The Canton Connection

CANTON POLICE are alerting residents about "gypsy season." When the weather warms up, "con artists from Texas, Florida, New York and Chicago" begin making their way to the Canton area, said Det. Eddie Tanner.

"Everyone wants to do your roof, black top jobs, or paint jobs. If they do a pitch, don't let them come in the door for anything unless you have a contract. If you give one a drink of water, the other ransacks your house."

Above all, don't give "workmen" any money, and don't let them drive you to the bank to get money, advises Tanner. "It's hard to catch these people. If any show up, get a license plate number and give us a call. Then we can stop them and document them and get a head start right there," he said.

CANTON TOWNSHIP trustees recognized the 50th anniversary of Meijer Thrifty Acres at their board meeting May 22. A resolution was presented by Supervisor James Poole to the manager of the Canton Meijer's, the largest operating Meijer Thrifty Acres complex.

The store was praised for providing employment to thousands of Canton residents since its opening in 1974. The business was founded in 1934 by Dutch immigrant Hendrik Meijer, a barber, in Greenville, Mich.

JAMES KOSTEVA, township planning director, requested a leave of absence at the May 22 board meeting.

Kosteva is asking for the six-month leave so he can concentrate on campaigning for state representative in Michigan's 37th House District. The board referred Kosteva's request to administration and the personnel director, instructing them to draw up a tentative contract for Kosteva. The action would enable the planner to be employed as a consultant.

"PLANT-UP Week" continues through Thursday as part of Canton Beautification Committee's three-week beautification plan.

The committee encourages residents to plant trees and flowers to enhance the beauty of Canton. Impatiens has been designated as Canton's Sesquicentennial flower.

"ADOLESCENT SUBSTANCE ABUSE: What Every Parent and Teen Needs to Know" is the subject of a community program offered Thursday by the Oakwood Hospital psychiatric nursing staff as part of National Mental Health Month.

The cost-free program will be presented at 8 p.m. in the Oakwood auditorium, 18101 Oakwood Boulevard, Dearborn.

Current problems, trends and patterns relating to substance abuse will be discussed. Community resources will be shared with parents and teen-agers.

Social workers Jerry Johnson, director of addiction services, Royal Oak, and Richard Smith, director of Smith Counseling Services, Royal Oak, will speak.

Participants should park in the visitors parking structure at the rear of the hospital and bring their tickets with them to assure free parking.

CATHERINE MCAULEY Health Center President Robert E. Laverty recently honored Canton residents Timothy Banks and Deborah Conlist at the Health Center's annual Employee Recognition Banquet.

Employees honored have worked at the center, operated by the Religious Sisters of Mercy, for 10 to 35 years.

Mobile homes:

By Jean Adamczak
staff writer

Several hundred home sites will be developed in Canton as the result of action taken Tuesday by the Canton Township Board.

Trustees voted to amend three parts of the zoning ordinance creating two separate mobile home park districts at their meeting May 22.

Item Four on the agenda called for board members to "consider amendments to Articles 10, 26 and 30 (of the zoning ordinance) together with other revisions in the zoning ordinance to mobile home parks and create two separate mobile home park districts (RMH-1 and RMH-2)." RMH means residential mobile home.

According to information supplied by the Canton Township Planning Commission, the newly created zoning classification, RMH-2, consists of 1,100-square-foot minimum dwellings placed on permanent foundations upon 6,000-square-foot lots of no less than 55 feet in width.

Board member Robert Padgett successfully moved to increase the property lots to 6,600 from 6,000 square feet.

ACCORDING TO Planning Director James Kosteva, creating a second RMH designation is aimed at establishing higher standards for minimum lots.

Kosteva also emphasized that all units constructed within the RMH-2 District must be permanently secured

to a complete foundation.

Also passed was the rezoning of 79 acres from agricultural-industrial to the new RMH-2 mobile home park designation.

The rezoned property is located in the southwest quarter of Section 28, between Geddes and Newton Roads, east of Beck Road.

Board members debated the two items for more than two hours on Tuesday, ending their lengthy meeting at 11:34 p.m.

Item Five on the board's agenda was the rezoning of 79 acres of property for the proposed site for Wingate, a manufactured-home subdivision on the north side of Geddes Road, west of Canton Center Road.

Teen-age arson suspect sought by Canton cops

By M.B. Dillon Ward
staff writer

Police are looking for a 12-14-year-old girl, suspected in the arson of a Lotz Road residence May 17.

Herbert Wilson, who lives at 1334 S. Lotz Road with his wife Ann, said neighbors spotted the girl riding a bike away from the scene — gazing back at the house as she pedaled — about 30 minutes before they saw flames shooting from the windows.

By the time firefighters arrived, the entire house was ablaze. No one was home when the fire broke out in the family room area, and no injuries were reported. Damage was estimated at up to \$80,000.

WHILE FIREFIGHTERS suspect arson, they still were awaiting laboratory test results from the Michigan State Police at press time. Samples were taken from the house, but firefighters were unable to say what accelerants might have been used, if any.

According to Wilson, the suspect is responsible for several breaking and

enterings, and perhaps fires, in the neighborhood between Cherry Hill and Palmer Roads just east of I-275. Several residents have reported seeing the girl over the last several months, usually on Wednesday and Thursday mornings.

Wilson, a teacher with Wayne-Westland schools, was sleeping at about 10:30 one Wednesday morning during the Easter break when he awoke to find "she actually had come right in my house."

"I heard some rustling in my office, and got up," he said.

"I heard kind of an 'eek' and she ran off. By the time I got to my front door, she was 150 yards away. 'But she stopped, and looked right at me. It was peculiar because she didn't try to run away.' The youngster wore an 'expressionless look' on her face.

WILSON SAID the girl, who has "blondish-brown hair, wears glasses and stands five foot two or three," was implicated in two other neighborhood incidents the same day.

Bruce Wilson, a neighbor but no relation to Wilson, said \$500 in coins, and Easter candy was taken from his house that Wednesday.

A 94-year-old woman who lives next door said the girl climbed a locked and chained fence to get to her door the same day. "(The girl) thought no one was home. But the lady answered the door, and the girl asked whether they needed any cleaning done," he said. "(The woman) watched her leave and climb back over the gate."

WILSON BELIEVES the girl was in his house once before. He and his wife missed a cup of coins from atop a desk, found a bag of chocolate chips stuck in the rug, and discovered some small packaged toys ripped open and left on a bed when they got home from work one Wednesday last February, he said. Wilson didn't report the incident to police until later because he thought then "it was such a weird thing, it's stupid to bother police with silly things," he said.

Ann Wilson once saw the youngster face-to-face when the girl, whose name is unknown to the neighbors, appeared on her porch. "She asked 'Is Michelle home?'" recalled Wilson, who has no children. "I think she was casing the place."

A neighbor encountered the girl in his barn recently.

"My neighbor said she claimed she was 'just passing through,'" said Wilson, who is living in a motel until he can move into a mobile home on his lot and have his house rebuilt.

AFTER A time, neighbors realized "she's got a pattern. She's usually around, riding her bike, between 9 a.m. and noon on Wednesdays and Thursdays. Every break-in around here has been on those days, and the fire was at that time," Wilson added. "She's at an age when she should be in school. She's truant from someplace."

Canton Detective Eddie Tanner confirmed "we have a person over there, about 13 or 14. At this point we're trying to find out who she is, but we can't trace much of anything. It's sort of a Thursday deal."

Tanner has enlisted help from school officials, asking them to see "what schools in the area might have reason for someone to be out on Thursday." Tanner also has requested that administrators check attendance records for someone consistently absent on Thursdays. Middle school students from the area attend Lowell Middle School.

Lowell School Principal Pat Patton said Friday she had "no direct" knowledge of the inquiry. District Attendance Officer Shirley Waters was unavailable for comment.

"Everyone out there (in Wilson's neighborhood) is advised to call us immediately if they see something. We'll be searching the area on Thursdays," Tanner added.

IN WILSON'S LAUNDRY room, the only room not totally destroyed in the fire, firefighters found glass candle holders and a candle stick on the dryer. "We always kept those on the center

Trustee hopeful urges involvement of citizens

"I Care about Canton" will be John Prencick's campaign slogan in his bid for a seat on the Canton Township Board.

"I'm concerned about everything that happens here," said the 11-year Canton resident.

"Canton is young and growing and I want to be a part of it as much as I can."

Prencick believes his 10 years of managerial experience at Ford Motor Co. will be valuable in helping to direct Canton Township.

"The bickering and accusations occurring with the present board has been a detriment to the image of the township," Prencick says.

"I would like to improve the board's image — right now the board is very non-professional."

Prencick believes a board that will project a more professional image will have a better chance of attracting business and industry to Canton, which is one of Prencick's primary concerns.

"Industrial development is needed to broaden and stabilize our tax base," he said.

Further development of present recreation facilities and adding new facilities is another concern.

Prencick's involvement with the Recreation Advisory Committee over the past several years has made him "acutely aware of Canton's needs in this area."

itable basis should be a township goal says Prencick.

"The golf course has generated substantial income for the township since it was purchased several years ago."

Prencick says the increased revenues from the golf course could provide more parks for soccer, junior baseball, adult softball, biking and jogging trails.

"We also need passive-type parks where a family can simply go for a picnic or take a long walk," said Prencick.

Another goal is to get more citizens involved in community events by encouraging people to serve on advisory boards and commissions.

"People should not just let a small number of citizens decide the fate of a project or development for the entire community," he said.

Prencick has never run for or served in a local government position before, and he considers this to be to his advantage.

"This is my first attempt at politics," he said. "I plan to go in open-minded and listen to presentations and arguments and then make my decisions."

"You don't know the whole story until you hear from the people and really listen to them."

A father of two sons, Prencick is active in several Canton Township functions including chairman of the Canton Recreation Advisory Committee, secretary of the Canton Township Building Authority, Canton Golf Course Committee and member of the Canton Township Board of Canvassers.

THREE RIFLES, a shotgun, a handgun and a television set were reported missing from a mobile home at Wagon Wheel Trailer Park. The residence was burglarized sometime May 13 or 14. Entry was gained by prying a window screen from a rear window and pushing the window into the home. Total loss of the items is estimated at \$1,220.

HEAVY equipment valued at \$2,058 was discovered missing from

a garage on North Ridge Street. The owner said the garage was locked except for a side door which was found open the morning of May 14. There were no signs of forcible entry and the owner did not hear any unusual sounds during the previous evening.

A CLOSED GARAGE on Woodbridge Court was entered sometime between March 17 and May 14. Items missing include tools

valued at \$800 and one tank each of acetylene and oxygen gas which is usually used for welding purposes. There are no witnesses or suspects.

CANTON police responded to a "person screaming" complaint on May 20 at a mobile home on Mott Road. Upon arrival at the scene, police observed a man standing on the front porch of the residence holding what appeared to be a long gun.

Officers secured the area and the immediately adjacent trailers were vacated. Before police officers could approach the subject, later identified as Jeffrey Niece, he went back inside the trailer and closed the doors threatening to shoot anyone who approached. According to police, Niece could be heard screaming at someone inside the trailer. After several minutes the subject's mother, Lenora Niece, exited the trailer. The

elder Niece told police the subject assaulted her by beating her and attempted to start the trailer on fire. While Niece was temporarily disarmed, police entered the trailer by kicking in the north door. The man was taken into custody and transported to the police station where he was held overnight and issued a "disorderly person" ordinance violation. Police found a

wooden model of a shotgun, several knives and narcotics in the subject's possession.

Niece was arraigned May 21 before 35th District Court Judge Davis. He pled guilty to the charge and the sentence was taken under advisement for up to one year. Niece was released on \$1,000 personal bond and ordered to stay out of Canton unless driving through.

of the dining room table. But they were set on the dryer with a big was candle in between them. I didn't move them, and neither did my wife," said (Herbert) Wilson. "It's just so weird."

Police are trying, with some difficulty, because of the soot, to lift fingerprints from the candlesticks. Tanner said.

WILSON CONTACTED police and

the Observer because he fears the next fire the girl starts may result in a death.

"People ought to know about her. The next thing she'll do is burn down a home with someone in it, and kill them. There are quite a few senior citizens living around here who would never get out," said Wilson, who suspects the girl is responsible for the repeated burning of a nearby condominium and house.

"Maybe there are others who've

missed change and other things from around the house. If these people would think about it, maybe they'd realize. God, it was a Wednesday or Thursday when that happened."

"AND WHAT?" to keep her from coming back? The whole thing is nuts, but it's sort of scary. She may not even have been doing it maliciously. She's just not pulling with both ears," he said.

Canton police were concerned but

unable to do much after he spoke with them, added Wilson.

"Two of their inspectors didn't even have a car the last couple days," he said.

"I don't want to make trouble for them. I know they're trying as hard as they can. They don't have a large staff — they're pretty overworked."

ACKNOWLEDGED TANNER.

"We spread a little too thin, and there's no way of getting around that

unless we hire a few more people."

The Wilson fire broke out the same day an attempted murder occurred in Canton, creating quite a workload for police.

"It's regrettable we can't give Mr. Wilson better service," said Acting Lt. Alex Wilson Thursday.

"I'm not saying his loss wasn't great, but when there's a personal injury case and a property loss case, one has to take precedence over the other. We're

certainly going to investigate (the suspected arson)," added Wilson, who as signed 143 cases to three detectives in April alone — 103 of them felony cases.

Another officer confirmed the department was down to only four cars last week. He said six new ones are sitting at the DPW yards waiting for radios and radar to be installed, one was being used for the driving school, and three were at the dealership.

State may sue former gas station owner

By Gary M. Cates
staff writer

The former owner of the Union 76 Station at Plymouth and Levan roads may be the subject of a class action suit initiated by the Michigan Attorney General's Office.

The attorney general sent a notice of intended action Tuesday to Leon Stone in regard to the sale of tainted gasoline.

Stone, who sold the station to Kelly Oil, could not be reached for comment Tuesday.

The unleaded gasoline in question reportedly was sold at the station between March 4 and 14.

Motorists who bought the bad gas suffered damage to their engines with repair bills starting at \$500.

According to the Wayne County Air Pollution Control Unit, the gas contained an unacceptable level of gum, which when burned would damage fuel intake valves.

The federal Environmental Protection Agency (EPA) also is conducting testing of the fuel but hasn't released any results as of Tuesday.

"We likely will issue something in the next week or so," said Richard Akerman, of the EPA's Washington D.C. office.

Stone, who owns a chain of stations under the Thrifty Gas Stations name, was cited earlier this year by the EPA on eight counts of having excessive amounts of methanol alcohol in his fuel and five counts of excessive amounts of ethanol alcohol. He faces fines of more than \$100,000 on those counts.

Akerman said the EPA again is looking into the possibility of civil action in regard to the bad gasoline sold in March.

STONE WILL have 10 days to contact the state attorney general's office

before a class action suit is authorized, according to Fred Hoffecker, an assistant attorney general.

"It is our belief that the sale violated the Consumer Protection Act," Hoffecker told the Observer Tuesday.

He said some 40 to 50 complaints about the gas sale have been logged with the attorney general's consumer protection division. Stone reportedly has referred requests for damage reimbursement to his insurance company.

"It is a belief that the insurance company is

hedging that triggered our action," Hoffecker said.

A spokesman for the insurance company, Paul Melnik, told the Observer Tuesday that the company is waiting for test results before settling any claims.

"We are waiting for some chemist to tell us whether the product caused the damage," Melnik said. "We can't pay without documentation. If the tests confirm that we are at fault, we will be happy to pay."

Melnik said he received EPA results but that it didn't nail it

down. The EPA's Akerman told the Observer no one has received test results from his agency.

Melnik said motorists waiting for reimbursement should continue to "hang onto their bills until the proof comes in."

Hoffecker said a class action suit could be avoided if Stone contacts the attorney general's

office and agrees to work out an administrative settlement.

County officials earlier said motorists who sustained damage to their vehicles because of the bad gas should retain proof of their purchase, proof of repairs, and a statement from the mechanic that the gasoline was suspected of causing the damages.

Headed to Hawaii

Lisa LiGreci, 24, of Canton, was named WDIV's "Entertainer of the Year" May 19 in a live broadcast from Fraser's Club LaNette. A monthly winner on the Detroit TV station's January "Music Machine," LiGreci received enough votes in the viewer ballot contest to qualify her as one of three finalists. The mother of one had the opportunity to work in a recording studio, making a performance tape of the hit, "Goodbye to You." Frankie Valli, Casey Kasem, and News 4 anchorwoman Carmen Marjan judged her tape and those of two other finalists, Bert Robinson, 23, of Ann Arbor, and Denise Roemelen, 18, of Warren. LiGreci is pictured here with husband Joe (left) and host Curtie Gadsden during the awards ceremony. The Cantonite was featured in an Observer "Face in the Crowd" story April 23.

ROOTING OUT CORNS

QUESTION: I have been using a liquid corn remover to get rid of my corns, but they keep coming back in the same place. Does that mean I haven't gotten down to the root?

ANSWER: Neither corns nor calluses have roots under the skin. They are simply layers of compacted, dead skin cells. However, the pressure of this hard mass on sensitive nerves can be painful, giving the impression that they are deeply imbedded.

Corns and calluses are caused by friction and pressure. They are ne-

ture's way of protecting sensitive areas. The reason that they grow back in the same place is that the cause of the irritation has not been eliminated. If you wish to "root out" the problem once and for all, you should seek help from a podiatrist.

Stop mudslinging in presidential campaign

When a fellow is enjoying every minute of his life, whether it be while he is sitting in his easy chair at home, working the flower and vegetable beds in the backyard or just pulling weeds, it is rather strange that he should be wishing part of his life away.

Yet, that's what is happening to The Stroller who throws down the morning paper at the breakfast table and wishes that election day was yesterday.

He has lived through many Presidential election campaigns, but none seems to upset him more than the verbal battle between the three candidates on the Democratic slate who are now touring the country throwing mud at each other.

When he reads these tirades each morning, he can't help but wish that not any one of these three is successful in his bid for residence in the White House.

If such a thing should happen, after these slurs slung at each other, one can't help think that we will have a President with a dirty face.

WHEN THESE campaigns were inaugurated it was with the idea that a candidate could appear before the American people and sell his program — not to knock down his rival. Yet, that is what is happening.

And it will get worse when the two candidates are named to go down the stretch to election day in November. That's when real mudslinging will fill the papers and the air. And one of the real questions coming out of the present campaign is why have a Democratic convention if Walter Mondale, the former vice president, gets enough delegates on his side before the big meet opens in San Francisco?

When that session opens, the big issue will have been settled — unless there is some mind changing before the opening gavel falls. So, it does seem like a waste of time to hold it at all, except to attract tourists to the Fish Market and the cable cars out on the Pacific coast.

Well The Stroller recalls a Republican Convention years ago in Philadel-

the stroller
W.W.
Edgar

phia when Wendell Wilkie was named as the candidate to face FDR. His name alone had settled the issue once the big meet opened.

He had arranged a group of cheerleaders who kept chanting at every opportunity. They kept yelling "We Want Wilkie," "We Want Wilkie." They

shouted down every attempt to name anyone else. And what happened. They got Wilkie the nomination in one of the most unusual of all conventions. It mattered little that he lost the final battle and FDR kept the Presidential role. But there was no touring up and down the country in a mud-slinging battle. And that's the way it should be.

There should never be a man sitting in the oval office with a dirty face — the dirt coming from a campaign of mudslinging.

Sometimes the dirt never is removed

and the top man must live with it through his stay at 1600 Pennsylvania Avenue.

So let's quit — the mudslinging by changing the program and let the conventions select the candidates without making them tour the country. The tour was meant to sell one's self — not to run down the other fellow.

That's why The Stroller is willing to give up a few days of his enjoyment of life — if only election day was yesterday.

Beautify Canton

To the editor:

I spent the first 36 years of my life in Saginaw and Saginaw Township. It is a nice place to be from. The last 2½ years has been spent living here in Canton and I hope to live 30 or 40 more years here, in Canton.

My family and I have visited a vast number of suburban towns and found them too large, too small, too expensive, too saturated with towering buildings and large highways, too dirty, too run down, too... well you name it.

Since living in Canton we have decided this is a community we can grow with. We have two businesses we are establishing in Canton, three children who will grow up saying "We're from Canton, Mich." and a puppy dog who naturally can't say anything.

Upon deciding Canton was "it" for our family, our businesses and our future, I looked for a way to become a part of our community. A way to serve and a way to get to know and work with the many people who work, live and govern Canton and its growth.

Canton's Beautification Committee was my first answer. Every community I visit I look for cleanliness, nice homes, big trees and lots of flowers and a business community. A business community with unique shops and specialty stores owned by entrepreneurs who are friendly and give personalized service. Perhaps this doesn't exactly sound like the Canton we know today; however, I have a dream and I plan on working hard to help direct Canton into becoming that community. We have the room and the people to develop into a (township) like no other.

As chairperson of the beautification committee I am working toward the cleanliness, the flowers, the trees. There are currently five people on our board. We need two more people to fill our board's quota of seven members. Our meetings are held the first Thursday of each month at the township hall at 7 p.m. They are open to all Canton residents.

If you would like Canton to be cleaner and more beautiful we need you. We need your ideas, your input, your physical help, your support. We would like to see at least one representative from each sub and anyone else who would like to work with us.

Our current clean-up, fix-up, plant-up project is to encourage our residents to show their pride in their community by cleaning up all the properties of Canton, public and private, business and residential — to fix up homes, businesses, public buildings and "fences" that are in need of minor or major repair.

Canton is currently plagued with fences of all shapes, sizes, color and condition. Some of our roadways are like running a gauntlet. If you have a fence that is in need of repair, please fix it or tear it down. If it needs painting or staining, please paint or stain it. If you won't do any of these things then consider covering it with a few well-spaced, rapid-growing ivy plants on the street side. The greenery would do wonders and the cost would be minimal.

Perhaps your home is well landscaped and planted with flowers... well then you are cordially invited to help us plant and landscape Canton starting with our "Welcome to Canton" corner at Joy and Sheldon. Pending approval by Wayne County Road Commission to beautify this property owned by them, we will be planting trees, shrubs and flowers along with a lovely sign and park bench.

The Apperun Garden Club has agreed to help us, however, together we total maybe 10 to 12 people. This fantastic corner transition is to take place (at the end of) May and we need more workers with shovels, rakes, cultivators, weed wackers and muscles.

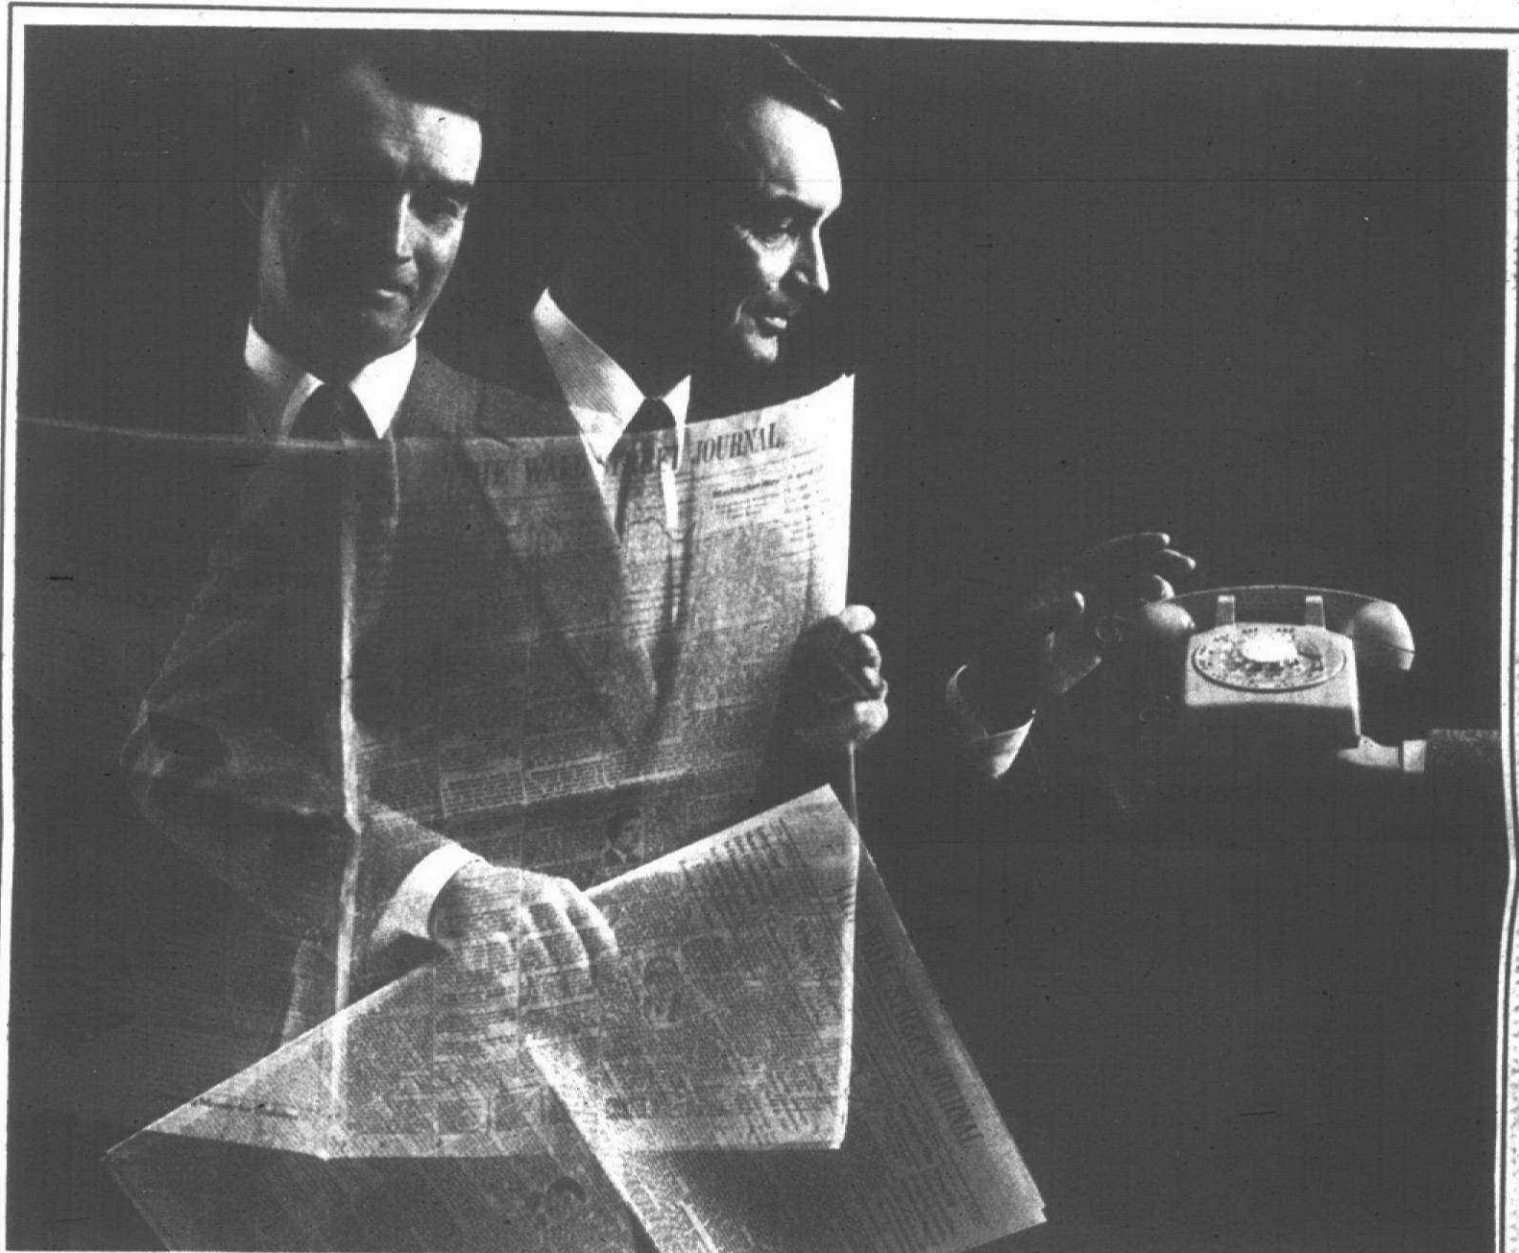

I'm sure everyone realizes that the success and effectiveness of any committee depends on its support. Our committee has thus far worked very hard and has been successful with the excellent support and help from our township board and department people.

We have had your support in our "Make Canton Glow" fundraiser last December. (Weather permitting this year's glow project should really light us up.) We apparently had your support in this week's clean-up since our dumpster was filled with trash. (I apologize for not being there to thank you in person, however we went cleaning too.)

Now we are asking for your help on our corner project. Since we will not be holding another meeting before its completion, call me at 459-6769. We would like to compile a list of residents interested in working with us on this as well as future projects. Once again, We Need You.

As for the rest of my dreams for Canton, well watch for our grand openings and if you have a dream for a business of your own, "think Canton," and I'll watch for your grand opening. Together we can make Canton the best, most desirable community in Michigan.

Donna J. Belzer,
Chairwoman,
"Your" Canton Beautification Committee

Salem High honors its 1984 class of academic achievers

A number of seniors were honored last week for academic achievement at the Honors Convocation of Plymouth Salem High School.

Among those honored were principal's academic award recipients, departmental honor key award recipients, presidential academic fitness awardees, Michigan Competitive Scholarship Program selectees and those receiving scholarship awards.

Jump rope raises dollars

A total of \$8,084 was raised by students at East Middle School during their Jump Rope for Heart held earlier this month.

Members of the winning team, which raised \$542, are Julie Ellenwood, Nicky Calloway, Terra Wallenweber, Chris Fife and Troy Gracherio.

The school conducted the event as a community service project. The project was developed by the Michigan Association of Health, Physical Education, Recreation and Dance. The event stresses the importance of physical education.

"Everyone had a great time, and we already are making plans for next year," said Doris Pipkens, school coordinator.

Proceeds from the event will benefit the American Heart Association of Michigan in its effort to combat heart and blood vessel disease through research, risk factor education, CPR training and professional education.

Wash car and fight defects

Get your car washed between now and June 3 and help provide a gift of love to young victims of 20 serious and potentially fatal diseases.

During that time a portion of what you pay for the car wash will be contributed by Colony Car Wash on Ann Arbor Road in Plymouth, Lighthouse Car Wash on Ford Road in Canton, or at Main Street Car Wash on Main Street in Plymouth.

Each car wash has agreed to donate a portion of each car wash from March 29 to June 3 to the March of Dimes.

Through its research the March of Dimes Birth Defects Foundation has made bone marrow transplants safer and a tablespoon or two of bone marrow from the right person can be lifesaving.

The March of Dimes also works to prevent strokes in newborns, aiding sick babies, helping women with high-risk pregnancies, and a host of other problems.

"There is no greater joy than to have a healthy, beautiful baby," said Bob Townsley of Colony Car Wash. "But not all babies are so fortunate — 250,000 infants are born each year with physical or mental defects. The March of Dimes Birth Defects Foundation works to save babies and that's why we are joining this campaign."

Through its national association (the International Carwash Association/National Carwash Council), the industry has pledged to raise \$225,000 in 1984 for the March of Dimes.

Coach Tohomann will be missed

To the editor:

I am disappointed to learn of Coach Fred Tohomann's resignation.

The time and effort he has given to our young adults, as do so many sponsors of extracurricular activities, is priceless. The positive effects of school-based activities cannot be overemphasized. They provide an arena in which both the academic elite and disadvantaged can participate.

The range of personal achievement and development varies with each activity, but it can extend from participant to star, from a personal best to most outstanding member. However, the attitudinal and character development which evolves from these activities is not a given. It is created when the adult leadership encompasses the

dedication, interest and ability to work effectively with high schoolers that so personifies these educators.

And so, when the importance of these activities is undermined through program reductions and low salaries, we lose the quality of staff we now see leaving. And I am sorry and surprised our district is allowing this to happen.

In summary, I believe the work of these coaches (athletic, debate, drama, radio, honor society, music) and the many others not mentioned, is invaluable, and it is tragic that more financial and political emphasis and appreciation is not given to these roles in the education of young people.

DIET, NUTRITION, AND ARTHRITIS

A sensible diet is a sensible arthritis diet. The argument presented by people who urge special diets, or supplements of vitamins, minerals and trace elements as treatment for arthritis is "since doctors don't know the cause of arthritis, how do you know such additions won't help?"

It is true that the cause of most types of arthritis is not known. However, the events that perpetrate joint inflammation are understood in detail. On the basis of this knowledge it is clear that there are no special diets or nutritional supplements that will stop the body's inflammatory response.

The diet advocates respond by saying: "If it can't help, it can't hurt." Not true. Very high doses of vitamin C can cause bladder irritation, and supplementation with the trace metal selenium has resulted in hair loss, extreme fatigue and skin disorders. Furthermore, such supplements are expensive.

Meals based on meat, grains, vegetables, fruit, milk and milk products balanced with a total number of calories to maintain a proper weight, has been and remains a good arthritis diet.

Flower, garden festival has exhibits, entertainment

A Garden City tradition will resume this weekend when the annual Flower and Garden Festival will be held, complete with three days of free, live entertainment, sidewalk sales, parade, fun runs, arts/crafts exhibits and flea market.

The event, also known as the Spring Festival, will be expanding this weekend from the Garden Plaza downtown corner to nearby business sections on Ford and Middlebelt.

An added feature this weekend will be displays of new cars, vans and recreational vehicles from area auto dealers, plus children's rides.

NEARLY 60 arts and crafts exhibitors have registered for the event, which starts at 3 p.m. Friday and continues all day Saturday and noon to 5 p.m. Sunday.

To help spruce up the traditional name of the festival, at least eight members of the Metro Detroit Growers Association will have quantities of flowers on hand.

The festival is sponsored by a committee of the Garden City Chamber of Commerce and includes members of the chamber's board and other community groups.

The festival was begun in 1981 to make people more aware of the improvements and changes in the Ford-Middlebelt business section.

Hours of the festival are 3-9 p.m. Friday, 11 a.m. to 9 p.m. Saturday and noon to 5 p.m. Sunday.

To help promote the public's awareness of the festival, businesses have bought the first batch of colorful banners to be displayed this week and throughout the festival from utility

poles along Ford and Middlebelt.

The live entertainment will be on a portable stage directly behind the Silver Bowling Lanes, on the northwest corner of Ford-Middlebelt, and is for persons of all ages.

THE FLEA market will have 15 tables open for bargain-hunters on the east side of Middlebelt, one block north of Ford, Saturday and Sunday.

The parade, scheduled for 11 a.m. Saturday, will include the Garden City High School marching band, which is scheduled to return the previous night from its week-long trip to Colorado.

The parade will start at Moeller Field, north and west of Ford-Merriman corner, proceed east on Ford to Middlebelt and north to the high school parking lot.

The popular fun runs will start at

8:30 a.m. Saturday directly behind Garden City city hall, 6000 Middlebelt.

THERE WILL be routes of one mile, 3.1 miles and a one-mile walk for older persons and the less-ambitious.

All entrants will receive a T-shirt. The event, sponsored by the school district's community and adult education department, will have ribbons awarded to the top three finishers in each age and sex category.

Merchants will have tables outside their stores to display sale items.

Community service groups will have food booths.

The auto displays will be behind Garden City Auto Parts on the northwest side of Ford-Middlebelt and in front of Pearle Vision Center, on the northeast corner.

Music, dancers, part of festival

A full schedule of free, live entertainment is planned for the Garden City Flower and Garden Festival to be held this weekend.

Entertainment chairwoman Sue Discher said there will be entertainment for all ages on a portable stage directly behind the Silver Lanes bowling alley, on the northwest corner of Ford and Middlebelt.

The Friday schedule opens at 5 p.m. with Artattack, a rock band, followed by a demonstration by the Wayne-Garden City Karate Studio at 7 p.m.; a fashion show "extravaganza" with music by Hair Hut employees at 7:15 p.m.; and "Sweet Surrenders," a group performing the top 40s songs.

The fun will resume at 11 a.m. Saturday with the fourth annual festival pa-

rade, to start at Moeller Field and proceed along Ford and Middlebelt to Garden City High School's parking lot.

It will be followed at noon by presentation of awards to winners of the festival poster contest, held in local public schools; the Untouchables band at 1 p.m. playing music from the 1950s and '60s; the Wayne-Garden City Karate Studio and the Untouchables again, with the Robert Lee Dance Studio at 4 p.m.; Shindiggers square dancers at 5 p.m.; Tommy Trash rock and roll band at 6 p.m.; and Black Magic rock band at 8:30 p.m.

The Sunday performance features a country band, Hogwild, at 1 p.m. and Robert Lee Dance Studio at 4 p.m.

THE ARTATTACK group was for-

merly known as Boucher and consists mainly of Garden City musicians led by Garden City's Dean Bouche.

The karate studio is run by a husband-and-wife team, Ron and Chris Rose. They will demonstrate self-defense techniques. The couple teaches classes at Maplewood Community Center.

The Hair Hut fashion show with music was a popular feature of the past three years' festival entertainment. Fashions will reflect the modern, total look incorporating hair, makeup and clothes.

Sweet Surrender features Bev Holcomb, a former Miss Livonia, as the lead singer.

The Untouchables will make their debut in the festival Saturday after

they were rained out last spring.

The Lee Dance Studio will have its outstanding young students performing under the direction of Pat Edwards, her daughter, and their staff.

The Shindiggers is an energetic group of square dancers of all ages with Lou Watson doing the calling.

Tommy Trash is a unique presentation of rock and roll by four musicians.

Hogwild consists of Ken Schettling on the guitar, harmonica, and the vocals; Mark Stanger on lead guitar and vocals; John Peter on the bass guitar and vocals and drummer Mike Smith.

The group plays class and top 40 selections from the 1950s and '60s. The musicians have performed in Garden City and downriver clubs as well as the Garden City Jaycees' fall festival.

A sure sign of spring is this sign to tell about the Garden City Flower and Garden City Festival, scheduled for Friday, Saturday and Sunday at the Ford-Middlebelt business section.

Marie Karwan, Garden City High School senior, designed this Flower and Garden Festival poster which won first place in its division in a schoolwide contest.

HAPPY REUNION!

Please Family and Friends with Ever-Popular Potato Salads and Turkey

People, like ground hogs, often stay "holed up" during the cold wintery months. But with the advent of warm weather, nothing brings more pleasure than a gathering of the clan. Find an excuse like a birthday or anniversary, a holiday celebration or graduation party — or make an excuse and plan a special day to warm up old friendships.

The foods you choose can add a lot to the warmth and friendship of the occasion. Plan on foods that are not too time-consuming to prepare. Economy should also be kept in mind. And, most important, the foods should have universal appeal. Two foods that are loved by all, from young tots to elderly patriarchs, are Idaho® potato salads and turkey.

Turkey is not only a popular choice, but it is also economical. Additionally, it is a nutritional bonus supplying plenty of protein with little fat. One hundred grams (a 3-1/2 ounce serving) of roasted turkey breast contains 29 grams of protein and only 7 grams of fat. A 3-1/2 ounce serving of ground turkey supplies 16 grams of protein, with only 15 grams of fat.

Golden Turkey Breast Roast with its lovely sweet-and-sour apricot glaze would make a delightful selection for any family gathering. When it comes to turkey, white meat is a popular choice and the breast, of course, offers just that.

Mini-Turkey Meatballs will please all. The spicy turkey balls are easily assembled and baked in the oven (no messy sautéing on the stove top). Just before serving, simmer in a robust sauce.

Idaho potatoes, because they are so mealy and full of flavor, make for the most satisfying salads. But let's face it: if a dozen people are coming for dinner, that's a lot of spuds to cook, peel and dice. A clever solution is offered in dehydrated packaged potatoes. Because they're made from the world-famous Gem State Spud they have the same great taste and mealy texture as fresh, but are marvelously convenient to prepare. For maximum quality, be certain to look for the State of Idaho seal on the carton or bag.

Both potato salads featured are so interesting it might be difficult to select only one. Jiffy-Idaho Potato and Egg Salad is nutritious made with hard-cooked eggs, dressed with creamy mayonnaise blend. The Cucumber and Potato Salad au Gratin is a bit more unusual. The lively tasting dressing includes sour cream with dill and tarragon for spice.

GOLDEN TURKEY BREAST ROAST

- 1 turkey breast roast, about 5 to 6 pounds
- 4 slices bacon, diced
- 1 medium-size onion, finely chopped
- 1 tablespoon flour
- 1 tablespoon sugar
- 2 teaspoons curry powder
- 2 teaspoons instant chicken bouillon
- 1/2 teaspoon salt
- 1 cup apricot nectar
- 3 tablespoons lemon juice

Place turkey roast, breast-side-up on rack, in shallow roasting pan. Brush with melted butter or margarine, if desired. Roast at 325°F. for about 22 minutes per pound. Meat thermometer should register 170°F. when done. While turkey roasts, sauté bacon until almost crisp in a medium-size saucepan; remove with a slotted spoon and drain on paper toweling. Stir onion into drippings; sauté until soft. Blend in flour, sugar, curry powder, chicken bouillon and 1/2 teaspoon salt; cook, stirring constantly, until bubbly. Stir in apricot nectar and lemon juice. Heat, stirring constantly to boiling; simmer 5 minutes, or until mixture thickens slightly. Spoon over turkey breast the last 30 minutes of roasting time, every 10 minutes or until breast roast is tender and richly glazed.

Yield: About 12 servings.

JEFFY-IDAHO POTATO AND EGG SALAD

- 2 packages (5.5 ounces) Idaho® hash brown potatoes
- 3-1/2 cups boiling water
- 1 cup chopped celery
- 1/2 cup chopped scallions
- 6 hard-cooked eggs, peeled and chopped
- 2 tablespoons chopped parsley
- 1 cup mayonnaise
- 1/2 cup milk
- 2 tablespoons prepared mustard
- 2 teaspoons salt
- 1/2 teaspoon pepper
- Dash cayenne pepper

Place hash brown potatoes in mixing bowl; pour boiling water over potatoes and let stand until water is absorbed, about 10 minutes. Add remaining ingredients and mix well. Cover and refrigerate until serving time.

Yield: 10 to 12 servings.

MINI-TURKEY MEATBALLS

- 3 pounds ground turkey
- 1/2 cup fine dry bread crumbs
- 1 cup tomato juice
- 3 teaspoons prepared horseradish
- 3 cloves garlic, crushed
- 1-1/2 teaspoons salt
- 1/2 teaspoon pepper

Combine all ingredients, mixing well. Shape into 1-inch balls. Place in a single layer in large lightly oiled baking dish. Bake at 450°F. for 20 minutes. Remove from oven, place meatballs in a casserole dish, cover with sauce, simmer 5 minutes and serve.

- Sauce: 3 tablespoons butter or margarine
- 1 medium onion, chopped
- 3 tablespoons flour
- 2-1/4 cups beef broth
- 1/2 cup dry red wine (optional)
- 3 tablespoons brown sugar
- 3 tablespoons catsup
- 2 tablespoons lemon juice

Heat butter in a large skillet, add onion and sauté until tender. Blend in flour; gradually add broth, stirring constantly. Add remaining ingredients. Cook over low heat 15 minutes and pour over cooked meatballs.

Yield: 12 servings.

CUCUMBER POTATO SALAD AU GRATIN

- 2 packages (5.5 ounces) Idaho® au gratin potatoes
- 7 cups water, divided
- 4 tablespoons lemon juice
- 1/2 teaspoon salt
- 1/2 teaspoon dried leaf tarragon
- 2 tablespoons chopped fresh dill or 1 teaspoon dried dill weed
- 1 cup sour cream
- 1/2 cup milk
- 1/2 cup chopped onion
- 2 cucumbers, pared, seeded and chopped

Remove sauce packet from potatoes. Heat 3 cups water to boiling in medium saucepan. Add potatoes, cover and simmer 12 minutes, just until potatoes are tender. Drain and rinse with cold water; drain well. In large skillet, blend remaining 1/2 cup water, lemon juice and seasoning packet. Add salt, tarragon and dill; stir over medium heat until mixture thickens and comes to a boil. Stir in sour cream and milk. In large bowl, combine potatoes, onion, cucumber and dressing; mix well. Cover and refrigerate until chilled.

Yield: 10 to 12 servings.

Americans consume 20 times needed amount of salt

Salt is second only to sugar as an additive in the American diet. As a consequence, medical scientists find we ingest 10 to 20 times the sodium our body needs or can eliminate. Most dietary sodium comes in the form of sodium chloride, commonly called table salt. This is 40-percent sodium and 60-percent chloride. One teaspoon of salt contains 2,000 mg (2 grams) of sodium.

A number of recent studies have indicated that over-consumption of sodium is linked to hypertension (high blood pressure) which is, in turn, cited as a major cause of heart and kidney disease, stroke and death.

Behavioral scientists tell us that our early vegetarian ancestors ate very little salt, probably less than 500 mg a day. Even today, it is agreed that physiologically we need less than 1,000 mg (1 gram) of salt in our daily diet. In spite of that we are eating as much as 25,000 mg to 35,000 mg a day. Because early man used little salt our bodies hoard sodium and excrete potassium. This creates the problems with our bodies.

The introduction of excessive amounts of highly salted foods into the diet of our young has resulted in a population which averages five to ten teaspoons (2,000 mg per teaspoon) of salt per day in its diet, although the body needs only a fraction of that amount. The result is 50-million persons in the United States suffering from high blood pressure.

IN MANY foods salt is added by manufacturers to heighten the flavor. Bakers use salt to help control yeast actions and reduce water absorption to make better dough. Saltier crust also has a more attractive color.

Sodium is added to butter and dairy products as a preservative. When vegetables and other products are canned, the makers add large amounts of sodium. For instance, fresh garden peas contain only 3 mg of sodium per five-ounce serving, while canned peas, the same serving, contain 350 mg. Over 100 times as much.

A nutrition task force of the non-profit Consumer Education Research Center has studied this situation and compiled a book to help break the salt habit. It lists the salt content of over 800 foods, liquors and medicines. The book "Salt and Your Health" is available for \$5 (including postage) from CEREC-Salt Project, P.O. Box 336, South Orange, N.J. 07079.

Even pets are given diets extremely high in salt content. The makers say that this is necessary to encourage the animals to eat the products. However, meat-eating wild animals eat no salt except that found in the other animals they eat. Thus we subject the pets we love to the same diseases that we cause in ourselves.

According to Robert L. Berko, executive director of the Center, there are many ways to season foods without salt. For instance, he says, the flavor of asparagus can be enhanced by using garlic, lemon juice, vinegar or onion. For beef, Berko suggests using bay leaf, dry mustard powder, green pepper, marjoram, fresh mushrooms, nutmeg, onion, pepper, sage or thyme. The book lists alternate seasonings for meats, fish, poultry, vegetables and soups.

THE CONSUMER leader cautions against the excessive use of salt substitutes since they use potassium in place.

of sodium and can result in problems associated with too much potassium. "For those who require more specific ways to avoid sodium, we have included low-salt recipes and sources where other recipes can be found," said Berko.

"We think we can tell what foods are salty. Add many times we are right. Obviously sauerkraut, pickles, potato chips and herring are salty. But did you know that two slices of Pepperidge Farm White Bread (234 mg) contains more sodium than a one-ounce bag of Lay's Potato Chips, that 1/4 cup of cottage cheese contains as much sodium

as 32 potato chips or that 1/4 cup of Jel-Ro Chocolate Instant Pudding and Pie Filling (404 mg) gives you more sodium than three slices of Oscar Meyer Sugar-Cured Bacon (302 mg)?

"Did you know that dehydrated chicken or beef noodle soup contains 1200 mg. of sodium and Parmesan cheese (grated), 528 mg. per serving. Regular whole milk contains 195 mg. per eight-ounce glass while instant whole milk delivers 470 mg. A modest serving of canned shrimp brings you a giant 1,995 mg. chili con carne with beans (canned) 1,194 mg. per cup; stuffing mix 1,131 mg. and Kentucky Fried

Chicken (3 pcs.) a whopping 2,285 mg. of sodium. Most adults need less than 1,000 mg. of sodium per day for their physiological well-being.

"We must be vigilant and know the sodium content of the foods we eat, and it is essential to our health that we develop a plan to reduce our salt intake," he stresses.

The Center's study suggests that we immediately cut down to half the salt we normally use in our cooking and reduce gradually from there. Don't add salt before tasting foods. Replace foods high in salt with those low in salt content. Try to prepare as much of the food you eat as possible. Manufacturers use three times as much sodium in cooking as the home cook.

Favorite local recipes found in new cookbook

Ah, the memory of that delectable marbled cheesecake you savored at MacKinnon's or Northville. If only you could whip one up yourself. No problem. MacKinnon's cheesecake is included in "Fiddler in the Kitchen," a cookbook put together by the National Council of Jewish Women, Greater Detroit Section.

Among the 300 tested recipes are 20 favorites from local restaurants and the files of celebrity cooks. What's more, special features abound in this special book. There are recipes using food processors and microwave ovens. There are equivalent and substitution guides as well as pages of helpful hints. Did you know, for instance, that dental

Ross is also great for trussing a turkey, or that you get more popcorn per ounce by storing kernels in the freezer and popping them unhatched? And for those who adore desserts, there are 70 featured in the dessert section, 21 of them chocolate.

Cost of "Fiddler in the Kitchen" is \$8.50 per copy. Books are obtainable at Bookstall on the Main, 116 E. Main, Northville, Plymouth Book World, 2 Forest Place, Plymouth and Plymouth Book World Volume II, 844 Pennington, Plymouth. Take more than appetite to parties

After some pleasant correspondence with Patricia Scott, executive vice president of the Michigan Beef Industry Commission, I'll be one of the five judges at the statewide beef cook-off Saturday, 1-3 p.m., at Michigan State University. I look forward to meeting any of you interested enough to witness the baptism of a cook-off judge.

When I'm invited to a party, I like to bring something more than my appetite. So I often volunteer to prepare a dish such as an appetizer.

My favorite carry-over hors d'oeuvre is Swedish meatballs for several reasons. First, I can prepare the meatballs at home with a minimum of effort. Secondly, I can let my electric slow cooker do half the work before I arrive at the party. Most importantly, the meatballs can continue cooking at the party and then stay warm in the convenient Crock-Pot.

At a recent party, where the hostess served a breadless appetizer of ham and cheese squares toothpiked with pickle, my meatballs were a hit. There were a couple of youngsters who hung around the buffet table devouring the meatballs like they hadn't eaten in several days. One of them did come up with an excellent suggestion.

"Why don't you put them on toothpicks," the girl said. She helped me, then even took the tray around. There was plenty of dancing. The guests also did their share of eating. We almost ran out of toothpicks — and meatballs.

SWEDISH MEATBALLS
2 1/4 cups plain bread crumbs
1 1/2 cups milk
2 1/2 lbs. ground beef
1 lb. ground pork
3 eggs, slightly beaten
2 onions, finely chopped
2 1/2 tsp. salt
1 1/4 tsp. dill weed
1/4 tsp. allspice
1/4 tsp. nutmeg
6 tbsp. margarine
2 1/4 cups beef broth
1/4 tsp. black pepper
1 cup half and half

In large mixing bowl, soak bread crumbs in milk 5 minutes. Add ground meats, eggs, onions, 2 teaspoons salt, 1/4 teaspoon dill weed, allspice and nutmeg, mix well and refrigerate covered 1 hour. Shape meat mixture into 1-inch diameter balls and lightly brown in hot margarine in large skillet, placing meatballs as they are browned in 4 1/4-quart electric slow cooker. Combine broth, pepper, half and half, 1/4 teaspoon salt, 1 teaspoon dill weed, some pan drippings and pour over meatballs. Cover and cook on low heat 4-6 hours. Yields 95 meatballs.

A real earful

The U.S. corn crop covers about 80-million acres of farmland, and generates about \$13 billion in revenue each year. At Del Monte Corp., the largest U.S. producer of canned corn, more than 225,000 tons were processed in 1983.

Dreamy tips
Tender tea breads, moist and chewy cookies and high, handsome cakes — this is the stuff dessert dreams are made of. And here are tips to make those dreams come true.

• Plan ahead. Before starting, read the recipe thoroughly and make sure you have all ingredients and equipment needed. Do any advance preparation required. Remember, baking in many ways is a science, and the best results come from following a recipe carefully.

• Use shiny metal pans, or those with a non-stick finish.

Monday, May 28, 1984 (C&P)

Brandy Tillman of Canton, 4, graduates this month from the PLUS program.

Kenny Miller, 4, of Plymouth brushes his teeth at the preschool class to the tune of "This is the way we brush our teeth, so early in the morning."

Rebecca Kacvinsky, 4, of Canton learns to pronounce her vowels properly.

PLUS marks 10th anniversary

Starting in kindergarten holds no fear for graduates of the Plymouth Canton Community Schools PLUS program. As 4-year-olds, these children had the advantage of a head start in the experience of going to school, learning their colors and counting. They even learned how to do some simple cooking.

Pupils Learning Useful Skills, or PLUS for short, marked its 10th anniversary this month. The project was started as a joint venture involving the school district and a federal grant (Title I) in the fall of 1974. John Howe, Larry Miller, Beverly Marshall, David Rodwell and Mary Fritz were active in designing the program.

Their work was influenced by the district's early childhood committee's recommendation that advocated a program for 4-year-olds that would also include classes for parents.

RESEARCH FINDINGS stressing the positive effects of earlier school ex-

perience for 4-year-olds, made preschool education a priority project for Title I projects in Michigan.

In 1974 PLUS contained two unusual components, the school group and the home group. Approximately 100 children and their parents were involved in PLUS. The school group had four classrooms for each group. The classes for parents and children ran concurrently, Monday through Thursday.

The children's curriculum included a sequential skill development program based on an individual assessment of each child's skills.

PARENT CLASSES included instructions on activities that parents could work on at home. These activities reinforced skills introduced at school sessions. Child management and other and other topics dealing with family

living concerns also were part of the parent curriculum. Joint experiences and field trips for child and parent were included in the program curriculum.

Free physicals were available to the children. The home group consisted of three separate neighborhood clusters of parents and children. Small groups of children met weekly in neighborhood homes for class with sessions led by the mothers.

A PLUS teacher coordinated and helped teach the classes. Parents and children attended classes on Fridays. A third component of the program was the follow-through support services at the Chapter I elementary schools. The helping teachers gave extra help in reading and math to small groups of children.

These are the PLUS components today, with slight modifications.

Register now for fall PLUS

Registration for the PLUS Preschool for both Chapter I and Head Start children for fall 1984 is in progress. Children must be 4 on or before Dec. 1 and live in the attendance area of Starkweather, Field, Erikson or Gallimore elementary schools.

Children who are 3 and 4 before Dec. 1 and whose families can meet low-income criteria are eligible for Head 451-6656.

PLUS mothers attend a special 10-year anniversary program. Peg Tracey (left), guest speaker, is introduced by Mary Fritz, director of the pre-school program.

THE PROGRAM opened its doors at Farrand School in October 1974. The attendance area schools were Starkweather, Isbister and Central (now Field).

Mary Fritz was program director and staff members were Doris Balconi, Sue Steele, Roxanne Sparkman Shirley Pearl and Marilyn Anason were the first secretaries. Early Title I helping teachers working at the schools were Sherry Lessens, Phil Radant, Mike Tarrow, Linda DuVall and Mary Ebmeyer.

Mary Fritz said, "Much praise goes to that early staff and the parents for suggesting modifications. Support and consultant help from the central office was invaluable. Title I building principals, Larry Miller, Beverly Marshall and John Howe as well as Farrand principal Anne Welch gave assistance that gave the fledgling program a chance to take off and grow."

THE PROGRAM began at Central Middle School in 1977 and is still there today.

The Head Start program was incorporated into PLUS in 1978. This added a 3-year-old home visit component to the program with new activities in parent involvement. Two parent organizations worked within the program, including parents from pre-school and elementary schools.

Parents attend meetings featuring topics geared to better understanding of the education of the children. They also have an opportunity to give input to program design.

The Head Start Policy Committee elects officers and conducts meetings allowing parents to help make decisions on the implementation of goals. They sponsor fund-raisers for parents' activities and also help implement the vital Parent Volunteer Program.

MORE THAN 350 children from the Field, Eriksson, Gallimore and Starkweather school areas are now involved in the programs.

Teachers are Mary Lou Boyd, Cindy Gresen, Mary Ebmeyer and Natalie Wright. Betty Bette, Judy Perko and Nancy Bandli are educational aides. Janet Lauchner and Jan Metzner are educational aide home visitors. Wilma Arnold is program aide and Debe DeJaeger is secretary.

The school support staff includes Marilyn Thams, visiting nurse; Jan Migyanka and Karen Lambert, language development teachers; JoAnne Schiavach, Jan Wade and Judy Perko, educational aides at Field School; Lil Franklin at Gallimore; and Sharon Knode at Eriksson.

Charul Patel carefully signs the guest book during the PLUS 10-year anniversary program.

Nancy Bandli, educational aide, tests Matt Weimer to determine his ability to recognize colors and shapes as well as his basic math skills.

Jason Bentley is intent on a project.

"A Puzzlement"
 By William Chambers
 First issue in The King and I series from the Edwin M. Knowles China Company. Edition limited to 150 firing days. 8 1/2 inches (21.6 cm). Brakes No. 84-K41-11.1

A new chapter in the history of plate collection will be written with the release of this premier issue in The King and I series from the Edwin M. Knowles China Company. It is the first plate in the first plate collection ever issued with the full authorization of the Estates of Richard Rogers and Oscar Hammerstein II, perhaps Broadway's greatest writing team. The series was created by artist William Chambers, whose "Annie and Sandy" won both Plate of the Year and New Edition of the Year honors in 1983. His "STAR" STATUS SHOULD BOOST THE ALREADY HEAVY DEMAND EXPECTED FOR "A Puzzlement."

Rocks, Chiefs eliminated

It's all over for Plymouth's high school baseball teams.

Both Plymouth Salem and Plymouth Canton were beaten Friday in pre-district baseball action, eliminating any hopes either team had of bringing home a Class A baseball title.

Westland John Glenn took care of the Rocks, 4-2, behind the combined five-hit pitching Steve Irwin and Donn Wolfe.

After spotting the Rockets four runs in the first three innings, Salem scored two runs in the fifth on Mike Cindrich's RBI double and Chris Mowers sacrifice fly, closing the gap to 4-2. But the Rocks (14-9) stranded three runners in both the second and sixth innings. Rick Berberet pitched well for Salem in a losing effort, scattering 10 hits while fanning five.

"It was a well-played game," Rocks coach John Gravin said. "Maybe I outcoached myself. I had Berberet throwing fast balls, but they hit us hard in the first three innings. Then Rick settled down and did a nice job."

CANTON had problems with Walled Lake Western fireballer Dan Gabrielle, considered among the top pitching prospects in the state. The powerful right-hander scattered seven hits while striking out six to earn the win.

Trailing 4-0 in the first inning, the Chiefs got two back on Mark Bennett's two-run single. Canton (15-6) knotted the score in the fourth on Jeff Olson's solo homer and Sean Goulet's sacrifice fly. But that was all the scoring the Rocks could mount against Gabrielle.

Western scored the winning run on a freak play. With a Warrior on second and two outs, Bennett struck out the batter he was facing, but the ball bounced off catcher Tim Collins' pads, allowing the runner to come home with the winning run.

"Gabrielle is one of the top pitchers in the state," Canton coach Fred Crissey said. "We battled them all the way, but it just wasn't to be. We ran out of luck — we couldn't get a break. But I'm proud of these boys. They never quit."

SOFTBALL

SALEM 1, SOUTH LYON 0: Sue Carlson pitched a nifty four-hitter Friday, advancing the Rocks (16-4) to the district semifinals Saturday at Brighton.

She went the full seven innings, striking out one and walking none.

"I never thought we'd win 1-0," Salem coach Rob Willette said. "I told her (Carlson) to throw strikes. We played good defense. We made some fabulous plays and backed people up well."

The Rocks scored the only run of the game in the fourth inning. Cheryl Viele walked, stole second, moved to third on a passed ball then scored on Maggie Meissner's single.

Terri Lesniak went 2-for-3 to pace

the Rocks, who managed just six hits off losing pitcher Chickie Kozarian.

BRIGHTON 6, CANTON 4: The Chiefs played catchup softball for most of the afternoon as their fifth inning comeback fell short. The loss knocked Canton out of the state softball tournament.

After spotting Brighton three runs in the first inning, the Chiefs closed the gap to 3-2 on bases-loaded walks to Monika Benedict and Leslee Fidge.

Brighton scored three more runs before Benedict lined a single to make it 6-4 in the fifth. But Brighton held Canton scoreless in the sixth and seventh innings to nail down the win.

"We played a good game, ending our season on a positive note," Canton coach Max Sommerville said, despite the loss. "We played excellent defense. We didn't make the mistakes we usually make."

Canton finished the season with an 8-11 mark.

WLAA track title up for grabs

By Chris McCosky
staff writer

Fred Price and his Livonia Churchill boys track team have won the Western Lakes league meet the last 12 years. The last few have been relatively easy.

This year will be anything but easy for Churchill. Farmington and Plymouth Salem are poised to end the Chargers' streak — with assistance from Plymouth Canton, Livonia Stevenson and Farmington Harrison.

Won't it be exciting? "You might think so," said Price. "But I much prefer the way it was last year. No, seriously, it should be an outstanding meet."

The meet is Wednesday at Farmington High School.

Also Wednesday is the Western Lakes girls track meet. It will take place at Livonia Stevenson. Like the boys meet, the girls meet is shaping up to be, at least, a three-team race. Walled Lake Western, Farmington and Stevenson are the favorites. Plymouth Salem, Farmington Harrison, and Churchill will also be heard from.

CHURCHILL IS ranked No. 2 in Observerland's boys track rankings behind Catholic League power Bishop Borgess. The Chargers are very strong in the field events with Dave Mize (shot put and discus, far and away the league's best) and Mike Meehan (high jump), and in the distance events with Doug Plachta, Don Miller and Paul Schwartz.

The Chargers are not strong in the sprints. Salem, Canton and Livonia Bentley are — which is good for Churchill.

"What we have to do is perform in the areas we are expected to perform in, like the field events and distance. Then, we have to hope some other points get busted up. If that happens, we'll be tough," Price said.

With all the talent in the sprints, the points are likely to be "busted up" among several teams.

Farmington, ranked No. 4 in the area, may have the best shot at Churchill. The Falcons are also strong, and

deep, in the field events with the likes of pole vaulter Jeff Lawton (the area's best), and weight man and high jumper Ab Hazen. Brian Looser, Dan Imus and Al Stebbins will score points in the middle distances.

The hurdle races should be breath-taking. Observerland has a wealth of hurdle talent. Greg Copial from Farmington is a regional champ and should be favored in the 300-meters. Jerry Holcomb from Harrison or Mike White from Salem will be the favorite in the 100 meters. Then there's Jin Kim from Canton, Gordon Babcock from Churchill, Tim Berry from Farmington, Terry Harshfield from Stevenson — the list goes for a while.

THE RELAYS will be loaded also. Look for Salem to win the sprint relays. Churchill, Stevenson, and Farmington will battle in the distance relays.

You get the feeling Farmington will have to be the team to beat Churchill.

"We feel we can do the job in this meet, mainly because of our depth," said Farmington coach Dave Catherman. "And it's nice to be on our home track. Usually this meet is a battle for second. It's nice that it's now a battle for first."

Yet don't turn your back on Gary Balconi's Plymouth Salem Rocks. If there's such a thing as coaching a victory, you can bet Balconi has copyrights on the game plan.

Most coaches are saying Walled Lake Western is the team to beat on the girls side. Western swept through its dual meets unbeaten, though it didn't meet Farmington.

Yet at the Oakland County meet Thursday, Farmington outpointed the Warriors by 10 points.

"Hey, don't you count us out. We'll be there," said Farmington coach Gerry Young. "Western has its strengths, but it has its weaknesses, too. So do we. So does Stevenson."

AMONG FARMINGTON'S strengths are Terri Quenneville (shot put, discus), Samba Shivers (high jump), Beth Sherman (shot put, discus), Rhonda Lancaster (hurdles), Jenny Lindbert (distance)

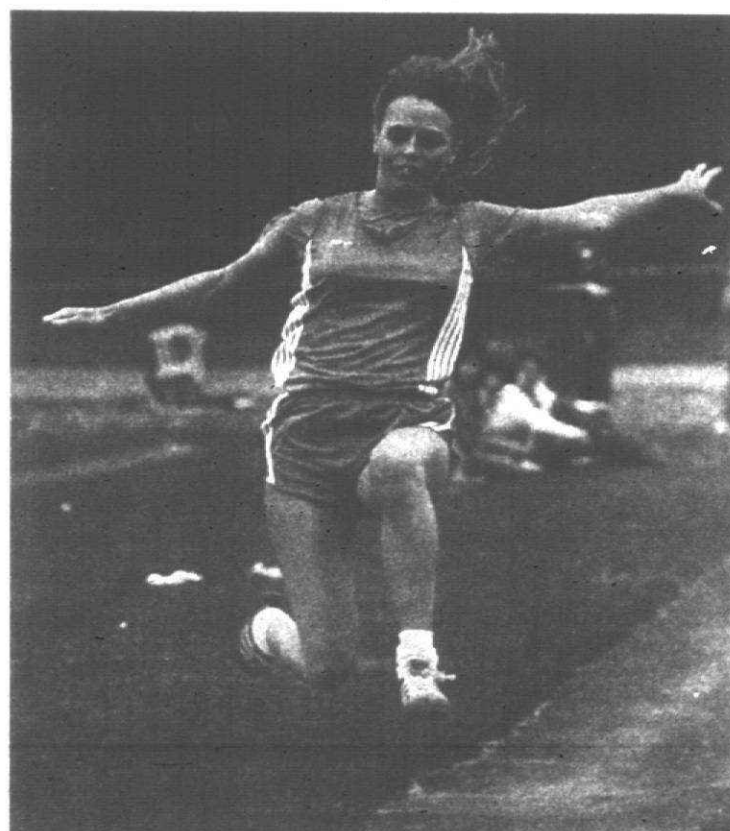

— all are among the top or at the top in the Observerland rankings. Quenneville and Shivers were regional champions.

Don't count out Stevenson either. With Amy Rozman (long jump, middle distance), Beth Meir (hurdles), Sheila Taormina (distance), and Debbie Unverzagt (field events), the Spartans, Lakes Division dual meet champs, will score some points.

Other top individuals who will be

heard from are: Dawn Johnson, Mary Beth Weast and Kelly Bemiss from Salem, Kim Bennett and Hollie Ivey from Canton, Lauri Runk, Jamie Holcomb and Jill Birsa from Harrison, Julie Recla from Churchill, and Beth Chendes from Bentley.

Two league championship meets, two dandies. The hard part: choosing which one to go see — they're both Wednesday.

Salem's Kelly Bemiss will be long jumping with the area's best at the WLAA meet Wednesday at Livonia Stevenson.

Down 3, Rocks rally to tie Chiefs

Nothing was at stake but pride. Yet, you'd have thought the World Cup was riding on it.

The Plymouth Salem and Plymouth Canton soccer teams hooked up Thursday in a make up of their week-out Western Lakes contest originally scheduled May 9.

Canton had defeated Salem in the Schoolcraft Invitational earlier in the season, and jumped ahead quickly Thursday 4-1. But, the Rocks, struggling through one of their less successful years, came roaring back.

The game ended tied 4-4.

Lisa Russell scored three goals for Canton. Fran Whittaker countered with three for the Rocks.

WITH 10 minutes left in the match, Canton leading 4-3, Salem freshman Dani Moran was hauled down in front of the Canton goal. The referee awarded Salem a penalty kick. Tracy Greenhalge, who assisted on one of Whittaker's goals, made no mistake on the free kick and tied the game.

"I'm glad we were able to tie after being back 4-

soccer

1," said Salem coach Ken Johnson. "You never like a tie game, but this one was nice."

Johnson had praise for Greenhalge.

"She really played a strong game. She was all over the place. And Frannie (Whittaker), too, played marvelous," he said.

For Canton, Lisa Russell has done what she has done for the Chiefs all year — everything.

"She is really a fine player," Johnson said.

With the Rocks gaining the tie, they assure themselves of at least a 500 season. They are 8-7-3 with one match left. A Ken Johnson-coached Rock team has never had a losing season.

For the Chiefs, they have enjoyed their most successful season. With one match left, they are 10-5-1.

Cheryl Truskowski helped Salem fight back to salvage a tie with Plymouth Canton Thursday.

Hawks capture WLAA net title

By Chris McCosky
staff writer

The Western Lakes Activities Association crowned a new tennis champion Wednesday. It was Farmington Harrison.

The Hawks withstood a serious test from defending champion Livonia Stevenson, thanks to strong performances from their No. 1, No. 2 and No. 3 singles players. (See statistical summary for complete results.)

The Hawks and Spartans each earned 18 points at Wednesday's league meet — the Hawks won the title outright by virtue of their 9-0 dual meet mark.

Stevenson needed to finish first and Harrison third in the league meet to retain the title.

Harrison had to battle more than just the rest of the Western Lakes to win the title. Their fine No. 4 singles player, Brad Hack, injured his ankle playing pick-up basketball last Saturday and was unable to compete.

Mark Eisenberg, the 11th man on the Hawks' roster, replaced Hack and won his first match — a vital point for the Hawks. He then took eventual division champ John Huston of Northville to three sets before bowing out. Freshman Ken Davidson came through in No. 1 singles for Harrison. He won the Western Division title by staying off relentless Arvind Streedharen of Northville, 6-3, 6-2. Streedharen had defeated Davidson earlier in the season.

DAVIDSON CAME back in the championship flight, and may have been surprised to find Drew Chuba of Farmington as his opponent from the Lakes Division.

No. 3: Gordon Stecker-Jeff McKenzie (LS) def. Todd Knickerbocker-Dan Cavell (PC), 7-6, 6-7, 8-6.

LAKES DIVISION FINALS

No. 1 singles: Drew Chuba (F) def. Jay Perala

The Lakes Division winner was expected to be Stevenson's Todd Brown. Brown, however, ran into Livonia Bentley's fired-up Jay Perala. The two went into a tie breaker in the third set — Perala winning 11-9.

An exhausted Perala then had to take on Chuba, an outstanding player, and was beat in two sets, 6-1, 7-6.

Davidson rolled past Chuba in the finals, 6-1, 6-1.

There was another surprise — a bad one for Stevenson — in No. 2 singles. Jack Tatigian went into the action the heavy favorite, losing only one match all season. On this windswept day in Plymouth, a versatile athlete from Walled Lake Central, Chris Owens, would stun Tatigian in three sets in the first round.

"Owens is an outstanding athlete," said Stevenson coach George Croll. "Jack and he went three sets the last time they met. You know, usually the top of your lineup comes through for you and the bottom doesn't. It worked the opposite way for us this time."

FARMINGTON'S MARK Dupree wound up beating Owens in the Lakes final, but he lost to Harrison's Mark Rakoczy in the championship flight.

Harrison's Steve Thomas, as expected swept through No. 3 singles.

The Spartans dominated the doubles action, winning all three matches.

With their wins Wednesday, Stevenson's No. 2 team of Saman Duwisha and Bruce Kudanian finish the year with an impressive 18-1 record. They had to go three tough sets with Harrison's Rick Morrison and Craig Thomas to win the medal.

(LB), 6-1, 6-1.
No. 2: Mark Dupree (F) def. Chris Owens (WL), 5-7, 6-3, 8-6.
No. 3: Chris Ninomiya (LS) def. Eric Pigeon (WL), 3-6, 6-2, 6-2.

In the pocket

by W.W. Edgar

When the two-year renovation of the Statue of Liberty in New York Harbor is finished, members of the Women's Auxiliary of the Veterans of Foreign Wars in Plymouth can look on with pride and say "We helped to pay the bill."

Each year the Auxiliary conducts a bowlington and gives the money to charity. This year close to \$2,000 was raised. It was more than last year's sum, and was promptly sent to the Statue of Liberty Committee.

TARGET MISSED Two women bowlers from the all-star leagues in this area returned empty-handed as far as titles go from the WIBC tournament at Reno, Nev.

Mary Mohasi, the Detroit coach, missed the hit in the Queens tournament by six pins. The top finisher of the Detroit group was Cheryl Daniels, who finished fourth.

BLIND BOWLERS The blind bowlers of the area have a big week ahead. Starting Thursday morning at Thunderbowl lanes, they will hold the national tournament and convention. There will be blind bowlers from all sections of the country. And the Detroit group is looking for help to run the event.

WESTLAND BOWL John McCully on the officers tournament, the official closing of the winter league season.

MANAGERS NEEDED Managers are needed for the Plymouth-Canton Junior Baseball League in both the boys baseball and girls softball leagues.

There is a special need for managers in the Boys A League (ages 10-12) and the Boys Prep League (age 13).

Anyone wishing to manage or coach should contact Rich Madsen, 420-0225.

Umpires are also being sought — interested persons should also call Madsen.

KOUFAX BASEBALL Any boy 13 or 14 years old wanting to try out for a Sandy Koufax League baseball team should call Berner Jackson, 455-5688, or Ron Martinez, 728-0053.

This team will play in the Plymouth-Canton area, though it will be independent of either Salem or Canton high schools.

SLO-SPITCH TOURNEY The S-Pitch and Budweiser's second annual Slo-Pitch Softball Tournament is set for June 1, 2 and 3 in Canton Township.

The fee for the double-elimination tourney is \$110. There will be three separate tournaments: men's open, men's B and C, and women's open. There will be a 16-team maximum in each tourney.

For more information, call Pete Dood, 397-3260.

Canton wins, faces showdown Tuesday

Plymouth Canton kept its hopes alive Wednesday for the Western Lakes baseball title, riding its strong bats and the arm of its No. 3 pitcher to a 14-4 thrashing of Walled Lake Western.

The Chiefs and Churchill both have league records of 9-3 going into their season-ending showdown Tuesday at Churchill. For that one, Canton will have its ace, Mark Bennett, ready to throw at the Chargers.

Bennett, playing first base, helped Scott Ford improve his record to 7-1 with a two-run home run in the first inning. Jim Dillon then stepped to the plate and made it two in a row out of the park. Jeff Olson added to the home-run barrage in the fourth inning when he clouted a grand-slammer.

In addition to the fence jobs, Canton got strong support from Jeff Wittner and Tim Collins, who had three hits apiece.

"We had a number of good things happen offensively," said Canton coach Ford Crissey, "but the key was defense."

Canton went to 18-5 overall.

PLYMOUTH SALEM lost to Walled Lake Central Wednesday, 4-1, despite another big day by center fielder Mike Cindrich, who had a double and a 380-

foot home run. He is hitting .537 in his last 14 games.

Salem jumped out to a 2-0 lead in the first inning, but starter Chris Mowers couldn't hold it, giving up six hits and six runs in his five innings.

"We didn't play with any intensity," said coach John Gravin. "Maybe we were looking ahead to the state tournament Friday. We stunk."

Central went ahead for good with a four-run third inning and closed out its

scoring with another run in the fourth. Salem was able to make it 6-3 in the fifth and 6-4 on Cindrich's monster home run to right in the seventh.

Salem had an excellent chance to get back in the game in the sixth inning, getting its first two men on. But twice the Rocks failed on sacrifice-bunt attempts and ended the bases-loaded, no-run rally with a strike out.

The Rocks dropped to 8-5 overall and finished at 8-5 in the Western Lakes.

Indeed he did, walking two and giving up two hits in his five innings. John Lenders came out of the bullpen to finish things up.

Canton went to 18-5 overall.

PLYMOUTH SALEM lost to Walled Lake Central Wednesday, 4-1, despite another big day by center fielder Mike Cindrich, who had a double and a 380-

foot home run. He is hitting .537 in his last 14 games.

Salem jumped out to a 2-0 lead in the first inning, but starter Chris Mowers couldn't hold it, giving up six hits and six runs in his five innings.

"We didn't play with any intensity," said coach John Gravin. "Maybe we were looking ahead to the state tournament Friday. We stunk."
