said the milk was dumped in the wrong place.

## Labor battle back in court

Striking employees in the Plymouth-Canton school district have decided to fight fire with fire.

In the wake of legal action against them, the Michigan Education Association (MEA) and the Michigan Employment Relations Commission (MERC) will attempt to dissolve a court order prohibiting fact-finding in the week-old labor dispute.

Teachers, teacher aides, secretaries, custodians, cafeteria and transportation workers walked off the job Sept. 30 after contract and wage reopening talks reached an impasse. Idled are nearly 18,000 students, comprising Wayne

County's fourth largest district.

District chief negotiator Tom Schwarze, a Detroit attorney, was granted a temporary restraining order Tuesday by Ingham County Circuit Court Judge Robert Bell barring fact-finding. A show cause hearing was scheduled for Oct. 26. The Ingham Court handles the bulk of state-related cases.

Bargaining sessions Wednesday and Thursday included full teams of negotiators for the district employee groups, however, no progress was made.

"We are going to intervene in the lawsuit in Ingham County... so that fact-finding can proceed," said Harvey Wax, a Southfield attorney representing the MEA.

"WE'RE NOT going to wait till the 26th."

Wax and MERC attorney Jon De Horn "hopefully will be in court before Judge Bell Tuesday. The court has said we can come in on 24 hours notice."

Schwarze took several other legal actions Tuesday, among them:

- Initiating a lawsuit against MERC and the state Department of Labor for irregularities including the appointment of a fact-finder "in violation of the Open Meetings Act."

- filing of unfair labor practices with MERC charging the unions with "bad faith bargaining and illegal strikes."

- requesting that MERC seek an injunction prohibiting the strikes, and

- threatening of teachers and teacher aides with a suit seeking financial damages should they refuse to return to work. Unlike their fellow employees, the two groups have contracts and are negotiating wage reopeners with the

## Tempers heat up

Apparently some tempers heated up last week as the school employees' strike against the Plymouth-Canton School District lingered on.

Plymouth police reported issuing tickets for tampering with a motor vehicle to two teachers on Monday, while school administrators cleaned up nails strewn across the Board of Education parking lot on Thursday.

The two Plymouth Salem High School teachers receiving the tickets were Kristin M. Darby, 40, of Plymouth and Janet A. Williams, 35, of Brighton.

According to Officer Thomas Bowling, a Central Middle School physical education teacher reported having the air let out of two tires about 7 a.m. Monday.

The teacher parked his car in the Plymouth Cultural Center parking lot and observed two women milling around it from a school window.

**ALTHOUGH NAILS WERE** thrown across the board office parking lot on Harvey Street Thursday, no tires were damaged, according to Richard Egli, a school spokesman.

"I don't know if it was done at other locations," Egli said.

"I think that was probably an irresponsible few. Something like this is not the intention of the majority of the teachers or the union leadership," he said.

"It was probably just a few that got carried away."

## League to host forum

A public forum has been scheduled for Thursday night on the strike of employees of Plymouth-Canton Community Schools.

The forum is being sponsored by the League of Women Voters of Plymouth, Northville, Canton, and Novi.

The event will begin at 7:30 p.m. in the Little Theatre of Plymouth Canton High School on Canton Center Road just south of Joy.

Participating in the forum will be representatives of the Plymouth-Canton Board of Education and of the six unions involved.

## Board balks at Sterling budget

What was to have been the uncereceremonious adoption of Canton Township's 1984 \$7 million budget at Tuesday's sparsely attended public hearing instead ended with a tabling motion.

The treasurer's budget was the fly in the ointment.

Treasurer Maria Sterlini — whose projected 1983 budget totals \$145,800 — is requesting \$202,850 to run her department with full-time help next year. With part-time help, Sterlini estimates operational costs at \$173,000 for 1984.

Trustees balked at Sterlini's figures, despite the treasurer's claim "that the efficiency and tax base of the whole township" require the funding.

"You have a responsibility to staff and budget this department properly," Sterlini said.

The staffing of Sterlini's office has been hotly contested by the board. Repeatedly, the treasurer has tried to bolster her department's staff, which she says is overworked.

Trustee Robert Padgett said Sterlini's projected 35 percent increase (required

## Padgett plan a near miss

By M.B. Dillon Ward  
staff writer

A proposal that backers said would bring "professional management" to Canton Township government was narrowly defeated Tuesday night.

By a 4-3 margin, the township board defeated Trustee Robert Padgett's motion to hire a township manager or superintendent — which would have relegated the supervisor to part-time duties. The defeat came after an hour's debate before a small audience.

Capping a three-year effort to "create a more publicly responsive, efficient and cost-effective administration," Padgett proposed:

- The appointment by committee of "a manager/superintendent form of daily governmental administration by October 1983 consistent with the 1984 election process."

- The committee would devise a list of supervisor's and manager's responsibilities and outline a procedure for hiring a manager.

Padgett's plan did not address changes in the clerk's or treasurer's office.

Those voting against the motion were Supervisor James Poole, Clerk John Flodin, Trustee Carol Bodenmiller, and Treasurer Maria Sterlini.

Poole proposed putting the issue to the people in the next election, and even distributed a corresponding sample ballot question.

Padgett opposed the suggestion, saying, "That is not a practical standpoint that we can't implement this until 1988."

"If it's a good idea, it's too long to wait."

STERLINI was lukewarm on Padgett's proposal, favoring appointment of a manager by an outside consulting firm rather than by committee.

"I feel strongly that you have to remove the politics out of government and bring professionalism in. If you

have direction and professionalism, policies are followed professionally, not politically.

"Some feel strongly the community has grown to the size where a professional manager is needed. I think the people have a right to vote on their form of government. It's not a change — the charter provides for this — but it's been recommended by many people," she said.

Bodenmiller staunchly opposed the restructuring. Reducing an elected supervisor's job to part time "makes him nothing more than a ribbon cutter, and removes his accountability and responsibility to the people."

Trustees Steve Larson and Loren Bennett sided with Padgett.

Canton has grown to the extent that "technical ability is needed in township administration, yet we rely on a popularity contest to lend us that administrative ability," he said.

"It's not getting any easier to do this job."

"I disagree," said Bodenmiller.

"Each superintendent and the members of this board have had their backgrounds extensively looked at (by the voters)."

"Maybe, but that's really taking a potluck," replied Larson.

AS PADGETT sees it, the function of the elected supervisor would be to "establish policy, set goals, and give direction to the community as a whole. That would not be relinquished or passed on."

"A professional manager simply would administrate the affairs of the township on a day-to-day basis in a proficient, cost-effective manner."

Countered Bodenmiller, "Those are very hard to separate. I don't see how you think they can be separated."

Poole said, "There's some reason why 1,231 Michigan townships have an elected supervisor, while only 14 have gone to a manager form of government."

"Size is the reason," said Padgett. Canton ranks among the state's largest townships.

Flodin "after giving the matter considerable thought," deferred to family policy.

"If it ain't broke, don't fix it, my father used to say," said the veteran official.

## Observer moved

The local offices of the Observer Newspapers for Plymouth and Canton has moved into a new location.

The office, which had been located at 461 S. Main in Plymouth, has moved around the corner of the Mayflower Meeting House to 489 S. Main.

The new location, adjacent to Plymouth Travel, previously consisted of two spaces occupied by Delta Diamond and John Vos, III, a local attorney.

Delta Diamond is now occupying space along Ann Arbor Trail in the Mayflower Hotel, and Vos has moved to new offices on S. Main near Farmer Jacks supermarket.

The Observer office houses the news gathering teams for the Plymouth Observer and for the Canton Observer, and is used for other functions of the newspaper, such as circulation and advertising. The office had been located at 461 S. Main for the past nine years.

Earlier in its history, the Plymouth Observer (successor to the Plymouth Mail) was located in the building which now houses Growth Works Inc. on Main just north of Penniman Avenue adjacent to the Henry Ford Hospital clinic now under construction.

The new location is easily accessible from the short-term parking lot immediately to the south of the Mayflower Meeting House.

Canton editor Mary Beth Dillon-Ward and Plymouth editor Emory Daniels encourage organizations who regularly mail information to the Observer to update their mailing lists to reflect the 489 S. Main address.

The office is better suited for the needs of our news staffs and also will be quite convenient for our readers and customers," Daniels commented.

## Reader disputes board pay claim

To the editor:

As a concerned taxpayer citizen of Plymouth, I am confused about the salary issues regarding the continuing work stoppage in the Plymouth-Canton school district. The confusion results from the school board statement published in the Oct. 3 Observer which stated that the school board offered the teachers wage increases of 3 percent in 1983-84 and 5 percent in 1984-85, which translates into 8.2 percent over two years.

On the surface the issue was stated simply, but quickly became confusing when it was further stated that the board wage offer would benefit the most junior teachers by 8.2 percent while the most senior would get up to 25.2 percent. Is this a mathematical phenomenon when increases of 3 percent and 5 percent in two consecutive years can be interpreted as anything other than 8.2 percent for the two years or was this done to cause confusion and to mislead the taxpayers residents into believing that the board was over-benevolent?

The large disparity in numbers appears to be the result of salary agreements that are included in the previous contract. If so, these percentages of increase are "old money" not "new money" and should be identified accordingly. After some analysis of the complete board statement, I concluded that the intent was to create confusion in the community, was deceptive and intended to distort the facts, inflame emotions and cause the people of the community to take sides.

I feel the issues should be dealt with honestly and that our elected board members owe the community answers to the following questions:

1. Is the board offering to the teachers 3 percent and 5 percent or, if not, what is it?
2. Were some teachers actually offered increases of 8.2 percent and while others were offered up to 25.2 percent as the statement implies or is the difference "old money" that is already in the salary scale and not part of the issue?
3. Why are all groups (teachers, maintenance, cafeteria, transportation,

secretaries, aides) on strike? Are they all wrong? Is the school board wrong? Or were the taxpayers wrong when we voted for the present school board?

I offer no opinion other than to take exception to the "facts" offered in the Observer article, and I feel strongly that the citizens are being misled and possibly conned into taking sides in an issue where only half of the facts, at best, have been provided.

Let's get the issues clearly on the table and settled, and if it takes fact-finding, let's get it done.

## Parents aren't backing strike

To the editor:

As a parent of three children in the school district, I am very concerned about the strike and the impact it is having on all — parents and students alike.

Until now, I felt we had the best teachers in the area. That has all changed. The teachers are NOT the dedicated professionals we thought they were. They do not care for the children as they claim. At our school, parents who brought their children to school on Friday were barred from the school grounds by picketers, with verbal harassment coming from the child's own teachers.

In light of the fact that they are striking illegally, I feel that the teachers should be released from service to our children. In this day of strong unions, teachers are forgetting that they service the community — like nurses, doctors, police, and firemen.

Also, when they themselves were going to college for their degrees, they knew that this was not a high-paying position. If they want to make more money, then they should leave teaching. There are plenty of qualified people to take their place.

## Parents aren't backing strike

To the editor:

When Arthur Macy Cox spoke at the Newman House on Sept. 21, he pointed out that the MX, on a scale of one to ten, will have an accuracy of "ten" while the most accurate Soviet missile right now has an accuracy of "two."

The Soviets are, therefore, not likely to see it as a logical "trade off" for their missiles, but as an escalation of the arms race. Such a perception on their part is dangerous for us — we know the level of paranoia on which they operate.

A year ago U.S. Rep. Carl Pursell was voting against the MX system and saying that he would continue to oppose such weapons systems. Many of his constituents are anxious to have him return to that position.

There are numerous Republican congressmen who oppose the current administration's plans for the MX, and properly so, for the desire to reduce the tensions created by a continuing arms race is not a partisan issue.

Concerned citizens from throughout the 2nd Congressional District will be at Rep. Pursell's Plymouth office at 10 a.m. on Friday, Oct. 14, to present the thousands of petition signatures gathered in just a few weeks by the "2nd Congressional District Emergency Campaign to Stop the MX."

We sincerely hope that he will reconsider and return to his earlier position before the final vote on appropriating funds takes place.

## Fact finding: what is it?

To the editor:

An open letter to the citizens of the Plymouth-Canton community.

Fact finding. What a horrifying word. What is it? Very simply, it is a process whereby an impartial, unbiased, educated third party is given the opportunity to examine both sides of a dispute and render an opinion. Both sides present their views and substantiate their positions. The decision is not binding on either party. That's it.

Why, then, does it strike such terror in the hearts of Plymouth-Canton Community Schools Board members? Teachers and support staff hold no fear of examination of the facts. Why, oh why, is the board so fearful that they will go to any length, including sustaining a strike, to avoid fact finding? Perhaps the board does not wish to subject their finances to such scrutiny.

The members of the Board of Education were elected by the voters in this district to carry out business on their behalf. Did anyone elect Tom Schwarze, the board's all-powerful attorney? No. He was not elected, but he certainly has been running the show. In fact, no one seems ready or able to challenge him. The board has turned over the reins of the welfare of this district to a single power — attorney Schwarze.

Who stands in win in this conflict? Students — certainly not. They would benefit by a quick settlement. Employees — certainly not. We only want to do our jobs effectively and be compensated equitably.

Citizens — certainly not. Unrest and

disruption in the community benefits none.

John Hoben — certainly not. Dr. Hoben needs to be given the ability to manage the district without having his hands tied by a dictatorial, close-minded board.

Board of Education — certainly not. A strike in the district is a smudge on the fine reputation many have sought to maintain in Plymouth-Canton.

Attorney Schwarze — Well, as long as he has an unsettled contract in this district he will continue to draw large fees from the district. Sounds sort of like a self-perpetuating job security program. When will we see an accounting of the district's legal fees?

Fellow citizens, we need to apply pressure to the board now. Help get both sides to the table now. Without your help, this strike could go on much too long. Act now. Contact your representative on the board listed below: David Artley, 459-1352; Elaine Kirchgatter, 453-9054; E.J. McGendown, 420-0476; Glenn Schroeder, 459-4755; Roland Thomas, 453-3016; Flossie Tonda, 453-2534; Thomas Yack, 455-5827.

Members of the negotiating teams stand waiting to negotiate. Help us make the wait a short one. Thank you.

Rita Ringer, Canton

(The writer of the letter is a member of one of the unions on strike.)

## Employees hold citizens hostage

To the editor:

We the citizens of the Plymouth-Canton community have elected the board

of education to provide proper administration and quality for our school programs. Acting on our behalf, the board has offered an economic package to school employees that equals or surpasses most offered in industry today.

The school employees, including the "professional" teachers, have chosen to reject our offer. Instead of using legal means to reach an agreement, they have chosen to break Michigan law and a legal teachers' contract by striking.

In so doing, the school employees are attempting to hold the public hostage through their children in order to obtain an increase in the economic offer.

If the teachers and school employees are successful in obtaining an increased economic package beyond that offered by the board, the public will be faced with an immediate significant mileage increase or a drastic reduction in the quality of our school programs to finance that increase.

As concerned parents and citizens of the Plymouth-Canton community, we think the message should be quite clear.

First: The economic package offered by the board is fair and is strongly supported by the public.

Second: The "professional" teachers and school employees have chosen an illegal means of striking to hold the public hostage for an increased economic package.

Third: The public will not be held hostage. If the board does not notify striking teachers and school employees to return to work immediately or face termination, it will be seen as condoning an illegal action. It may be time to recall that board and elect one that will carry out the public's wishes.

Flodin has worked with six different Canton supervisors, "each of whom has contributed to the success this community enjoys today. This is a good community. It could be better, but I enjoy it."

The supervisor as the chief elected officer of the township has served very well, and for that reason I cannot support it.

Padgett said his motion in no way was intended to reflect on past administrations.

Larson has the last say.

"I've been one who's vacillated on this. The issue reminds me of seat belts. I haven't been in an accident where a seat belt saved my life, but I buckle up because I'm afraid of what could happen in the future."

"I've also thought about what happens I'm not on the board. From a personal standpoint, when I'm no longer sitting up here I'll be distant from the township and reliant upon the newspapers. I've decided it's better to hire the expertise we need."

Larson said his arguments apply "just as strongly, if not more so, to the hiring of a treasurer with technical expertise in banking and finance." While he intended to introduce a related motion, "when Bob's motion failed, my motion had some problems with it," he said.

Padgett, gracefully accepting defeat, said, "To relieve all of you, I want you to know I have no intention of bringing this up again."

CYCLE SWIPED: A garage on Village Ct. was broken into Oct. 1. Missing was a 1980, metallic blue Harley Davidson motorcycle, valued at \$5,000. Unnoticed were an antique car and a Honda motorcycle.

BOAT THEFT: The lateness of the season didn't deter a thief or thieves from lifting a boat parked at a Lombard address Oct. 1. Gone was a depth finder, compass, radio, skis and life vest, with a total value of \$1,050.

VACATION BREAK-IN: A vacation ended poorly for a Westminister man, who discovered upon his arrival home Oct. 1 that a break-in had occurred through the rear of his house during the

week he'd been gone. Among other things stolen were stereo equipment and cassettes worth \$1,300, a trumpet valued at \$250, a \$200 woman's ring and a camera outfit worth \$100.

'TIS THE SEASON: It's that time of year for homeowners and thieves to think snow. A Toro snowblower with an electric starter was stolen from a Richmond garage on Oct. 2. The loss of the blower was estimated at \$350.

MALICIOUS DESTRUCTION: A First National Bank under construction on Sheldon was the target Oct. 3 of vandals who broke eight windows and spray painted a door. There

are no suspects in the destruction, estimated at \$675.

SNEAK THIEF: Police suspect a would-be car buyer with the theft Oct. 3 of a 1973 Ford Mustang from a Honeycomb address. The car, reported to be in good condition and worth \$4,000, was for sale. The victim said he received a call the night of the theft asking for directions to see the car. The prospective buyer never arrived. The car was discovered missing the next morning.

BIKE THEFTS: Bikes are in hot demand for Indian summer. Two of them were stolen Oct. 4, a Royal valued at \$250 from a Tudor Ct. address, and an \$85 Schwinn from Kingsbridge.

## CAPTURE THE FLAVOR OF ALASKA

### WITH *Alaska Seafood*

Alaska is soon to celebrate its silver anniversary as our 49th state. Famed for its rugged wilderness and natural beauty, Alaska holds a certain mystique for most of us. While we may not be fortunate enough to travel to this beautiful frontier state, we can take advantage of its magnificent gift—the superb seafoods which come from the clear, icy waters off the 34,000 miles of coastline. From these waters some of the world's finest fish and shellfish are harvested each year. Now, with technological advancements in freezing and processing and rapid, controlled transportation, choice Alaska seafoods can be enjoyed year-round.

Seafoods fit beautifully into today's trend toward lighter foods. They are a valuable source of high-quality protein and provide other important nutrients. Alaska seafood dishes can also be prepared quickly whether cooked conventionally or in the microwave, which is also important with today's fast-paced lifestyles.

Featured here are several memorable Alaska seafood entrees, all of which are relatively light in calories and which can be prepared in double-quick time.

Garden Salmon Salad features a wonderful combination of flavors and textures. Colorful chunks of canned salmon, crisp radishes, celery, hard-cooked egg, green onion, tomato and carrot are arranged in neat, colorful rows over torn spinach or lettuce in this attractive salad. Creamy Vinaigrette Dressing is served on the side.

In another delicious seafood salad, snowy white poached Alaska halibut and pink shrimp are combined with tiny peas, cucumber, green onion and a mayonnaise dressing flavored with tarragon. For an even lighter version of both salads, a sprinkling of lemon or lime juice can be substituted for the dressing.

Low in calories and delicately flavored, Alaska whitefish can be prepared in a variety of taste-tempting ways. Here, lean Alaska cod,

pollock or rockfish fillets are filled with sauteed chopped onion and julienne strips of zucchini, then baked with a savory mushroom-tomato sauce accented with basil.

A delicious entree for two features succulent Alaska salmon steaks complemented with broccoli and herbs. Whether cooked in the microwave or conventionally, this choice seafood is ready for delicious eating in just minutes. Salmon, once a delicacy on the West Coast, is now more readily available nationwide.

Another West Coast favorite that can now be enjoyed around the country is Alaska Dungeness crab. While it can be served in a variety of ways, one of the most popular is simply cracked with a favorite dip. Here, this moist, delectable shellfish is served in its natural state accompanied with a tomato salsa dip which is not only tasty, but low in calories as well.

For delicious flavor and nourishing eating look to Alaska's precious gift of prime-quality seafood.

#### GARDEN SALMON SALAD

- 1 can (7-8 4 oz.) salmon
- 4 cups torn spinach or lettuce
- 1/2 cup thinly sliced radishes
- 1/2 cup chopped celery
- 1 hard-cooked egg, finely chopped
- 1/3 cup chopped green onion
- 1 medium tomato, chopped
- 1/2 cup sliced carrot

Creamy Vinaigrette Dressing

Drain salmon, reserving 2 tablespoons liquid for Creamy Vinaigrette Dressing; break into small chunks. Place spinach in 1-1/2 quart serving dish. Arrange rows of radishes, celery, salmon, egg, onion, tomato and carrot over spinach. Serve with Creamy Vinaigrette Dressing. Makes 3 or 4 main dish servings.

**Creamy Vinaigrette Dressing:** In blender or food processor combine 1/3 cup oil, 2 tablespoons each reserved salmon liquid and wine vinegar, 1 tablespoon Dijon mustard, 1 teaspoon minced green onion or shallot, 1/2 teaspoon sugar and 1/8 teaspoon salt. Blend until smooth and creamy. Makes about 1-1/2 cups.

**Tip:** Wedges of lemon or lime can be substituted for Creamy Vinaigrette Dressing for a lighter salad.

#### HALIBUT AND SHRIMP SALAD WITH TARRAGON DRESSING

- Poached Alaska Halibut
- 1/4 pound Alaska Pink shrimp or crab meat
- 1 cup tiny peas, thawed if necessary
- 1 cucumber, peeled and cut into 1/2-inch slices
- 1/4 cup diagonally sliced green onion
- Dash each salt and pepper
- Tarragon Dressing

Combine all ingredients except Tarragon Dressing. Toss gently with Tarragon Dressing. Makes about 6 main dish servings.

**Poached Alaska Halibut:** Remove skin and bones from 1 pound halibut, cut into chunks. Place halibut in boiling salted water to barely cover. Season with slice each lemon and onion, sprig parsley, 6 peppercorns and 3 cloves. Simmer, covered, 6 to 8 minutes or until halibut flakes easily when tested with a fork. Remove halibut from liquid; cool. Makes about 2-1/2 cups.

**Tarragon Dressing:** Combine 3/4 cup reduced calorie mayonnaise and 1/4 teaspoon crushed tarragon; mix well. Makes 3/4 cup.

**Tip:** Wedges of lime or lemon can be substituted for Tarragon Dressing for a lighter salad.

#### WHITEFISH ZUCCHINI BAKE

- 1 pound Alaska cod, pollock or rockfish fillets, thawed if necessary
- 2 tablespoons chopped onion
- 2 teaspoons oil
- 2 cups julienne sliced zucchini
- 1 can (8 oz.) tomato sauce
- 1/2 cup sliced mushrooms
- 1/4 teaspoon basil, crushed
- 1/8 teaspoon pepper
- Dash salt

4 oz. fillets cut 1/2-inch serving sized pieces if necessary. Sauté onion in oil; add zucchini and cook about 5 minutes or until barely tender. Place 1/4 cup zucchini mixture on each fish fillet and roll pinwheel fashion; place in shallow baking pan. Combine tomato sauce, mushrooms, basil, pepper and salt; pour over fish rolls. Bake at 350°F. 20 minutes or until fish flakes easily when tested with a fork. Makes 4 servings.

**Microwave Method:** Combine onion, oil and zucchini in 8 x 8 x 2-inch microwave proof dish. Cover with waxed paper and microwave at HIGH 2 minutes or until barely tender. Prepare fish rolls as above; place in 8 x 8 x 2-inch microwave proof dish. Combine sauce ingredients as above; pour over fish rolls. Cover with waxed paper, microwave at HIGH 6 minutes or until fish flakes easily when tested with a fork; rotate dish 1/4 turn twice during cooking. Makes 4 servings.

#### HERBED SALMON AND BROCCOLI

(Microwave Method)

- 1 package (10 oz.) frozen broccoli spears
- 2 (6 to 8 oz. each) Alaska salmon steaks, thawed if necessary
- 1/8 teaspoon each oregano and thyme, crushed
- 1 tablespoon minced parsley

Place broccoli in shallow microwave proof dish. Cover with waxed paper and microwave at HIGH 3 minutes. Separate spears; place salmon in dish with broccoli. Sprinkle with oregano and thyme; cover with waxed paper. Microwave at HIGH 4 to 5 minutes or until salmon flakes easily when tested with a fork and broccoli is tender; rotate dish 1/4 turn twice during cooking. Sprinkle with parsley. Makes 2 servings.

**Conventional Method:** Cook broccoli in boiling water 1 to 2 minutes or until spears can be separated. Drain and place in greased shallow baking dish with salmon; sprinkle with oregano and thyme. Bake, covered, at 450°F. allowing about 10 minutes cooking time per inch thickness (measured at its thickest part) or until salmon flakes easily when tested with a fork. Sprinkle with parsley. Makes 2 servings.

#### DUNGENESS CRAB WITH TOMATO SALSA

- 1/2 1/2 to 3 lbs. Alaska Dungeness crab, thawed if necessary
- 2 medium tomatoes, peeled and finely chopped
- 1/4 cup chopped green chilies
- 2 tablespoons minced onion
- 1 tablespoon minced parsley or cilantro
- 1 tablespoon lime or lemon juice
- 2 teaspoons oil
- Dash salt

Lift off back shell of crab. Remove and discard viscera and gills. Rinse crab thoroughly under cool running water. Break off legs, crack along edges. Break body section in half; break each half into several pieces. Refrigerate until served. Combine remaining ingredients; let tomato salsa mixture stand 30 minutes before serving. Arrange chilled crab on platter; serve with tomato salsa. Makes about 3 servings.

**Variation:** Crab can be steamed over boiling water 5 minutes or until thoroughly heated; serve with heated tomato salsa.

**Lamb and pita: Love at first bite**  
When I was a kid in Chicago, my father occasionally brought home ready-to-eat leg of lamb from a Greek place on Halsted Street. I devoured it. Like most youngsters, I except for the times we were invited across the street by neighbors to partake of black olives, feta cheese and lamb. I didn't eat much Greek food. My favorite diet was purely American: hot dogs and hamburgers, especially enjoyed at Wrigley Field watching the Cubs.  
Many people never develop a taste for lamb. But I recall my wife's old Italian friend from New York who used to love lamb chops. My wife made them for Mary during each of her visits, but we ate something else.  
Then Anita recently came in contact with that Greek sandwich of lamb, lettuce, tomatoes, special sauce, etc., stuffed into pita bread, and it was love at first bite.  
So I decided to roast a leg of lamb, Greek style, and discovered what I had been missing.  
THE LAMB tasted even better because of a tip from a friend: eating several spoonfuls of lime sherbet between mouthfuls of meat. It's the same principle as munching on the palate between sips of wine - no palate is cleansed.  
The egg and lemon sauce isn't bad either. And it can double as a vegetable sauce, especially for asparagus, broccoli, cauliflower and spinach.  
There are other ways to prepare leg of lamb, such as marinating it for 24 hours. Or fixing it French style: sprinkling on dried thyme and crumbled bay leaves instead of rosemary and making gravy from the pan drippings and one part water, three parts red wine.  
But I prefer leg of lamb, Greek style, and next time I won't forget the pita bread.

**GREEK ROAST LEG OF LAMB**  
4 1/2-lb. leg of lamb  
1 tsp. salt  
3 tsp. lemon juice  
2 garlic cloves, cut crosswise into 12 slivers  
1/2 cup margarine, melted  
1/2 cup lemon juice  
1/4 tsp. rosemary leaves  
Preheat oven to 325 degrees. Wipe lamb with damp paper towel and rub surface with salt and pepper. Cut 12 slits about 1-inch deep and insert garlic. Place lamb fat side up in shallow roasting pan, brush with margarine, pour on lemon juice and sprinkle with rosemary. Roast uncovered 2 hours for medium doneness, basting every 30 minutes. Let stand 20 minutes before carving. Serves 6-8.  
**EGG AND LEMON SAUCE**  
2 tbsp. butter  
1/2 tsp. all-purpose flour  
1/2 tsp. salt  
1 can (14 1/2 oz.) clear chicken broth  
3/4 cup lemon juice  
4 egg yolks  
1 tsp. chopped parsley  
Melt butter in top of double boiler over direct heat. Remove from heat, stir in flour, 1 tablespoon at a time, and salt until smooth. Gradually stir in broth and lemon juice. Bring to boil over medium heat, occasionally stirring. Place top pot over hot, not boiling, water. In small bowl, beat yolks slightly, beat in small amount of lemon-broth mixture and slowly add to rest of mixture in pot, constantly stirring. Cook over hot water until thickened, constantly stirring. Remove from heat and stir in parsley. Pass at table with lamb. Refrigerate leftover sauce for future vegetable dishes.

**And it's still poppin' along**  
**Popular popcorn has a long history**  
What's poppin' in October? Popcorn! It's national Popcorn Month according to the Popcorn Institute, the Chicago-based association of United States popcorn processors.  
Until the end of October, popcorn fans across the country can try out new popcorn recipes, sample flavored popcorn, hold popcorn 'fests, stage popcorn-eating contests and do 101 other things to salute this super snack food.  
Popcorn poppin' and munchin' has been an on-going event in the Americas for thousands of years. Long before the Institute established a special popcorn month and even before Columbus set sail to the New World, American Indians were popping corn in hot sand, on hot stones, in shallow clay pots or right on the cob over an open fire. The original Americans knew a good thing when they tasted it.  
Popcorn snackin' was not limited to North American tribes in those long ago days. There's proof that South American and Mexican Indians also munched on this food. A primitive popcorn cob about 4,445 years old was found in LaPerra Cave in the mountains of northeastern Mexico. In tombs on the east coast of Peru researchers discovered grains of popcorn believed to be over 1,000 years old that were so well preserved they still popped.  
THE LONGTIME all-American favorite snack has a lot going for it. Besides being fun to eat and great tasting, popcorn is:  
• Versatile - from breakfast to midnight snack.  
The early colonists served popcorn with sugar and cream for breakfast - the first "puffed" breakfast cereal. The use of popcorn has expanded greatly since then. Today popcorn is served as a before-dinner appetizer, kids love it as a substitute for croutons or crackers in soup, popcorn is a college student's late-night study snack and it makes a great dessert as well.  
• Nutritious - the experts agree, popcorn is a wholesome snack food.  
The American Dental Association recommends popcorn as a sugar-free snack. Furthermore, chewing popcorn creates a mild cleansing and massaging action that is beneficial to both teeth and gums.  
The American Cancer Society lists high-fiber food as one of the 11 things that don't cause cancer. Popcorn is a high-fiber food.  
Weight Watchers International Inc. recognizes popcorn's wholesomeness and includes it in its weight reduction program. Popcorn is a natural for nutritious eating. It's low in calories, high in bulk and fiber and is an important carbohydrate.  
• Popular - kids and adults love its taste. In 1982, Americans consumed 9.7 billion quarts of popped popcorn, or 42 quarts per person.  
POPCORN is a \$1-billion industry. Unpopped sales, at the retail level amount to nearly \$200 million. Popcorn sales at leisure establishments (excluding bars and restaurants) are around \$700 million, with 30-35 percent of that coming from movie theater sales.  
Eight poppers have qualified for the Seal of Quality Performance. For a

**MIKE WHORF** surprised his Plymouth Town Hall audience with the greeting, "You don't look like you sound, either." The general reaction of the townhalls when Mike entered the Penn Theater Wednesday morning had been a silent, "He doesn't look the way he sounds."

Accompanied by Ronald Houser on the piano, Whorf combined prose, poetry and song in his entertaining presentation, "America on Parade." He even sang a couple of songs of his own composition.

Pianist Ron Houser took the audience on a musical tour. Using the theme, "Oh! Susanna," he started on the east coast, playing the tune in a variety of styles, and circumnavigated the globe musically. "Oh! Susanna" took on the personality of the countries — China, India, Germany, African jazz, and others — as they traveled around the world.

The celebrity luncheon after the lecture was in the Miles Standish Room of the Mayflower Hotel. The guests had an opportunity to present questions to the performers. Mike Whorf fielded inquiries about his family. He said, "I grew up in Plymouth, Massachusetts and here I am in Plymouth, Michigan."

Ron Houser said he was a public school music teacher and a church organist who had teamed up with Mike for speaking engagements. Second celebrity in the Plymouth "Friends of the Y Town Hall Series" will be author and typist, Jim Hoke. Those who have seen him on television will enjoy meeting him personally Wednesday, Nov. 2 at the Penn and later at the celebrity luncheon. Call the Plymouth Family Y, 453-2904 for information.

**ANNE SULLIVAN** of Plymouth and Mike Gressock of Canton won the humorous speech contest sponsored by the Oral Majority Toastmasters Club. There were seven entries in the competition at Denny's restaurant Tuesday night. Ted DeKard of Livonia is the alternate speaker. They will represent Plymouth in the Area 8 Toastmasters International humorous speech contest for the district championship. The competition will begin at 9 a.m. Saturday, Oct. 22, at Hillside Inn.

**THE WOMEN** took the honors Thursday in the party bridge games at the Plymouth Cultural Center. Frances LaCombe came in first with Louella Cook second.

**MEREDITH AKHTAR**, daughter of Mr. and Mrs. James Akhtar of Plymouth, has pledged Delta Delta Delta sorority. Meredith is a sophomore majoring in accounting at Michigan State.

**JULIE MACISAAC**, a freshman at Albion College, had the lead female role of Polly in last week's production of "The Boyfriend" at the college's Herrick Center. The cast included members of Albion College Players and other Albion students.

Julie is the daughter of Mr. and Mrs. Donald Mac Isaac of Plymouth. She is an English major at Albion.

**RUTH JACOBS** says she has the Plymouth Historical Museum gift shop stocked with all kinds new items, many suitable for Christmas giving. She has signed paper weights by local glass blower Don Schneider as well as his blown Christmas tree ornaments.

She also has some of Ruth Hitt's hand-crocheted and hand-painted Christmas ornaments. Ruth Hitt also makes appliqued dolls and tiny crocheted baskets with flowers for the museum gift shop. The shop is open during museum hours — 1-4 p.m. Thursday, Saturday and Sunday.

Betty Pint (left), Plymouth BPW Woman of the Year; Joanne Delaney, president of the Plymouth club; Teresa M. Solak, Canton BPW woman of the year; and Nancy Zimmerman, president of

the Canton club, attended the Region 9 festivities last week. All 12 clubs in the district introduced their women of the year.

Teresa Solak, Canton BPW woman of the year, helped found the club and was its charter president.

## BPW clubs honor their women of the year

Canton Business and Professional Women's Club named their charter president, Teresa M. Solak, as their woman of the year. Solak is vice president and branch manager of the Wayne Bank on Ford Road in Canton. She is also marketing and public relations director of the bank.

A resident of Westland, Solak was instrumental in establishing the Canton BPW. She has worked on the BPW Healthfair, participated in various high school career days, spoken to high school business students and worked on the planning committee for Plymouth-

Canton High School career days. She has served as a Girl Scout leader, as a member of St. Damian Christian Service Committee, as a volunteer speaker for Schoolcraft College Women's Resource Center, and as a speaker in the Senior Citizen's Direct Deposit program.

Her political activities include supporting legislators who promote women's issues, attending the BPW legislative drive-in in Lansing, and attending local township meetings to keep informed.

"Also, pursue all the education you can — and most of all — do not be

intimidated by the changing times," said Solak.

She said women can contribute most to their communities by participating in activities that benefit the community at large. "Not only for self-fulfillment, but for the genuine needs that exist. Get other women involved and interested in the workings of their local government and actively supporting legislators that they believe will sincerely promote their issues to make their community the best place to live for them and their families."

**SOLAK SAYS** women are working their way up in the business world in larger numbers than ever before.

"However, the road is still rough and will be for a long time. I hope I live long enough to see more women at the top of significant United States corporations."

"It is still a struggle for a woman to prove herself, but the roles are changing. I admire the young women I see today with the determination and confidence they project."

## Sex education classes help family communication

By Diane Gale  
Staff writer

Sex education is becoming a family affair. Group discussions between parents and their children are important for opening lines of communication and understanding each other, according to Gail Zetzel, project director of adolescent family life with Catholic Social Services of Wayne County.

One of its offices is at 17332 Farmington, Livonia. The phone number is 421-3730. "Embarrassment surfaces during explicit descriptions of the anatomy, and physical functions," Zetzel said. But, most of the time it's a matter of learning about each other's feelings.

"A lot of parents say 'I would like to know where my kid's at, but he won't talk to me,'" Zetzel said.

They find that group discussions on sex offer an atmosphere they couldn't create at home. The sessions, sponsored by Catholic Social Services, are held periodically. They are titled "Communication Around Sexual Issues."

PARENTS OR guardians attend six sessions, 2½ hours each, with their children, ages 11 through 17. The fee for the course depends on the ability to pay, and range between \$1 and \$10. The courses also are offered in Spanish.

One goal of the federally funded program is to prevent pregnancies, Zetzel said. "We reach beyond the symptoms of premature sexual activity to the causes," she said. "We do not offer a band-aid, we offer hard work in dealing with difficult issues."

Teen-agers who are involved in a lot of sexual activity are looking for self-fulfillment, physical love and some kind of purpose in life, which they often don't receive from their families, Zetzel said.

In these cases building self-esteem is vital, she said.

"We all know that adolescent pregnancy is epidemic and that sexually transmitted diseases pose an extremely serious health problem," Zetzel said. "Young people are faced each day with more and more overtly sexual material which offers slick, simplistic solutions to difficult problems."

beneficial to adults than the children

SEX EDUCATION classes in the schools are teaching the students, correct terminology and physiology of the anatomy. Therefore, parents often feel inadequate talking about sex with their children.

The group, which is usually made up of six to 10 families, is asked to name common words of communication and understanding each other, according to Gail Zetzel, project director of adolescent family life with Catholic Social Services of Wayne County.

Old ideals have always been important to us at Manufacturers Bank. When we started out over 50 years ago, one of our ideals was to help our customers reach their goals by paying high interest on savings. Today, we offer a variety of savings plans. From our daily interest Insured Money Market Account to our 72 Month Time Deposits. Each is designed to achieve a different goal. And each pays high interest. You see, over the years, our ideas have changed a lot, but not our ideals. And no matter how much banking changes in the future, we can promise you this: we'll never forget our old ideals while we're thinking of New ideas.

That's my bank.

## 2 new entries should appeal to pop-novice crowd

Accumulated news and observations. Noted in this column a year or so ago is the developing battle between E. and J. Gallo and Coca-Cola, the latter via its Taylor of California Cellars issues.

Taylor has since made gains, surpassing Almaden, and now the two giants have launched new wine labels with which to parry still further.

Both have announced wines aimed at the labrusca, pop-novice crowd. The wines will arrive here in the fall. Gallo's is Polo Brindis, both a red and white, of low alcohol, priced at under \$3 the bottle. Coke's trust is called Vivante, and a huge promotional campaign is under way for this in several restricted markets.

Speculation here is whether these constitute an upgrading of the Boone's Farm days, or are just another attempt to provide another alcoholic-will-dimension to the public.

LOVERS OF zinfandel should rush to local outlets to buy Tom Dehlinger's 1980 zinfandel. This is what it's all about: massive fruit, warm, complex, full of tannin and marvelous aromas. There is not much around. I found mine at a local wine shop for a dollar less than the 1979 issue.

Two more excellent issues recently available are San Martin's 1981 chablis and 1979 burgundy. At \$3.99 for 1.5-liters, these are very attractive jug wines. And don't miss Mondavi's 1981 Red, his best yet of this genre, also

available in 1.5-liter bottles at about \$6 in general distribution.

Most overpriced recent releases is Wente's long-awaited 1980 Brut sparkling wine. Very citrusy. It is questionable whether this wine warrants a price tag of \$14 locally.

A sad note: The death of Charles Fournier has been reported. The dean of New York winemakers, he made great strides in introducing vinifera grapes to the Eastern United States at Gold Seal. He made some marvelous wines and also was Konstantin Frank's sponsor in the 1950s. A great wine man a great man.

It seems the California wine inflation in prices has ended, finally. With shipments down nearly 4 percent from last year, it seems the message has begun to register. Nearly all issues coming out now are the same price as last year's, and some are even down a bit. In the meantime, sales of French and Italian ordinaire wines are up dramatically.

THE WINEGROWERS' Association of Washington State is all aglow these days. Washington's viticultural production has now grown to the point where it has surpassed New York as the No. 2 wine-growing state in the nation. In the last 15 years Washington's wine production has grown from 430 acres of grapes in the ground to nearly 8,000 today.

As members of the Plymouth-Canton Association of Educational Office Personnel (PCEOP), we feel the time has arrived for the people in this community to hear the views of two members of this association. (We are going to work, even though we have to cross picket lines composed of teachers, maintenance people, aides, cafeteria, bus drivers, and secretaries. These secretaries are from our association which has chosen to go on strike.)

The bottom line is "a strike is illegal for a public employee." We tried presenting this view at a meeting of our association and we were "put down."

We have been taught that if you think a law is unfair or unjust you work to change that law — YOU DON'T BREAK IT! Laws are usually made to protect someone — in this case we believe this law was made for the protection of the children of our state.

To let the community know the true facts of this strike vote, we would like to relay how the vote came about. All excerpts in quotes came directly from the minutes of the PCEOP.

• April 5, 1982: Negotiating team approves hiring Sally McCracken to help with negotiations. (Ms. McCracken has continually stressed that "strikes are illegal, but...")

• Jan. 10, 1983: Discussion of joining coalition. It was explained that "the coalition agreement is to be used as a vehicle for communication between the groups."

• Jan. 20, 1983: Memo from Sandy

Mascarello, president of PCEOP: "The purpose of this coalition is to formulate a united group that will coordinate its efforts to secure equitable contracts for all members and to have open communication between all members and to have open communication between all units for discussion of all matters including contracts." The agreement ACTUALLY READ: "Purpose... to commit unto each other mutual aid and support in the event the need for a job action arises."

(Most secretaries depended on the sincerity and honesty of the officers who were elected to act in our behalf to give us the true facts of this agreement — unfortunately not all secretaries read the agreement. I guess some people would say too bad.)

• Feb. 7, 1983: A vote was taken by secret ballot on joining the coalition. It was voted 8-4 to join. There are 91

secretaries in our group; it was sad that 8 people decided this — but secretaries are also mothers and housewives and for whatever reason did not attend — and trusted those representing us to honestly pursue their duties.

• April 18, 1983: Negotiations update: "The negotiating team only wants to do whatever the association wants."

• Aug. 23, 1983: Meeting called — negotiating team wanted a strike vote to show support for the teams "but in reality we won't strike." Vote 40 yes, and 22 no. We were told another vote would be taken before action would be taken.

• Aug. 29, 1983: 6 a.m. — Update on negotiations. (A hand printed offer from board was read). At this meeting a motion was made and seconded by members but the president did not call for a vote. When word was received that the teachers had voted not to

strike a vote was taken to reject the board's offer and continue to negotiate. (At this meeting there were 86 secretaries present.)

• Sept. 6, 1983: Regular meeting — negotiations update. (An offer from the board, indicating increments for 82-83 year, a 3-percent increase for 83-84 plus two floating holidays, and a 5-percent increase for '84-85. We were told the meeting between board and us "was most encouraging.") We were not allowed to vote on this offer. It was suggested that we have a general membership meeting on Saturday, Sept. 17, 1983, to work together towards a settlement.

The reminder that was sent to the secretaries for this meeting stated that "a meeting of the support groups would be held on information on ALTERNATIVES to obtain a contract will be decided. Your vote counts."

Since coming to work many of our girls have experienced veiled threats, being called dirty names, having to cross a picket line where people were determined to stop us from going into our building. At this time there are approximately 41 secretaries on the job (we have been told that more would be in but they are afraid). At lunchtime today we discovered the parking lot at the board office had been scattered with nails — including under all car wheels.

Our message to the coalition and the community of Plymouth-Canton is that we will continue to go into work and uphold the law no matter the duress!

Ah, the game within a game. Salem's Mary Beth Weast (14) and Canton's Marie Krashovetz (22) didn't figure much in the scoring in last Thursday's contest. But, oh my, did they ever do battle. Salem defeated Canton 55-39.

## Rock trio topples Chiefs

By Chris McCosky  
staff writer

After two consecutive losses, Plymouth Salem coach Fred Thomann decided to alter his lineup for Thursday's game with neighboring Plymouth Canton.

He started Kelly Bemis and Reggie Rojeski, but it was the other three — the triumvirate — that led the Rocks past the on-again, off-again Chiefs, 55-39.

Pam McBride (18) and Dawn Johnson (14) accounted for 32 of the Rock's points, while Fran Whittaker did just about everything else. She chipped in six points, rebounded effectively, played tough defense and even played point guard for a while.

"We are going to be looking at different players and different combinations of players," Thomann said, explaining the lineup change. "We'll see what we like and what we don't like. When we get into the conference championships, then we will put our best five players on the floor."

THE CHIEFS were coming off a well-played game Tuesday in which they were defeated by Walled Lake

### girls basketball

Western. But the team that showed up Thursday night was nothing like the team that played Tuesday.

"We didn't come to play tonight," said an angry Canton coach Phyllis Cunningham Mulroy. "I tell you, it's spooky. The difference between this team Tuesday and tonight — it's spooky."

"These girls cannot beat Salem. They've got it in their heads that they can't and they won't. I'd like to say that that's not it, but I really believe that's what it is."

Canton matched Salem practically basket for basket in the early going. But, by the end of the quarter, Johnson and McBride began to exert their force. Johnson hit a freethrow and a basket and McBride canned a long jumper to lift the Rocks to a 16-12 first-quarter lead.

Salem extended its lead to nine points by halftime, 29-20.

STILL, ONE sensed that the Chiefs

were not out of it. They were still scrapping.

The third quarter put an end to that. Johnson scored two quick baskets four minutes into the second half and then McBride tallied the last seven points of the half to put Salem ahead for good, 46-24.

"McBride has been playing super for us," said Thomann. "She's been the player we look to in the tough situations. As long as she continues to get better, we will too. And I thought D.J. played well for us tonight, too."

Did she ever. Besides her 14 points, Dawn Johnson's menacing brand of defense forced numerous Chief turnovers.

FOR CANTON, the bright spots were few and far between — but there were some nevertheless.

One bright spot was the play of Lou Ann Hamblin. Still slowed by an injured ankle, she scrapped and hustled every minute she was on the floor. She

scored eight points to tie Kathy Ross for Canton's top scorer. She also blocked two shots, forced three jump balls, several turnovers and made four steals.

The other bright spot was the play of Laura Darby. Darby, a strong inside performer, came off the bench in the fourth quarter to net five points.

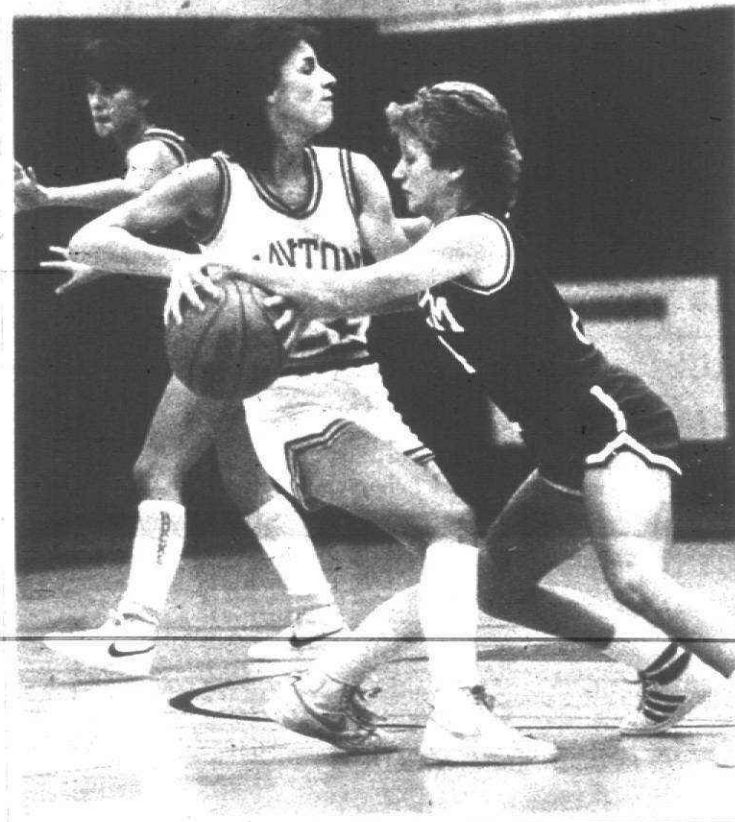

But that little bit of light didn't do much to brighten Mulroy's disposition afterwards.

"THEIR HEARTS just were not into it," she said. "They didn't move on defense. That zone we played out there was the worst zone I've ever seen. Before the game we said over and over that we couldn't let McBride and Johnson shoot. McBride had 18 and Johnson 14."

"I'll get over this and so will they. Hopefully they will have learned something. But we will not improve unless they begin to believe in themselves. They just do not believe in themselves at all."

The win puts Salem at 7-3, in third place behind Walled Lake Central and Livonia Bentley in the Western Lakes Lakes Division.

Canton is 3-7, far behind Western Division leaders Walled Lake Western.

## Canton is no match for Hawks

By Chris McCosky  
staff writer

Plymouth Canton scored more points against Farmington Harrison than the Hawks' four previous opponents combined — seven.

Unfortunately, for the Canton rooters, the Hawks countered with 55 points of their own to win their 28th consecutive football game.

"We knew our offense was due to explode," said Harrison coach John Herrington.

And explode it did. The Hawks amassed 414 yards against the Chiefs, 253 of them on the ground. Almost half of those 414 yards were earned by the Hawks' second and third strings.

THE GAME MARKED the homecoming of Bob Wasczenski. Wasczenski, the All-Area receiver who transferred to Harrison from Canton after last season, was the target of jeers from the Canton crowd and a lot of double teaming from the Canton defense.

"Look at this," Wasczenski said sarcastically after the game pointing to his torn jersey. "No, they weren't picking on me."

"Waz" said he was nervous coming back to play at his old school, and it showed early in the game. He dropped a sure touchdown pass from quarter-

### football

back Scott Glinski in the first quarter. Then, in the second quarter, after catching a 20-yarder, he had the ball stripped away by Canton's Jim Burczyk.

But, "Waz" got even. He made a punishing 10-yard run to help set up Harrison's third score of the night — a 5-yard TD pass from Glinski to, you guessed it, Wasczenski.

That score may have been the turning point in the game, if one can be found in a 55-7 route.

CANTON HAD JUST scored on an impressive 66-yard drive engineered by sophomore quarterback Tony Aiken, to make the score 20-7 with just over two minutes left in the half.

Harrison had grabbed a quick 20-point lead on three touchdowns by John Miller. Two 1-yard runs and a 2-yard run. The second TD came after Miller recovered an Aiken fumble and ran it to the 1. The fumble was forced by a Jerry Elizen tackle.

Miller, Harrison's All-State junior halfback, ended up with 128 yards and four touchdowns in about one half's

worth of playing time.

Down 20-0, Aiken rallied Canton. He hit David Knapp over the middle for 13 yards. Then he and halfback Rod Boyd ran for two more first downs. Then Aiken hit Knapp again for 13. Finally, from the Harrison 21, Aiken kept the ball on the option and darted past the Hawk secondary for the score.

Jim Kaske added the point after and the Canton seemed back in the contest.

THAT'S WHEN Wasczenski got his revenge. Harrison took the ensuing kickoff and went 80 yards in seven plays in the final two minutes of the half to go up 27-7. It wasn't much of a game after that.

David Quarles, Harrison's soccer player and field goal kicker, kicked six of seven extra points, including one from 25 yards away following a penalty. Bill Wood kicked a 35-yard extra point following a Hawk penalty.

Miller scored his fourth touchdown early in the second half as Harrison went 44 yards in seven plays after a Canton fumble. Miller's 1-yard run was set up by a pretty 19-yard pass play from Glinski to Geoff Bissell.

## Arnold runs for 147, Rocks win big

After four wars in a row, and facing two or three more down the road, the Plymouth Salem football team took a little mid-season break Saturday.

That is, they took a break from playing in close games. They clobbered Farmington 46-17.

"This was good for us," Rock coach Tom Moshimer said. "We've been in nothing but dogfights all year long. It was nice for the kids to get out and run a bit."

"Run a bit"? Not hardly.

THE ROCKS rolled up 361 total yards, 262 of those on the ground.

"Our defense just collapsed," said Falcon coach Don Kuick. "We couldn't stop the option play, though we worked on it all week in practice. We knew that's all they ran, but we couldn't stop it."

Senior back Jeff Arnold had a big day, rushing for 147 yards in seven carries and two touchdowns.

Arnold set the tone on the third play of the game. He took a handoff from quarterback Mark Tindall and went 81 yards for the score.

Tindall scored Salem's second TD on an 11-yard run. He then hit Craig Morton on a 20-yard TD pass. Mark Dixon

kicked two of three point afters and the Rocks led 20-0 after one quarter.

SALEM ADDED two more scores before the half. Back-up quarterback Steve Sodditch connected with Morton on a 27-yard TD pass and Kevin Riley, a reserve halfback, scored on a 36-yard run. It was 33-0 at the half.

Sophomore placekicker/end Bruce Kratt kicked a 26-yard field goal for Farmington in the third quarter.

Salem countered that with a 1-yard run by Chris Raymond. Dixon added the point after.

Sophomore quarterback Joe Bob

Wenson played a strong game for Farmington. He passed for close to 90 yards and threw two TD passes. He hit Ab Hazen on an 11-yard score, then with time running out in the game, hit Kratt with a 7-yarder. Kratt added both point afters.

Another Falcon sophomore, fullback Dan Parilo, was the Falcons' leading rusher with 48 yards in just six carries.

The Rocks final score came on a 1-yard run by Arnold.

Salem is 5-0, 3-0 in the Western Lakes Athletic Conference. Farmington is 1-4, winless in three league contests.

Salem captain Mike Moon, above, and his Rock teammates are readying, as are the Canton Chiefs, for Monday's WLAA league meet. Story on Page 2C.

# Salem kickers top Canton

By Paul King  
special writer

Plymouth Salem won the first half and Plymouth Canton won the second in their soccer contest at CEP field Thursday.

Unfortunately for Canton, Salem won its half by a wider margin.

"The Rocks two first-half goals were enough to carry them to a 2-1 Western Lakes Activities Association (WLAA) triumph, raising their record to 7-1-1 for the season. Canton is now 4-5.

Randy Johnson's free kicks proved to be the difference, playing a part in both Salem scores. Johnson's indirect kick

six minutes into the game set up Evan Nash's goal.

Twelve minutes later Johnson got the eventual game-winner on a 30-yard direct free kick.

Salem's 2-0 lead at the half was narrowed to one by Steve Morelli's blast 10 minutes into the second half. Morelli was set up by Tom Wright, who centered a free kick.

Joe Knoeri faced 10 shots in the 13th minute while David Hawkins made 11 saves for Canton.

STEVENSON 2, CHURCHILL 2: John Gelmini's second goal of the contest and 20th of the season pulled Livonia Stevenson even with Livonia Churchill Thursday at Churchill.

The game was a defensive battle throughout, with Rice goalie Mike Nagy handling only eight shots and CC netminder Pat Stocker just six. Bob Taglia and Don Guss sparked the Shamrock defensive effort.

CC is now 7-2-1. Rice is 7-6-1.

On Wednesday, the Shamrocks bombed Harper Woods Bishop Gallagher, 6-1, behind Rama's three goals and one assist. Jim Moreau added two markers for CC and Jim Kowalski one. Both Moreau and Kowalski earned assists.

Stocker and Bob Sinnavee, divided goaltending duties, facing 11 shots. The Shamrocks had 29 at the Gallagher net.

# Rock runners stay on their title pace

Plymouth Salem kept pace with Farmington in the Western Lakes Lakes Division cross country race by nipping Livonia Bentley 27-28 Thursday.

## Rock swimmers win

The Plymouth Salem swim team surrendered just two events to Farmington last Thursday to win their second dual meet of the season, 116-56.

Laura Shaffer won three events and Krystal

lem with a first-place time of 16:50. Bentley's Kevin Sari ran second, but Salem captured third, fifth, eighth and 10th to win the race.

Phil Madis (17:26) was Salem's third runner and Eric Pedersen (17:35) was

Taylor two to pace the Rocks.

Shaffer won the 50-yard freestyle with a time of 27.1. She also won the 100-butterfly in 1:06.1 and the 100-backstroke in 1:15.4.

B.J. Bing swam a 2:34.1 to win the 200-individual medley and Sue Bonnett won the 100-breaststroke in 1:20.6.

fifth.

Bill Morley (17:59) and Tony Atwell (17:59) finished eighth and tenth.

"I am very pleased we got by this one," Rock coach Tom Williams said.

There was more than just the final score that pleased Williams. He was very pleased with the performance of senior Pete VanConant whose 18:25 got him a 12th place finish.

"He is really coming on for us," Williams said of VanConant.

Williams was also cheered by the return of Rick Routson. Sidelined most of

the season by an injury, Routson ran an impressive 18:19 to finish 11th for the Rocks.

Both Farmington and Salem are 4-1 in 'league' meets. The two will meet Thursday, Oct. 20.

THE SALEM GIRLS keep rolling along. They captured the first five places to crunch the Lady Bulldogs. Shelly Simons ran a 20:49 to pace the pack. She was followed by Trish Donnelly (21:03), Amy Miyazaki (21:38), Heidi DuPre (22:14) and Michelle Donnelly (22:51).

# League meet gives linksters 2nd shot

By Chris McCosky  
staff writer

The Plymouth Canton and Plymouth Salem golf teams have one more shot at making something out of their 1983 season: the Western Lakes Athletic Association league meet, today at Rolling Meadows Golf Course.

Canton, which finished 5-4 in league competition, ended its regular season with victories over Harrison, 205-224, and Northville, 211-213, last week.

Against Harrison, Eric Popp fired a 37. Dave Musch and Carl Mitroff shot 39s to lead the Chiefs. Bruce Ling and Jim Hines chipped in with 45s.

Against Northville, Musch was the medalist, firing a 39. Fred Lauer shot 40, Popp 43, and Pete Morman 44 for Canton.

SALEM FINISHED its season with a 191-208 loss to Walled Lake Western and a 215-222 victory against Farmington last week. Salem finished with a league record of 3-6.

Jeff Speaks and Mike Granger shot 39s against Western and Sean Kelly and Eric Hartnett had 42s, but it wasn't enough to offset a pair of 35s fired by Western's shooters.

Against Farmington, Kelly and Granger led the way with 41s. Speaks

and Mike Moon shot 44s, and Jim Rorabacher shot a 45.

It was a disappointing season for Salem's rookie coach Rick Wilson.

"I don't think the seniors played near well enough this year," he said. "I really expected them to come through and they didn't."

Wilson was pleased with the emergence of freshman Granger and sophomore Speaks.

THE SEASON was also somewhat of a disappointment for Canton coach Casey Cavell.

"Northville and us should have been the teams to beat in our divisions this year. But, neither of us played well," he said. "We were just inconsistent. Three (kids) would do well and three wouldn't do well. It was difficult to find the right five kids. We were disappointed. We had the capabilities to win it."

Both Wilson and Cavell agree that the teams to beat in the league meet are Livonia Stevenson and Walled Lake Central. But, for Canton, the meet could be a chance to save some face.

"We'd have to play super to beat Stevenson or Central," Cavell said. "But, I think we have a chance to come in first in our division. Of course, about all that would do is make the kids feel better."

# Standard Federal Savings Announces:

# A NEW One-Year Money Market Certificate with Special Bonus INTEREST

## 26-WEEK MONEY MARKET CERTIFICATE

Right now Standard Federal is also paying a very high interest rate of 9.75% annually on 26-Week Money Market Certificates.

Minimum deposit: \$2,500

## ANNUAL INTEREST RATE FOR THE FIRST MONTH

# 13.00%

With our new One-Year Money Market Certificate, you earn a 13.00% annual interest rate for the first month and a 10.00% annual interest rate for the remaining 11 months, for an effective annual yield of 10.25%. Lock up these high interest rates NOW for a full year!

Minimum deposit: \$2,500.

## INTRODUCING A NEW 7-DAY TO 10-YEAR SAVINGS CERTIFICATE.

Now you can choose your own term from Standard Federal Savings. Interest rates vary depending on the term of the certificate, but the interest rate established at the time the account is opened remains in effect for the full term.

Minimum deposit:  
7 Days through 1 Year: \$2,500  
13 Months to 10 Years: \$500

2401 W. Big Beaver, Troy, MI 48064  
313-643-9600

Interest is compounded upon reinvestment at maturity only and Federal regulations require a substantial interest penalty for early withdrawals from certificate accounts.
